Volume No. 105 Eight Pages One Section Thursday, August 22, 1974 Number 67

## Gorman Peanut Company Announces New Plant At Comyn

Gorman Peanut Company, long-time sheller of peanuts in the Southwest, has announced construction of a completely new, ultra-modern peanut shelling plant at Comyn, Texas. The location is on a 276 acre tract of land midway between DeLeon and Dublin, Texas, one mile south of Texas Highway 6 on Texas FM Road 1496.

Gorman Peanut Company was organized in 1940 by two brothers, M.E. and W.T. Shell, and their father, O.T. Shell. In 1946 O.T. Shell retired from the business and sold his interest to the brothers. A small shelling plant was built in Gorman, Texas, and was enlarged at various times until it reached a capacity of 400 tons per day at the time Gorman Peanut Company sold the plant in 1973.

As sole owners and operators of the company until 1965, at which time Gorman Peanut Company entered into a partnership, M.E. and W.T. Shell, both life-long Texans, introduced in the Southwest many innovations in their Gorman shelling plant which are now commonplace in the peanut shelling industry. Some of these firsts are:

In 1948 installed the first peanut dryer.

In 1951 installed electric sorting machines, which remove damaged kernels, foreign materials and blanched peanuts from shelled peanuts much more efficiently than hand picking.

In 1955 constructed the first refrigerated warehouse for storage of shelled peanuts to be owned by a shelling plant.

In 1957 installed the first hydraulic truck lift at a shelling plant which raised the entire truck-trailer for rapid unloading of farmers stock peanuts.

In 1958 installed the first bulk peanut dryers, marking the beginning of the change in harvesting methods from bagging at the time of combining to loading peanuts in bulk trucks and trailers. Thus, farmers were relieved of the labor and other costs of bagging peanuts. Additional dryers were added in 1960, 1961, and 1963.

In 1959 constructed a farmers stock cleaner and an automatic spout type sampler to provide automatic mechanical sampling of farmers stock peanuts. Because of demand from the peanut industry, Gorman Peanut Company built and sold automatic samplers to most of the shellers and handlers in the Southwest.

In 1960 became the first sheller to ship bulk peanuts in covered hopper cars.

The new plant at Comyn is scheduled for completion in September 1974. These facilities include storage for over 35,000 tons of farmers stock peanuts, dryers with over 500 tons daily capacity, three dump pits for unloading farmers stock, a farmers stock cleaner and pneumatic peanut samplers. The truck dumps are designed to rapidly move a large volume of peanuts, thus enabling farmers to be unloaded quickly. The plant has over one mile of company-owned railroad track siding and is served by the Texas Central Railroad.

The samplers will be located on tracks over the dryers, enabling the sampling of peanuts in the dryers before they are moved and weighed. Peanuts will be handled with inclined belt conveyors, thus avoiding the excessive breakage of peanuts which occurs in the bucket-type elevators. These conveyors are self-cleaning after each load, eliminating the danger of mixing peanuts.

Gorman Peanut Company is providing a market in numerous locations in the Southwest for ALL Segregation 1 peanuts, both Spanish and Flo-runner, as well as Segregation 2 and Segregation 3. Keith Whitt, of Gorman, Texas, is Director of Farmers Stock Purchases and Seed Sales. He has over 26 years experience in this work, of which over 25 years has been

with Gorman Peanut Company or with its partnership.

Gorman Peanut Company has had over 30 years experience in shelling seed peanuts. Registered and Certified seed peanuts are grown under contract by carefully selected growers, and the quality is rigidly controlled from the field until the seed are treated and bagged for shipment to the peanut grower. Seed will be germinated three times, and only those seed reflecting high germinations will be sold for seed.

Gorman Peanut Company is proud to announce that the Pioneer Coop with Franklin Cox as manager, will purchase Farmer Stock Peanuts for Gorman Peanut Company this year.

### EHS To Pass Judgement On Fight Song

The student body and faculty at Eastland High School and the Eastland Maverick Band will pass final judgment on the proposed new school fight song.

With the opening of school term Monday, things have been pretty busy, and there hasn't been a lot of time yet to properly evaluate the song, it is reported.

The School Fight Song was submitted by 1937 EHS Graduate Collen Gray (Tex) Satterwhite of Studio City, Calif., and represents the first such fight song for the school. Mr. Satterwhite was a member of the 1937 Maverick Band which introduced the present school song, "Hail Eastland High School".

Band Director Bobby Bingham is presently studying the music for the fight song, and will make recommendations regarding it.

Supt. Ray Pruitt said that the administration and the board appreciates the nice gesture of offering the fight song and recognizes the tremendous talent and effort which went into its creation. Parts for all instruments accompanied the song.

If found acceptable, the song will be presented by the band to the student body and faculty for their consideration with recommendation for formal adoption to come later.

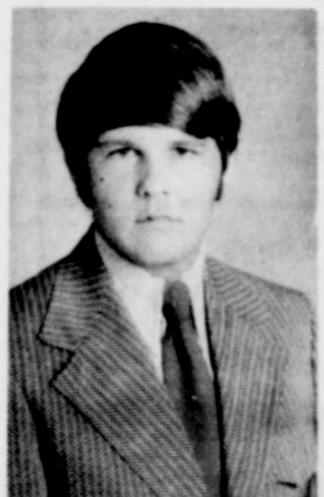

### Round-Up

The Eastland Quarterback Club has announced plans for a gigantic Quarterback Auction Roundup.

On Saturday, Aug. 24, Quarterback Club members will man the microphones of KERC Radio from 8 a.m. until sign off gathering donations from the citizens of Eastland and area for the Club's auction sale Sept. 7.

James T. Wright will be master of ceremonies for the auction roundup. And James says, "Folks be sure to tune to KERC Saturday for a lot of fun. You'll hear Quarterback club members singing, playing instruments and in general, having a good time, while they ask you for donations to the auction sale."

A crew will be on hand to come and pick up items you have to donate to the auction.

MICHAEL W. PARSONS

### Parsons Is Honored

Baylor University has recognized 687 students for academic achievement by naming them to the University Provost's Academic Honor List and the University Provost's Distinguished Academic Honor List.

Honored from Eastland is Michael W. Parsons, sophomore, with an average of 4.00 in political science. He is the son of Mr. and Mrs. Henry Parsons, Route 1, Eastland. He graduated from Eastland High School in 1972.

Dr. Herbert H. Reynolds, Baylor executive vice president and provost, announced the names of those Baylor students who distinguished themselves academically during the 1974 spring semester.

Reynolds said 319 students were named to the University Provost's Academic Honor List and 368 to the University Provost's Distinguished Academic Honor List. 176 earned a 4.00 or straight A average.

The grading system at Baylor is on a four-point scale, whereby four points per hour credit are given for an A, three for a B, two for a C and one for a D.

Grade point averages are derived by dividing the total number of points earned by the number of hours taken.

To be named to the University Provost's Academic Honor List, one must be an undergraduate or post graduate student who has earned a grade point of 3.6 to 3.79, while taking 15 credit hours during the semester.

Those named to the University Provost's Distinguished Academic Honor List are undergraduate or post graduate students with a grade point average of 3.80 to 4.00 for 15 semester hours.

Mr. and Mrs. Hudson Collin of Stephenville visited Mrs. Arabel Cohn Sunday.

Mrs. Cora Bell Cathey of Dublin spent the weekend with Miss Lucille Farr.

Mrs. Judy Young and children of San Angelo spent Friday night with her aunt Mrs. Cleo Greenwood.

**EULLEN MOTOR CO.**  
Laugh A Day

I wouldn't say that Harry is traveling cheap this summer, but the airline only charges for the flight if the plane actually lands.

**PEANUT QUEEN** - Pam Tate, 18, daughter of Mr. and Mrs. John D. Tate of Stephenville was named State Peanut Queen at the 6th annual Texas State Peanut Queen pageant Saturday night in Eastland. For her talent, she gave a saxophone solo, "On a Clear Day". The five foot tall blue-eyed brunette who will receive a \$500 college scholarship will enter Tarleton University this fall. The contest was sponsored by the Texas Peanut Producers Board in Cooperation with the Eastland Jaycees.

**TIDBITS**  
By HVO

GOOD PEOPLE make Eastland a great place to live!

MORE AND more we're seeing our area with all its natural resources being looked at and sampled as the ideal place to locate, or at least get away to when time permits. Friends in the Fort Worth Dallas metroplex find it ideal for the family retreats. Just about everything is available to make the visiting and living great. Perhaps a number could band together to spear head an effort to get the word out further that Lake Leon, golf course and all the other treats are pleasures that are becoming harder and harder to find.

THE REV. Bob Marsh, pastor of the First Presbyterian Church, is still seeking data and pictures if possible on Eastland Churches for advanced college work. If you've got same, you might give him a call... Another note from Brother Bob says Father John Mitchell, local area priest, will be speaker Sept. 12 for the Cisco Rotary Club, and will probably talk on his recent trip to Peru where he had previously served as a missionary for 17 years.

COUNTY SHERIFF and Mrs. L. E. Sublett are doing a worthwhile project in collecting data and hopefully photos of all of Eastland County sheriffs, to be displayed permanently in the sheriff's office. They have put together a list, which is a treasure in itself, and if you can furnish data and/or photos please call the office or the Subletts. Here's the list:

- H.L. Schrick - 1875, A.J. Stuart - 1880, G.W. Shannon - 1881, J.K. Schrick - 1882, Sam Finley - 1892, Joe Whitesides - 1896, J.L. Nobles - 1898, G.E. Bedford - 1902, E.P. Kilburn - 1908, J.R. Skinner - 1912, L.E. Lawrence - 1916.
- Sam Nolles - 1920, J.D. Barton - 1922, R.W. Edwards - 1924, John Hart - 1926, Virge Foster - 1928, Loss Woods - 1936, John Hart - 1942, J.B. Williams - 1946, Frank Tucker - 1950, Lee Horn - 1960, L.E. Sublett - 1964.

### Andy Griffith Stars

One of TV's most famous modern-day sheriffs having completed a highly successful eight years in a program named for him, Andy Griffith comes to the big screen in a hilarious comedy in Technicolor, Universal's "Angel in My Pocket". The fun-fest will show Monday, Aug. 26, at 7:32 and 9:34 p.m. at the Majestic Theatre. Co-starring are Jerry Van Dyke, in a change of pace role; Kay Medford, Henry Jones, Lee Meriwether, Edgar Buchanan and Gary Collins. It's the third and last Film Festival offering to benefit the Women's Clubs.

### UNION WORSHIP SERVICE AT LAKE LEON THIS SUNDAY

This Sunday, August 25th, the congregation of the First Presbyterian Church will be host to the congregations of the First Christian Church and First United Methodist church at the Lake Leon home of Victor Cornelius. The occasion will begin at 6:00 p.m. with a covered dish meal. Every family is invited to bring their food and card tables (if available). The evening worship service will follow the meal and the setting will be with beautiful Lake Leon in the background. The Rev. Mr. Robert W. Marsh will give the message for the evening while the Reverends Mr. Church and Mr. Marney assist in the worship. Visitors are welcome to come and participate.

Partly Cloudy With Slight Chance of Thunderstorms - Thursday, High Thursday in the Low 90's.

### Mavericks Face Rotan In Scrimmage Friday

The Rotan Yellowhammers will visit Eastland Friday evening to test the 1974 Mavericks, in a scrimmage to be held at Maverick Stadium, beginning at 7 p.m., head coach Doug Dallas has announced.

There's no admission charge, but team previewers are invited and urged to bring either a towel or a bar of soap, or both, to be tossed into a waiting barrel, for use by the team during the season.

It'll be the first outside testing for the Mavericks and the Rotan squad always brings a heavy bunch in.

Second scrimmage will be here on Aug. 30, when Winters comes to town for a test duel. Soap and towels will also be collected at that scrimmage, and the team generally secures enough such for two years, or at least until the next scrimmages here two years hence, Coach Dallas said.

First regular season game for the Mavericks will be Friday, Sept. 6, in Dublin with the Lions.

Coach Dallas reports a good turnout of some 50 gridders this year, with bright hopes seen for the season.

### Judge Bailey To Speak At Monthly Meet

County Judge Scott Bailey will be the principal speaker and will give a status report on the program to develop the high frequency law enforcement radio system in the county for the monthly meeting of the Eastland County Law Enforcement Association meeting Friday, August 23, at noon at the Ramada Inn.

All lawmen are urged to attend and guests are invited, according to Police Chief John Morren of Eastland.

Miss Betty Greer of Dallas visited the home of Mr. and Mrs. J.T. Wilson last week.

Mr. and Mrs. T.G. Jackson of Bartlesville, Okla., visited the Max Jacksons and Rayneal Bazes during the weekend.

### Honored By Cisco Art Club

Mrs. Lavern Allgood

Mrs. Glenn Liles

Laverne Allgood and Mrs. Glenn Liles have been selected artists of the month by the Exhibition Committee of the Cisco Art Club.

Mrs. Allgood was born in Mangum, Oklahoma. She has lived in Texas for 40 years, and in Eastland County since 1939. She is married and has two sons and a daughter.

She has studied art with such art teachers as JoAnn Hubbard, Mrs. Urban Brush, Maru Hodsett and Robert Miller. She has done pencil drawing since childhood, and pen and ink drawing. She has been working with art while raising her family. Above five years ago she started serious training. She has entered art shows at Breckenridge, Stephenville, Cisco and Eastland. She won two ribbons under amateur three years ago. Mrs. Allgood received third place and money award at Eastland.

Mrs. Allgood is a member of the Cisco Art Club and the Eastland County Art Club. Her early work consisted most of watercolor, which was

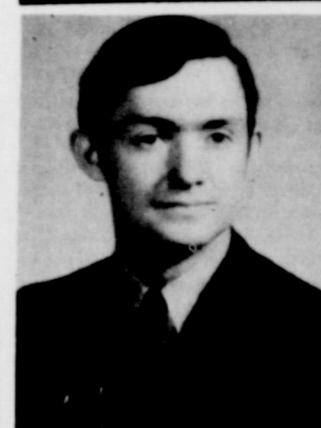

very shy of color, thinking only of ochre and shades of brown. The best cure of this ailment is the palette knife, she said, and you become very bold with color and texture. It has to be her favorite way of painting. Her first efforts were realistic, but with time and knowledge she finds her work becoming more abstract. She uses acrylics besides watercolor and oil and sometimes mixes them.

Mrs. Liles is married to Artie Liles of Eastland and they have one daughter. She is a native of Eastland.

She has had art training under Sybil Urban, JoAnn Hubbard and Mary Hodsett. She started painting about seven years ago. She paints as a hobby. She has won several ribbons. Mrs. Liles is a member of the Cisco Art Club, Ranger and Eastland Art Clubs. Her paintings are hanging at the Chamber of Commerce office in Cisco. She tries to paint what she feels, sees and likes. She paints in oil with either brush or palette.

### Special Notice

**FISH KILL AT RINGLING LAKE** - The Parks and Wildlife Commission will conduct a total fish kill at Eastland's Ringling Lake Saturday, Aug. 24, beginning at 7 a.m. Chemicals will be placed in the lake at that time, and the public will be admitted to the area at 8 a.m., it has been announced. A total kill is being attempted and the lake will be restocked with bass and sun perch. The lake is located north of Eastland, and can be reached by going north on N. Seaman, and turning left (west) on Ringling Road.

Dean McDonald

Dean McDonald received his Bachelor of Arts degree in psychology at Howard Payne Friday, August 16.

Dean is now employed as a counselor at the Gatesville Boys School.

Dean is an Eastland graduate and the son of Mr. and Mrs. Odis McDonald of Eastland.

Eugene Pawley of Graham staked two Eastland County wildcat locations six miles northwest of Eastland.

Both are slated for 4,500 feet. No. 1 Davis is located on a 113 acre lease. It spots 1,000 feet from the north and east lines of Section 54, Block 4, H&TC Survey.

Site for No. 1 Kleiner Estate is 650 feet from the north and 2,300 feet from the west lines of Section 54.

### Schools Enroll 834

Enrollment is stable and the Eastland Public Schools are off to a good year, judging from reports from the three schools here.

Supt. Ray Pruitt reports a total of 834 students, comparable in number to the total at the end of the last term.

It breaks down into 434 in the Elementary School; 147 in Junior High School; and 253 in High School.

There's 30 in Kindergarten; 71 in the First Grade; 50 in the Second; 72 in the Third; 64 in the Fourth; 73 in Fifth and 74 in the Sixth.

At the Junior High, there are 66 in the Seventh Grade and 81 in the Eighth Grade.

On High School Hill, there are 94 Ninth Graders; 70 Tenth Graders; 44 Eleventh Graders; and 45 Twelfth Graders.

### To Speak

The Rev. Roger D. Sidener, pastor of the First Presbyterian Church of Teaneck, N.J., will be visiting speaker at the morning worship service Sunday at First Presbyterian Church, Eastland, the pastor, the Rev. Robert Marsh has announced.

Theme for the sermon will be "Our Conservative-Liberal-Lord" with a text taken from Matthew 5:17.

Members and visitors are welcome.

Watkins of Desdemona; Fred Louis Keith, Industrial Education, Eastland; and Roland William Stroebel of Cisco, Math.

## STATE CAPITAL

# Highlights AND Sidelights

by Lyndell Williams  
TEXAS PRESS ASSOCIATION

**AUSTIN** — Investigations of the Huntsville prison siege and shootout and of right to privacy issues moved into the spotlight this week.

A joint legislative committee on prison reform slated a Friday (August 23) meeting to discuss the Huntsville tragedy.

The prison violence, which followed convict Fred Gomez Carrasco's seizure of 13 hostages, is also being probed by the Department of Public Safety and a Walker County grand jury.

Meanwhile, a select senate sub-committee is moving out with a broad study of invasion of privacy issues. Public hearings will follow initial staff inquiries into alleged improper surveillance by state agencies and non-governmental groups as well.

The sub-committee was appointed after Robert Pomeroy of Farmers Branch complained he was made the subject of a DPS intelligence agent's inquiry because he led opposition to a nuclear power plant at Glen Rose.

Many other rumors followed — including one that DPS had made checks on staff aides and some members of the joint committee on prison reform, and another that the agency had investigated job applications for private businesses.

DPS denied improper use of its investigation procedures and said its intelligence information is available only to local, state and federal law enforcement personnel.

Gov. Dolph Briscoe asked for a full report on why and how DPS conducts intelligence investigations and assurances that practices comply with state and federal law.

**ALLOWABLE STANDS** — The Texas oil production allowable was retained at 100 per cent of potential for the 30th straight month.

Railroad Commission Chairman Jim Langdon said all states must "maximize" efforts to solve energy needs.

"Texas is continuing to strain to do its best for the state and the nation to meet the demands for energy," said Langdon. "We need the total cooperation of the entire nation to meet goals."

The commission chairman suggested states which have oil offshore should drill for it and those which can build offshore facilities to handle supertankers should be willing to do so.

**CONVENTION ON** — A U. S. district judge in San An-

tonio rejected a suit by Jewish delegates to delay the State Democratic Convention here September 17.

The long-standing controversy over postponing the convention arose from the fact the meeting date falls this year on a high Jewish holy day, Rosh Hashana.

Judge Adrian A. Spears said he saw no violation of constitutional rights in refusal of the State Democratic Executive Committee to alter the date.

Plaintiffs, however, moved to continue their fight with an appeal to the Circuit Court of Appeals in New Orleans.

Convention planning, meanwhile, moved on.

**AUDIT ORDERED** — Texas Water Rights Commission ordered Duval County Conservation and Reclamation District to prepare an audit of its affairs through a certified public accountant.

Chairman Joe D. Carter said federal court cases had raised questions of propriety of fund use. The district was directed to submit the name of a qualified CPA by September 15.

**AG OPINIONS** — Texas has no more enforceable laws regulating abortion, but may regulate facilities and services in hospitals performing abortions, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

- Physicians do not have to be physically present at all times to supervise employees performing physical therapy services without a license from the board of physical therapy examiners.

- Information on Menard school employees' salaries is public and is covered by the open records act.

**CONTROLS FEARED** — Air control officials are concerned that federal land use planning controls may be applied based on air quality considerations.

They think Environmental Protection Agency permits for highway modification, airports and parking lots may have a major effect on economic growth and development of Texas.

The new regulation, effective January 1, launches a permit system with applications requiring information on indirect air pollution effect of proposed facilities.

Charles Barden, executive director of Texas Air Control

Board, said the state cannot enforce federal regulations without parallel state authority.

**DISTRICT HEARING SET** — Texas Water Rights Commission will hold a public hearing October 2 here to consider dissolving 29 inactive water districts.

The commission can dissolve any district which is not active for five consecutive years and which has no bond debt.

Districts involved in the hearing reach from East Texas to the Texas Panhandle and from South Texas and the Gulf Coast to the northern boundary of the state.

**CROPS DAMAGED** — Drought already has taken a heavy toll on Texas' 1974 wheat, cotton and sorghum crops, Agriculture Commissioner John C. White reported last week.

Wheat yields have been on the decline since January — to the present total of 52.8 million bushels, a 45.8 million bushel dropoff from the 1973 record yield.

Cotton production is off 1.6 million bales from 1973, and the grain sorghum production is projected at 295 million bushels, a 122 million bushel decrease from 1973.

**ENERGY CRISIS DOUBTED** — A Houston and Colorado County survey by the governor's energy advisory council showed Texans think the energy crisis of recent months was phony.

The questionnaires indicated citizens doubt truth of information from both the government and oil companies on energy supplies and judge the situation largely on availability of oil and gas products.

**SHORT SNORTS** — Exxon spokesmen claimed Houston Ship Channel pollution rules are unfair.

Dr. L. Harlan Fort of

## Burleson Reports On Disaster Program

WASHINGTON\* D.C.—Congressman Omar Burleson recently reported on the meeting held in Washington involving three West Texas Congressmen, several farmers from West Texas and officials of the Department of Agriculture. Because of the great amount of difficulty being experienced by those in disaster areas because of crop losses due to weather conditions, the specific problems were discussed in efforts to reach some better understanding. Congressman Burleson, Congressman George Mahon and Congressman Bob Poage, Chairman of the House of Agriculture Committee, were on hand to discuss the difficulties farmers are having with the disaster program which have mainly been due to the fact this is the first year the program has been used under the new Farm Bill.

One direct result of this exchange of ideas has been the Georgetown is new Texas Education Agency deputy commissioner for educational programs and personnel development.

August 31 is the deadline for cotton stalk destruction under the pink bollworm control act for Cameron County and lower portions of Willacy, Hidalgo and Starr Counties.

Nineteen applications for permits to sell \$6.7 million worth of securities in Texas were filed with State Securities Board during the last two weeks.

Texas Parks and Wildlife Commission approved regulatory plan for fishing in Corpus Christi and Nueces Bays, including an off-limits weekend ban.

computation where a substitution of crop is involved.

Agriculture officials, consisting of Under Secretary J. Phil Campbell, ASCS Assistant Deputy Administrator Programs Victor Senechal, ASCS Associate Director Glenn Weir, and George Melvin with ASCS Programs, also advised that there would be a change made in the sign-up or certification date from July 15 to September 1 to sign up for cotton, as to how

much cotton had been planted. With regard to grains, farmers can now wait to certify until they come in for a payment. In other words when they apply for disaster payment, that is equivalent to certification. Also, a procedure was approved to allow farmers to have their crops reappraised. The Department has waived a requirement which disallowed reappraisal.

Congressman Burleson indicated it was of real benefit to have those farmers from West Texas make the effort to come to Washington to discuss first hand the specific problems being encountered in the program and commended them.

# Stephenville Princess Wins State Peanut Queen Title In Eastland

Erath County's contestant, Miss Pam Tate of Stephenville, was selected to carry the title of Texas State Peanut Queen in pageant festivities in Eastland Saturday night during the sixth annual Texas State Peanut Queen Pageant.

Miss Tate succeeds George Ann Bettis of Gorman, 1973 State Queen.

First runner-up was Charm Pennington of Grapeland, representing Houston County, Eastland County's Peanut Princess, Shirley Ford, daughter of George Ford and Mrs. Myrtle Ford, was second runner-up.

Janet Willman of Mason was named "Miss Congeniality" of the pageant activities. She represented Mason County. The winner of this award was selected by the Peanut Princesses in the pageant.

The contestants were judged in evening gown competition, their answers to questions regarding the peanut industry, in talent competition, and in swim suit competition.

Miss Tate is the daughter of Mr. and Mrs. John D. Tate of Stephenville. For her talent demonstration, she played an

alto saxophone solo, "On A Clear Day". She was accompanied on the organ by Dora Nell Finch of Abilene.

Mrs. Finch, organist with the Conn Organ Studios of Abilene, was producer of this year's pageant, having played for and worked with the annual affair for a number of years. She and one of her students, Craig Shewmake of Abilene, delighted the audience with organ entertainment throughout the evening on a new electronic Conn Theater Organ, with one of the keyboards of the instrument featuring an electronic synthesizer.

Dora Nell has been playing professionally since the age of 13, having played for many programs such as the Peanut Queen Pageant, supper clubs, and TV and radio programs. This was her seventh year to play for the Peanut Queen Pageant in Eastland.

She introduced the master of ceremonies for the evening, Ken Claunch, also of Abilene, who is manager of the Conn Studios. He and the princesses opened the program with this year's pageant theme song, "If They Could See Me Now".

Talent entries in the pageant were varied, including piano solos, a saxophone solo, a dance routine, a vocal solo, a twirling variety act, a patriotic speech, and prose reading. Miss Ford, Eastland County's contestant, sang a solo, accompanied on the guitar by Larry Barnes of Eastland.

Miss Bettis presented individual trophies to each of the contestants. Mel Herweck, president of the Eastland Jaycees, pageant sponsors, presented trophies to the first and second runners-up, and Wayne Eaves of Gorman, executive secretary of the State Peanut Board, crowned Miss Tate the 1974 queen. State Representative Joe Hanna of Breckenridge presented roses to the new queen, followed by her walk out the decorated runway as the 1974 State Peanut Queen.

A reception for friends and relatives of the contestants, and honoring Miss Tate, was held after the pageant at the Eastland Elementary School, where the pageant took place.

Director of the pageant, working with Mrs. Finch, was Mel Herweck, president of the Eastland Jaycees. Bunny Corbin was pageant coordinator. Judges for the evening were Linda Lewis of Dallas, a certified judge for the Miss Texas pageant preliminaries; Carolyn Haynes of Fort Worth, a secretary with the Miss Texas Pageant; Gary Jordon of Fort Worth, manager of the Miss Texas Pageant; Larry Hall of Fort Worth, president of the pageant; and B. Don Magness, chairman of the board.

An estimated crowd of 250 persons attended the pageant.

United States Fidelity & Guaranty Company and First Bank and Trust Company of Richardson v. Ernest Duane Smith. Appellants' motion for Rehearing--Dallas.

Robert A. Byrd, Jr., et al v. B.H. Buchanan. Appellee's Motion for Rehearing--Dallas.

### American Heart Association Has Memorial Fund

The American Heart Association, Eastland County Division, has a memorial fund to which families and friends of victims of cardiovascular diseases may contribute. Contributions made in memory of a friend or loved one are acknowledged by the Association and a memorial card is sent to the family stating that a memorial has been received and giving the name of the donor. These contributions may be in any amount. More deaths result from heart diseases than all other causes combined, but gains in heart research have been significant in recent years. Rheumatic fever is yielding to drug therapy and advanced surgery techniques are enabling patients to live normal, healthy lives. Some of the most dramatic developments have been made in research centers in Texas.

Memorial funds are received throughout the year and added to the Association's Annual Heart Fund receipts.

Memorial funds should be sent to the American Heart Association, Eastland County Division, Mrs. Inez Harrell Bordeaux, Eastland National Bank, Eastland, Texas 76448.

### Commissioners Introduce New Fireman-Jerry Brown

Eastland City Commissioners handled routine business during a short monthly session Monday evening and were introduced to new Eastland Fireman Jerry Brown, on duty. With Mayor W.Q. Verner presiding and all commissioners

except Dale Bakker who is on vacation, present, the commission adopted a motion setting forth requirements for professional supervision on all developments in the city, in excess of \$2,500.

This action was approved in an effort to properly coordinate work so that home owners and all will get satisfactory workmanship, thereby reducing later costs and problems.

The Commission also agreed to go along with the assessments set by the board of equalization in recent tax action.

Passed on second reading was an ordinance granted Lone Star Gas Co., to raise their franchise tax from two to three percent. Their company policy requires a two-reading on the matter.

All utilities except Southwestern Bell Telephone Co. agreed to the increase from two to three percent to be paid to the city for street and alley uses of equipment.

Southwestern Bell said in a letter that the ordinance (No. 406) stated two percent and that they couldn't increase their franchise tax payment until the expiration of that ordinance.

The commission voted to amend Ordinance No. 406 to read three percent rather than two percent.

City Manager Lewis Tiner reported that State Parks and Recreation Personnel had requested that the public be kept from Ringling Lake until 8 a.m. Saturday, Aug. 24, when the agency will put chemicals into

### Rep Hanna Speaks To Rotary

Most of the good articles of the aborted new state constitution probably will be showing up later on referendum general ballots in the future, State Rep. Joe Hann of Breckenridge told members of the Eastland Rotary Club here last week.

A lot of good work went into drafting the new constitution, he said, and some good will surely eventually come from the effort even though sufficient support couldn't be mustered for passage.

"The final package was good", Rep. Hanna explained, telling that it contained the controversial right-to-work - protection, gambling protection, and provisions for the continued exclusion of sales tax on feed, seed and equipment, as well as a maximum eight percent sales tax ceiling.

Kenneth Reese was program

the lake to kill all fish at 7 a.m. An attempt for a total kill is being made and the lake north of Eastland will be restocked with bass and sun perch, he said.

Commissioner Bill Hoffmann reported that he is working with the Volunteer Fire Department in a program to assist with an area meeting to be held here soon. The City will assist the Volunteers in staging the event.

The new fireman Brown is a seven year certified veteran of the Breckenridge Fire Department and comes to Eastland highly recommended.

### Garrett Speaks To Lions

"God does have an active role in the affairs of men and nations", Carl Garrett told Lions in Eastland this week, "and the reason our nation is now facing the crisis it faces is because we as a nation have strayed away from the teachings of God."

"The disasters that we now face show God's disfavor with our present life style", Mr. Garrett said. He is a longtime teacher of the Men's Fellowship Bible Class here.

Ancient and recent history

against adoption included bad timing, he said, with such things as Watergate, the drought and inflation much on the minds of all.

"We wrestled with wordage", he said, "and the 'must, shall, will, may' phrases always brought debate.

Commenting on the \$3 million plus cost of the experience, Rep. Hanna said he just didn't know how you can put a price tag on a good constitution.

vidly prove that this happens to nations and to individuals when they fail to live by God's rules, he said. This nation is approaching its 200th birthday, and it is high time that its people turned back to God. Our President has shown willingness to join and lead the people in this direction, Mr. Garrett said.

The speaker asked that God bless President Gerald Ford as he recalled how the new President tearfully re-dedicated himself to God in a worship service the first Sunday after he took the oath as President. Regardless of our political convictions we need to pray for this man and join him in a return to God.

This nation was founded on a belief in God and our precious documents reflect this belief, but now with our some 200 million people divided in so many ways--politically, economically, racially and socially--it points up to the fact that God does take an active part in the affairs of men and nations. Today we are plagued with crisis on every hand: rampant 12 percent inflation, unparalleled crime rates, low stock markets, with strikes and struggles on every hand. "It seems that old-fashioned values are gone as we see people

joining satanic orders and witches groups", Mr. Garrett said.

President Otis Coleman presided and guests included Leonard Todd of Odessa and formerly of Eastland, and W.J. Stone of Eastland. De Gordon will have the program next week.

Mr. and Mrs. Bob Brown, Mark and Michele visited his grandmother, Mrs. Callie Vaughn of Carbon on Sunday.

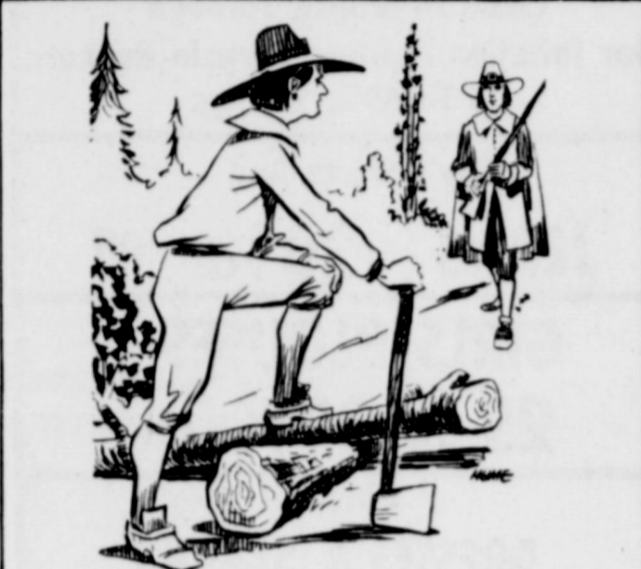

Mrs. Bryan Hayes, Carrie and Travis visited her grandparents Mr. and Mrs. J.B. Eric of Plano, Mr. and Mrs. Rankin Bradshaw of McCamey, last two weeks.

Visiting Mrs. Ada Wright during the weekend were Mr. and Mrs. Bill Kurtin and children of San Antonio, Mr. and Mrs. Charles Wright and Eric of Plano, Mr. and Mrs. Rankin Bradshaw of McCamey.

Mrs. Lucille Furr has returned from a visit with relatives in Magnolia, Ark., Friday.

Mr. and Mrs. J.B. Morton and James visited Mr. and Mrs. R.E. Johnson of Arlington and saw the Rangers play ball during the weekend.

# Penny's Celebration Begins Thursday

A public "coffee-and-cake" party at 9:30 a.m. Thursday, Aug. 22, will kick off a huge 50th anniversary celebration at the J.C. Penny Company store in Cisco, according to an announcement by Manager Joe Storrs. Everyone has been invited to the party.

Large ads in the Cisco Daily Press during the last two weeks of August, 1924, proclaimed that a new business was opening and planned to be here for quite awhile. That business was the Penny department store, which was then located at 720 Avenue D.

The official birthday is August 26th, but the celebration will begin four days earlier, Mr. Storrs said. The Cisco store was the 571st in the Penney chain founded by the late James C. Penny. The Penney company was started at Kemmerer, Wyoming by Mr. Penney in 1902.

First manager of the Cisco store was Mitt Williams, who transferred later to Abilene. Next, the manager was Smokey Tuttle, who moved on in a few years to Kerrville. These managers were followed by Jerome Graham, the late Austin Flint, Wm. E. (Bill) Austin, Harold L. Adling, Nolan Evans, Clint Bray and Mr. Storrs. John Penn, well known Ciscoan, served as assistant manager for more than 35 years.

Two of the former Penney managers still live in Cisco. Mr. Austin owns and operated Austin's Furniture Co., and Mr. Adling travels for a large

## Legal Notice

### NOTICE OF HEARING TO CONSIDER THE DISSOLUTION OF LEON RIVER FLOOD CONTROL DISTRICT OF THE STATE OF TEXAS

Notice is hereby given that a hearing will be held by the Texas Water Rights Commission, pursuant to Section 50.251 et seq., Texas Water Code, to dissolve Leon River Flood Control District, which is located in Eastland County, Texas, and which was created by special act of the Texas Legislature in 1935. The Commission anticipates dissolving the District for reasons of inactivity and failure to perform any of the functions for which created during five consecutive years and having no outstanding bonded indebtedness.

The hearing on this matter will be held by the Texas Water Rights Commission in the Stephen F. Austin State Office Building at Austin, Texas, on October 2, 1974, at 10 o'clock a.m. All persons interested in the dissolution or continuation of the above named District are requested to appear and present evidence for or against the dissolution of the District.

Joe Storrs  
Manager

clothing wholesaler. Mr. Bray owns department stores in Eastland and Ranger. Mr. Storrs took over here in 1965. There were some 27 J.C. Penny stores in Texas when the Cisco store opened; today, there are 129 of the company's stores in the state.

As Cisco and the surrounding area grew, so did the volume of business in the small J.C. Penny store. In 1952, the store had outgrown its old location and was moved down the street to its current location at 714 Avenue D. The present building contains 9,000 square feet.

As the local store flourished, J.C. Penny Company did as well. Today, the company is the world's largest retailer of clothing with more than 2,050 retail outlets in the U.S., Puerto Rico and Europe, reporting more than \$6.2 billion in sales last year.

"Along with this great growth - and the main factor which caused it - we have kept our emphasis on high quality, dependable merchandise which people can afford to buy," said Mr. Storrs. "We plan to keep it that way for the next 50 years, too."

Merchandise lines have been expanded from clothing and home fabrics to include everything from tires to diamonds in the larger stores. The J.C. Penny catalog, just 11 years old, now shows more than 1,000 items on some 1,300 pages.

## Joe Carothers Assigned To A&M

COLLEGE STATION--Army Maj. Joe D. Carothers of Grand Prairie has been assigned to the military instruction detachment at Texas A&M University.

Maj. Carothers will teach Army ROTC Classes at TAMU, where he graduated and was commissioned in 1963.

The son of H.J. Carothers, 20 Mountain Lane, Grand Prairie, completed the U.S. Army Command and General Staff College at Fort Leavenworth, Kan., before assignment here.

He served two tours in Vietnam, the last in 1970-71 with an assault helicopter company. The Texas A&M Graduate commanded infantry and aviation units. Maj. Carothers also served with the Army Aviation Test Board at Fort Rucker, Ala., as a test project officer. He has 2,800 hours flying time.

The officer's decorations include three Bronze Stars, 26 Air Medals, including two with valor devices, and two Distinguished Flying Crosses.

Maj. Carothers, his wife, the former Elsie Galik of South River, N.J., and two daughters reside at 3809 Windridge, Bryan.

## Jerry Cook Receives ETSU Masters

On August 16, 1974, Jerry Wayne Cook received a Master of Science degree in Biology from East Texas State University.

Jerry is the son of Mr. and Mrs. E.H. Cook of Route 3, Gorman.

Jerry graduated from Carbon High School in 1966. He attended Cisco Junior College and graduated with an Associate of Arts degree in 1968. Jerry attended Tarleton State University graduating in 1970 with a Bachelor of Science degree in Biology.

Jerry is employed by the Ennis Independent School District in Ennis, Texas. He has taught biology and physical science for the past four years in Ennis.

## Rifle And Pistol Club To Meet

The Eastland Rifle and Pistol Club will meet Thursday at Eastland National Bank Conference Room beginning at 7:30 p.m., president Otis Coleman has announced.

Purpose of the meeting will be to sign up new members and plan a work day to establish the club's new skeet range.

The club has purchased a complete system, moved it here and is making plans for erecting it at the airport sight for the shooting benefit of members, and it is hoped that work can be completed in time for members to use the facilities for sighting in weapons for the upcoming hunting season, Coleman said. All members and prospective members are urged and invited to attend.

## Jim K. Lawless Enlists In Air Force

Jim K. Lawless of Eastland enlisted on August 14, 1974, in the United States Air Force, according to Sergeant Sammy D. Stephens, local Air Force Recruiter.

Jim K. Lawless was a 1974 graduate of Eastland High School. He has departed for Lackland AFB, Texas, to undergo six weeks of basic training, and has selected the Aircraft Maintenance Spec. area.

## BAKKER FUNERAL HOME

306 W. PLUMMER PH. 817-629-1726  
EASTLAND, TEXAS 76448

Dear friends,

Most families decide in advance upon a doctor in whom they have confidence to call in an emergency. In like manner, it is wise to decide upon a funeral director in whom you can place your confidence in time of need. Select this man in advance, when good judgment is not upset by the stress of your grief.

Respectfully,
