

# Close Vote Forecast On Income Tax Cut

By CHARLES F. BARRETT  
WASHINGTON (AP)—Democratic leaders predicted the House would pass a \$20-a-person income tax cut in a bitter showdown late today. President Eisenhower's lieutenants sought to line up a solid "no" vote from Republicans.

Rep. Halleck (R-Ind) said "I think we'll succeed" in killing the tax cut move. Other key Republicans said privately the odds were against them. Both sides conceded the outcome might hinge on a handful of votes.

The Democratic bill would provide a \$20 tax cut, starting next Jan. 1, for each taxpayer and each dependent. It would reduce revenues about \$15 billion dollars for the fiscal year starting next July 1, and about \$2,200,000,000 over a full year of operation.

# Uranium Lease Measure Given House Approval

AUSTIN (AP)—A compromise uranium leasing bill was passed by the House today 96-42. It now goes to the Senate.

Bitter debate preceded its initial approval yesterday, but there was no discussion today before the final vote on the bill.

The House and Senate adjourned until Monday. The Senate held only a brief session that was hardly more than a prayer meeting. It took 20 minutes to have the customary morning prayer, hear introduction of four bills and passage of one minor resolution.

# Crucial Debate Underway On German Arming

By GEORGE BOULTWOOD  
BONN, Germany (AP)—Overriding a Socialist motion for postponement, the lower House of the West German Parliament today opened a crucial three-day debate on the Paris treaties to arm 500,000 Germans in Western Germany.

Most observers agreed with government predictions that the pact would win final approval. Armed anti-air police guarded the Parliament building against possible demonstrations as the Bundestag brushed aside the opposition Socialist move on a show of hands.

# T33 Cracks Up At Sweetwater; Fliers Unhurt

An instructor and a cadet were uninjured Wednesday afternoon when their T-33 jet airplane crashed at Webb Air Force Base's auxiliary landing strip at Sweetwater.

Lt. Dan H. Ernest and Cadet Billy L. Green walked away from the plane just before it burst into flames.

The aircraft had landed short of the runway. Webb authorities stated, and the accident is now being investigated by a flying safety team. The mishap occurred at 5:05 p.m.

# Court Martial Organized For Murder Hearing

The first half day of the murder trial of Vincent Price, Newark, O., airman, was spent in organizing the general court martial at Webb Air Force Base.

First testimony in the case was expected early this afternoon. Price is charged with murdering James H. Knox, another airman, at the base last Dec. 23. Knox died of knife wounds.

# Struck By Truck, Child Is Injured

FORT WORTH (AP)—Barbara Ellen Harrell, 3, daughter of Mr. and Mrs. Peirrepoint Harrell, formerly of Sherman, was in critical condition today.

The child suffered head injuries and a fractured leg yesterday when she was struck by a panel truck.

Police said the girl darted into the street in front of the truck. The 17-year-old driver was not held.

NEW PREMIER  
Edgar Faure

# Faure's New Government Tackles Host Of Problems

By HARVEY HUDSON  
PARIS (AP)—Faced with a mass of accumulated big problems, ministers in Premier Edgar Faure's new government plunged today into the task of learning their jobs quickly in advance of urgent decisions.

The National Assembly ended a 19-day government crisis last night by approving 309-210 Faure's bid to head France's 21st post-liberation government.

While most of the ministers have had previous Cabinet experience, they must catch up on the details of their new posts before venturing far in policy decisions.

These are the Cabinet's most urgent problems:

# Paul Douglas Says He Has Been Defamed: Asks Million

LOS ANGELES (AP)—Actor Paul Douglas has sued Paul Gregory and Gregory Associates, Inc., for a million dollars, alleging defamation and injurious falsehood.

Producer Gregory canceled a national tour of "The Caine Mutiny Court-Martial," in which Douglas starred as Capt. Queeg, after uncomplimentary remarks about the South were attributed to Douglas in an interview in the Greensboro, N.C., Daily News last Jan. 21.

Douglas has denied that he said "the South stinks; it is a land of squalor and segregation."

# Series Of Fires Cause Abandonment Of Luxury Yacht

MIAMI BEACH, Fla. (AP)—Tobacco heir Richard J. Reynolds and his wife were forced to abandon their 53-foot yacht Scarlet O'Hara early today because of a series of fires which broke out while the luxury craft was at sea.

Mr. and Mrs. Reynolds took to a lifeboat with the yacht's captain and safely reached the beach by rowing and spreading a tarpaulin as a sail. The Scarlet O'Hara burned and sank.

The Coast Guard said a fuel leak developed and fire broke out at 2 a.m. while the vessel, known in boating circles as an express cruiser, was five miles off Miami Beach en route here from Nassau.

# Radars Curbs Speedsters?

Something—possibly radar—apparently has discouraged the practice of speeding on highways in this area, local Highway Patrol officers say.

The officers used radar equipment to observe the speed of traffic near Ackerly on Highway 87 Wednesday. Patrolman Amon Jones said only 12 violators were spotted.

He said he and Patrolman Jimmy Parks have noticed a sharp decrease in the number of speeders in recent weeks.

The officers also called attention to a sharp drop in the number of highway mishaps in this area during the same period. No fatal accidents have occurred since Dec. 19. Few others of any consequence have occurred. There were 12 traffic deaths in the county last year.

Patrolmen said the district radar equipment is used in this area about once a week.

# Final Judging At San Antonio Show

SAN ANTONIO (AP)—Final judging events were on tap today at the San Antonio Livestock Exposition.

On the day's schedule were dairy cattle, including the junior dairy show, Angora goats, South-down and Suffolk sheep.

An auction of Santa Gertrudis cattle was scheduled for the afternoon.

# Move To Strengthen Southeast Asia Pact Set Up Committee On Military Affairs

By OLEN CLEMENTS and DON HUTH  
BANGKOK (AP)—Manila Pact nations took specific steps today to implement the Southeast Asia Defense Treaty against Communist aggression and subversion south of Red China's borders.

The eight-nation conference set up a Council of Representatives with ambassadorial status and headquarters in Bangkok.

Then the member nations approved the formation of a committee on military affairs. Military attaches attending the meeting were right to work, although few of them are expected to be on the permanent committee which will be named later.

With that out of the way, the delegates swung into a discussion of anti-subversion action and overall economic problems in this part of the world.

U.S. Secretary of State Dulles told the conference that a general answer to Red subversion would not be found in the present meeting. But he said the United States would be prepared to designate a security representative to sit with representatives of other nations and work out details of future plans.

Australia's minister of external affairs, Richard G. Casey, said that no country at the moment was trying to meet the economic needs of Southeast Asia. He added "that the treaty organization must consider the countries most directly threatened—Laos, Cambodia and South Vietnam."

Dulles gave a dinner tonight for British Foreign Minister Anthony Eden and Casey. Beforehand, Eden told newsmen he expected the question of Formosa to be discussed, but there were no reports how the conversations went.

Dulles stressed the importance of Formosa to the over-all defense of Southeast Asia in his talk to the closed conference yesterday.

In a sweeping review of the Far East situation he said potentially greater dangers face the free world now because of internal pressures on the Communist hierarchy.

In the face of these dangers, he stressed, not only the resources of Formosa but those of South Korea, Japan and Indochina are deeply involved in Southeast Asia security and he wished they were represented at the Bangkok conference.

Twenty South Korean divisions and 300,000 Nationalist Chinese troops ready to fight in Formosa and the offshore islands put a damper on Red China's warlike ambition in the Far East, he said.

Northern, central and southeast Asian forces, together with the mightiest U.S. Pacific fleet and air striking power in history, make Red China chary of starting what might develop into a three-front war which China wants to avoid, he said.

He said Chiang Kai-shek's government on Formosa and Syngman Rhee's Republic of Korea must be maintained.

In the closed meeting yesterday Dulles ticked off these components of the American force he said could strike anywhere in the Pacific:

A fleet of 400 warships including carriers and 300,000 men. Five divisions of 350,000 men. Thirty squadrons of Air Force jet bombers and interceptors plus other strategic forces.

He argued against breaking up this powerful force and assigning parts of it to Manila Pact nations. He urged instead that it be kept intact, able to strike anywhere needed and that the separate nations add their strength to that of the U.S. Pacific force.

# Lions' Minstrel Starts Tonight

Curtain on the eighth annual Lions Minstrel goes up for the initial performance at 8 p.m. today at the City Auditorium. Final show is set for the same hour Friday.

Members of the cast went through dress rehearsal Wednesday evening, including plans for the traditional candy sale at intermission.

All net proceeds from the production go to the Lions Club charity fund, including aid to the Lions League of Texas camp for crippled children and for the blind and sight conservation work.

# Cold Wave Fizzles Out

By The Associated Press  
Dry cold hugged most of Texas Thursday as a norther without too much bite spread southward.

The only rain forecast was a light fall near the coast.

The Panhandle was due to sliver in 15-25 degree weather before warming up Friday.

Temperatures of 20-30 were predicted elsewhere in West Texas, except in the Del Rio-Eagle Pass area where they will be warmer. In East Texas, 30-40 degree weather was predicted.

Earlier, it had been expected the new surge of cold air would pack a harder punch.

# Measure Offered For Veterans Day

AUSTIN (AP)—Nov. 11 would be designated as "Veterans Day"—combining several observances—under a bill ready for Senate floor action.

It would consolidate Nov. 11, Armistice Day; May 8, World War V-E Day; Sept. 2, World War II V-J Day; and Dec. 7, Pearl Harbor Day, into one holiday.

# IT'LL BE DIFFERENT NOW Ike's Messages To Rayburn Went In File 13 By Mistake

WASHINGTON (AP)—A wastebasket held the letters today to the vice president of what has happened to Speaker of the House Rayburn's advance copies of messages President Eisenhower has been sending to Congress.

They've been going to the wastebasket instead of to the speaker because of a breakdown in Democratic communication lines. And that discovery, after a little diligent digging by newsmen, may have averted a potential rift between the government's legislative and executive branches.

It's a good bet that from now on Rayburn will get his copies now.

It seems that Republican House leaders, as well as Washington newsmen, have been receiving advance copies of messages but Rayburn, official head of the House, had gotten his from Republicans or not at all.

He had not complained publicly, but privately had let it become known that he did not like it. A reporter called Rayburn's dissatisfaction to the attention of the President at his news conference yesterday. The President expressed surprise and said Rayburn, as well as other members of Congress, had a standing invitation to consult with the White House at any time.

Subsequently, James C. Hagerty, presidential press secretary, said

Dulles At SEATO Conference

U. S. Secretary of State John Foster Dulles (left) speaks at the opening session of the SEATO conference in Bangkok, Thailand, assuring the Manila pact nations the U. S. is prepared to stand firmly behind its military commitments in the Far East. Next to Dulles is Counselor Douglas MacArthur of the U. S. State Department. (AP Wirephoto).

# Civilians Moved Off Red-Menaced Island

By SPENCER MOOSA  
TAIPEI, Formosa (AP)—Nationalist China said today all civilians had been withdrawn from tiny Nanchishan, a Red-threatened island outpost 140 miles north of Formosa.

The withdrawal seemed an almost certain prelude to a military evacuation. The island is reported garrisoned by some 5,000 regulars and guerrillas.

There were approximately 2,000 civilians on Nanchishan, a three-square-mile island 23 miles off the Red mainland, and the northernmost anchor of Chiang Kai-shek's island chain.

The action follows by less than three weeks the Nationalist evacuation of the Tachen Islands, 200 miles north of Formosa.

Army commanders had been pressing for a finish fight at Nanchishan, but the general staff overruled them because there was no possible hope of U.S. support in its defense.

The island is outside the Formosa Strait and, in the U.S. view, not essential to the defense of Formosa and the Pescadores, which President Eisenhower has promised to guard.

Earlier today, official sources denied Nanchishan was being evacuated. They said air and naval blows against the Reds had lessened, for the time being, the Communist threat there.

The latest reported strikes against the Reds were delivered last night by three waves of planes based on Formosa.

Air force headquarters claimed one Communist craft — type and size unspecified — sunk, and heavy damage inflicted on military installations on the small Red-held islands of Chotushan and Peilungshan, both north of Nanchishan.

Press reports said Nationalist warplanes delivered further attacks today against Red craft in the vicinity of Nanchishan. There was no official confirmation.

# Hearing Stated On New Utilities Bill

AUSTIN (AP)—Public hearing on a bill to set up a statewide public utilities commission has been set for Monday at 7:30 p.m.

Rep. Robert Patten of Jasper is author of the bill. It would provide for regulation of telephone, gas and electric utilities.

Patten said only a commission could cope with "gigantic" utility monopolies.

DALLAS (AP)—Chance Vought Aircraft Co. announced a multi-million dollar subcontract from North American Aviation Inc. yesterday. The Chance Vought firm said the agreement would provide jobs for about 300 employees who had been facing a layoff.

# THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy this afternoon tonight and Friday. Cooler this afternoon and tonight. A little warmer Friday.

High today 44, low tonight 25, high tomorrow 50.

Highest temperature since this date 98 in 1946, lowest this date 18 in 1914. Maximum wind gust 18 m.p.h. in 1923.

### Mary Margaret McBRIDE SAYS

A book of prayers has recently become an American best-seller. Magazine articles that tell of the comfort of prayer are read eagerly by anxious thousands. Ministers say that churches are filled at every service with crowds seeking spiritual sustenance. Everywhere is apprehension, fear and need for re-assurance.

### Miss Jones Is Bride Of Walter White

In a single ring ceremony at the home of her grandparents, Mr. and Mrs. W. F. Smith, Nannalee Jones became the bride of Walter White Saturday evening. She is the daughter of Mr. and Mrs. W. L. Henry, 2300 Nolan. The bridegroom is the son of Mr. and Mrs. Horace White.

The Rev. J. W. Arnett, Baptist District Missionary, officiated at the couple repeated wedding vows. For her wedding, the bride chose a two-piece frock of ice-pink faille and wool jersey. For something old, she wore some beads over 100 years old, and something blue was the tassel on them. Her brown accessories were something new, and she had borrowed the white Bible which she carried. In her shoe was a penny.

Melba Jones attended her sister as maid of honor. She wore a two-piece dress of aqua with a white carnation corsage. Wally Engdahl of North Branch, Minn. was best man.

### Mrs. Carlile Back From College Station

STANTON — Mrs. Lewis Carlile has returned from College Station where she was on a committee to judge 4-H girls' record books for state THDA scholarships. The committee will visit the girls' homes April 4-14.

Mrs. Martin Vavra and son, Dennis, accompanied Mrs. Carlile to Bryan, where she will visit her family.

Mr. and Mrs. Bascom Bridges and sons, Bud and Mike of Big Spring, were visitors in the home of Mr. and Mrs. G. A. Bridges.

### Party Aprons

Gay, festive, tea-and-party aprons are designed for complete-catching as well as kitchen chores.

Send 35 cents in coin (no stamps, please) for each pattern, with Name, Address, Style No. and Size. Address PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station, New York 11, N.Y. (Please allow two weeks for delivery.)

the globe will stop whatever they are doing to make — some loud, other silently — each his own plea for peace and for help in solving personal as well as international troubles.

There is comfort in the mere fact that a World Day of Prayer exists. There is hope because men and women of good will care to meet in a demonstration of faith.

Prayer can be many things; a murmur of thanks, a protest against injustice, a plea for forgiveness and enlightenment. If any man lack his own tomorrow, I suggest he borrow, from the best-selling book, "Prayers of Peter Marshall," the prayer the late chaplain of the U. S. Senate made one year for the day when all the world prays together.

Chaplain Marshall confidently believed that great things happened when he — or anyone else — prayed. He insisted that goals of peace and brotherhood in the world could never be achieved unless they were first the goals of individuals. So he counseled personal prayer, multiplied millions upon millions of times.

And this is Peter's petition for the World Day of Prayer: "Father of all mankind, we come in deep humility, giving Thee our thanks and praise. Here and now we confess our sins. Forgive us our mistakes and transgressions."

"Grant us faith to look with fearless eyes beyond the chaos of our world and time, knowing that out of this shall rise, lifted by Thy grace, peace with justice and a time of brotherhood."

"Vouchsafe unto us the will to work together. Create within us the unselfish purpose of Thy son, who gave His life for all peoples, and may our deeds reflect the mind of Christ. Remove from us greed and suspicion."

"Lift us above pettiness and destroy the hate that is the great destroyer. Throughout the earth, may that which we profess come alive in human relations."

"May we serve Thee better and love Thee more, that Thy kingdom may come on earth as it is in heaven. . . Amen."

### Lutherites Make Visits, Have Guests

LUTHER — Mrs. Ellen Waterson of Austin was a recent visitor of Mrs. Rubye Simpson.

Mrs. James Brady underwent surgery recently in a Big Spring hospital.

John Couch, who received surgery on an arm last week in Galveston, is reported to be improving nicely and Mrs. Couch has returned home. He will remain in Galveston several days.

Mrs. N. M. Smith visited her mother Mrs. E. A. Smoot in Snyder.

Cub Scout Master Neil Spencer, Cub Scouts from Dens One and Two, Morris Clanton and Mr. Clintindon enjoyed a weiner roast recently.

Mrs. E. N. Phipps, Mrs. John Couch, Anette and Martha visited Mrs. Phipps' sister, Mrs. Susie Hill, in San Angelo.

Visitors in the W. E. Hanson home were Mr. and Mrs. Jerry Sanders of Big Spring, Mr. and Mrs. Jack Hanson and Jackie of Big Spring and Mr. and Mrs. W. W. Davis of Big Spring.

Mr. and Mrs. N. M. Smith were dinner guests of Mr. and Mrs. W. D. Anderson.

Alice Bryson of Lomax visited her sister, Marie Bryson. Evelyn Hanson visited Barbara Hale in Big Spring.

Mrs. Dean Self is at the bedside of her mother, Mrs. R. M. Jones, who is seriously ill in an Abilene hospital.

Connie Crow attended the HCJC basketball game in Amarillo with a group of HCJC students.

### Courtney HD Club Makes Donation To Polio Foundation

STANTON — The Courtney Home Demonstration Club donated \$10 to the Polio Foundation when members met in the Stanton homemaking cottage.

Mrs. Mildred Elland, home demonstration agent, continued the study of clothing construction. She gave a demonstration on inner linings and tailored buttonholes.

Refreshments were served by Mrs. Ohmer Kelly to 13 members.

Stanton Rebekahs attended the Rebekah Lodge joint meeting in Big Spring.

Stanton High School seniors were honored at an annual tea in the home of Mrs. James H. Billington by the Stanton Study Club.

The refreshment table was laid with a red net cloth over red taffeta. A centerpiece, made of white styrofoam, was covered with white net and entwined with red roses.

### Height And Posture

Warner Bros. actress Pat Blake chats with your beauty columnist Lydia Lane today about how her height proved to be an asset. She'll soon be seen in "Jump Into Hell."

### HOLLYWOOD BEAUTY Has Basic Exercises To Keep Trim Figure

By LYDIA LANE  
HOLLYWOOD—Pat Blake won a term contract and a role in "Jump Into Hell" at Warner Bros. because bossman Jack L. Warner was impressed by her wholesomeness when he saw her picture on a national magazine cover.

"The studio went to quite a bit of trouble to find me," Pat told me as we had tea in her dressing room, "because I was traveling at the time. But one of the first things they told me was that I would have to lose my Texas accent. (Pat hails from Dallas).

"I studied with a coach who made me read aloud and particularly watch the endings of words. It was hard work," Pat confessed. "Well, you did a good job," I commented. "I can't detect the slightest trace of an accent."

"I think the voice plays such an important part in making a person pleasant to be with that I think everyone should try to cultivate an agreeable way of speaking. The first time I saw myself on the screen proved to be quite a shock—especially my voice. I had always thought Southerners talked attractively but I confess I was difficult to understand."

"Pat stands 5' 7" without heels but said her height was never a problem. "That is, except when I dated short men," she added. "But strangely enough, they didn't seem to mind."

"It's a mistake for women to worry about the things they can't change. In high school I made myself miserable because I developed earlier than the other girls, but my height proved to be an asset later on."

"A tall girl needs to be doubly careful of her posture and the way she handles herself," Pat went on. "or she can look pretty awkward."

I wanted to know if Pat exercised. "I have a 15-minute workout every day. I turn on the radio to music and this makes exercising more pleasant. I have worked out three routines which I think are pretty basic."

"First I lie on the floor, rise slowly to a sitting position, then slowly lower my back down to the floor again, keeping my heels flat on the floor. I do this about 20 times. It's a sure way to keep the tummy flat."

"The next one is for the waist. I stand with feet apart, clasp my hands high above my head and swing as far as I can to one side, and then the other. I do this about 10 times. If you do this regularly you can take inches off your waistline."

"The third exercise is to keep the spine limber and make you more graceful. Lie on the floor, legs stretched out. Keeping your knees stiff, rise to a sitting position and then bend forward as far as you can, trying to kiss your knees. I do this for a count of ten."

Pat's trim little figure was a good testimonial for the effectiveness of these exercises.

MORE EXERCISES  
Pat's three exercises are good and basic. But if you'd like to go into it further, say to reduce your hips, your abdomen or your legs or ankles, then leaflet M-5, "Exercises of the Stars," is just the thing for you. To get a copy just send 5 cents AND a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Big Spring Herald. Remember, it's leaflet M-5.

### Mrs. Lovelace's Family Gathers

GARDEN CITY — Relatives of Mrs. D. M. Lovelace helped her celebrate her 102nd birthday at a dinner in the home of Mrs. D. W. Parker.

Attending were Mr. and Mrs. T. R. Lovelace, Mrs. A. T. Rogers, Mr. and Mrs. T. L. Lovelace and Tommie Sue, all of Big Spring, Mr. and Mrs. W. W. Rogers and children of Corpus Christi, Mr. and Mrs. Earl Bailey of Abilene, Mr. and Mrs. A. A. Rogers and family of San Antonio, Mr. and Mrs. O. L. Robertson and family of Tarrant, Mr. and Mrs. Carlos Warren and grandchildren of Coahoma, Mr. and Mrs. Pugh of Tahoka, and Mr. and Mrs. W. J. Williams of Garden City.

Camellia Growing  
Camellias are not hard to grow, says the American Association of Nurserymen, and they offer incomparable flowers. Some varieties grow in the coastal states as far north as Maryland, and on the Pacific coast to British Columbia. They are constantly being tested and bred for hardiness in more northern states and a fortune awaits anyone who can breed a completely hardy variety.

### Early Plants Add More Garden Beauty

Weeks more of summer color from flowering annuals can be enjoyed in gardens by starting plants under protection before freezing weather ends.

The greatest gain in added beauty comes from flowers that grow slowly, taking as much as ninety days to bloom from seed. Most popular of these are snapdragons, petunias and asters, which develop slowly to flowering size.

Time may also be gained with tender varieties, which might be killed if sown in the garden before danger of frost is over. Among these are acrocalium, dimorphotheca, lobelia, marigold, petunia, phlox drummondii, scabiosa, verbena and sinia.

Sweet peas, though hardy, can be started early with advantage if the seeds are sown in plant boxes so the plants can be set in the garden without disturbing their roots.

Besides the gain in time, there are other advantages from starting flowers in seed boxes, even if this is done outdoors when the garden. Better care can be given the infant plants growing in a box. The boxes can be kept where it is convenient to water them daily, and moved to shade when the sun grows too hot.

All the seed sown in boxes can be made to produce plants by transplanting the seedlings to other boxes while they are tiny. Each plant can then be set exactly where it is needed most easily and accurately than where seed is sown direct. The latter course usually involves thinning out plants with considerable waste.

Tender, slow growing vegetables are usually started early before their seed could safely be sown outdoors. Tomatoes, peppers, and egg plant for home gardens are given this head start through most of the country.

### State P-TA Heads Visit In Stanton

STANTON — Mrs. F. C. McConnell of Austin, state chairman of P-TA life memberships, addressed the Stanton P-TA at a meeting Tuesday night at the gymnasium.

Other officials attending included Mrs. Stanley Erskine, state vice president, and Mrs. Raymond Leggett, District 6, vice president, both of Midland.

A. E. Johnson gave the invocation. Mrs. John Wood directed the fourth and fifth grade choral group in singing the state P-TA song.

Mrs. John F. Priddy was mistress of ceremonies for a Founders' Day program. Taking part in "The Marriage of Home and School" were Mr. and Mrs. Jack Davis and Stanley Reid. A. W. Johnson led group singing. Mrs. James Jones and Mrs. H. P. Morrison planned the program.

### P-TA Plans Talent Show

COAHOMA — The Coahoma P-TA is sponsoring a talent show set for March 4 at 7:30 p.m. at the high school auditorium. Admission will be 25 cents and 50 cents. The money made will be used to purchase a merry-go-round for the primary playground.

Anyone wishing to compete in the contest is asked to register with Mrs. C. T. Pyate, chairman, or Mr. Fishback at the school. Prizes are to be given. About 60 students and contestants are expected to appear on the show.

Mrs. Mason, public school music teacher, is in charge of the musical arrangements.

The T.E.L. class of the Coahoma Baptist Church held a monthly business and social meeting in the home of Mrs. Rosie DeVanny recently. Mrs. T. H. McCann Sr., vice president, presided at the business hour. Mrs. McCann was elected to serve as assistant secretary.

Mrs. J. A. Westmoreland, teacher, discussed "Christian Freedom." Those on the program were Mrs. W. C. Hutchins, Mrs. G. W. Graham, Mrs. Ola McGuire, Mrs. C. A. Coffman and Mrs. Rufus Fowler.

Mr. and Mrs. Buster Cauble and Jeannine, Mrs. J. P. Cauble and Mrs. B. J. Petty and Marie have returned from San Antonio where they attended the stock show and rodeo. They also visited friends.

### Prayer Day Slated For Tomorrow

Tomorrow, the first Friday in Lent, will mark the observance of World Day of Prayer, with services to be held at 3 p.m. at the First Presbyterian Church. All women of the town are expected to participate.

Christians around the world are united on this day in a common service of prayer and praise, with the observance beginning in the Tonga Islands. It will close with the services on St. Lawrence Island, Alaska.

Projects for the year 1955 are education of women leaders in colleges in the Orient and Africa, distributing Christian literature for women and children around the world and service by the Committee of Friendly Relations Among Foreign Students to about 35,000 students in the United States.

The high school choir, directed by J. Johnson and accompanied by Jack Hendrix, will sing. A dramatic skit, "Fruit of the Vine" will be given by a group from junior high school. They will be directed by Mrs. Zollie Mae Rawlins.

A service for children will be held Saturday morning at 10 a.m. at Wesley Methodist Church. Mrs. H. N. Clemons is in charge of arrangements.

### Barbara Howerton Honored At Party

An autograph book, filled with names of friends, was given to Barbara Howerton at a farewell party Wednesday afternoon. Hostesses were Pat Fannin, Gretchen Bruden and Freeda Eudy. Miss Howerton will soon move to New Mexico to make her home.

The group went to the City Park where games of softball were played. Attending the party were Elena Patterson, Sheila Patterson, Charlotte Doniver, Anne Homan, Leona McDougle, Paul Fannin, J. W. Turney, Tommy Rutledge and Joe Smith.

### Mrs. Tucker Wins At Newcomers Club

Mrs. A. W. Tucker won high score at the Newcomers Bridge Club Wednesday at the Settles Hotel. Mrs. William Jennings won second high and Mrs. Wayne McKee the traveling prize.

The group made plans for a husband's night to be March 4.

### Newcomers Coffee

Officers' Wives will welcome newcomers at the monthly Newcomers Coffee Friday beginning at 9:30 a.m. in the Ellis Hall lounge. Mrs. Rudolph D. Rasmussen, who is in charge, will be assisted by members of the spotters committee.

CITY HOME DEMONSTRATION CLUB will meet at 3 p.m. in the home of Mrs. W. B. Goodlett Jr., 1803 Optala. The program will be on "Planting Shade Trees."

### EXCLUSIVE IN THE MARCH JOURNAL

The intimate story of growing up in the Royal Dutch Household. "Born to be Queen" It's the human side of Europe's least-known royal family and their four charming princesses

Here is the never-before-told, tender story of young Princess Beatrix, who is being groomed to be Queen of the Netherlands. Meet shy Queen Juliana, her charming husband Prince Bernhard, staunch Wilhelmina, former Queen, seen by the royal family's beloved nurse "Zussie," now Baroness Roodl. It's like a fairy tale—palace living coupled with thrifty Dutch housekeeping—efforts to protect the princesses from public pampering and publicity. More thrilling than fiction... Begin it in the March Ladies' Home Journal. Out today on all newsstands!

# Land Scandals Have Developed 200 Indictments

CUERO, Tex. (AP)—Nearly 200 criminal indictments involving deals in the state's veterans land program had been returned today as a state Senate committee recessed its investigation of the 100-million-dollar program.

The DeWitt County grand jury yesterday returned 159 indictments involving six men in the scandal-ridden land deals. Earlier in the week, the Bexar County (San Antonio) grand jury returned 29 indictments against two men.

The program has been under searching probes since November when it was hinted that "irregularities" existed in the program. Long-time Land Commissioner Bascom Giles resigned in the face of the mounting probes. Accusations, charges and insinuations have flown thick and fast.

Named in yesterday's indictments were Cletus Ernest, Cuero, promoter and commercial air pilot; an oil and real estate promoter, T. J. McLarty, now of Denver, Colo., but formerly of Cuero; W. T. McLarty, former Cuero businessman now retired and living in Bryan; S. Ledbetter, Cuero notary public; Ted Preusser, Cuero notary public; and Henry (Shorty) Robinson, Cuero, a Negro caretaker at the Cuero Country Club.

Ernest, the younger McLarty and Preusser are war veterans. State Atty. Gen. John Ben Shepard, who said he came to Cuero at the grand jury's request to prepare exhibits for it, said other investigations were under way in Travis, Uvalde, Zavala, Kleberg, Dimmit, Karnes, Guadalupe, Brown, McCullough, Kinney and Maverick counties.

The attorney general has said that "several hundred" indictments would be returned before the grand jury's return through with their probes.

Meanwhile, Senate investigators in Austin, questioned Earl J. Hutcherson of Uvalde yesterday before they recessed until March 8. Senator Jimmy Phillips, Angleton, a leader in the Senate investigations, inquired in detail into a transaction in which Hutcherson sold a 650-acre Uvalde County farm to 22 veterans last year.

Hutcherson testified that a Uvalde real estate firm handled all the details. He added that he made an \$80,000 profit on the deal.

Hutcherson also testified that he made the down payment for all 22 veterans who bought the land, that he leased it back for three years at \$8,000 per year, equal to the annual payments on the property.

Officer Was A 'Wreck' While A Prisoner

FT. SILL, Okla. (AP)—A defense witness testified yesterday at the Maj. Ambrose H. Nugent general court-martial that the 45-year-old career officer appeared to be a mental and physical wreck while in a North Korean prison camp.

Maj. Clifford Allen, 35, Negro officer from Los Angeles, was the 13th witness in the defense presentation. Nugent is charged on nine counts of collaboration.

The witness said Nugent was "jumpy, extremely nervous . . . and could never bring a subject to conclusion in conversation." Allen testified he suspected Nugent's sanity from the first day he arrived at the Pyongyang camp.

"He introduced himself to me as Mr. Nugent. I knew then something was wrong," he said.

Allen, a graduate of Northwestern University, said he suspected some of the POWs of informing on fellow prisoners. In reply to a question from a court member, however, Allen said, "I had no reason to suspect Maj. Nugent."

The witness testified he considered Nugent "way off his rocker" on matters of food. Allen said Nugent collected menus, would ask the prisoners how their mothers made baked Alaska, Boston baked beans and other things. "He talked about maple syrup," Allen told the court, "and said when he got to his home in Merrill, Wis., he was going to ship a bunch of cheddar cheese to New England and trade it for maple syrup."

Nugent faces a possible life sentence if convicted. He is accused of making propaganda broadcasts, circulating phony peace petitions, offering to aid the enemy and preventing the escape attempts of fellow prisoners.

He contends his actions stemmed from a desire to protect the lives of fellow POWs as well as his own.

To Propose Statute For Water Compact

WASHINGTON (AP)—Legislation to authorize Arkansas, Louisiana, Texas and Oklahoma to negotiate an interstate compact for Red River water division will be introduced shortly, Rep. Brooks (D-La.) says.

Brooks said yesterday the bill's introduction is being delayed so it can be introduced simultaneously by congressmen from all states involved.

# Fatal Stabbing

DALLAS (AP)—Arguments over a \$3.80 Christmas loan payment resulted in the fatal stabbing here yesterday of Lynn Warren Davis, 26, a loan company collector, police said. A 33-year-old Negro truck driver, who surrendered to police, was held for investigation of murder.

Missed The Turn But She Lived

This car missed a sharp turn in Astoria, Long Island, dived through a guard rail and hung precariously over the East River. An emergency squad of police came and shoved a plank to the car door so the driver, Gertrude Wippert, 45, could crawl out with a rope tied around her body to assist in the exit. She was hospitalized for her injuries. (AP Wirephoto).

# HURT BY RECENT LOW YIELDS

## Area Farmers Call For Boost In Cotton Acreage Allotment

COLORADO CITY — Area farmers and businessmen meeting here Wednesday called for immediate action on a proposal for increasing cotton acreage allotments in this portion of West Texas.

It was revealed at the meeting, held in the Chamber of Commerce offices, that the 11 surrounding counties had the lowest per acre cotton yield in the state over the past three years.

Those present at the meeting felt that these counties — Howard, Mitchell, Nolan, Scurry, Fisher, Midland, Borden, Glasscock, Sterling, Andrews, and Schleicher — should be declared a disaster area.

Program of action outlined calls for contacting congressional representatives and State Agriculture Commissioner John C. White as soon as possible. Telegrams were sent to all yesterday, and other information is to be relayed today.

The 40 some odd representatives voted to meet again Tuesday at 2 p.m. to crystallize their line of attack in obtaining federal aid, and a resolution committee will gather in Colorado City Saturday morning in an advance planning session.

Figures presented in Wednesday's session showed that the yield in the 11 counties during the three years between 1951 and 1953 averaged less than one fourth of the yield average of 1948 and 1950, good years.

"The forgotten man in this area has been the plain old cotton farmer," said Will Jones, member of the agriculture conservation committee of the Colorado City Chamber. It was Jones who compiled the figures on cotton yield.

"This area is the most drastically affected area in the state . . . and I imagine in any other state," Jones said. "Some farmers say right now that if they made a bale of cotton per acre this year they couldn't get even with the world."

Joe Bell, president of the Colorado City Chamber, pointed out that Representative George Mahon has already been contacted concerning the problem and is sympathetic toward the increased cotton acreage allotment demands.

However, Mahon said that an amendment to the law is necessary, according to Bell. The congressman urged that support be gathered for the movement, Bell explained, and yesterday's meeting was the result.

The proposed change in the allotment program so that area dryland farmers can plant more cotton acres would necessarily mean that the entire nation's program be changed. It was pointed out by Raymond Perdue, chairman of Wednesday's session.

It was agreed by those present that any increased acreage program would have to be made flexible so that any disaster area—not just the immediate 11 county area—could be included.

The determining factor of a disaster area would be the yield as

compared with the normal years of 1948 and 1950.

"In these 11 counties production was less than one-fourth of the 1948 and 50 averages for the next three years," Jones said. "If that's not disaster, I don't know what else you would call it."

It was pointed out that any other county falling in the same category should also be declared a disaster area available for more cotton acreage allotments. The increase would not affect the national quota appreciably, it was explained.

Everyone at the meeting pledged support for the program, but caution was expressed by a number of those attending. Telegrams were fired to Congressmen Mahon and Omar Burleson and to Agriculture Commissioner White, who is now in Washington.

It is hoped that White will be at next Tuesday's meeting.

Ralph White of Coahoma, president of the Howard County Farm Bureau, said that he thought all 700 members of his organization would be in favor of the increased allotments if the area is declared a disaster area. He said he would not ask for an increase in the state allotment.

Robert Currie, Big Spring banker, stated that it would also be well to have various organizations in the area contact the congressmen by telegram. He expressed doubt that the allotment could be increased this year because of the late start.

# 90 Pct. Parity Support OK'd Another Year

By OVID A. MARTIN

WASHINGTON (AP)—Farmers were assured today of a continuation of cotton price supports at 90 per cent of parity for another year, and a farm organization leader predicted there will be no reduction for several years at least.

The Agriculture Department announced late yesterday the 1953 cotton crop will be supported at the maximum leveled by the administration's new flexible farm price support law and at the same level in effect for several years.

Earlier in the day, Walter Randolph, vice president of the American Farm Bureau Federation and an Alabama farm leader, told the House Agriculture Committee he expected the 1956 and 1957 crops to be supported at the same 90 per cent level.

Under the flexible support law, price floors for five basic crops—cotton, wheat, corn, rice and peanuts—may range between 82½ and 90 per cent of parity this year and between 75 and 90 per cent thereafter.

Support rates may vary in relation to supplies.

In forecasting extension of cotton supports at 90 per cent of parity beyond this year, Randolph said he expected cotton production control programs to prevent the further accumulation of surpluses.

So far, wheat is the only basic crop to draw 1955 supports at less than 90 per cent. The wheat rate will be 82½ per cent of parity. Wheat is plagued by a larger surplus than any other crop.

The department has yet to announce 1955 supports for corn, peanuts and rice.

Must Feed Sheep Stranded In Snow

RAWLINS, Wyo. (AP)—Measures to free and get feed to 24,000 sheep stranded by deep snowdrifts were mapped yesterday by Rawlins County wool growers. County Agent Dean Robinson said the sheep are not in serious condition yet, but "unless we can get feed to them in two or three days they will be."

CHEYENNE, Wyo. (AP)—Col. W. A. R. Robertson, Warren Air Force Base commander, is being reassigned to Randolph Air Force Base in Texas.

Midland To Vote On Improvement Bonds

MIDLAND — Bonds totalling \$2,500,000 will be up for consideration of voters here April 5.

Of the amount, \$2,000,000 will be in proposed revenue bonds and the remaining half-million in general tax obligation bonds.

Biggest chunk is \$1,500,000 in revenue bonds for water bonds and \$400,000 in revenue bonds for sewer improvements and extensions.

The tax bond proposals include \$125,000 for a fire station and equipment, \$280,000 for street improvements and \$115,000 for water system developments.

# Trinity Navigation Argument Renewed

By BO BYERS

AUSTIN (AP)—The long fight over making the Trinity River navigable from Fort Worth to the Gulf was renewed last night.

People from the coast to Dallas and Fort Worth said it is time to make the canal dream come true. They said development of the Trinity watershed on a "master plan" basis by a single agency is long overdue.

Strong opposition came from spokesmen for Texas railroads, railway transportation employees, and farm bureaus of Ellis and Rockwall counties.

Rep. Barefoot Sanders of Dallas, author of the bill, told the House Conservation and Reclamation Committee at the end of a four-hour hearing that he thought the large number of people present in favor of the bill indicated how much it is wanted.

Delegations totaling 224 people from the 19 counties in the proposed Trinity River Authority stood up to indicate support.

The bill was sent to subcommittee for two weeks' study.

# Topeka Shivers As Gas Cut Off

TOPEKA, Kan. (AP)—Residents of this city of nearly 100,000 and seven other communities shivered in subfreezing temperatures today after a pipeline break cut off the area's gas supply.

The majority of homes use natural gas for heating.

Appliance stores reported a run on electric heaters. There also was a rush to buy ready-cooked foods.

The break in the 16-inch transmission line of the Cities Service Gas Co. was caused by a defective weld. It has been repaired, but it may be 24 hours before service can be resumed to all buildings.

Workmen had to turn off each individual connection and then turn them all back on again. The disconnections are necessary to eliminate all hazards when the gas pressure is restored.

Approximately 32,000 homes and business places were affected.

Hospitals, most commercial establishments and industries have a standby fuel such as oil and were not affected.

Most schools were dismissed. They are heated by standby fuels but the city opened them to families as emergency shelters.

# Fire Captain Dies On Duty

WASHINGTON (AP)—A veteran fire captain died early today battling flames that swept a downtown shoe repair shop and a hardware store. At least 10 other firemen were overcome or injured.

Capt. George Flaherty, a firefighter for 25 years, was found unconscious in a smoke-filled basement. He was pronounced dead on arrival at Emergency Hospital.

Ten persons living in apartments above the shoe shop fled the building and firemen rescued Peter Chinos, 50, a hotel bus boy, from a third-floor bedroom.

Scene of the blaze was seven blocks from the Capitol and not far from a number of government buildings.

The cause and amount of damage were not immediately known.

# Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday conditions, such as stress and strain, cause this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent urination. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 60 years. It's amazing how many times Doan's gives happy relief from these discomforts—help the 15 million kidney tubes and filters flush out waste. Get Doan's Pills today.

## Nine Men Die As Air Tanker Crashes

WINDSOR, Mo. (AP)—A four-engine Air Force tanker plane on a refueling mission caught fire shortly after takeoff last night, crashed and exploded. Nine of the 11 men aboard were killed. Two crewmen parachuted to safety as the flaming craft neared the ground. The plane, which took off from the Sedalia Air Force base, crashed on a farm about six miles northwest of this central Missouri town. A conductor riding in a caboose on a Rock Island freight train saw the huge craft flaming in the air. "In a matter of seconds it had burst into a regular torch," said Asa Gunn, 62, Eldon, Mo., "and

## 22 Cars Will Participate In Economy Run

Twenty two American stock passenger cars, the pride of the nation's automotive industry, will compete in the 1955 Mobilgas Economy Run from Los Angeles to the base of Pike's Peak at Colorado Springs, Colorado. A. C. Pillsbury, regional director of the American Automobile Association, said the cars will compete as entries from factories, dealer groups and individual dealers who have complied with AAA entry regulations. Automobiles entered in the Economy Run will include nearly every size, shape and style of 1955 passenger car on American highways today.

For the first time in the history of the run, all competing cars will be equipped with automatic transmissions. "This ruling recognizes that at least 60 per cent of the passenger cars produced in the United States this year will have such equipment," Pillsbury said.

All entries, he added, will be of a completely stock status, with no extra gadgets which are not available as standard equipment from dealers being permitted. Cars to compete in the 1955 Mobilgas Economy Run, sponsored by Socony-Vacuum Oil Company and affiliates, Magnolia Petroleum Company and General Petroleum Corporation are now being selected from factory production lines, showrooms and warehouses throughout the country, Pillsbury said. The event starts March 14.

Automobiles entered in the Economy Run will include nearly every size, shape and style of 1955 passenger car on American highways today.

## Woman Sentenced For Beating Child

CORONA, Calif. (AP)—For administering severe and repeated beatings to her 10-year-old daughter, Mrs. Trinidad Vera has been sentenced to 40 years in prison. The 30-year-old mother's child Ceila was permanently maimed. Superior Judge Mildred Lillie said the girl had been subjected to "hideous and terrible brutality." The Board of Trustees of the California Institution for Women yesterday ordered that sentences on six counts of assault and mayhem are to run consecutively.

## New Texas Highway Map Is Designed For Easy Folding

AUSTIN — A special accordion wrap-around fold has been developed and is one of the features of the 1955 Official Texas travel map which has just been published. It was announced in Austin by D. C. Greer, state highway engineer. The old wheeze about needing another map as a guide for refolding an opened travel map is not true of the Texas map, he pointed out. In addition to the simpler folding used, the map is also easier to read than ever before. The rapid growth of the Texas highway system has presented more of a problem each year in preparing the map. The system has been growing at the rate of about 2,000 miles a year, he said, and space must be

## Four Convicted Of Felony DWI In Colorado City

COLORADO CITY — The 32nd District Court, meeting at Colorado City, completed its third day of criminal week Wednesday, with four second offense DWI convictions and one for assault. On Wednesday, Wilbert Earl Burns, Sweetwater druggist, was sentenced to one year in the state penitentiary after a conviction for driving while intoxicated, second offense. Burns was arrested by deputy sheriff Bob McGuire on U. S. 80, west of Colorado City on Nov. 14, 1954.

On Tuesday, Abel Ramos, 22, of Colorado City was found guilty on a charge of assault with intent to murder and sentenced to three years in the state penitentiary. The charge was in connection with the slaying of Juan Masiel of Sweetwater on Jan. 9. Masiel was cut across the face and stomach with a pocket knife.

Shelby Chester Shannon, about 40, of Colorado City pleaded guilty to a charge of driving while intoxicated, second offense, and was given a three and a half year sentence, with the sentence suspended. Shannon was arrested by the highway patrol on U. S. 80 Nov. 25, 1954.

O. A. Tankersley, about 40, of Colorado City, was given a five-year suspended sentence on a DWI conviction — second offense. Tankersley was arrested by Colorado City police Jan. 26.

James Barber, Colorado City man, was convicted of second offense driving while intoxicated and fined \$500 and sentenced to one year in the county jail. Barber's offense was alleged to have occurred Aug. 20, 1954. Barber posted \$1,500 appeal bond.

## Oklahoma To Profit On Half-Dollar Sales

OKLAHOMA CITY (AP)—The State Senate has figured out a way to make one million dollars for Oklahoma — by selling half dollars for \$1 each.

The Senate passed a resolution yesterday asking the U.S. Treasury to issue two million half-dollars in 1957 commemorating Oklahoma's 50th anniversary of statehood. Then the state treasurer would be authorized to purchase the entire group at a cost of 50 cents each. Profit from the transaction would be used to pay for the celebration.

One senator proposed that \$5 bills be turned out and sold at \$10 each, "so we could make 10 times as much."

## Group Flies From Paris To See Play

NEW YORK (AP)—Coming from Paris to Broadway to see a show, 22 persons, mostly Americans now living abroad, arrived by plane yesterday seven hours late but not too tardy to see the night's performance of the musical "Fanny," starring Ezio Pinza.

Bad weather diverted the plane from here to Boston to Pittsburgh to Washington before it made Idlewild Airport here. After the play, the group, which purchased round-trip plane tickets, was entertained by Pinza at a backstage party.

## Group Flies From Paris To See Play

found somehow for this additional mileage. Most of the topographical relief has been taken off this year, so that more essential information may be read easily and quickly. One-half million copies of the 1954 map were distributed to travelers last year. Requests were almost equally divided between out-of-state tourists and Texans, Greer said. In addition to being distributed by the Austin office and the Highway Department's 25 district offices, the maps are distributed through the seven Highway Travel Information Bureaus on the state's borders, and are sent to those who return a special map card which they can obtain when purchasing license plates.

## Woman Who Killed Sons Is Termed 'Legally Sane'

HOUSTON (AP)—A psychiatrist said today he believes the 28-year-old mother who has admitted killing and dismembering her two sons is legally sane.

Dr. C. A. Dwyer, Harris County psychiatrist, examined Mrs. Ann Williams last night. He planned to examine her again today.

Meanwhile, Sheriff C. V. (Buster) Kern said he believes Mrs. Williams killed the two boys, Calvin, 9, and Conrad, 8, without an accomplice.

Mrs. Williams was arrested early yesterday, after a young friend revealed he had unwittingly buried the youngsters' bodies, thinking they were spoiled deer meat. The dismembered bodies had been wrapped neatly in four packages and buried in a shallow grave near Algaia in Galveston County.

There had been speculation that Mrs. Williams had an accomplice. Kern said he ruled this out for two reasons:

1. He does not believe she could have found anyone willing to aid in such a grisly killing.

2. Mrs. Williams has told essentially the same story in long periods of questioning, unmoved by efforts to shake her story.

The former Pasadena dime store clerk faces four murder charges, two in Harris County and two in Galveston County.

Mrs. Williams said she killed the boys in their trailer home in suburban Pasadena and carried them to a Houston apartment on Feb. 17.

Autopsy reports blamed death

MRS. ANN WILLIAMS

on skull fractures but the young mother contends she did not strike them intentionally.

Kern said he is convinced the boys died from blows on the head. "She's afraid of making it all sound too brutal," he said.

Mrs. Williams told of first trying to kill her sons with an overdose of sleeping pills. When the pills failed, she said, she strangled each child with a handkerchief.

## Rich Uranium Mine Optioned

COLORADO SPRINGS, Colo. (AP)—An investment firm today announced purchase of an option on the Ralston Creek uranium mine, a rich discovery made by a school janitor.

Eugene Williams, president of the Farmington Funding Corp. with headquarters here, said development of the mine near Golden, Colo., would be started immediately.

The ore deposit, described by an AEC spokesman as "one of the most significant" uranium strikes, was discovered by Fred Schwartzwalder, for years an amateur prospector during the hours he was not working as Golden High School janitor.

Neither Williams nor Schwartzwalder would say how much money was being paid for the option.

## Congress Pay Hike Goes To Committee

WASHINGTON (AP)—A pay raise of at least 50 per cent was assured today for senators and House members. A 67 per cent boost—as voted by the House—appeared probable.

The Senate yesterday rolled up a big vote, 62-24, in favor of an increase in congressional pay from the present \$15,000 to \$22,500.

The measure was at once sent to conference with the House, which last week voted 283-118 for a \$25,000 salary. Both versions include boosts of \$7,500 to \$10,000 for all the approximately 400 federal judges.

The five Senate conferees on the bill include several members who favor at least a \$25,000 salary. This seemed to make it quite likely that the House figure would be accepted in the end.

Sen. Kefauver (D-Tenn.), heading the Senate group, told a reporter, "We will defend the Senate position as strongly as we can." But he added if House conferees are adamant, "we will have to make some adjustment."

The three House conferees all were strong backers of the \$25,000 salary in that body.

Kefauver told the Senate yesterday he thought a \$25,000 salary was "fully justified," and Senators Kilgore (D-WVa.) and Dirksen (R-Ill.), other conferees, have supported a \$27,500 figure recommended last year by a special commission.

The salary boost will be the first since 1946 for the lawmakers.

## Baltimore Goes To Parking Meters

BALTIMORE (AP)—The nation's

sixth largest city is going into the parking meter business. Baltimore City Council voted last night to authorize the installation of almost 3,000 meters on about 40 business streets.

# Cotton Acreage Cut Goes Before Senate

**By GORDON BROWN**  
 WASHINGTON (AP)—The spotlight on efforts to hike the national cotton acreage allotment for 1955 shifts today to the Senate where a subcommittee takes up a bill to ease severe cutbacks for some growers.  
 A House bill passed yesterday calls for an increase of 3 per cent—some 545,000 acres—under this year's cotton program.  
 House approval came shortly after the Agriculture Department announced the support price for most of this year's cotton crop would be 90 per cent of parity.  
 The Senate Agriculture subcommittee on cotton was expected to act sometime today on a bill similar to that passed by the House.  
 The move for an increase comes principally from southern states where many growers have complained that this year's acreage cuts are too severe to permit them to operate economically. Many complaints were from small growers cut to one or two acres.  
 This year's acreage has been limited by the Agriculture Department to 18,100,000, compared with 21,300,000 last year and nearly 25 million in 1953.  
 The House bill would raise each state's allotment 3 per cent to be used, first, to give small growers a minimum—five acres or the grower's highest planted acreage in any of the past three years, whichever is smaller.  
 In some states, chiefly in the South, the added acreage would not be sufficient to provide the minimum for all small growers.  
 In these states, the extra acreage would be divided among the small growers on a pro rata basis.  
 Some states—chiefly Texas, California and Arkansas—would have more than enough acreage to provide the minimum to all. The remainder would be used as follows: State crop committees first could reserve 10 per cent to correct errors and inequities and to meet special conditions due to drought. Any still left over would be allotted to the counties to be divided among farms of any size which suffered a cut of more than 40 per cent.  
 The House defeated moves to make the increase 6 per cent rather than 3, to raise the allotment to 19½ million acres, and to limit the increase to that needed to meet the minimum provision.

# Character Actor Is Sued For Divorce

LOS ANGELES (AP)—Character actor Douglas Fowley's sixth wife, the former Mary Ann Walsh, 24, has sued for divorce. She charged cruelty in her complaint yesterday and said they have reached a property settlement. They married March 28, 1954, in Riverside, Calif., and separated Feb. 16.  
 When Fowley, 43, signed his marriage application he stated he had been divorced five times but did not list the names of his wives.

# Surgery Possibility Studied For Twins Joined By Heads

LONDON (AP)—Margaret and Joan Gray, 25-day-old Siamese twins joined at the tops of their heads, were in an undisclosed London hospital today pending a decision on whether to separate them surgically.  
 Mrs. Kate Gray, 36, wife of farm foreman David Gray, 38, gave birth to the twins a month prematurely in a hospital at Kelghley, Yorkshire, Jan. 30. Hospital authorities kept the births secret until yesterday. The babies were brought in an ambulance to London three days ago.  
 "I don't want to say anything about the twins at this stage," their father said. "My wife and parents have been extremely upset. Naturally, we hope that any operation if performed will be successful."  
 Dr. Geoffrey Knight, a brain surgeon, said he had been approached to examine the twins but added, "Those arrangements now have been canceled—I don't know why, and I don't know where the children are."  
 The Grays have been married five years.

# To Probe Reports Of Mistreatment

MEXICO CITY (AP)—Reports of mistreatment of wetbacks in a McAllen, Tex., camp may be investigated by the Foreign Ministry.  
 The Interior Ministry said it had received such reports, but the matter was up to the Foreign Ministry.  
 Interior officials also said wetbacks crossing into the United States without legal documents to get farm work were violating the laws of both Mexico and the U.S. and had little legal recourse.

# Harlan Nomination Draws Opposition

**By JOHN CHADWICK**  
 WASHINGTON (AP)—Sen. Olin D. Johnston (D-SC) said today he opposes John Marshall Harlan's appointment to the Supreme Court because he fears the jurist would put the United Nations above the U.S. Constitution.  
 This view was disputed by Sen. Kefauver (D-Tenn). Another Judiciary Committee member, Sen. Daniel (D-Tex.), said he intends to question Harlan on whether he favors partial surrender of national sovereignty to international organizations.  
 "Rather serious charges have been made against Judge Harlan, but whether there is any merit in them I don't know," Daniel said.  
 As it prepared to start closed-door hearings on Harlan's nomination, the Judiciary Committee said about 14 witnesses have asked to be heard—some in favor and others in opposition to confirmation.  
 Harlan, a judge of the 2nd Circuit Court of Appeals in New York, was named last Nov. 9 to fill the Supreme Court vacancy left by the death of Justice Robert H. Jackson.  
 Johnston, expressing opposition to Harlan's confirmation, said, "I fear him because I have a tendency to believe that he would put the United Nations above the United States Constitution."  
 Kefauver said that he knows of no substantial evidence against Harlan and intends to vote for his confirmation.

# Churchill Sees World Arms Conference As Possibility

LONDON (AP)—Prime Minister Churchill told Parliament last night Britain would support Russia's call for an international disarmament conference this year if East-West arms talks here produce agreement.  
 Delegates of Britain, Russia, the United States, France and Canada were gathering in London to resume sessions of a U. N. disarmament subcommittee tomorrow. Churchill said he expects Soviet Deputy Foreign Minister Andrei A. Gromyko to detail the Russian disarmament proposal at the talks.  
 Moscow's call for the disarmament conference, coupled with demands for freezing world armaments at present level and destruction of all atomic and hydrogen weapons, was broadcast Feb. 18. Churchill said it has not been delivered formally to the Western Powers.  
 The Prime Minister told the House of Commons he thought the secret sessions planned by the U. N. subcommittee would be the best way of reaching international agreement.  
 "If this could be achieved," he added, "a world conference would be possible."  
 Shortly after Churchill spoke, Moscow radio accused him of giving a "false" impression that Big Four talks on unifying Germany would be possible after the Western Powers ratified the Paris treaties to free and rearm West Germany. Churchill told Commons last Thursday he found nothing in a recent speech by Soviet Foreign Minister V. M. Molotov indicating the Russians would not talk about German unification after ratification of the Paris pacts.

# Japs Returned From Red China After 10 Years

MAIZURU, Japan (AP)—The Japanese repatriation ship Koan Maru docked at this central Japan port today with 949 Japanese back from Red China, where they had been detained more than 10 years.  
 That boosted the Japanese repatriation total to 28,175 since early last year.  
 Many of the repatriates who arrived today are technicians who said they were forced to work for China. One said China was "many years behind the Japanese level technically."  
 "The Communists are still trying to restore what the Japanese had built before the war," said Motonosuke Shimizu, an engineer. "It may take 10 more years for the Communists to restore the 1937 industrial output."  
 Dr. Seiryu Tsukino said, "Chinese medical science is at least 30 years behind the Japanese level."  
 Tsukino, who had been working at the Sian clinic in central China, said China had only 10,000 licensed doctors when the Communists took over.  
 "Medicines and drugs are also perennially short," he said. "British-made streptomycin is now being sold at 20 times the Japanese retail price."  
 Tatsuo Shiraki, correspondent for the newspaper Asahi who made a brief visit to Peiping, said, "Commodities are quite short in Red China."

# Laundry Operator Stabbed To Death

PAMPA, Tex. (AP)—Murder charges were filed against Fred C. Williams, 33, yesterday after a Pampa laundry operator was stabbed to death with a German military dress dirk shortly before dawn.  
 Oran J. Payne, 39, was fatally stabbed in the bedroom of the home of Mrs. Juanita Ellen Williams, estranged wife of the charged man, officers said. She filed suit for divorce against Williams Jan. 29.  
 Police Chief Jim Conner and Sheriff Rufe Jordan said Payne had been stabbed a number of times with the weapon.  
 Officers said a man telephoned them saying, "I've just killed a man." Williams met them at the house, the officers said.

# A-Defense Study

WASHINGTON (AP)—Sen. Bennett (R-Utah) has introduced a bill that would set up an 18-member commission to study ways of defending the country against atomic attack.

# Radioactive Dust

ROCHESTER, N.Y. (AP)—The Eastman Kodak Co. reports radioactive dust from the Nevada atomic tests fell on Rochester Monday. Amounts were too slight to be dangerous, said the company.

### A Bible Thought For Today

All things were made by him; and without him was not any thing made that was made. (John 1:3).

## Editorial

### Demos Run With The Tax Cut Ball

Tax manipulation got down to a strictly partisan basis in the House Ways and Means Committee late Monday when that group voted 15-10 to grant every individual income taxpayer a \$30 reduction in the amount of his income tax, plus a like sum for each dependent.

security almost exactly cancelled out his income tax reduction. Republican chieftains are already muttering that the \$30 reduction will be knocked out on the floor of the House, and Rep. Halleck, assistant GOP leader, says he would advise President Eisenhower to veto the tax bill if this provision is included.

### All Splintered Out

The fractured state of French political parties is at the bottom of that republic's current woes, but it is worth noting that for the first time in 44 years there is no splinter representation in either branch of the U. S. Congress.

Had he been treated with ordinary courtesy when the Republicans organized the 83rd Congress, he might have stuck with them and created a dead tie, 48 to 48, whereupon the vote of Vice President Nixon would have made this a Republican Senate, and Sen. McCarthy would still be whooping it up on the Senate Investigating Committee, unless the GOP booted him off.

## George Sokolsky Somebody Wrong About Depression

The miscalculations of statesmen are no different from the mistakes that any of us make. Statesmen are the same human beings that the rest of us are, except that they are supposed to be possessed of more information about important matters and a wider experience. It is not the possession of information that counts; it is the capacity to reason, to relate current material to the whole of human history, to grasp the impact of social forces and of psychological reactions to a pending matter that counts.

pressions — trifling or serious — in the American economy are now quite well understood by the ordinary well-informed man (though he may not be familiar with the economist's description of such causes as "exogenous variables").

### Potomac Fever

WASHINGTON — Democrats launch a drive for a \$20 tax cut for everybody. It worked! No sooner did the congressmen vote themselves into a higher tax bracket, than they started cutting the taxes.

They expect to see between three and four million unemployed at certain periods of next year. Their reasons are much the same that Mr. Clark puts forth. But all of them, so far as we know, differ from him in one crucial point. They are convinced that the government is able to take effective counter-action to prevent the recession from getting out of hand.

Another government witness says he fibbed in his testimony. These witnesses remind you of the guy who refused to keep a diary for fear he might find out how he cheated himself at solitaire.

Brother, if you have not been looking over your shoulder, you should have. There is no telling what ghost of a depression you might have seen during 1954.

Shape Of Things To Go

## James Marlow

### Big Question On Highways: How To Pay For Them

WASHINGTON (AP)—One of 1953's best understatements was in the report to President Eisenhower by his advisory committee on highways.

to raise money. (The committee estimated the corporation's interest costs over 30 years at 11 billion dollars. That, added to the 25 billion for superhighways, plus 6 billion for secondary roads, would make this new highway program cost at least 42 billion.)

may be just a device to get around the debt limit and make the public debt look smaller? Various interpretations have been put on the suggestions by the committee and the President on toll roads; for instance, that the government would not only pay states for existing toll roads that fit into the superhighway pattern but encourage them to build more, thus adding to the expense of the public.

## Hal Boyle

### Teen-Agers Deserve The Vote

NEW YORK (AP)—Curbstone reflections of a Pavement Plato: If Congress proposed a constitutional amendment making it illegal for anyone under 21 to drive an automobile, what would happen?

"I go for all sharing the privileges of the government, who assist in bearing its burdens," he wrote, adding he favored the right of suffrage for those "who pay taxes or bear arms, by no means excluding females."

They'd fight by fair means or foul—even ask Dad and Mom to help—to preserve what they regard as youth's inalienable right to drive a motor car. But several million teen-agers now have the opportunity to fight for the greatest single privilege of American democracy, and, by and large, their attitude seems to be one of indifference. I refer to their lukewarm reaction to proposals to lower the voting age from 21 to 18.

If we accept the logic of Abe Lincoln, we can hardly deny the ballot, merely on the grounds of age, to young men and women who work, pay taxes, and bear arms when called upon. But it would be more heartening if our youth got all stirred up over the issue, marched on Washington, and really fought to win the right to vote. Teen-agers with the spirit to do that would be our democracy's true "hopes of tomorrow."

### Prime Minister Is Stopped For Speeding

TOKYO (AP)—A policeman stopped a car going 60 miles an hour yesterday, the newspaper Asahi said, and asked the Japanese equivalent of "Where's the fire, buster?" It was Prime Minister Ichiro Hatoyama, rushing from one speaking engagement to another in his whirlwind campaign for re-election.

### Mr. Breger

"Excuse me—there's somebody at the front door... an' the back one—"

**Famous Words OF FAMOUS PEOPLE**  
JAMES ANTHONY FROUDE  
1818-1894  
ENGLISH HISTORIAN  
"OF ALL THE EVIL SPIRITS ABROAD AT THIS HOUR IN THE WORLD, INSINCERITY IS THE MOST DANGEROUS."

## Around The Rim Man Of Many Memories

These electronic computers that are supposed to do in seconds what it would take the average human mind months to perform. They may not be so smart after all. A brain has been developed that can do things one of those machines probably never would think of attempting.

but "I suddenly realized that I didn't have to memorize the numbers because I could just look at them and remember them." Years later, Dr. Olshausen said, he was leaving through a "Believe It Or Not" book by Robert Ripley. He found a page where pi was calculated to the 308th digit. He said he noticed immediately that four of the figures were wrong. He said he wrote a letter to Ripley about the errors and that they were corrected in a subsequent edition of the book.

## Political Playback State Workers Have Better Tenure

State government is a business measured by the spending of about \$700 million a year, or nearly two million dollars a day, counting Sunday. But the monetary measure is only a small part of the vast volume of work of carrying on all the varied activities of state operation.

official came in to head a department, standard procedure was for him to fire all the employees and hand out the job to a personal backer, or administrative favorite. That has pretty much changed, though still in some divisions of state government, the staff is apprehensive when a new department head arrives.

## Inez Robb

### Hold It, Gals! More Diamonds A-Comin'!

The late Huey Long started out to make every man a king but wound up permanently shot before he could activate his long-range program.

Mom as a girl's best friend, a lot of women — myself included — have had a paucity of pals. General Electric, if it puts its mind to it, can redress the balance.

### Grand Slam Fuse

BRIDGEPORT, Neb. (AP)—Farmer Leand Baker backed his car into a power pole and knocked a transformer fuse out of position. Then he climbed the pole, grabbed the fuse handle and slammed it back. He, too, was slammed — by 7,200 volts. He was knocked from the pole into a soft pile of sand, escaping with a bad burn. Power company linemen said it was the kind of a fuse they touched "only with an eight foot pole, and insulated one used to shut such fuses."

### Slow Mail

SALISBURY, N. H. (AP)—Yellowed with age, a letter dated Jan. 1, 1915 was received by Mrs. Harry Twombly recently. The letter, hidden behind a loose board, was found when new store-owner Norman Barton moved his branch postoffice to another section of the shop.

### Absent From Crash

PUEBLO, Colo. (AP)—Antonio D. Trujillo, 17, admitted it was his car that smashed into the front of a downtown store, but claims he wasn't there at the time. Trujillo said he turned a corner and fell out of the vehicle, which continued on down the street. Finally, he said, it jumped the curb and hit the store.

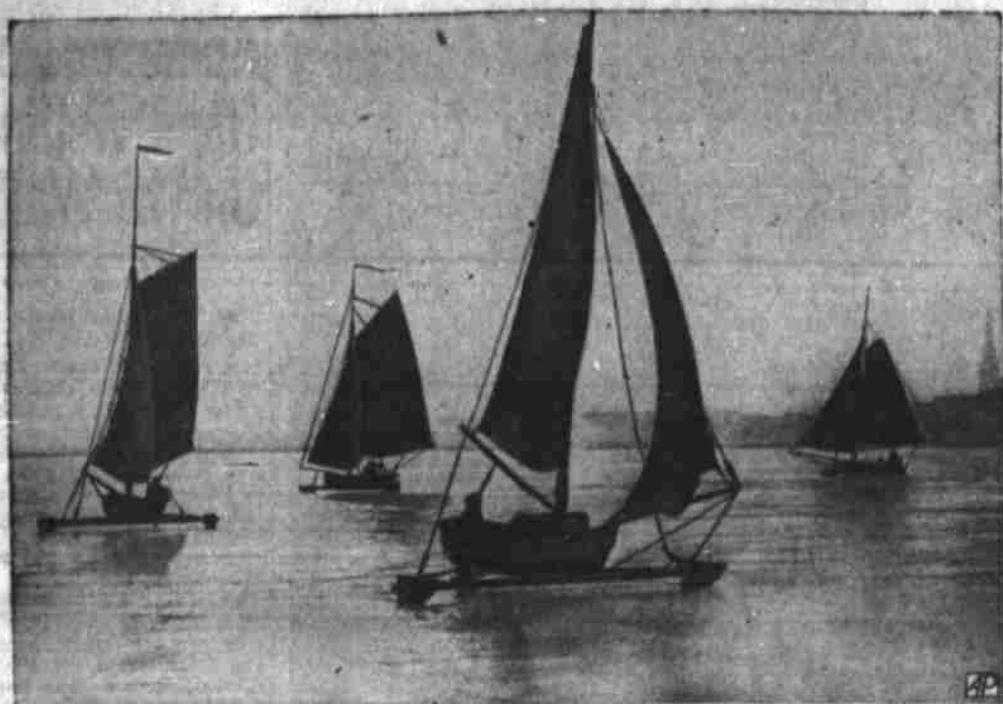

### Social Lion

LOWELL, Mich. (AP)—An animal's foot print excited so much interest in this western Michigan area that investigators made a plaster cast of it — then learned from the Grand Rapids Public Museum it was that of a mountain lion.

**MIXED MASKERS** — Masked participants wear fantastic hats in pre-Lenten parade held every five years in Telfs, Austria. The carnival is called "Schleicherlaufen."

**A MATCH FOR ANYONE** — It took Guenter Schikora, a Wedel, Germany, dockworker, 9,723 matches and three months to build this three-foot model of a 12,000-ton tanker.

# State Nears Close In Alabama Trial

BIRMINGHAM, Ala. (AP)—State attorneys hinted at highly "significant" testimony to come today as they neared the close of their murder case against former Chief Deputy Sheriff Albert Fuller of Phenix City.

But they wouldn't disclose the nature of the new evidence they promised to develop against the 35-year-old former lawman on trial for his role in the killing of anticommunist A. L. Patterson.

er, was on the stand when court was recessed yesterday. He told his story to Judge J. Russell McElroy after the jury had been excused, but the court withheld a ruling on its admissibility. Painter said he would testify that Fuller told him last month that he got one of the "take" from slot machines which operated unattended there, that it amounted to thousands of dollars, and that Fuller himself helped get rid of some machines shortly after Patterson was murdered June 18.

# Big Spring's Fire Insurance Credit The Same

Big Spring's fire insurance rating — a 10 per cent credit on basic rates — will remain unchanged for another year.

Official debts and credits, announced from Austin today, gave the city a 10 per cent credit, effective April 1. This is the figure now in effect.

Credits and debits are based on a history of fire losses as against insurance premiums.

AUSTIN (AP)—Official debts and credits on which fire insurance rates for Texas cities are based were announced today by Mark Wentz, fire insurance commissioner.

The new ratings are effective April 1. They are based on fire records of the cities and determine whether rates on the local level will be increased, decreased, or remain unchanged from the basic state rate.

Credit ratings included "0" indicates no adjustment from basic rates): Abilene 10, Alice 25, Amarillo 0, Athens 15, Austin 10, Beaumont 15, Big Spring 10, Brady 5, Bryan 10, Clarksville 5, College Station 20, Corpus Christi 15.

**That Stuff From Sky Really Was Powdered Milk**  
HORSEHEADS, N.Y. (AP)—The filmy gray stuff that draped homes and shrubs in this western New York village over the weekend was called a little of everything—fuzz, cotton fiber, cob webs and even radioactive.

**Wins Commutation From Gov. Shivers**  
AUSTIN (AP)—Gov. Allan Shivers today reduced the death sentence of Gordon Roland Morris to life imprisonment. He was scheduled to die in the electric chair tonight.

**Trucks Damaged, But No One Hurt**  
A dump truck driven by Edney Abe Jones, Odessa, and a trailer truck operated by Otis Austin Bleu, Valley Mills, collided at the intersection of Fourth and Gregg about 6 p.m. Wednesday.

# Disappointed Campaigners

The despair at being defeated in Chicago's primary election is reflected in the faces of Mayor Martin M. Kennedy, left, who campaigned for re-election on the Democratic ticket, and would-be treasurer Morris B. Sachs. The pair broke down in campaign headquarters after conceding the nomination to Richard J. Daley, whose organization-backed slate swept to victory. (AP Wirephoto).

# Severe Cold Hits Midwest

By The Associated Press  
Stormy weather spread over broad areas of the mid-continent today.

The cold arctic air which sent temperatures tumbling far below zero in the Dakotas penetrated Texas and Oklahoma early today. It extended from the eastern slopes of the Rockies eastward to Minnesota, Iowa and northwest Missouri.

**Company Fined On Hot Oil Charges**  
HOUSTON (AP)—Federal Judge Allen B. Hannay yesterday fined the Commercial Petroleum and Transport Co. \$7,250 for violations of the Connally Hot Oil Act.

**Fires Extinguished**  
A trash fire at the M. C. Dall residence at 707 Gregg last evening did not result in any damage, firemen said. A small chemical fire in the Texas and Pacific Railroad yards also was extinguished before it could cause any damage.

# Service Friday At C-City For Mrs. Dodson

COLORADO CITY — Services for Mrs. Ida Lee Dodson, 70, will be held at the Kiker and Son Chapel here at 2 p.m. Friday.

Mrs. Dodson, who made her home for almost three decades before going two years ago to live with a son, died Monday in Pineville, La.

**HOSPITAL NOTES**  
BIG SPRING HOSPITAL  
Admissions — Mary Adams, Coahoma; Bessie Wooten, 500 Gollard; R. H. Harper, 109 W. 11th; Velinda Burcham, Box 1361; Barbara Tibbs, 309 Owens; C. L. Gill, Box 1745; Joe Conrad, 1613 Stadium.

**Loraine Man Dies; Rites To Be Friday**  
COLORADO CITY — Worth Ralston Bruce, 35, who had lived at Loraine for nearly a half a century, died in a Sweetwater hospital at 12:35 a.m. Thursday.

**Mrs. Mullins, 81, Dies Here Today**  
Mrs. Anna Dora Mullins, 81, who came to Big Spring before the turn of the century, died in a hospital here Thursday after a long illness.

**NCO Academy**  
The first staff sergeants to go through the week-long NCO Academy at Webb completed the course last Saturday and unanimously received their "something we've been needing."

**TOO LONG WITH NO LICENSE**  
ST. JOSEPH, Mo. (AP)—Frank Berry has operated a barber college here for 17 years. In that time he has graduated about 500 barbers.

**MARKETS**  
WALL STREET  
NEW YORK (AP)—The stock market was slightly lower in early trading today. Trading began unsteady with prices generally lower in the opening.

# Mitchell, Borden Get Wildcats; Dawson, Sterling Wells Finaled

Wildcats were spotted today in Mitchell and Borden counties, and completions were logged in the Parochial Bado field of Sterling County and the Welch field of Dawson County.

**Borden**  
Magnolia No. 1 York, 260 from south and east lines, 279-97-HATC survey, has bit turning below 6,702 feet in shale. This wildcat is 13 miles east of Gall.

**Mitchell**  
Gulf No. 1 Jessie Chappell, about 24 miles south of Colorado City, is the new Mitchell prospect, and J. D. Wrather No. 1-A T. J. Zood, about two miles north northeast of the Vealmoor field, is the new Borden prospect.

**Dawson**  
Kimble Corporation et al No. 4 Annie Kirby has been completed in the Welch field for a pumping potential of 71.17 barrels of oil in 24 hours.

**Sterling**  
Boykin Bros.-Roche, et al No. 6 Bado, 1,263 from the south and 2,127 from the west lines of section 22-25-EATC, has been completed in the upper Queen sand of the Parochial Bado field 10 miles west of Sterling City.

**Bids Opened For Perrin Field Jobs**  
TULSA, Okla. (AP)—Milo J. Shoate Co., Tyler, has submitted the apparent low bid of \$856,286 for construction of operational and readiness facilities at Perrin Air Force Base.

**Lamesa Rotary To Have 50th Anniversary Dinner**  
LAMESA — Some 200 members, their wives and guests will join other Rotary Clubs throughout the world in observing the fiftieth anniversary of Rotary at a Golden Anniversary banquet to be held at Lamesa High School cafeteria Friday at 7:30 p.m.

**Uncle Of Resident Drowns Near Shiro**  
Mr. and Mrs. Eugene Thomas of Big Spring left this morning for Shiro where funeral services will be conducted for his uncle, David I. Callahan.

# Minister Urges New Pilots To Develop Faith And Skill

"The fearful of mediocrity," Dr. Jordan Grooms, First Methodist Church pastor, warned members of Cadet Class 55-L in graduation ceremonies at Webb Air Force Base this morning.

Two honor graduates were named by Maj. Gen. G. F. Disoway, commander of the Flying Training Air Force, in certificates presented by Col. C. M. Young, Webb commander. Honored were Cadets Frank P. Bostrum and Gene A. Cox.

**Court Rejects FCC Limitation On TV Stations**  
WASHINGTON (AP)—The U.S. Court of Appeals today knocked out a Federal Communication Commission rule limiting the number of television stations which may be owned by the same interests.

**Mrs. Mullins, 81, Dies Here Today**  
Mrs. Anna Dora Mullins, 81, who came to Big Spring before the turn of the century, died in a hospital here Thursday after a long illness.

**Bids Opened For Perrin Field Jobs**  
TULSA, Okla. (AP)—Milo J. Shoate Co., Tyler, has submitted the apparent low bid of \$856,286 for construction of operational and readiness facilities at Perrin Air Force Base.

**Lamesa Rotary To Have 50th Anniversary Dinner**  
LAMESA — Some 200 members, their wives and guests will join other Rotary Clubs throughout the world in observing the fiftieth anniversary of Rotary at a Golden Anniversary banquet to be held at Lamesa High School cafeteria Friday at 7:30 p.m.

**Uncle Of Resident Drowns Near Shiro**  
Mr. and Mrs. Eugene Thomas of Big Spring left this morning for Shiro where funeral services will be conducted for his uncle, David I. Callahan.

**Fires Extinguished**  
A trash fire at the M. C. Dall residence at 707 Gregg last evening did not result in any damage, firemen said. A small chemical fire in the Texas and Pacific Railroad yards also was extinguished before it could cause any damage.

# Service Friday At C-City For Mrs. Dodson

COLORADO CITY — Services for Mrs. Ida Lee Dodson, 70, will be held at the Kiker and Son Chapel here at 2 p.m. Friday.

Mrs. Dodson, who made her home for almost three decades before going two years ago to live with a son, died Monday in Pineville, La.

**HOSPITAL NOTES**  
BIG SPRING HOSPITAL  
Admissions — Mary Adams, Coahoma; Bessie Wooten, 500 Gollard; R. H. Harper, 109 W. 11th; Velinda Burcham, Box 1361; Barbara Tibbs, 309 Owens; C. L. Gill, Box 1745; Joe Conrad, 1613 Stadium.

JESS TALKIN'

Fewer Farmers Have Adopted Conservation Jobs This Year

Not as many farmers have put in conservation practices this winter as during some former years. This is especially true of dirt-moving practices, such as deep-plowing, terracing and building stock tanks.

Several livestock farmers intend to increase their sudan acreage this year. Marvin Sewell who owns a place about 20 miles northeast of Big Spring plans to plant 100 acres for his sheep and cattle.

Local tractor dealers are experiencing their best year since 1951. We checked with two of them, and both said they were surprised at the way farmers were buying new tractors and plowing equipment.

Mexico Finds Outlook Bright For This Year
By JACK RUTLEDGE
MEXICO CITY (AP)—The Bank of Mexico says devaluation of the peso, the government's progressive program and good crops made 1954 an excellent year for Mexico.

Irrigated land should be sold every year, thinks W. N. Orson, manager of the Tarzan Marketing Association. He cited one example in the Courtney Community as proof of this.

Prices, however, went up about 10 percent while per capita income increased only 4 percent. The farm outlook was one of the brightest, officials said. The past year was among the best, and prospects are so good now that Mexico is even exporting corn to Guatemala instead of having to import it as in the past from the United States.

Many Trapped By Snows In England
LONDON (AP)—Snowplows burrowed through giant drifts today and rescued 100 persons marooned all night in three buses in northern England.

More Bodies Taken From Crash Scene
RIEITI, Italy (AP)—Patrols today recovered bodies of 10 more victims from the wreckage of a Belgian Sabena airliner on a peak in the Apennines.

Farm Bureau Not Pleased Over New Govt. Policies

WASHINGTON (AP)—There are signs of a cooling off in the close relations between the Eisenhower administration and the American Farm Bureau Federation, which fought together last year for a new farm program.

On the other side, the Farm Bureau has not been too happy over charges by some of its rivals that it has been fighting for a Republican farm program. The bureau, like other organizations, has members from both parties.

England Hikes Interest Rate

LONDON (AP)—The nationalized Bank of England raised its interest rates on loans today for the second time within a month to check the inflationary dangers Chancellor of the Exchequer R. A. Butler sees lurking in the British economy.

Big Crowd Receives Pope's Blessings

VATICAN CITY (AP)—Pope Plus XII appeared at his Vatican apartment window today to bless some 2,000 people who cheered him in St. Peter's Square.

Tear Gas Breaks Up Workers' March

SAARBRUECKEN, Sar (AP)—Police using tear gas and water hoses broke up a march on Parliament today by several hundred metal workers protesting a mediation board wage ruling.

YMCA Banquet Set March 22

Date for the annual banquet of the YMCA has been set for March 22. Announcement of the date was made at the director's meeting Wednesday evening at the YMCA.

Local tractor dealers are experiencing their best year since 1951. We checked with two of them, and both said they were surprised at the way farmers were buying new tractors and plowing equipment.

- ADMIRAL BLUE • ALLIGATOR FINISH • RAWHIDE FINISH

### Air Force Officer Slain; Civilian Instructor Held

WICHITA FALLS (AP)—An Air Force colonel was killed and a captain was critically wounded here yesterday in a shooting that occurred in the colonel's office. Lt. Col. Carl G. Carlson, 43, Spokane, Wash., was killed when several pistol slugs riddled his head. Capt. Marvin L. Marchesi, 34, of Los Angeles, was in critical condition after undergoing brain surgery last night.

Charges of murder on a government reservation were filed against William F. Sink, 38, a civilian instructor. Miss Elizabeth Hall, U.S. commissioner, set no bond. She said bond would be set later by U.S. Dist. Judge William H. Atwell of Dallas.

An air base spokesman who would not be quoted by name said a man walked calmly out of Carlson's office, where the shooting occurred, and told onlookers to call air police and an ambulance.

The man was quoted as saying, "I did what I wanted to do."

The spokesman said that although a full motive for the shooting was not known that it may have stemmed from a long-standing disagreement.

Sink was anything but calm at his arraignment before Commissioner Hall, newsmen said. He appeared glassy-eyed and unconscious of what was going on, they said. He made no efforts to answer questions.

Second Lt. Herbert Beazley witnessed the shooting. Sheppard authorities said a 7.65 Beretta (Italian) automatic and a Spanish-made pistol were used.

Both Carlson and Marchesi were career Air Force men, both had families living here with them, both served in World War II and the Korean action, and both were transferred here from Lowry AFB.

### Retailer Profits On The Downtrend

LOS ANGELES (AP)—Delegates to the annual convention of the National Assn. of Retail Clothiers and Furnishers were told yesterday that profits of retail stores have steadily declined since 1950. Robert A. Roos Jr., president of Roos Bros., San Francisco, said that although the volume of retail sales has remained the same or increased during the last four years, profits have shrunk to an alarming degree.

### IT HAPPENED

#### Love That Gun

DALLAS, Tex. (AP)—Raymond Tiptple, 49, charged with carrying a concealed weapon, appeared in court on schedule yesterday. Officers noticed a bulge in his pocket and hustled him out of the courtroom. They were right. Tiptple was relieved of the revolver.

#### Announcers Strike

OSLO, Norway (AP)—Seveny-three announcers and other staff members struck the government-run Norwegian radio network for higher wages yesterday. Two officials kept the network on the air with weather reports, recorded music and tape-recorded programs.

#### She Was Dutiful

TULSA, Okla. (AP)—Mrs. Rena Matthews Wallace filed suit for divorce in District Court yesterday, charging her husband of less than 15 minutes with incompatibility.

Her petition alleged her mate, Robert Arthur Wallace, deserted her within 15 minutes after they were married Feb. 16. She said she was a "good and dutiful wife" during those 15 minutes and gave the defendant no grounds for deserting her.

#### Name Of George

ASBURY PARK, N.J. (AP)—Mrs. Ernest Washington's son was born Feb. 22. She said today she has had no trouble picking out a name: George.

#### His Feet Hurt

LOS ANGELES (AP)—Three years ago Bernard Schwartz bought a pair of shoes. They began hurting his feet. He said the store where he purchased them refused to take them back. Small Claims Court also rejected his case. His feet still hurt. Yesterday, police said, he returned to the shoe store, fired six

wild shots from a gun. Nobody was hurt.

But 73-year-old Schwartz was booked on suspicion of assault with a deadly weapon.

#### Conscience Money

CHICAGO (AP)—Ernest J. Sauber, Chicago director of the Internal Revenue Service, yesterday received \$237.80 from a taxpayer who also sent a letter. It read:

"I am more confused than ever. But I must keep a clear conscience. I am sending you \$237.80, C. Cleary, P. S.: The C is for Conscience and the Cleary for Clear."

#### Barefooted Chase

CHICAGO (AP)—Two robbers who left Dr. David Clark in his automobile after taking \$30 wanted to forestall immediate pursuit last night. They took his left shoe and the key to his car and told him he'd have to hunt for them. Clark found the shoe with the key inside in a nearby alley.

#### Texas Village Is Swept By Blaze

MORGAN, Tex. (AP)—This tiny town's business district was virtually wiped out last night when fire which started in a movie house destroyed four buildings. The blaze was discovered at 9:20 p.m. after the movie closed for the night and firemen from three nearby towns said it was under control at midnight. A drug store, the Post Office, and insurance agency, and a doctor's office—all in separate buildings—were among the businesses destroyed. Morgan is in North Central Texas about 30 miles south of Cleburne. The town has a population of 424.

### Minstrel Chorus Goes On Tonight

When the Lions Club's eighth annual minstrel goes on in the City Auditorium today and Friday evening at 8 o'clock, the Howard County Junior College, under direction of Orland Johnson, will serve as the chorus. Accompanist is Jack Hendrix. Several members of the choir also have solo or quartet parts in the production. In addition, there will be dance sequences by pupils from the Farrar and Bingham schools, by Mrs. Ruth Clayton, Leon Sparkman and Betty

Farrar; solos by Mrs. Pat Adams, Nancy Milford, Dennis Phillips; pantomime by Bill Bodner; and a couple of surprise numbers. Gil Jones is Mr. Interlocutor and cues six end men as well as the second half of the show. Jack Y. Smith, as an old dandy from the city, turns the first part. Mrs. Helen Green also serves as an accompanist for the show.

## Water District Bond Election Set For Saturday In Coahoma

COAHOMA (SC) — Property owning voters in and around Coahoma, Sand Springs and Midway will ballot Saturday on a proposal for the issuance of \$155,000 in bonds to finance construction of pipe lines and other water supply facilities.

The election has been called by directors of the Howard County Water Improvement District, which covers a 12-square mile area extending from the Cabot Carbon Company plant to a section line east of Coahoma.

The district proposes to use proceeds from sale of the bonds to construct a pipe line from the Big Spring water treatment plant, with branch lines to distribute water to all parts of the district.

The district would purchase treated water from the City of Big Spring, eliminating the necessity of constructing and operating a treatment plant.

Freese & Nichols, consulting engineers from Fort Worth, have mapped preliminary plans for the various phases of the project. Cost estimates, based on surveys by the firm, include \$45,182 for the main (eight-inch) water line; \$72,400 for six-inch line; \$3,200 for four-inch pipe; \$17,156 for expenses and interest during the construction period; \$9,002 for engineering; with the balance to cover miscellaneous costs.

Maximum maturity of the proposed bonds would be 25 years, with interest rate not to exceed 4 1/2 per cent.

HCWID directors said they think the bonds could be retired

out of revenues, but the issue also would be secured by the levy of an ad valorem tax on property within the district.

The election will be held in the American Legion Hall in Coahoma, with polls to open at 8 a.m. and close at 7 p.m. Every resident property owner who is otherwise qualified to vote may participate in the election.

Ralph White will be the presiding judge. He will be assisted by Fred Adams, and clerks will be Mrs. A. W. Rowe and Mrs. John Westmoreland.

Voters may mark their ballots either for or against "the issuance of bonds and the pledge of net revenues and the levy of ad valorem taxes adequate to provide for the payment thereof."

Water district directors called the election Jan. 24 after exclusion hearings completed formation of the district. The district was authorized by county commissioners last year and later was confirmed by voters. Directors are Earl Reid, chairman, T. O. Earnest, secretary, and Owen Johnston, Carl Bates and R. D. Cramer.

ed code many big organizations use between departments, to the document and sends it off to the half dozen.

He might check off No. 6—"Comment and return"—or No. 12—"For your information."

The number of possible courses of action in this one government bureau is the interesting thing about the reference slip here, apparently similar to many another bureau. In addition to the 41 printed things that could be done, there's space to write in anything else Lodge or some other delegation official may think up.

It's a fast way of getting papers and letters routed properly, and indicating the proper action.

The slip starts off with "Ad-

## Top Man-Killer Is Stress, Says This Scientist

By JOSEPH MACSWEEN  
Canadian Press Staff Writer

MONTREAL (AP)—Dr. Hans Selye will tell you that stress may well be the greatest man-killer of modern times. He's a world authority on what pressures and strains can do to you.

A pipe-puffing scientist who looks like a poet, Selye says stress really can't be defined. "It's like life," but: "Any motorist who swears in traffic, any housewife driven frantic by squalling children, any stevedore who broods in silent anguish over debts knows about stress."

"The businessman driving himself at breakneck speed certainly knows about stress. But when he dies prematurely at 50 years of age his 'weak heart' is blamed. It isn't understood that stress itself is fatal."

For 19 of his 48 years Selye has been studying stress. And he views it as a hidden enemy which strikes under the guise of heart disease, tuberculosis, insanity, blindness and a host of other ills. Selye holds that it causes chemical imbalances by setting off a glandular alarm system squirting substances which, unless counteracted, can fatally damage vital organs.

A naturalized Canadian of Austrian birth, Selye has directed the University of Montreal's Institute of Experimental Medicine and Surgery since it was opened in 1945. The institute is a clearing house for information on stress.

He has just published his fourth annual report on stress, a yearly follow-up to his major work on the subject, put out in 1950. Doctors have said Selye's theories, defining stress and measuring its chemical effect on the body, hold out prospective help for sufferers of a high-speed age. The answers are neither complete nor universally accepted, but their form has been recognized and applauded by medical journals.

Long before the hormone wonder drugs such as cortisone and ACTH were announced, Selye contended that a patient suffering from chemical imbalance caused by stress—from anything from cold feet to a gun at the head—could never recover unless the balance was restored, either naturally or artificially. He theorized then that the balance could be restored by injection of hormones or by operations on the pituitary and adrenal glands, main sources of the trouble. There has been progress since in both fields.

Selye showed in experiments with animals that prolonged physical stress produced such ills as heart disease, ulcers and arthritis—things which he said rarely if ever affected them in their natural state.

He is continuing his experiments with animals, mostly rats. Others have widened the study in clinical research to human beings.

### No Subs Located

WASHINGTON (AP)—The Navy said today it had found nothing to support a report that unidentified two submarines were sighted in North Carolina coastal waters yesterday.

An investigation is continuing, the Navy said, but "so far, all results have been negative."

## Tractor, Implement Sales Show Farmers Optimism

By CLIFTON LAWHORNE

Tractor sales in the immediate Spring report that they are having better business now than they have ever had.

Others admit that the year looks better than at any time since 1950,

Some tractor agents in Big Spring report that they are having better business now than they have ever had.

Others admit that the year looks better than at any time since 1950,

but explain that trades being made are "awful tight." All agree that more tractors are moving across the sales counter.

Reason for the increased buying on the part of farmers is twofold, dealers say. A partial crop was harvested in 1954, and the outlook is good for a crop in 1955.

The prospects for next year are in direct contrast to the last three. The drought has meant little yield if any from area land, and farmers have been forced to go without buying any new farm machinery.

The situation was eased some last year with a few rains which "bent" the drought. Some farmers hereabouts did right well—least better than expected.

The county agriculture income was pegged right at \$5 1/2 million, but it was also higher than in the years immediately preceding.

Implement dealers explain that only a few farmers made enough money off the partial crop to get out of debt.

However, the harvest was encouraging, and farm equipment dealers believe the lending institutions eased loan restrictions as a result.

"It's much easier for a farmer to get credit now than it was last year," one tractor salesman said.

Not only are farmers buying more tractors, but they are also buying other needed equipment. Planters, power units, plows, and machinery of all types are being sold in some quantities.

Most farmers are interested in repairs, and dealers here point out that the tractor parts business is booming. Some farmers who haven't repaired their tractors in the last three years have been purchasing parts.

"The condition of the soil right now is better than at any time since the 1949-50 season," a tractor agent said. "These farmers are banking on a good crop this year and are getting prepared."

One dealer here pointed out that his district office is preparing for the best year since 1948, and another stated he is already selling all the tractors he can get his hands on.

"Right now I believe we could sell a couple of car loads," the dealer explained. "I got a car load yesterday and have already processed two. The other should be gone by the week's end."

The dealer said that a car load of tractors usually means five.

Farmers who are buying the new tractors are asking for the machines which run on butane rather than gasoline, according to one implement salesman. The butane tractors operate much more economically than do the gasoline driven type.

Dealers here are of the opinion that most of the new tractors being purchased are being bought on borrowed money. But most say that they personally have not been forced to take notes.

"If the money is borrowed, it must be coming from the banks," one dealer pointed out. "Farmers usually have good credit, and some of them may be using it."

## CTC Executive Has Praise For 'Code Of Road' Project

The courtesy program now being sponsored by the Texas Safety Association drew praise today from George Oldham of the local Citizens' Traffic Commission.

Oldham is of the opinion that if drivers here would adopt the Code of the Road courtesy pledge outlined by the TSA that traffic court cases would be reduced to a minimum.

The pledge, which emphasizes that courteous driving will save lives, has seven main points. They are:

(1) Share the road by driving in the proper lane. (2) Allow ample clearance when passing. (3) Yield right-of-way to other drivers and pedestrians. (4) Give proper signals for turns and stops. (5) Dim

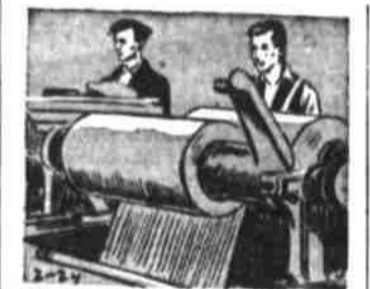

headlights when meeting or following vehicles. (6) Respect traffic laws, signs and markings. (7) Adjust driving to the road, traffic and weather.

"If every driver in Big Spring adhered to the pledge, the number of traffic cases tried in court would drop almost to zero," Oldham said.

The executive secretary of the CTC also pointed out that discourtesy in traffic actually breeds contempt for traffic regulations which were established for protective purposes.

"Many times the dividing line between discourtesy and actual law violation is difficult to determine," Oldham stated. "A driver can cross the line without realizing it."

## UNCLE RAY'S CORNER

Cloth being dyed on a jogger machine in England.

Cotton is one of the leading "cash crops" of the United States. It supplies the chief source of income for three million American farm families.

As I said recently, the American cotton crop is the largest in the world. The amount grown differs widely, but the average during the past 18 years has been about 13 million bales a year.

A standard bale contains 500 pounds of cotton. Some bales, however, contain only 300 pounds, and others weigh as much as 600 pounds.

Cotton gins take the seeds from newly-picked cotton. At the same time, bits of cotton plants (gathered by mistake during the picking) are removed.

After a bale of cotton gets to a mill, the bales are taken off, and a long process starts. Several kinds of cotton may be combined in the mixing room. The fluffy material is loosened and blended, then is beaten and blown, and this brings about further cleaning.

An investigation is continuing, the Navy said, but "so far, all results have been negative."

other things to cotton. Very important are the carding and combing which cause the fibers to lie side by side.

Later comes the spinning, and the spinning may be followed in the same mill by weaving. Modern spinning machines and power looms are among the most amazing productions of inventors and engineers.

Some cotton is bleached white in the mill, but a great deal of it is dyed or tinted. The thread or yarn may be dyed while being made, but more often the color is added to the cloth.

In time gone by, most of the dyes were obtained from plants, but the story is different at present. Thanks to coal tar dyes, excellent coloring can be added at low cost.

Tomorrow: Cotton Printing.

### Denied The Catsup, Loses His Temper

DALLAS (AP)—The Talk of the Town Cafe customer sat down, unwrapped the sandwiches he had brought and called waitress Angelina Flannigan.

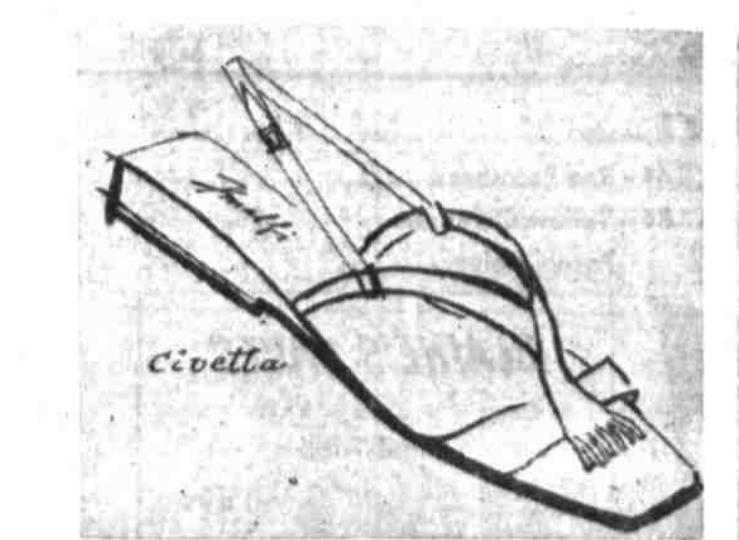

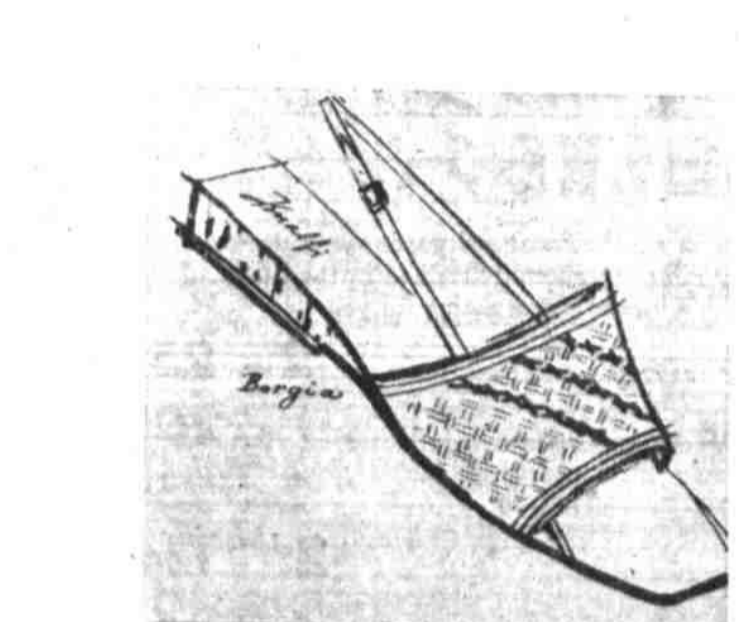

"Bring me some catsup," he demanded.

Angelina said no.

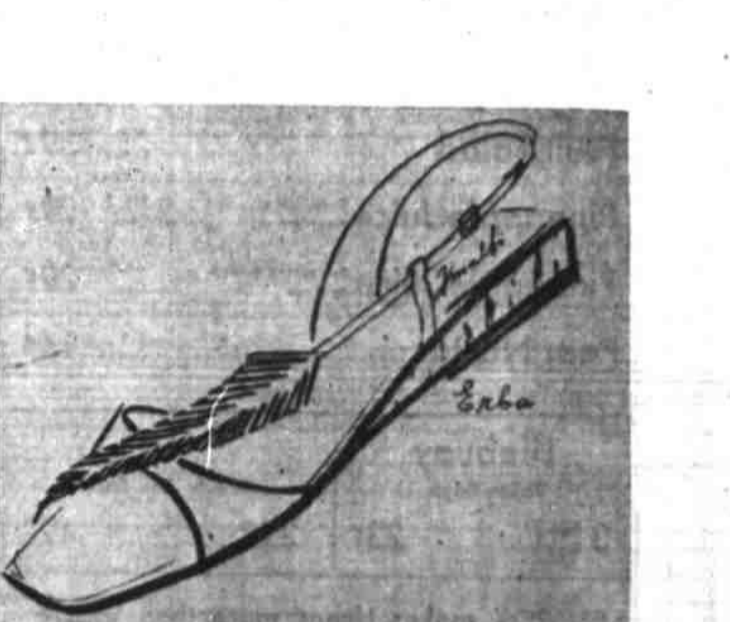

The customer picked up a pop bottle and slugged her.

The poor service so irritated the man he stepped outside to glare at the cafe, picked up a brick and heaved it through the front window.

Hospital attendants sewed up a two-inch gash in Angelina's head.

### New Party Biscuits

Ready-mix pancake and waffle flour goes to your parties when it is used to make the waffle biscuits below. After they are cooked they can be cut in different shapes with cookie cutters.

#### WAFFLE BISCUITS

2 cups pancake mix  
 1/4 teaspoon dry mustard  
 1/2 teaspoon rubbed sage  
 2 teaspoons caraway seed  
 One third cup shortening  
 Two-thirds cup milk

Set waffle iron on high heat or dark. While iron is heating, combine pancake mix, dry mustard, sage and caraway seed. Cut in shortening until mixture resembles coarse crumbs. Add milk, stirring lightly only until mixture is dampened. Add a little more milk if necessary to make a soft dough. Divide dough into 3 parts; roll each part out to fit waffle iron. Transfer dough to waffle iron by rolling on a rolling pin or folding. Close iron and bake until waffle biscuit is golden brown. Carefully remove from waffle iron. Cut into small rounds, squares, pie-shaped pieces, etc. Serve with cheese dip or covered with your favorite canape spreads. Makes 4 dozen tiny appetizers.

### Favorite Snacks Are Made From Usual Pantry Stock

The Associated Press

For a snack meal over the weekend at our house, a favorite menu consists of French-toasted cheddar cheese sandwiches, crisp brown pork sausages or bacon, clove-studded hot canned peach halves and a pot of hot tea. The makings for this satisfying snack meal are usually in the house and it is an easy one to put together and to serve.

We make the sandwiches with a medium-sharp or sharp natural cheddar cheese, but you may use a processed cheese food if you like. And if there are weight-watchers around, fry the sandwiches after they have been dipped in a French-toast batter, in a very little butter or margarine. If no one is bent on reducing, put a generous amount of butter in the skillet and you'll have sandwiches that are extra special.

You'll be using your large skillet for the sandwiches, so we suggest you fry the sausage in it first and then keep the links warm until you are ready to serve. If you use the brown-and-serve sausage links they'll need only brief browning. If you use the regular-type pork

sausage links, put them in a large skillet with two to four tablespoons of water. Cover the skillet and steam about five minutes. Drain off any water remaining pan and continue cooking the sausages over low heat, turning often, until they are brown and the outside is crisp. Somewhere along the line, drain canned peach halves and stick each one with a few cloves. Put a bit of brown sugar or honey and a dot of butter or margarine in each cavity. Heat under the broiler or in the oven—whichever you prefer.

Make a good strong brew of tea, and have boiling hot water on hand for those poor souls who like tea weak. Have milk and sugar ready, too; then sit back and enjoy a fragrant but robust drink. If you haven't yet learned to appreciate strong hot tea at snacktime, take the plunge. At our house we regularly serve tea at lunchtime and when we are home to enjoy it—about four o'clock in the afternoon. But then we were brought up in Canada.

SEASON FAVORITE  
 ... Macaroni and Cheese Casserole

### Old-Time Macaroni, Cheese Is Base For Lenten Menus

By CECILY BROWNSTONE  
 Associated Press Food Editor

Are you acquainted with old-fashioned macaroni and cheese? We mean the custardy kind in which cooked elbow macaroni is baked with a full-flavored cheese, eggs and milk. If this dish was served at your house when you were very young, you'll probably pounce on this recipe. If you do not know it as an old-time standby, we urge you to follow our directions and see what you've missed. This is the sort of macaroni and cheese our family always welcomed those years ago when my sisters and I were all at home. My mother would sometimes serve it for a thrifty supper. Then stewed tomatoes were often a flavorful accompaniment to the casserole—and they still are. Only nowadays you can get stewed tomatoes in cans all seasoned and ready to heat.

With the macaroni and cheese casserole and stewed tomatoes my mother usually served a salad. Probably hearts of lettuce with a sour-cream dressing. Nowadays, when tossed green salads are in fashion, we are likely to use a variety of greens, thin-cucumber slices and French dressing.

One of the requisites of this macaroni casserole is to use a fine-flavored natural cheddar cheese. Shred the cheese on a grater that is on the coarse side because semi-soft cheese will clog a fine grater.

For the size of the baking dish we specify, you'll find that a square cake pan 9 by 9 by 1 inches deep is fine for the water bath

that helps keep the macaroni and cheese at its custardy best.

**OLD-FASHIONED MACARONI AND CHEESE**

Ingredients:

1 tablespoon salt  
 3 quarts boiling water  
 2 cups elbow macaroni (8 ounces)

2 cups (packed down) grated sharp cheddar cheese (1/4 pound)  
 3 eggs  
 2 cups milk  
 1 teaspoon Worcestershire sauce  
 1 tablespoon minced onion or 1 finely-grated small onion (pulp and juice)  
 1/4 to 1/2 teaspoon salt.

**Method:**

Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander; turn into 2-quart (un-greased) casserole (about 8 inches in diameter and about 2 inches deep). Add cheese and mix well; fingers are best here. Beat eggs vigorously a few minutes; add milk and beat enough to combine. Stir in Worcestershire sauce, onion and 1/4 teaspoon salt. Taste and add more salt if desired—depending on saltiness of cheese. Add to macaroni and cheese and mix well. Place casserole in pan of very hot water, have water come up sides of casserole as far as possible. Bake in moderate (350 degrees) oven 1 1/2 hours or until knife inserted in center shows you custard mixture is set. Makes 6 servings.

Note:  
 Onion may be omitted if desired, although it adds zest to this dish.

### What's New For Dinner

NEW YORK—American housewives can expect some new items on the grocery list. New products sampled by 140 newspaper food editors during the recent annual conference here include:

Frozen beef pot roast dinner, to be heated in its own dinner plate in the oven; frozen apple and cherry pies; chicken and turkey meat in a flavorful sauce. (All introduced by C. A. Swanson Co.)

Beef and Vegetable Soup, a dry mix that with boiling water added makes a truly gourmet dish. (Lipton.)

Frozen pineapple juice from Hawaii (Minute Maid.)

Strained chicken to enliven infants' diets. (Gerber's Baby Foods.)

Savory Sauce, a sweet fruit blend made from oranges, lemons, apples, dates, tomato, tamarind, onion, sugar, vinegar and spices—wonderful with meat, fish and curries. (H. J. Heinz Co.)

Nonfat dry milk solids that dissolve instantly in cold water because they come in granular form. (Starbuck by Borden.)

At a dinner given by the American Spice Trade Assn., the editors were asked to identify five unlabeled seasonings. The spices and herbs that were chosen to stump the experts in this quiz were all-spice, cummin, tarragon, anise and oregano.

The food served to the editors at the Spice Trade dinner featured 20 different spices and herbs. Some of the dishes that met with high approval were spicy tamale pie, a paprika baked ham, creamed shrimp with curried rice, spiced fruits and spice cake.

At a breakfast meeting at which travel-wise Duncan Hines was host, the editors heard of new ideas for using cakes and pancake mixes which Mr. Hines recently gathered abroad.

Coffee drinks, stemming from France, the African Gold Coast, Italy, Brazil, Mexico, Turkey and the United States were served at an International Coffee House Party. All these beverages were made with instant coffee.

At the final luncheon of the conference, the South African Rock Lobster Assn. starred dishes made with South African lobster tails, and demonstrated the versatility of this seafood.

### Deep Freeze Dip

Is yours a "drop in" house? Here's a delicious sardine dip that you can keep stocked in the deep freeze to serve those unexpected guests. Mash two cans sardines with two packages of cream cheese, a clove of minced garlic, salt, Worcestershire sauce, lemon

juice and garnish with pimiento strips.

### Deviled Brunchies

To dress up the Sunday brunch, just spread hot cakes with deviled ham and top with layer of crushed pineapple. Put 3 pancakes together to make portion. Of course, serve with melted butter and tart jelly.

### Try This Hambone Soup For Supper

Serve steaming bowls of this hambone soup and your family will give you the most praise you have ever had.

Watch their smiles broaden after each spoonful of this mouth-watering soup of tender rice and green peas. Bubbling with peppery flavor, this is a soup which challenges all other soups for the title of "Family Favorite."

**Ingredients:**  
1 pound (2½ cups) green split peas  
1 cup chopped onion  
10 cups water  
1 ham bone  
½ cup uncooked white rice  
¼ teaspoon thyme  
1 tablespoon salt  
¼ teaspoon pepper

**Method:**  
Simmer the peas, onion, water and ham bone in a covered soup kettle until the peas are tender. (About one hour.) Add the rice, thyme, salt and pepper. Cover and simmer 20 minutes or until the rice is tender. Serve hot. Makes about 12 cups of soup.

### Quick Warm-Up

When March's winds blow chill, there's nothing like a bowl of hot soup to warm your bones. For a new taste, try tomato noodle soup mates. Add a can of tomato soup to chicken noodle soup with 1½ cups water. Top with grated cheese.

### SKINNER Tuna-Macaroni Bake

### EASY TO MAKE AS

- 1 MACARONI
- 2 TUNA
- 3 GRATED CHEESE
- 4 EVAPORATED MILK

**SKINNER TUNA-MACARONI BAKE**  
1 7-oz. package SKINNER Elbow Macaroni (or ½ 14-oz. pkg.)  
1 egg  
¼ cup evaporated milk  
½ cup water  
¼ teaspoon dry mustard  
1 tablespoon minced onion  
¼ teaspoon salt  
1 ½ cups grated American cheese  
1 7-oz. can tuna, broken

Cook macaroni as directed on package. Drain. Break egg into mixing bowl and beat slightly. Add all remaining ingredients including cooked macaroni. Pour into greased baking dish, 6 x 10 inches, and bake in 375° oven for about 1 hour or until mixture is firm and lightly browned. Cut into squares and serve with a topping of catsup or chili sauce. Serves 6.

### Here's the Secret of Its DEEP BAKED FLAVOR

Unless you've tried Skinner's, you may not realize what a big difference the right macaroni can make in the success of this Tuna-Macaroni Bake! Thanks to its high content of choice amber durum wheat, Skinner Macaroni picks up all appetizing flavors of the tuna, cheese and seasonings.

Skinner Macaroni cooks firm yet tender. And every forkful holds extra nutrition for your family, because Skinner is the Vitamin Enriched Macaroni. Try our Tuna-Macaroni Bake this week. If you don't agree it's all we say, just write us for a refund of our entire cost of ingredients. Fair enough?

SKINNER MFG. CO. CHICAGO, ILL.

### Quick Pie Crust

For a quick crust and extra flavor for your next coconut pie try this easy-to-make crust. It needs no cooking.

**COCONUT COOKY CRUST**  
**Ingredients:**  
One and one-third cups coconut cooky crumbs (about ¼ pound coconut bar cookies)  
¼ cup butter, melted

**Method:**  
Blend crumbs and butter thoroughly in a small mixing bowl. Press mixture firmly over bottom and up the sides of a 9-inch pie plate. Chill before pouring in fillings.

### Sauce For Liver

Melted butter or margarine and lots of finely chopped parsley make a delicious sauce for pan-fried or broiled liver. Good with mashed potatoes!

## Easy Recipe Makes A 'Never Fail' Cake

When you're a "career woman," the mother of two sons and a brand new grandmother, it's well to have a few quick, easy recipes in your housekeeping bag of tricks! And that's exactly what Mrs. Bill Sheppard, 1417 Wood, had for today's recipe. Her chocolate cake can be "thrown together," she said, and it comes out a success every time. She has named it "Working Girl's Chocolate Cake."

Much more interesting to her, now, than cooking, is the daughter, Teresa Kay, born recently in Lubbock to their son and his wife, Mr. and Mrs. Billy Mack Sheppard. She admits that she is a typical grand-

mother, even though, before the baby arrived, she had decided that not one word would ever be mentioned about the grandchild. "Sure enough," Mrs. Sheppard said, "one look at Teresa Kay and I lost! Now, I bore everybody talking about her, just like any other grandmother." A receptionist at Copper Clinic, she certainly doesn't look like the popular idea of a grandmother.

The Sheppards also have another son, Rodney, who is a junior in high school. This cake is one of his favorites. It is unusually moist, and Mrs. Sheppard attributes this to the boiling water that is added last.

Here's her recipe for a "fool-proof cake":

**WORKING GIRL'S CHOCOLATE CAKE**  
**Ingredients:**  
2 cups sugar  
1 cup shortening  
2 eggs  
1 cup buttermilk  
2½ cups cake flour  
2 teaspoon soda  
¼ teaspoon salt  
¼ cup sifted cocoa  
1 teaspoon vanilla  
1 cup boiling water

**Method:**  
Put everything into mixer except boiling water, and beat just enough to mix. Now add boiling water and mix. Pour into greased pans and bake at 350 degrees for 25 or 30 minutes. Makes three layers in 9" pans. Allow to cool, and cover with seven minute frosting.

### Souper-Ducer

Reducing? Then you can't have your cake and eat it too... but you can try a supper course for breakfast. Heat clear soup, such as consommé or bouillon. Beat a raw egg with two tablespoons water; slowly pour into simmering broth, stirring quickly with a fork. Serve floated with diet bread croutons. It "eats easy," picks you up and packs your stomach at the same time. You'll get a minimum of calories... a maximum of energy.

### Television Favorite

Here's an open-face sandwich that's tops in flavor and popularity, especially with the television crowd. Spread deviled ham on white bread. Arrange thin tomato slices on ham layer and cover with sour cream. Sprinkle chopped chives or parsley over the cream. Broil for few minutes and serve hot with a side of coleslaw and apple salad. Bet television rates second place!

### Mushroom Sauce

Extra-rich mushroom sauce is quickly made if you add canned mushrooms to condensed cream of mushroom soup. Use about a quarter cup of the liquid from the mushrooms for diluting the soup and a

little soy sauce for extra seasoning. One excellent way to use the sauce for a lunch or supper dish is to pour it over halves of hard-cooked eggs, sprinkle with buttered crumbs and paprika and heat in a moderate oven until bubbly and topping is lightly browned.

### More Meat Patties

You can stretch that hamburger if you add soft bread crumbs and milk, along with your regular seasonings, to it. Make it into patties and be sure to cook them slow-

ly; these patties should be on the well-done side. Add a few table spoons of water to the drippings in the skillet, after you have removed the cooked patties, bring to a hot and pour over the meat.

# GANDY'S BUTTERMILK

## Golden Flake

"with Flakes of Floating Butter"

For Drinking and Baking

Delicious, Tasty and Fresh!

### Quite Tempting, Isn't It?

This Devil's Food Cake is a favorite in the Bill Sheppard family, and one taste would tell you why. It is light and moist, and, according to Mrs. Sheppard, "a whiz to mix." Because of that, it seems the answer to the quick dessert problem.

# Churchill Joining In Talk Of Retiring From Office

By JAMES F. KING  
LONDON (AP) — Sir Winston Churchill has adopted a new philosophical attitude to all this talk about his retiring as prime minister. He has joined in the talk himself.  
Not many months back even closest associates dared only to drop delicate hints in sounding out the unpredictable "old man."  
Now he frequently brings the subject up himself. And he gives the impression there's nothing more he enjoys talking about than the quiet life away from high public office.  
But there is a suspicion that it's just talk—and he has only deepened the bewilderment of political friend and foe.  
With election talk in the air they are more interested than ever to know just what he intends to do.  
One thing is certain: Churchill is still guiding British government policy, both at home and abroad.  
Now in the third month of his 80th year, he still has shown no signs of relinquishing his leadership, at least while in office.  
It's made easy for him, however, as he thinks the same in foreign affairs as his political heir-appar-

ent Sir Anthony Eden, and in domestic affairs as Chancellor of the Exchequer Richard A. Butler.  
The Prime Minister looks physically fit for his years. And he's still looking ahead.  
He made that clear during short but sharp skirmishes with Laborite critics in the House of Commons only last week.  
A Socialist suggested inviting President Eisenhower to London or that Churchill should go to Washington to discuss the international

situation, particularly Formosa. Churchill retorted quickly: "The President has long known how glad we should be to welcome him in our country to which he has had cordial invitation. I have in fact been to see him three times in the U.S. or in Bermuda since he was elected president and I would gladly go again if the occasion was opportune, but I must be the judge of that."  
Big Four talks? Yes, he still favored them but not until after ratification of the Paris agreements providing for rearming West Germany.  
The old man's tone and manner did not give the impression of a prime minister thinking of immediate retirement.  
Yet the time is nearing when he faces a decision, especially if the government decides to call a general election this year.  
The Churchill regime's present term has until October 1956 to run—but he can set an election before then and there's talk he may do so this fall.  
Churchill reportedly tells intimates that he would like to get away to relax—painting, writing, and just strolling in the garden of Chartwell, his country estate.

## Ice Skating Star Seeks 'Freedom' In The U. S.

By ERIC WAHA  
VIENNA, Austria (AP) — I had everything but freedom and security.  
In those words pretty Miroslava Nachodska, 22-year-old ice skating star from Communist Czechoslovakia, summed up today her reasons for seeking political asylum in the United States.  
At a news conference here in the American zone of Austria, Miss Nachodska told how she made her way to freedom in Vienna a few hours before she was due to return to her homeland.  
She said she had been considering escape to the West for years. Her opportunity came when she was sent to Vienna to take part in the 1955 world ice skating championships last week.  
Miss Nachodska said she made her final decision to flee less than 24 hours before she was due to return to Prague Sunday. On a last-minute shopping expedition, she made an excuse to break away from other team members.  
She took a street car to her hotel, picked up her bags and took a taxi to the U.S. Embassy. Noticing her Czech accent and nervousness, and suspecting her purpose, the cabbie took her instead to the U.S. escape center in Vienna, where she applied for asylum.

## Small Grain Prospects Good Over The State

AUSTIN (AP)—Small grain prospects in most of Texas continued on the upgrade last week, but cool temperatures retarded growth.  
Lack of moisture in the High Plains hurt small grains in that area with dead spots showing up and spreading, the U.S. Department of Agriculture reported today.  
Field work increased during the mid-week spring-time temperatures but stopped again as another norther moved across the state over the weekend.  
In the lower valley, planting and replanting cotton was active. In the coastal bend, planting of cotton and sorghums was getting underway.  
The effects of low temperatures on commercial vegetables have been greater than indicated last week. At Raymondville, all dry land onions were adversely affected with some advanced plants hurt beyond hope of recovery.  
Clovers, rescue grass, and small grains were supplying fair to good feed over most of the eastern third of the state. Two or three days of warm spring temperatures stimulated fast vegetable growth in between cold spells.  
In the northwest extremely cold weather late in the week caused heavy shrinkage of livestock. Supplemental feeding of cake and roughage continued heavy over the western two-thirds of the state.

AUSTIN (AP)—Texas commercial hatchery production during January slumped 18 per cent from the same month a year ago, the U.S. Department of Agriculture reported today.  
Production totaled 7,400,000 chicks compared to 9,000,000 last January. Production of broiler chicks also dropped 18 per cent.  
Egg production increased 4 per cent from the same month last year. The total was 225 million, compared to 217 million in January, 1954.

## Hatchery Output Shows Sharp Slump

AUSTIN (AP)—Texas commercial hatchery production during January slumped 18 per cent from the same month a year ago, the U.S. Department of Agriculture reported today.  
Production totaled 7,400,000 chicks compared to 9,000,000 last January. Production of broiler chicks also dropped 18 per cent.  
Egg production increased 4 per cent from the same month last year. The total was 225 million, compared to 217 million in January, 1954.

## Pay By Checks At Webb Delayed Until Mid-April

"Operation Pay-By-Check" won't start until mid-April at Webb AFB, Capt. A. W. Tibbs, base finance officer reported this week.  
Non-commissioned officers at Webb had been scheduled to start receiving their pay by check Mar. 18. However, equipment for making the checks won't be delivered until around April 1.  
Eventually, the pay-by-check program may be expanded to take in all Webb airmen, Capt. Tibbs said.  
Tibbs' department now is conducting a survey to determine the number of non-commissioned officers who want their checks deposited directly to bank accounts, and how many wish to pick the checks up at the squadron pay calls.  
Those who have accounts in local banks may request that their pay be deposited. This will be done the day before payday, so that deposits may be posted and the funds be available in the banks on payday.

## Airmen To Put On Khakis March 15

Airmen at Webb AFB have started removing the mothballs from their khaki uniforms.  
Personnel at the base will start wearing the khakis Mar. 15, officials have announced.  
The date for the changeover from winter to summer uniforms probably will be earlier here than for some other bases. It is set by local commanders throughout the Air Force.  
"There is no longer an "optional" period, during which military personnel may wear either summer or winter clothing. The Air Force said the option was banned so that a "standard" uniform will be worn by all personnel in any area.  
There are more than 125 different production steps in the making of a wooden lead pencil.
