## Lake Leon Water Board Issues New Boat Rules

The Board of Directors of Eastland County Water Supply District announced that additional rules and regulations have been inserted in Section 3 of the ordinance passed by the Board of July 12, 1955, affecting Lake Leon boating and fishing. The new ordinance includes rules and regulations governing boats and devices on Lake Leon.

All boats or other craft placed, operated, or kept on Lake Leon as of Aug. 31, 1961, must be inspected by officers duly authorized to make such inspection.

First a boat or other craft to pass inspection must be seaworthy for use on the lake without danger to life or property. The owner or person requesting inspection of any boat or craft shall state upon inspection the horsepower of the motor to be used with the boat, any operation of which with any motor of a horsepower exceeding that approved constituting a violation of the ordinance. Also the inspector shall determine the maximum number of persons that may occupy the boat or craft at any one time, according to the manufacturer's recommendation with reference to the capacity, and shall indicate on the certification of inspection the number of persons authorized to use the boat or craft at any one time. If the boat or other craft carries no manufacturer's statement as to horsepower or as to number of persons that may safely occupy it, the inspector may request that the boat be launched upon the lake for tests.

Satisfactory identity of owner

and proof of ownership must be furnished before an inspection certificate may be issued. The inspector may, at his discretion, refuse to issue an inspection certificate if the owner of a boat or craft presented for inspection shall have been found guilty of three or more violations of any of the rules or regulations governing the recreational use of Lake Leon in the two years preceding the inspection.

Inspection certificates issued under this ordinance will expire on the next ensuing Aug. 31 at 12 o'clock midnight. The inspection fee is \$5.00 in advance for each inspection, except for commercial boats or craft, the fee for which is \$7.50 in advance. The boat or craft of an inspector must be inspected by some other authorized inspector.

The inspection certificate issued is to be kept on or about the boat or craft at all times while it is being operated on the lake.

This ordinance supersedes any ordinance or rules presently in effect, the changes to become effective Aug. 31, 1961.

A complete copy of this ordinance may be found on the inside pages of this newspaper today.

## Breckenridge Sets Americanism Day Monday, Aug. 28

Monday, Aug. 28, has been declared "Americanism Day" in Breckenridge, and people in this area are invited to the program to be given in the Breckenridge American Legion Hall Monday evening.

Two features will highlight the evening's activities, showing of the film "Operation Abolition" at 7:30 p.m. and a speech and commentary following with Dr. Robert Morris, president of the University of Dallas, as guest speaker. A former head of the Senate Inter-Security Council, Dr. Morris is a well-known authority on the advance of Communism and what we can do to counterattack. The program is designed to help the people learn the facts about the enemy we face, and the public is encouraged to attend.

"Operation Abolition" is a movie showing the student riots in San Francisco during the H.U.A.C. (House Un-American Activities Committee) meetings there last (Continued on page two)

**Carcass Steer  
Judging Fat Stock  
Show Feature**

For 66 years, blue-ribbon beef on the hoof has held the spotlight at Fort Worth's great Southwestern Exposition and Fat Stock Show.

Now, in 1962, visitors will get a chance for the first time to see prize-winning beef as it looks in the butcher's showcase—as it looks to the housewife shopping for a tender steak for Sunday dinner.

Four champion carcasses, winners in the first carcass steer judging contest ever conducted in the Southwest, will be displayed in a refrigerated case on the Fort Worth Stock Show grounds, President-Manager W. R. Watt has announced.

Half of each prize carcass will be displayed as wholesale cuts, giving housewife, husband and a breeder a chance to compare breed against breed where it really counts—as meat. One of the four breed champion carcasses (Hereford, Shorthorn, Angus and Red Angus) will be declared grand champion carcass.

"By introducing the carcass steer judging contest to the Southwest, we intend to put more clearly in focus the ultimate use of the fine beef animals shown in Fort Worth," said Southwestern Exposition livestock superintendent W. A. (Bill) King. "Meat, after all, is the end product."

Premium money totaling \$2,100 for the four carcass classes (\$525 each) and \$600 (\$150 each) in the on hoof classes will be offered. The grand champion beef carcass will be worth an additional \$50 to its owner, plus an award from the breed association.

Dates for the 1962 Fort Worth Stock Show are January 26 through February 4. Activity in the carcass steer judging department, supervised by Roy W. Snyder of the Texas A&M College system, will start a day earlier and continue on Jan. 26 and 29. Deadline for entries is Dec. 20.

Further information may be obtained by writing the Fort Worth Stock Show, P. O. Box 150, Fort Worth 1, Texas.

Barbecue lunch will be served at noon on Saturday.

tary Club that the local club was organized in 1921 with just three members showing up for the first meeting. By oil boom days, however, the membership had grown to over 50.

Three charter members still living in Eastland are Tom Fagg, Doc Caton, and Grady Pipkin.

Earl Bender, who hasn't missed a meeting since he joined, didn't become a member until several years after the charter was granted. Not one to jump blindly into things, Earl waited, Jim Horton speculates, to be sure the Rotary Club was not just a flash in the pan organization.

There seems to be some confusion about when Mr. and Mrs. Victor Cornelius will move into their new home. He says this week, and she says next.

Cornelius says maybe it would simplify things if they just go ahead and move at different times.

Moving should be quite an experience for the two who have lived at their present address at 310 East Main for the past 27 years. They have lived in the same block for 34 years.

Both are hoping that those many months of work on the house may have conditioned them to driving west on Main instead of east.

The Hill Crest home, which is certainly an attractive addition to Eastland, has a second floor sun deck which provides the Corneliuses with a 180 degree view of the countryside with Cisco visible to the west.

Of course, the couple may be a little crowded in their 18x25 foot bedroom.

## Miss Doris Bounds Honored at Gift Tea

Miss Doris Lynn Bounds, bride-elect of Charles Pylant, was honored Friday evening with a gift tea in the home of Mrs. Frank Sayre, 501 S. Hillcrest.

Hostesses with Mrs. Sayre were Misses Jerry Carter, T. E. Richardson, Victor Cornelius, James E. Wright, Murphy Slatton, R. H. Latham, H. O. Waldon, J. L. Owen, Iral Inzer, Lloyd Armstrong and Miss Sara Peel.

Guests were greeted by Mrs. Sayre and presented to the honoree, her mother, Mrs. Ione Bounds, Mr. Pylant's mother, Mrs. J. W. Shannon of Stephenville, and his sister, Miss Blanche Pylant also of Stephenville.

Mrs. Richardson presided at the registration table where 69 women signed the guest book.

Music for the party was provided by Miss Patricia Liles, pianist.

Refreshments were served from a table laid with an ecru Madras linen cloth and centered with an arrangement of red carnations in a footed vase of silver. White candles in silver holders lighted the table.

Miss Peel served guests white cake squares decorated with pink rosebuds, and Mrs. Wright ladeled the frosted raspberry punch.

Assisting with the serving were Misses Cornelius, Inzer, Latham and Slatton.

Mrs. Armstrong and Mrs. Waldon invited guests to see the many gifts displayed in the family room of the house. Mrs. Carter and Mrs. Owen bid guests farewell as they left the home.

Red rosebuds in a crystal vase decorated the registration table.

Other guests from Stephenville were Mrs. W. N. Brown, Mrs. Marceline Todd and daughter, Brenda, and Mrs. Barbara Pylant.

## Veterans and War Orphans Urged to Apply for Aid Now

Veterans planning to train under the Korean GI Bill this coming fall or children eligible for War Orphans Education were urged today by the Veterans Administration to get their applications in now, rather than wait until the last minute.

By filing an application now Stanley M. Cowan, acting manager of the VA Regional Office in Dallas, pointed out, all processing can be completed long before classes start.

The VA acting manager said that hundreds of young men and women between the ages of 18 and 23, and whose veteran-parent died of a wartime service-connected cause, will become eligible for War Orphans Education this fall. This includes up to 36 months of schooling with an allowance of \$110 a month for full-time schooling.

Also eligible are children of peacetime veterans whose death was caused by the actual performance of military duties or by extra-hazardous service, Cowan said.

The War Orphans bill primarily provides opportunities for college and university training, but training in a wide variety of schools

The specially designed machine, valued at \$20,000, was donated to the University's Department of Petroleum Engineering by Jersey Production Research Company, Tulsa-based research affiliate of Standard Oil Company (New Jersey) and Humble Oil & Refining Company. These and similar experiments are expected to lead to improved design of well drilling bits.

## Increased Draft Call Not to Interfere with Education

AUSTIN.—Students who plan to continue their studies in college or university and those planning to enter their freshman year should not let increased draft calls interfere with these educational plans.

That is the advice of Colonel Morris S. Schwartz, state Selective Service director, who heads the 137 Texas draft boards.

"Students will be considered for scholastic deferment and will, in all probability, be given the deferment if they are full-time students and are making passing grades," Colonel Schwartz said Wednesday.

The state Selective Service director is convinced that draft boards are "conscious of the need for a continuous supply of trained and educated people in the state and nation."

Colonel Schwartz said that "knowledge is the basic of strength" in our armed forces, on our farms, and in our laboratories, factories, and professions.

"Mirabeau B. Lamar put it better than I ever could," he stated. "When the father of education in Texas said, 'The cultivated mind is the guardian genius of democracy,' he uttered something for posterity."

The state Selective Service director pointed out that, under present policy, no one is drafted under age 22. He said he did not expect increased draft call to alter this policy, at least for the foreseeable future.

"Under this policy alone," he said, "some young men will have a good opportunity to complete work toward some bachelor's-level degrees before being considered for an induction call."

He counseled students to seek deferments from their local boards when these deferments are needed for the students to complete their college or university work.

Texas draft boards currently have more than 8,000 college students deferred on the basis of educational deferments in the state's consolidated military manpower pool.

Some college students also get deferments for their activity as students taking military training. This activity includes ROTC and other officer - training programs and enlistment in the National Guard and reserve organizations of the armed forces.

Currently there are almost 44-

000 draft-registered men classified by the state draft boards as being reservists or students taking military training.

Colonel Schwartz urged young men, both in and out of college, to seek information and understanding from their draft boards.

"After all is said and done," he concluded, "no one is better prepared to advise draft-age men than the draft boards."

## U. S. Treasury Department Has New Tax Forms

The Internal Revenue Service has new and revised tax forms available for filing Highway Use Tax and floor stock returns for this fiscal year, according to A. E. Fogle Jr., Administrative Officer of the Abilene Internal Revenue Service office.

Fogle pointed out that new tax Forms 3174 for tire dealers and others to pay floor stock tax have been mailed to a large number of the dealers. Other taxpayers can obtain Form 3174 from any Internal Revenue Service office. This return, paying the tax on floor stock on hand on July 1, is due by October 15, 1961.

He also pointed out that revised Forms 2290 for truck owners to use in paying the increased Highway Use Tax imposed July 1 for trucks weighing more than 26,000 pounds have also been mailed to last year's taxpayers. The new Forms 2290 are available at Internal Revenue Service offices and the Highway Use Tax return must be filed by Aug. 31 but the tax can be paid in installments. Any taxpayers who did not receive a revised Form 2290 or who buys a truck after July 1 should obtain the form from Internal Revenue Service.

## Thirty Traffic Deaths in Texas Predicted for Holiday Weekend

AUSTIN — Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, today announced the official prediction that 30 persons in Texas will be killed in traffic accidents during the Labor Day Weekend.

In making the prediction, Garrison warned motorists that records show this three-day period to be one of the most dangerous times of the year on the highways.

The Highest Labor Day holiday toll since World War II was in 1951 when 46 persons were in 33 accidents. The lowest was in 1949—23 killed in 19 accidents. Figures prove most fatal accidents are caused by traffic law violations.

The DPS, in an effort to focus public attention on the hazards of holiday traffic and to compile data which will be helpful in improving the state's traffic management program, will conduct "Operation Motorcade," from 12:01 A. M. Saturday, September 2 through 11:59 P. M. Monday, September 4.

During the 72-hour period, the safety agency will tabulate all traffic deaths in the state and issue bulletins at 10:00 A. M., 3:00 P. M. and 9:00 P. M. each day.

"Driving is always a full-time job, and driver concentration and alertness are especially essential during holiday periods because crowded highways increase driving hazards," Garrison said.

"An all-out effort will be made by DPS enforcement personnel to remove traffic violators from the highways. The Texas Highway Patrol force will be augmented by some 150 patrolmen from the other uniformed services of the Department of Public Safety. All available radar units will be in operation.

"But law enforcement officers can do only so much. Texas highways will be as safe as Texas drivers want them to be. And what they want will be reflected in the way they drive."

"This Labor Day weekend we are asking each driver to cooper-

ate in making Texas highways safe by obeying the traffic laws and by staying alert while driving."

Garrison suggested several ways drivers can cut down the holiday traffic death toll:

- (1) Allow sufficient time for travel.
- (2) Obey the traffic laws: they are designed to facilitate smooth traffic flow and to save lives.
- (3) Anticipate dangerous situations. Don't depend on another driver to prevent an accident—be prepared to do it yourself.
- (4) Stay alert, anything that impairs your driving skill or distracts your attention while driving might prove fatal.
