

United Fund Adopted For Eastland

Eastland Telegram

"COVERING EASTLAND COUNTY"

Directorate To Be Named Soon

An Eastland United Fund organization became a certainty when approved without dissenting vote at a public meeting conducted Tuesday night at the Texas Electric Service Company Conference Room.

Plans projected include the rolling of at least the majority of charitable organizations' financial campaigns into one.

Tom Wilson, appointed by Chamber of Commerce President Virgil Seaberry Jr. to head a committee to explore the United Fund idea's advisability for Eastland, presided over the meeting.

Don Eddy of Dallas — who was Man of the Year at Dallas for 1954 and has led in the organization of many Community Chests and United Funds — gave the principal address, then conducted a round-table.

The representative gathering presented the following committee to nominate prospective directors of the organization: Tom Wilson, Frank Sayre, Mrs. A. H. Johnson, Floyd W. Casebolt, Gray Pipkin, Hubert Westfall and M. H. Perry.

Mr. Eddy recommended a budget of around \$6,000 for Eastland. Breaking it down, according to past observations, he said that the contributions likely would be about like this: Advance Gifts, in which about thirty sources would supply \$3,000; General Business Solicitation, with around 120 giving perhaps \$2,000; Employes-Individuals, about \$1,000.

It was his opinion that with right leadership and presentation, the campaign would go over. Invocation was asked, at the meeting by the Rev. Arthur E. Hartwell, rector of Holy Trinity Episcopal Church. Mr. Wilson told of the committee's having made many contacts about town and found a good response to the United Fund idea, offering the encouragement that had led to the calling of the public meeting, which had nearly filled the room with interested citizens.

Mr. Eddy, who has helped organize forty-two such affairs in Texas and one in Oklahoma, and who is with the Salvation Army, traced the history of the movement, explaining that it apparently was started back in 1870, by a group of merchants in Denver, Colo.

"Today," he said, "there are 2,100 such units in the nation and 119 in Texas. Surely, 119 can't be wrong."

"As a matter of fact, more than 21,000 organizations in America are supported by public subscription, which leads to philanthropy's being America's fourth largest industry. That is how we Americans give money away. Only in America do you find the Community Chest and the United Fund. It's the American Way — the Christian Way, one of the real strongholds against Socialism or Communism — and something we certainly want to hold on to."

He gave an outstanding reason for adopting the plan:

1. Saving the problem of overworking people willing to solicit.
2. "Good for our economy — for it's the economical way to obtain charitable purposes funds."

Mr. Eddy said polio will not go into the organization but added:

"With the new vaccine, polio probably will be out of business in the next two years. However, its machinery doubtless will be turned to the important matter of mental health."

Based on what he has noticed about other communities, he estimated that Eastland doubtless will have from 5 to 7 agencies included.

He urged the town not to get its "hairs too high."

"You can price yourself out of business before you start," he said. "I wouldn't suggest over \$6,000 for your first year."

Concerning estimates for the participating agencies, he said:

"Base them on what they've been raising."

Mr. Eddy explained that for those who so desire, contribution payments can be split up, for their convenience, over a year's time.

He recommended October as probably the best time for the Eastland United Fund Drive. He said that the entire plan should be patterned to fit Eastland's particular needs.

"Everybody should be glad to support such a cause," said Mr. Eddy. "After all, we owe society something for the free air God lets us breathe, don't we?"

"And another thing," he said, "Don't stand back because somebody is an out-of-towner, because anybody making money out of Eastland should be willing to put some of it back."

April Weather Hotter, Drier Than Normal

April weather was both warm and drier than normal, records of the U. S. Weather Bureau show. Rainfall through April and the first four months of this year was also below normal and even below that of last year.

Rainfall during April totaled 2.12 inches while normal for the month is 2.47 inches.

Total for the four month period of this year ending in April was 4.22 inches while the normal figure is 5.38 inches. The 1954 figure was 3.75 inches.

Average normal temperature for April was 69.6 degrees, 5.1 degrees above normal for the month.

Eastland Echoes

By Casey

THOUGHT FOR TODAY: "A prejudice is a vagrant opinion without visible means of support." — (Bierce)

High School grads of '55, be sure to seriously consider going forward with your education — and don't overlook the fact that we have two good colleges in our county, at Ranger and Cisco. And, of course, the state abounds with colleges and universities, virtually from boundary to boundary. So often you hear it said that "An education is something nobody can take away from you." It's true, and should never be forgotten.

There are various and assorted greetings. Other day we saluted Aubrey Van Hoy, with: "How're you making it, Aubrey?" Quoth he: "Knew what the hillbilly said? When he was greeted that way, he said, 'I've quit making it and started drinking it.'"

Probably you'd never guess where's the wettest spot in the USA. It's Wynoochee Oxbow, Washington. The average annual rainfall (for a 13-year period) there is 150.7 inches!

Not infrequently the old saying, "It never rains but it pours," is true. EHS Band Director "Wood" Woodard knows. A few weeks ago his wife, Laura, had a major operation. . . then she suffered a relapse, and had to go under oxygen. About that time, stomach ulcers hit "Woody." "It's been a rugged month," he said, "but, thank goodness, we're feeling pretty good again."

Identity of the valedictorian and the salutatorian at Eastland High School is expected to be known some time next week. It is understood that it's a close race.

Spurlens Go To Conservation Conference

Mr. and Mrs. F. M. Spurlen of the Gorman-Staff Highway attended the 5th District Soil Conservation Supervisors meeting recently at the Texas Hotel, Fort Worth and the banquet Saturday night hosted by the Fort Worth Press.

Mr. Spurlen is supervisor for the Upper Leon District.

There was a large attendance from all districts, Mr. Spurlen said.

Of 7 1-2 Pct. Acreage In Peanuts Hikes Eastland County 2,250

"Pleased to advise that Secretary of Agriculture today authorized 7 1/2 percent increase in all 1955 peanut acreage allotments," Omar Burleson, representative of this Congressional District said in a telegram special to the Telegram, Wednesday.

Burleson has recently been attempting to affect the acreage increase with assistance from the Southwestern Peanut Shellers and the Southwest Peanut Growers Association.

The additional seven percent in Eastland County will amount to approximately an additional 2,475 acres. Nearly 33,000 acres were planted last year. However, some farmers have turned a portion or all of their allotments back.

Department of Agriculture officials has deemed the allotment increase necessary but legislative action was never completed to

KEEPING IT UNDER HIS HOOD—Sleek lines of this racer hide Walter F. Strader's secret of propulsion which the Los Angeles designer hopes will win him the 500-mile Memorial Day classic at Indianapolis, Ind. Engine, says Strader, has no cylinders, pistons, valves or crankshaft. It's powered by a system of "rotors"—and that's all that Strader will say concerning his "Planacircle Special."

Revenue Chief Stands Pat On Office Close

Accepting an invitation to appear before a protest meeting, Ellis Campbell of Dallas, district director of internal revenue, heard the announced closing of the revenue office in the Eastland County courthouse called economically unsound and an inconvenience to taxpayers Wednesday but never wavered in his decision to disperse with it.

The Eastland Chamber of Commerce had led a protest about the planned move and many citizens had wired their congressman and senators about it. In the Tuesday meeting, held in the county courtroom, those who voiced their disapproval of the closing plan included numerous accountants and attorneys from this and adjacent counties who handle tax matters.

The staff at Eastland has given tax assistance in Eastland, Erath and Stephens Counties.

Mr. Campbell's contention was that the case load in this vicinity does not justify the 2-man set-up which had been operating the office; that, rather, all that is necessary is handling by taxmen out of the Abilene office. He said they would come to this territory at specified and announced intervals. He said he hoped to have an office here for them to work in.

Handling the office here have been W. K. (Bill) Cole, internal revenue agent, and Ben M. Smith, collector, but Mr. Cole resigned effective April 29 and went into private auditing practice. In answer to questions, he said he accepted full responsibility for closing the office. He said that he appreciated an office's having always been furnished in Eastland.

Battle Creek Water Project Voted, Cisco

Cisco's Battle Creek water project was voted 459 to 213 — more than 2 to 1 — in a \$400,000 water revenue bonds election Tuesday.

While 500 votes had been anticipated, 674 were recorded, with two incorrectly cast.

Under the proposition the City of Cisco would issue revenue bonds to finance a city water project at Battle Creek, six miles northwest of town. In this project, a channel dam would be built and flood waters pumped to Lake Cisco via a 24-inch pipeline.

The project provides \$264,000 for the Battle Creek work and another \$136,000 for improvements for the water system inside the city. The improvements would include a 500,000-gallon overhead storage tank and new water mains where needed.

The project has been under consideration by the City of Cisco for more than three years. Engineer Homer A. Hunter of Dallas developed the plans.

The engineering survey showed that Battle Creek runs enough to pump about 500 million gallons of water per year to Lake Cisco. The creek has a water shed of some 60 square miles, as compared with 28 square miles for Lake Cisco.

Work is expected to begin as soon as engineering details can be completed and contracts awarded.

The \$400,000 revenue bond issue would be retired by the City in a period of 30 years. Engineers said that the revenues of the city water department would need to be increased by 10 per cent to finance the program.

Final Rites Of T. G. Jackson Solemnized

Last rites were completed for the late Thomas Glenn Jackson, well-known attorney and oilman, Tuesday. The funeral service was held at the Hamner Funeral Chapel at 2 p.m. Sunday. Ministers in charge were the Rev. Jackson C. Oglesby, pastor of the First Methodist Church, and the Rev. Harvey Kimbler, pastor of the First Baptist Church. The body was held for final rites awaiting the arrival of his son, T. G. Jackson Jr., who is in the Marine Corps, stationed in Japan. A graveside benediction, at Eastland Cemetery, was held at 11 a.m. Tuesday, preceding interment there.

Pallbearers were Wiley Biggs, Jim Golden, Neil Moore, Clifford Wilson, Guy Patterson, C. A. McCown, Norman Leslie, Carl Johnson. Honorary pallbearers were all friends of his acquaintance in Eastland County and the entire state.

Mr. Jackson, son of the late M. G. and Lucy A. Jackson, was born Feb. 15, 1875, in Ellis County, Tex. His death occurred in Gladewater at 7:30 p.m. April 28. He named Longview as his home. Due to failing health, he returned to Eastland several years ago and at the time of his death, was residing at the Connellee Hotel.

He began his career at an early age, teaching school to further his study of law. On entering the profession he practiced law in Eastland for many years and served several terms as county attorney. He was always interested in oil activities and was actively engaged in this work until the last.

He was a lifetime Methodist and at the time of his death his membership was in the First Methodist Church at Longview. Fondly referred to as "Judge," he was affectionately known by people in all walks of life, for he was a stately gentleman, a scholar, sportsman and friend. His wide variety of interests kept him youthful in spirit and keenly alert mentally, despite his years.

October 15, 1927, he married Jewell Glenn of Odessa, and to this union were born four children: Lucy, T. G. Jr., Danny and Molly. No distinction was made between them and his stepdaughter, Maxine, who was loved and cared for by him as his own. Their home was at Longview.

Surviving are Mrs. Jackson, three daughters and a son. The daughters are Mrs. Maxine Finch of Andrews, Mrs. Frank Darden of South America, Miss Mollie Jackson of Odessa. T. G. Jackson Jr., his son, is in the Marine Corps in Japan. He leaves a grandchild, Frank Darden Jr. Mr. Jackson also leaves three sisters, Mrs. June Kimble, Miss Mary Jackson and Mrs. Lucy Brogdon, all of Fort Worth, and two brothers, Charles R. Jackson of Lubbock and L. G. Jackson of Rising Star.

Mrs. Davis and daughter, Mrs. Aaron Henslee, of Lingville, recently went to Corinth, Miss., to attend the funeral of Mrs. Dora Cotton, mother of Mrs. Davis.

Mrs. Henslee returned to her home on Tuesday with an uncle, but the Davises rested awhile, before returning.

Mrs. Cotton, 88, of Huntsville, died at the home of a daughter with whom she made her home. Her husband, R. B. Cotton, died in 1917 while serving as state representative from Alcorn County, Miss.

The services were held at the Chalybeite Baptist Church with the Rev. Bernard Munger of Corinth Presbyterian Church conducting and interment following in the Presbyterian Cemetery at Chalybeite. Survivors are three sons, two daughters, a sister, several grandchildren, nieces and nephews.

BITE BETWEEN MEALS—Phil Yazdzik, 42, of Oliphant, Pa., does his best to eat through Chicago's beef supply as waitress Dorothy Johnson brings him still another tray of hamburgers. Total damage inflicted to set what he calls a world's record—77 hamburgers, eight dozen rolls, 24 glasses of milk and six bottles of cola. Yazdzik works as a coal miner and delivery man to keep himself and family in food; says he pays \$130 a week for groceries.

Seek Secure Vaccine Before Schools' End

Due to mid-month closing of several public schools in Eastland County, the state health department has been requested to try to furnish this county polio vaccine with as little delay as possible.

H. R. (Pop) Garrett, county schools superintendent, was asked by County Health Officer Dr. L. C. Brown to make the request, which was sent to Austin Wednesday.

Dr. Brown had just been informed that the polio vaccine allotted Texas for 1st and 2d grade inoculations will not be shipped earlier than the latter part of next week. The shipment may possibly be delayed as long as four weeks from the date of April 18 when some of the clinics were established for the first inoculations, in Texas.

"Dr. McGinnis stated that fifteen of the northern states had not received shipment of vaccines as yet for the first shots."

"Dr. Salk has recommended that the vaccine be given at two to four week intervals."

"The National Foundation for Infantile Paralysis has also notified the state health department that it will be impossible for them to offer the third dose to the same children seven months later."

Breeder From Old Glory Will Be Show Judge

J. B. Pumphrey, Jr., prominent Hereford breeder of Old Glory, Texas, Stonewall County has again been selected to judge the one day registered beef calf show at Cisco on Saturday, May 21, according to Sutton Crofts, President of the Cisco Livestock Show Association, sponsoring organization.

Mr. Pumphrey judged the first registered beef calf show last June Crofts said.

The registered beef calf show judged in pens of three animals of the same sex has attracted wide attention among breeders. It was explained that some breeders will show individual animals but not in competition as the calves will be. The calves may have been fed any way the breeder desired so long as the calf suckled its own dam. All calves must have been dropped on or after September 1, 1954, to be eligible for competition.

There will be no public sale or auction at the one day show. However, breeders may sell at private treaty during the day if they wish. All calves in the show will be purchased and subject to registration. There are more than 35 different breeders of Hereford and Angus cattle in Eastland County. A number of these breeders will have animals in the show. The breeders of adjoining counties were eligible to enter the show if they got their entries in by April 1.

C. McFatter Is New Manager of Hamner Store

Charlie McFatter, former owner of White's Auto Store, is the new manager of Hamner Appliance, succeeding former Manager Ingle, who has gone in business for himself at DeLeon.

Mr. McFatter has resided in Eastland since 1951 and he and his family are well known in this city, having been active in community life. Mr. McFatter has had extensive merchandising experience.

Oil, Gas Film Presented When Lions Convene

Harold Reese, president-elect, in charge of the Lions Club's Tuesday program, presented a film on oil and gas production, of instructive nature.

President Homer Smith presided over the meeting.

As head of the delegation to the Lions district convention in Abilene, Mr. Reese also reported the successful meeting there.

W. R. McDonald of Fort Worth was elected district governor and Mineral Wells was chosen as next year's convention city, he reported.

The club began plans for transporting its Boy Scout Troop to the Campo-Ral this week-end at Lake Daniel, near Breckenridge.

Several hundred Scouts and Explorers will pitch their camps here Friday and stay until Saturday mid-afternoon.

The Lions had a visitor, Theron Lee, a new Eastland citizen, at the largely attended meeting.

Oil News

Two Explorations Planned For Eastland County

Two oil explorations were scheduled in Eastland County this week.

Deeper of the two new wildcats announced will be J. H. Elder of Midland No. 1 C. J. O'Connor, nine miles northeast of Cisco.

Slated for 4,100 feet with rotary, it spots 370 feet from the west and 990 feet from the south lines of Section 471, SP Survey.

Three and a half miles north of Rising Star, B. G. Joyce of Ft. Worth staked No. 1 F. B. Joyce as a 1,900-foot rotary test.

Drillsite spots 450 feet from the south and 800 feet from the east lines of Block 14, James Jett Survey.

In the regular field, Victor Cornelius of Eastland staked No. 1 J. L. Dick as a 1,990-foot rotary project three miles northeast of Eastland.

Location is 2,015 feet from the north and 2,350 feet from the west lines of Warren Lyman Survey.

W. W. Bradley, et al, of Gladewater completed No. 6 J. W. Courtney as a producer five miles northwest of Eastland in the Courtney Field. It is in Section 41, Block 4 H&TC Survey.

Daily potential was 45 barrels of 37 gravity oil, plus 5 per cent water, pumping from 48 perforations at 1,703-17 feet. Total depth was 1,755 feet, with casing set at 1,745.

Cisco Resident Killed In Car Crash Near Breck

Jimmie Cyril Morgan, 36, of Cisco, was killed in an automobile accident approximately six miles from Breckenridge on the Eolian highway Wednesday afternoon.

Morgan was traveling toward Breckenridge when his car missed a sharp turn, overturned and fell into a 20-foot ravine. The car was demolished.

He was pronounced dead on arrival at the Stephens County hospital.

Morgan had been a resident of Cisco for one year, moving there from Balingier.

Handy Jim's FIXIN-UP TIPS For the Home

Labor-Saving Siding NEW on the market is a revolutionary kind of siding that is much faster to apply than conventional siding.

Masonite Shadowwood siding is a free floating combination of prime-coated Tempered Presdwood and a patented aluminum shadow line strip which is nailed through the sheathing to studs. No nails are driven into the siding itself, which fits quickly into the aluminum strip. The metal is vented at inter-

vals to allow escape of moisture that may condense inside the walls. Field tests have shown that this combination permits carpenters to install Shadowwood Siding with substantial savings in application time. The siding and the aluminum strips are sold together at lumber yards.

The new quarter-inch siding is primed on the surface and bottom edge, and a clear sealer has been applied to the back. The combination of the long-lasting, smooth surfaced Tempered Presdwood and the prime coat provides an exceptionally fine surface for top coats and assures a long-lived paint job.

Former Ranger Resident Dies In Abilene

George W. Cunningham of Abilene, and former Ranger resident, died Wednesday afternoon in Abilene after an illness of several months.

Funeral services for Mr. Cunningham, age 74, will be held in the Killingsworth Funeral Chapel Friday afternoon at 3 o'clock. Interment will be in the Evergreen Cemetery.

Mr. Cunningham lived approximately five miles west of Ranger for a number of years before moving to Abilene.

He is survived by his wife, the former Bertha Outlaw of Ranger; three daughters, Mrs. Glensy Conline, Midland; Mrs. Louise Black, Houston; Mrs. Ruth Richardson, Houston; four brothers, Clarence and Dell Cunningham, both of Ranger; Bob Cunningham, Cross Plains and Charlie Cunningham, of San Angelo; three sisters, Mrs. Claude Bearden and Mrs. Mary Wheat, both of Ranger and Mrs. Clarence Stewart of Breckenridge and six grandchildren.

Combining Drives

Representative citizens gathered in a public meeting Tuesday night and—without a dissentive vote—decided to go forward with the organization of a combined charitable institutions campaign plan here in this city.

They have their choice of whether it will be United Fund or Community Chest, because, of course, it isn't the name so much as the spirit behind the movement which counts.

It is just as a matter of rolling several campaigns into one, as Chairman Tom Wilson explained, eliminating duplication of man-hours and duplication of expense. Dan Eddy, who has helped install 43 such organizations (42 of them in Texas) estimates that it will cut campaign expense per organization from 10 to 12 per cent to around 4 per cent.

It will spread the giving, too, where it won't be a case of the same limited number of people being "hit up" all the time.

According to Mr. Eddy, there are only two Texas towns which have had such a plan invoked in times past which today are not using it, and they want to resume. Such a record tells a convincing story, doesn't it?

And a small town can do it, if it makes up its mind—and its generosity—to do it. All of us who have lived where it operates under such circumstances know it is a smooth and most desirable program.

Classified Ads.

FOR SALE: Bred Hampshire gilts, with or without papers. Homer Stephens, Route 1, Gorman, Mile west of Rucker.

Cresson Expected To Defend Golf Crown

Bent grass has replaced Bermuda on the greens of the Ranger golf course and they are in excellent condition for the Ranger

Country Club's 20th Annual Invitational Golf Tournament scheduled here Friday, Saturday and Sunday, May 20, 21, and 22, according to Earle Pittman, tournament chairman.

Fred Slocum, Cresson ranchman is defending champion and is expected to be here to defend his title. Slocum defeated Lee Wise of North Texas State College 1 up in a thrilling match last year to win the crown. Jimmy Phillips, formerly of Ranger and well known in

West Texas golf circles, now of Tulsa, Okla., has advised the tournament chairman that he will compete. Phillips won the 1953 meet over Art Corbin of Dallas.

In addition to the prize for the winner of the tournament. This year, a splendid trophy will be awarded, and prizes for winners in all flights and contests will consist of golf equipment only, according to James Townzen, club president.

Qualifying is now open to anyone except those who expect to compete for the medalists prize, which of course will have to be done on Friday, May 20.

A barbecue and calcutta pool will be held Friday at 7 o'clock and match play will start Saturday morning and finals will be held Sunday, May 21. At least six full flights are anticipated.

Gordon Soldier Stationed With Army In Alaska

LADD AIR FORCE BASE, Alaska — Pvt. Clark H. Stewart Jr., whose parents live in Gordon, recently arrived in Alaska and is now a member of the 4th Infantry Regiment.

Soldiers stationed in the Alaskan territory undergo rigorous training for cold weather combat while guarding the northern approaches to the United States.

Private Stewart entered the Army last November and completed basic training at Fort Bliss, Texas.

He attended Gordon Public High School.

STRICTLY FRESH

NAVY has no classification in to which Seaman Recruit Alfred Padilla will fit. He's a bullfighter. How about permanent roving representative to diplomatic cocktail parties?

While visiting this country Italy's prime minister Mario Scelba seconded opinion of actress Gina Lollobrigida that married women are more attractive than single girls. That's wooing the home vote with a vengeance.

Young fellow who passed Dearborn, Mich., preliminary police examination stalked out of the police academy, said he wouldn't be a member of any force that gave such "screwy" examinations. Maybe that's why they make 'em that way, bub.

Lad in South Shields, England, stole \$6.80 from his aunt so that he'd be sent back to reform school because "they have tele-

vision there and I like it." Fellow we know says that TV in jail falls under the heading of cruel and unusual punishment.

Man in Ontario, Canada, got a driver's license for his dog by filling in the pup's name on a form and paying the \$2 fee. We've been licensing road hogs in the U. S. for many years.

The Laney's Feted With Farewell Party By The Hubert Joneses

Mr. and Mrs. Hubert Jones entertained Friday night at their home, Leon Plant Village, with a farewell party for Mr. and Mrs. Wilbur Laney.

Mr. Laney is retiring from his work for the Texas Electric Service Company near Eastland after

LITTLE LEAGUE CHAT

By H. E. B.

Little League Baseball — as its name implies, is an organized program of baseball for boys — designed to fit the physical and mental capacities of boys under twelve years of age.

Since its beginning in 1939, inspired by Carl E. Stotz it has had phenomenal growth. It has an international network of leagues numbering 3,500. The Board of Directors of Little League Baseball Inc. devotes continual study to the rules and their possible refinements. These rules are the backbone of the Little League program.

Let us note the major differences between Little League and Major League baseball rules:

1. The playing field is, in most dimensions, two-thirds the size of the regulation diamond.
2. Regulation games consist of six innings.
3. The catcher does not have to catch the third strike. The batter is out.
4. Base runners may not leave their bases until the ball has been delivered and has reached the batter.
5. Pitchers are allowed five preparatory pitches at the beginning of an inning or when relieving another pitcher.
6. The pitcher does not have to pause one second when pitching from the Set Position.
7. The offensive manager may accept either the penalty or the play when a Balk is called.

W. W. WALTERS HOME 2-WEEKS' VACATION

Mr. and Mrs. W. W. Walters have returned from a vacation of two weeks, during which time they and Mr. and Mrs. Bob Ballard of Borger fished on the Colorado River near Goldthwaite and visited the Walters' son-in-law's and daughters, Mr. and Mrs. Gene Stupen of College Station and Mr. and Mrs. James T. King of Fort Worth.

Roach Heads Co. School Trustees
The County Board of School Trustees met in a regular session in the office of the County Superintendent in the County Court-house May 2. The following members present: Dr. P. M. Kuykendall, vice-president, Ranger; Mrs. J. R. Burnett, Cisco; I. C. Inzer, Eastland and W. G. Kirk, Gorman.
The board was reorganized and W. P. Roach was elected as president and Dr. P. M. Kuykendall, vice-president. All transfers of scholastics must be completed by May 31, and are to be approved by the board at their next meeting.

MOVE FROM HERE TO ARKANSAS
Mr. and Mrs. F. F. Terrell moved recently from Eastland to Star Route, Box 111a, Hatfield, Ark., where they have purchased a farm. Mrs. Terrell was employed in the county clerk's office here in Eastland for about 15 years before moving to Arkansas recently. Mr. Terrell was a trucking, sand and gravel contractor here. They have ordered their Eastland Telegram sent to them at their new address.
