SAMPS SA

CLEAN-UP TIME

Spring Clean-Up, which has been observed in many communities in the United States for nearly 50 years, is here again.

Citizens of our town are being asked to join in our local Spring Clean-up campaign and brighten up their homes beginning tomorrow.

It's very easy to do your bit. Simply take an hour or two to go over the things in your attic and basement or storage areas, and throw out any combustible trash that has accumulated. If you have old magazines and newspapers that you no longer need, throw them out. If there is a broken rocking chair or other pieces of furniture which you will never use again. throw it out, too. The same goes for old clothing, old mattresses, old

pillows and other articles which have been gathering dust for years.

Combustibles of this type feed fire.

Give your basement the same kind of inspection. Throw out old paint cans, old paint brushes and oily rags. The National Board of Fire Underwriters reminds that by so doing you will not only clear your home of trash, but eliminate potential fire hazards.

We owe it to ourselves to reduce the possibility of fire.

11,700 Fire Fatalities in 1961

Last year in the United States there were 11,700 fire-fatalities, compared with 11,350 t h e previous year. In addition to the fatalities, thousands last year were injured in fires.

Fires in the United States in 1961 cost \$1,209,042, 000 in property damage alone. It was the highest dollar loss in history and an increase of 9.1 per cent over the preceding year.

It was the fifth year in a row in which fire caused more than \$1 billion in property damage.

During the last five years our total property fire losses aggregated a staggering \$5,500,000,000.

Think what we could have done with five and onehalf billion dollars if we could have halted fires altogether.

For instance, with this amount of money we could have built 10 Hoover Dams, 30 Empire State Buildings, and 50 Golden Gate Bridges, and still have a few dollars left.

We will all profit by having made our community spic and span and safe for the coming summer

POOR RECORD TO COPY

Before anyone embarks on an important venture. it's only the part of wisdom to try to learn the experience of others who have followed similiar trails.

That little truism goes for government, as well as an individual. It can be applied to proposals for government domination of medicine.

England's socialized National Health Service provides our precedent here. And we can go to English authorities to see what the results have been.

A documentary film prepared by the British Broadcasting Corporation said that some patients "have been waiting as long as six years for surgery."

A well known British journalist reported that "the number of people medicaly insured for private treatment has risen by more than 1,000 per cent . . . "be-..... Socialist medicine is just not good cause' enough

A distinguished Oxford professor found that the system has been" . . . progressively creating despondency and frustration among the foctors .

An AP release told of the complaints of patients at over-crowded waiting rooms, and of physicians' complaints of excessive workloads and underpayment.

A British doctor now in this country wrote, "The poor British taxpayer has been milked dry. The Health Service now costs more than five times the original estimate."

The Chicago Tribune's London Bureau Chief said The Chicago Tribune's London Bureau Chief said present were Aubrey Jameson the watch, into many pieces. nat British "hospitals have 500,000 on their waiting and Charles Terrell of Ranger Creigton flinched to see hi

Seniors Feted With Western Party Thursday

Members of the Eastland High School senior class and their sponsors were honored with a western party Thursday night at 7 o'clock in the First Christian Church.

Members of t h e Christian Women's Fellowship of the church hosted the party. Norman Watson served as master of ceremonies.

Honored guests included 33 enior students, Mr. and Mrs. harles Marshall, Mr. and Mrs. Wendell Siebert, Mr. and Mrs. Charles Harris and Miss Verna Johnson. Guests were attired in west-

ern togs and the western theme as carried out in decor. Following the ranch style

dinner, those present were entertained by a magician a n d participated in a sing-song. The party was closed with the

school song. Four students were awarded door prizes.

Local Federal -(Continued From Page One) ings and average earnings 10

Cany. They show that personal tax returns from Eastiand County amounted to 0.16 percent of the \$2,132,000,000 in such taxes collected throughout Texas as a whole. This includes the amounts deducted from wages, week by week, via withholding.

By April 16, which is the deadline for payment of these taxes, the Government estimates that it will have received, nationally, a total of \$46.1 billion, or \$1.2 billion more

than it collected last April. For the individual community, the payments will be greatter or smaller than before, depending on the change in the number of taxpayers and the change in total earnings in the year.

On this basis, Eastland County residents are expected to the white elephant which went contribute to the Treasury some \$3,462,000, a rise of \$51,000.

Administration's new The budget, which calls for recordbreaking spending, rests the assumption that the next year will be a banner one, for business and for wage earners.

It contemplates a gross natproduct of \$570 billion, onal \$50 billion greater than in the past fiscal year. The increase in revenue that it would produce, it reasons, wou keep the budget in balance. reasons, would

As to personal incomes, they are expected to reach a grand total of \$448 billion, causing personal income taxes to rise from the present \$46.1 billion

to \$49.3 billion. If Eastland County residents are to increase their tax payments next year by a proport-ionate share of this amount, they will have to earn at least 6.9 percent more, on the average, than they did during 1961.

Officers Elected At Thursday Meet of Society

The 1961-'62 Beta Club was organized in Eastland High School Thursday. Officers elected were the following: Susan Johnston, president; Sherry Miller, vice president; Carol Walter, secretary; Kay Morton, treasurer; Ann Freyschlag, chaplin and Judy Sea-berry, reporter. Julie Frost was elected as the club's pianist.

Students eligible to belong to the Beta Club, a national honor society, must have an average of 87 or above. Object of the club is to pre-

sent outstanding assemblies and programs for the school throughout the school year.

Members of the newly organized club are the following: Joe Russell, Patricia Liles, Sherry Decker, Connie Turner, Dick Whittington, Carol Walter, Susan Johnston, Julie Frost, Sherry Miller, Barbara McCullough, Joyce Robertson,

Most homemakers will admit they have a hard enough job cleaning the inside of cooking utensils. Scouring fuel grime from outer surfaces, too, just adds unnecessarily to kitchen chores. But clean, flameless, electric heat is free from by-products of combustion that smudge and soil utensils. Pots and pans. walls and curtains, and the range itself, stay cleaner. You'll be surprised how much time you'll save for other household activities when you cook the clean, flameless electric way. See your electric appliance dealer today.

Members stressed the im-portance of the First District

tt's Not Just an Accident -

... that Eastland enjoys a good fire record year after year. Usually it is the fire department or the City Commission, or both, that get the credit and they deserve all they get. But without the cooperation of the general public no town would have a god fire record. Elimination of the common fire hazards such as defective wiring, faulty flues, greasy rags and mops, weeds and grass the careless smoker, among others, is a direct result. Do you have any of these hazards in or near your home?
