

Big 3 Meet Puzzles Over Trieste Zone

By ARTHUR GAVSHON
LONDON (AP)—The Western Big Three foreign ministers opened a three-day discussion today on pressing worldwide problems. How to keep a hot war from starting over Trieste headed their list of headaches.

Russia Demands Part In Trieste Zone Decisions

By TOM HOGE
UNITED NATIONS, N. Y. (AP)—Russia warned the Big Three last night that she will tolerate no decision on disputed Trieste unless the Soviets have a hand in it.

peace" But he said he was "confident this exchange of views among three friends will advance the cause of worldwide peace and justice."

No New Body Found When Grave Opened

KANSAS CITY (AP)—The limed-filled grave of kidnap victim Bobby Greenlease was re-opened today, but officers found nothing to indicate another body had been buried there.

Webb Graduates Its 1,000th Jet Pilot

When a ball player collects his 1,000th hit or scores his 1,000th point, it's quite an event. This numerical reckoning also applies to Webb Air Force Base—it's quite an event.

Residential Quota Topped

Mrs. Norman Read's Residential Division volunteers were the first to exceed their quota in the United Fund campaign, it was announced at the close of the one-day canvass of residential districts Thursday.

Ike To Be Greeted By Mild Weather On Lone Star Visit

By The Associated Press
Shirley Weathers will probably greet President Eisenhower when he arrives in Texas Saturday, forecasts indicated Friday.

Suspended
Aaron H. Coleman, an electronics engineer who identified himself as a civilian employe recently suspended from the Army Signal Corps Laboratories at Ft. Monmouth, N. J., left federal court today after attending the hearing on Senate investigating committee headed by Sen. Joseph R. McCarthy. (AP Wirephoto).

Three Attempts Made Here To Lure Children

Three different attempts to lure children into automobiles were made in Big Spring around noon Thursday. All were unsuccessful, and the children escaped.

East Has Drought

NORTH ADAMS, Mass. (AP)—Most of this city's men sported young beards today. City Manager Robert Harg reported Adams' 22,000 residents last night to go without baths and the men without showers today to help preserve the dwindling water supply, caused by a long drought.

Reported Improving

Jack F. H. Franklin, who was admitted to Medical Arts Hospital after suffering a heart attack Monday was reported improving today.

Blondes Besiege Tars

STOCKHOLM, Sweden (AP)—Six hundred and fifty dark-skinned Brazilian seamen, visiting Sweden aboard the 11,130-ton training ship Duque de Caxias, are besieged aboard their vessel by crowds of admiring blondes. Police last night chased away more than a hundred teenage girls who crowded the quayside waiting for the men to come ashore.

North Korean Prisoners Threaten To Break Out

Red Coaxing Talks Cancelled For Day

PANMUNJOM, (AP)—Thousands of imprisoned North Korean prisoners threatened to break out of compounds in the Korean neutral zone today, forcing cancellation of the second day of Red attempts to woo them back to communism.

Heavy Cut In November's Oil Allowable Set

By BO BYERS
AUSTIN (AP)—The Railroad Commission ordered today a surprisingly heavy cut of 149,531 barrels per day in the November oil allowable.

THE WEATHER

BIG SPRING AND VICINITY Partly cloudy and continued warm this afternoon, tonight and Saturday with some widely scattered showers late this afternoon and tonight in the area.
High today 81, low tonight 61, high tomorrow 81, low tomorrow 61.
Highest temperature this date 85 in 1917; lowest this date 24 in 1914; maximum rainfall this date 1.56 in 1918.

**Orson Is Named
Manager At Tarzan**
STANTON (SCN)—W. H. Orson of Stanton has been named general manager of the Tarzan Marketing Association and took over the job Thursday.
Orson succeeds Coy Welch, who has been manager since January. Welch plans to return to his ranch near Colorado Springs.

**Wable Confesses
Part In Turnpike
Slayings To Police**
GREENBURG, Pa. (AP)—Sullen John Wable, a 24-year-old resident of near Uniontown, Pa., was kept under close guard today after admitting he had admitted participating in the brutal slaying of two sleeping truck drivers on the Pennsylvania Turnpike last July.
Seconds after Wable had been whisked from a Pennsylvania railroad train which made a special stop at this western Pennsylvania town early today, Maj. Andrew J. Hudock and Dist. Atty. Alexander Sculey issued this statement:
"Wable admits participating in both crimes (the two turnpike murders). There are many details yet to be checked."
Wable was grim-faced as he completed the last leg of his journey from Albuquerque, N. M., where he was arrested last Sunday by New Mexico state police.

**Greenglass Quiz
Set For Saturday**
NEW YORK (AP)—Sen. McCarthy (R-Wis.) said today he will go to the Lewisburg, Pa., federal penitentiary tomorrow to question atom spy David Greenglass on what he may know about radar espionage.
The Senator said he had cleared arrangements for the interview through the Department of Justice.
McCarthy, who has been conducting hearings in New York into a radar spy plot, said he did not know what time tomorrow he would leave for Lewisburg.
Evidence that Julius Rosenberg, executed atom spy, also masterminded a spy ring at Ft. Monmouth, N.J., where radar defenses against atomic attack are devised, turned attention to Greenglass.
Greenglass, a member of the atomic spy ring, escaped with a 15-year sentence in the Rosenberg case after testifying for the government. He is a brother of Rosenberg's wife, Ethel, who also was executed for her part in the atomic plot.
McCarthy expected "complete testimony" to arrive today from a German scientist who reportedly told authorities that the Russians were using secret data stolen from Ft. Monmouth.
McCarthy said the scientist, not identified, fled from East Germany into the Western zone of Berlin more than a year ago and told U. S. Air Force intelligence officers the Soviets said "they could get anything they wanted out of Ft. Monmouth."
In Germany yesterday, an Air Force spokesman said they were "baffled" by McCarthy's statement and had no information about the case.
But McCarthy concluded his permanent Senate investigations subcommittee session last night with the assertion that the refugee scientist's full testimony would get here today. The senator said the scientist ultimately will be called as a witness before his committee.
Among witnesses scheduled to testify today in closed hearings were Maj. Gen. Kirke Lawton, commandant at Ft. Monmouth, and Maj. Gen. George I. Back, head of the Army Signal Corps.
The subcommittee has been probing into possible Communist subversion by civilian employes at the vitreous defense center at Ft. Monmouth.
Among names introduced during yesterday's day and evening hearings were those of Morton Sobell, serving 30 years in prison for his part in the Julius and Ethel Rosenberg atom spy plot, and David Greenglass, Ethel's brother, whose testimony helped send the Rosenbergs to the electric chair.
McCarthy said several witnesses brought up the name of Sobell, an electrical engineer who once worked at Ft. Monmouth. Rosenberg worked for the Army Signal Corps in New York until fired for being a Communist.

been frequently criticized, is almost ready to set forth a new program for agriculture. It will retain price supports.
"We will have that program ready for the consideration of Congress early next year," he said last night. "After that, of course, begin the exhaustive committee hearings and debate in the Congress."
"The end result will be as sound and as carefully thought out a farm program as practical experience, expert knowledge and good judgment can devise."
The President spoke before the silver anniversary convention of the Future Farmers of America, a national farm boy organization, turning to price supports, he declared. "All of us know that the price-support principle must be part of any future farm program."
He also detailed last night, in his broadcast and televised address, what he thinks the federal government should do about the "drought of devastating intensity," as he called it.
The President said his administration, whose farm policies have

Revivalists

Joe Boyd, left, a former All-American tackle at Texas A&M, will conduct a revival at the Baptist Temple beginning Sunday and continuing through Nov. 1. Since he entered evangelistic work in 1946, Boyd has conducted an average of 20 campaigns a year. Assisting him will be Bill Harvey, right, a tenor, who will sing.

Senators Criticize Morocco Base Plans

By G. MILTON KELLY
WASHINGTON (AP)—Senators Case (R-SD) and Stennis (D-Miss) today objected to U. S. Air Force plans for building the last two of five bases in French Morocco, saying the sites chosen are unsuitable. They spoke out in separate interviews, each emphasizing he voiced personal views based on their tour.

India's Industrialization To Get Potent Boost From U. S.

By SELIG S. HARRISON
NEW DELHI (AP)—India's fledgling industrialization program is about to get a potent shot in the arm from the United States. America's foreign aid organizations—the Foreign Operations Administration (FOA) and private agencies such as the Ford Foundation—are ready to give a mighty push to the Nehru government's campaign to step up industry. In addition to technical help, the FOA for the first time will give a substantial economic lift to India's industries. U. S. Point Four experts assigned to Indian industry will be increased from 5 to 50 in the next year. Since Point Four came to India late in 1951, the Ford Foundation and other private American groups have channeled nearly all their assistance to Indian agriculture to help end famine. But famine no longer is India's most urgent problem. The challenge is a staggering unemployment, a statistician's nightmare. That's the reason behind the switch from farm to factory. Most Indians out of work—and

the estimates range from 50 million to 80 million—are really the "under employed," landless farm laborers who drift over the countryside during the jobless off season. The problem grows by leaps and bounds. Indian official estimate that two million youths reach working age each year. Another complication is the fact India's economy jumps from the one-man craftsman level to that of the big tycoon, with nothing resembling the U. S. small businessman in between. The Ford Foundation has turned from stress on backing training programs for county agent-style village farm instructors to emphasize on development of small private and co-operative manufacturing enterprises. Next year the bulk of increased U. S. technical help will go to the engineering, chemical and textile industries. Economic aid programs are still under negotiation. Possibly economic aid will come through supporting Indian government industrial credit programs. The funds will be taken from a special economic aid appropriation over and above already allocated technical aid money for the year ending June 30, 1954.

Sergeant Divorces His Remarried Wife

LEXINGTON, Tenn. (AP)—Sgt. James A. Cogburn has been awarded a divorce from his wife, who remarried while he was a prisoner of war. He was given custody of their 6-year-old son Danny. The divorce was not contested. Cogburn was released from a Communist POW camp Aug. 29 and found that his wife, believing him dead, had married a former Marine, James Hern. She has been indicted for unlawful cohabitation. She goes on trial today.

Attorney Gets Help On Problem Answer

MARSHALL, Mich. (AP)—Atty. H. C. Winsor was looking out a window of his first-floor office, wondering whether he should have the office remodeled. He got his answer unexpectedly. A car driven by Mrs. Clara Bonnell, 55, crashed through the front wall. No one was hurt.

Senator Wiley Sees Guatemalan Communist Roots

MILWAUKEE (AP)—Sen. Wiley (R-Wis.) said today "communism has established a strong beachhead in Guatemala" and has taken root to "considerable extent" elsewhere in Latin America.

Wiley, chairman of the Senate Foreign Relations Committee, in an address prepared for a luncheon meeting of the City Club here, said one way to assure the continued security of the United States is to make sure "that we do not overlook our own back yard, our own hemisphere."

He said a foreign relations subcommittee will shortly issue a study of the worldwide strength of the Communist party, country by country.

"This study," he continued, "will indicate the considerable extent to which communism has unfortunately taken root practically right under our own noses in this hemisphere."

He spoke of a Communist "beachhead" in Guatemala, a Central American country close to the Panama Canal, and "serious developments" in British Guiana, where the British government moved swiftly recently to oust officials it accused of Communist scheming.

Wiley said there is reported to be a school in Prague, Czechoslovakia, "which is graduating literally thousands of Red agents and pouring them out through the underdeveloped areas of the world," and he added:

"Reportedly the bulk of the personnel for this school of revolution comes from Communist parties in Latin America, from left-wing intellectual groups, and from the Latin American labor federation, headed by Vicente Lombardo Toledano of Mexico."

"Today," Wiley said, "Moscow is training what she hopes will be the future Red rulers of Brazil, Argentina, Costa Rica, Cuba, Panama, the Dominican Republic and other Latin American lands."

The Communist party is outlawed in many South and Central American nations, Wiley said, but this "does not prevent leading Communists from occupying key places in intellectual life, in the trade union movement, often in government itself, and from constantly fomenting trouble so as to fulfill Moscow's plans for global revolution."

Market Stronger In Everything But Butcher Cattle

The market was stronger in everything but butcher cattle at the Big Spring Livestock Auction Company's sale Wednesday.

Bulls brought from 10.00 to 12.00, butcher cows from 6.50 to 7.50, fleshy cows from 8.00 to 10.00 with a few heiferettes higher.

Fat calves and yearlings sold for 12.50 to 16.50 with a few choice animals higher, stocker steer calves from 13.50 to 15.50 and heifer calves from 11.00 to 12.50.

Cows beside calves were hard to sell but top hogs went for as high as 23.00.

The run was estimated at 600 cattle and 50 hogs.

Motorist Who Obeyed Law Has Broken Arm

PAW PAW, Mich. (AP)—Gerald Lambert, 28, of Plainwell, Mich., obeyed the law. A passing motorist didn't. So far Lambert's the only one to suffer.

Lambert was signaling for a left turn here yesterday when a motorist swung by at close quarters. The passing car struck his arm, breaking it.

Police are looking for the other driver.

Reds Plan Big Rally Of Young Germans

BERLIN (AP)—The Communists today summoned 70,000 young East Germans to rally at Leipzig this weekend for the 140th anniversary of Napoleon's defeat at the "Battle of the Nations."

The Red call credited Russian and Prussian forces with the victory but ignored the Austrian and Swedish troops who also fought the French there.

The Communists claimed the demonstrations would "strengthen friendship with the great Soviet Union in the fight for a united Germany."

The historic three-day battle near Leipzig in 1813 was one of Napoleon's last battles before his abdication on April, 1814, and his flight to Elba.

Light is required for vision and night prowling animals cannot see in total darkness.

BARBERSHOP CHORUS ... To Sing Saturday Night

Kennedy Urges Strategic AF

INDIANAPOLIS (AP)—Sen. Kennedy (D-Mass.) called today for a defense effort "more in keeping with the perils of the time than the one that is at present our national policy."

"Our continental defenses are insecure," he said, "and our Air Force has suffered heavily from successive stretch-outs" in Air Force goals.

In a speech prepared for an Executive Committee meeting of the American Legion, Kennedy said the United States "has no alternative than to give priority to the development of a strategic Air Force with sufficient retaliatory powers to threaten a potential aggressor with havoc and ruin."

"I do not believe that the present program of air power expansion gives us such an Air Force," he said. "Our present effort should be judged not in comparison with what we have done in the past but rather with what the Soviets are now doing today. If we do this, we cannot help but be alarmed by our present progress."

A determination must be made as to whether this country shall rely on an elaborate system of continental defense or concentrate on a strategic Air Force containing such retaliatory powers that the Soviets will be impelled to hold their hand, Kennedy said, adding: "At the present time, unfortunately, we are doing neither."

Reds Held Building Radar Jamming Sets

BUFFALO, N. Y. (AP)—New York state's civil defense director says Russia may have learned enough of America's radar secrets to knock out U. S. radar defenses.

Lt. Gen. Clarence R. Huebner told civil defense workers here yesterday that thefts of radar documents from Ft. Monmouth, N. J., have enabled Russia "to keep abreast of American advancement."

"As fast as we have been building radar," he said, "the Russians have apparently been building jamming equipment, and we may find ourselves with a radar net that doesn't work."

Barbershop Singers To Appear Saturday

A musical treat of unusual attraction occurs Saturday evening, when lovers of the old time Barber Shop style of harmony may hear a "Harmony Show" of melodic ensembles.

The attraction is at the city auditorium beginning at 8 p. m., and is presented by the local chapter of the Society for the Preservation and Encouragement of Bar-

ber Shop Quartet Singing in America. Proceeds go to the Big Spring Quarterback Club.

A variety program includes chorus selections as well as close-harmony tunes from some of the outstanding Barbershop quartets in the Southwest.

Visiting groups will include the Desertaires of El Paso, a group that has won high rating in international contests; the Tune Tilters of Fort Worth, another widely recognized group; the Cavern City Four from Carlsbad, N. M., which specializes in Western melodies.

Local talent will include the local SPEBSQSA's quartet known as the Dustyaires, and also a male chorus of 30 members, who are SPEBSQSA enthusiasts and who gather weekly for rehearsals of the old favorites. The High School chorus of 60 voices, known as the Master Singers, also will present selections.

If the unique presentation of Barbershop harmony meets a good reception, the local singers plan an annual presentation, bringing in famed quartets to join in the song fiestas of the future years.

Gambling Casino's Special Officer Is Fatally Wounded

LAS VEGAS, Nev. (AP)—A gambling casino's special officer was fatally shot last night, police reported by a youth who first seriously wounded a cocktail waitress because she would not sit down at a table with him.

Special officer Lester F. Thomas, 47, died in a hospital an hour after receiving a .25 caliber pistol wound in the head.

Dale Lee Sollars, 21, was booked on suspicion of attempted murder. Police officers Robert Behrman and Frank Kim said he asked Mrs. Jean McColl, 22, the waitress, to sit down at the table with him and, when she refused, started firing. She was wounded in an arm and the back.

Officer Thomas drew his gun and fired once before being shot.

California Booster

OAKLAND, Calif. (AP)—Stricken with tuberculosis 73 years ago and warned by a doctor that the end was near, the Rev. Hervey Wilford Chapman left Bethel, Maine, for California in the hope of regaining some health. Yesterday the retired minister observed his 103rd birthday in his Oakland home.

Scientists Say Grading Bureau Work 'Superior'

By WARREN ROGERS JR. WASHINGTON (AP)—A committee of investigating scientists has graded as "superior" the work of the National Bureau of Standards, but it cautioned that practical pressures imperil this rating.

The committee, appointed last spring by Secretary of Commerce Weeks to evaluate the bureau's activities, recommended in its report last night:

1. More funds for the bureau. 2. Operational reforms, including concentration on basic research. 3. The return of weapons development to the Defense Department.

The committee said these pressures—lack of money, need for stress on fundamental research and emphasis on weapons tests—hampered the bureau in carrying out its research role assigned by Congress in the fields of physics, mathematics, electronics, chemistry, metallurgy and engineering.

Weeks praised the nine-man committee, headed by Dr. M. J. Kelley of Bell Telephone Laboratories, as having rendered "a valuable service to the nation."

He recalled that he already has put into effect the group's recommendation to shift weapons development back to the Pentagon.

The committee was one of three established by Weeks as an aftermath to the bureau's adverse report on AD-X2, a substance whose maker claimed it adds life to aging but sound electric storage batteries.

Weeks had questioned the bureau's objectivity and had ousted Dr. Allen V. Astin as its director.

Weeks subsequently rehired Astin.

Flow In Most Texas Streams Deficient Last Of September

AUSTIN (AP)—Despite torrential rains in some areas in early September, there was a general return to drought conditions and deficient flows in most Texas streams the last three weeks of the month.

Total storage in major reservoirs dropped, the Board of Water Engineers reported yesterday.

In the Lower Rio Grande Valley, however, the new Falcon reservoir received in about two weeks as much water as had been expected to require two years to store.

Excluding Falcon, total contents of major reservoirs declined two per cent in September. At month's end there was 2,600,000 acre feet of usable water in storage compared with a capacity of 4,520,000 acre feet.

The southern third of the state recorded considerable increase in storage of underground water. Deep wells in the Edwards limestone along the Balcones fault showed a considerable rise, the first since July of 1952. In the El Paso area, some wells reached an all time low.

Dies Of Heart Attack

CORPUS CHRISTI (AP)—E. M. Lichtenstein, 69, died last night after a heart attack. Lichtenstein was the youngest child of the founder of Lichtenstein's Inc., Corpus Christi's largest department store.

99-Year Sentence

HOUSTON (AP)—Mrs. Patsy Montello, 31, faced a 99-year prison sentence today for the murder of her fifth husband, Wayne Montello, 24, was shot to death on an isolated road near Humble July 22. Mrs. Montello told the jury she "shot accidentally in self-defense."

R & H HARDWARE 504 JOHNSON DIAL 4-7732

Emily Post's TELEPHONE TIPS

A woman writes: "I understand that service is faster when long distance calls are placed by number—but what happens when I don't know the out-of-town number?"

The operator will place your call even if you can give her only the name and address of the person you're calling. To do this, however, she must reach the information operator in the distant city and that causes delay. Your local operator will repeat the number for you and it's a good idea to jot it down for future reference. Then, next time, call by number and your call will go through more quickly.

A housewife asks: "Is it proper to extend and answer invitations by telephone?"

It is perfectly permissible to extend informal invitations by telephone. However, a telephone invitation should not be given at the last minute. It is also permissible to accept or decline informal written invitations by telephone. Only formal invitations require a written answer.

A party line user writes: "Will you please repeat your rules for good party line manners?"

- (1) Keep conversations reasonably brief. (2) Space calls so others have a chance to use the line. (3) Always comply with a request to hang up because of an emergency. (4) Most important—consider your party line neighbors as you would have them consider you.

Texas Office Holders Draw Closer As Ike's Visit Nears

By CLAYTON HICKERSON
Associated Press Staff

There was a note of agreement between Texas office holders on the eve of President Eisenhower's visit to the state, but rising criticism came from some other sources.

The President comes to Texas Saturday to spend the weekend at the home of Gov. Shivers near Mission and to dedicate Falcon Dam Monday.

Texas' two Senators, Lyndon

Johnson and Price Daniel, said that only the citizens of the nation can keep their government from becoming too big.

Shivers suggested it would be well for the federal government to initiate a cattle purchase program with the meat to be sold, traded or given to foreign countries the nation now aids through gifts and loans of money.

In Dalhart, cattlemen criticized as "inadequate" all measures taken by the Department of Agriculture to help the cattle industry. In Houston, Oilman H. R. Cullen, millionaire philanthropist and contributor to the Eisenhower and other GOP campaigns, said "wire pulling of a small group of men on Wall Street is having a very damaging effect on our administration."

The Dalhart cattlemen, members of the United Livestock Producers Association, said a government beef-buying program has benefited packers but has been of no help to ranchers. They repeated a request for a floor under cattle prices with supports at 90 per cent of parity.

Route Of Eisenhower Texas Trip

This map indicates President Eisenhower's itinerary in the Lower Rio Grande Valley of Texas this weekend. He is due to fly from New Orleans to the Harlingen air base Saturday, then proceed by car to Gov. Allan Shivers' ranch near Mission to rest until Monday morning. Then he is to drive to Falcon Dam site, and will meet the president of Mexico at Nuevo Guerrero. Following Falcon ceremonies, he is to drive to Laredo air base Monday evening for plane takeoff back to Washington. (AP Wirephoto).

Sir Harding To Visit

CANBERRA, Australia, (AP)—The Australian government announced today that British Field Marshal Sir John Harding will visit the Woomera rocket range on Oct. 30. The disclosure immediately stirred speculation that Britain's third atomic test explosion may be set tentatively for that date.

Ten Persons Drown

ISTANBUL, Turkey, (AP)—Ten persons drowned in floods yesterday in two villages of Merzifin, in northeastern Turkey, the semi-official Anatolian News Agency reported. The floods followed a night-long downpour.

Riding THE GRUB LINE With Franklin Reynolds

Do you like delicious butterscotch pie?

Most folks do, especially when it's homemade as tastily as home-making can make a butterscotch pie.

If you like such pie, or mince-meat or apple or chocolate, or some of the others then drop in at the Ackerly Cafe some day and ask Mrs. Myrtle Sikes, the owner, to serve you a piece of pie and some of that good coffee. A piece of that pie is worth a trip to Ackerly no matter what the direction from which you may be traveling.

And if you get there about supper time the chances are that there'll be a copy of the Big Spring Daily Herald on the counter somewhere to give you all the latest news—and the Grub Line.

That's real entertainment for you, some of Mrs. Sikes' butterscotch pie, good coffee, the Grub Line, and don't forget Tommy Hart's "Looking 'Em Over."

Stopped in and had a visit with Jake Harry, who runs the Ackerly Service Station.

Jake's place is the place to get the news. He has a host of friends from all over and whenever they're close to Ackerly they drop in there and swap news and lies.

Jake is my source of information on rain around Ackerly. I always telephone him whenever it looks like there's been a rain up that way and he always cheerfully and reliably furnishes the information.

Just let a rain come up in that country and everybody heads for Jake's. They want to brag about the rain that has fallen on their place and to hear what the other fellow got.

Jake is one of those fellows who will admit that the drought is bad, and then he'll reckon that it could have been worse. The Lord always has finally sent rain to fellows like that.

A. H. Smith, teacher of vocational agriculture in the Ackerly High School and adviser to the Future Farmers of America Chapter, says his boys have, as their projects for the year so far, nine head of dairy cows and heifers; three steers; 35 head of pigs for pork; 16 sows and gilts for pigs; 125 broilers; 12 capons; 290 acres of cotton; 95 acres of milo; 10 acres of Sudan for pasture; and 81 acres of wheat for winter pasture.

The chapter has been organized and the following officers elected: Eddie Gill, president; Ray

Weaver, vice president; Jerry Hall, treasurer; Darrell Blagaves, secretary; Barney Springfield, sentinel; and Alvin Cates, reporter.

The tempo of cover crop planting has been stepped up in Howard County with a long list of farmers have booked use of the planting equipment owned by the Martin-Howard Soil Conservation District.

Among those who plan such plantings are Bob Wheeler, 10 acres of summer peas and 10 acres of rye and vetch; D. F. Bigony, five acres of rye and vetch and 80 acres of small grain; E. L. Roman, six acres of small grain; W. S. Shaw, eight acres of rye; W. T. Bly, 22 acres of small grain; J. D. McGregor, eight acres of small grain; Harry Graham, 23 acres of small grain; E. E. Gill, two acres of small grain; George White, 30 acres of small grain; O. R. Hollinger, 12 acres of small grain; J. L. Bough, 22 acres of small grain; A. J. Pickle, 35 acres of small grain, and many others.

Such conservationists as the supervisors of the SCD and the SCS specialists, are urging owners to look over their land and to start making plans for what they are going to put on each acre next year. They suggest that better production will be obtained in every case by planting a soil-building crop now. If the farmer needs any help he can get it from the SCS.

Also, any farmer wanting to get in on the use of the district-owned equipment, can book a reservation with one of the supervisors or with M. T. Jenkins at Coahoma or Ray Hastings at Stanton, or at any SCS office.

When Congressman George Mahon stands up and starts talking West Texas farm problems in Congress, he is one man who knows what he's talking about, because George Mahon is a farmer, too—not a congressman who farms, but a farmer who got elected to Congress.

He has a farm two miles west of Lorraine and on that farm he practices the conservation that he preaches in Washington. He recently seeded another block of cultivated land to alfalfa.

Champion Creek runs through his farm and he had a 23-acre area along this creek which was subject to overflows and this was a permanent limitation that made it hazardous for row crop farming. The congressman had alfalfa on a portion of this land and it did mighty well until the drought started in back there in 1950.

It has been Mahon's plan to get this overflow area into something semi-permanent to keep the soil from being washed and scoured. His new 23-acre planting of alfalfa was seeded broadcast with a grass seed drill owned by the Mitchell Soil Conservation District and at the rate of 19 to 20 pounds of seed to the acre.

George has another real good 12-acre patch of alfalfa that was seeded last fall. This patch has returned good yields and has done an excellent job of soil conservation at the same time. He has irrigated this 12-acre patch several times this year and will likely get another good cutting before frost. He also has about 30 acres of irrigated cotton this year.

Forest Meadows is Mahon's farm manager.

Must Provide Food

HONG KONG, (AP)—The Chinese Reds have decreed that convicts in Kwangsi province serving sentences there must provide their own food while behind bars, the independent newspaper Wah Kiu Po reported today.

Brown To Head Board Of SCD

STANTON (SC) — At a meeting here of the board of supervisors of the Martin-Howard Soil Conservation District, Bence O. Brown of Vincent was elected chairman for the year to succeed Morris Patterson of Big Spring, who retired the first of this month.

Brown had been vice chairman. Edgar Phillips of Big Spring was re-elected secretary-treasurer and Doris Bilsard of Lomax, who was recently elected to the board from Zone 5 to succeed Patterson as a member, was elected vice chairman.

Other members of the board are J. T. Flowers of Midland County and W. H. Yater of Martin County.

Bilsard was designated as custodian of the new range pitter purchased by the district. This pitter is scheduled to go to Midland County at an early date for use on rangeland there.

GE Capitalistic Babies Get Stock On Firm Birthday

NEW YORK (AP)—For the benefit of at least 107 walling, capitalistic babies, General Electric stock closed yesterday at 78 1/2.

By being born yesterday, the infants put the big electric company on the hook for more than \$42,000—and the "end was not in sight."

It began as publicity idea keyed to GE's 75th anniversary celebration. The firm promised five shares of stock to each baby born yesterday to a GE employe or wife of an employe.

At 78 1/2, each babe enters life with shares worth \$394.68.

GE was shaken but dead game as the tally passed the 100 mark. "General Electric stands firmly behind its offer," its headquarters reported.

Incidentally, the guy who thought up the stock idea was a bachelor.

A Bible Thought For Today —

There were no great schools nor cultural influences in Nazareth. Yet it was said that never man spake as Jesus did, his teachings form the core of thought and actions in the civilized world.

Regardless Of Who Handles The Kidnapers, Swift Justice Urgent

There are more legal angles in the Kansas City kidnap-murder case than in that of the Lindbergh case of 20 years ago. For one thing, there was no Lindbergh law then; that infamous crime resulted in enactment of a federal law taking jurisdiction away from the state when the criminals cross a state line.

he accepted it, he could not impose the death penalty; the most he could hand out would be life imprisonment, for the Lindbergh law says the supreme penalty can be imposed only by a jury.

We Welcome Letters, But They Must Fit Within Simple Rules

From time to time, our mail brings us letters from readers who agree or disagree with something they have seen in the paper, or who have yielded to the urge to expound on some matter.

a mule-like smile. This prompted some strong defense of police, but one of these was anonymous. Yes, letters must be signed, and the address or box number of the writer should be listed under the signature.

These Days — George Sokolsky

Weakness, Not Strength May Be Flaw In Taft-Hartley Law

There is a lesson to be learned from the combination of murderers, crooks, labor leaders and politicians who are now being exposed in New York. It is that the Taft-Hartley law is too weak. Its enforcement by the National Labor Relations Board has been too weak.

have prevented the exploitation of American citizens by anybody, have actually been partners in the corruption. This is only one part of the scandal. An equally demoralizing factor has been the employment of such labor leaders of murderers, thieves and ex-convicts to enforce their decisions on free Americans with the knowledge and consent of those in office.

Sermons At Three Churches To Be Delivered By Guest Speakers

Sermons in three churches Sunday will be delivered by guest speakers. Joe Boyd of Dallas will begin a revival at the Baptist Temple. Dr. W. A. Hunt and B. M. Keese, laymen, will conduct services at the Methodist Churches and the young people of the First Methodist Church will be in charge of the evening service.

BAPTIST

Joe Boyd, evangelist, of Dallas, will begin a two-week revival at the Baptist Temple Sunday at the 11 a. m. service. Bill Harvey, who works with Boyd in his evangelistic work, will sing. The two men will also conduct the 8 p. m. service. The revival will continue through Nov. 1.

"Reporting the Calvary incidents" (1 Cor. 2:2) will be Dr. P. D. O'Brien's topic at the 11 a. m. service at the First Baptist Church. He will speak on "A New Heart" (Ezek. 36:26) at the 8 p. m. service.

CATHOLIC

The Rev. William J. Moore, O. M. I., will say Mass at 7 a. m. and 9:30 a. m. at St. Thomas Church. Rosary and Benediction will be at 5 p. m. Confessions will be heard from 4-6 p. m. and 6:30-8:30 p. m. Saturday.

The Rev. B. A. Wagner, O. M. I., will say Mass at 8 a. m. and 10:30 a. m. at Sacred Heart Church (Spanish-speaking). Confessions will be heard from 4-5:30 p. m. and from 7-8:30 p. m. Saturday. Rosary and Benediction will be Sunday at 6 p. m. Rosary will be said at 7 p. m. every day during October, the month of the Most Holy Rosary.

CHRISTIAN

The Rev. Clyde Nichols, pastor of the First Christian Church will speak on "Uplifted Christ" (John 12:32) at the 10:50 a. m. service. Burns Love will be worship leader and the choir will sing the anthem, "Hark! Ten Thousand Harps," by Mason. Rev. Nichols' sermon at the 7:30 p. m. service will be "Life's Final Exam" (Matt. 25:10).

CHRISTIAN SCIENCE

The Lesson Sermon to be read at the Christian Science Society on the "Doctrine of Atonement" will emphasize that the best way to express gratitude for Jesus' sacrifice is to follow him in the way he commanded: to "heal the sick, raise the dead, cleanse the lepers, cast out demons."

CHURCHES OF CHRIST

Lyle Price, minister of the Main St. Church of Christ, will speak on "What Do You Want?" at the 10:30 a. m. service. His topic at the 7 p. m. service will be "Spiritual Architecture."

"The Living Dead" will be Darrell Flynn's topic at the 11 a. m. service at the Ellis Homes Church of Christ. His topic at the 7:30 p. m. service will be "The Other Side of Life." The church is presenting a 15-minute radio program at 7:45 a. m. Sunday over station KTXC. Group singing will be held at the church at 3 p. m.

CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS

Services of the Church of Jesus Christ of Latter-Day Saints will include a priesthood meeting at 9 a. m. followed by Sunday School at 10 a. m. and a sacrament meeting at 6:30 p. m. Services will be held at the Girl Scout Little House.

CHURCHES OF GOD

The Rev. John E. Kolar will address the congregation of the First Church of God on the subject, "A Jarring Question" (Matt. 23:23) at the 10:50 a. m. service. He will speak on "Why Be Born Again?" (John 3:5) at the 7:30 p. m. service. Milton Davis will be in charge of the Youth Fellowship at 6:30 p. m.

EPISCOPAL

Holy Communion will be celebrated at St. Mary's Episcopal Church at 8 a. m. and morning worship and sermon by the rector, the Rev. William D. Boyd, at 11 a. m. Confirmation instruction will be given at 7 p. m.

LUTHERAN

"The King and His Servant" will be the topic of the sermon the

Game Party Planned In Forsan

FORSAN (Sp) — The Ladies Auxiliary of the country club are sponsoring a game party at the club Saturday at 7:30 p. m. Refreshments will be served by members. Admission is \$1 per person.

Mrs. Hamlin Elrod honored her daughter Susan with a party on her seventh birthday recently at their ranch home south of Forsan. The guests, all girls, came dressed as grown-ups. A style show was presented for the visiting mothers, who were judges. The mothers also judged a contest to select the best-dressed doll.

Judy Elrod of Rankin won a prize for being the best-dressed "lady." Wilma Nancy Dunn's doll was chosen as best-dressed.

The table was covered in rose and green crepe paper centered with a birthday cake.

Guests were Cheryl Moore, Judy Elrod, Nancy Dunn, Julia Asbury, Betty Conger, Glenda Whittenberg and Mary Kay McAllen. Mothers attending were Mrs. Bill Conger, Mrs. J. R. Asbury, Mrs. L. W. Moore, Mrs. A. J. McAllen, Mrs. Glen Whittenberg and Mr. and Mrs. Norman Elrod of Rankin.

New Men and a New World

ACCEPTANCE OF CHRIST AS SAVIOR MAKES MEN NEW

Scripture—Matthew 5:13-16; John 1:13-14; 1 Corinthians 2:3-15; 11 Corinthians 5:14-20; Ephesians 4:22; Hebrews 12:1-2; James 1:22; 2:14-18.

By NEWMAN CAMPBELL

IMAGINE a Rip Van Winkle who went to sleep 100 years ago, and awoke in our modern world. Wouldn't he be astonished and perhaps terrified to see vehicles of all kinds rolling along the streets and highways without any visible means (to him) of locomotion?

He would see great airplanes lifting themselves from the earth and soaring aloft, and people boarding them, traveling many hundreds of miles without apparent concern.

He would hear casual talk of automobiles, airplanes, atom bombs, world wars, and a whole new vocabulary, so that he would not know much of the time what people were talking about as they discussed such things as electricity, nuclear fission, telephones, television, motion pictures and many things that have become common to us.

Men of today have, as we said, new vocabularies, new thoughts on many subjects, but would he find that underneath all this, they

That does not mean that we should boast of our good deeds so that men may praise us, but that by all our actions and words we shall show others what we believe and what we live by, so that they, too, may be changed.

Paul writes of his work: "I have planted; Apollos watered; but God gave the increase . . . Now he that planteth and he that watereth are one; and every man shall receive his own reward to his own labor. For ye are laborers together with God; ye are God's husbandry, ye are God's building."

Isn't it a thrilling thought to consider ourselves God's husbandmen and co-laborers? We can plant the seed of Christ's salvation in other men's ears and water it and pray for the harvest.

"He—Christ—died for all, that they which live should not henceforth live unto themselves, but unto Him which died for them, and rose again.

"Therefore if any man be in Christ, he is a new creature; old things have passed away; behold,

MEMORY VERSE

"Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven."—Matthew 5:16.

would be different or "new" men? More people in the world are educated, more can read and write. We know more about the world than we ever did before, but our world holds dangers that we never dreamed of when Rip Van Winkle, was awake 100 years ago, and there is fear of more terrible wars than were possible in those days.

We need new men in this new world; men who are changed—made new—by accepting the Word of God and faith in Jesus Christ. This could change them so that His work could be done on earth as it is in heaven.

We go back to the sermon on the Mount, when Jesus said to His disciples: "Ye are the light of the world. A city that is set on a hill cannot be hid.

"Neither do men light a candle, and put it under a bushel, but on a candlestick; and it giveth light unto all that are in the house.

"Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven."

all things become new."

To the Hebrews Paul writes: "Let brotherly love continue. Be not forgetful to entertain strangers; for thereby some have entertained angels unawares. Remember them that are in bonds, as bound with them."

St. James tells us: "Be ye doers of the word, and not hearers only, deceiving your own selves," and further he says: "What doth it profit, my brethren, though a man say he hath faith, and have not works: can faith save him? If a brother or sister be naked, and destitute of daily food, and one of you say unto them, Depart in peace, be ye warmed and filled; notwithstanding ye give them not those things which are needful to the body; what doth it profit?"

Our faith must not be a selfish thing. We must hold it fast, but we must also show by our works that we are God's children and strive to be His helpers. Thus will we become "new" men, women and children to make this "new" world better.

A LOOK INTO THE FUTURE

Meet John and Mary Smith—and their child. See the pride and hope, the faith and love that shine like soft lights from the little girl's face? See the look of the future in her eyes?

Nothing in all the world could cause that reflection of happiness and contentment but a well-behaved child. Perhaps she has just spoken a piece. Perhaps she was singing a song. Perhaps she is playing with her small brother and sister.

But whatever she is doing, you will agree it is the result of wise and loving guidance. And you can be certain there is another member of the family not shown in the picture—God, the guide and Father of all of them.

Where parents and the Church work together for God, you will find true happiness.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship strong in the storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Forsan WMU Plans Picnic

FORSAN (Sp) — Mrs. C. C. Suttles presided over the business session of the WMU meeting recently at the Baptist Church.

The Rev. J. M. Stagner brought the Bible lesson on three women characters in the Bible.

Plans were made to invite the public to bring a basket supper to the park in Big Spring for a picnic. If the weather is good. Otherwise the supper will be held in the church annex. It is planned for Monday at 7 p. m.

Pvt. Bob Wash of San Antonio is spending three days here with his parents, Mr. and Mrs. C. V. Wash and Danny. He and his father were business visitors in Snyder and Roscoe.

Guests of Mr. and Mrs. J. D. Martin and children were Mr. and Mrs. R. L. Neeley and children of San Antonio and Mr. and Mrs. Bobby Love and son of Hobbs, N. M.

Mr. and Mrs. B. D. Caldwell have had as their guest, Mrs. A. T. Jones of Kaufman.

Son Is Born To Edward McConnells

Mr. and Mrs. Edward McConnell are announcing the birth of a boy, Kenneth Edward, Oct. 12 at 6:40 a. m., weighing 5 pounds, 10 1/2 ounces.

Grandparents are Mr. and Mrs. R. B. Hughes and Mrs. G. W. Sikes, all of Big Spring.

Denison Cherishes Memories Of Ike's Birth There In 1890

By BRUCE HENDERSON

DENISON (AP)—An upstairs boarder for the doctor on a cold October night 63 years ago when Dwight Eisenhower was born.

The next day a teacher came over to rock the infant who became the 34th President. So did lots of other folk, because little "Ike" was the only new baby in town.

There isn't anybody alive in Denison who could tell you the doctor, the teacher are dead. Eisenhower is more alive today in this North Texas town than the chilly Oct. 14, 1890, when he was born.

The town preserves Eisenhower's birthplace as a shrine. It is a plain white frame house next to the railroad track. Eisenhower has visited it twice.

The man who ran for the doctor was James Redmon, an engineer for the M-K-T Railroad. Before his death in 1945, Redmon told about it.

in the locality for a while and many neighbors came in and nurse the little fellow and kept 'company' for Mrs. Eisenhower.

Temperance Board Told Ike Serves Not Much Alcohol

WASHINGTON (AP)—Asst. Press Secretary Murray Snyder says White House refreshments are "normally nonalcoholic" but he has no comment about the President's private parties.

However, Snyder said yesterday, wine is sometimes used at diplomatic functions where protocol requires an exchange of toasts.

35 New Locations Staked In Oklahoma

TULSA (AP)—Some 35 more new well locations were staked by Oklahoma oil operators last week than for the previous week.

Of 156 completions, 87 holes and 3 abandoned sites. The oil wells produced 12,584 barrels initially per day and the gas wells flowed 21,830,000 cubic feet.

she went right over after school to help Mrs. Eisenhower.

In an 1890 city directory, between "Eisenhart, George, train baggagemaster" and "Ekstrom, Albert, engineer" is the listing, "Eisenhower, David J., wiper M.K.&T. shops."

When Eisenhower became famous in World War II, Denison took note that he was born here. The city bought the birthplace and its 100x150 foot lot Jan. 9, 1946, for \$3,000 from Edward Mullen.

Businessmen contributed \$5,400 more to repair the house. The birthplace is open from 2 to 5 p.m. Sunday. But if you come on a week day Mrs. Jones will show you through. She lives a block away.

The old Eisenhower home faces a red clay street. Autos stir up dust. Switch engines clang by a two-track railroad which runs diagonally across the street past the side of the home.

The front door opens into a narrow hallway. The only Eisenhower family possession in the Denison home is a crazyquilt stitched by the mother.

Eisenhower visited his birthplace April 20, 1946, and June 21, 1952. His wife, Mamie, came Oct. 15, 1952.

Eisenhower appears to enjoy his visits. He peeked behind doors, into corners, at ceilings and furniture. The crowd hurried him into dining room and Eisenhower signed the guest book. Then he walked onto the back porch.

Bride Sues Mate For Fall Injuries

EVANSVILLE, Ind. (AP)—A bride of eight months has filed a \$10,000 suit against her husband for injuries she suffered in a fall from his car one month before their marriage.

Mrs. Nancy E. Livingston said in her complaint that her then husband-to-be failed to close a car door properly and she fell out when he made a turn. Mrs. Livingston said cuts on her upper lip and right eye permanently disfigured her face.

Attorneys for the husband seek to have the case thrown out when it comes up Oct. 29. They contend a wife cannot bring a damage suit against her husband. The wife's attorneys argue the accident happened on Dec. 16, 1952, a month before their marriage.

Shepherd Saves Toddler From Death

Linda Giffather, 22-month-old daughter of S-Sgt. and Mrs. Phillip Giffather, hugs Curt, a big, handsome German shepherd, just after he pulled the tot from a bayou, a short distance from the Giffather home at Fort Walton Beach, Fla.

The Republican-controlled committee is anxious to enact farm legislation that will satisfy farmers. What it comes up with in the way of legislation may determine the fate of many Republicans seeking seats in Congress next year.

Training Is Provided At Youth Center

To meet the needs of those children whose circumstances are limited and for the many who have no other place to play, a modest park and recreation building has been provided on the West Side, operated under the supervision of the Church Women who have made steady contributions and given loyal support.

Magistrate Doubts That Ladies Fight

BALTIMORE (AP)—"Come outside and fight like a lady!" was the challenge hurled at Mrs. Mae McElroy by her stepdaughter, a police court hearing was told yesterday.

The magistrate fined slightly built, 17-year-old Anna May McElroy for poking her portly stepmother in the jaw. Testimony brought out the fracas started over an argument about a key to an apartment.

House's Farm Panel In Iowa

DES MOINES (AP)—The House Agriculture Committee came to Iowa, the home state of the chief advocate of a flexible price support plan, to find out today what kind of future farm program its farmers want.

Its findings may provide the key to farm legislation Congress is committed to enact next year. The lawmakers halted here on the third of a series of four tours they are making to sample farmer opinion. It has found a heavy majority favoring continuance of present high level supports first set up during the war.

Iowa is the home of President Allan Kline of the powerful American Farm Bureau Federation. For several years, Kline has won bureau endorsement of a system of price supports which would maintain high level floors under prices in times of shortages and lower ones in times of surpluses.

A heavy majority of more than 150 farmers and farm leaders appearing before the committee have urged that present supports at 90 per cent of parity be continued indefinitely. They will expire next year unless Congress extends them.

GRIN AND BEAR IT

"After a swing around the country, I find the paramount issue before the Nation today, is... 'how much is the down payment!'"

MISTER BREGER

"Oh, dear--EVERY time he sees this again...!"

And Added Attraction

One of the highlights of tonight's football game between Plainview and Big Spring here will be the half-time show staged by the two bands. Robert C. (Chief) Davidson is director of the visiting musicians. The drum majorette is cute Sue Young (above), daughter of Mr. and Mrs. Marvin Young of Plainview. The Youngs will visit here during the weekend with Mrs. Young's sisters, Mrs. Ward Hall and Mrs. Roxie Dobbins. The Plainview band recently participated in the annual Music Festival at Dallas.

Underdogs Stand A Good Chance To Win Saturday

NEW YORK (AP) — Underdogs stand a good chance to juggle the national ratings again this weekend and maintain the element of surprise that so far has marked the current season. The Illinois-Minnesota game has real possibilities for an upset. The ninth-ranked Illini rose to sudden stardom on the strength of their 41-20 stampede of Ohio State last week but will have to prove they are still that good against a Paul Giel-led Gopher squad that appears to have found itself. The Michigan-Northwestern, Georgia Tech-Auburn, Stanford-UCLA, Rice-SMU, Navy-Princeton and Mississippi State-Kentucky contests belong in the same class. Northwestern, Minnesota's victim by a surprise 30-13 margin, has the makings of an explosive attack featuring the passing of Dick Thomas and some strong running. It might be just the thing to catch Michigan, the nation's No. 5 unit, after the Wolverines narrow 14-13 squeak over Iowa in a savage encounter.

Georgia Tech, teetering on the brink of defeat despite a 30-game unbeaten string until a solid victory over Tulane last weekend, must show Auburn that recovery was a lasting one. The sixth-ranked Techmen have the unenviable task of facing a sophomore-laden band of Tigers who appear to be improving with each week-topped by a comeback from a 21-point deficit in the final period to the Mississippi State. Jackie Parker and those same Mississippi State teammates of his could fall prey to Kentucky and the always-dangerous Steve Mellinger.

UCLA's No. 4 Bruins, a rugged defensive bunch who have yielded but seven points in four games, will be called upon to face the toughest passer they've seen so far—Stanford's Bob Garrett. Rice, after three nonconference victories, risks its preseason favorite rating against the SMU team that gave Georgia Tech fits before losing, 6-4, and then looked impressive in downing Missouri. Navy has the manpower edge and the favored role but Princeton has a couple of ace-high tailbacks named Dick Frye and Royce Flippin that could scuttle the Middies. The NCAA-approved television game is the tradition-bound Alabama-Tennessee contest and the underdog Vols could drive an early spike into Crimson Tide conference hopes if tailback Jimmy Wade cuts loose. Other top teams have an easier time of it. Top-ranked Notre Dame returns to action after a week's layoff to play Pitt. Michigan State, No. 2, is expected to take care of Indiana in routine fashion, while Maryland's third-rated Terps are expected to extend their unbeaten string at the expense of the one boasted by North Carolina. And Baylor, No. 8 draws uncoordinated Vanderbilt. Duke's Blue Devils from Durham invade New York's Polo Grounds with a plan to steal the march on Army's Cadets and solidify their position as seventh best in the nation. Two roaring mad and thoroughly trounced squads from Ohio State and Penn clash for comeback honors with the speedier Buckeyes the choice to succeed. Cornell's rugged Big Red get a solid crack at Yale's unbeaten mark, Kansas gets a shot at Oklahoma, Arkansas challenged Texas and TCU takes aim at Texas A&M's clean slate in other major encounters.

IT'S ALL SETTLED

Dressen Will Take Job With Oakland

BROOKLYN (AP)—Charlie Dressen was given his official release as manager of the Brooklyn Dodgers today in order to become manager of the Oakland club of the Pacific Coast League in 1954.

A NEAT TRICK FOR ANYONE

SOUTHWELL RACE TRACK, England (AP)—Jockey Mick Morrissey swapped horses in mid-race here yesterday without ever touching the ground. He left the starting gate in the Upton Novices Steeplechase aboard Knother, a 22 to 1 shot. He crossed the finish line—last—on Royal Student, the even money favorite. It happened like this: Royal Student crashed at the fifth fence, throwing his rider, Tim Molony. Knother crashed into Royal Student, tossing Morrissey high in the air. Morrissey came down just as Royal Student struggled to his feet—and landed in the saddle. Weary horse and changing rider finished the two-mile course in a walk.

Moore And Tornay Sold By Dallas

DALLAS (AP)—The Texas League champions and Dixie Series victors, the Dallas Eagles, sold two players yesterday. Outfielder Wilcy Moore and infielder Frank Tornay were sold conditionally to Toledo of the American Association. Dallas also acquired seven players, all up for a second try with the Eagles.

Dressen led Oakland to a pennant in 1950 before taking over the Dodgers in 1951. Oakland is not affiliated with the Dodgers. Dressen and the Dodgers split Wednesday over the length of a new contract. Dressen demanded a three-year agreement for leading the Dodgers to two straight pennants. Walter O'Malley, president of the Dodgers, refused to give him more than a one year contract.

Only Three Ward Games Saturday

Only three Ward School Football League games are to be played Saturday. Kate Morrison, which was to have met East Ward at 10 a.m., has had its game postponed. Several of the Maroon players are leaving for the State Fair in Dallas tonight. The opening game Saturday, down for 8 a.m., pits West Ward, an unbeaten team, against Airport, fast improving under Coach Frank Hunt. At 9 a.m., North Ward tangles with Washington Place, another undefeated team while at 10 a.m. Park Hill squares away with College Heights.

Babe Plays Betsy

FORT WORTH (AP)—Babe Zaharias, co-medalist in the Women's Texas Open Golf Tournament met Betsy Rawls, Spartanburg, S.C. in the top quarterfinal match today.

a pass interception, which he gathered in on his own 45-yard stripe. Coach Fred Salling used Coahoma reserves liberally during the latter stages of the game. End Jack Owens looked to advantage on offense for the Bulldogs while Jack Lepard sparked as a defensive end for the winners. The entire Coahoma line played alert, aggressive ball. The win was the sixth straight without a loss for the Bulldogs. They play Hobbs in a District 6-B game a week from tonight in Coahoma. The game with Trent was moved up from Friday night, due to the fact that FFA chapters in both schools had planned trips to State Fair in Dallas over the weekend.

Murphy Woodson plunged three yards for the second Coahoma TD in the second period and the count at half time was 14-0. Coahoma didn't score again until the fourth, at which time David Hodnett counted two six-pointers, one on an end sweep of five paces and the other following

QBC Is Still In The 'Black'

Omar Jones, co-chairman of the Big Spring Quarterback Club, said Thursday the organization was still operating in the black, despite the fact that its program for the 1952-53 school year has been an ambitious one. The club, Jones pointed out, has not will make such expenditures as film for action games, trophies for the girls' volleyball tournament, advertising, a banquet for players and coaches and etc. To keep members abreast of club activities, he submitted the following statement for publication:

Kilgore Rangers Tackle Tarleton

KILGORE (AP)—Halfback Harold Hampton sparked the Kilgore Rangers to a 40-7 victory over Tarleton State's football Cowboys here last night. Hampton scored three touchdowns and carried the Ranger T-stick. Kilgore passed 12 times but completed only one. Sammy Buchmeyer made the longest scoring run when he ran back a pass interception for 80 yards in the fading seconds of the game.

Dogies, Lamesa Meet Saturday

Both the Big Spring High School B team and the Ninth Grade Yearlings will see football action Saturday. The B squad meets a rugged Lamesa contingent here at 8 o'clock Saturday night. The Yearlings go to San Angelo for a 3 p.m. engagement with the Thomas Edison Junior High team. The Bees will not be at full strength. Several injuries have cropped out in practice this week.

KNOTT BILLIES VISIT LOOP GRIDIRON TODAY

KNOTT — Coach Bill Bolin's Knott Hill Billies are favored to win their third straight District Six six-man football game when they invade Loop for a game today.

Loop is still winless in conference play.

The Billies will depend upon the throwing arm of Quarterback Philip Stovall and the running of such hands as Richard Parker, Stovall, Toby Metcalf and others to see them through.

The Billies were idle last week, after having defeated Courtney and Gail in previous conference tests. Knott tangles with Klondike, district favorite, in the season's top game here Thursday night, Oct. 22.

Kazak Is Acquired By Beaumont Club

BEAUMONT (AP)—Beaumont's Exporters of the Texas League got third baseman Eddie Kazak and some cash yesterday in a trade that sent pitcher Don Swartz to Buffalo.

Bench Show, Field Trials Are Slated

GARRISON (AP)—The Texas State Bench Show and Field Trials will be held Oct. 19-22 at Camp Tomkaws near here.

D. M. Meeks of Dyersburg, Tenn., will be judge. L. O. Miller of Henderson will be ring master.

DALLAS (U)—The Distinguished Negro Citizen award from the State Fair of Texas will go to Thomas Campbell Sr., of Tuskegee, Ala., Monday. He receives the award for "outstanding achievement in public relations."

Anglican's Pamphlet Criticizes Catholics

LONDON, (U)—A booklet approved by the ranking prelate of the Church of England described the Roman Catholic Church as "totalitarian" today and accused it of "fouting for converts among the seriously ill and dying" in England.
The 32-page booklet, written by anonymous Anglican priests, is called "Infallible Fallacies." It was placed on sale by the Society for the Propagation of Christian Knowledge.

Bank Robbers Being Held

BENTONVILLE, Ark. (U)—The Bank of Kingston, Ark., was robbed of \$7,155 just before closing time yesterday but before the sun set two men had been jailed and admitted staging the holdup.
One of them bitterly called the bank a "cheap jug." It was Arkansas' third bank robbery in three weeks, the 10th in 15 months.
Benton County Sheriff John Black said Ora Knight, 47, and his son, George Wayne Knight, 22, both of Roca, Neb., had admitted the afternoon holdup. They were arrested after an exchange of gunfire near here.
The bank, in the tiny Kingston community of neighboring Madison County, was entered about 1:35 p.m. by two men requesting a loan.

The sole occupant of the bank, cashier Wilson Bunch, said the pair suddenly pulled pistols, tied him up, halting wire and fled with the money.
Kingston, a town of about 250 population, has no telephones. An alert was broadcast over the state forestry service radio.
Little more than an hour later the getaway car was stopped near Rodgers, Ark. Its two occupants raced into nearby woods, firing as they ran. They surrendered after a brief exchange of shots.

Youthful Singer Denies Charges Of Assault On Girl

LOS ANGELES (U)—"Why, it just didn't happen."
That's the response, through an attorney, of 14-year-old singer Jimmy Boyd to a civil suit accusing him and two other boys of having assaulted a 13-year-old girl.
The freckle-faced television and recording singer, who became famous with his rendition of "I Saw Mommy Kissing Santa Claus," was named in a suit filed yesterday in behalf of the girl's mother. It demands \$35,000 damages and alleges the girl was taken to a secluded part of Griffith Park Sept. 24, assaulted and beaten.
Named with young Boyd were Edward Slaughter, 17, and Wesley Seville, 16.
Atty. Bernard Reich, representing Boyd's mother, Mrs. Winnie Boyd, said Jimmy admitted accompanying the two boys on an auto ride with the girl but denied there was any attack on her.
Reich quoted Jimmy: "I've never had anything at all to do with this girl."
The attorney said his investigation showed no complaint was made to police of any attack.

It Takes A Texan
AMERICAN FALLS, Idaho (U)—Mac McWhorter, 63-year-old Dallas, Tex., truck driver, was equal to the occasion yesterday when his truck and trailer skidded on a wet spot near here, spilling a cargo of apples. Uninjured, he gathered up the salvageable apples and set up a roadside apple stand while waiting for repairs to his truck.

The booklet describes the doctrine of the infallibility of the Pope as "obviously unscriptural and erroneous," commenting: "If the Pope really has infallibility, it is surely remiss of him not to use it more frequently and more promptly for the guidance of Roman Catholics, if not of all mankind."
The Roman Catholic doctrine, promulgated in 1950, of the bodily assumption of the Virgin Mary into heaven was termed "an unjustifiable attempt to impose on the church an unscriptural speculation."
The booklet cited as an example of Roman Catholic "propaganda" in England a statement by Catholic Bishop Cyril Corderoy of Southwark in September, 1952.
It quoted him as saying Queen Elizabeth I, who reasserted the crown authority over the church first assumed by Henry VIII, "was one of the most infamous and miserable women in history, not excepting Jezebel."
The booklet said further: "It is quite clear that in some of our parishes people are being disturbed by the repetition of untruths about their church. These untruths are part of the Roman Catholic campaign of trying to gain Anglicans for their own church."
"We must not blame Roman Catholic laymen too much for these mis-presentations, for they are what they have been taught to say."
"In fact, they sum up the official attitude of the Roman Catholic church toward the Anglican church. We do not unchurch them, but they unchurch us."

French Forces Find Only Light Fighting In Indochina Surge
HANOI, Indochina, (U)—Brushing aside light Vietminh resistance, French Union forces surged today across the first range of limestone hills lying athwart their invasion path to big supply depots of the Communist-led rebels.
The troops still must cross a second range before reaching the vital Vietminh bases—one of the principal targets of their new major offensive—in the Phu Nho Quan area, 55 miles south of Hanoi.
Thousands of other American-equipped French Union troops, meanwhile, streamed ashore from landing craft on the Gulf of Tonkin to tighten the squeeze on two crack Chinese-trained and Chinese-equipped Vietminh divisions in the area.
The seaborne units hit the rain-lashed beaches on the rugged Annam coast at Cap Rond, apparently against little rebel resistance, and quickly raced inland to threaten Thanh Hoa, 25 miles north of the landing point and 90 miles south of Hanoi.

Sergeant, Fights Off Brain-Washing, Finds Wife A Red
GLOUCESTER, England, (U)—Sgt. Donald Lee of the British Army, who fought off 11 months of Red brain-washing in a Korea prison camp, came home this week to find his young wife had turned Communist.
Lee told reporters yesterday: "After a quiet all-night chat, I think I've talked her out of it."
"I don't admit he's talked me out of my views," retorted 23-year-old Maureen Lee. "I don't feel so strongly about them now, though."
Mrs. Lee said she received a number of Communist books and pamphlets by mail from Russia after her husband was captured. Included were "photographs of tortured women" and alleged proof of American "warmongering."
"I know the Americans, I was with them," said Lee. "They hate war as much as we do."

Cullen Says Many Growing Skeptical Of Administration
HOUSTON (U)—Many members of Congress, wanting to go along with President Eisenhower to cure "this mess we are in" are getting skeptical, H. R. Cullen says.
Cullen, millionaire oilman who contributed thousands of dollars to Republican political campaigns and who was a staunch Eisenhower backer, said Wall Street "is having a very damaging effect on our administration."
In an Oil Progress Week talk here yesterday, Cullen attacked the principals of free trade and said the domestic oil industry was near collapse because of foreign imports.
Free trade is an idea that would weaken this country so Communism could take over with little effort, he said.
Should the industry collapse, he added, "we will have a panic never before dreamed of."
