## Moore... ABOUT Eastland

By VIRGIL E. MOORE

Taking inventory? If you are here is some friendly advice offered at no extra cost by the Telegram's expert on inventory taking.

Webster defines inventory as "an itemized list of goods with their estimated value." With that much of a start it should be easy to pass along a few expert suggestions to the shop keeper who in the past found that inventory taking is painstaking.

Take this advice will have to be of a general nature, for we do not know if you are concerned with counting beans, shoe strings, cold tablets, pins or cuptowels.

Now some experts will insist that you close your doors during the period that you are counting your beans, shoe strings, cold tablets, pins, cuptowels or what ever you have to count. We have always maintained that customers tend to make the job of taking inventory more relaxing to the workers, however. For what could be more exciting than to get to say yes to every Tom, Dick and Hattie who asks (with exclamation points flying in every direction), "Hi! You are taking inventory, aren't you?"

And too, you will never have more faith in man's ability to read your mind than at this time of year. For without fail, he will reach into the tub of nails you have just counted to extract a few, giving you the opportunity to revise your inventory statement.

Yes, by all means leave your doors open. Do not exclude your friends and customers of the privilege of "helping" you along in your annual chore.

Available at most good office supply stores are regular forms for taking inventory. These forms are very handy in that they have spaces for "quantity," "description," "price," "unit," "extensions" and "totals."

At the top of the form there is the proper space for the person who fills the item, the person who footed the item and the person who checked the item.

You will have a good idea what most items will be called, and will

## County Draws Four New Oil Well Locations

Three wildcat and one regular field location have been staked in Eastland County and a new producer has been completed.

Uria Drilling Co. of Fort Worth No. 2 J. R. Bacon will be an Eastland County Wildcat seven miles south of Cisco.

Slated for 3,750 feet with rotary, it spots 1,125 feet from the north and 612 feet from the east lines of the southeast quarter of Section 50, Block 3, H&TC Survey.

A wildcat failure four miles southwest of Olden is S. C. Thompson of Ranger No. 1 E. Falls, William Van Norman Survey, plugged at 1,609 feet.

Location has been drawn for a new wildcat to be drilled seven miles south of Ranger by Ben J. Theimer of Oklahoma City.

It will be the No. 1 J. R. Coop, spotting 500 feet from the east lines of Subdivision 16, William Van Norman Survey. Proposed depth is 3,500 feet with cable.

Frank Love and Co. of Wichita Falls completed No. 2 Robert Fox as a new producer in the regular field six miles south of Ranger, and staked location for another project on the same lease.

No. 2 Fox is in Section 30, McLennan CSL Survey 2. Daily potential was 30.70 barrels of 44.4 gravity oil, pumping from 16 perforations at 3,218-22 feet, where pay was treated with 1,000 gallons of acid. Casing was set at 3,250 feet, one foot off bottom.

Same operator's No. 3 Fox spots 467 feet from the south and 890 feet from the west lines of Subdivision 30, McLennan CSL Survey 2. Proposed depth was 1,300 feet with rotary.

In Stephens County, Graham Brothers of Graham No. 1 C. L. C. Link is a new regular field producer five miles southeast of Caddo in Section 53, Block 4, T&P Survey.

Daily potential was 33 barrels of 40 gravity oil, pumping from open hole at 1,879-1,890 feet. Pay was topped at 1,871 feet.

Culum Brothers of Wichita Falls plugged at 1,801 feet their No. 1 Jackson, wildcat six miles south of Caddo in Section 68, Block 4, T&P Survey.

**Stores Here To Be Closed**

Eastland stores will close Saturday, Herb Tanner, manager of the Eastland Chamber of Commerce, announced today.

Previously the stores were to remain open. Tanner said the regular Trades Day event would be postponed one week.

## New Year's Eve Watch Service Is Announced

A New Year's Eve Watchnight service will be held at the First Methodist Church Friday evening from 8:00 to 12 midnight, for all ages.

A varied program will include recreation, talent numbers, music, refreshments and worship.

A special feature will be the recognition of students home from college campuses. The following are chairmen of committees: Recreation, Mrs. J. C. Whately; Children, Mrs. Milton Day; Talent, Mrs. J. M. Perkins; Refreshments, Mrs. Ina Bean Music, Mrs. T. J. Haley; Decorations, Mrs. James Horton; Worship, Rev. Jackson C. Oglesby.

## Thorpe Timmons Promoted By Consolidated

Thorpe Timmons, son of Mr. and Mrs. Carl Timmons of Eastland was recently promoted to senior design engineer with Consolidated Aircraft Corp. of Fort Worth.

This has been a lifetime ambition with Thorpe, who started at the age of two building model airplanes and has always longed to design larger aircraft, his parents said. He has been with Consolidated Aircraft for five years. He was an air force pilot during World War II and majored in aeronautical engineering at the University of Texas.

He married the former Virginia Ferguson, daughter of Dr. and Mrs. R. C. Ferguson of Eastland. The couple have three boys.

## Eastland County Peanut Crop Cut In Fourth By Drought

### Record Low As 1939

Only 40 per cent of the normal season's peanut supply was harvested in the expansive Southwest this year, veteran officials of the peanut market said here today.

Locally, peanut mills reported that only one-fourth of the normal crop load had been bought by purchasing agents. In contrast with last year's report at this time when 250,000 tons had been sold by the southwest's farmers, only 57,000 tons have been processed through the buyer's market with the season in its last stages of completion.

Coupled with the short production was the grading of the peanuts, which this year graded 60 per cent sound mature kernel as compared with last year's 70 per cent.

On a national basis, the total is only 53 per cent of the visible supply that was gathered at this time last season. The supply marks the lowest peanut productive season since 1939.

Millings of farmers' stock peanuts, including those cleaned and shelled and used for production of shelled oil stock, totaled 284.5 million pounds for the first three months of the 1954 season as compared with 394.2 million pounds milled to this date last year. This is the lowest millings to this date in the 17 years of record extending back to 1937.

This year's short supply of peanuts has only tended to multiply the problems of an impending seed shortage for 1955 planting. Tests have shown that foreign peanuts do not measure to the standards for planting requirements thus of the American nut particularly ruling out any possibilities that seed peanuts may be obtained from foreign sources.

However, no great amount of acreage loss is expected with the Eastland County area. Quality seeds will be scarce and probably as expensive as 30 cents per pound, but with below par seeds to fill in and light poundage to be acre during spring planting, the problem may be overcome in next year's crop.

The seed supply requirements, with approximately 98 per cent of the crop harvested in the county, were short by some 50 per cent, forcing the price of the planting seed skyward.

However, if only small quantities of seed are available, and the amount of pounds that is normally planted per acre is reduced, the productive crop harvested next year, even with sufficient moisture, would likewise be reduced proportionately.

### Prediction: There Will Be Very Little Swimming In Laughlin Pond

**MORTON VALLEY (TNS)**—Jeff Laughlin of Morton Valley got just what he needed for Christmas, or so he thinks, at least.

Laughlin said that for the last few summers he has been bothered by his grandchildren swimming in his pond. He said to stop this he had stocked the pond with "crawdads" and bullfrogs, but after the first summer there were no "crawdads" or frogs left—nothing but boys.

His daughter and husband, Mr. and Mrs. W. E. Melton of Houston decided to help Laughlin out this Christmas. They gave him a real live alligator for his present.

What did Laughlin do with it? You guessed it. The alligator is now the chief tenant of his farm pond. Grandfather's just waiting for summer now. "If this doesn't work, I'm whipped," he said.

**OPERATION NUDDGE**—The USS Forrestal, world's mightiest warship and largest ship ever constructed in the United States, is nudged by tugs into an outfitting dock at Newport News, Va., following her christening. Vital statistics: Overall length, 1036 feet; extreme breadth at flight deck, 252 feet; over 200,000 horsepower; a rated secret speed which tops 30 knots; nearly four acres of flight deck; height from keel to top of mast equals height of a 25-story building; crew of 3500 needed to man her.

## Sleet, Snow Bring Inch Of Moisture

Snow and sleet that fell continuously for nearly 12 hours began melting off the ice laden streets of Eastland Wednesday afternoon following the year's worst touch of winter this season.

The snow, sleet and intermittent showers flushed one inch of moisture and greatly aided the drought ridden farmers in this area.

Roads through this part of the state were either closed or considered extremely hazardous for travel as the snow and sleet pelted this area in blizzard like fashion Tuesday afternoon and night.

There were no serious accidents reported in this immediate area during or following the storm.

However two persons were injured in a three car accident on U. S. 80 near Cisco. The two injured were in separate cars which collided head on and spun into a third automobile.

Another minor accident was reported near Ranger Hill Wednesday afternoon when two cars collided. One of the automobiles continued on its journey toward Abile but Cisco police halted the car there and held the driver for questioning.

All highways into New Mexico and into the western portion of Oklahoma were closed Tuesday, most of which was due to stalled traffic.

Several motorists passing through Eastland considered traveling on Highway 80 too dangerous and remained here after the snow began, up until late Wednesday afternoon, giving the roads some chance to thaw before continuing their journey.

Emergency measures were required in some portions of West Texas as seven inches of snow blanketed the ground. National guard elements were used in some instances to evacuate stranded motorists.

As the storm subsided, clearing weather was promised Thursday but freezing temperatures were predicted to remain as another cold front, expected here sometime Friday night, inched its way toward the Texas border.

Temperatures were expected to drop to 23 tonight and warm up to 54 degrees Friday.

## Yule Contest Winners Named By Judges

Winners in the Christmas lighting and decorating contest sponsored by the Civic League and Garden Club were announced today by Mrs. Sidney E. Seale, chairman.

Mr. and Mrs. Bill Collings, 200 South Oak Lawn were first place winners. Second place winners were Mr. and Mrs. H. B. MacMoy, 706 South Daugherty. Third place winner was the home of Mr. and Mrs. Otis Knox, 107 South Connelley.

Honorable mention went to the homes of Mr. and Mrs. W. E. Cooper, 402 South Oaklawn; Mr. and Mrs. Bill Hoffmann, 708 South Daugherty; Mr. and Mrs. Arthur Murrell, 401 Oak Lawn; Mr. and Mrs. Joseph M. Perkins, 1021 South Seaman; and R. N. Sneed, 403 South Oak Lawn.

The homes were judged for effective display, originality, simplicity and effective design, Mrs. Horace Horton, president of the Civic League and Garden Club, said.

### Two More Frogs Try To Get In On Act!

## Cooper Man Writes For Facts On Old Rip; Finds Him Rival

A story datelined Roanoke, Va. concerning frogs that were found under a concrete strip prompted a Delta County man to write Judge John Hart asking that information sent concerning Old Rip's stay at the Eastland County courthouse "cornerstone."

Writing Judge Hart was C. C. Calvin of Cooper. He included a clipping of the story which prompted him to write. It read, "John K. Kealy, manager of a florist's greenhouse, knows all about plants but admits that frogs have him puzzled.

"I don't see how they got air, food or water, Kealy said; explaining that two frogs jumped out when he tore up a concrete strip which had been in place 20 years."

Calvin wrote, "No doubt you have heard the story of the famous horrad frog that was taken from the corner stone of the old Eastland County courthouse back in 1928-29 or 30. When I read this 'clipping' I thought of you people. Someone should tell Mr. John Kealy of Roanoke, Va. the story about the Eastland County frog. He would believe it, no doubt. The people here refuse to believe any such talk.

"If you have any bulletins, pictures or free literature on this subject, please send us some.

"The Santa Claus bank robbery happened in Cisco about the same year. I was born and reared in Young County."

Judge Hart, with the help of H. J. Tanner, manager of the Eastland Chamber of Commerce, gathered together some literature on Old Rip and forwarded it with the following letter to Calvin:

"Thank you for the clipping from Roanoke, Va. about frogs that were found there after such a long time in the concrete slab. Almost rival our Old Rip.

"Everyday people are seen looking at Old Rip, who is in the lobby of the Eastland County court house. (Continued on Page Three)"

## A World of Their Own

**Classified Section of Newspaper Full Of Both Comedy and Tragedy**

Eastlanders like Americans everywhere, have made it a habit down through the years to read the classified in both the Telegram and the big city papers.

For the classified section is more than a marketplace for buying and selling goods and services. It represents a whole world, a world full of comedy and tragedy, trifling events and important occasions.

A few words often tell a big story. It isn't difficult to imagine the story behind an ad like this: "Elderly man seeks part time work. Willing to do anything?"

"Ten dollar reward—for South side apartment. Large enough to keep young wife from going home to mother. Small enough to keep mother from coming here."

And want ads are nothing new. In Pompeii searchers found on the wall of a building, this Latin inscription:

"For sale—Donkey and wood cart. Three years old."

In early American history, want ads played an important role.

History books tell of the ad which was used to seek a young run away tailor's apprentice—Andrew Johnson, later to become president of the United States.

The ad appeared in the Raleigh (N.C.) Register in June 1824.

"Ten dollars reward—Run away from the subscriber, on the night of the 15th instant, two apprentice boys, legally bound named WILLIAM and ANDREW JOHNSON.

"The former is of dark complexion, black hair, eyes and habits. They are very much of five inches. The latter is very freshly freckled face, light hair and fair complexion. They went off with two other apprentices advertised by Messrs. Wm. & Chas. Fowler.

"When they went away they wore well clad blue cloth coats, light colored homespun coats and new hats. The maker's name in the crown of the hats is Theodore Clark. I will pay the above reward to any person who will deliver said apprentices to me in Raleigh, and I will give the above reward for Andrew Johnson alone.

"All persons are cautioned against harboring or employing said apprentices, on pain of being prosecuted. Signed at Raleigh on Jan. 18, 1824.

## Yule Business Here Reported Better Than '53

Eastland stores reported Christmas business "as good or better" than last year. Most of the holiday spending here came in the last few days, however.

And postmaster E. E. Layton said the volume of mail at the local postoffice "equalled or exceeded" last year's.

"We seemed to handle our mail more efficiently this year," Layton said. He credited the easier handling mainly to "better cooperation of customers." "People mailed earlier this year," he said, "and we always managed to keep our mail current."

Most stores had their best day Christmas Eve. Some stores reported business better than last year and almost all said the volume of sales equalled last year's.

Ten Miss Injury In Bus Crash

Ten persons narrowly escaped serious injury Wednesday afternoon when a Greyhound bus in which they were riding were thrown into a culvert and overturned into a swale on U. S. Highway 180 near Brad, 23 miles west of Mineral Wells.

The bus driver, J. W. Quattlebaum said that the accident occurred as he was attempting to pass an automobile while enroute to Fort Worth.

As he and a witness, B. A. Holmes, of Jewett, explained, the car pulled into the path of the bus, and to avoid collision Quattlebaum pulled his vehicle off the highway onto the slick left shoulder which threw him into the culvert.

Mrs. Eura Maye Wren of Dallas, Mrs. R. J. Haggerton of Colorado City, her two children, Dale Jean and Robert Dwayne and Mrs. Edna Lyle of Merkey were given emergency treatment at a hospital in Mineral Wells but none were believed seriously injured.

Most damage to the bus was inflicted underneath the vehicle where the culvert ripped out the bottom flooring and baggage compartments and partially dislodged one of the huge motors.

As the bus plowed over the snow and ice covered embankment, it rolled over on its left side partially over the top and then settled back on its port side.

## Presbyterian Auxiliary Meet In Oakley's Home For Yule Party

Members of the Women's Auxiliary of the Presbyterian Church gathered last week in the home of Mrs. C. M. Oakley, South Seaman Street, for a Christmas Party. Mrs. E. C. Johnston read the Christmas story from the second chapter of St. Luke. Mrs. J. LeRoy Arnold gave the prayer. Mrs. Oakley told "The Miracle of Derrick, Texas." She was presented with a gift, of a pair of snack tables for her new home, by the group. A refreshment plate of congealed salad, fancy sandwiches, fruit cake, with whipped cream topping, tea and coffee. Gifts were exchanged from a beautifully decorated Christmas tree, highlight of the holiday decorations. Present were Misses Odessa Woods, Mable Hart, Mmes. E. C. Johnston, C. W. Mayo, R. L. Cooper, L. W. Hart, T. A. Wilson, Howard Craven, Neil, Greig, Arnold. Children present were Susan Johnston and Mary Craven.

## Foster Family Transferred To Athens

Mr. and Mrs. Charles Foster and sons, Charles and Stevie are moving today to Athens, where Mr. Foster has been transferred by the Lone Star Gas Company, with which he is employed. Both Mr. and Mrs. Foster have been very active in Cub Scout work, and both are civic leaders, and will be greatly missed here. They are members of the Church of Christ, where they have also been active in their church work. Mrs. Foster and the boys will be in Malakoff with Mrs. Foster's mother until living quarters are obtained in Athens.

house. During war times many requests were received for authentic stories of Old Rip to prove the truth of Old Rip's slumber for so many years, by lads from this county and from other nearby counties. His fame was spread far and wide. "We appreciate your interest and hope that the enclosed literature will serve to make believers of your citizens who live in Cooper. "In reference to the Santa Claus bank robbery, I was serving as sheriff at the time and certainly have never forgotten any of the details."

## Safety Association Warns Of 'Blind Billies' During Winter

"Our state may not officially sanction blind drivers, but during the winter we have plenty of 'Blind-Billies' behind the wheel of cars!" Mr. R. B. Roaper of Houston, President of the Texas Safety Association, and Chief Safety Engineer for Humble Oil & Refining Company, commenting on the holiday hazards program now being conducted by the Texas Safety Association, the Texas Department of Public Safety, and the National Safety Council said: "Winter driving is tough enough when visibility is good. When you can't see where you're driving, your chances of arriving safely are almost zero!" Mr. Roaper defined "Blind Billies" as drivers who might as well be blind for all they can see out of their windshields. "They're much too busy to take out a few minutes to clear the ice and snow off their windshield," he said. "Instead, they drive down our holiday-crowded streets, peering intently through small peepholes in their windshields, endangering everyone's lives — including their own." National Safety Council figures show that in one out of ten fatal traffic accidents last year, the drivers' vision was obscured in one way or another, and half of the obstructions were on the vehicle itself. Mr. Roaper cautioned motorists to check the following points, which are of vital importance to visibility in winter driving: 1. Heater should be maintained in good condition to insure a steady flow of warm air. Warm air deters the formation of steam on the windows of the car. 2. Defroster should be in good working order. It should operate well enough to keep windshield free of ice and snow. 3. Windows should be kept free of outside accumulations of ice and snow. Clear windows before beginning to drive. 4. Headlights and tail lights must be in perfect working condition. 5. Fog lights are recommended for maximum vision. They should be mounted as low as possible on the front of the car, and should have clear lenses. 6. An ice-scraper should be kept in the glove compartment of the car at all times for clearing ice and snow that the windshield wiper cannot remove.

## New Year's Day Twins To Get \$500 In Gifts

Expecting twins? If you are and would like to receive \$500 worth of free prizes all you have to do is manage to have them between midnight Friday and noon Saturday, and make sure they are girls. Each lucky twosome born in this 12-hour period will be awarded \$500 worth of gifts. Although the annual national baby crop is over 4 million, the odds are about 528 to one that a January first stork date will produce twins in the Toni Classic. In last year's Derby, however, the stork surprised statisticians by delivering a bumper crop of 23 sets when only 17 were expected. But researchers still hold to the prediction of 17 for this year. Last New Year's Day, Texas led the nation with four sets; California and Pennsylvania tied for second with three sets apiece; and Michigan, Rhode Island, and Iowa came in third with two sets each. To date, 99 sets of twins have been winners since this annual event was launched in 1949. The fortunate new arrivals will be awarded a Hedstrom twin baby carriage, an assortment of toys from the Ideal Toy Corporation, Lullabye cribs and Kantwet mattresses, special selection of Love dresses, Trundle-Bundle infants' wear, and a year's supply of Gerber's baby food. Winners will be announced New Year's Day. Parents of eligible newcomers should send collect wires to the Toni Twin Baby Derby, Merchandise Mart, Chicago, Illinois. All wires should reach Baby Derby headquarters by 2 p.m. (CST), New Year's Day. Call 601 For Classified Ad Service

### NEWS FROM DESDEMONA

By Mrs. Ethel Keith

Now that the Christmas holidays are over and the new year is at hand, let's try to make a few good resolutions and try hard to keep them. Very few of us lived this year, but that next year could be better lived.

Seems that every one visited or was visited by someone in general all seemed to be well with citizens of this community.

Health in this community is fair at this writing.

Mrs. Anse Brown spent a few days last week in the hospital at Gorman. Two of their three children were here for the holidays, Mr. and Mrs. Robert Brown and Miss Marjorie Brown were here.

Mr. Vernon Duke and family spent the week end here with his parents Mr. and Mrs. Rufus Duke.

Mr. and Mrs. Less Williams and daughter Pamela and Angela of Alice were here with his parents, Mr. and Mrs. H. H. Williams.

Mr. and Mrs. Helen Walker and children Sherry and Roger of Odessa were here to visit with her parents, Mr. and Mrs. R. H. Abel.

Visitors in the Ethel Keith home Sunday were Mr. Oliver Byrd of DeLeon and his son, Loyd Byrd and two daughters, Bess and Mary. Also Mr. and Mrs. Herbert Keith and Mr. and Mrs. Jack Cox of Antelope, and during the holidays were Mr. and Mrs. Mack Keith of Monahan, Mr. and Mrs. T. R. Wilcoxson and children of Odessa, Mr. and Mrs. Pug Guthery and Karen of Kermit.

Mr. and Mrs. Charlie Worden and children of Kermit and Mr. and Mrs. Chat Ferris of Lamesa visited for Christmas with Mr. and Mrs. Willie Worden.

The Charlie Wordens also visited her mother, Mrs. Nina Lohman of Gorman.

For Christmas dinner in the J. M. Wilcoxson were the J. R. Wilcoxson and Brooks Wilcoxson all of Odessa and Mrs. Shug Sharp of Dublin.

Mr. and Mrs. Jessie Clark of Electra spent the holidays here with their parents, the C. E. Clark and Mrs. Rouse.

Mr. and Mrs. June Frank Eldridge spent the holidays here with his parents, Mr. and Mrs. C. S. Eldridge. The Eldridges expect their daughter to visit some time this week.

Mrs. N. S. Partain of Dublin and Mrs. B. L. Partain of Odessa spent a while Sunday afternoon with her daughter and his sister, Ethel Keith.

Mr. and Mrs. Frank Leazar of Fullerton were Saturday and Sunday visitors with her parents, Mr. and Mrs. John Arnold.

Mr. and Mrs. Homer Joe Sparkman and daughters of Stephenville spent part of the holidays here with his parents, Mr. and Mrs. Jessie Sparkman.

The Scottie Lemasters of Dallas were here for the holidays with both of their parents, the Scott Lemasters and Mr. and Mrs. Charlie Maltby.

Earl Stewart and little daughter Sandra of Penswell spent the holidays here.

The Morris Nances of Midland and the Whit Richards of Breckenridge spent the holidays here in the Genoway home.

Mr. and Mrs. Aury Key of Levelland, the Ernest Keys of Brady and the Sherwood Voorhies of Junction spent the holidays with Mrs. Ethel May and family.

### HEREFORD PRIZE-WINNER

HALEYVILLE, Ala. — Larry Domino 50th, a \$20,000 Hereford, has the right to give other cattle a glassy stare. He is the possessor of a glass eye.

Larry Domino came out the loser in an engagement with a barbed wire fence, but his owner, Dr. R. F. Blake, was not going to let the loss of an eye bar the hefty Hereford from future prizes.

A veterinarian, Dr. Hershell Burgess, and an optical company operator, Jim Clay, combined efforts to design an artificial eye. An ophthalmologist, who preferred to remain anonymous, performed a series of operations to remove the useless eye and replace it with the artificial one.
