

Truman Urges Quick Action On Tax Bill

Talks With Demo Leaders Myers And McCormack

WASHINGTON, Aug. 30. (AP)—President Truman prodded Congress today for quick action on a bill to increase taxes by \$5 billion.

He called acting Senate Democratic Leader Myers of Pennsylvania and House Democratic Leader McCormack of Massachusetts to the White House to urge speed on the measure.

Secretary of the Treasury Snyder, who sat in on the conference, emphasized the terrific job facing the treasury if the increases are to become effective Oct. 1.

"The President emphasized to us the importance of speed in order to assure that the treasury can go forward with the new collections on the scheduled date," Myers said.

Myers said that what with the amendments to be debated he doesn't think the bill can pass the Senate before Tuesday.

He and McCormack agreed that once the Senate acts a little time will be required to iron out differences in the Senate measure and the one previously passed by the House.

Meanwhile there was talk of compromise on the bitterly contested excess profits tax amendment. Off-stage maneuvering was reported aimed at a settlement about like this:

- 1. Delay of action on an excess profits levy to take the profits out of war until early next year, but...
2. With a rigid agreement that the profits levy, when enacted, would apply as of July 1, 1950 or Oct. 1, 1950.

Registration Is Set For Friday At 1 p. m.

All elementary pupils will report to their schools at 1 p. m. Friday. Eighth grade and high school students do not report until Tuesday.

Buses will be run Friday to accommodate rural pupils coming in for the 1 p. m. registration. The Coden-Moore and Fairview buses will leave at 12 noon and the Hartwells bus will leave the George White place at 12:15 p. m.

Except for the fifth and sixth grades in South Ward, which go to College Heights, and the South Ward seventh which goes to Central, pupils will report to schools in the district in which they reside. Bus pupils go to Central Ward.

Cold Storage Spot For UMT

WASHINGTON, Aug. 30. (AP)—Most lawmakers agreed today that President Truman had put universal military training (UMT) in cold storage at least until January by saying again he sees no need for immediate action.

Chairman Tydings (D-Md.) called his Senate Armed Services Committee back into closed-session to decide what to do with UMT legislation it had planned to approve this week.

A new drive to get Congress out of Washington by Sept. 9 contributed to the general disposition to spike UMT for the time being.

The President called Tydings and Chairman Vinson (D-Ga.) of the House Armed Services Committee to the White House for a general discussion of defense legislation yesterday.

Later the White House made public identical letters to the congressional chairmen. These repeated President Truman's past support for UMT but listed the difficulties of trying to start a vast military training system now.

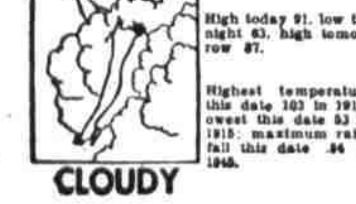

Two Men Fatally Hurt In Collision

GAINESVILLE, Aug. 30. (AP)—Two men were fatally injured in a collision of two trucks four miles north of here last night.

They were Homer Dickens, 36, of Statesville, N. C., and O. H. Benefield, 66, of DeQueen, Ark.

Both men were riding in a flat bed truck which collided with a Yellow Transit Transfer truck.

Orleans Sets For Hurricane

NEW ORLEANS, Aug. 30. (AP)—The Gulf hurricane roared toward New Orleans today and was expected to strike the Louisiana coast this afternoon and reach the Mississippi and Alabama coasts early tonight.

At 9:30 o'clock this morning it was centered about 165 miles southeast of New Orleans, the weather bureau said. Winds up to 95 miles an hour extended outward about 100 miles.

Another 113 Polio Cases Hit In Texas

AUSTIN, Aug. 30. (AP)—Another 113 cases of polio struck in Texas last week.

It was the tenth consecutive week in which more than 100 cases were recorded, the State Health Department reported today.

A like figure was reported for the preceding week. In the comparable week a year ago there had been 104 cases.

The new incidence broke in 44 counties, five of them reporting their first cases this year. Newcomers were Jim Hogg, Ochiltree and Robertson Counties with one case each and Lynn and Stephens had two cases each.

The additional counties brought to 168 the number of counties host to the disease this year.

Other counties reporting incidence last week were Bosque, Coleman, Crosby, Dawson, Denton, Ector, Galveston, Grayson, Karnes, Leon, Lubbock, McLennan, Morris, Nacogdoches, Runnels, San Patricio, Schleicher, Smith, Tom Green, Wheeler and Williamson, one case each; Bastrop, Childress, Haskell, Jefferson, Martin, Nolan, Nueces, and Wilbarger, two cases each; Cherokee, Hutchinson, Navarro and Travis, three cases each; Bexar and El Paso, four cases each; Tarrant, five cases; Hale, 10 cases; Harris, 15 cases; and Dallas, 19 cases.

The new cases brought the year's total to date to 1,874, compared to 1,621 at this time a year ago.

Another Record On Sidney Wool

SYDNEY, Australia, Aug. 30. (AP)—Another record topped at the Sydney wool sales today when greasy Merino sold as high as 183 1/2 Australian pence (nearly 7.73) a pound.

The previous Sydney record was 178 pence last year. Since the sales opened on Monday, 35,000 bales have been sold for 4,300,000 pounds (roughly \$9,675,000).

British and continental interests were the biggest buyers, but there was some British support also. A wool trade authority told the Sydney Morning Herald that Russian orders were for good quality 60's and 64's—fleeces which they use for blending with combed and crossbred wools. One buyer who normally operates for Russia bid keenly for wools of this type. U. S. buyers have not yet entered the market.

EAST GREENWICH, R. I., Aug. 30. (AP)—A young lodger told today police charged how he slaughtered one by one a family of five—three children, the husband and the young wife who he said was going to have his baby.

The family, Fred J. Dusza, 39, his wife, Beatrice, 31, and their children, were found yesterday in the ruins of their burned house. Held as their slayer was Edwin H. Reynolds, 27, a rangy blond young man who had lodged with the Duszas since he and his wife separated last Christmas.

Police Chief Charles R. Johnson said Reynolds told him he fought

Allies Lash At Commies Seeking Way To Pohang

Fighting Furious On Blazing Front

TOKYO, Thursday, Aug. 31. (AP)—The Korean war front blazed with action Wednesday as Allied forces lashed back at mounting North Korean forces probing furiously for a breakthrough.

On the worrisome northeastern front, American and South Korean forces at Pohang launched a small-scale tank-infantry attack on Reds who penetrated within rifle range of that Number 2 United Nations seaport.

The U. S. attack stalled after gaining at least one mile north of the city, said Associated Press Correspondent Tom Lambert.

General MacArthur's war summary early today said Red infiltrators had been cleared from the main road southwest of Pohang which had been cut by a North Korean patrol early Wednesday.

Communist rifle fire continued, however, from nearby hills. On the central front northwest of Taegu, U. S. First Cavalry division forces attempting to take a hill position were forced to withdraw under heavy Red mortar and automatic weapons fire.

Determined to clean out the menacing enemy positions, the First Cavalry vowed to renew the attack. The hill was four miles northeast of Waegwan which is 12 miles northwest of Taegu.

The death struggle for the No. 2 South Korean port on the sea of Japan coast committed about 20,000 men to the side. Another 20,000 Reds rolled down from the mountains on Taegu from 18 miles to the north of the central front city.

More Communists—possibly up to three divisions—rushed to join the battle. By order of North Korean Premier Kim Il Sung the Reds have until midnight to wipe out United Nations forces by the end of August. They were far behind schedule.

U. S. Negro and South Korean troops threw the North Koreans off bloody Battle Mountain near Haman, 10 miles northwest of Mearan port on the southern coast. American First Cavalrymen stormed up the highest hill near Waegwan in an attack that jumped off Wednesday night.

It was the eighth time in two weeks Battle Mountain changed hands. See ALLIES, Pg. 11, Col. 8

Reynolds was captured late last night by troopers who surprised him in the home of his estranged wife, where he was alone. Johnson said Reynolds was "cool and not nervous" as he gave him an account of the night of terror in the seven-room frame house in a lonely farming area.

The chief declined to reveal Reynolds' statement in detail. But he gave this account of the night: Awakened, the eldest Dusza

COL. JOHN MICHAELIS

"Mike" Wins Top Praise From GIs

By TOM LAMBERT With U. S. FORCES KOREA. A lean, bronzed rifleman looked up. All around doughboys Only a trace of battle tension showed in their faces.

Some splashed in a slugging river. Dirt and grime from sweat-soaked fatigues floated west on the current.

Others sprawled on a sun-drenched sandbank. A few typewriters clicked, a staccato, strangely civilized sound in this primitive land.

Pens scratched over paper, piling words on words in the inevitable letters home. Here and there GIs squatted or lounged, their voices droning in mild argument. The snores of the sleeping vibrated like the constant sound of crickets.

After three major battles with the Korean Reds, the famed 27th Wolfhound Regiment of the 25th Division was resting.

The rifleman jerked his thumb. "Mike?" he replied. "Right up there in that tent."

There was no affection in his use of the nickname. It came naturally, an unsolicited tribute to Col. John "Mike" Michaelis of Lancaster, Pa.

Michaelis, 37-year-old commander of the Wolfhounds, had won a promotion and become a battlefront legend in less than a month. His blond hair is silvery already. "He'll either be a general or a dead colonel," his GIs say.

The Wolfhounds, considered a run-of-the-mine outfit during the easy days of the Japan occupation, whipped into a crack unit on the battlefield.

They went into action July 24 in the Sangnyang area, about 20 miles southeast of Taejon. In their first bout they KO'd at least three Red Korean tanks; Wolfhound artillery chewed an estimated 1,500 Communists.

With overwhelming House approval, a bill designed to put the spotlight on activities of Communist fronts and their "fronts" moved today to the Senate amid prospects it would be passed next week.

The House okayed the measure by a whopping 354 to 20 vote late yesterday.

The House-passed bill includes major features of the old Mundt-Nixon measure, plus some new ones. A new feature makes it a crime for a Communist or a member of a Communist-front organization to hold a job in the government or in a defense plant.

The bill would require the registration of the Communist Party, along with its full membership, and the registration of organizations designated as "fronts," along with their officers and financial dealings. The "fronts" would not be required to list their membership.

In addition, Communists and members of "fronts" would not be eligible for passports and would have to put a label on their propaganda.

Brewster May Be Called In Wire Tap Probe

Witness' Counsel Suggests Senator Tell His Side

By The Associated Press WASHINGTON, Aug. 30. — Counsel for a witness suggested today that Sen. Brewster (R-Me) be called to testify before a Senate committee investigating wire tapping in Washington.

Sen. Pepper (D-Fla.), chairman of the investigating group, opposed the suggestion, but Sen. Neely (D-W.Va.) said he would support a proposal to call Brewster if the witness wanted it.

Brewster has denounced as "scandalous and utterly perjured" testimony heard yesterday that the late Sen. Bailey (D-NC) once said he believed his telephone was tapped on Brewster's orders.

Brewster said at that time he did not plan to testify before the wire tap investigators.

The proposal that he be called came from Robert E. Lynch, counsel for Lt. Joseph W. Shimon, Washington policeman who has admitted wiretapping. The statement attributed to Bailey was made by Abner Lippin, a Washington public relations counsel.

Brewster, in a bitter reply on the Senate floor, said "a very questionable character" was "being used by some ingenious minds to make personal attacks upon me."

Sen. Pepper (D-Fla.) told reporters he did not regard Brewster's remarks as "an attack on the subcommittee" which Peppers heads. The group, a District of Columbia subcommittee, has been inquiring for several weeks into the prevalence of wiretapping in the capital.

South African Offer Of Fighter Planes Accepted By UN

WASHINGTON, Aug. 30. (AP)—South Africa's offer of a fighter plane squadron for the United Nations forces in Korea was formally accepted today.

In a ceremony at the Pentagon, Secretary of Defense Johnson accepted "on behalf of the United States Government and of Gen. MacArthur," the United Nations commander.

The offer was made by Gen. D. F. Malan, South African minister of defense, in a letter to the UN secretary-general.

LATE BULLETIN

WASHINGTON, Aug. 30. (AP)—The House today passed 362 to one legislation permitting a draft of doctors, dentists and "allied specialists" for the Armed Services.

A similar bill was passed by the Senate yesterday, but there are differences which will have to be adjusted before the legislation goes to President Truman.

The one opposing vote in the House was cast by Rep. Marcantonio (ALP-N.Y.). Rep. Hedrick (D-W.Va.) voted "present."

Soviet Note Draws Blast

LAKE SUCCESS, Aug. 30. (AP)—Cautious skepticism and vigorous denunciation today greeted a Russian presented protest against American intervention in Korea, supposedly signed by 39 U. S. officers held prisoner in North Korea.

The cabled "appeal," addressed to and distributed by Russian delegate Jakob A. Malik, as United Nations Security Council president for August, demanded withdrawal of U. S. forces from Korea and an end to "this senseless bloodshed." The remainder of its contents paralleled the Red line against U. S. action in Korea: "Great and needless loss of young American life," demands for an end to the "infamously" and "brutal American air raids" . . . "The hearts of the South Koreans were not in the fighting" . . . American troops could not stem the coward surge of the people's army. . . The American

prisoners were well fed, housed, and treated."

American authorities here said they had no knowledge whether the men actually were prisoners. Nor was it possible to determine the circumstances under which they might have put their names to such a message if they did so.

Among those listed was Maj. John D. Dunn of the 21st Infantry Regiment, 24th Division. Dunn's brother, Police Chief James C. Dunn, of Rome, N. Y., ridiculed the statements in the cable. He referred to them as "those statements of Malik," adding that "they are just as ridiculous as those he has been making every day in the UN."

"I would say they were on a par with his usual utterances — too ridiculous even to talk about."

Another officer listed in the peace cable was Maj. L. R. Dunham, apparently the former Bennington, Vt., man "quoted" two weeks ago as telling a London Daily Worker correspondent:

"The Americans know they are liars and are just trying to smash up and kill people. I feel pretty ashamed of my people, and seeing what they have done, we have been treated better than we deserve."

The major's brother, J. Elmer Dunham of Hampton Manor, near Albany, N. Y., asserted his brother was too loyal to say "anything like that" even under torture

Taft Demands Truman Clear Up Lack Of Plans, Policy To Meet Threat Of War

By The Associated Press

WASHINGTON, Aug. 30.—Sen. Taft (R-Ohio) demanded today that the Truman administration clear up what he termed a "complete lack of both plans and policy" to meet the threat of a third world war.

Taft suggested the rearmament of western Germans and Italians to help defend western Europe from possible Russian attack.

Secretary of State Acheson faced possible questioning along this line in a scheduled appearance at a closed meeting of the Senate Appropriations Committee this afternoon.

Summoned to testify on a \$4 billion addition to foreign military aid funds, Acheson also faced questions by Sen. Ferguson (R-Mich.) as to why military leaders aren't kept fully abreast of foreign policy developments.

Ferguson said he got an admission from Secretary of the Navy Matthews yesterday that Matthews hasn't been informed on some foreign policy points.

Another Republican, Sen. Lodge of Massachusetts, told the Senate yesterday the administration hasn't

NOTES IMPORTANCE OF HIGHWAY

300 Hear Fred Wemple Pay Tribute To New Snyder Road

Completion of "one of the most important roads in West Texas" was recognized formally in the presence of approximately 300 Snyder and Big Spring citizens Tuesday evening.

Fred Wemple, Midland, chairman of the Texas Highway commission, did the honors, snipping the symbolic ribbon across the Colorado river bridge at 8:30 p. m.

"I regard this as one of the most important highways in West Texas," he said in declaring it officially open in the name of the legislature, and the Texas highway department.

Wemple had been introduced by J. H. Green, manager of the Big Spring chamber of commerce, and who a decade ago led the initial efforts to secure state highway 250 as a prime road objective.

Fifty-six cars bearing approximately 200 people from Big Spring streamed with around 30 others from the Seury county capital to Snyder. Circling the square with horns blaring, the motorcade headed for the Country Club. There the Big Springers were guests of Snyder people at a buffet dinner.

There Wemple spoke again, paying tribute to the importance of the highway and alluding to problems in general. He facetiously noted that he was taken over the Howard county section of the road at a high speed "to impress me with the fact that the first part was worn out before the last was completed." He promised, however, that the "part now deteriorated will be brought up to proper standards."

There were responses by Mayor Forest G. Sears, Snyder, and Mayor G. W. Dahney, Big Spring. Among those introduced by James

Rosser, Snyder attorney, were S. J. Treadway, Abilene district highway engineer who directed construction of the road; State Senator Pat Bullock, Colorado City; County Judge Sam Bullock and Commissioner Sam C. Thompson, who represented the Mitchell county court.

County Judge Edgar Taylor, Snyder, County Judge John L. Dibrill, Jr., Big Spring, Adolph Swartz, Big Spring chamber of commerce president, R. A. Schooling, Seury chamber head, George White, chairman of the Big Spring chamber highway committee; Dr. L. B. Andrew, VA Hospital Superintendent.

Extradition Hearing For Wyoming Senator

OKLAHOMA CITY, Aug. 30. (AP)—An extradition hearing will be held here today for State Sen. Orval Grim of Cheyenne, charged in a vast West Texas forgery case.

Also charged with Grim were two other Oklahomans, L. B. Thomas and L. L. Padgett, both of Elfus County. They also will face extradition proceedings today.

A hearing for Grim, who was defeated for re-election July 25, was scheduled Aug. 19, but was postponed because his attorney, Rep. Smalley of Norman, could not attend. If Smalley is unable to attend today, Grim is expected to have another attorney.

Food Price Index In Upward Surge

NEW YORK, Aug. 30. (AP)—The Dun & Bradstreet wholesale food price index this week scored the sharpest rise since the second week of the Korean war, climbing to 86.69 from 86.56 a week ago.

At the low level it was 15.7 per cent above the year-ago week's 55.78, and at the highest since Sept. 23, 1948. The record peak was 87.36 on July 13, 1948.

REASONS FOR ADJOURNMENT

WASHINGTON, Aug. 30. (AP)—Rep. Camp (D-Ga.) came up today with new reasons for Congress to adjourn.

"Members are tired, nerves are on edge, tempers are frayed," Camp said in a letter to constituents. And he added wistfully:

"We missed all the water-melons, fruit, fried chicken and baseball. We surely hope we can get home for muscadines, persimmons, and 'pos soms."

Swift Action Seen On Wage, Price Controls

By JOHN CHADWICK

WASHINGTON, Aug. 30. (AP)—The major obstacle to swift action on anti-inflation legislation was out of the way today with a Senate-House committee agreement on the amount of discretion to give President Truman in imposing price-wage controls.

A compromise reached late last night between separate bills passed by the Senate and House would allow Mr. Truman to put price controls into effect about as he saw fit—either on individual items or on almost everything.

But if he imposed price ceilings on any particular material, he also would have to clamp wage controls on the business or industry producing it.

With the dispute over this part of the legislation settled, Sen. Maybank (D-SC), conference committee chairman, predicted that remaining minor differences would be ironed out quickly.

The committee was called back to a morning session to do this. Maybank said he hoped the revised legislation would be accepted by both branches of Congress and be on its way to the President no later than Friday.

President Must Add Strikes To List Of Present Worries

By J. A. LIVINGSTON
The job of getting on with the Korean war, or organizing a long-time defense program against Communist Russia, isn't helped by (1) The threat of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors to tie up the nation's railroads; (2) the open conflict between Secretary of the Treasury Snyder and Federal Reserve Board Chairman McCabe on government interest prices and corporation dividends; (3) the General Motors Corp. nickel-an-hour wage increase as a result of the April-July jump in the cost of living from 167.3 to 172.5; and (4) the subsequent Chrysler decision to grant employees an immediate 10-cent-an-hour wage boost.

Once again the brunt of the nation's strivings... political economic, social—falls on the President. He has so much to do, so many decisions to make, as ambli-

tious, determined men—each satisfied he is morally right—elbow one another.

The railroad trainmen and conductors insist they are entitled to 48 hours pay for 40 hour work even though a Presidential Emergency Board recommended 44 1/2 hours pay for 40 hours work. Brotherhood leaders argue that the non-operating unions got 48-for-40 a year ago from another emergency board.

Trainmen and conductors who work in the yards and terminals don't want less pay when the cost of living is shooting up. What will they have to spend in their extra leisure? It puts W. P. Kennedy, president of the Trainmen, successor to the late A. F. Whitney, on the spot. He faces his first convention as president on September 20 at Miami Beach. He wants any opposition that might develop. If he doesn't get the 48-for-40, he wants to be able to say that the President seized the railroads, that he, Kennedy bowed to the supreme authority, even as Whitney in 1946.

Rail labor's unrest is symptomatic. You can't look at a newspaper these days without finding announcements of price increases. Hundreds of items have gone up since Korea: Shoes, stainless steel, print cloth, gasoline, carpets, pig iron, passenger car and truck

tires, worsteds, magnesium ingots, sheets and pillow cases, cigarettes, sugar, television sets, and on ad infinitum.

Once again, the race between the cost of living and wages is under way (see chart). That's why Walter Reuther, in his frank, picturesque fashion, declared that G. M. workers are being paid in the "wooden nickels of inflation." He wants an all-out price freeze. That's why William Green, head of the American Federation of Labor, asked for a 13 per cent general wage rise before wages are frozen.

Nearly everyone argues restraint—for the other fellow. But the worker wants to beat any wage freeze with a wage increase. The corporation and business man want to beat a price freeze with a price increase and a dividend freeze with a dividend boost or extra. During World War II it was had taste to be generous to stockholders. So prices and costs go up. Incidentally, this will raise the defense bill—the tax bill. It will hike the prices we pay ourselves for airplanes, tanks, guns, and ammunition.

After the bumper profits reports in the first half, corporation executives might well take the lead in exercising self-restraint. In this, Charles E. Wilson, president of G. M., set a worthy example: He declared G. M. would try to avoid a price rise in spite of the five-

cent-an-hour wage boost. But, as the Chrysler action shows, workers in other companies and industries will want wage boosts to match those of G. M.

Within the government, checking the rise in prices isn't made easier by the Snyder-McCabe rift. The Reserve Board has been anxious for months to make money more expensive. It has wanted to curb credit expansion, to make borrowers pay more for loans. The effect would be partly psychological. But the Treasury has insisted on paying an extremely low price for its funds—1 1/4 per cent for 13-month notes.

When the Reserve raised its discount rate from 1 1/4 percent to 1 percent, it broke with the Treasury. If the Reserve has its way, interest rates for everybody, Secretary Snyder included, will go up—and serve as a deterrent to speculation and over-expansion.

Meanwhile, we're still in the fouling-up stage of the war effort. The government has yet to establish the machinery of controls. The Treasury and the Reserve Board have not reconciled differences over monetary and credit policy. And workers and business men are trying to get in their "preparation"—their protection—first. As usual, we're going to fight this war among ourselves as well as with our enemies—on a hit-or-miss basis. We're going to knock common sense into one another the hard way. We'll learn the blessings of restraint by not exercising it!

Lightning Explodes Dynamite; One Dead

POTTSVILLE, Pa., Aug. 30. (AP)—Lightning, travelling 430 feet along a wire into a mine, exploded five charges of dynamite, killing one independent miner and critically injuring another.

Harry Hartz, 35, Tremont was killed and Harvey Reiner, 32, Donaldson, injured shortly before they were scheduled to leave the mine and set off the dynamite charge yesterday. Another miner, Ira Rhody of Tremont, already had departed and was in a shanty near the mouth of the mine when the lightning struck.

Rhody said the dynamite exploded in the faces of Hartz and Reiner. The latter was taken to Pottsville hospital with injuries to the head and face.

FELLOW FIGHTING MEN—Lt. Col. Peter D. Clainos, U. S. 1st Cavalry Division officer from Manchester, N. H., pins a captain's insignia and cavalry identification on Soo Whan Chung, Republic of Korea officer, at a 1st Cavalry Division bivouac area in Korea. Capt. Chung commands a Korean unit attached to the American group. Mixed U. S. and Korean fighting group stands at attention in the background. (AP Wirephoto).

Walks 2,900 Miles For Job But Finds No Shepherd Demand

PHILADELPHIA, Aug. 30. (AP)—A 38-year-old shepherd and his dog walked 2,900 miles from Seattle, Wash., to Philadelphia looking for work.

Andrew Boehm arrived at the 54th St. and Haverford Ave. fire house last night with his dog, sheep.

The shepherd, who said he had worn out eight pairs of socks and three pairs of shoes in his cross country hike, was crestfallen to learn there are few calls for sheep herders in this area. He is trying to make enough money for a trip to Germany to visit his mother.

Despite the pessimistic report of job openings, he said he will make an effort to locate work.

Sixteen Coast Guardsmen Die In Ship Wrecks

LONDON, Aug. 30. — Sixteen coast guardsmen of two nationalities were feared dead after ship accidents in widely separated European waters last night.

In the Adriatic, a Yugoslav patrol boat collided with the American cargo ship Eugene Lykes. Nine guardsmen were believed drowned.

Off the Swedish west coast a coast guard tug capsized during a 55-mile-an-hour gale. Ten coast guardsmen were saved but one was listed as missing and six more were believed drowned.

South Koreans Rescue Group From Red Unit

ON THE KOREAN FRONT, Aug. 30. (AP)—South Korean Marines, in two commando-type landings on the south coast Tuesday, reached civilians about to be forced into the Red army, it was learned today.

The Marines landed between Tongyong and Kosong, 10 miles southwest of Masan. This is near the area where other Marines hurried back a North Korean thrust Monday at Pongyong, south of Kosong.

In the latest landings, the Marines hit unexpectedly and withdrew in boats taking the civilians with them.

The size of the raiding force and the number of civilians rescued was not reported.

South Korea forces here said the raid left the enemy "in complete confusion," with Red units firing on each other in the excitement after the South Koreans withdrew.

Rogers Wins Third In Strutting Meet

CHICAGO, Aug. 30. (AP)—Doh Rogers of San Antonio, drum major for the Hardin-Simmons University Band, won third in the strutting contest at the national Veterans of Foreign Wars Encampment yesterday.

Billy Ed Wood, Plainview, Tex., won honorable mention in baton twirling.

The H-SU Band participated in the parade yesterday. J. T. Rutherford, VFW state commander from Odessa, led the Texas section of the parade. A mounted group from H-SU carried the six flags of Texas history.

Grip Master Tractor Tire Gains Favor

Proving very popular with the modern American farmer is the new US Royal all-purpose Grip-Master tractor tire, sold in Big Spring by the Phillips Tire company, located at 311 Johnson street.

The Grip-Master is designed for every American soil from sand to gumbo and every crop from corn to clover.

It boasts the open-center design, new full-width bite, exclusive shoulder angle, lug bracing, re-inforced rolling center and rugged carcass construction.

Designed to last, it is made to fit any size tractor.

The Royal-Master Mid-Century tire, built for passenger vehicles, also handled by the Phillips concern, is also proving very popular with local motorists.

The Mid-Century has that super-grip Royalax tread, and Ever-lasting sidewalls, which do not scuff under the most trying circumstances.

Top allowances are made by the Phillips store for unused mileage on present tires and payment terms can be arranged at the customers convenience.

Tailor-made seat covers are also sold by the Phillips establishment.

The covers come in plastics or quilt-edged leatherettes in about any color and quality the motorist desires.

Those desiring new seat covers can be assured of speedy service in all instances.

CLOTHES JUST TOO EXPENSIVE

KANSAS CITY, Aug. 30. (AP)—Kansas City police department patrolmen are furnished their uniforms. Detectives wear business suits and buy their own.

Yesterday, Lawrence N. Hanks, 38, a detective nine years, was granted his request for demotion to patrolman.

Hanks said he pays \$100 for a suit to fit his 250-pound frame, and that's too much for his \$200-a-month salary.

ANOTHER LOAD OF QUALITY—Here is another load of Red Chain feeds being unloaded at the H. P. Wooten Feed and Produce company. With a record of demonstrated quality in each sack, the load means more eggs and milk and pounds of meat in the making for producers in the Big Spring area. Steaks like these don't last long at Wootens. Repeat customers are sold on Red Chain. (Culver Photo.)

Western Auto Doubles Its Stock In Year Of Operation

The Western Auto Associate Store, located at 206 Main street in Big Spring, is well into its second year of operation and the stock of merchandise today is twice the size of that which was on hand when the store opened in June of 1949.

Fred Crosland and W. E. Moren, co-owners of the Western Auto retail outlet here, both expressed appreciation for the patronage which has enabled them to broaden their scope of service rapidly.

For the most part, stocks are based upon demands of customers. Consequently, if any new item in lines handled by the firm develops a popular demand, it will be found at the

Western Auto store. Western Auto stores originally offered auto parts and accessories as their principal merchandise, and these items still are features. There is a complete assortment of conventional accessories, parts, seat covers, as well as decorative and novelty accessories. Selections in seat covers are particularly good at this time and other shipments with attractive designs and durable materials are expected within a few days.

In addition to automotive lines, the Western Auto store in Big Spring features electrical appliances, sporting goods, etc. The firm often is referred to as the "Toy Center"

of Big Spring. Sporting goods stocks include all types of athletic equipment, games and anything required for outdoor recreation. Electrical appliance displays feature well-known brands. There also is a complete stock of house and auto paints and enamels. The Western Auto gives the S-H green stamps with cash purchases and to accounts that are paid on schedule.

Japanese Red Headquarters Hit By Police

TOKYO, Aug. 30. (AP)—More than 100 police raided the headquarters of Japan's largest Communist-influenced labor federation today and the nation's attorney general ordered the organization dissolved.

The action was taken against the National Liaison Council of Labor Unions (Zenroren) under an ordinance prohibiting anti-occupation activities and terrorism.

Zenroren is a federation of more than 20 large unions with a combined membership of more than 600,000. The individual unions were not ordered dissolved.

Seized in the raid were two truckloads of documents and office equipment, Zenroren newspapers and pamphlets were confiscated.

MANAGER—Head of Banner operations in the Big Spring area is Joe F. Neace, shown above in his office. Neace, a long-time employee of the Banner organization, is well-known in Big Spring. He succeeded J. D. Merrifield, who went to Midland. Policy of best home-produced dairy products with prompt, courteous service is a watchword for Neace and Banner. (Culver Photo.)

Comet Sighted By Vatican Said To Be Old One

BERKELEY, Calif., Aug. 30. (AP)—A comet spotted near the Constellation Taurus by Vatican observers is an old one, a University of California astronomer says.

Dr. Leland B. Cunningham identified it as "Periodic d'Arrest" which has been in the Taurus vicinity a long time.

A story from the Vatican City indicated it was a newcomer to the celestial dome. But Dr. Cunningham says the Jesuit fathers who saw it on film now concur with his opinion.

The comet is invisible to the naked eye but can be photographed.

Philippine Advance Guard Is In Tokyo

TOKYO, Aug. 30. (AP)—An advance party arrived today from Manila to prepare for the assignment of 1,200 Philippines combat troops to the United Nations forces in Korea.

Headed by Lucas Madamba, political counselor in the Philippines department of foreign affairs, the group conferred with Gen. MacArthur and his chief of staff, Maj. Gen. E. M. Almond.

State Drug Offers Pleasing Variety

A convenient center for filling cosmetic and toiletry needs is the State Drug store, 318 Runnels. The State Drug stocks several well-known lines of cosmetics and other toilet goods. Such established brands as Lenel, Trifling, and Colgate-Palmolive are a few of the quality goods available at the downtown drug center.

Johnson's baby products are high on the list of favorite commodities stocked at the State. These include powders, lotions, and oils for the prevention of chafing and irritations to tender babies' skin.

The State also stocks a complete line of school supplies, including notebooks and fillers for the high school and college student and erasable pencils and drawing pads for the beginning scholar. A variety of classroom accessories of all kinds is maintained. Fountain pen and pencil sets, ink typing essentials, and note pads are among these.

The handy fountain and confection counter at the State makes it a popular refreshment stop for the downtown area. Banner dairy products—ice cream and novelties such as the famous Eskimo Pie and new Eskimo Coconut bar—are

served. Milk shakes and malts, sundaes, soft drinks, and coffee are dispensed at the fountain. A full line of candies and tobacco products are available. For that mid-afternoon or morning snack, the State also serves sandwiches, pies and other short orders. Numerous booths and tables.

MALIK TO STAY IN UN

Security Council Agrees To Air The Formosan Question

LAKE SUCCESS, Aug. 30. (AP)—A Security Council decision to air the Formosan question brought assurance from Russia's Jakob A. Malik yesterday that he will not resume his boycott of council meetings after his August term as President ends tomorrow.

Malik said, in effect, that he would remain in the council to fight for the seating of a Chinese Communist Representative who would accuse the United States of aggression against China in Formosa. The council agreed yesterday to put the Chinese Communist charges on its order of business after Korea. The United States voted for the Russian proposal after the council voted down Malik's language. The council voted 7 to 2 to investigate the "complaint of armed invasion of Taiwan (Formosa)." China and Cuba opposed the consideration of Formosa. Egypt abstained and Yugoslavia did not participate.

Carl Schaffrin, 217 Perry St., St. Charles, Mo., says there are some folks in this old world who feel good and there are other folks who feel bad. The folks who feel good he wants to congratulate for their fine health, but for the folks who feel mighty bad he says he wants them to read what he has to say and then take a word of advice — take HADACOL if you suffer from a deficiency of Vitamins B1, B2, Nicotin, and Iron. Here is what Mr. Schaffrin has to say about HADACOL since it overcame the effects of such deficiencies in his system: "I have been a shoe cutter for over 32 years — I now work for the Boyd Welsh Shoe Co. in St. Louis. For quite a few years now I haven't had any appetite at all — seemed like I didn't have hardly enough energy to do my work. I was tired all the time — and really didn't enjoy doing anything. I affected my work too. Then I heard how other folks who took HADACOL had increased their appetite and seemed to have a limitless amount of energy. I tried HADACOL and it is amazing what a change it has made. Now I feel like eating everything on the table, my disposition is 100% better and my work — in fact, everything I do I now enjoy. For an entirely new outlook on life I recommend HADACOL."

Britain's Air Gladwyn Jebb, who succeeds Malik as council president Friday, said later he would call a meeting on his first day in the chair. He added he plans as many meetings next week as other council members will agree to.

McLeland Wins 20th Decision

By The Associated Press. Beaumont is just one percentage point away from the Texas League lead, but the Roughnecks may have a tough time erasing this advantage by Fort Worth. While Beaumont licked Tulsa, 7-3, last night, Fort Worth's 7-2 lead over San Antonio was washed out in the fourth inning. Because of the rain, the Cats will play San Antonio in a doubleheader tonight. Beaumont meets Tulsa again. Wayne McLeland finally won his 20th game, as Dallas edged Houston 2-1. Oklahoma City went 11 innings to beat Shreveport, 4-3. Dallas and Houston play at 1 o'clock this afternoon because of a pro football game at Dallas tonight. This is the first regular season day game for the Eagles in a long, long time. Beaumont jumped on Jim Avrea for 11 hits and seven runs before he was finally lifted in the fifth inning. Vince Shupe's eleventh inning single scored Fierers with Oklahoma City's winning run.

Alpine Wins 3rd Game At Wichita

WICHITA, Kan., Aug. 30. (AP)—The Alpine, Tex., Cowboys posted their third straight win in the National Semipro Baseball Tournament last night as they whipped the Honolulu, Hawaii Braves, 4-1. Alpine loaded the bases in the fourth on a single, walk and an intentional pass. Pitcher Ray Fitzpatrick then drew a walk forcing in a run and shortstop Guy Wallace singled in two more. Sinton, Tex., Plymouth Oilers meet the Worland Wyoming Indians today in third round play.

Del Rio Forfeits Valley Loop Game

By The Associated Press. Harlingen won a 9-0 game from Del Rio last night when Umpire John Mitchell forfeited it after a second inning squabble involving members of the Del Rio team and Harlingen police. Brownsville cut LaRebo's league lead to one half game when it pinned the Apaches, 5-3, and Corpus Christi knocked off McAllen, 8-4, in other games. Mitchell forfeited the game to Harlingen after the Del Rio club refused to resume play in the second inning.

Delegates expect Malik to uncork his strongest propaganda speech in days at tomorrow's meeting, the last of his term. With the Korean conflict entirely sidetracked yesterday, he has in reserve at least one more weapon. It is a 12-page memorandum from the North Korean government charging the U. S. Air Force with new bomb attacks on the North Korean countryside. The council is in recess today. Malik plays host tonight at the president's usual monthly party. Chinese Nationalist Delegate T. T. Lang, whom Malik earlier in the month tried unsuccessfully to oust from the council, was not invited. The Russian began his boycott last Jan. 13, protesting the council's continued refusal to replace the Chinese Communist delegate with a Chinese Nationalist delegate with a walkout Aug. 1 when alphabetical rotation brought Russia to the presidential chair.

CANADA BILL TO ORDER EARLY END OF WALKOUT

OTTAWA, Aug. 30. (AP)—Canada's parliament today begins meeting three times a day to speed passage of a bill ordering resumption of the nation's strike-bound rail service. The end of the week-long nationwide walkout, appeared in sight. Union leaders said after a meeting late last night that they would order the 124,000 strikers back to work after passage of the legislation.

'Skins Favored Over Detroit

DALLAS, Aug. 30. (AP)—Washington and Detroit clash here tonight in a pro football exhibition game that's like old home week for Texas fans. Washington, unbeaten in three exhibition games this season, is sparked by Texas Christian's most famous gift to the cash and carry game—Sammy Baugh. Detroit, which hasn't won an exhibition game this season, has Southern Methodist University's former three time All-America Doak Walker slated to start. On Walker's side are Bobby Layne, formerly of Texas; Gilbert Johnson, another ex-SMU star; Joe Watson, late of Rice; Clyde Box, formerly of West Texas State; Ernest Kelly, Texas Western, and Bob Goode, ex-Texas A&M back, and Pete Stout, Texas Christian, are members of the Washington team. Washington rated a two-touchdown edge over Detroit. A crowd of 40,000 is expected to turn out for the game. Rain fell in Dallas last night, and the forecast today was for partly cloudy weather.

Giants Beaten By Green Bay

BOSTON, Aug. 30. (AP)—The Green Bay Packers defeated the New York Giants, 10-0, in the only 1950 National Football League competition scheduled for Boston last night before a 12,053 crowd. A heavy pre-game shower rained the exhibition game's trade and also delayed its start for about 15 minutes. The Packers dominated the action throughout after Fullback Ted Fritsch converted a 38-yard placement field goal early in the first period. Midway through the finale, the Packers struck through the air for 70 yards before Jack Cloud banged for a one-yard touch-down.

Texan Named Head Of Fourth Division

CHICAGO, Aug. 30. (AP)—Gen James S. Rowell of Rio Grande City, Tex., was elected president of the National Fourth (Ivy) Division Assn. yesterday. The group is made up of Ivy Division veterans of both world wars. Their convention was held in connection with the national convocation of the Veterans of Foreign Wars.

The award pays \$300 of the recipient's expenses for each year. Jim Eiland, former A&M student, made the presentation to Stovall recently at the Stanton Lions club. Neil is a 1950 Stanton high school graduate, held class offices, played football and was highest ranking boy scholastically.

Congress Inches Toward A Fall Vacation—Maybe

WASHINGTON, Aug. 30. (AP)—Congress inched today toward the possible start of a fall vacation in two weeks. Plans to wind up the session then were hinged on idiosyncratic President Truman would not ask further emergency powers.

There were some stumbling blocks in the way, but Sen. Lucas of Illinois, the Democratic leader, insisted that the Senate will wind up its business Sept. 9. House leaders went ahead with plans to give their members a breathing spell next week — with perfunctory sessions Tuesday and Friday — so they won't return to the Capitol until Sept. 11. Congress could quit that night or the next day, if all went well. The type of vacation the lawmakers will get after nine and one half months' work remained up in the air. House Speaker Rayburn of Texas wants Congress to stay around until it has wound up its affairs and then quit until January. He argues that President Truman could call the legislators back in any emergency. Lucas said the Senate Democratic policy group favor a recess, probably until after the elections, or an arrangement by which Congress will meet every three days but won't transact any business. Sen. Wherry of Nebraska, the Republican floor leader, said he prefers a recess until some definite date or an adjournment under which the Republican or Democratic leaders, as well as the President, could call Congress back into session. The mid-September target date pared the legislative program considerably. Lucas said the main issues to be acted on by the Senate would include approval of a \$4,508,000,000 tax increase, action on an economic controls bill passed by both houses in varying form, passage of a House-approved \$16,771,000,000 military funds measure and Senate action on an anti-subversive bill which the House passed yesterday. He said this program left no room for Senate consideration of House-approved measures granting statehood to Alaska and Hawaii. The President has urged action on those bills.

Old Time Judge Dies At Texarkana

TEXARKANA, Aug. 30. (AP)—Thomas Jefferson Barnes, 76, the first county judge of McCurtain County, Oklahoma, died here yesterday. Some 500 Fishermen Missing Off Ceylon

COLOMBO, Ceylon, Aug. 30. (AP)—Nearly 500 fishermen were missing today after a gale caught them at sea off the northwest coast of Ceylon early yesterday. A Royal Air Force plane, two tugs and commercial planes were making search sweeps of the area.

Of 1,500 men who had set out in the fishing fleet, about 1,000 were either rescued or made their way to shore last night. Hundreds of boats were smashed on reefs when the fishermen made frantic effort to reach shore before the gale. Anxious wives and children lined the coast throughout the night, maintaining a ceaseless vigil.

Foreign Policy Statements Are Not Responsibility Of Military

General Douglas MacArthur prepared a message to be delivered to the VFW convention in Chicago in which he touched on several matters involving U. S. foreign policy in the Far East. Press associations prepared digests of this statement and put it on the wires for release to newspapers and radio stations Monday. The magazine U. S. News & World Report included the full text of the MacArthur message in its edition which went to press Friday night for distribution Tuesday.

Measure Would Recall Younger Doctors Who Have Not Yet Served

During World War II some 20,000 young men studying medicine and dentistry were deferred from military service so they might finish their studies. The government not only deferred them, but paid for their remaining professional education in its specialized training program. The purpose was to make sure that the armed services could depend on an adequate supply of doctors and dentists in the future.

Newly Covered Workers Can Get Social Security Jan. 1

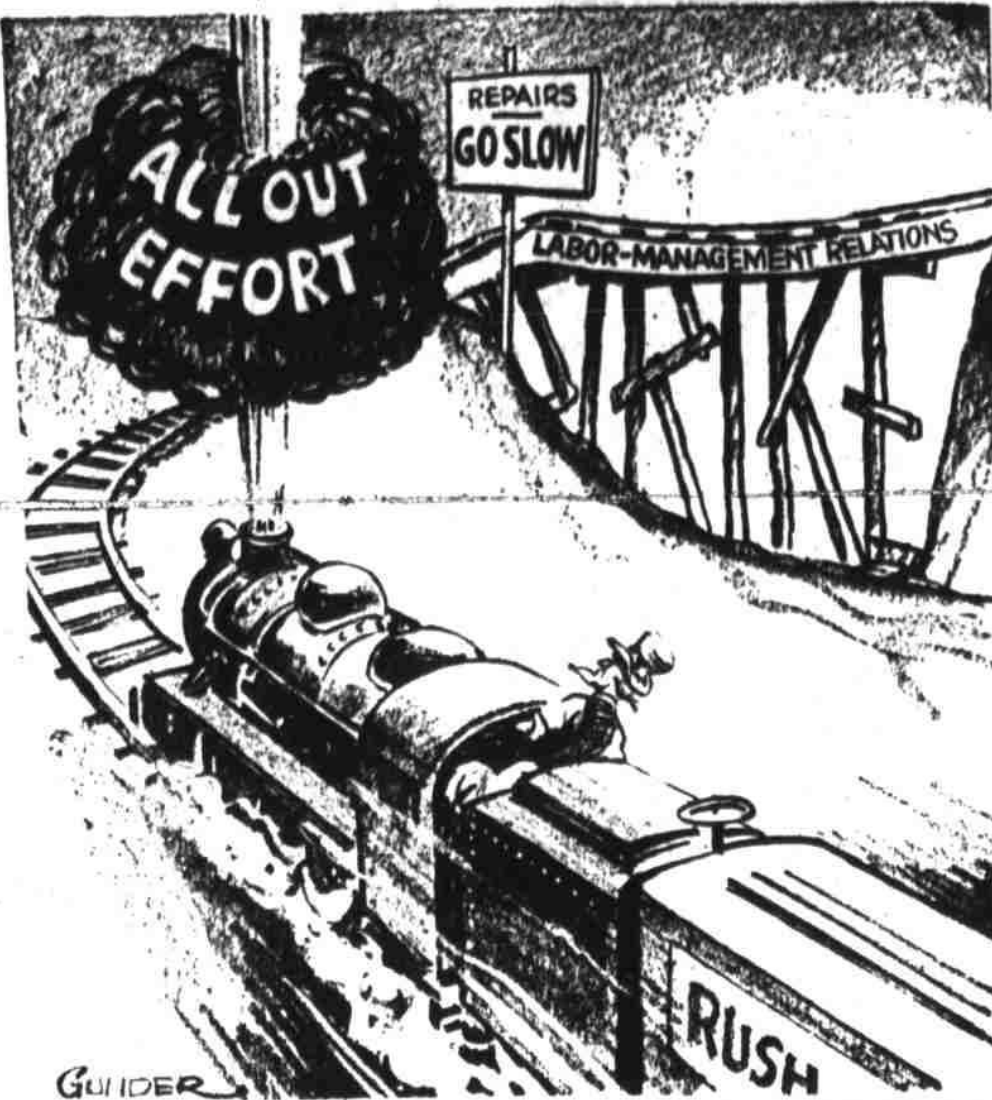

WASHINGTON. — THE OLD-AGE and survivors' insurance part of the social security program covers jobs, not people. A man who works long enough in a job covered by the law can get an old-age pension when he retires after 65 or, if he dies benefits for his survivors. Such a worker is fully insured.

THIS PROGRAM GOT UNDER WAY IN 1937. Until now only about 35 million jobs have been covered by the law. But 80 million Americans now living have worked in those jobs at one time or another.

Now Congress has brought under protection of the program about 10 million people whose jobs had not been covered before. They can't get in until Jan. 1, 1951, so they pay no social security tax till then.

Survey Probes Into Habits, Quirks, Physical Characteristics Of Us All

BY GEORGE GALLUP, Director, American Institute of Public Opinion. (The Gallup Poll has taken its own census of the habits, customs, foibles and oddities of the American people. This is the first of a series of reports on interesting aspects of American life not covered by the 1950 Census.) PRINCETON, N. J., Aug. 30.—If you are an average American male you stand five feet nine inches tall, you weigh about 165 pounds and aren't worried about your weight. You wear glasses,

help with the dishes but hate to cook, and consider your elf more courageous than your wife but not as thrifty. If you are a typical American woman you are five feet four, you tip the scales at about 135 while fervently wishing you could take a couple of inches off the hips. You think a woman's life is harder than a man's and you emphatically don't agree that men, the blustering bullies, are the more courageous sex.

Democrats In Congress On Trail Of Johnson For Words Against Acheson

WASHINGTON. — Big guns in the Democratic Party led by Speaker Sam Rayburn are not on the trail of Secretary of Defense Louis Johnson. They know that Johnson is passing up information to the Republicans against Dean Acheson and U. S. foreign policy generally. The men he is working through are Senators Brewster of Maine and Wherry of Nebraska, two of Truman's bitterest opponents.

Holidays For Horses

COPENHAGEN.—(AP)—Denmark now has a hotel which consists of a large shelter and a big field of juicy grass. The host is a veterinary surgeon and the guests are carthorses. The hotel has been established by an animal welfare association to give city horses a needed holiday in the country. The idea was born last summer after the newspapers had published a story of a Copenhagen carrier who was permitted by his firm to take his horse with him into the country during his summer vacation.

The Old School Bell Was A Fascination To This Writer

Approach of school days always fill me with a certain degree of nostalgia. I can remember the golden days of the Sixth and Seventh, spent in the third floor of what is now the new west end of the high school building. Memories of days spent in the home room of Shelby (Skipper) Smith, about the milder mannered tutor I ever had, and under the sometimes no-tender care of George (Cap) Gentry, who served at that time under the leadership of the intangible Hungry Huggins.

MacArthur Gets Backwash Of Upheaval In Matthews Case

THE FUROR WHICH HAS DEVELOPED over the message from General MacArthur to the Chicago campment of Veterans of Foreign Wars is unfortunate—and it could be dangerous. By dangerous I mean that MacArthur's position as America's Number One man in the Far East might be seriously weakened if Asiatic peoples placed a wrong interpretation on what has happened. Should they get the impression that the general has suffered a rebuke from his President, it could work out badly.

Mr. and Mrs. Theo Andrews Observe 50th Anniversary With Reception

Mr. and Mrs. Theo Andrews observed their 50th wedding anniversary with a reception in their home, 505 Lancaster, Tuesday evening. Over 100 persons called during the receiving hours from 4 to 9 o'clock.

The honored couple from Mrs. P. D. O'Brien. Arrangements of gold and yellow pompoms and marigolds formed the centerpiece on the refreshment table, laid with an ecru Norwanda lace cloth. Lighted yellow tapers in crystal candelabra flanked the center setting. Crystal and silver appointments completed the table arrangement.

Numerous other basket arrangements of Gold Delight roses, bronze chrysanthemums and yellow dahlias were placed at vantage points in the reception rooms. The floral displays were all presented to the couple by friends.

Those receiving with the hosts included their daughters, Mrs. E. B. Daniels of El Paso and Mrs. J. O. Casey of Pecos. Others in the houseparty were Mrs. Tom Helton, Mrs. V. T. Anderson, Mrs. Roland Schwarzenbach, Mrs. M. H. Bennett and Luan Wear. Members of the houseparty wore large chrysanthemum corsages.

Mr. and Mrs. Andrews were married in Monahan August 29, 1900. Highlight of the anniversary celebration occurred when Mr. and Mrs. Andrews cut the tiered wedding cake which was topped with a miniature bride and bridegroom. Table napkins were embossed with "Emily and Theo—August 29, 1950."

Guests present were Mrs. Mae Allen of Roscoe, Mrs. David Williams, Borger, Mr. and Mrs. J. B. Calverly, Garden City, George Amos, Mr. and Mrs. Jack Parrish, E. V. Reid, R. C. Bowden, Floyd Jones, Garden City, C. E. Hutchinson, Jimmy Falls, Frank Moran, Martha Hughes and Opal Clark.

Mrs. Daniels and Mrs. Casey were attired in identical gowns of cream-colored Perma cotton. The ensembles were fashioned with ankle-length bouffant skirts. They wore gold-colored mink corsages.

Mr. and Mrs. Henry Teer and Mrs. Maggie White of Lubbock were visitors in Stanton Sunday. Larry Haynes has been a patient in a Big Spring hospital.

Steers To Report Friday Morning For Equipment

Equipment will be issued to the Big Spring high school football team between the hours of 8:30 and 8:50 a. m. Friday at the dressing rooms of Steer stadium...

The team will report to Steer at 3 p. m. Friday and will stage two workouts Saturday and two more on Monday.

The Longhorns have only a little more than two weeks to get ready for their first game of the season, a Sept. 15 outing here with Quana of District 2AA.

Coleman requested that Sunday one of the Bovines' most rugged tests of the season, since Foster Watkins' team is returning nine lettersmen and will field a heavy line.

The team will report to Steer stadium between 8:30 and 9 a. m. Sunday to have its picture made for publicity purposes.

Several Big Spring coaches will go to Midland Sunday afternoon for the purpose of attending a Southwest Conference Officials cials meeting.

The Big Spring junior high Yearlings, who will again be coached by Earl Crawford and Roy Baird, will open play here Sept. 16. Ten games are booked.

The schedule: Sept. 16-Lakeview here, 8 p. m. Sept. 21-Lamesa in Lamesa, 5 p. m.

LOOKING 'EM OVER

With Tommy Hart

One reason the Big Spring Broncos have been able to hold onto fourth place in the Longhorn league is the success they've enjoyed against the hapless Ballinger Cats.

In 22 starts against the Tabbies, Big Spring was able to win 18 times. If their record against Ballinger doesn't establish a new circuit mark, it comes close to it.

Two of the Bronco's losses to the Felines were by one run, another by two tallies.

Had the Broncos been able to play .100 ball against Roswell and Vernon, they would have been very close to first place in the standings.

This writer's choice in the major league races are still Brooklyn in the National league and Boston in the American.

LEADING KICKER SHUNTED TO BACKGROUND Look for the wire services to have a lot to say about the kicking ability of George Blanda, one-time University of Kentucky regular, now with the Chicago Bears of the National Pro grid league.

Two of the boys the Big Spring high school gridders are going to have to watch in their Sept. 22 exhibition with Victoria here are Billy Nichols, who plays quarterback for the Stingers, and Hal-Baugh, Don Glass.

When Rice Institute opens its new stadium next month, Texas will be one of the two states in the nation having at least three college football stadiums seating 65,000 spectators or more.

'Mr. Outside' Makes Appearance In San Antonio On Saturday

SAN ANTONIO, Aug. 30 (AP)—American, who will be in the Los Angeles Ram lineup here Saturday night against the Baltimore Colts.

It will be the first meeting in history of the two professional clubs and the speedy Rams are favored over the spirited Colts.

Davis, who sparked in the recent Ram victory over the Chicago Cardinals, has been named a probable starter with such proven players as Bob Waterfield, Tommy Kalman and Doc Hoerner.

The double-barrel Los Angeles attack of running and passing can unleash a very strong aerial barrage on the trigger arms of Waterfield and Norman Van Bocklin, former Oregon ace who will be remembered for his performance in the Cotton Bowl against S.M.U.

On the Colt side, in the passing department, promising rookie Adrian Burk will get an acid test at the quarterback post along with Y. A. Tittle, Marshall, Texas, chunker, who had the second best mark in 1949 in the All-America Conference.

Spearheading Colt Coach Clem Crowe's running attack will be Fullback Leon (Muscles) Campbell, S. W. C. star by way of Arkansas, and Chet Murray, ground-gaining whizz of several seasons obtained from defunct Buffalo.

It will be home coming for many Texans and southwesterners including T.U.'s Harold Kilman, Texas' Vic Vasecek, Baylor's George (Gabby) Sims, Abilene Christian's V. T. Smith, Oklahoma's Stan West, who are with the Rams.

Baseball's Big 6

Listed with Colts besides Burt and Campbell are Arkansas' Geno Muzzanti, Baylor's Len (Tuff) McCormick, Texas' Joel Williams, Rice's Jim Sprull, Oklahoma's Jim Owens and Backfield Coach Joel Hunt, former Aggie great.

Williams was all-state center on the 1943 San Angelo Bobcat eleven that won the school's only state football championship.

A crowd of over 20,000 is expected to attend this second annual game sponsored by the Express-News Athletic Association.

Lobos Smother Clovis Troupe By 32-10 Tally

LAMESA, Aug. 30.—The Lamesa Lobos went hit-crazy here Tuesday night, clubbing 27 blows to slaughter the Clovis Pioneers, 32-10.

Five home runs caromed off the Lobo bats, along with three triples and eight two-basers. Ed Arthur coasted to his 15th pitching success behind the assault, although he was touched for 10 hits, including three for the circuit.

The Lobos counted 15 times in the third frame, during which 19 men appeared at the plate. Jay Haney and Dan Pinto hit round trippers in that stanza.

Of the seven Clovis players who paraded to the hill, only two were regular hurlers. Joe Borrego was charged with his 17th reversal before he exited.

Hank Robinson and Arthur hit four-masters for Lamesa while Harry Bright collected a brace of homers for the losers.

Tigers May Be Folding Up

By JOE REICHLER AP Sports Writer Are the Detroit Tigers finally cracking under the persistent pressure of one of the most grueling pennant battles ever waged?

The answer may come within the next few days. Then again, it may not be known until the waning days of the season.

This is certain, however. The Detroit picture was never darker than it is today. At least, not since the Tigers took over the American League lead 82 days ago.

True, they are still clinging to the top, but by the slimmest margin. Following last night's 5-4 loss to the Senators in Washington, the Tigers once-uncomfortable four and a half game bulge was whittled to two percentage points.

It was a dreary looking Detroit squad that braced itself for a doubleheader today with the Senators. The team is in its worst losing slump of the campaign — six defeats in the last nine games.

Pitchers Virgil Trucks and Ted Gray are on the shelf. Right-hander Art Houtteman still is bothered by a side injury. Shortstop Johnny Lippin is playing with a protective pad that covers a 10-stitch spike wound on his right leg. Outfielder Vic Wertz bats with a catcher's shin guard to protect a foot injury.

Added to that the Tigers were faced today with the possible loss of slugger Hoyt Hensler. The outfielder sprained his right wrist last night and is awaiting the result of X-rays.

Walter Hage came straight from a month-long hunting expedition, without practice, to win his last Professional Golfers' Association title, in 1927.

The 1947 U. S. golf Open was the first such event to be televised.

AT 8:15 Cayuses Play Swatter Nine

The Big Spring Broncos, home after a grueling six-game road trip, roll out a welcome mat for the Sweetwater Swatters tonight.

As far as the Broncos and local baseball fans are concerned, the Swatters can have anything in town but victory, and they may take that. They did the locals a great favor by cooling off the rampaging San Angelo Colts for the second time in two nights Tuesday.

Of course, the Swatters could treat the Big Springers much the same way in their 8:15 o'clock outing this evening. They happen to be the hottest ball club in the league at the present time capable of beating just about any team in the family.

At any rate, the Angelo loss dropped the Colts five games in arrears of the Broncos — four on the losing side — and left the Swatters with a very bleak future.

Big Spring was idled in Odessa by rain but the game will be made up as part of a double header here Sunday afternoon. The Broncos and the Oilers will also play a double bill here on Monday evening, starting at 7 o'clock.

The Hosses have only four more road games, two at Midland and two at Roswell. The remainder of their 14 games, they'll play at home.

While Big Spring is trying to do something about the Sweetwater menace, Angelo will be facing Roswell in Roswell.

Wolves Invade Wink Gridiron

By WILBUR MARTIN AP STAFF A few Class A football teams open 1950 schedules this week end, while next week practically all of the 219 schools in this division quit fooling around.

Class A — Schools with an enrollment between 200 and 500 — got a two week jump on the other three divisions of the Interscholastic League's vast football program. This class voted to pass up spring training in favor of an Aug. 15 start on football practice.

Littfield, defending champion is one of ten teams in action this week. The Wildcats play host to Crosbyton Saturday.

Other games put Colorado City at Wink and Cleveland at Port Arney (Port Arthur) Friday. Lockney plays at Shamrock and Freer at Donna Saturday.

Favorites are hard to find in this sprawling division. But New Braunfels — again — on paper looks like a playoff bet. The Unicorns have been favored to win the last two years, in 1948 they went to the finals. Last year they got knocked out in the playoff's early rounds.

There are some new names listed for Class A this year, names that in the past have appeared in the ranks of Class AA. Bonham, Sulphur Springs and Electra are among those that dropped down to Class A.

LUCKENBACH SKIPPER

Says Navy Vessel Went Fast In Fog

SAN FRANCISCO, Aug. 30. (P)—The skipper of a freighter that rammed and sank the hospital ship, Benevolence, says the Navy vessel was traveling fast in dense fog.

Capt. Leonard C. Smith of the Mary Luckenbach, who was just starting his first command, testified before a Coast Guard board of inquiry yesterday.

The Friday tragedy, just off the San Francisco coast, cost 18 lives. Thirteen Benevolence passengers are missing; 492 were saved. The freighter had no casualties.

And the government, charging negligence, has sued the Luckenbach Steamship Co., for \$14 million damages.

The Coast Guard probes—publicly questioning Capt. Smith—dwelt on two points: 1. Why did the Mary Luckenbach fail to give Benevolence survivors any aid for an hour and a half after the collision?

2. Why wasn't the Luckenbach's radar working? The first question, Capt. Smith replied: "We heard no distress signal, so concluded she was proceeding into port."

No explanation was given of why the one distress call the Benevolence did send or news flashes of radio stations in San Francisco were not picked up by the freighter.

To the second inquiry, Capt. Smith said the Federal Communications Commission had ordered radar equipment on his ship discarded pending extensive alterations.

Of the collision, Capt. Smith testified: The freighter had reduced speed to about 9 1/2 knots (about 11 miles per hour) and was sounding her fog signal.

At 4:59 p. m. he heard a whistle dead ahead. He ordered the engines full astern (in reverse). It would take one minute to halt the ship's forward motion.

At 5:02 the bow wash of the Benevolence came into sight. Visibility was about 1,200 feet. He ordered hard right and sounded the danger signal—four blasts.

He said he could see the other ship "making pretty fast speed—going at quite a clip. I would say about 15 to 17 knots" (about 17 to 19 1/2 mph).

"At 5:02 we collided."

AREA OIL NEWS

Dawson Well To Plug, Seek To Complete From Spraberry

Manning and Bay No. 1 Huddle, central Dawson county wildcat is preparing to plug back and try to complete from the Spraberry sand after encountering salt water in the section from 9,787-9,914. On one hour and 30 minute drillstem test it had a steady blow throughout. Recovery was 1,800 feet of water blanker, 270 feet for fresh salt

water and mud, 1,000 feet of salt water and 5,700 feet of clear salt water. It had good shows in the section between 7,869-76 feet a month ago. Location is 1,980 feet from the north and west lines of Sec. 11-36-5N, T&P survey.

In the East Vealmoor field, Sunday's No. 5 Wilson flowed oil on a three hour and 10 minute drillstem test at 7,434-46, but there was no gauge or estimate. Gas appeared at the surface in three minutes and mud in eight minutes. The tool was plugged for an hour and 15 minutes, and when it was re-opened oil flowed in 20 minutes. It flowed into pits for 50 minutes and into tanks for the remainder of the period.

Girl Likes LA, Runs Away From Home To Get Back

LOS ANGELES, Aug. 30. (P)—An Oklahoma City youngster, Arlene Chapman, 11, who evidently likes Los Angeles, is in juvenile hall custody today after an airplane runaway from home.

An orphan who lives with her maternal grandmother in Oklahoma City, Mrs. Julia Bradway, Arlene had spent the summer here with her great-aunt, Mrs. Juanita King, sister of Mrs. Bradway. The girl returned home last Sunday.

Mrs. King said that on Monday Arlene telephoned, asking Mrs. King to "talk grandmother into letting me come back." Yesterday Mrs. Bradway told Oklahoma police that the girl had packed a bag, taken \$100 from a dresser drawer and left while Mrs. Bradway was at work at Tinker Air Force Base.

New Location In Reinecke For Magnolia

A new location in the Reinecke field will be Magnolia's No. 1 Ida Holbein, a rotary operation projected to 6,900 feet which is scheduled to start at once. Location is 467 feet from the north and 660 from the west lines of the south half of the northwest quarter of Sec. 44-25-H&C. It is approximately 18 miles northwest of Iatan.

A wildcat location about five miles southeast of Tahoka in Lynn county has been staked as the Ryan, Hays and Burke No. 1 Leon Bromberg. Drillstem is 2,024 feet from the east and 669 from the north lines of Sec. 486-1-EL&RR Survey. It will be a rotary to 9,000 feet.

Magnolia No. 1 Caswell in Lynn county recovered 20 feet of shale with a few lime streaks on a core from 8,677-98. There was an indication of salt water in some sections of the core. It was preparing to core deeper.

TWO FOR MURDER

Grand Jury Lists 20 Indictments

Twenty indictments, including three for capital offenses, were returned Tuesday afternoon by a 11th District Court grand jury.

Murder indictments were returned against Raul Gonzales and Claudy Collins, while Robert L. Ramsey was named defendant in a rape case. The latter offense allegedly occurred on Aug. 6 of this year, and the complainant is 47-year-old Negro woman.

Californian Is Critically Hurt In Car Mishap

COLORADO CITY, Aug. 30.—Quinton Goodwin, Upland, Calif., remains in a semi-conscious condition in a hospital here as the result of injuries received when his car was in collision with another machine three miles east of Colorado City late Tuesday.

Frank Cathey was charged with assault with intent to murder. His estranged wife, Mrs. Mollie Cathey was wounded by a gunshot on July 10.

Operator was planning to drill deeper. The location is 2,044 feet from the south and 660 from the east lines of Sec. 16-27-H&C.

Among other indictments, Edward Louis Jones was named defendant in three burglary cases, all of them alleged to have occurred on the night of Aug. 14, while theft charges were issued against William A. Harris, Sam Kelley, Harmon Harold Neal and Jessie Lee Clark.

ACKERLY, Aug. 30.—Doors of the Ackerly schools will open Monday for their 1950-51 term.

YMCA Open House Set For Thursday Night

Big Springers will be given the opportunity to see the YMCA in action Thursday night as well as inspect the new quarters of the association at 8th and Scourry.

Supt. C. L. Mitchell has announced the election of 12 teachers for the session. The plan has been put in condition for the opening, and bus routes will be operated as usual.

The Open House program scheduled for 7 p. m. will include a number of exhibition performances by Y members.

Faculty assignments, as announced by Mitchell, are Kenneth Baggett, high school principal; Velma Blagraves, English; Alfred Cluck, commercial courses; Mrs. Lella White, homemaking; Neil B. Eaves, vocational agriculture.

Elementary girls will open the program with an exhibition tumbling, to be followed at 7:30 p. m. with a specialty act by junior high girls. At 8 p. m., the boys are due to take over with tumbling basketball game. Two groups of Y boys will participate in the two performances.

Snyder Schools Delay Opening Until Sept. 18

SNYDER, Aug. 30.—Opening of Snyder's schools has been delayed until Sept. 18 awaiting completion of new classrooms.

Refreshments are to be served by members of the Tri-Hi-Y club, girls' organization within the YMCA.

Two Junior Cowgirls Plan To Partake In El Paso Rodeo Show

Francis Wegg and Rosemary Rice, Big Spring junior cowgirls will appear in the Southwestern Championship Kids rodeo which is to be held in El Paso Sept. 1-4.

Bailey Named To Winters School Post

Tommy Bailey, who has been with the Stanton school system for the past year, has been elected elementary principal at Winters.

The young cowgirls have entered calf roping, clover leaf race, stake race, and team tying events of the rodeo. They will be competing for part of \$4,000 in cash and merchandise prizes to be awarded winners of the various events.

Mrs. Bailey, who also taught in the Stanton elementary school, was elected to a place in the Winters grade system. This leaves the Stanton school to fill two more vacancies before school opens Monday.

Entry blanks for the junior rodeo are available at the Big Spring chamber of commerce.

They have 110,000 to 120,000 on the line. Another 30,000, mostly raw recruits, may join this force soon.

Posse Plans Social

Sheriff's Posse members and their wives will gather for a social at 8 p. m. Saturday at the Settles, Dr. M. H. Bennett, president, announced this morning. Possemen will also ride in the opening parade of the Jaycees' junior rodeo next Thursday.

But the ominous threat to Targu from the north was alarming. Around 20,000 Reds were in the force fighting toward the central front rail hub.

A break-through at either point could turn the Communists loose on Targu or Pusan, the principal southeastern seaport.

Twenty-thousand North Koreans were engaged in the Pohang battle. Twin Communist drives from the north and northwest were aimed at the port city.

2 Yanks Return To U. S. Lines After 18 Days

By STAN SWINTON
Associated Press Staff
MASAN FRONT, Korea, Aug. 30.—Two American artillerymen were cut off and hid in the Red-infested hills 18 days. They said they spent their time reading the testament and praying to the Lord. They reached American lines late today.

They are Sgt. Charles Umi of Honolulu and Corp. Lester L. Drake, Toronto, Kan. both of the 555th Field Artillery Battalion. Weak and filthy, they were rushed to a hospital by ambulance after telling one of the great adventure stories of the Korean war. Umi and Drake were beside their guns Aug. 11 when a North Korean slipped in and ambushed the position. He threw a grenade at Umi. It failed to explode.

While their guns and vehicles flamed up around them from Communist incendiary grenades, the two artillerymen crawled through the triumphant, shouting Red Koreans and up to the hills. That was at Panzang — which now is six miles behind Communist lines. "Each day seemed a year," said Drake. "We hid in the hills during the day, sleeping and reading the New Testament Umi had in his pocket and praying to the Lord to guide us."

"We had no food. We dug turnips out of the fields with our own hands, and stole cucumbers," Umi chipped in. "A few times we found

The United Nations may proceed. Los Angeles is going to fly the UN flag after all. The county's board of supervisors yesterday reversed its previous decision not to fly the emblem, reached after a citizen objected that Russia is a member of the United Nations. The American Assn. for the United Nations sent a delegation that swayed the supervisors to a 3 to 2 vote in favor of hanging the UN banner in the Plaza of Flags at the County Hall of Records.

Los Angeles Will Display UN Flag

LOS ANGELES, Aug. 30 (AP)—

"C" ration cans Americans had thrown away when they were up here. Sometimes the little can of jam had not been eaten. Each night we moved back toward the American lines a little, going slowly. We were not taking any chances by trying to make it all at once. We hit the seacoast and followed that."

The pair saw some Americans on the skyline today and shouted. The Americans are part of Hawaii's Fifth Regimental, Combat team. The doughboys rushed them back to regiment headquarters. Umi is a big Japanese-American. Drake is a slight, slender youth.

16-Year-Old Battles 42 Days In Korea

CHARLESTON, W. Va., Aug. 30 (AP)—Rodney Allison Keller fought in Korea for 42 days. Then the Army somehow found he was only 16 years old and shipped him home. Now, this veteran of the Nak-tong River line is back in civvies. His big problem right now is trying to decide whether to go back to high school.

Rodney said he and his buddies in the 24th Infantry Division looked upon the campaign as something of a joke when they landed on July 2. They soon learned it was just as grim as war is supposed to be.

Of the delaying action, he said: "Sometimes a man would become hysterical from fright and start running to the rear. Then the buddies until the whole outfit was running and the officers with them." The ex-private praised the fighting qualities of the South Koreans.

THINGS NOT AS THEY SEEM

HUNTINGTON, W. Va., Aug. 30 (AP)—Aaron Black 14, went swimming at Four-Pole Creek yesterday. Just before sunset, another boy found his clothes on the bank. He took them to Aaron's mother, Mrs. Sylvia Black. She put in a frantic call for the fire department rescue squad. Forty minutes later, Mrs. Black told them they could stop dragging the creek for Aaron's body — he had arrived home, safe and sound. "He told me," the mother said, "that he spent most of the time while we were looking for him looking for his clothes."

Jap Dodger Will Sit This One Out

SEATTLE, Aug. 30 (AP)—Spinal arthritis has knocked George Ray Tweed, the man who dodged Japanese soldiers on Guam for 21 months during World War II, out of a return to duty with the Navy. Tweed was a Navy chief petty officer on Guam when the Japanese captured it in early phases of the Pacific war. He hid out in the brush, in caves and homes of friendly Guamanians until the island was retaken by U. S. forces. He retired to operate a bowling alley at Grants Pass, Ore., but was called to duty this week as a member of the fleet reserve. The Navy doctors sent him home yesterday. Spinal arthritis incurred while he hid on the island disabled him, they said. Tweed said he didn't mind. "I have a postwar family now. Boy, 4; girl, 3; nice wife. Now I can stay with them."

British Reds Hitching Ride On Labor Party

LONDON, Aug. 30 (AP)—The British Communist party sought to repair its political fortunes by hitching onto the Labor Party. It announced it would reduce sharply in the next general election the number of Red candidates and support laborites in other constituencies. The Communists indicated a two-fold strategy: form a "united front" against a possible victory by Winston Churchill's Conservatives. And bore from within at labor by fighting "for a new policy and against the rightwing labor leaders and their policies."
