

TIDBITS

By HVO

GOOD PEOPLE make a good town. That's Eastland!

MISSED IT, but am told that the TV Channel 5 report done on the Victor Cornelius Menu Co. here in Eastland was first rate. Filming was done at the plant on a Thursday and showing was the next day, so there was little time for local announcements. Mr. C. and his plant are a fit subject and maybe the film will be re-shown some day...When we were in Europe looking at printing plants, our associates "oh'ed" and "aw'ed" at what they considered the finest in the world, and we, having a different yardstick, would sometimes yawn, and comment that it was nearly as good as the VC plant in Eastland.

SCHOOL SECRETARY Mrs. Ima Ruth Taylor reports season tickets now on sale, and if you're a season ticket holder, your option notice for renewal should be in the mail. Prices are adults, 12 for general admission, and \$1 for student general admission. Reserved seats for the season are also \$2 per game, and you might like to know that there are some available. You can check the high school office with Mrs. Taylor. Reserved seats bought individually at the game go for \$2.25, so you can save money by buying the season at \$10.

DATA ACCOMPANYING the monthly telephone bill says Eastlanders can now dial more than 8,700 telephones (Carbon, Olden, Cisco, Ranger and of course Eastland) without long distance charges. Wasn't it originally conceived that the folks in Cisco and Ranger could dial all the phones in the Eastland directory including Carbon and Olden?

MOST FOLKS around here apparently approve the nomination by President Ford of Nelson Rockefeller for vice president... One Eastlander (a democrat) summed it up like this: It seems to me that it shows President Ford's strength and wisdom for him, a man of relatively low national standing (prior to elevation to the president) to name a man of such recognizable stature and experience... In a sense he's saying it takes a very big man to appoint an even bigger man as his possible successor... You're hearing the talk undoubtedly about the now popular prophecy book which supposedly foretold about events as they have happened to this point, and goes on to suggest that President Ford at some point will resign and Mr. Rockefeller will take command. Can't say what follows, 'cause we haven't read the book, but hear many people talking about it, mostly from what they hear on the late-night talk shows on the tele...Most see Mr. Ford as Mr. Clean, similar in many ways to President Eisenhower.

Land Available For Lease

Approximately 119.00 acres of Government-owned land, known as Stagefield No. 6, located five miles northeast of

Fort Wolters Military Reservation, Texas, will be available for lease for cattle grazing purposes only the U.S. Army Corps of Engineers has announced. The lease will be for a one-year period beginning approximately September 15, 1974, and ending September 14, 1975.

At Six Flags

ARLINGTON—Olivia Newton-John is scheduled for two performances at Six Flags Over Texas on Friday, August 30.

Olivia's first hit came in early 1971 when she recorded "If Not For You" for Festival Records International. It soon became a hit in the United States, the United Kingdom, Canada, Australia, South Africa and on the Continent.

Since that time she has seen success with such tunes as "Let Me Be There", "Banks of the Ohio" and "If You Love Me (Let Me Know)".

Her latest release, "I Honestly Love You", is climbing rapidly on the pop charts.

Olivia is often seen on both British and Continental television. She has appeared in the U.S.A. with such big names as Dean Martin and most recently with Mac Davis.

Showtimes at Six Flags will be 8:00 p.m. and 10:00 p.m. in the park's Music Mill Theater.

All tickets sold at the front gate after 6:00 p.m. will be \$4.00, adult or child. There is no additional charge for the shows.

Six Flags will be open on Friday from 10:00 a.m. until midnight.

Col. Joe H. Sheard, District Engineer, Fort Worth, said sealed bids will be accepted until the close of business on September 9, 1974. The bids will be publicly opened at 10:00 a.m. (CST) on September 10, 1974, in the Real Estate Division, Room 2B10, Fritz G. Lanham Federal Building, 819 Taylor Street, Fort Worth, Texas.

Pertinent information may be obtained by writing the District Engineer, U.S. Army Corps of Engineers, P.O. Box 17300, Fort Worth, Texas 76102.

Offer Thanks

On Tuesday, August 27, the Texas Rangers will say "Thanks a Million" to all Ranger fans in the Great Southwest who have made 1974 such a memorable year.

Each fan entering Arlington Stadium on August 27 will receive a handsome "Thanks a Million" keyring with the Rangers insignia raised on the bronzed medallion. In addition, one lucky fan will win a 1974 Spirit of America Vega

1974-75 Stars And Stripes

Stars, Stripes Officers Named

Recently tryouts were held to elect a Captain and nine Lieutenants for year 1974-75 Stars and Stripes Twirlers, under the direction of Kay Wylie.

Serving the group as Captain this year will be Kristy Wylie. Kristy is the eleven year old daughter of Mr. and Mrs. John Wylie. She is a fifth grader in the Ranger Public School and

her fourth year of twirling. Serving as Lieutenants are: Susan Williams, ten year old daughter of Mr. and Mrs. Herbert E. Williams. Susan is a fifth grader in Ranger Public Schools and a fourth year twirler. Lola Battle, thirteen year old daughter of Mrs. James Battle. Lola is a seventh grader in Ranger Public schools and her third year of twirling.

Lois Jacoby, twelve year old daughter of Mr. and Mrs. O.R. Jacoby. Lois is a seventh grader in Ranger Public Schools and serving this year as Ranger Jr. High Twirler. She is in her third year of twirling. Tami Robinson, eleven year old daughter of Mr. and Mrs. J.D. Robinson. Tami is a sixth grader in Eastland Public School and her second year of twirling. Becky Thompson, eleven year old daughter of Mr. and Mrs. H.L. Thompson. Becky is a sixth grader in Eastland Public School and her first year of twirling.

Lorie Bagwell, eleven year old daughter of Mr. and Mrs. Gene Bagwell. Lorie is a sixth grader in Eastland Public School and her fourth year of twirling. Cindy O'Brien, ten year old daughter of Mr. and Mrs. B.J. O'Brien. Cindy is a fifth grader in Eastland Public School and her first year of twirling. Lesa Thomas, twelve year old daughter of Mr. and Mrs. Lowell Thomas. Lesa is a seventh grader in Eastland Public School and her first year of twirling. Michelle Nunez, ten year old daughter of Mr. and Mrs. Ernest Nunez. Michelle is a fifth grader in Strawn Public School and her second year of twirling.

There are seventy members this year in the twirling group. Their first performance this year will be the Peanut Bowl Parade and football game.

Fish Hauled Out Of Ringling Lake All Day

If you're not full of fish after what surely has to be the biggest Saturday night fish fry in Eastland history—it's not the fault of the Parks and Wildlife Commission.

This agency, in cooperation with the City of Eastland, conducted a fish kill at Ringling Lake, north of town, Saturday, and fish big and small by the thousands came to the top, to be claimed by ready nets, hands, tubs and assorted other devices wielded by the hundreds of local hands for the harvest.

Good sized fish were being hauled out all day Saturday.

Ringling yielded up a bounty of fish and P&W official Dwaine Smith, in charge of the

operation, reported that weather and conditions indicated that the total kill being sought probably was going to be realized.

Local Warden Kenneth Payne assisting expressed appreciation to all locally who helped with the project in providing boats and assistance in placing some 500 pounds of chemical in the lake to bring the fish out. Particularly cited are the Volunteer Firemen who helped with the job which began at 7 a.m. Saturday.

The Commission will restock the lake with catfish later this fall and with bass next spring. City Manager Lewis Tiner was on hand assisting.

Guesses were that many of the fish might die and go immediately to the bottom, to re-surface inedible perhaps Sunday afternoon.

To Make Loans

Congressman Omar Burleson advises that the Small Business Administration will make a loan to the Eastland Industrial Foundation, which will then aid EBAA Iron Inc., located at Lake Olden, Eastland.

EBAA now employs 66 persons. Thirty-eight new jobs will be created for a total of 104. The company produces iron and steel castings. Funds will be used for the purchase of land, making of improvements, purchase of a building, and the purchase of machines and equipment.

SBA will provide \$292,000, a local bank \$155,000 and the local development company will provide \$72,000 for a total of \$527,000.

College Grants

Congressman Omar Burleson announces the approval of instructional equipment grants to Eastland County colleges. Cisco Jr. College will receive \$8,552 and Ranger Jr. College will receive \$9,948. Grants are provided under the division of library program and the Bureau of Post Secondary Education of the United States Office of Education and are for the purpose of improving the quality of undergraduate instructions in institutions of higher education by providing financial assistance on a matching basis for the acquisition of instructional equipment, materials and related minor remodeling.

The General Electric Engineers will be in this area next week to survey and make recommendations for the location of the radio system tower, base station and other data. Due to the grant, local cooperating agencies will only pay 25 percent of the total radio costs, he said, amounting to about 15 cents on the dollar for the top equipment. Instruction

Officials Plan HF Radio

In Operation Last Of Year

Professional engineering will begin next week and County Commissioners will be inviting City Commissioners to join in planning details for the new Eastland County High Frequency Law Enforcement Radio System which is expected to be in operation by December or January 1, County Judge Scott Bailey said Friday.

Speaking at the monthly meeting of the Eastland County Law Enforcement Association luncheon at the Ramada Inn, Judge Bailey reported on developments for the system, outlining the history of plans and announcing that a grant of \$74,000 was approved about ten days ago for Eastland, Coleman and Knox County radio systems: the last three systems to be implemented in this region.

Some \$39,120.60 of that total amount is allocated for the Eastland County project, which will carry one frequency with four channels. "Greater radio discipline will be necessary", Judge Bailey said, "because the FCC can more easily monitor the new system."

President Roy Petty presided and Program Chairman Police Chief John Morren introduced Judge Bailey.

Judge Bailey saluted Chief Justice Austin McCloud, a guest, for having been the first chairman of the Law Enforcement Coordinating Commission which originally began organization of the academies and other training for lawmen through the West Central Texas Council of Governments.

Reviewing briefly the importance of communications in law enforcement, Judge Bailey recalled that back in the 1950's citizens joined together to purchase radio equipment for the county sheriff's department.

The General Electric Engineers will be in this area next week to survey and make recommendations for the location of the radio system tower, base station and other data. Due to the grant, local cooperating agencies will only pay 25 percent of the total radio costs, he said, amounting to about 15 cents on the dollar for the top equipment. Instruction

Ladies Club Benefit

The hilarious story of a young minister, Andy Griffith, his wife, Lee Meriwether, and his family as they become immersed in his first congregation, a feud-torn church in a small mid-western town, is presented in the Universal fun-fest in Technicolor, "Angel In My Pocket."

Griffith Stars

One of TV's most famous modern-day sheriffs having completed a highly successful eight years in a program named for him, Andy Griffith comes to the big screen in a hilarious comedy in Technicolor, Universal's "Angel In My Pocket". The fun-fest will show Monday, Aug. 26, at 7:32 and 9:34 p.m. at the Majestic Theatre. Co-starring are Jerry Van Dyke, in a change of pace role: Kay Medford, Henry Jones, Lee Meriwether, Edgar Buchanan and Gary Collins.

It's the third and last Film Festival offering to benefit the Women's Clubs.

Tailored to fit him by writers Jim Fritzell and Everett Greenbaum, Griffith plays the role of an ex-Marine brick-yard worker, who is the head of a family of assorted characters. He has just completed seminary studies and been ordained. "Angel In My Pocket" is the hilarious story of his first ministry to a church in a small midwestern town.

Tickets are \$2.00 each for adults and \$1.00 for children and will be available at the door.

In a way, it's an easy role for Griffith. As the former TV star points out, "I very nearly became a minister in reality, instead of just playing one in a motion picture. I studied for the ministry back in North Carolina before I got started in show business."

Jerry Van Dyke drops the "nice-guy-next-door" characterization he has always had on the screen or television to play a pampered mama's boy, Griffith's shiftless, sponging brother-in-law. It's more than a change of pace; it's a complete transformation. Television viewers who know Jerry as a stylishly dressed, clean-cut type will have difficulty recognizing him in the unusual role.

Former Miss America Miss Meriwether, in the role of Griffith's wife, also has a change of pace. She is seen in most of the picture padded out by the wardrobe department to show late pregnancy. And most of the time the beauty contest winner is dressed in inexpensive maternity clothes.

Kay Medford is the meddling mother-in-law, while Henry Jones and Edgar Buchanan are two pillars of the congregation constantly feuding with each other with Griffith in the middle. Miss Medford has been hailed recently for her role as the mother in the film version of "Funny Girl".

With these characters and elements, Alan Rafkin, who directed Don Knotts in his feature film debut, "The Ghost and Mr. Chicken", secures the maximum in humor. The comedy was produced by Edward J. Montagne whose long list of credits include the "McHales Navy" television and feature pictures and all of the Don Knotts features—a guarantee of a real fun film.

Revival To Be Held

A revival will be held at Mangum Baptist Church August 25 through September 1. Rev. Bobby Van Dyke of Midland, Texas, will be the evangelist. Pete Rogers of Eastland will lead the singing. Charlene Thackerson of Eastland will be the pianist. Prayer services will begin nightly at 7:30 p.m. with the song services beginning at 8:00.

The public is cordially invited to attend.

To Be Honored

Mr. and Mrs. Dave Harden will be honored on the 62nd wedding anniversary on Sunday, August 25, 1974, from 1 p.m. until 4 p.m. at their home in the Norwood Addition.

Hostesses for the open house will be Deanna Dobbis, Wanda Webb and Sherra Cate.

Mr. and Mrs. Harden have five children, 20 grandchildren, 20 great-grandchildren, and two great-great-grandchildren.

All friends and relatives of the couple are invited to attend.

Play day

The Eastland Riding Club Playday will be held on the second and fourth Sundays of the month at 1:30 p.m. They were previously held on Thursday nights, but due to school they have been changed to Sunday afternoons.

BIG* BIG BAKE SALE Saturday, August 31, 8:30 a.m. to ? Benefit Women's Clubs at JRB Supermarket.

CHAMBER OF COMMERCE WELCOMES NEW INDUSTRY

The Eastland Chamber of Commerce proudly announces another new industry to Eastland and another member of the chamber.

S&W Industries is owned and operated by Jim Williamson and Roland Schraeder. The firm manufactures tanks of all sizes and shapes including epoxy and glass lines, fertilizer, oil field, overhead, underground, septic and many others. Other items being manufactured at S&W are cattle feeders, hay racks, creep feeders, bulk feeders, hay savers and water troughs.

S&W is located on the Leon Power Plant Road. Presently they have ten employees and are in need of several more experienced welders.

County Has 5 Wildcats

Eastland County has gained sites for five wildcats. Artex Oil Co. of Wichita Falls staked four of the locations. No. 1 J.S. Motes is a planned 4,000 foot test eight miles southeast of Ranger. Location is on a 320 acre lease near gas wells. Drillsite is 3,700 feet from the south and 3,500 feet from the west lines of T.A. Howell Survey, A-152. The other three ventures staked by Artex are slated for 4,500 feet. No. 1 Massage will be drilled 12 miles southeast of Ranger on a 320 acre lease.

Location is 1,000 feet from the south and 1,500 feet from the west lines of W. Flint Survey, A-131. It spots seven-eighths mile northeast of a gas well. No. 1 J.W. Blackwell will be drilled nine miles south of Ranger on a 314 acre lease. It spots 1,400 feet from the north and west lines of Lot 12, McLennan CSL Survey, League 1, A-368. No. 1 Dick Jones is located two miles southeast of Ranger and two miles southeast of oil production. Drillsite is 1,100 feet from the south and 5,100 feet from the east lines of

Laws Regulate Trotlining

AUSTIN--You have to know more than how to bait a hook and how to set a line if you're going trotlining in Texas. There are several laws which Joseph Yeamans Survey, A558. The lease is composed of 320 acres. W.G. Gathings of Cisco No. 3 Plowman and Vines will be drilled as a proposed 1,900 foot wildcat. Location is three miles north of Eastland on a 160 acre lease. It spots 1,600 feet from the east and 2,000 feet from the east lines of southwest quarter of Section 11, Block 4, H&TC Survey.

trotliners must observe. If they don't, they are subject to fines. And their trotlines can be confiscated by game wardens. The first thing trotliners must know is that laws governing their activity vary from county to county and from one body of water to the next, so it is imperative that they check their hunting and fishing guide from the Texas Parks and Wildlife Department before they even start making their equipment. Trotline laws regulate the number and spacing of hooks and the length of the trotline. A \$1 trotline tag is required for baitwater lines and no artificial baits will be allowed on salt

water lines as of Sept. 1, 1974. A trotline is defined as a main fishing line constructed of a non-metallic material. In regulatory counties, the following regulations apply: trotlines are lines with more than five hooks and include rubber band lines and sail lines, all hooks at least three horizontal feet apart. All fresh water trotlines except in Kendall County and non-regulatory counties must be identified with a legible tag, constructed of a material as durable as the trotline, bearing the name and address of the fisherman and the date it was set out. All trotlines which remain in public waters must be redated at the expiration of each 90-day period. No lines must be set in the vicinity of any public boat dock, public bathing pier, public bathing beach or any public place commonly used as a swimming or bathing area. Trotlines, throwlines and jug lines may not be placed in any body of water 500 acres or less lying totally within any state park or in that portion of any stream bordering a state park. FERTILIZER OUTLOOK IS BLEAD -- Most producers will probably take a "wait and see attitude" as far as fall fertilizers of crop land is concerned, says a chemist for the Texas Agricultural Extension Service. Fertilizer prices are high now and sup-

plies are generally short. In most cases complete fertilizers are all that are available, and the percentage of active ingredients has been reduced. This means a larger volume is needed, adding to transportation and handling costs. Soil testing will be especially important in determining profitable fertilizers practices for each field and each crop. A useful stratagy for daily living is humor -- simply a good sense of humor. The family The fmaily. The family is an ideal place for playfulness, Dr. Jennine Kitchung, family life educator specialist, Texas Agricultural Extension Service, The Texas A&M University, said.

Bond Sales

Series E and H United Savings Bond sales in Eastland County during the month of July totaled \$12,242.00, according to Bond officials. Sales for the seven-month period were \$151,679.00 for 47% of the 1974 sales goal of \$320,000.00. Sales in Texas during the month amounted to \$19,640,596 while sales for the same period last year totaled \$17,185,499-an increase of 14%. Year-to-date sales amounted to \$136,083,685 with 57% of the yearly sales goal of \$236.8 Million achieved.

Best Answer Is 'No'

The best answer to an annoyance call is to simply no answer at all, according to Jim Vaughn, security manager for Southwestern Bell in Dallas.

"Customers receiving abusive calls should hang up immediately without talking," Vaughn said. "This deprives the caller of the main thing he wants - an audience."

The former FBI agent said since January state and federal laws provide stiffer penalties for convicted callers. Punishment for phone abusers varies, depending upon the type of call they are found guilty of making.

While obscene, harassing or threatening calls constitute a minute share of all telephone calls, they are serious to the victims; and Southwestern Bell is concerned about the problem Vaughn said.

In Texas, the telephone company receives nearly 2,800 customer complaints for abusive calls each month, and many are not reported. In 1973 more than 33,330 customer complaints were received across the state.

Of last year's figure, 90 persons were convicted have been arrested for the offense; and for the first half of this year, 52 convictions have been handled abusive callers. In the past 18 months, 155 persons have been arrested for allegedly making annoyance calls.

Vaughn said children found guilty of such acts are referred to juvenile authorities. Southwestern Bell has encouraged legislation to deter calling and also given individual aid to any customer receiving a serious series of calls, according to Vaughn.

Should the calls continue, the security manager suggests the customer begin keeping a log of the incidents and call the telephone company business office for help.

Vaughn said if an abusive call involved a serious threat of bodily harm, damage to property or kidnapping, the called should notify the police.

He said Southwestern Bell has improved methods of identifying calling lines in recent years and still more sophisticated equipment is being developed at Bell Telephone Laboratories.

These line identifications efforts are not wiretapping. Vaughn pointed out. The devices and methods do not involve monitoring or recording conversations and privacy of communications is not impaired in any way.

Line identification is simply a matter of locating the caller's line - in some cases prior to the start of the conversation.

Green Tot Kindergarten

FROM FERNE GREEN
As soon as my phone was connected calls started coming in about Green Tot Kindergarten. We had not planned to have it, but if good teachers are available and there is a class we likely will have it at least until January as so many of these tots will be going to public school kindergarten in January, 1975. We started this kindergarten October, 1954 for one year only. That year stretched into 20 years.

If you are wanting your child's name on the list, better call 629-2460 and see if rs. Green has room before you promise your child they can go to Green Tot Kindergarten.

We need to hear from all parents now who had tots here last year if you wish your space reserved.

Mrs Green Return Home

Mrs. Ferne Green, 903 W. Plummer, has returned home after ten weeks away. Her son Ben flew in to Dallas, Fort Worth Airport, rented a car, came to Eastland for a short visit. It was the first time he had been to his Eastland home in five years. The family usually meets him in Dallas when he is on a mission. Otis and Norma Green and Holly came on home also. Then Ben took his mother back to California with him. They enjoyed the flight together.

While in California they all attended graduation of Ben and Bev's oldest daughter Paula. Ben Jr., Pamela, Melody and Paula are the great-grandchildren living in California.

Then the Ben Greens put Mrs. Ferne Green on a flight at San Francisco at 10:00 for Boston, Mass., where she arrived at 9:45 the next day. There she visited with her daughter, Yvonne and Neil Barton and grandson Howard.

They drove Mrs. Green to Grand Rapids, Michigan, to the Hoskins reunion and visited the Green family in the Detroit area. Mrs. Green came as far as Kansas City with a cousin and then to Eastland by bus., then on down to Otis and Norma's and Holly Greens in San Angelo.

She says it is good to be back home even if it is hot.

Mr. Gus Earp had the pleasure of the company of four generations of his family attending church at the First Baptist Church with him on Sunday. His guests were Mr. and Mrs. E.L. Smith and Sean of Bridgeport, Mr. and Mrs. Neal Edwards, Diana Carol and Alan of Breckenridge.

UNION WORSHIP SERVICE AT LAKE LEON THIS SUNDAY

This Sunday, August 25th, the congregation of the First Presbyterian Church will be host to the congregations of the First Christian Church and First United Methodist church at the Lake Leon home of Victor Cornelius. The occasion will begin at 6:00 p.m. with a covered dish meal. Every family is invited to bring their food and card tables (if available).

The evening worship service will follow the meal and the setting will be with beautiful Lake Leon in the background. The Rev. Mr. Robert W. Marsh will give the message for the evening while the Reverends Mr. Church and Mr. Marney assist in the worship.

Visitors are welcome to come and participate.

Quarterback Club In Regular Session

The Eastland Quarterback Club met in regular session Monday night, August 19, in the Texas Electric Red-Room. Present were Buck Wheat, President; Floyd Almond, Vice President; Jay Staggs, Secretary-Treasurer; Coaches Dallas, Wilson, Adair and McPherson, with members W.J. Stone, Rex Morgan, Buddy Haun, Ralph Stevens, Harold Price, Fred Keith, Steve Church, Norman Owens, Everett Plowman and special guest James T. Wright.

The club discussed the current membership drive headed by Dale Bakker. They voted to have the names of those buying memberships placed in the Eastland Telegram. The motion by Rex Morgan was seconded by W.J. Stone, all voted 1.

The club's soap and towel project was discussed at the meeting and all Maverick fans are urged to bring soap and towels when they attend the Maverick scrimmages on Aug. 23 and 30 at Maverick Stadium. A box will be provided for local fans to use in collecting the soap and towels. The scrimmage Friday, Aug. 23, will start at 7 p.m. and will be against Rotan.

Steve Church shared with the club plans to organize an association of Christian Athletes in Eastland. The Quarterback Club voiced its wholehearted approval of the project.

James T. Wright discussed the club's upcoming auction sale on Sept. 7 and pointed out that it could be a big money maker for the club or a total flop according to how hard members work at it. Plans were completed at the meeting for a special Quarterback Auction Roundup on Saturday, Aug. 24th. Quarterback Club members will man the microphones of KERC Radio on Saturday, Aug. 24, from 8 a.m. till closing time soliciting items for the club's auction. Local talent, singing, picking and grinning and laughs for all will be the order of the day. As people call in to the Quarterback Club's auction roundup Saturday on KERC. Members of the club will go to homes and pick up the items. We invite all supporters of the Eastland Quarterback Club to be tuned to KERC Radio Saturday, Aug. 24, for this big fun-filled auction roundup.

Anyone who is a member of the Quarterback Club is urged to be at KERC Radio beginning at 8 a.m. Saturday. Come to sing, to solicit items for the auction. Bring your pickup and be ready to go get items that are donated. It's all in fun. All for the Eastland Quarterback Club's 1974 fund raising campaign. Items picked up Saturday during the all day auction roundup will be auctioned off to the public on Saturday, Sept. 7, beginning at 10 a.m. at the old brick gym on high school hill.

The next meeting of the Eastland Quarterback Club will be Tuesday night, August 27, in the Eastland Elementary School at 8 p.m. The club paused to extend a special thank you to James Wright for his help in the club's auction project.

BAKKER FUNERAL HOME

306 W. PLUMMER PH. 817-629-1726
EASTLAND, TEXAS 76448

Dear friends,

Most families decide in advance upon a doctor in whom they have confidence to call in an emergency. In like manner, it is wise to decide upon a funeral director in whom you can place your confidence in time of need. Select this man in advance, when good judgment is not upset by the stress of your grief.

Respectfully,

YOUR ELECTRIC COOPERATIVE

a network of ENERGY

Your member owned electric cooperative is one of many rural electric companies located throughout our nation. Each one vastly different from the other, but identical in purpose...

to provide dependable electric power to your property... wherever it may be. The map shows the nineteen member owned electric cooperatives of the Brazos System. All are connected by high voltage transmission lines encompassing a coverage area throughout fifty-five Texas counties a powerful network of electric energy.

Miss Evelyn Champan Bride Of Delbert Grace

Evelyn Diane Chapman and Delbert Ray Grace exchanged wedding vows in a double ring ceremony August 24, at 8:00 p.m. at the First Baptist Church in Eastland. Reverend Ross Grace, grandfather of the groom and resident of Cisco, officiated the ceremony.

The vows were solemnized before an archway of greenery and flowers of pink, blue, and yellow. Two candelabra with

greenery and multi-colored flowers accented the archway. The three unity candles stood beneath the archway in a setting of greenery. The pulpit rail was lined with greenery, multi-colored flowers and bows of green, pink, blue and yellow.

The bride was given in marriage by her father, Mr. Warren Chapman of Winnsboro. She wore an ivory floor length gown of delustered satin

with chantilly lace covering the bodice, sleeves and the hem. Small seed pearls outlined the lace. The V-neck and sleeves were accented with ruffles and small covered buttons and the skirt and chapel train were accented with scattered appliques of chantilly lace outlined with pearls.

Her illusion veil was held together by a satin bow and white flowers. Her bridal bouquet was made up of multi-colored flowers in a spring bouquet shaped into a ball with the rainbow ribbon streamers.

Miss Becky Hanna was organist and accompanied Mrs. Nell Ragland, soloist, as she sang "More" and "Because".

Mrs. Gayle Chapman of Arlington, sister-in-law of the bride, was matron of honor. Becky Weatherly of DeSoto, cousin of the bride, was bridesmaid. Pam Golden of Eastland, cousin of the groom, was junior bridesmaid. The bridal attendants were attired in gowns of blue crepe featuring lace sleeves, rounded necklines, and A-line skirts. The girls carried bouquets of mixed flowers tied into balls with the rainbow ribbon.

Mr. Steve Lyons of Sentinel, Oklahoma, was best man. Groomsmen were Mr. Paul Chapman of Arlington, brother of the bride, and Mr. Max Sullivan of Oklahoma City, Oklahoma.

Candlelighters were Jill Wright of Eastland and Tonua Sanderson of Winnsboro. The candlelighters were attired in street length dresses of solid pink double knit, made in the same fashion as those of the bridal attendants.

Ushers were Johnny Golden of DeLeon, cousin of the groom, and Gary Coffee of Red Oak, cousin of the bride.

A reception was held following the ceremony in the

Mr. and Mrs. Landon Jordan, married recently in a civil ceremony in Midland, Texas. The bride is the former Alice (Skipper) Okruh of El Paso and Odessa, Texas. The groom is a native of Eastland and is the son of J. Y. Jordan of Ranger and brother of Bill Jordan of Eastland. Jordan is employed with Wells Company of Odessa. The couple are residing at 1003 Cuthbert, Midland.

Fellowship Hall of the church. The bridal table was decorated with a white ruffled tablecloth tied with rainbow ribbons. The registry table was decorated in the same manner. The wedding cake carried out the multi-colored scheme.

Helping with the reception were Beverly Tatom, Shirley Rice, Nancy Elliott, Mrs. James E. Wright, Mrs. Polly Latham and Mrs. Gilbert Meredith.

After a wedding trip, the couple plans to make their home in Noble, Oklahoma.

Parents of the bride are Mrs. Dean Chapman of Eastland and Mr. Warren Chapman of Winnsboro. Parents of the groom are Mrs. Beth Curtis of

Elk City, Oklahoma, and Mr. Linton Grace of Brownwood.

Mr. and Mrs. Jim Golden, aunt and uncle of the groom, hosted the rehearsal dinner at the Lone Cedar Country Club.

SEPTIC TANK - CESSPOOL CLOGGING CAN NOW BE PREVENTED!

LIVINGSTON, N. J. — An amazing bacterial discovery that prevents clogging of septic tanks and cesspools with but a single, safe and easy-to-use yearly treatment, has been developed by the FX-Lab Co., Livingston, N. J.

Sluggish systems and drainfields can also be restored to normal by fast acting bacterial cultures.

They are also recommended as a "starter" to seed newly cleaned out or newly installed septic tanks and cesspools.

These proven FX bacterial organisms, known as FX-4 for septic tanks, FX-7 for cesspools, and FX-11 for sluggish septic tanks and cesspools are available locally.

Available also, is a free booklet "The Story of Willie Bacteria, or How To Take Care of Your Septic Tank or Cesspool" from:

Texas is full of surprises. Like coal.

In certain areas of Texas there are sizeable deposits of a soft coal called lignite.

Several years ago Texas Electric, along with two other companies, began acquiring rights to some of this lignite because we saw that new supplies of natural gas and oil, our basic fuels, could become increasingly expensive and difficult to obtain.

Today, Texas Electric is using this lignite to generate electricity in our Big Brown plant near Fairfield. Two more lignite plants are under construction.

Using this lignite will help reduce our dependence on natural gas and oil. And one other advantage of using lignite for the generation of electricity is that it isn't being used extensively any other way.

But plants that use lignite cost a lot more than gas/oil plants.

While this means electricity will have to cost more in the future, the cost won't be as much with lignite as it would be with natural gas and oil, even if we could get adequate new supplies.

At Texas Electric, we're continuing the orderly development of our power system so that you'll continue having the electricity you need.

Pleasant Hill Homecoming Slated Sept 8

The Annual Pleasant Hill Community Homecoming will be held at the Pleasant Hill Baptist Church on Sunday, Sept. 8, with the Rev. Lee Fields of Carbon, bringing the morning worship service message.

Donald Nicholas of Eastland will be in charge of the singing with Mrs. Charlie Livingston at the piano.

Mr. E.F. Altom will give the cemetery report, and a basket lunch will be spread at noon, with fellowship and visiting to follow.

The Light Touch

By Clint Bray

Usually, the fellow with money to burn ends up sifting through the ashes.

Nothing makes it easier to resist temptation than proper upbringing, a sound set of values--and witnesses.

Teenagers are a dime a dozen--it's when you cut the number down to one that it starts costing.

People with high blood pressure should take life with a grain of salt substitute.

The announcement that there are 48 million unmarried adults in this country gives you some idea of the vast market for electric blankets.

You'll get a WARM welcome at BRAY'S in Eastland and Ranger. See us for a new fall wardrobe.

Berlin Islanders: A Unique People Wall Of Shame: Exposes Communism

By Gay Nell O'Brien

Fortunately our departure from the Soviet Union was much more pleasant than our arrival at the Moscow Airport. The two and one half hour flight from Kiev in the Ukraine to East Berlin's Schönefeld Airport was by Interflug (I311), a turbo-prop East German plane that carried about 100 passengers. The ride was some what nosier than Arolift, but very level and comfortable. HOSTESSES WERE FRIENDLIER, AND

WE RECEIVED MUCH MORE ATTENTION THAN WE DID ON THE Russian planes.

Interflug must have known what was in store for us so they served us a very good lunch in flight.

After clearing the East German customs, with Henri's Maupin tours and Intourist help, Our West Berlin guide met us in a modern German-made Maupintour bus, and we headed toward the checkpoints into West Berlin. Our bus stopped for the East German passport check and a

soldier entered, looking at some of us three or four times to make sure we matched our pictures and then, seemingly reluctant, checked us off to enter the free world again. Outside guards were checking the bus, running mirrors underneath, etc. We breathed a sigh of relief as we entered West Berlin and "waved" past the smiling guards on the west side at "Checkpoint Charlie".

Our guide, Kristine, answered questions and pointed out places of interest as we traveled through West Berlin to our Hotel Kempinski.

West Berlin is a very modern Americanized city for the most part. Kristine told us that West Berlin does not want to be reminded of the war, so they do not plan to leave any existing ruins. There is one exception, the strangely beautiful tower of the Kaiser Wilhelm Memorial Church with working clock and bells, which was located a couple of blocks from our hotel.

Modern apartments are the primary housing of the West Berlin. Red geraniums seemed to be blooming in every window box.

Inflation is raging here. We noticed clothing prices in some ordinary shops near us. A plain pair of shoes may cost \$100.00 and a simple dress \$200.00. Food is also very expensive along with housing. Part of the reason for this, we reasoned, stems from the isolation state of West Berlin. Everything, except, what they manufacture, has to be flown or trucked in through the few accessible routes.

Unlike Russia, West Berlin has no shortage of commodities, but like the Russians, the Berliners pay high prices for what they get. Fortunately in Berlin, most receive high enough wages to afford their needs.

Kristine showed us the John F. Kennedy square and their Court house is located there. This is where he delivered his famous speech after the wall was erected in 1961. "I am a Berliner, too," in German.

The Kempinski appeared to be the most famous hotel in Berlin. Advertisement on the front of their magazine was pictures of famous people who stayed there. It was a very nice and modern except for the lack of air conditioning and plenty of noise from the streets. Usually air conditioning is not needed in European hotels and it is not even necessary for comfort, to open the window at night. We were told that Berlin was comfortable even in the daytime.

The visit to Alex Springer Verlag Newspapers proved to be one of the most rewarding experiences in Berlin. Alex Springer built his high modern plant against the Berlin Wall of shame as a symbol of courage and defiance. He believes that Berlin is the link to 17 million East Germans freedom to democracy.

Editorial work on the newspapers is fundamentally free, but workers are merely found to follow the four principles of the house: (1) to stand for the reunification of Germany, (2) to advocate reconciliation between Germans and Jews (Springer was not a Nazi, but he believes all Germans should help the Jews, setting the example himself) (3), to reject all forms of political extremism (4) to support the system of social market economy. They also support NATO.

The plant lives daily with the communism threat, with 130,000 divisions across the wall. Bomb threats come their way too.

We took pictures of the wall East German guards in towers, swept sand, barricades, wreaths for the dead who tried to flee, etc., from the journalist's club on the 10th floor, which boasts a fantastic view

of all, as well as from the roof, which is a company parking lot, where we could look right down on the wall.

"Detent is a peaceful expansion of communism," one Irish Berliner's summation of the Springer papers' evaluation left us rather startled. He explained their feeling that through detente we have given concessions to the communists.

Other sectors of the wall of shame were the most impressive sights of our bus tour of West Berlin. Probably the ugliest and saddest part of the wall is where brick and other types of buildings were torn down so far and used as part of the original wall. There are holes and boarded up places galore along this stretch and many wreaths, placed by West Berliners relatives, for loved ones who died while fleeing. We have slides of this section, and where wreaths (with pictures as well as names) mark the place where four died together.

From the West, we viewed across the wall in the East the unmarked grass-covered mound where is all the remains of the bunker where Hitler and Eva Braun died.

The Brandenburg Gate stands just outside East Berlin near the border to the western sectors. It has been Berlin's most famous landmark since it was completed in 1971. Before the communist wall went up, it was the main crossing point from East to West.

We saw pictures of the Reichstag before and after the War's devastation and could hardly believe the marvelous job of restoration West Berliners gave the old Congress Hall. They have hopes of its being used for government rather than as a museum if Germany is ever reunified.

We were happy to be in the free world again and to hear UPI and AP news for the first time in eight days (though an American military radio station there). However, the longer we stayed here the more we felt a nagging discomfort on this "island of freedom" in the middle. Berliners must truly be a special breed of people.

After getting through East Berlin once, we felt rather "nutty" going back again for our tour of the Eastern part. Kristine left us with our East German guide at the gate.

The former Nazi infantryman, who spent over a year in a prison of war camp in Huntsville (one of the tour members was from Huntsville) proved to be the most interesting part of our tour.

Karl-Marx-Allee, East Berlin's showcase street and the Communists only large scale rebuilding project after the war, was a must for the tour. The communists are spending more money here recently, however, so other sectors are beginning to look up. It does not begin to compare with the West, though.

From the West, we probably saw some of the worst of East Germany. Skeletons of bombed out buildings rise bleakly from the landscape. In the old salvaged apartment buildings facing the wall, people lean out of windows with their heads and eyes toward the west.

Since 1972, West Berliners have been able to visit East Germany for prolonged periods, but sadly, East Germans are not allowed to visit the west until they are sixty-five years old. We saw some of the very heart-rendering scenes of families saying "goodbye" at the wall.

When asked about churches,

Joe O'Neal To Speak At Bethel

Joseph Weldon (Joe) O'Neal to be the preacher at Bethel Baptist Church in Eastland Sunday, August 25th.

Joe is the former pastor at Kokomo where he pastored for the past 9 1/2 years and at the same time taught school in Gorman.

Joe claims the distinct honor of being a cornfield preacher because his call from the Lord came to him while following a team of mules in a cornfield in Jones county north of Hamlin.

Joe claims to have been born in a log house in Old Jewel community on the Jim Jones farm because this was the report from his parents (the late W.A. O'Neal and Lydia Ervin O'Neal).

But Joe needs no confirmation as to his Spiritual birth because he remembers vividly the time and place where this happened--near a log crib on the old farm where he now lives.

Joe was married to the former Thelma Scott who moved to Jones County with her parents from Blue Ridge in Collin County. The wedding vows were solemnized in Flat Top Baptist Church. To this union were born three children--one son Joseph and two daughters Sharon and Johnny.

Joe's formal education includes his B.A. from Howard Payne and his M.E. from West Texas State. Other graduates

Baumgardner, our guide snapped "communist DO NOT WANT RELIGION. We believe that we can improve and better ourselves only through our own efforts."

Once again when he was praising socialism as being the only way Germany would be reunited, one member of our group asked, "You know we do not agree with you, don't you?"

He never acknowledged the question, but seized upon it as an opportunity to tell us that the socialism of the whole world is inevitable; therefore Germany would be reunified.

After our Guide's bleak prediction, the reminder of their moments (one to Berlin's war dead) and buildings held little interest.

Our hearts ach for all the people of Germany and especially for Berlin, but we did not wish to remain there any longer.

Mr. and Mrs. Truman Andrew Maynard

7 Of 10 Save Trading Stamps

Nationally, seven out of every 10 shoppers saved trading stamps in 1973, but the figure would be much higher in the Southwest if stamps were readily available, according to a national public opinion survey.

In the more than 200 cases studied in the Southwest, 70 percent of the households saved

stamps and an additional six percent said they would save them if they were available. While statisticians say the figures could be six percent higher or lower because of the number of people interviewed, the study suggests that the Southwest is the most industrious stamp-saving region in the country.

These regional figures are part of a nationwide survey released recently. The study, conducted by Data Development Corporation of New York City, shows that stamp saving is a way of life in the typical American household. Some 44 million families save them.

The Sperry and Hutchinson Company, the nation's largest stamp company, began commissioning the surveys in 1957 to help the company keep in accurate touch with the depth and extent of consumer interest in the trading stamp concept. Since then, 17 annual studies have been compiled to produce the most reliable date in the industry.

work was from Wayland, Texas Tech, Texas University and Texas A&M.

Joe claims to have had a very colorful and happy life in his 23 years of teaching in the public schools of Texas while during the same period he has pastored churches in Collin, Coleman, Hamilton, Mills, Comanche, Swisher, Jones, Stonewall, and Eastland.

Joe says with Paul in his letter to the church in Galatia, "But may it never be that I should boast, except in the cross of our Lord Jesus Christ, through which the world has been crucified unto me, and I to the world."

Dave Campbell Texas Football Report

What's the prospects in District 9-AA for the coming season? Many are asking as drills continue and scrimmages come up.

Here's the Dave Campbell TEXAS FOOTBALL report: District 9-AA --If foes were awed by what CISCO did last year--a 10-1 championship season--it may be they ain't seen nothin' yet. Fifteen lettermen (8 offensive and 7 defensive regulars) return, and super labels attach to HB Kelly Kent, who rushed for 1,200 yards and 20 touchdowns ("I coached in junior colleges 14 years and he could have played on any team I ever coached," declares Jim Puryear) and center-LB J.D. Prescott was, like Kent, a second-team all-state selection. QB Ronnie Powelson, HB Jimmy Kanady, guards Mark Huffmyer (6-2,200) and Polo Jiminez, ends Pepper Puryear and Billy Collins, tackle Bobby Pence, LB Ricky Watts and safety Larry Farnsworth are other exceptional talents.

EASTLAND expects excellence among 9 offensive and 8

defensive operatives from a 3-6-1 team. QB Gary Wheat, FB John Marshall, TB Tom Morren, HB Brent Parker, ends Billy Daniel and Charles Harvey, guards Clay Wheat and Jay Staggs, center Isaac Orozco and tackle John Hart are the veteran leaders.

COMANCHE may collect scalp with a vengeance as 11 offensive and 8 defensive performers return from a 5-5 district runner-up. All district end Junior Sanchez, QB Danny Armstrong, FB Bennie Williams, TB Dan Holland, HB Steve Davis, center Brennan Pinkerton, tackles Roy Mitchell, James Richey and Rodney McDougal, guards Neal Lester, Mike Bingham and Joe Lee and LB Daylon West are all quality checked.

BRECKENRIDGE may bounce back to some legendary days of greatness on a bonanza of 7 offensive and 8 defensive starters from a 4-5-1 club. QB Greg Pitzer, FB Billy Roberson, HB Randy Fuller, TE Larry Dean and flanker Tommy Jones are people sure to secure yardage, and guards Kevin King and Joe Peeks, tackles Ricky Mercer and Don Perry, center Ronnie Post and safeties Steve Fry and Rocky Lee are all key personnel.

HAMILTON hoisted itself to a 5-5 log and counts superb skill people in QB Delbert Kelm and FB Paul Addison. Guard James Blackwell is the other offensive veteran and tackles Ken Andrews (210) and Roy Rost (220), LB Mike Schrank, end Bob Horner and safeties John Johnson, Wendell Geeslin and Cecil Wenzel lend a stout look.

CLYDE counts on youngsters to complement 2 offensive and 2 defensive regulars from a 4-6 season. LB Chuck Swofford, end Jimmy May, guard Mike Dugan and center Ray Walker are battle-seasoned, and QB Mark Hogan, HBs James Stevens, Marty Clifford, Mike Mitchell, Johnny Arms, and Buddy Moore, tackle David Roberts and ends Mark Stallings and Wes Bennett are capable new faces.

COLEMAN called on youth last year, secured a 2-8 record and now greets 3 offensive and 3 defensive veterans. Center Mark Phillips and tackles Erwin Wells (6-2,250), guards Lynn Morgan and James Cross, FB-LB Ociel Carrillo and safeties Ricky White and Darwin Wisener lend experience.

Monday At The Majestic

Without a hitch, TV star Andy Griffith performs his first baptism in Universal's feature-length comedy in Technicolor, "Angel In My Pocket." The baby's parents are Margaret Ann Peterson and Richard Van Vleet. Other co-stars in the hilarious doings are Jerry Van Dyke, Kay Medford, Henry Jones, Lee Meriwether, Edgar-Buchanan and Gary Collins.

Wonderful World of Books

Library Has Successful Read Program

The Centennial Memorial Library closed a successful Summer Reading Program, August 17th. Jana Ragland, Junior Librarian reports that 42 readers entered the program July 1st. During the program the boys and girls read 550 books. 17 finished the program and received certificates and colorful ribbons. Those finishing were:

- Dwight Kinnaird
- Lisa Brinkley
- Carole Anne Livingston
- Robert Ragland
- Missy Morgan
- Khrishti Chaney
- Patri Spurlen
- Jodi Bakker
- Kenneth Willman

Gift Books Presented To Library

Four beautifully bound books were presented to the Centennial Memorial Library by the Amon Carter Museum of Western Art and the Texas Commission on the Arts and Humanities. The project is funded equally by the two organizations.

The gift volumes range the history of the emerging West as depicted by the artists and artisans of the times. They tell of the battleground at Little Big Horn and the razzle dazzle of the Wild West shows; they picture the Texas homes of the 19th century and life in a "Texasmost" city (Fort Worth) of the 20th century.

Included is the book "Texas Homes of the 19th Century" by Drury B. Alexander. It is the most important book available on 19th century Texas architecture. Two other books by Don Russell, are entitled "Custer's Last" and "The Wild West. A History of Wild West Shows". They also contain many color plates and black and white reproductions of paintings, drawings, graphics and photographs of the period. Many are from the Carter Museum collection. "How Fort Worth Became the Texas Most City" contains 131 photographs, which reflect life in Fort Worth from the early lean years of a century ago until the beginning of World War I. Also included is the catalogue of the collections of the Amon Carter Museum, containing more than 600 pages of descriptions of the collection which was begun by the late Amon G. Carter of Fort Worth. The catalogue is virtually a study guide for students of western art.

IF YOU MISS YOUR TELEGRAM CALL 629-2214

The merchant who doesn't advertise may have something in common with the man who fell from the famous diving area of the Mark Hopkins hotel in San Francisco.

On the way down, whenever he glimpsed someone in a passing window, he shouted, "You still all right?"

EASTLAND TELEGRAM

SCHOOL NEWS

Third Graders Sum It Up

After one week of school, students in Mrs. J.W. Turner's third grade summed it up like this:

Carolya Foster--I like it. I have a good teacher.

Leanne Brown--I like the first week of school because we have easy things to do.

Bekky Rollins--I wanted to go back to school, but I didn't want to get up at 6:00.

Benly--I am happy to be at school. I like my teacher.

Kael Joiner--The first days of school was fun I am proud I have Mrs. Turner.

Cynthia Dunn--I am glad to be bak to school. I like my teacher.

Vickie--School is fun. I love school. I am happy to git Mrs. Turner

Rebecca Herrera--I was glad school started because I met a lot children and I have a very nice teacher.

Dean Connel--I like baseball. I like playing outside. I don't like the rest of it.

Shirley Kidd--I like my teacher. And I like to read and I like to go to school to work. and

go to study hall and I like Mr. Baze and Mrs. Baze.

Robin--We colored and wrote to. I like my teacher.

Kim--I am glad school started. I had fun. I like school.

Jeanette Housson--I am glad to be in school. We are doing little bit of work. We moved our desk. This is the first week of school.

Gerald Johnston--I am glad to be back in school because I just moved here and I keep on asking my mother when are we going to school.

Carole Ann Livingston--It is fun to color.

Jim--First day of school. School is pritty good. Its pritty good if you try hard to do your work.

Earl Rich--It is fun.

Kathy Watson--This is the first week of school. I have had fun. The teacher is very nice. We have had homework every day this week. We did arithmetic and spelling.

Marie Annette Johnson--I like school because I have a good teacher. She teaches us good things, and teaches us good manners.

Servants To The World

By George Simms

As the church came into existence in the first century, we find it growing with the Roman Empire. These two powers claim absolute allegiance from men and both were capable of ruling men. The Roman Empire claimed men through power and tyranny. Christianity claimed men through faith in God who has purpose that encompasses this world and eternity. Their similarity in being kingdoms by name is about the only thing they had in common. The Roman Empire is seen to rise and fall while the church as an embryo moved on. At times it seems, faithlessness and complacency would prevail but the church always endured.

John the Baptist ushered in the church as "the kingdom of God". Jesus spoke of "the kingdom of heaven". Paul preached about the kingdom. This kingdom has a king who is Jesus Christ and a domain which is the universe; however, it has a kingdom that has been

Kevin Wright--It has been fun coming back to school. This first week exciting. I have had enjoyed it.

Jill Lowrance--We haven't done much at school this week. We've mostly done review. We colored, we paged on the playground. I like my teacher. I like work.

Brad Freeman--I like school and I hate school.

conquered but has not recognized the authority of its master. The kingdom of God is a spiritual realm existing alongside and intertwined with the world we live and move in. This realm acknowledges the lordship of Jesus Christ in all of life. This will include social implications. God saves individuals. Individuals live in contact with other individuals. This is social. The only way one can enter into this kingdom is to be born into it. This is done by God. In the kingdom are spiritual truths to elevate and bring to its full potential the physical or that which we call real.

The church is to be an embodiment of the kingdom. The church is to claim the lordship of Jesus Christ in all of life. We look for utopias here. The church is not the Kingdom in perfection but it does have the potential for growth as the truth is seen. As the church sees the truths in the spiritual realm, it then becomes servant to the world. The Living Christ operates on the basis of unity of the human race by living over inside us. The church does not try to have community for the world; the church should be community in miniature. This community in miniature becomes leaven and salt that penetrates into the world to preserve it. The society changes; the church does not. Society may not become Christian because of this, but it will be lifted. We do not try to change people; people change as they glimpse the truth.

We do not have as much community as we should, but it is normal. When man does not have it, he is giving himself to distortion and destruction. No one has perfect health but it is better to be partially healthy than totally sick.

Community sounds well and good but some place way out there. The hope to activating the mission of the church is to find the church within the church--those Christians who are dedicated and devoted to faithfulness to their divine mission. There must be:

- (1) Love one for another
- (2) Unity between all saints.
- (3) Koiononea--mutual acceptance; love of one another so that all will find the gifts of their own and there will be an overflowing.

The church within the church finds this for themselves. They reach out to the rest of the church. Then the church reaches out to the city, state, nation and beyond.

A Pillar In This Area
For 51 Years

STUDENTS COME FIRST AT CISCO JUNIOR COLLEGE

THAT'S WHY WE'RE HERE, to serve you, the student, with your educational needs in making the transition from high school to college. At CJC you'll find instructors, counselors, and administrators who are interested in YOU. You'll not be just a matriculation number or hold down a seat number in a lecture room, but a PERSON who is our valued customer.

THERE ARE OTHER VERY GOOD REASONS FOR CONSIDERING CJC...Such as our exceptionally low costs--about \$160 per semester for tuition and fees with reasonable-priced room and board also available...and financial aid is waiting for any student qualifying on the basis of need. And at CJC you can get the first two years' work towards any college degree or enroll in your choice of several different one or two-year occupational programs. Interested? If so, for more information, write or contact:

Green beans
Tossed salad
Hot rolls
Banana pudding

FRIDAY, AUGUST 30
Sloppy Jo burgers
Poek & beans
Lettuce wedges
Jello with fruit

Dear Editor
Thank you for letting me put my thoughts into your paper. I hope that this will be the start of something more permanent and far reaching somewhere down the line. The experience has been very rewarding. This is my last article. I start the Seminary on Tuesday. Thank you again for the opportunity to minister in this capacity.

Sincerely,
George Simms.
