EASTLAND, TEXAS, THURSDAY, JANUARY 2, 1964

PRICE 10c

NUMBER 86

## In the Stone' Is New Food Store Game

Incorporated the start of the promotion on January 2, "THE STONE" will be running for all Safeway stores in the Dallas-Dallas area.

In addition, Safeway Stores announce the awarding of (13) thirteen free trips to Disneyland including four nights and five days at the Disneyland Hotel, round trip jet transportation, meals and paid admission to Disneyland. The trips will be awarded as follows: Grand Prize - (4) four trips to Disneyland, Second Prize - (3) three trips to Disneyland, and three Third Prizes of (2) two trip each to Disneyland. Participants register by filling out and depositing the lower half of their "SWORD IN THE STONE" cards at Safeway. Drawing for the free trips will be held at the conclusion of the Promotion to be announced later.

Free cartoon rings in ten different designs will be given free to children. The upper half of five "SWORD IN THE STONE" cards can be exchanged for one free ring. The rings depict characters in the new Walt Disney full-length cartoon movie, "SWORD IN THE STONE". No purchase is required to receive a card and purchasers are favored in no way. Visitors may receive one card per store visit restricted to persons sixteen years and above. Safeway employees and their immediate families are ineligible to participate in this promotion.

Safeway reports there will be thousands of cash winners plus the thirteen free trips to Disneyland and the free cartoon rings in their new game "SWORD IN THE STONE".

## Former Resident Now Famous Songwriter

Eastland people have been interested in recent developments in music circles in California, where a former Eastland resident is making quite a stir with new songs he has written. Collin Grey (Tex) Satterwhite, for many years a trombone player with both the Tommy and Jimmie Dorsey orchestras, has several new songs on the market, the latest of which "Moment of Truth," was sung last week on the Tonight Show by no other than Tony Bennett.

It is understood among friends and relatives here that Bennett is adopting this Satterwhite song as a theme song for his television show. Satterwhite has been arranging music for the Lawrence Welk Show for some time and Welk is slated to use some of his original compositions on subsequent shows.

Satterwhite was reared in Eastland and graduated from Eastland High School where he was a member of the band. He also was a member of a dance band organized by his fellow high school band members, which played all over this section.

He went to California in the early 1940s and has lived there since. He traveled extensively with the Dorsey bands.

His parents, the late Mr. and Mrs. E. C. Satterwhite, owned a hardware business in Eastland during and after the oil boom. Among relatives still living here is an aunt, Mrs. May Harrison.

Visiting in the home of Mr. and Mrs. W. L. Wood for the Christmas holidays were Mr. and Mrs. William Beggs, Larry, Buster and Tiny, Mr. and Mrs. Jimmie Brock, Sandra, Susan and Donna, all from Lubbock.

## Bread of Life...

For our conversation (citizenship) is in heaven; from whence also we look for the Saviour, the Lord Jesus Christ. — Phil. 3:20. Content to let the world go by. To know no gain nor loss; My sinful self my only shame, My glory all the cross.

## Tommie June Sharpe Joins Telegram Staff

Another Eastland County native has been added to the staff of the Eastland Telegram with the employment of Miss Tommie June Sharpe, it has been announced.

Miss Sharpe has been an employee of the Ranger Times at Ranger since June 1, 1958 until her transfer to the Eastland Telegram on December 21, 1963.

She was born and reared in Olden and is the daughter of Mr. and Mrs. Tom Sharpe of Olden. She graduated from Olden High School in 1958, and while a student there she was a member of the Future Homemakers of America, president of the senior class, editor of the school paper and a member of the Annual staff.

Miss Sharpe replaces Mrs. Carolyn Little, who recently resigned. She will be in charge of the bookkeeping department.

## Students To Return To Classes Jan. 6

Eastland students will resume classes Monday, January 6, after a two weeks Christmas holiday, according to Wendell Siebert, school superintendent.

According to Siebert, one of the reasons for the extra days off for Christmas was due to the band making the trip to the Cotton Bowl in Dallas January 1. The 54-member Maverick band will leave Eastland around 3 a. m. to go to Dallas and the Cotton Bowl parade. This is the second Bowl trip for the band and numbers to be played are "Bells Across the Gridiron" and "Brasses to the Fore". The band will travel on two chartered Greyhound buses. Director John Foster and the band spent Monday and Tuesday in practice.

There will be no other holidays for the schools until March. During March school will be dismissed one day for the Oilbelt Teachers Association meeting in Sweetwater and one day for the Eastland County Livestock Show. Eastern holidays will be March 27 through March 30, this giving the students Friday before Easter and the Monday following Easter.

## Surplus Foods To Be Distributed

Eligible residents of the Ranger, Olden and Eastland area will be issued surplus food commodities at the County Welfare Distribution center in Eastland on January 13, according to administrator J. W. Elder, Sr.

Other distribution schedules are given as follows: Tuesday, Jan. 14 — Pioneer, Rising Star, Okra, Carbon, Gorman, and Desdemona. Wednesday, Jan. 15 — Cisco, Scranton, and Nimrod.

Mr. and Mrs. James Glenn and children spent the Christmas holidays with their families in Breckenridge.

## COPY MACHINE

The Xerox machine is set up in this manner — the box at the right is used for preparing and producing the printing plate. In the center is the camera which takes the picture of the instrument leaning on the glass at the far left. The complete operation occupies eight or ten feet of space. (Staff Photo)

MAVERICK BAND — Here is the Eastland Maverick Band marching on one of the streets of Eastland in preparation for their Cotton Bowl trip to Dallas. The band returned late Wednesday night.

TOMMIE JUNE SHARPE... new bookkeeper

## Schedule Social Security Field Visits Listed

The schedule of the Social Security field representative for this area for the months of January, February, and March has been released by R. R. Tuley, Jr., District Manager, as follows:

Cisco — at the Chamber of Commerce at 10 a. m. on Wednesdays, Jan. 15 and 29, Feb. 12 and 26, and March 11 and 25.

Eastland — in the County Courtroom at 10 a. m. on Mondays, Jan. 6 and 20, Feb. 3 and 17, and March 2, 16, and 30.

Judge and Mrs. Turner Collier had as their guests during Christmas their son and his wife, Rev. and Mrs. Bob Collier and daughter Crista of Kentwood, La. During the holidays Judge and Mrs. Collier and Rev. and Mrs. Collier and Crista were guests of Mr. and Mrs. Fred Maxey, former residents of Eastland, at the Llano Hunting Lodge in Sutton County.

## Abstracting Firm Adds Time-Saving Machine

Veteran county abstracting firm, The Earl Bender Co., has recently installed modern electronic equipment that cuts in half the time required to record legal documents.

The new Xerox machine (pronounced zeerex) has been in operation for about four weeks. Over 80 pages a day can be recorded by one operator where as only 40 could be done by a typist, typing all day.

The new machine came from New York and is leased. Mrs. June Tankersley and Mrs. Doris Kent, operators, are very pleased with the machine.

There are five basic steps to operating the machine, and Pat Miller says it will improve the efficiency of the office's recording work in the court house.

The machine is a dry chemical camera that takes the picture, size for size of the document. The plates can be reused many times. Mistakes are very few when it is copied directly from the instrument file books.

In comparing the machine the one in the County Clerks office, it is much smaller and compact. The one in the County Clerks office has water piped to it and a separate drain pipe.

Mr. and Mrs. Gordon Wayne Cooper and daughters, Kyle and Kelley of Austin are spending the holidays with his mother, Mrs. Frances Cooper.

## PINS AWARDED Rotary Ends Year With Helm Change

The presidency of the Eastland Rotary Club changed Monday as Gordon Goldston turned the traditional gavel over to incoming President Mac Beazley at the regular weekly luncheon meet.

Goldston, local manager for Lone Star Gas Co., is being transferred to Idabel, Okla., and Beazley was elected to complete the unexpired term.

Past-president pins were presented to Goldston and Frank Deaton. Member Jim Horton presented the pin to Goldston and Earl Bender did the honors for Mr. Deaton. New Member Grover Hallmark was in charge of the program.

Other business conducted at the meeting, last for 1963, was the drawing of names for program dates during the first six months of the coming year. Program Chairman Henry Pullman, assisted by Secretary Don Viewgiver, held the drawing for programs.

Among guests at the Monday meet were County Clerk Johnson Smith; Susan Johnson, former Rotary Club sweetheart, now a pre-medical student at Texas Wesleyan College in Fort Worth; Shirley Smith, Cisco Junior College student and holder of one of the club's scholarships; and Laverne Hennessee, Ranger Junior College student, and another club scholarship holder. Miss Hennessee is a government and foreign language major.

Goldston told the club that the town where he is moving is in the process of organizing a Rotary Club and that he will undoubtedly join it.

## COMPLETED IN '64?

# \$1.5 Million in School Facilities Under Construction in the County

Education in Eastland County will be getting a boost in 1964 — to the tune of a million and a half dollars in new construction.

New classrooms for each level — elementary, secondary and junior college — as well as new gymnasiums, laboratories, administration buildings, cafeterias and vocational shops are on tap for students with the beginning of the 1964-65 school year. Construction is underway on school facilities in Eastland, Ranger and Cisco.

At Ranger Junior College, construction is underway on an extended building program including a new gym, classroom building, administration building and a laboratory building.

Haney Construction Co. was low bidder on the Ranger project with a bid of \$25,948, and completion date is set for the first week in August, 1964.

The Ranger gym room roof will feature the largest laminated wood arches ever made in this country, it is reported.

The Eastland project includes a new elementary building, a new gymnasium and a vocational shop. The \$525,000 bond election voted to finance the construction was held in February of 1963. The job is due to be completed by August 1st, but contractors say they are ahead of schedule and look for a July 15th completion.

Kinard and Beck of Abilene has contract for the Eastland job. The \$700,000 Cisco job includes building a new high school plant, and remodeling of the present junior high building and ward school. Completion date for the project is "hoped" for Sept. 1st, 1964, it is reported.

The original Cisco plans called for 15 general classrooms, in addition to a physics-chemistry lab, biology lab, homemaking department, library, junior high science room, vocational agriculture shop and classroom, distributive education class room and bank hall. There will also be a cafeteria and dining room

adjoining a 500-seat gymnasium, as well as a 500-seat auditorium.

The Cisco facilities, the Eastland elementary building and the administration building for the Ranger college, are all to be air conditioned.

The Cisco and Ranger projects will also feature covered walkways.

Education did well in 1963 too. A \$165,000 science building and a \$160,000 boys' dormitory were dedicated at Cisco Junior College in the year just ending.

The 16-classroom elementary building in Eastland will also contain a combination auditorium and cafeteria, and will replace the two present elementary buildings.

## But It Won't Hurt... SONIC BOOMS DUE IN AREA CITIES IN COMING WEEKS

By JUDY SITTON

On January 2, 1964, the Strategic Air Command of the U. S. Air Force will open a supersonic test corridor extending from Altus, Oklahoma, to Kerrville, Texas, and over the length of Lake Michigan. The 40-mile wide area will include Cisco, Eastland and Ranger.

Flying along this route daily will be SAC's B-58 Hustlers, which travel at supersonic speeds up to Mach 2 (1,300 mph) at altitudes above 35,000 feet. The planes may fly in either direction in the corridor. Flights will not normally be scheduled between 10 p. m. and 7 a. m.

Although sometimes startling and distracting, the sonic booms created by the Hustlers will not cause personal injury, according to Air Force officials. Because of the extremely high altitudes, the booms are comparatively weak in strength.

A sonic boom is caused by shock waves built up around an aircraft flying at supersonic speed, explained the officials. Forming a cone that extends back from the nose of the plane like the wake created by a boat, the shock waves travel to the ground at the speed of sound and follow the path of the aircraft.

When the sound waves hit the surface of the earth they become audible, and form the same kind of pressure wave caused a common thunder-clap.

When flying level, a supersonic plane drags the edge of its shock waves along the ground over its entire flight path. Under certain atmospheric conditions, the waves may reach the ground several miles on either side of the

path of the aircraft. At other times, the boom may not be heard at all, as atmospheric conditions may dissipate the shock waves before they reach the ground.

## Eastland SS Schedule Set For Jan. 6

H. L. Weatherly, Social Security representative, will be at the Eastland County Courtroom at 10 a. m., January 6 and January 20. Persons with questions about their social security are asked to contact Mr. Weatherly at this time.

Due to this time of year, field representatives often have so many people wanting to see them that long waits are sometimes unavoidable. Anyone wishing to file a claim or have any other social security matter may call at the District Office at 203 Fannin Street at North 2nd in Abilene. The Abilene office is open from 9 a. m. to 5 p. m., Mondays through Fridays, except for January 1 and February 21.

## Legal Notices

### NOTICE OF PUBLIC HEARING

All interested persons are advised that the Construction of Interstate Highway 20 from 1.0 Miles West of Cisco to 1.0 miles East of Eastland is being planned by the Texas Highway Commission. The contemplated location will by-pass the towns of Cisco and Eastland and in general, follow the base line County Road to a point just west of St. Hwy. 6. It will then continue in a North-easterly direction to the Junction of U. S. Hwy. 80 and F. M. Hwy. 570. Preliminary drawings, plans or sketches showing the proposed improvements and geometrics are on file at the Resident Engineer's Office at Eastland, the City Hall in Cisco, and at the County Judge's Office, Courthouse, Eastland.

A public hearing regarding this proposed development will be held at 10:00 a. m. January 15, 1964, at the County Court Room, Courthouse, Eastland, Texas.

## Because We Sell Insurance —

... we naturally have a very special interest in the welfare of those who drive moving vehicles. The period of early darkness already here has more slick pavements in prospect, this is for extra care by both car drivers and pedestrians. Unless more caution is used, this holiday season may be remembered more for its road deaths than for the glorious event which celebrates each December. So drive with care and with adequate insurance protection.

### HOW TO PLAY

- 1 Pick up your FREE BIG MONEY CARD\* at any Worth Food Mart. Then, with each visit to Worth, you will be given a FREE POINTS TICKET. During each contest week, Sunday thru Saturday, as many as two of your POINTS TICKETS showing the greatest number of points collected during that week will be punched on your BIG MONEY CARD. These POINTS TICKETS are worth from 5 to 100 points.
- 2 When your BIG MONEY CARD has a total of 100 points punched out, present it to the Store Manager who will remove the GOLD RUSH SEAL, showing the prize you will receive. You may win a 1964 Gold Cadillac, (or \$5,000 in cash) or a 1964 Chevrolet Malibu Chevelle, or \$1,000, \$500, \$200, \$150, \$100, \$25, \$10, \$5, or special award of a gold plated initial pin set with genuine cultured pearl.
- 3 YOU MAY WIN A SECOND TIME . . . your BIG MONEY CARD is entered in the GRAND DRAWING for many big prizes, including: 1964 Gold Cadillac, 1964 Chevrolet Malibu Chevelle and hundreds of other prizes to be given away on television.

\*A limit of only one BIG MONEY CARD will be honored at each store visit.

The John Dubree's of Kermit spent one night last week with the Pug Gutherys.

The Phil Reeds of Alice and the Bill Townsends of Baton Rouge spent the holidays with Mrs. Myrt Reed.

The John Arnolds spent the holidays with their children in West Texas.

## Pvt. Anderson At Hawaii Base

Pvt. Jerry D. Anderson, 23, son of Mr. and Mrs. Fred Anderson of 406 W. 17th St., Cisco, arrived in Oahu, Hawaii, on Dec. 17 from Oakland, Calif., and is now a member of the 2nd B.N. 14th Inf.

## Farm And Ranch Operators Sought In Record Plan

As a farm or ranch operator, would you like to join a select group of cooperators with the Texas Agricultural Extension Service in a mail-in-record keeping project?

The Service's farm management specialists, with Rex Kennedy serving as coordinator, have issued a call for 300 volunteers who would like to participate in the year-long record project. Kennedy says for the past two years about 50 cooperators have been under the program and that results have been good. The program utilizes the electronic computers at Texas A&M University and makes it possible for the specialists to do a faster and more thorough job.

Kennedy points out that the results of the past two years clearly indicate weaknesses in management operations; especially as they relate to costs, yields, machinery and labor utilization. He adds that the past experience has caused the specialists to strongly recommend enterprise accounting, although it is not mandatory for the new cooperators.

Here's what the new cooperators will furnish: the specialists at Texas A&M — a beginning inventory, monthly expense and income records mailed in each month), and an ending inventory. At the end of the year, the specialists will supply the cooperator with a detailed analysis of the year's record. This analysis will be provided in time for use in connection with tax reporting, Kennedy says.

The material submitted by the cooperators will be treated as confidential information and only summaries or averages without identification of individuals will be used by the specialists in their work. Summaries of the records will be available on request any time during the year, says Kennedy.

Eugene Sipe, of the Eastland congregation said, "The assembly, having the words of Jesus as a theme, 'Feed My Little Sheep,' is intended to build up more ministerial activity in calling back and caring for the interest found in house-to-house visits."

Charles W. Sarakin, who visits the 15 congregations in the circuit every four months, will be joined by District Supervisor, Harry A. Fetzik of Brooklyn, New York, to oversee the three day training program.

## Jehovah Witness Assembly To Be Held In Llano

Jehovah's Witnesses from Wichita Falls to Fredericksburg and Abilene to Mineral Wells, will hold their mid-winter circuit assembly in Llano, January 17-19.

Ideal for extra warmth in baby's room...

## PORTABLE ELECTRIC HEAT!

FLAMELESS... SAFE... DEPENDABLE

No need to worry about baby's comfort during cold weather when you use a portable electric heater to provide extra warmth. Day or night, just turn it on, and radiant sun-like electric heat quickly chases away the chill. Like the safety of flameless electric heat with an automatic thermostat, keeps baby's room at just the right temperature automatically. A portable electric heater is mighty handy to warm up those hard-to-heat areas where in the house, too. See your dealer about one now.

## Corps Placement Test Scheduled In Area January 11

The Placement Test itself is composed of a 30-minute general aptitude test (made up of verbal, mathematical and spatial problems) and a 30-minute modern language aptitude test. The latter is designed to provide an indication of ones' probable degree of success in learning to speak and to understand a foreign language. Knowledge of a foreign language is not needed to score well on this aptitude test, nor required for entrance into the Peace Corps.

There are no passing or failing marks on the Placement Test. The scores are used, along with other criteria, to aid in the selection process. They help the Peace Corps to place prospective Volunteers in the most appropriate overseas assignments.

Training will begin this summer to help fill requests for more than 6,000 Volunteers to serve in 46 countries around

the globe — in Africa, Asia and Latin America. Hundreds of different skills are needed in the major fields of education, agriculture, health, construction, engineering and community development. For example: Ivory Coast wants science and math teachers; Nyasaland has asked for English and vocational teachers; Afghanistan needs carpenters and bricklayers, while Pakistan needs nurses. Chile wants agricultural extension workers and Honduras wants Volunteers for community development.

To take the Placement Test applicants must be American citizen at least 18 years of age. There is no upper age limit. Married couples may apply if they have no dependents under 18. A college education is not a requirement if an applicant can offer a certain skill or experience. Liberal arts college graduates with no special "skills" are often used as teachers and community development workers.

For applicants of this area, a test will be held at Draughan's business college in Abilene.

## Former Resident Dies In Calif.

Carroll Redman Allison, 8506 East Cavel Street, Downey, California, and former Eastland resident, died December 29, 1963 at 5 a. m. in the Glendale Community Hospital, Glendale, Calif., following surgery and an illness of about one month.

He was the son of Joseph Carroll Allison of Eastland. Born May 18, 1914 in Breckenridge, he was educated in the Eastland Public Schools and

was a star football player on the Eastland High School team. He had been employed with Douglas Aircraft Corporation of Long Beach, Calif. since 1941 and was a member of the First Baptist Church of Downey.

Funeral services were held at Rose Hills Memorial Chapel in Whittier, Calif. at 2:30 p. m. December 31 with interment in Rose Hills Memorial Park. Survivors include his wife, Dorris Van Geem Allison, a son, Charles Edward Allison, two daughters, Carole Ann Allison and Mrs. Laddie Hance, two granddaughters, Vicki Lynn and Kimberley Ann Hance, all of Downey, Calif.; his father and step-mother, Mr. and Mrs. Joseph Carroll Allison of Eastland; one brother, Joe Winston Allison of Pampa; four half-brothers, John L. Allison, Farmington, New Mexico; Nelson T. Allison of Odessa, Grady N. Allison, Baytown,

James C. Allison of Loving; and three half-sisters, Mrs. Bill Beatty of Robert Lee, Edith Allison of Abilene and Mrs. Weems S. Dykes, of Monahans.

## Large Variety Foods Listed On Plentiful Slate

Plenty of variety should be the keynote to meal planning for Texas homemakers during the first month of 1964. Meat, vegetables, fruit and nuts are included in the U. S. Department of Agriculture's January plentiful foods list, says the Texas Agricultural Extension Service. Featured among plentiful this cold-weather month are two versatile vegetables, can-

ned corn and potatoes. For the meat dish, beef and pork supplies are expected to be very large. Apples remain abundant, and pecans and peanuts once again are on the list.

Continued large marketings of cattle and hogs during December are expected to keep prices noticeably lower than last year. Live beef prices in late November were running about \$5 per hundred-weight below prices of a year ago and hog prices were about \$2 lower.

A record 283 million-pound pecan crop is holding market prices 10 to 15 cents per pound below those of last fall. Last year's crop was only one-fourth as large as the 1963 production. Although apple supplies are slightly less than a year ago, peanut crops exceed last year's output and the 1963 crop

is 15 percent above average. These abundant foods listed by USDA's Agricultural Marketing Service usually offer more economical and offer better selection for quality, reminds the Extension Service.

Dr. and Mrs. H. J. Bulgerin and family had as their guests during the Christmas holidays her parents, Mr. and Mrs. D. M. Davis of Houston.

Mr. and Mrs. Howell Sledge had as their Christmas guests, Mr. and Mrs. M. E. Gist and Greg and Mr. and Mrs. J. L. Gist, all of Abilene; Mr. and Mrs. J. L. King and Mrs. J. W. Sledge of Cisco; Mr. and Mrs. M. G. Morris and Terry of San Angelo; Mrs. M. a Mitchell and Neil Seabourne of Eastland.
