Perry's Variety Store Chain Celebrates 60th Year

Perry's Variety Store Chain, which now operates 114 stores in Texas, Arkansas, and Louisiana, also with a store located here, has completed plans for opening four new stores in 1974 in conjunction with the celebration of its 60th year in business. The new stores to be opened during the year will be located in Cleveland, Hearne, Livingston and Temple, Texas.

Perry's home office is in Lufkin, where it had its beginning. Lufkin also houses the Perry's warehouse which serves all 114 stores. Due to the vast store expansions, the warehouse is currently being enlarged from its present 95,000 square feet to 150,000 square feet of space.

To speed the delivery of merchandise from the warehouse to the stores, Perry's now maintains and operates a large fleet of trucks.

A small amount of cash, hard work and faith in the future was the beginning of Perry Brothers, Inc. 60 years ago.

In 1894, the five Perry brothers, with their parents and three sisters, traveled from Mississippi to Lufkin, Texas, in a covered wagon pulled by mules. It took six weeks to make the hazardous journey as much trouble was encountered on the way. A busted wagon wheel, a sick mule and a short supply of food added to their troubles.

When they arrived in Lufkin, the five brothers were very small and none of them owned a pair of shoes. Their best dress was a clean pair of overalls.

The Perry children were taught the value of a dollar from the very beginning. They were taught that hard work was no sin and that any money they received must be from an honest day's work.

Perry's purchased their first store in 1914. Frank Perry was working for Newton's five and ten cent store in Lufkin. Mr. Newton became ill and offered to sell his Center store to the Perry brothers. The boys raised

Funeral Services For Miss Matthews Pending

Miss Jim P. Matthews, age 81, passed away May 31, 1974, in the Eastland Memorial Hospital after a long illness. She was the sister of the late Mrs. F.T. Isbell.

Miss Matthews was born Aug. 20, 1892, in Magnolia, Ark. The daughter of James P. Matthews and Celeste Harris Matthews. She was educated in the public schools of Magnolia and Horatio, Ark., and graduated from the University of Arkansas in 1916. Later she acquired advanced degrees in Library Science from the University of Illinois and University of Chicago. She was employed at the library of the University of Arkansas from 1916 to 1939 and its director from 1934 to 1939. In 1947 she joined the staff of the joint University libraries (Vanderbilt University, and Peabody College in Nashville, Tenn) where she remained until 1973 when she came to Eastland to live with her nephews the late James B. Isbell and Dr. Harris Isbell.

She was prominent in national affairs and was a member of the Tenn. Library Association, the Southern Library Association, and the American Library Association.

Survivors are nephews and nieces: Dr. Harris Isbell, Eastland; James W. Matthews, Lafayette, La.; Paul Matthews, Horatio, Ark.; Miss Francis Matthews, Horatio, Ark.; Mrs. Ruth Sanders, App. Alabama; many other nieces and nephews.

Services and interment will be held at Magnolia, Ark., at a later date.

The family requests no flowers and any memorials be made to the Eastland Centennial Library or the American Heart Association.

FREYSLAG Insurance Weather Report

Clear to Partly Cloudy and Mild Sunday. High Temperature Sunday in the upper 80's.

TIDBITS By HVO

OLD CHURCH pictures sought here: The Rev. Robert Marsh, minister of the First Presbyterian Church, is doing a graduate paper for Dr. R.N. Richardson, H. SU, on the effect of the Eastland County Oil Boom on Churches in the County. And old pictures of early churches would certainly be a help to the effort. If you have such, you might like to contact Rev. M Marsh, 206 W. Burkett, 629-1548.

MARK NEXT Sunday, June 9, to attend the Men's Fellowship Bible Class at the First Christian Church Annex when Talented Musician Stacy Blair will be featured as musical treat. Naomi Young will be accompanist.

BELL TELEPHONE Co. hosted an informal luncheon Friday at the Ramada for several Eastlanders. District Manager Mrs. Carl Gorr served as hostess, and the company conducts these meetings regularly to let company officials and citizens air problems and discuss developments affected by phone service. Present were Chamber President Bruce Pupkin, C of C Manager James Wright, City Manager Lewis Tiner, Fuqua Plant Manager Ralph Cain, ENB President H.T. Wilson and G.L. Gottschalk of Fort Worth, who is division accounting manager.

NATIVE EASTLAND County Artist Jay Bethany, instructor at Ranger Junior College, will be demonstrating watercolor techniques when the Eastland County Art Association meets Thursday at 7 p.m. at the Conference Room of the Eastland National Bank.

BIRDS Martins Or Mosquitoes

For the past two years we have been fortunate in having here in Eastland County large flocks of the beautiful purple martin. These birds often nest under bridges, building their nests of mud. They are sometimes called "Mud Martins".

These graceful little birds eat several thousand mosquitoes and other harmful flying insects each day.

Lately, people, unknowing of their real value, I am sure, have gone under the bridges in boats, especially the Eastland Lake Bridge, and knocked the Martins' nests down, destroying their young. Others, children and adults have been shooting them.

What a shame to see God's beautiful little creatures so destroyed, especially when they are such benefit to us, if we let them be. Another Bird Lover

Renae Pack, daughter of Mr. and Mrs. Victor Pack of Carbon has been elected Sweetheart of the Gorman Roping and Riding Club.

Chamber Report

By James Wright

New Taxi Service For Eastland

Probably many people in Eastland did not realize we have been without a taxi for two weeks, however there is a group of people who are very much aware of this. They are the senior citizens, the many persons who do not see well enough to drive, the people without automobiles, and also the many people who visit our town by plane or bus.

For the past two weeks the Chamber has been busy again talking to the interested people about a taxi for Eastland.

We are so happy to announce beginning Monday, June 3, Eastland will again have a taxi service. The taxi will be operated by E.L. (Pete) Tucker and will be called City Cab. The City Cab will operate from 7:00 a.m. to 7:00 p.m. The telephone number to call will be 629-2812. The Cab Company will operate from the Village Hotel.

Mrs. Katie Meredith and Mrs. Lola Green of Strawn spent Thursday with Mr. and Mrs. Roy Hittson. Mrs. Hittson and Mrs. Meredith are sisters. Mrs. Green is their cousin.

Pictured Above is the Joy Choir FROM THE Aldersage United Methodist Church in Abilene. The Choir will appear with two other groups June 14, 1974 in the Kendrick Amphitheater Religious Musical Festival.

The Joy Choir was called together for the work of God by the Holy Spirit, leading young lives to sing songs of witness and share the love of Christ. Joy stands for Jesus, Others and You. This is the order in which Joy Choir seeks to relate...Jesus, First... Others Second ... and Self Last.

The Choir under the direction of the Wendell Rehm Family, has traveled over 5,000 miles singing and witnessing to thousands of young people and adults in the Southwest. The great joy for each individual is in the serving the Lord Jesus Christ and in sharing HIS Love, Truth and the Abundant love.

The group is accompanied by Piano, 4 guitars, bass drums and 2 flutes.

Another group on the program will be the Joyful Singers from the First Baptist Church in Abilene, and other tentively scheduled as you will see in forthcoming articles.

Admission will be a freewill offering and the proceeds will be divided to pay the expenses of each group.

Plan to attend this nondemonstrational musical festival regardless of your age, as well enjoy the program. Bring a group from your church, Club or family, but do not miss this spiritual and inspiring group.

Once again, the time is 8:30 p.m. June 14, 1974 at the Kendrick Amphitheater between Eastland and Cisco on U. S. Hwy 80.

League Season Half Over

Going into the last half of the Little League season, the major Bulldogs and the Minor Comets have undisputed leads after this past week's abbreviated play.

The major Bulldogs carry a 5-2 record and the Minor Comets boast a 6-1.

This week the Lions beat the comets, 3-2 and the Medics bested the bulldogs, 3-1 Thursday night in the Majors. Friday night the medics whipped the Bulldogs 10-9, and the Comets slammed the Lions, 16-1 Friday night in the Minors.

A week earlier, before a pause for Scout Camp action, the Lions beat the medics, 14-13 and the Comets bested the Bulldogs, 13-5 in Thursday's Major play. In the Friday night Minors, the Bulldogs won over the Comets, 25-1 and the Medics took the Lions 4-2.

STANDINGS TO DATE

MAJORS	W	L
TEAM	4	3
Lions	4	3
Medics	4	3

Bulldogs	1	5

Expenditures Released

Rep. Joe Hanna's office released figures Wednesday which showed that state agencies spent \$7,043,000 in Eastland County in 1973. This figure represents the expenditures of 24 different state agencies, and demonstrates a significant return of tax dollars to the taxpayers of Eastland County.

Over 34 percent of the total expenditures (\$2,436,000) was made by the Department of Public Welfare. About 22 percent of the total sum (\$1,561,000) was spent by the Education Agency. The remaining expenditures \$1,952,000 were made by 22 other agencies. In addition to the other funds spent for education in Eastland County, Cisco Junior College and Ranger Junior College received \$692,000 and \$402,000 respectively.

These statistics were compiled by the Governor's office and the Legislative Budget Board.

Return From Funeral

Mrs. J.O. Ernest and Mrs. Robert Niver returned to Eastland on Thursday from Munday, Texas. Their sister, Mrs. Mayda Gibson Hyde, was buried in Munday on Tuesday. Mrs. Hyde grew up in Eastland and graduated from Eastland High School.

Funeral Services For John E. Pruet Held Friday

John E. Pruet, 85, of Putnam, died at 1:15 p.m. Wednesday in Hendrick Memorial Hospital. Services were at 2 p.m. Friday in the Putnam First Baptist Church.

Masonic burial was in Putnam Cemetery under the direction of Godfrey Funeral Home.

Mr. Pruet was born July 24, 1888, in Ashland, Ala. He had lived in Putnam for 56 years. He married Rubye Gunn Nov. 12, 1911, at Colony. She preceded him in death May 29, 1970. He was a retired stock farmer and a member of the Putnam First Baptist Church and Masonic Lodge.

Survivors are two sons, Arnold Floyd of Eastland and John Allen of Cross Plains; four daughters, Mrs. Ralph (Wilma) Mitchell of Houston, Mrs. Earline Clark of Burney, Mrs. John (Roberta) Isenhower of Putnam and Mrs. Henry (Willie Grace) Mundt of Abilene; one brother, C.B. of Ranger; 20 grandchildren and 27 great-grandchildren.

ATTENDS PEP WORKSHOP - Texas Electric Service Co. Eastland Division Manager Frank Sayre was in Fort Worth last week attending a Program for Economic Progress (PEP) workshop to discuss community development plans for the area served by the company. Sayre, left, reviews an audit of area resources with TESCO President Burl B. Hulsey Jr.

EASTLAND COUNTY'S GEOGRAPHICAL OUTLINE
Eastland county is bounded on the north by Stephens and a small portion of Palo Pinto, on the east by Erath, on the south by Comanche and Brown, and on the west by Callahan. The east county line runs due south for a distance of fourteen and a half miles, and corners with Erath and Comanche; the south county line runs due southwest for a distance of thirty miles, corners with Comanche and Brown, and thence due west for eleven and a half miles and corners with Brown and Callahan; the west county line runs due north from the southwest corner for a distance of thirty-five miles, and corners with Stephens, Shackelford and Callahan; the north county line runs due east from the northwest corner for a distance of thirty-five miles, and corners with Erath. The Texas and Pacific railroad crosses the north county line about thirteen and a half miles west of the northeast county corner, and crosses the west line about eleven miles south of the northwest county corner. The Texas Central crosses the south county line fourteen miles southwest of the southeast county corner, and crosses the northwest county corner. The principal towns in the county are Cisco, situated at the junction of the Texas Central and Texas and Pacific Railroad, ten miles south of the north county line and seven and a half miles east of the west county line. Eastland, the county site, is nine miles south of the north county line, and ten miles east of Cisco, and is on the Texas and Pacific railroad. Ranger is four miles south of the north county line, and fifteen miles west of the east county line; it is on the Texas and Pacific railroad. Rising Star is situated in the southwestern portion of the county, about one and a half miles north of the south county and about twelve miles east of the west county line. Desdemona is near the southeast corner of the county. Carbon is on the Texas Central railroad, about nine and a half miles north of the south county line, and nineteen miles east of the west county line. The principal streams in the county are: Sabana, which heads near the west county line, near the southwestern portion of the county, and runs east; Sandy, which heads near the west county line, and runs north, traversing a distance of about fifteen miles in the county.

Fuel diversification is important to you and your family.
But what is it?

Fuel diversification is the key to our being able to supply the electricity you'll need in the years ahead. It means using several kinds of fuel to generate electricity. Making the best use out of the fuels available to us. And reducing our dependence on fuels in short supply. At Texas Electric, natural gas is our major fuel, with oil used on a standby basis. We foresaw shortages of these fuels and several years ago developed long-range plans to diversify to lignite coal and nuclear fuels. We now have one lignite plant in operation and two others under construction. A nuclear-fueled plant is planned for operation by 1980. One advantage of using lignite and nuclear fuels is that neither is being used extensively for any purpose other than the generation of electricity. A disadvantage is that it costs considerably more to build plants that use these fuels than gas-fired plants. Even though it will cost more to provide electricity in the future, the cost will be less with lignite and nuclear fuels than with the alternatives available to us. We're continuing the orderly development of our power system so that you'll continue having the electricity you need.

Applications For Irrigation Permits

Two applications for permits for irrigation water on land in Eastland County have been set by the Water Rights Commission for hearings at 10 a.m. June 11 at the Stephen F. Austin State Office Building in Austin.

R.V. Robinson has requested permission to divert and use 103 acre-feet of water from a 169-acre foot capacity reservoir on an unnamed tributary of Colony Creek, a tributary of the Leon and Brazos Rivers, to irrigate 103 acres.

Kenneth Hagood and Dennis Shelton have applied to divert and use 20 acre-feet from a 20 acre-foot capacity reservoir on Jimmies Creek, a tributary of Sweetwater Creek (a tributary of Rush Creek and the Leon River) to irrigate 40 acres.

OVFD Will Sponsor Snake Show

Saturday, June 29, 7:30 p.m., Olden Gym.
Tickets Available in Olden

The Olden Volunteer Fire Department will sponsor a "Snake Show" soon to raise money for new equipment the fire department needs, a spokesman for the firemen said.

R.B. (Cotton) Dillard, of Brownwood, will be in Olden for the show to demonstrate the "proper ways to handle poisonous snakes."

Mr. Dillard bagged ten snakes in 31.7 seconds to win the world rattlesnake sacking championship at Brownwood.

Mr. Dillard hunts and handles snakes, not for sport but in his words, "to witness for the Lord."

"This is my way of witnessing for the Lord", he said. Dillard's feats with snakes attract thousands of spectators. While he demonstrates how to handle snakes, Dillard tells his audiences that he has God's protection. He tells them how God came into his life and showed him a way to witness for Him.

Dillard wants to use his knowledge of snakes and their handling for educational purposes.

"People die needlessly every year from non-poisonous snake bites", he said. "This happens because of shock, heart attack or even improper treatment", he said.

At a large protected area near his mobile home at Lake Brownwood, Dillard has over 100 rattlesnakes, some of which he uses for educational lectures.

He says it's important that the average person knows how to recognize a rattlesnake and other poisonous snakes from the harmless varieties. He also advocates that everyone should know first aid when and if bitten by a poisonous snake. Dillard also has a large number of the non-poisonous varieties.

Dillard, a former resident of Cross Plains, is making a name for himself as far as feats with snakes are concerned. He is the world's sacking champion after having bagged 10 snakes in 31.7 seconds. He did this several weeks ago at the Brownwood Jaycee Rattlesnake Round-Up.

"This is all in answer to a prayer", he said. "God came into my life two years ago and I prayed that he would show me how to find a way to witness to more people", he said.

Before he handled snakes as witnessing for the Lord, he said it was for money. "God gave every person a measure of faith and everyone a talent. This is

M*A*S*H Returns At Majestic Theatre

M*A*S*H, 20th Century-Fox's world-acclaimed comedy starring Elliott Gould and Donald Sutherland returns to the screen on Sunday...at the...Majestic...Theatre.

Hailed by critics and public for its irreverent view of war heroics, the film follows the antics of Gould and Sutherland as Army surgeons during the Korean conflict.

Among the other players who share or are victims of their antics at the Army base are Sally Kellerman, the rigidly strict head nurse whom they transform into a warm human being; Robert Duvall, the overly pious major; Jo Ann Pflug, another nurse, succinctly described as "the sexiest in military history"; and Rene Auberjonois, the compassionate chaplain.

Robert Altman directed for Ingo Preminger who made his smash hit debut as a producer with "M*A*S*H". Ring Lardner, Jr. wrote the screenplay, based upon the popular novel by Richard Hooker.

Council To Meet Wed. June 5

The Eastland County Home Demonstration Council will meet Wednesday, June 5 at 2 p.m. in the Eastland National Bank Civic Room. Mrs. R.W. Gordon, chairman, will be in charge of the meeting.

Following the business meeting of the council there will be a THDA election. Purpose of the meeting will be to elect three voting delegates and alternates to the State T.H.D.A. meeting to be held in Amarillo on September 18-19. Mrs. Sue Taylor of Cisco is the County THDA Chairman, and will conduct the election meeting.

Home Demonstration Clubs will have as their June program "Powder Puff Plumbing Repairs" which will be repairing leaky faucets in the home. The

agent will present the program on June 3-Lake Cisco HD Club; June 4-Rising Star HD Club; June 6-Flatwood H.D. Club; June 10-Kokomo HD Club; June 12-Morton Valley HD Club; June 21-Pleasant Hill HD Club; June 27-Word HD Club. Interested homemakers are invited to attend the program.

Garden Spot

Fifty-one pecan growers attended the Eastland County pecan field day May 24th in Cisco. They heard the best information available on the three major pests of --insects, diseases and weeds. Twenty-four of the growers attending were from out of Eastland County. They came from places as far as Sweetwater and Coleman. Ten people attended from Abilene.

Dr. Earl Puls, Extension Horticulturist, said a new herbicide is being tried that looks very promising for the control of Johnson grass, bermuda grass, and nut grass in pecan orchards. On May 29th we used this herbicide in a demonstration in Dan Childress' orchard. We will soon know how well it works. The name of the chemical is "Round Up", but is not yet approved for pecan trees.

The pecan nut casebearer infestation has been light in most areas of the county. This may be a sign of prolonged egg laying activity by the insect. Watch your trees for damage by the insect. It may be necessary to spray again the first week of June.

Dry weather continues to delay peanut planting and all other farming activity. Moisture is badly needed by all parts of Eastland County.

And what about the cattle market? Ed Uracek, Livestock Marketing specialist says - "Never before in history has the cattle business been so confu-

sed or so utterly unattractive. Retailers are continuing to sell beef at record high prices and margins, yet maintain that consumer demand is off. Packers are also reporting record high margins, but can't afford to pay more for cattle. Feeders are losing their shirts on cattle coming out of the lots, and still can't see daylight. On top of all this, the administration keeps saying that beef prices for the consumer are coming down."

Vegetables from home gardens taste better if they're harvested at the proper time.

Wash vegetables after gathering and put them in the refrigerator if they're not to be cooked immediately. Under normal conditions, most vegetables will deteriorate in quality and nutritive value.

Pick sweet corn when kernels are fully formed but tender and milky. Once it matures, the sugar in the kernels rapidly turns to starch and the sweetness is lost.

Pick snap or string beans when the pods snap readily. Gather lima beans while still green and the end of the pod is spongy.

Harvest beets when small to medium size, about 1 to 1 1/2 inches in diameter. Pick broccoli before its flowers show color.

Cabbage heads should be firm and heavy for their size, with no signs of splitting.

Carrots have most of their sugar when they are fully matured but are better to eat when small, firm and well colored.

Moderate-sized cucumbers are good. Yellowing shows age. Pick loose-leaf lettuce as soon as leaves are large enough to use. Harvest head lettuce as soon as it has headed. Lettuce becomes bitter after seed stems appear.

Peas lose their sweetness and flavor early, so pick them when pods are fairly well filled and bright green.

Peppers (sweet) are best when mature and firm and with a good green or red color.

Use radishes while they are firm, before a light squeeze shows them to be spongy or pithy. Quality is poor once the seed stalk appears.

Summer squash should be harvested when it is about six

News

Mrs. Alfred Green of Cisco will be awarded the Distinguished Volunteer 4-H Adult Leader Award Wednesday, June 5, at State 4-H Roundup in College Station. Ms. Green was selected as one of twenty-five 4-H Adult Leaders in Texas to receive the award presented by the Texas 4-H Youth Development Foundation. She will be recognized at a luncheon on the campus of Texas A&M University in conjunction with the annual State 4-H Roundup.

Ms. Green has been a 4-H Volunteer Leader for the past 13 years in Eastland County. She has taught 4-H projects in Foods, Clothing, Public Speaking and other subjects to members of the Cisco 4-H Club.

Ms. Green has two daughters, Kay and Joann, who have both been outstanding 4-H Club members, and one son, Mike, who is a member of the Cisco 4-H Club.

inches long. If more than eight inches long, quality is usually poor.

With winter or baking type squash, the rinds should be hard enough so they cannot be dug into readily with one's finger nail.

Tomatoes are better tasting when they are fully reddened on the vine.

Dig turnips when moderately large, firm and heavy, about 2 1/2 inches in diameter.

Pick cantaloupes when fully ripened or near ripe. Fruit should be yellowish and slip from the vine easily.

Watermelons are fully ripe when the portion touching the soil is cream colored, the tendril opposite the fruit is dried up, fruit sound hollow when thumped and they separate rather easily from the vine.

COUNTY NEWS

The Eastland County Retired Teachers Association will end its season's activities Monday, June 3, at 6:00 at the Cisco High School Cafeteria, according to Mrs. Truly Carter, president. All Eastland County retired teachers and their spouses are invited to bring a picnic supper and enjoy this fellowship. Drinks and serving necessities will be furnished.

A short business meeting will follow the supper at which time the Constitution and By-Laws for Eastland County RTA will be considered. Also, local and state membership dues for the year 1974-1975 should be paid at this time.

Art Association

The Eastland County Art Association will meet at 7:00 p.m. Thursday, June 6, at the Conference room of Eastland National Bank. Jay Bethany, art professor at Ranger Junior College, will be the guest artist. All members and persons interested are invited to attend.

Care Needed For Concrete Hot Weather

COLLEGE STATION - Concrete is poured in hot weather, but special care is needed to cure it properly under high temperatures. Proper curing is the prevention of moisture loss from the concrete during the early stages of hardening. The main precaution is to prevent rapid evaporation of water from the concrete. Points out W.S. Allen, agricultural engineer for the Texas Agricultural Extension Service at Texas A&M University, "Strong winds intensify evaporation, so great care is especially necessary on hot, windy days." When concrete is first placed, it is plastic and workable for a short time. However, the mix begins to stiffen or set as a chemical reaction called hydration takes place with the water. This reaction continues as long as the concrete is moist. "By retaining water in the mix, the concrete can be properly cured, giving it increased strength and resistance to freezing and thawing, water and wear", points out Allen. "A curing time of about seven days is recommended." Rapid drying sometimes reduces the strength of concrete or causes cracking. Allen suggests several methods for retaining moisture in newly placed concrete. A common way is to cover the concrete with burlap, sand or some other material that can be kept wet for the required time. "Ponding" water on a slab also works if care is used to keep the water from evaporating. Or the concrete can be covered with plastic film, waterproof kraft paper or other watertight cover to seal in the mixing water. Commercial curing compounds are often used, adds the engineer. These are sprayed on fresh concrete and form a plastic film which seals in the water. The film eventually wears off. "Although curing is one of the most important steps in making strong, durable concrete around the farm or home, it is probably the most overlooked step in construction", notes Allen.

from the position of Justice of the Peace Precinct 1, of Eastland County. Thank you for your consideration. Yours very truly, L.W. Dalton." Judge Scott Bailey said that a nomination of a person to fill an unexpired term normally is done by the Commissioner of the precinct where the vacancy occurs. Danny Woods is commissioner of Precinct 1. Dalton has been Justice of the Peace since 1963 when he was elected on a write-in campaign. He was defeated in the May 4 Democratic Primary election by R.L. (Buddy) Rowch. Judge Bailey said Thursday that the letter of resignation could not be officially considered by the County Commissioners Court until it meets in regular session June 10. The grand jury report stated: "In view of the apparent laxness of current accounting methods, this Grand Jury directs to the County Judge of Eastland County, the Commissioners Court of Eastland County, the District Judge of Eastland County, and the District Attorney of Eastland County, that a complete audit of all County funds of Eastland County, be made immediately by a qualified, disinterested accounting firm. Also, we further direct that in view of the apparent unbalanced work-loads in various County offices, an efficiency study be made of the various offices of Eastland County. "This Grand Jury is of the opinion that there is sufficient basis, including the indictments handed down on May 29, 1974, to warrant Removal of Office proceedings be initiated against the Justice of the Peace of Precinct No. 1, Eastland County, Texas, and this Grand Jury so directs that the District Attorney proceed immediately to file such legal proceedings as may be necessary to remove from office L.W. Dalton, Justice of the Peace, of Precinct 1, of Eastland County, Texas."

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams TEXAS PRESS ASSOCIATION

AUSTIN, Tex. - Texas Constitutional Convention delegates, bogged down again in debate, were told that, when they finally agree, they must get out and lead the campaign for a new constitution. Louisiana Gov. Edwin Edwards and House Speaker E.L. Henry offered words of advice, comfort, cheer and condolences to their Texas neighbors concerning the business of constitution writing. Both had leading roles in adoption of a new Louisiana constitution early this year after a convention in 1973. "You have got to take your document to the people, or it won't get done," Henry told the Texas delegates. Special interest groups will reach their constituents, warned Edwards; so state officials must try to sell the new document drawn by the convention to average citizens who hold the swing votes. At the same time, visiting Governor Edwards said it is highly doubtful the Louisiana revision would have been adopted had he not taken an active part in promoting it. Meanwhile, Texas delegates had a bucketful of problems trying to get together on the judiciary article of their product. Merger of the Supreme Court and Court of Criminal Appeals, right of appeal by the state in criminal cases and status of county judges proved the toughest items to compromise. Even before agreement could be reached on the judiciary, delegates plunged into the general provisions article which promised some of the convention's highest-voltage controversies over so-called state right-to-work provisions and other tough ones. REPEATERS ARRESTED - More than 65 per cent of arrests recorded through criminal fingerprint cards last year had prior records, the Department of Public Safety reported. Twenty-five per cent of the 273,180 arrests were of 17-19 year olds. Criminal arrest fingerprint cards increased 21,510 in 1973 over 1972. An average of 1,019 cards a day was submitted by 635 different Texas agencies and 18 out-of-state agencies. OIL CONSERVED - State agencies and colleges conserved the equivalent of 75,334 barrels of crude oil during March compared to the same month a year ago, the Governor's office calculates. Overall state agency energy consumption declined 12 per cent for the month, according to a special energy report. Electricity use dropped seven percent, natural gas 12.2 per cent, and gasoline 11.9 per cent, while "other" fuel use increased 3.9 per cent. The increase was due largely to conversion from gasoline-powered machinery and vehicles to diesel-powered units. COURTS SPEAK - Cities cannot tax rolling stock of railroads, the Texas Supreme Court held.

At the same time, the High Court concluded that a doctor could not be held negligent for failure to order x-rays to detect a small chicken bone in a baby boy's lung. A Jefferson County man, sentenced to 75 years for heroin sale, won a new trial because his lawyer was not allowed to impeach a state witness by bringing up a prior conviction. The Supreme Court declined to hear arguments by attorneys for Elmer Wayne Henley Jr., accused of Houston sex slayings, on immediate transfer of the trial site from San Antonio. The Court of Criminal Appeals upheld the conviction of Johnny Eduardo Swift, a black, for the killing of Hearn bank President H.C. Kelly, finding no racial discrimination in the grand jury commission. A Dallas ex-policeman was turned down by the Court of Criminal Appeals in a bid for a new trial as an accomplice to murder, though the woman charged with the murder was acquitted.

AG OPINIONS - Persons over 65 are entitled to benefits of homestead tax exemption where political subdivisions have approved, though they fail to so claim during rendition period. Atty. Gen. John Hill held. In other recent opinions, Hill concluded: The property tax for higher education does not expire in 1987 but extends for an indefinite period. Names of persons whose sentences for possession of marijuana have been commuted by the governor should be made public. The Department of Public Welfare is not precluded from negotiating a premium for its medical assistance program which can be expected to result in a reduction of the Medicaid reserve. Animal Health Commission records concerning an examination of cattle for brucellosis are subject to inspection by the owner, but it is not mandatory that the commission authenticate the records to make them admissible in a trial growing out of herd purchase.

chase. * The Board of Pardons and Paroles can provide counsel for indigent prisoners whose parole is to be revoked. * Legislative pay is not dependent on attendance, but mileage compensation is dependent on actual travel. * Cities can regulate private sewage facilities. * Commissioners courts may issue revenue bonds under the Clean Air Act. * Lobbyists may file activities reports for their bosses.

APPOINTMENTS - Governor Briscoe appointed Erwin A. Elias of Waco to the Texas Motor Vehicle Commission, and Rojelio P. Perez of Austin director of the new Migrant Affairs Office. Briscoe named Sam Baxter of Marshall Criminal District Attorney for the 71st judicial district (Harrison County), succeeding Vernard G. Solomon of Marshall, who resigned. Mrs. Mary Ann Roberts of Spring will be chairman of the 15-member 1974 state textbook committee. Briscoe appointed 12 members of the local intergovernmental personnel act advisory committee, including Mrs. Andrea Beatty of Austin, Lila Cockrell of San Antonio, Edwin Daniel of Wichita Falls, Amanda Garza Jr. of Laredo, Job L. Hammond Jr. of Amarillo, Charles Carsner of Victoria, McNeal Adams of Jasper, Frank L. Priore of Fort Worth, Vince Rachal of Houston, George K. Smith of Dallas, Nestor Valencia of El Paso and Edward Vela of Hidalgo. Herman Lauhoff of Houston was sworn in as the newest state representative from District 84.

PORK PROGRAM APPROVED - Pork producers approved a research, education, promotion and control program and self-assessments to pay for it in a statewide referendum. The vote was 1,163 for to 156 against. An organizational meeting will be held at Texas Tech University in Lubbock May 30. Texas Pork Producers Association will notify producers and collectors when the program is effective. Agriculture Commissioner John C. White administers the Commodity Referendum Law. SHORT SNORTS House Speaker candidates were urged to call a halt to campaigning on the Constitutional Convention floor. Socialist Workers Party is gathering signatures (the goal: 35,000) to get a place on the November ballot. The party only got 24,000 votes in 1972.

All of these seven stage, screen and TV personalities are featured stars in the 1974 season of the Dallas Summer Musicals, playing at the Music Hall in Dallas from June to late August. Award-winning comedienne Carol Burnett and film star Rock Hudson (top left) combine to open the season with the delightful "I Do! I Do!," June 4-16. Gene Kelly, top right, will dance his way through the popular musical comedy, "Take Me Along," June 18-30, followed by a one week special starring Angela Lansbury (lower left) in the touring company of "Gypsy," July 2-7. Herschel Bernardi, (lower center left), last summer's hit as Teyve, returns to star as Don Quixote in "Man of La Mancha," July 9-21, after which will be the first Dallas showing of the recent Broadway hit, "Gigi," July 23-Aug. 4. Ginger Rogers, of dancing film fame, will recreate the Ruby Keller role in "No, No, Nanette," Aug. 6-18; and the season will close with a one week special, "Stop, Thief, Stop," Aug. 20-25.

91st Grand Jury Returns 18 Indictments

The 91st District Court Grand Jury considered a total of 19 cases in a session Wednesday, returning 18 indictments and no-billing one. The jury met for a total of three days during the term and interviewed 21 witnesses, considered 27 cases, returning 25 indictments, two no-bills and passed no cases. Fifteen indictments were brought naming Eastland Justice of the Peace Wells Dalton who was arraigned Friday morning. Bond was set at \$2,000 per case, and bond was made. In its closing report the grand jury asked for a general audit of the county's funds and that an efficiency study be made of the various offices. The report further asked proceedings be initiated to seek the removal

from office of JP Dalton. Judge Dalton resigned Thursday. Members of the grand jury are Jammie Fry, foreman; Mrs. Dan Childress, secretary; Grover Hallmark, Ronnie Iedbetter, Otis Coleman, Ben Lancaster, Don Moorman, Odie Brithwell, James L. Pittman and Jerry Bob Greer. Also indicted Wednesday were: Tommy Ray Shurratt and Leslie Reddy, indicted for possession of a controlled substance, LSD. Both men are free on a \$1,500 bond each set by Judge Earl Conner Jr. Edward Raymond Goforth, 47, of Desdemona is free on \$5,000 bond set by Ranger Justice of the Peace M.D. Underwood after being indicted for assault with a deadly weapon. Goforth was charged

with the May 6 shooting of his brother-in-law, R.M. Lewis, 44, who was wounded once in the left hand with a slug from a .22 caliber revolver after a family argument. Also indicted was Ray Cleaver, 29, of Cisco, charged with the May 20 abuse of a minor Cisco child. Cleaver is in Eastland County jail in lieu of a \$2,500 bond set by Judge Conner. No-billed was O.B. Ailen of Burleson. He had been charged April 9 with theft of cattle less than \$10,000 in value after he allegedly gave an insufficient check in the amount of \$3,137.44 to the Eastland Auction Company for the purchase of cattle. Judge Dalton's resignation stated: "Dear Gentlemen, please accept my resignation

Installation Of New Windows In Courthouse Nearly Complete

New aluminum-framed windows being installed in the Eastland County Courthouse are bringing new light inside and added new beauty to the 45-year-old building.

Contractor Bill Bourdeau is almost finished with the installation of the new windows, and the finished product is going to be an even more beautiful Courthouse.

It's appropriately timed. The county's magnificent courthouse was dedicated on Memorial Day, May 30, 1929, and it must have been an impressive ceremony, judging from the program printed for the occasion. A copy of the valuable document is at Eastland Centennial Memorial Library.

Many windows--and much history--has passed since the structure was officially "Dedicated to the men of Eastland County who served in the World War". Another World War, the Korean War, Vietnam, and a multitude of other events, since the stones of this courthouse were laid.

The program tells worlds about prices too: "This magnificent structure was erected at a cost of \$342,000, replacing one which was built in 1897 and which was razed to make way for its new and modern successor. Construction work was commenced on Jan. 1, 1928, and completed Dec. 20, 1928. The new building is elegantly furnished throughout, with all modern conveniences for every appropriate need, including a new law library consisting of 5,000 volumes. At night the building is illuminated by 14 flood lights with a total of 7,000 candlepower, presenting an imposing spectacle for miles around.

"Besides the numerous other county departments and officials the building houses the various courts with their officers as follows:

11th Court Civil Appeals: J.E. Hickman, chief justice; W.P. Leslie, Associate Justice; O.C. Funderburk, Assistant Justice; and Dan Childress, Clerk of Court.
District Courts: Geo. L. Davenport, Judge 91st; Miss Bess Chastain, court reporter; Elzo Been, Judge 88th District; Miss Pauline Snider, court reporter.
County Courts: C.L. Garrett, county judge; V.V. Cooper, Commissioner, Pct. 1; T.G. Gray, Commissioner, Pct. 2; T.J. Poe, Commissioner, Pct. 3; and B. Britain, Commissioner, Pct. 4.
Geo. Briant, Tax Assessor; A.M. Hearne, Tax Collector;

Virge Foster, Sheriff; R.L. Jones, County Clerk; W.H. McDonald, Dist. Clerk; T.I. Cooper, Treasurer; W.S. Michael, County Auditor; Joe H. Jones, County Attorney; Dan Boone, County Surveyor; Miss Beulah Speer, Supt. Schools; Dr. F.T. Isbell, County Health Officer; J.C. Patterson, Farm Agent; Miss Ruth Rammey, Assistant Farm Agent.

The official program shows that a parade formed at Moss and Lamar, led by a band and the Gold Star Fathers and Mothers and Wives, and moved to the Courthouse. A picnic lunch was spread at the Whiteway Park (just south of the T&P passenger station); and the "speaking" began at 2:30 at the Courthouse, with Cyrus B. Frost presiding. Welcome address was by Arch Spruill. Mr. Frost introduced County Judge Garrett who in turn introduced past and present Commissioners Court Officers. Mr. Ed S. Pritchard made the presentation of the courthouse.

The American Legion Post conducted the memorial service.

"What our courthouse means to Eastland County" was the topic for short talks by 'representative citizens'.

Mrs. Lexie Dean Robertson gave a reading and the principal address was by Rufus S. Scott, Commander American Legion Dept. of Texas.

The 10 x 6 memorial tablet, located on the north corridor of the ground floor, was sponsored by the American Legion and paid for (\$1,735) by the Commissioners' Court. It lists the names of men in the county who went to service; stars indicating those who died in the service.

Robert Merrill
and
Fredric March
pay tribute to our country in...
**I BELIEVE IN
AMERICA**

Available now for the first time, this original recording is offered exclusively to the readers of

This NEWSPAPER

Now is the time when the people of America need reassurance that the basic foundation of the nation remains strong.

"I Believe In America," an original score never before distributed, pays tribute to America through its most lasting symbol, the American flag.

You'll be stirred by an original theme song and the dramatic narration by one of America's great actors, Fredric March.

You'll hear the moving words of the Preamble to the Constitution, the Pledge of Allegiance, the Gettysburg Address, the United Nations Prayer--set to music and sung by Metropolitan Opera Star Robert Merrill and chorus.

If you believe as we do that "I Believe In America" belongs in every American home, can stir the spirit of young and old, can be of special value to the children of this country, here's what you can do to receive your 33 1/3 RPM stereo record.

Fill out the coupon below and send us a check or money order for **\$4.99**

plus \$.50 postage and handling and applicable sales tax.

★ ★ ★ FREE BONUS ★ ★ ★

... every record you order contains a special "I Believe In America" bumper sticker and lapel button, as well as the entire script which is printed on the inside of the album.

... well done, stimulating and inspiring."
F. Eldon Jones
Past National Commander
American Legion

"An excellent patriotic statement... Robert Merrill absolutely thrillingly outstanding."

Cities Using Trash To Reclaim Land

Houston, Tex.--(HK)--Each year Americans produce 360 million tons of residential, commercial and industrial solid waste, says the Environmental Protection Agency.

What becomes of it all is not always what EPA would like to see happen.

Solid waste is properly disposed of in two ways, according to EPA. One way is to use incinerators equipped with pollution control devices; the other is to bury it properly in the ground.

The latter, sanitary landfilling, consists of spreading refuse over an area, generally a low lying area, a marsh, ravine or man-made excavation of some sort. As the trash is spread, it is also compacted, and then covered each day with a compacted layer of dirt. The dirt is added not only to conceal the trash, but to prevent fires, enclose odors, and ward off scavengers.

Browning-Ferris Industries, Inc., the nation's largest waste systems company, operates more than sixty sanitary landfills throughout the country, and considers them to be the most economical and environmentally sound method of refuse disposal available today. BFI says

the sanitary landfill also offers an opportunity to reclaim marginal or submarginal lands for productive use.

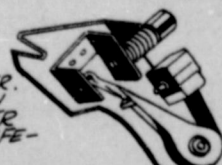

Many cities and counties throughout the country have used the sanitary landfill technique to build parks and zoos, golf courses and tennis courts, schools and ski slopes. In addition to fulfilling a community's disposal needs, the sanitary landfill is considerably less expensive than more conventional methods of reclaiming low lands.

For example, the City of Los Angeles--which outlawed open dumps in 1948--has since used man-made quarries in the city as sanitary landfills. A shopping center now covers what was once Victory-Vine Land Quarry; other commercial buildings rest on what was Slau-son and Garfield Quarry, and Washington Boulevard runs over the 100-foot deep Blue Diamond Pit.

Unfortunately, only about 15 percent of the solid waste in the U.S. today is disposed of in sanitary landfills and another 8 percent is incinerated. The rest continues to go to open dumps... if it makes it to a dump at all.

Rev. Grady Allison Has Short Visit With Parents

Rev. Grady Allison came for a short visit with his parents, Mr. and Mrs. J.C. Allison, recently. They were his guests for a private dinner at the Ramada Inn. Mrs. E.L. Forster (Edith) Mary, Carolyn and Johnnie were also present.

Grady Allison is a world-wide missionary for the United Presbyterian Church of the USA. He resides in New York with his wife, Gloria Etta, and his daughter, Melissa Lou. He plans a two day visit to Eastland later in the summer when on a vacation. His family will accompany him on this visit. They will visit other relatives in Abilene (Clyde) after which they will continue their vacation to Farmington, New Mexico, where they will be guests of Mr. and Mrs. John L. Allison and Dave.

Mr. and Mrs. J.C. Allison were in Lubbock last Friday, May 24, where they attended the graduation of their granddaughter, Kathy Ann Allison, graduate of Monterey Senior High School which took place in the Municipal Coliseum.

They were privileged to hear their grandson, Jerry Carl Allison, play in the band for his sister's graduation.

They were then overnight guests of Rev. and Mrs. James Allison in their new home in Lubbock. The Allison's returned to Eastland on Saturday.

Should Coyotes Be Controlled?

Two young girls in Los Alamos, N.M., were recently attacked by a coyote as they lay in their sleeping bags during a slumber party.

Chris Conn and Marie Stringer, ages 12, both suffered bites from the attack and are reported to be undergoing treatment for rabies.

According to Mrs. Marie Conn, coyote attacks have "been going on for some time" in the area. She said, "Last September a slumber party of girls was attacked in the middle of the night. I know of several other cases of people being attacked by coyotes."

Walt Snyder, chief of the New Mexico Game and Fish Department's game management division attributes the attacks to people raising coyotes as pets. He said that "There is a possibility that the wild coyotes in the area are running with these pets and are losing fear of coming into town."

Possibility can be ruled out. Reports continue to surface that coyotes are definitely losing their fear of cities. In Los Angeles they have been sighted dragging puppies off. In Denver they're inbreeding with domestic dogs and in Phoenix they're making homes in back alleys.

People are now losing their immunity to this destructive predator that is wreaking havoc on the sheep industry and also destroying calves and wildlife.

Letters to the Editor

(ED. NOTE: Students in Mrs. J.W. Turner's Third Grade Class at Eastland Elementary School sent us a nice batch of thank you notes. In their own words and spelling, here are some:)

Thank you for the space out of your paper thank you so very very much. Your friend, Jim Moylan

Thank you for a pag in the newspaper we has enjoyed reading the parts in the newspaper an thank you for the School menu thank you for newspaper. You friend, Eddie Harvey

Thank you for letting us have a free page in the newspaper. For the newsletter and school menu. We all enjoy reading it. Yours truly, Shem Cuiepper

We all thank you for every thing you have done and we also thank you for the space in the newspaper. Louis James Poppenhouse

Thank you very mush for a space in the paper for the newsletters. Your friend, Charlene Moore

Thank you for gving us the first page of the news papper Your friend, Robert Doyle

We thank you for pages in the paper. Your friend, James Morton

Mr. o Brien for puing are school nas min you. Ken Wilcoxon

I want to thank you for letting us have some spac ein your newspaper for the Elementary Extra. And for putting the school menu. Happy Summer Your friend, Kelley Lindsey

Thank you for letting us take up space in your newspaper. We all apriachate it but we don't deserve it but we never did you anything. But we want to thank you for the school menu so goodby for now. Your friend, Rodney Reese

Thank you for giving us room in the papper and have a happen happen summer. form James A.M.

We enjoyed you letting us have a pair of the paper for our letter thank you for it. from Jody Finley

Thank you for giving room on the paper for our newsletter. My newsletter was the first one. I enjoyed seeing my newsletter in the paper. We all thank you for giving room on the paper. Evryone has enjoyed seeing their newsletter on the paper. Thank you for putting the school menu in the paper. Your friend, Christina Jackson.

Thank you for the space that you let us use for the Elemetry Extra. Sometimes it makes me wonder how much paper you used all on the count of us. You never will know how mush you are thanked. And we also thank you for the menu that you put in the paper. Love, Wesley Boles.

Thank you for giving us apart in the paper and thank you for the school menu.
Your friend, Jackie Meek

Thank you for spending your time on the schools newsletters. Because when you have a good friend like you you don't have to have a pag in the paper but thank you anyway. Your friend, Christa Sowell

Thank you for put our new letters in your newspaper. It is fun to write one because I have written one before. Your friend, Shirley Housson.

Thank you for putting our letters in the papers. And the space you put our letters in. Your friend, Ronda Squires.

Thank you for letting us have part in your newspaper, for our news letter. Well I hope you all have a very nice summer. I'll see you next year. You friend, June Hudson. P.S. and thank you for the school menu.

We enjoyed reading the letters in the paper. Since it is summer I will not get to read the letters. But I will get to read something else in the paper. Good luck. Your friend, Becky Gailey.

I do not know how much to thank you for letting us have a howl page to put our news letters in. I hope your children and your wife and you have a nice summer. Your friend, Joni Flinn.

Thank you for letting us have space for the news letters. I am very glad you did. Thank you for the menu. Beth McCrary.

I want to thank you veary much for letting us wright the news letter and prenting it in the newspaper. Your friend, Valerie Davidson.

I want to thank you for saving space in the newspaper have a happy summer. Jean Williamson.

Thank you for the space you gave us in your paper. And I hope you have a good summer well I cant think of anything ells to say good by and thank you for putting the school minue in the paper. Your Friend, Dash Spruill.

Thank you for letting us have room in the paper. Your friend, Casey Meazell.

Thank you fiveing us space for our newsletter. Just thank you. Your friend, Kyle Nixon.

Thank you for all nice things you done for us. Thank you for the page in the newspaper you give us for the newsletter and th elunch menu. Your friend, Bryan Littlejohn.

Thank you for letting us write letters so thay we could put them in the newspaper. Love, Chierie Rich.

Thank you for the page in the papers. last week I rote the news letter. I wish I mindshid you. But Mrs. Turner did not tell me that you let us have a page. Your truly, Dalton Hardin II.

Thank you for letting us your papper and thank you for putting my letter in the paper. by Danil Jackson

Thank you for the spase you left for the newsletters and the school menu. Bobbie K. Wallace.

Centennial Memorial Library

The article in the Eastland Telegram Sunday, May 26, 1974, interested me very much. I mean the article about Mr. Tindal, and his war record.

A few years ago, I got a letter from Huntsville, Alabama, asking if I knew who was given the Confederate Flag after Lee surrendered. I called Mike Collins and he had received a letter also asking the same thing. This man said the man who received the flag was buried at Eastland but they (some patriotic society) would like to hear his name.

I could not think of anyone who might remember the flag if he had owned it and that was Iloe Butler.

I called him at Hickman Rest Home and asked him if he had ever seen the Confederate Flag at the reunions.

He said yes, they always used at the reunions. He always took note of it.

I went to Reunion several times before I married as well as afterward but I could have seen it a dozen times and would not have noticed it.

After a time as the soldiers passed on, they called it the Old Settlers Reunion and drew just as large crowds as ever. There was a nice large pavilion near the railroad on west side of the street, if you wanted to sit and rest and hear the candidates and others speak, it was ideal.

If you wanted to go to the picnic grounds you could go down the bank and cross the shallow stream on a foot log or go over the bridge and find a parking place, among the many other covered wagons and the grounds were where the colored people's park is now.

The things that made it so interesting, you knew you'd see a lot of people you hadn't seen since the last reunion.

The reunion was usually held in July and people looked forward to it from year to year.

But after the McCleskey well blew in in 1917, people forgot about the reunion and that was the end to that.

I feel like this flag, the Confederate Flag, was owned by this Mr. Tindal, else why would the man say that this soldier was buried at Eastland. Who else does the description fit?

Probably when he died, no

one thought it important enough to save the flag.

The reason this man wrote me was that my father grew up in Madison Co., Ala., and I had done some research on my family tree. And they gave this man my name and address. Must get busy.

So proud of the new Library. Love
Alma Castleberry
8335 Redonda
Fort Worth

C.W.F. In Home Of Steve Church For Salad Supper

The Christian Women's Fellowship (C.W.F.) of First Christian Church, met May 22 in the home of Mr. and Mrs. Steve Church for a salad supper.

Reports of the year's work were given and the group decided what to study the ensuing year.

Steve Church, minister, gave the lesson on "From Wheel Chairs to Road Maps", which was very interesting and informative.

Those attending were Mrs. Jackie Humphries, Jane Day, Nell Hightower, Irene Cornelius, Naomi Huckabay, Naomi Young, Verna Johnson, Mildred Adair, Billie Fay Beskow, Berniece Tankersley, and the host and hostess Steve and Carol Church.

2 Honor Roll

Richard Glen Fox, James Martin Eidson, both of Eastland, who are students at Angelo State University in San Angelo, are listed on the Dean's Honor Roll for the spring semester at the University.

Fox, son of Mr. and Mrs. Jessie A. Fox of Eastland, is a 1971 graduate of Eastland High School. He is a senior biology major at ASU and is listed on the 3.00 to 3.49 honor roll.

Eidson, son of Mr. and Mrs. J.W. Eidson of 1900 W. Plummer, is a 1972 graduate of Eastland High School. He is a sophomore general business major at ASU and is listed on the 3.50 to 4.00 honor roll.

Small Towns Coming Back?

WASHINGTON--Are small towns coming back? Some are. Surveys show many city people would rather live in a small town.

"Whether a small town grows, or begins to wither, often depends upon the determination of local people", says Will Erwin, assistant secretary for rural development of the U.S. Department of Agriculture.

"Towns with a 'We can do it' attitude will go out and bring in job-producing plants, offices and laboratories, so that their young people don't have to leave their home areas in search of job opportunities", says Mr. Erwin. "Others will cater to tourists and a recreation-hungry nation."

"The 'we can do it' crowd will guide the area's growth to make sure it helps to meet the needs of people, adding to the beauty and environmental tone of the neighborhood."

"Economic development - makes it possible for towns to do things--to provide convenience in getting goods and services--to serve as a starting point from which people may improve the quality of their lives."

"Frequent, long drives to big cities may be far from dead. But it makes sense, regardless of the gasoline situation, for towns to develop in such a way as to meet the needs of residents, including farmers."

Can towns be developed to get this done? The answer is "yes", according to Assistant Secretary Erwin, if you are willing to work at it. He cites the story of Livingston, Alabama, as it appears in the May 6, 1974, issue of the Congressional Record.

Livingston had been going downhill for 20 years--losing people annually. By the mid 1960's, it was thin and gaunt. Jobs were lacking--living conditions were poor--streets, many unpaved, were pitted with potholes. Potential employers took one look and kept going. Insurance companies threatened to cancel fire policies due to un dependable water mains.

A crushing blow came in 1965 when the state condemned the tottering town's water system and ordered it to stop dumping its raw sewage into the Suwannee River.

Now it was sink or swim. The town decided to swim. City fathers joined hands with the Sumter County Rural Develop-

ment Committee. They quartered a community movement that led to a master plan. From that plan, work groups set out to give Livingston a new destiny.

One group worked on new jobs. Today five industries, employing about 1,000 persons from miles around, occupy a new industrial park. Livingston reversed its long mass out-migration of native sons--many had been forced to seek employment in distant cities.

Several new businesses have been established. Old houses were renovated and some new ones built--a product of more prosperity. And there was something to do around town.

The area's new water system provides water to neighboring communities. Livingston has better schools, churches, and more community life. It has more of what it takes, including pride, to keep farms, businesses running. Livingston is on the go!

Can other towns bootstrap themselves into better places to live and work? Federal rural development loans and other assistance, according to Assistant Secretary Erwin, are available. "But those communities that take the initiative to achieve and guide development as a rule, will benefit most from it", the official concluded.

Can other towns bootstrap themselves into better places to live and work? Federal rural development loans and other assistance, according to Assistant Secretary Erwin, are available. "But those communities that take the initiative to achieve and guide development as a rule, will benefit most from it", the official concluded.

First Christian Youth Planning Summer Activity

The youth of the First Christian Church, Pastor Steve Church, seeing a need for more wholesome entertaining activity during the summer months, are planning to kick off their activities with a folk dance Friday, May 7, at 7:00 p.m. in the street in front of the FCC and between Western Auto and the Church. Drinks will be available at a price of 15c. The church is planning more such activities and wishes everyone an open welcome.

Their youth group meets every Wednesday night for Bible study and recreation. Come and see us.

Navy Seaman Recruit Edward Forrest, son of Mr. and Mrs. Espinosa Pittman of Route 3, Gorman, participated in the NATO training exercise "Dawn Patrol" in the Mediterranean.

Thursday Club Earned Honors

The Eastland Thursday - Afternoon Club recently went to the Texas Federated Women's Club Community Improvement Contest at San Antonio and earned honors for "Outstanding Results in Meeting Community Needs".

The second place state award winner was the Thursday Afternoon Club which received \$200 for establishing the Eastland Centennial Memorial Library.

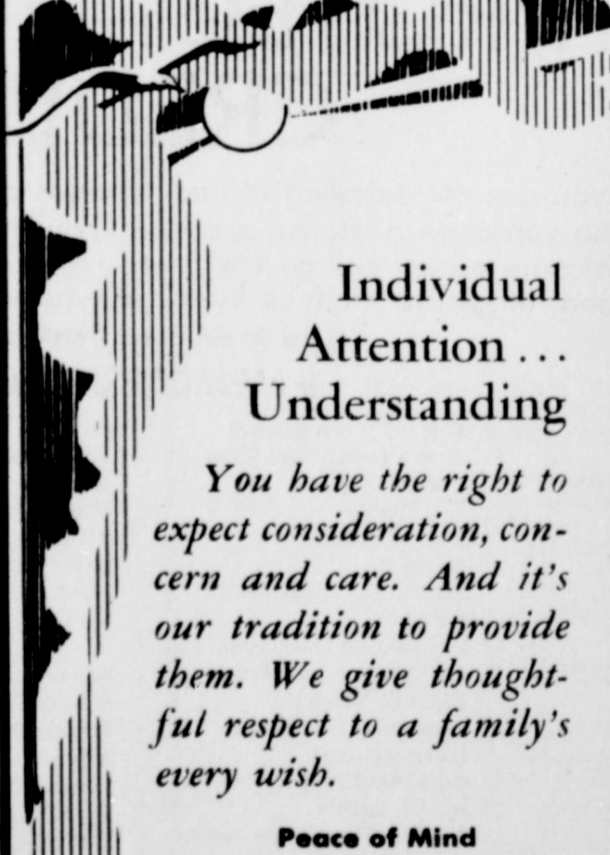

The club's entry went into the form of a most complete book telling of the project. It tells how the women bought a building, and with the help of many of the citizens of Eastland, remodelled it and paid for it. It is now debt free. The women's slogan was "30 women to raise \$30,000."

Some of the people donated money while others donated time and materials. The old library was small,

dimly lighted and over-crowded. There was no place for reading, books were double stacked, it was a fire hazard and the public wanted to be able to do more reading.

Since the building of the new library, readers have increased 150 percent. The library consists of 300 sq. yd. library room, adult, youth and children's reading areas, conference room for display, art exhibits, and two rest rooms, kitchen and archives room. It is beautiful and fun. The bank estimated the value to be \$100,000, present as valued.

Copies of the club's entry are in the library. First prize was awarded Houston Junior Study Club. Their project included establishing several half-way houses for handicapped, mentally disturbed people and retarded children, completely decorating and landscaping them.

Individual Attention . . . Understanding

You have the right to expect consideration, concern and care. And it's our tradition to provide them. We give thoughtful respect to a family's every wish.

CJC Offers Full Slate Classes: Registration Monday

College students in the Cisco area will have the opportunity of taking a variety of accredited academic courses during the two CJC Summer school terms, college officials have announced. Classes will be held both during the day and at night at the school's main campus in Cisco.

Seven different day classes are on the schedule for the first summer term. They are Biology 114 (Botany), Chemistry 114 (General Chemistry), History 113 (History of the U.S. to 1865), Sociology 213 (Principles of Sociology), English 213 (Readings in English Literature), English 113 (Composition and Rhetoric), and Government 213 (National Government). All day classes except biology and chemistry will meet five days per week for approximately one hour and a half per class session. Biology and chemistry will combine lecture and lab for four and a half hour sessions meeting only Monday through Thursday from 7:30 a.m. to 12:00 noon.

Night course offerings at the CJC Cisco campus will include, on Monday and Wednesday nights, with one Friday meeting, English 113, History 113, English 213, Economics 213 (introduction to Economics), and Psychology 113 (General Psychology).

Evening classes meeting - Tuesday-Thursday, with one Friday meeting, will be English 213, Government 213, English 113, and Mathematics 113 (College Algebra).

Dean Ralph Glenn reminded prospective students that a class must have at least ten students in order to be held, and that any course listed in the college catalogue would be offered if there were a demand for it by ten or more students.

Registration will be held at the Admissions office in the Administration Building on the campus from 8:00 a.m. to 3:00 p.m. on Monday, June 3, for

day classes, and from 6:00 to 7:00 p.m. on the same day for night classes.

The college's state-supported rates for tuition and fees will be in effect for the summer term at Cisco as well as at the college's extension programs in Clyde, Graham, and Coleman. One three-hour course costs \$35.25, a four-hour biology or chemistry course totals \$49.00 (including lab fee), two three-hour courses or six hours, costs \$65.50, and a seven-hour load totals \$79.25 (including lab fee).

Students desiring more information may contact Dean Glenn's office at area 817-442-2567.

Construction Approved

The Texas Highway Commission Thursday approved highway construction work in Eastland County.

The work in Eastland and Stephens counties is to surface 23.7 miles of highway, with an estimated cost of \$975,000.

Projects include Interstate 20 in Eastland County from just east of Ranger to State Hwy. 16, and Hwy. 16 from Carbon to the Comanche County line. The Stephens County work is on U.S. 180 from Shackelford County line eastward 6.7 miles.

Mr. and Mrs. Roy Hittson had three of their granddaughters home for Mothers Day: Mrs. Susan Maronick, Billings, Montana; Mrs. Mariana Stockstill and Miss Dolores Jones of Fort Worth. Mrs. Stockstill is a teacher in Fort Worth schools and Dolores is attending Brantley-Draughon Business College in Fort Worth. Mrs. Maronick starts her nurses training June 3 in Billings.

I.E. Talley Returns From Trip

Mr. and Mrs. I.E. Talley have returned home from a trip to Portales, New Mexico. While there they attended the Talley Reunion. There were 50 Talleys, brothers, sisters, cousins. One older Talley was present, Mrs. Ora William from Eric, Oklahoma. She is 90 years old. They visited each other, took pictures, each one's voice was recorded on a tape recorder. Some gave their favorite Bible verse, others made a speech. Some went out to see Dr. H.H. Talley's old home and made pictures of this old home. All these Talleys had spent many happy hours there with their grandfather. Then they returned to Bud Talley's home, had a big luncheon together and that night a large dinner was served. People were seated all over the house. Some really good home made cakes were

brought by sisters. Saying goodbye to each other, they left the next day. Then Mr. and Mrs. I.E. Talley traveled to Franklin, Texas to see her mother's folks, the Sanders. Also other folks in Pecos near there. Then they visited Mr. Talley's sister in Dallas. Mr. Talley and his brother-in-law played golf out on one of Dallas's new golf courses. They returned to Olden the next day.

Receives Degree

SHERMAN--Stephen Conly Wilson of Eastland received a master of arts degree in education from Austin College during recent commencement exercises.

He is the son of Mr. and Mrs. Guy Horton, 511 Pershing.
