

Car-Truck Wreck Injures Brothers Tuesday Night

Benny Warren and Terry Warren, both of Eastland, were injured in a car and truck accident Tuesday night at 11:25 seven-tenths of a mile east of Eastland. Jimmy Waite of Lampasas was driving the truck.

Benny Warren was driving the car, which was totally damaged. Damages were estimated at \$25 on the truck.

Both Warrens were taken to the Eastland Memorial Hospital. Terry suffered a broken leg and Benny suffered head lacerations. Benny has been released but Terry remains in the hospital.

Benny and Terry Warren are the sons of Mr. and Mrs. H. D. Warren of Eastland.

Karen Taylor Has Two Poems In Anthologies

Two poems written by Karen Taylor appear in the American Poetry Society's two recently published anthologies of high school poetry, selected from the writing of young poets over the nation.

The selections were made from the high school anthologies published in the spring and fall of the last school year in the 45 districts of the nation set up by the Society.

The two books are entitled "Song of Youth" and "Love Poems." Poems of Miss Taylor which appear in them are "The Moon and Mine" and "Love and Life and Laughter."

A 1961 graduate of Eastland High School, Miss Taylor is now a student at Cisco Junior College where she is majoring in journalism. She is the daughter of Mr. and Mrs. A. D. Taylor, 1301 S. Seaman.

She has had poetry published in the anthologies of The American Poetry Society for the past three years. Credit for this success she gives to the encouragement of two teachers, Miss Verna Faye Johnson of Eastland and Mrs. James Moore, who taught her during her sophomore year in Cisco.

Rev. Hagan Leads Corinth Revival

Rev. Benny Hagan, pastor of the Olden Baptist Church, is leading the revival at the Corinth Baptist Church, five miles west of Eastland. The revival began Sunday, Aug. 6, and will continue through August 13.

The public is invited to attend the night services which began at 8 o'clock.

County Cancer Patients Receive Free Dressings

Three Eastland cancer patients and 18 Eastland County cancer patients are receiving dressings from the American Cancer Association. Seven clubs in the county are making the dressings, according to Mrs. Earnest Shafer, county service chairman, of Cisco.

The dressings made by the clubs are used within the county. If there is a surplus of dressings they are sent to the state headquarters to be distributed.

These dressings are issued to patients free of charge. They are distributed individually not to nursing homes and hospitals. If the patient is in the hospital or nursing home, he still may receive free cancer dressings.

Dressings, bed jackets and bed pads are specially made by the following county clubs: Word Home Demonstration Club, Lake Cisco Home Demonstration Club, Ladies of the Cisco Lutheran Church, and ladies of the First Christian Church, all of Cisco; Nimrod Neighborhood Club, Flat-

Mrs. M. K. Beazley Wins Tournament At Lakeside Club

Mrs. M. K. Beazley won the championship flight of the ladies golf tournament at the Lakeside Country Club Saturday and Sunday. Mrs. Neil Day was runner-up in the championship flight. Mrs. Andy Taylor won medalist honors.

Mrs. C. W. Johnson of Ranger was winner of the first flight and Mrs. Jack Chamberlain was runner-up. Winner of the second flight was Mrs. Joe Anderson with Mrs. Jean Jackson as runner-up. Mrs. Everett Plowman won consolation in the championship flight. Mrs. Bill Collins, first flight and Miss Jane Johnson of Ranger, the second flight.

Sharing in the honors were Miss Mary Huston of Cisco who won the long driving contest and Mrs. Taylor who won the putting contest.

Phone Traffic Expert Tells Local Problems

An average of 3700 long distance calls are handled each day by Southwestern Bell Telephone operators in Cisco, John Adams of Cisco, district traffic superintendent, told Rotary Club members at their meeting in the White Elephant Restaurant Monday.

Five hundred of these are calls originating in Eastland, he said. Adams was presented by A. D. Taylor, program chairman for the day. He was assisted by Mrs. Lola Haskins of Cisco, assistant chief operator, who gave a blackboard demonstration of the method of recording long distance calls.

"Estimating the telephone traffic for the coming week is more art than science," Adams assured listeners. This is particularly true in Cisco which also handles calls for some 20 towns, including Ranger, Breckenridge, Albany Gorman, Comanche, and Rising Star, he said.

Explaining how such traffic reacts to local events, Adams said, "The unexpected death of a prominent citizen, a fire or windstorm can effect the overall speed of answer in Cisco."

If 300 long distance calls came in at 12 second intervals during an hour they could be handled perfectly, he explained. However, he added "usually they come in bunches with too many for a brief period and then operators' sitting idle for another period."

It is an aid to the operator if the placar of a long distance call

Garrett Returns From Meeting of Lion Counsellors

H. R. (Pop) Garrett, second vice-president of Lions International Counsellors' Association, attended a meeting of the association in Kerrville Friday night.

He also attended a directors' meeting of the Lions Crippled Children's Camp there Saturday.

Garrett, who is serving his fourth term on the In-Take Committee of the camp, reported that 740 children will have attended at the summer's end. Approximately 2 million dollars has been spent on the camp by the Lions Clubs.

Plans were completed for the training school for the blind which is sponsored by the Lions and which uses the camp facilities during the nine months when the Crippled Children's camp is closed.

"The school has been highly successful in training adults who have recently lost their sight to care for themselves and to earn a living," Garrett said.

O. L. Stamey of Cisco, attended the international Counsellors' Association meeting with Garrett.

Farm Bureau Queen To Be Named Friday In Ranger

The young lady chosen as the Eastland County Farm Bureau Queen will be crowned at 8 p.m. Friday, Aug. 11, in the National Guard Armory in Ranger.

The queen will be selected from 10 candidates entered in the contest. Miss Judy Sitton, daughter of Mr. and Mrs. J. W. Sitton of Cisco, who was the 1960 Eastland County Farm Bureau Queen, will relinquish her crown to the 1961 queen.

The queen chosen from the 10 contestants will represent this area at the state convention in Galveston on Nov. 12-15.

The candidates for queen are as follows: Carol MacMoy, daughter of Mr. and Mrs. H. B. MacMoy of Eastland; Claudette Guy, daughter of Mr. and Mrs. A. E. Guy of Carbon; Anita Duncan, daughter of Mr. and Mrs. Obie Duncan of Route 1, Eastland; Helen Blackwell, daughter of Mr. and Mrs. O. E. Blackwell of Ranger; Paula Coats, daughter of Mr. and Mrs. J. A. Coats of Cisco; Christine Stroebel, daughter of Mr. and Mrs. Carl Stroebel of Cisco; Darline Dunning, daughter of Mr. and Mrs. R. H. Dunning of Cisco; Bernita Guiley, daughter of Mrs. Selma Guiley of Ranger; Shirley Hagerman, daughter of Mr. and Mrs. L. E. Hagerman of O'cars; Carolyn Cawley, daughter of Mr. and Mrs. Paul Cawley of Rising Star.

Bill Fox of Eastland will be master of ceremonies. Mrs. Andy Taylor of Eastland is the director of the entertainment. Performing in honor of the queen and her court will be the Young School Twirlers of Ranger, made up of Dorothy Ann Oliver, Brenda Tackett, Jane Ann Bradford, Kay Wilhelm, Cheryl Huffman, Pam Dennis, Betty Jo Weekes, and Teresa Huling. The affair is open to the public, and everyone is cordially invited to attend.

Members of the Women's Committee, who planned the event, were hostesses at a coke party at the rehearsal held Tuesday night in the National Guard Armory in Ranger.

All parents with children starting to school are urged to register them in the business office before August 18.

Phil Hewitt, band director, has reminded all band students that band practice starts Aug. 14 at 8 p.m. in the band hall.

Eastland High School sophomores and freshmen may check their schedules for the school year today and Friday.

All parents with children starting to school are urged to register them in the business office before August 18.

Phil Hewitt, band director, has reminded all band students that band practice starts Aug. 14 at 8 p.m. in the band hall.

Dr. Whittington Gives Facts On School Issue

"In just ten years, the debts of all the Eastland County school districts could be paid off completely and in the same ten years, a new central high school could be built and paid for without an increase in taxes," Dr. James Whittington told members of the Lions' Club at their meeting Tuesday.

These benefits are possible, he said, because of the passing of Senate Bill No. 80 last June.

Under the new law, two and one half to three million dollars would be released for use in Eastland County, only, he stressed, if each district voted to form a consolidated unit.

Quoting from a booklet by the National Commission on School District Reorganization, Dr. Whittington presented facts which appear under the heading, "We Hold These Truths To Be Self-Evident."

The facts listed by the Commission were that:

(1) "Most of our people—especially our rural boys and girls—need broader and better education than they are getting. (The odds against the poorly educated man or nation today are appalling.)"

(2) "In thousands of school districts the education offered is not good enough—even for yesterday."

(3) "The states are charged with responsibility for giving suitable education to all within their border. (With such federal aid as the people through the Congress shall determine.)"

(4) "It is sound American practice to give citizens an opportunity to share responsibility for education through local school districts; but"

(5) "The state has a duty to see that school districts are satisfactory and to change them when they are not."

(6) "Districts are satisfactory only when (A.) They are able to provide education comprehensive enough to meet the needs of all in the area served; (B.) They permit efficient and economical"

school administration; (C.) They give citizens an active share in shaping the policies of schools serving their communities."

Dr. Whittington, who headed a special school study committee appointed by the School Boards of

Services Held For Husband of Former Resident

Funeral services were held Tuesday in Austin for Thad Patrick. His widow is the former Miss Carolyn Kelly, daughter of Mr. and Mrs. Wallace Kelly of Austin, former Eastland residents.

Survivors include two small children.

Patrick and his family had recently moved to Batheda, Maryland. He became ill three weeks ago and died Friday in the U. S. Navy Hospital there.

Nathan Curry, 16, has been declared by the court to be a delinquent child by reason of having committed an act of burglary on or about June 28, 1961 at the private residence of Mrs. Florence Hussey in Cisco. Judge John Hart stated Wednesday morning.

All attorneys and witnesses in the case have been instructed by the court to make no comment regarding this hearing other than indicated in the above statement. Hart added. Judge Hart said that an order of commitment had been issued and that members of the Eastland County Sheriff's Department left Eastland at 11:30 a.m. Wednesday with young Curry, to place him in the Gatesville State School for Boys.

The hearing, which lasted two and one-half hours was held in the Eastland County Court.

Curry has been under arrest in connection with the stabbing murder of Mrs. Hussey, secretary of the First Baptist Church in Cisco.

It was understood before the hearing that if Curry was declared a juvenile delinquent he would be held in the state reformatory at Gatesville until he is 17, when he could face trial as an adult on a murder charge.

District Attorney Earl Conner Jr. dismissed an early charge of murder and substituted the burglary charge.

Curry was represented by Allen D. Dabney Sr., who was assisted by George Leonard and Temple Dixon, both of Sweetwater.

Robert Kirk Dies In Gorman Rites Held Monday

Funeral services were held Monday afternoon for Robert Lee Kirk, 82, in the First Methodist Church in Gorman. Mr. Kirk, a retired farmer and lifelong resident of Gorman, died in his home Sunday.

Mr. Kirk, who owned the land on which the Kirk oil pool was discovered, was a steward in the First Methodist Church, a member of the board of education and active in civic ventures.

Surviving are his wife, a daughter, Mrs. Edgar Higginbottom of Gorman, six sons, Dean and (Continued on page Six)

Paula Prentiss, Brigid Bazlen, Steve McQueen and Jim Hutton curt off Jack Weston, a sailor who has imbibed too freely, in this scene from Metro-Goldwyn-Mayer's "The Honeymoon Machine." The comedy revolves about U. S. Navy personnel stationed in Venice who use an electric computer in an attempt to break the bank at the local gambling casino. It's in CinemaScope and color.

AS IT LOOKS FROM HERE

WASHINGTON, D. C.—Four years ago, this column attempted to point out a dilemma on policy in national defense. Since the end of World War II, the Defense Department as to whether or not this Country should be prepared to wage two kinds of war, namely nuclear war or that fought with conventional weapons. There is no choice but to be prepared for nuclear war, but some have thought there was a choice as to whether or not we maintained the ability to fight a limited war with conventional weapons. Although the problem has hung heavy over the heads of top governmental officials for the last several years, the general policy has been to increase our stockpiles of nuclear weapons with little or no emphasis on weapons of a non-atomic nature. The Korean War was the first test which confronted our Nation as to whether or not we used the atomic bomb. It was not used and the war was fought with World War II conventional weapons. At that time, we had a monopoly on the atomic bomb, but today we do not. In front of us is the test on Berlin. Many people ask why it is proposed to call up Reserves and

"DON'T TAKE IT WITH YOU" is the thoughtless attitude of litterbugs, who leave a trail of trash on the highways. Texas Highway Department maintenance crews clean up the mess as shown here. The Department asks that you dispose of your trash in proper containers. Please keep Texas highways clean for the enjoyment of others.

Highway Department Asks Not to Be Litterbugs

You can't take it with you, and they often break when thrown from a car window and can cause slashed automobile tires or injuries to people who step on them; third, they can be the origin of grass fires caused by the summer sun's rays.

He said the litter problem is especially acute in Texas' 1,000 Roadside Parks during the summer months when they are heavily used. "We provide disposal units at these parks and ask that they be used."

Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sniffers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. Honeymoon Machine A Laff Riot! Showing At Majestic Thursday, Friday, Saturday

Steve McQueen is astonished to learn that the salve which Brigid Bazien has applied to his injured fingers consists of peanut butter! It's one of the laugh moments from Metro-Goldwyn-Mayer's new comedy, "The Honeymoon Machine." The story in an attempt to break the bank at a Venice casino. Also stars in the CinemaScope and color attraction are Jim Hutton, Paula Prentiss and Dean Jagger.

IMPEACHES A WITNESS

A story they tell on Lincoln is how he once proved his client's innocence by impeaching an eye witness. Lincoln's client had stolen a chicken, the witness vowed, at a certain time on a certain night. Asked how he could see so well at night, the witness declared "by the light of the moon—just as clear as day." Lincoln "impeached" the testimony with ease by pulling an old almanac out of his pocket. It showed that no moon was up at that time, nor was it full on that date.

Trials are hard on everybody—witnesses and parties alike. They often take place when other ways to settle a dispute have failed, and there are hard feelings. But granting good faith, people do make mistakes in what they recall. After they have told their story a few times, many are dead certain—like Lincoln's witness—that they did see and hear what they say they did. And so for the sake of justice, courts allow each side to test a witness' reliability. Sometimes a witness is so obviously prejudiced or so obviously twisting the facts that the cross-examiner easily discredits his story.

But often sincere witnesses tell different stories, and the jury has a right to know how much weight to give each. It is the jury's sworn duty, in fact, to weigh the credibility of witnesses. And a good way is to see how a witness' story hangs together under fire or checks with other known facts. (This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variation in facts may change the application of the law.)

Lola Wilcox and J. F. Davis Have Wreck on Seaman

Lola Wilcox of Ranger and James Franklin Davis of Midland were involved in a collision on South Seaman St. in Eastland Sunday evening. Each car was carrying four passengers. Mrs. Wilcox was driving a 1961 Pontiac and Davis was driving a 57 Oldsmobile. Only minor injuries suffered with a heavy car damage.

I Give You Texas

By BOYCE HOUSE

One of the few spots which proved somewhat disappointing in New York City on my first (and only) visit was Washington Square. It is a bare looking place, with lots of concrete and little of nature. The song, "Rose of Washington Square," was echoing in my memory; but I saw only one woman who would be considered really pretty in Texas.

Nearby was Greenwich Village. (Maybe Washington Square is part of the Village.) One place with a rather quaint name, "Cozy Corner Coffee Shop," had a sign, "Ice cream sundae." Reminded me of the man who said, "Bring me pie a la mode—and put some ice cream on it."

A bit of history which I had never heard before is in Fallows' "Life of McKinley."

Telling of the martyred president, the writer says that when the orchestra learned that Lincoln was going to attend the performance, an Italian named Taltavullo suggested to the director that the orchestra flag be used to decorate the box, and this was done.

I was on this flag that—after the fatal shot—the assassin's foot caught as he leaped from the box, causing him to fall heavily to the stage and injure his leg. But for the injury, Booth might have escaped. Afterward the flag was for a long time in the possession of the orchestra director, William Withers Jr., who then gave it to the owner, Taltavullo, who resided in Memphis, Tenn.

Tombstone is one of the best-known towns in the world. At least a dozen books have been written about the Arizona mining town—and not telling how many movies have been made about it.

The place was laid out in 1879 and two years later, it had a population of 7,000—although some say the number was double that. The town enjoyed (if that is the appropriate word) five years of wild life and another five years of real activity during which most of the \$80,000,000 worth of minerals were produced. The inhabitants now total less than 1,000.

Dr. Whittington-

(Continued from Page One) Eastland, Ranger and Olden, distributed a fact sheet to members of the club. On it the total debt of the school district is given as \$1,690,552. Cisco owes \$547,952; Ranger, \$545,727; Eastland, \$125,000; Rising Star, \$168,696; Gorman, \$158,198; Deadmona, \$40,686; Scanton, \$37,178; Carbon, \$22,125; and Olden owes nothing.

S-Sgt. Lowery Returns from Saudi, Arabia

S-Sgt. Arthur Lowery, just completed a 13 month tour of duty in Saudi Arabia, returning with his family and his Mr. and Mrs. Lawrence of Cisco.

S-Sgt. Lowery shared his experiences in Saudi Arabia with Telegram readers through letters which he wrote to the paper.

The Lowerys have a 5-year-old daughter, Debra. Mrs. Lowery's daughter have been making home in Cisco.

TELEPHONE TALK

by Archer H. Marx, Jr., Manager

"GRASS ROOTS CAPITALISM"
The newspapers recently ran a story that I thought pretty significant. It gave real insight into our American economic system. The story reported that, for the first time, an American business had 2,000,000 owners. This "first" was achieved by the Bell System, of which my company is a part.

Hugh and Irene Polson of Wichita, Kansas, are the millionth shareowner. Pictured with them above are two youngsters — Kay Louise, 9, and Stephen Hugh,

The Polsons own and run their own pharmacy. And, although they keep plenty busy with the drug store at home, they take part in church, PTA and community activities.

Mr. and Mrs. Polson own ten shares of stock. They bought it as part of an investment plan to send their children to college. Like the Polsons, a great many investors — 2,000,000 in fact — have fewer than 10 shares. Of the two million shareowners, nearly 850,000 are women and 300,000 are telephone employees.

This is real evidence of "grassroots capitalism," and Mr. and Mrs. Polson typify many of today's "grassroots" investors, who come from all walks of life, from all parts of the country.

As I said before, here is a truly significant story. Here is the nation's largest business, the Bell System, now owned by 2,000,000 people. Here is a dramatic testimonial to the American economic system. Here is democracy at work — with all the world to see.

BELLS ARE CHIMING
Tired of hearing the telephone ring? Why not listen to the chime when you receive a call at home. What I am referring to is one of our very newest and most modern telephone gadgets — the Bell Chime. We have just recently introduced a Bell Chime in our Eastland Business Office for you to see and hear. It actually is three different tones in — chime, regular bell and loud bell. You can set the chime as you wish by just flipping a switch. It comes in two beautiful colors — ivory and gold. You will also appreciate its very reasonable price.

Be one of the very first families in Eastland to have a Bell Chime installed in your home. Why not stop by the Eastland Business Office today and see it demonstrated for you. You will want one too.

Call by number. It's twice as fast.

REMEMBER HOW GREAT CIGARETTES USED TO TASTE? LUCKIES STILL DO

LUCKIES DON'T SKIMP

They're so round, so firm, so fully packed—so free and easy on the draw. They're fully packed with fine tobacco. They're firmer than any other regular cigarette. And Luckies smoke longer.

THAT'S WHY THEY TASTE SO GREAT.
