6	of 16 Passes Completed	3of 7
1	Passes Intercepted	1
3	for 31 Punts, Avg. 11 for 115	1
1	for 5 Penalties	11 for 115
1	Fumbles Lost	0

The Eastland Mavericks drew a bead on the goal posts and got themselves six points Friday night, but failed to get enough, soon enough.

A heavier, more experienced DeLeon Bearcat team scored in every quarter and when it was all over, had 45 points to their credit.

The Eastland team lifted themselves out of the scoreless column and lifted the Eastland fans to their feet in cheers.

Mike Graham, little 135-pound back, plunged across from about the two yard line late in the last quarter, following a succession of good turns for the locals.

The aerial route was the moving factor for the Mavericks in the second half.

The Bearcat's Gerald Van Zandt, 1-70-pound halfback, scored early, with about three minutes gone in the first for the DeLeon team. Attempted run-over for extras failed.

At almost the same time in the second quarter, Buddy Lamb, 140-pound back, added six more with a stand-up dash. The Bearcats got across for two extras.

Later in the second, Mike Thomas, 200-pound fullback, ran over from about the 11, but an attempted kick for extra failed.

Danny Burlison, 150-pound back, plunged over for six more and Lamb literally jumped across for the two extras.

The big second quarter for the Bearcats netted 22 points and made the score at half time 28-0 in their favor.

The aerial display got underway for the Mavs early in the second, but the first attempt was intercepted.

Tossing Tommy Beck, 150-quarterback, connected with Johnny Shoemaker, 130-pound end, for six yards just before the end of the third quarter.

They kept after it after the field switch, and racked up about 25 more yards with a Beck to Shoemaker toss. A toss from Beck to Jody Cooper, 145-pound back, netted eight more.

Then a fumble went into the hands of the Bearcats, but the Mavs stayed four non-productive downs, and started again.

Beck put a pretty one into the hands of Graham to advance 48 in the two yard line. The fans were on their feet.

The next play saw no gain, but on the next try, coach Jimmy Hughes' boys tasted the sweet taste of scoring. They'd been scoreless throughout all the non-conference games, and they beat the ones that count next week.

Van Zandt added six points for DeLeon in the third quarter, and then took the honors with an extra-point kick.

(Continued On Page Four)

## Fire Prevention Week Begins Today

Once again we are approaching Fire Prevention Week. It is Oct. 8-14. Once again comes the annual push in schools, civic groups, in the churches and many other places to urge men and women and children to use a little common sense to prevent fires.

Fire safety mostly a matter of examining your premises now and then with an eye to fire hazards; of reminding families that there could be a fire that could raze their home and perhaps injure its residents.

"Today's Health", the magazine of the American Medical Assoc., offers a few basic pointers for fire safety in its October issue. Treatment of more or less severe burns is a common part of medical practice for physicians everywhere.

The garage and the attic are traditionally the catchalls for junk and rubbish. Fire Prevention Week is a good time to do a thorough cleaning job on both areas of your home. Throw out old newspapers and magazines, old clothes and rags, worn out toys and furniture. While you're cleaning, do a cleaning job on the furnace and make certain it is running smoothly. Keep the cans of paint and turpentine well away from the furnace.

All over the house the electrical outlets and wiring are due for a periodic examination. Worn electrical cords should be replaced, along with battered plugs and sockets. Do you have three or four lamps or fixtures plugged into one socket? An overload can start a fire.

Accumulated grease in the kitchen stove causes many home fires. Clean the range. It needs cleaning anyway and the kitchen will be much safer. Are the matches on a high shelf, out of the reach of children?

The garage is favorite spot for storing rubbish and junk. Clean out the garage and get rid of the junk before winter sets in. If there are some cans of paint left over from the summer's renovations, throw them away. Or, at least, make certain the lids are tight.

Clean up around the yard and remove all trash, grass cuttings and leaves that will burn. A fire in the yard could easily spread to the house. If you burn the outdoor trash and leaves, have an adult present and a garden hose attached and ready if needed.

There are other fire safety precautions, but most householders already know them. The important thing is to be aware of the danger of fire and to make your home as safe as possible.

## United Fund Goal Set At \$6,820

The 1961-62 United Fund campaign which gets under way in Eastland this month, will be looking for a little less money than it did last year.

The goal for the upcoming drive is \$6,820.

Last year the goal was \$7,150, indicating a decrease of \$330 being sought this year, according

to the United Funds Campaigns Reporter.

The Eastland Fund will be supporting the same agencies as last year.

Receiving benefits from the UF donations of Eastland citizens will be the Y.M.C.A., the Boy Scouts, the Salvation Army, the Red Cross, United Defense Fund, the Girl

Scouts and the Gonzales Warm Springs Foundation.

Donald Kinnaird Jr. is chairman of this year's campaign drive. Appointed to the advance gifts committee have been Bill Frost, Tom Wilson and Virgil Seaberry, Jr.

Glyn Gilliam will serve as accountant for the drive and Dick Spalding will be in charge of the kick-off breakfast which will be held in mid-month.

Neighbors to the West, Cisco have set a goal of \$9,100 and Lloyd London will head that city's drive.

Ranger's goal has been set at 7,251.

## Eastland Firemen Win First in Assoc. Meet

The Eastland Volunteer Fire Department members worked like clockwork, spooling out hoses and making connections, and only 22 1-2 seconds after they had begun, swept first place in the North Central Texas Firemen Assoc.'s drill team competition in Breckenridge this week.

Other department and their

times were: Cisco, 23 1-2 seconds; Weatherford, 25 seconds; Mineral Wells, 31 seconds; and Breckenridge, 48 1-2 seconds.

L. E. (Lefty) Sublett, Eastland County deputy sheriff and county jailer, is president of the association and presided at the meet.

There were 24 men from Eastland present.

Norvelt Terry of Weatherford, third state vice president, was the principal speaker at the Tuesday night meet.

Joe Brittain of Cisco, second vice president of the association, was also present.

Eastland's winning drill team was made up of Elton Simpson, Johnny Grimes, D. J. Daniels, Jack Graham, Jack Willis, Ray Harben and Fire Chief Guy Robertson.

## 1,423 Head Sold Tuesday

Sales were brisk at the Eastland Auction Co. this week: 309 sellers selling 1,423 head of livestock to 96 buyers.

There were 1,158 cattle, 137 hogs and 128 sheep and goats sold.

Butcher bulls brought \$16 to \$17.00; Butcher cows, \$14 to \$15.30; Canners and cutters, \$10 to \$14; Pairs (medium kind), \$160 to \$218; Butcher calves, \$21 to \$23.10; Stocker calves (under 500 lbs.) \$25 to \$27.50; Stocker calves (over 500 lbs.), \$23 to \$25; and Butcher hogs, \$16 to \$18.

## Final Rites Are Held for Mother of Eastland Man

Funeral services for Mrs. J. A. Richardson were held at 8 a. m. Brothers Funeral Chapel in Teague Thursday, Oct. 5, with Rev. Elwood Birkelbeck officiating and Rev. W. A. Casidy assisting.

Mrs. Richardson died at her home Tuesday at the age of 89. She had resided in Freestone County for many years. She was a member of the Methodist Church.

Mrs. Richardson had visited in Eastland many times.

Survivors are three sons Robert Richardson of Teague and Jess Richardson and Duncan Richardson both of Eastland; two daughters, Mrs. Willie Little and Miss Verne Richardson of Teague; seven grandchildren and a n d 13 great-grandchildren.

The Rev. Haston First Baptist set a setting in the church was a bit chilly, during the ball game, thousands of other

## Carla Relief Fund Lacks Only \$679.25

The Eastland County Red Cross Chapter is only \$679.25 short of its goal to raise \$1,566 for the Hurricane Carla Relief Fund.

Gifts late this week have increased the total to \$886.75. Individual contributions by each town was as follows:

Eastland, \$298.31; Cisco, \$371.94; Ranger, \$100; and Gorman, \$116.50.

Additional checks from Cisco for \$131.94 and from Gorman for \$116.50 boosted the fund, E. E. Freyschlag, county treasurer, reported.

He said that the national organization has received 18,000 requests for help from victims of the storm and 98 per cent of that amount are from Texas. The other two per cent came from people from Louisiana.

## Two Families Move Here In September

There's a new surveyor and an artist now calling Eastland home.

Families of the two men are listed as new arrivals in the city during the month of September by Mrs. Frank Sayre, hostess.

Reaves T. Magness is the new county surveyor, and he and his wife live at 409 S. Oaklawn St. They came here from Waco and have two daughters, 4 and 2 and a son, 9 months. The family attends the Christian church.

John G. Griffen is an artist with Victor Cornelius printing. He and his family moved here from Dallas. They live at 310 E. Main St.

Their children are three boys, 6, 4, and 2 1-2 and a girl, 5. The family is Baptist.

## Former Eastland Resident To Get High FHA Award

Joe Milburn of Brownfield, former Eastland resident and relative of several Eastland people, was to be in Kansas City, Kan., Sunday where he was to be awarded the American Farmer Degree, the

highest honor that can be earned by a Future Farmer of America.

His mother is Mrs. Margie Milburn and his grandparents are Mr. and Mrs. Sid Fowler. The family formerly lived in the Olden area.

Young Milburn is the third FF A member from Brownfield and Terry County to receive the coveted award.

In recognition of his attainment, the S. A. T. & F. Railway officials presented him a certificate of award and appreciation last week.

Milburn and his wife Doris will attend the national FFA convention and the American Royal Livestock Show in Kansas City.

## County Harvest Walnut Crop

Eastland County Courthouse employees have gathered this year's walnut crop.

The crop was taken from one of two rare two-year-old Persian Walnut trees on the east side of the courthouse.

The yield? One nut.

## Public Invited to P-TA Safety Meet Mon. at EHS

Safety at home, at school, and in business will be the keynote for the District I Parent-Teachers Assoc. safety assemblage to be held in Eastland Monday from 10 a. m. to 2 p. m.

Everyone is encouraged to attend and there will be no admission charge. Mrs. Marcus O'Dell, P-TA president in Eastland, has announced.

The assemblage is for the purpose of informing and instructing all interested people in safety measures applicable to all areas of living including family, school, and business activities.

Registration will be from 9:30 to 10:15 a. m. at the High School Auditorium.

The program will be as follows: 10:30-11:30: Glyn Covington, Safety Engineer for Lone Star Producing Co., speaker.

11:45-12:30: Luncheon served in the Eastland Gym. (Tickets \$1.25, three cents tax.)

12:45-1:10: Texas Electric film on mouth to mouth respiration.

1:10-1:50: Panel discussion with question period.

Counties in the district include Eastland, Shackelford, Callahan, Stevens, Coleman, Brown, Parker, Mills Hamilton, Comanche, Erath, Palo Pinto, Hood, Summerfield, Tarrant and Johnson.

SEE and Drive the 1961 PONTIAC... fresh point of view and wide track too! MUIRHEAD MOTOR CO.

## Dr. P. D. O'Brien To Be Speaker At Rotary

Dr. P. D. O'Brien, retired pastor of the First Baptist Church of Big Spring and native of Eastland County, will be guest speaker at the Eastland Rotary Club luncheon Monday, Oct. 16th.

Dr. J. H. Caton, 700 W. Moss St., is making arrangements for the evangelist's appearance here. Since retiring earlier this year, Dr. O'Brien has been holding revivals over the state.

He was born near Pleasant Hill, has held pastorates in this area and will be conducting a revival at the First Baptist Church, Cisco, beginning the 15th.

## Ranger Woman Charged With Check Swindling

Two counts of check swindling have been charged against Mary L. Williams of Ranger in Eastland County Court and she has been released on \$200 bond.

The case was transferred from Justice Precinct No. 1, and the charges accuse the woman of giving worthless checks to two Eastland drug stores.

## Jaycees Hold Accounting And Plan for Future

Eastland Jaycees held an accounting session Thursday a n d heard reports of committee chairmen for the Second Annual Peanut Bowl held recently.

An accurate report of profits is not available because the club is still paying bills and determining their standing.

The Club voted unanimously to contribute \$50 to the Eastland Future Farmers of America Chapter here for helping clean Maverick Stadium a n d relocating bleachers.

Members almost agreed to disagree concerning the purpose of the Peanut Bowl Festival. Some expressed belief the event was a

money-making endeavor only, while others argued that the sole purpose for the day was for the over-all betterment of the city.

Most outspoken was Dick Spalding, who was publicity chairman for the event, who expressed the belief that the Peanut Bowl is the one big event in which the club can make money, for its long list of other activities, most of which are non profit-bearing.

Heated words flew to and fro among the outspoken Jaycees, but symbolic of the young Eastlanders' nature, the club later harmoniously discussed future projects and "dreamed big" for days ahead.

### OLD RECORDS REVEAL

## Eastland Voters Harmonious At Least Once In History

There has been at least one time in history when every Eastland voter saw eye to eye on an election.

Way back in 1882, about twenty years after the county was founded, an election was called for the purpose of determining whether the town of Eastland would be incorporated for public free school purposes.

County Judge J. T. Hammond had been petitioned by 20 citizens to call the election.

The vote was set for Sept. 11, 1882.

And 52 qualified voters voted for the incorporation.

There were no opposing votes cast.

The following month, Oct. 17th, an election was held to name the first board of trustees.

The five school board members elected were R. B. Truly, T. U. Conner, C. U. Connelley, I. U. Everall and J. W. Cox.

Possibly as a foretaste of the future and a time when voters didn't vote alike, were the results of a vote to decide the legal sale of "spirited liquor or intoxicating liquors or medicated biters," in Precinct 8

(Precinct 8 is believed to have consisted almost entirely of Democrats at that time.)

There were 55 people who were for prohibition and 44 against—therefore there was no "mediated biters" legally sold in Democrats in the early '80s.

According to records on file in the County Clerk's office, from which these bits of legal history were taken, the county commissioners court members drew \$3 per diem for their services, back in those days.

## Early Sheriff Now Stored

The likeness of Sheriff James R. Schmick is looking for a home.

A large oil painting of Sheriff Schmick, Eastland County's first sheriff, is now stored in the vault in the sheriff's office at the courthouse.

The sheriff's portrait shares the vault with odds and ends including assorted confiscated intoxicants, recovered but unclaimed items which have been stolen, records, etc.

Plans are to put sheriff Schmick on display somewhere within the courthouse for the public to view.

## POE FLORAL remembers when! Do you?

"The Big Event"

If You Know The Occasion or If You Can Name Any or All The People, Write The "Telegram" and Tell Us

## Rising Star Soldier Is In Maneuvers

Army S. Joe R. Walker, 32, son of Mr. and Mrs. Bill M. Walker, Route 1, Rising Star, recently participated in Exercise Sea Wall, a six-day amphibious maneuver conducted on San Juan Island, Puget Sound, Wash.

Participating in the exercise were over 12,000 Army, Navy and Air Force personnel of the Tactical Air Command, amphibious units of the Navy and elements of the 4th Infantry Division, Fort Lewis, Wash. The mission of the unified force during the exercise was to establish a beachhead on San Juan and then to dislodge and destroy "enemy" forces entrenched on the island.

Walker, a platoon sergeant in the 2nd Engineer Amphibious Command's 592d Service Support Battalion at Fort Lewis, entered the Army in 1948.

He is a 1947 graduate of Cisco High School and attended Cisco Junior College. His wife, Louise, is with him at Fort Lewis.

**IT'S THE LAW in Texas**  
A public service feature of the State Bar of Texas

Separation of church and state is a basic principal in our law. For example, the other day a Maryland citizen sought a notary's commission. To get it, he would have had to declare his belief in God. Refusing to make this religious declaration, he got no license. He sued for it and lost.  
He took his case to the U. S. Supreme Court. The court said he should get his license without taking the religious oath. The court will not enforce such a state law since it violates the safeguards

**'SOUND OF MUSIC' IN DALLAS**

"The Sound of Music," the last great musical hit by Rodgers and Hammerstein, will be presented at the 1961 State Fair of Texas in Dallas, Oct. 7-22. Stars of the show are Florence Henderson as Maria and John Myhers as Capt. Von Trapp. The show is based on the true story of the famous Trapp family singers.

of freedom of religion.  
At common law all oaths referred to God. Their reference to God was a reminder of possible divine punishment for a false oath. For centuries, an Englishman who would not take such an oath could not enforce his rights in court.  
Today, other solemn declarations are allowed to bind a person's conscience instead of an oath referring to God.  
The U. S. Constitution says that "no religious test shall ever be required as a qualification to any office or public trust under the United States."  
Though some federal oaths have religious references, the government cannot force a person to profess a belief or disbelief in religion.  
Government cannot "establish religion" and must remain out of religious activities so far as possible.  
How far can the government go in religious activities? The state can provide buses for parochial schools to promote safety for children (not to establish religion). State schools may release children for church classes. A church or church school may claim tax exemptions.  
In the past, the U. S. has provided funds for ex-G.I.'s to go to colleges, some of them religious. The Armed Services have long had chaplains of various religious faiths. A long time ago the U. S. used funds to aid missionaries.  
(This new feature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

**'Remember When'**  
**It's About Some Like a 'Tear' To**

Here's one that should really please the old-timers.  
The "Remember When" entry, which earned a spot on the front page this week due to its timeliness, is one that should call back the memories.  
Who are the people and what's the event?  
Actually, it shouldn't take a genius to guess the event, but the identity of the people might come a little harder.  
This is the second in a series for your enjoyment (and they make fine clippings for scrapbooks, too, by the way.)  
We want you to sit right down, and write the "Remember When" Editor, Eastland Telegram, and tell us which faces you recognize in the picture. Maybe you don't recall all of them, but we'd like to know the ones you do remember.  
The game this week is being sponsored by Poe Floral, Canaris Studio and the Telegram Staff.

Last Sunday, the an old (1955) picture which drew attention from our readers. This one, which connected with our city, should be of "remembrance" that you get participation in the event. No, prizes, but readers know who the people in the picture are. "Ready, set, go!"

Eastland Public Relations have passed the school year. During the year it was "six-weeks" the schools.

## Band Boosters To Kick-off Busy Season at Monday Meet

A paid-for band hall and forthcoming projects will be items for discussion at a meeting of the Eastland Band Boosters Club Monday at 7:30 p.m.

The boosters will kick off their main fund-raising campaign of the year Monday at the meeting when last-minute plans are laid for selling the band calendars again this year.

The calendars will go for \$1 each.

Other projects for the year will include magazine sale to benefit the junior high school band and two candy sales to pay for special band functions.

Ed Sargent, president of the boosters, will be in charge during the meeting Monday and will report on funds raised by the club from concession at the Peanut Bowl Game.

These funds helped retire loans against the band's new hall.

Persons who subscribed for magazines last year through the boosters, and failed to receive them as ordered, are invited to contact the club, which has made arrangements with the companies to correct errors in mailing list.

A break-down in the publishing company's recording procedures is blamed for the mix-ups, and the boosters are very anxious to see that the Eastland subscribers receive their magazines.

This year's magazine drive will be held Oct. 20-30, and the proceeds will go toward replacing uniforms for the junior high school

bandmen.

The first candy sale will be held Dec. 1-8 and will go toward repairs of band instruments. "World's finest chocolate" will be sold.

The second sale will be the first week in May and will pay for Eastland band members' tuitions to a summer music camp at Tarleton State College.

Clarence Sawhill, band director at UCLA and world-famous band authority, will be director of the Tarleton summer camp.

All parents are urged to attend the Monday night meeting.

## 3 Men Inducted, Others Examined By Draft Board

A total of 16 young men reported to the Eastland-Stephens Selective Service Board in Eastland Thursday for pre-induction physicals and three reported for induction.

Board Clerk Jewell Reeves said that the October call for men was above the September call, when 18 young men took physicals and two were inducted.

Actually, she reported, there were 22 men called from the two counties for October for physicals, but six transferred to other boards for examinations.

## For County Contest

# Mendelssohn Concerto To Be Pianists' Work

"One, and two, and three, four." The piano players in Eastland County are going to have to practice double-time to be ready to show their wares at the First Annual Piano Concerto Contest.

Plans are moving forward and the industrious piano artists in the county are being reminded to get ready early.

The selections will be "Mendelssohn's Piano Concerto in G Minor," first movement.

It's a challenge to the best, but reports are that there are public school pianists who will be ready when contest time comes.

Date for the competition hasn't been definitely fixed, but chances are it will be the last week of January or the first week of February.

Three outstanding judges have already been selected and they have agreed to come here for the event but exact dates are to be worked out.

There will also be a contest for Eastland public school students at the same time. The selection will be the violent "Sabre Dance." Winner of the Concerto contest will be featured in a special concert with the Eastland bands on May 8th.

winner in a formal concert that's expected to be a bonus performance.

Eastland's three bands, the marching and stage bands and the junior high school band, will accompany the presentation. A full evening's musical treat will be the bill to fare.

The valued Eastland Sousa award presentation will be made at this concert.

Winner of the Sabre Dance competition will perform during another special concert, to be held sometime in March.

## Judy Mehaffey Is Sorority Pledge

Judy Beth Mehaffey of Gorman is one of 119 new social sorority pledges this semester at North Texas State University.

Daughter of Mr. and Mrs. R. C. Mehaffey, Gorman, Miss Mehaffey has pledged Zeta Tau Alpha. She is a sophomore education major at NTSU.

## Roper-Summers Vows To Be Read At Eastside Baptist Church

MISS CHARLENE ROPER

Mr. and Mrs. John H. Roper of Ranger announce the engagement and approaching marriage of their daughter, Charlene to William S. Summers, son of Mr. and Mrs. L. D. Summers of Ranger.

The couple will exchange vows Oct. 13 at Eastside Baptist Church.

Miss Roper is a senior at Ranger High School and the prospective bridegroom is a member of the 49th Armored Division.

All friends and relatives of the couple are invited to attend.

clash in the pathology lab of a metropolitan scene with Ben Gazzara, Fredric March, and Eddie Albert, as they appear in "The Doctors," opening Sunday at the Majestic Theatre, Grand Artists.

## Notes

### Dear Honeymooner Pay Only \$900

makers might use products to help "luggage" by mbs. Space travel costs could be cut drastically by a breakthrough in nuclear propulsion, predict some aircraft engineers. If a reusable space craft can be developed, future honeymooners could travel to the moon and back at a cost of about \$300, including tips.

Doppler radar for commercial aircraft, which provides the pilot with exact information on the plane's course and ground speed more rapidly than present methods, has been approved for final flight testing by the Federal Aviation Agency.

Unexpected poison source, uncovered by the Public Health Service, is the pod of the wisteria plant. Children have become acutely ill after eating only two seeds from a pod.

Research at opposite ends of the thermometer is making news in two fields. One is an ultra-reliable refrigeration system for trucks which uses carbon dioxide for cooling instead of a mechanical unit.

The system, developed by Chemtron Corp., can provide temperatures as low as minus 60 degrees F., compared with the minus 20 degree capability of mechanical units.

It probably will find widest use in piggy-back rail shipments where reliability is very important.

The other is a problem faced by Temple university scientist working on basic research on metals at temperatures higher than that of the sun's surface. They discovered that the intense heat, up to 10,000 degrees F., is higher than the melting points of materials used as containers for the molten metals.

Dental drills are becoming faster. The newest unit spins at 260,000 rpm, using a layer of air, millions of an inch thick as a substitute for normal lubrication. The high speed drill requires almost no pressure, and reduces tooth contact time by 75 per cent.

Psychiatric disturbances and electrical storms are related, according to findings at Cornell university symposium. Our behavior may be influenced more than we realize by environmental factors which we cannot see, hear, or smell—such as the magnetic fields around us.

### Patrolmen Applications Now Being Accepted

Applications are being accepted from men 21 to 35 years of age who can meet the qualifications for possible training as patrolmen with the Texas Dept. of Public Safety.

Sgt. J. O. Tanner has announced that application blanks may be picked up at his office on the first floor of the courthouse in Eastland.

Applications must be in the Austin office of the Dept. of Public Safety by Oct. 20th in order for the applicants to take the next field service examination to select student patrolmen for the training school which begins Jan. 9th.

During the last session of the Texas Legislature, additional personnel at the patrol grade was added, several promotions are being

made and several men have been called into military service, thus creating the vacancies.

Salaries now are "more attractive" with graduates receiving \$395 to \$412—depending on the field service to which each is assigned.

### Final Rites to Be Held Today For Mrs. Bockman

Funeral services for Mrs. Willie Bockman of Olden will be held today at 3 p.m. in the Olden Baptist Church with Rev. Benny Hagan, pastor, officiating.

Mrs. Bockman, who has lived in Olden since 1923, died after a long illness at the age of 73. She was born in Mississippi but moved to Texas as a small girl.

Burial will be in the Eastland Cemetery. Hamner Funeral Home will be in charge of both services.

Mrs. Bockman was a member of the Olden Baptist Church. Pallbearers will be Travis Hilliard, Carey Hightower, O. H. Dick, Jim Everett, Tommy Edwards and J. C. Foreman.

Survivors include three sons, Hillary of Abilene, Mike of Dallas and Jack of Long Beach, Calif.; four daughters, Mrs. B. E. Osborn of Dallas, Mrs. Hershell Phillips of Abilene, Mrs. Johnny Laughinghouse of Long Beach, Calif., and Mrs. Lonnie Coleman of Gordan; and one brother, John Snyder of Dallas; 13 grandchildren and several great-grandchildren. Mrs. Hattie Baker of Eastland is an aunt of Mrs. Bockman.

#### GUESTS

Mr. and Mrs. H. D. Jeffus and Linda of San Antonio were recent guests in the home of Mr. and Mrs. W. L. Wright.

### EHS Students Write Themes On Fire Prevention for Prizes

National Fire Prevention Week will be observed at Eastland High School this week with all students participating in a theme writing contest.

### Aggregate Plant Continues Work On Multiple Shifts

The Texas Lightweight Aggregate Co. is working two eight-hour crushing crews and three burning crews per day, turning out materials which is shipped to other points for final processing.

C. W. Martin is general superintendent of the plant and H. A. Miller is company clerk. The company employs 15 men at this time.

Miller has been with this company for six years.

### Three Events Set Next Month For EHS Band

Dates for three important events in which the Eastland High School Band will participate next month have been announced by Director Phil Hewett.

The all-district band meet will be held at Comanche on Nov. 4th. Last year, 16 Eastland bandmen were placed on the honored All-District Band, for their individual skills.

On Nov. 7th, the band will go to Hurst for the Bell High School Marching Festival, where the Eastland music-makers will compete with bands from the Fort Worth-Dallas area.

The Region II Marching Contest will be held in San Angelo Nov. 18th, for competition in the University Interscholastic League events. Last year Eastland scored well in this event.

### Women's Activities

**Tuesday, Oct. 10**  
3:30 p.m.—Members of the Bethel Baptist WMU, Sunbeams Junior G.A.s and Intermediate G.A.s will meet at the church for their regular meeting.

**Wednesday, Oct. 11**  
12:15—The Civic League and Garden Club will hold their opening meeting with a luncheon in the Lone Cedar Country Club. Reservations must be made with Mrs. Robert Perkins by noon, Monday, Oct. 9.

2 p.m.—Morton Valley Home Demonstration Club will meet at the Community Club House.

The themes will be judged according to classes by impartial judges, and cash prizes will be awarded to winners.

The winners will be announced later in the week at a general assembly of all students.

In further acknowledgement of fire prevention an unscheduled fire drill will be held sometime during the week with the aid of

the EHS fire department. The fire department is made of two representatives from each class.

They are Gayle Chaney and John Stroud, seniors; Dick Whitting, Joe Russell, juniors; Jimmie Molyan and Jimmy Wright, sophomores; and Gaylon Griffin and Mike Lewis, freshmen.

### Schools To Be Inspected This Week By Fire Chief

Eastland Fire Chief Guy Robertson will inspect each of the Eastland public schools this week as part of Fire Prevention Week which begins today.

The chief will also conduct and observe a fire drill at each of the schools to determine how fast the students can empty the buildings.

Robertson said Friday that about the only possible dangerous conditions in the Eastland system is at the Douglas School. He elaborated that the wood construction of the building and its age are natural hazards which have to be constantly watched.

The week will be filled with exhaustive examinations by the chief to determine possible extra dangerous sports in all the schools.

Inspections are held regularly throughout the year, he said.

### Mavericks—

Continued From page one

Gary Burlison, 140-pound back, took his turn and went over six more in the last stanza.

DeLeon did their last scoring when Thomas placed a smooth kick between the bars for a field goal and three more points.

Showing up for frequent needed drag-downs for the Mavericks were Jimmy Molyan, Gayle Chaney, J. D. Ables and Buddy Moser.

The visiting Bears were a bit on the anxious side and committed 11 infractions for a total of 115 yards of penalty.

The Eastland High School Band, under the direction of Phil Hewett, displayed one of its finest performances Friday night.

With a "salute to the service" theme, the band did fancy formations, using production items including blazing batons, puffing smoke and an abundance of skill to set off a patriotic spectacle.

Their giant, rolling cannon presentation was of the variety seldom seen in high school circles.

Use a postal card, if you like. And by the way, just for the information of that dude Jack Somebody (Barr, Garr, Darr, or something) that comes on over the Eye-ball machine about bedtime, who was a ranting and a raving about the "penney postcard" one night this week—we didn't think they still made the penney variety.

### Convoy Is Installation Theme For Fidelis Matrons Officers

"Convoy" was the theme of the installation for officers of the Fidelis Matrons Sunday School Class last week when they met for a covered dish luncheon in the Fellowship Hall of the First Baptist Church.

Mrs. W. W. Carney, outgoing president, presided at the luncheon with members seated at tables laid in white with centerpieces of a pink and orchid color theme.

Gay feathers and pink queen's wreath formed the center arrangements.

Hostesses for the occasion were Mrs. Carney, G. S. Craven and Frank Lovett.

Mrs. Carney introduced Mrs. Tom Amis, installing officer, who in turn presided over the convoy installation. She stated in the opening service that ships in convoy depend on each other for safety and advised the fleet to use the Bible for compass to keep on true course.

Mrs. Pat Crawford was commissioned as admiral of the fleet and the officers were made captains

of their ships. Mrs. Lovett, president, was presented the ship of leadership.

Mrs. J. Siebert, vice-president, received the ship of membership; Winona Davis, secretary and treasurer, penmanship and stewardship; Mrs. J. F. McWilliams, Mrs. Wilson Eddy, Mrs. Rufus Lanier and Mrs. Jim Drake, group leaders, fellowship and comradeship.

Mrs. V. S. Poe is reporter for the class.

Mrs. Crawford wished the convoy a profitable journey and gave the prayer of dedication.

Associates teachers for the class are Mrs. Clyde Garrett and Mrs. Carl Timmons.

Attending were Mrs. Della Eddy, Sally Garrett, Mary Bargley, Genoa Brown, Bessie McWilliams, Nettie Lovett, Lorena Crawford, Sue Naylor, Von Siebert, Cora Craven, Eula Lanier, Nelle Carney and a guest, Mrs. Mildred Amis.

### Thoughts for the Sabbath

By Rev. W. S. Fisher  
First Methodist Church

The following thoughts are based upon the words found in Proverbs 4 and 1 Corinthians 13. Read these chapters first and then let us think along together.

We live in an age where knowledge abounds. No longer do we believe, "where ignorance is bliss, 'tis folly to be wise". With modern methods of transportation and communication the light of knowledge has penetrated even the darkest parts of the earth.

In the realm of technical knowledge the average school boy knows more than his forefathers ever dreamed of knowing. Greater emphasis is consistently being placed upon scientific knowledge.

A new language born in laboratories, that would have sounded like Greek to our grandparents, now flows freely from the lips of our children.

In spite of all our great strides in technology we are bewildered, confused and afraid. We have learned how to place a satellite in orbit but we have forgotten that no missile can run its true course or no satellite can circle the earth except as it conforms to the law of the Creator of the universe.

We may be wise, but in order to properly use our wisdom we must have an understanding of the nature of the Creator.

God's laws have never been repealed. They govern the universe. When we get out of harmony with the will and nature of God we bring destruction upon ourselves.

It is as simple as this—"sin is the transgression of God's law".

It is one thing to know the natural laws that govern the universe and quite another thing to understand how these principles are applicable to human relations. Unless we understand how to use these laws in the creative process of the ever working God we will bring destruction upon ourselves.

God is not only the omnipotent creator, he is also Light and Love. Above all else, God is Father. The concept of the Fatherhood of God and the brotherhood of man must be at the center of our understanding if we use our knowledge rightly. The Father wants his children to have the good things of life.

Not destruction, but joy and peace. This experience is ours when we apply the law of love to every phase of life.

It is to know, "the love of God shed abroad in our hearts".

"Therefore, get wisdom-and with all thy getting get understanding; Keep thy heart with all diligence; for out of it are the issues of life"

Afternoon Tea Opens Thursday Club Year

"Of a good beginning, cometh a good end," was the motto heading the afternoon tea opening the club year for the members of the Thursday Afternoon Club.

The lovely home of Mrs. Ben Hamner was the scene of the tea Thursday afternoon at 4 p.m.

Mrs. Ronald Burton, president, ladled yellow fruit punch from a crystal bowl which was placed at one end of the polished tea table bearing an arrangement of yellow fiki mums in an antique cut-glass container atop a matching cut-glass reflector. Placed at the opposite end of the table was a silver tray holding a yellow lemon cake which was served by Mrs. H. L. Bulgerin.

After the tea hour Mrs. Burton presided over the business session during which a telegram from Mrs. James Horton and Mrs. Joseph M. Perkins, who are both members of the club and are in Massachusetts, was read.

The members voted to change the meeting time from 3 p.m. to 3:15 p.m. It was announced that the Eastland Library's float won second place in the Peanut Day Parade. The club sponsors the library.

A humorous skit entitled "Coming Events cast Their Shadows Before Them" was presented by the yearbook committee, who were hostesses for the opening tea.

The skit, though presented in a humorous manner, demonstrated the activities of the committee they prepared the yearbooks. A look into the future programs was also revealed by the playlet.

Mrs. Hamner heads the yearbook committee consisting of Mmes. Irai Inzer, James Horton and H. J. Bulgerin.

The yearbooks were presented to the nineteen members present at the conclusion of the meeting.

Attending were Mmes. Buigerin, Burton, Hamner, Inzer, Pat Crawford, Frank Crowell, Fred Davenport, Harold Durham, I. C. Heck, Donald Kinnaird, Milburn Long, Frank Lovett, W. A. Martin, Arthur Murrell, W.D.R. Owen, B. W. Patterson, Grady Pipkin, W. S. Foe, E. R. Townsend and R. L. Young.

Christian Science

Why the healing law of God can be relied upon to overcome sin and sickness will be explained Sunday at Christian Science church services.

The subject of the Lesson-Sermon is "Are Sin, Disease, and Death Real?" Among the Scriptural selections to be read are these words of Isaiah (53): "For the Lord is our judge, the Lord is our lawgiver, the Lord is our king; he will save us. . . . And the inhabitant shall not say, I am sick; the people that dwell therein shall be forgiven their iniquity."

Reading from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (p. 381): "God is the law-maker, but He is not the author of barbarous codes. In infinite life and love there is no sickness, sin, nor death, and the Scriptures declare that we live, move, and have our being in the infinite God."

Recognition Is Received by Thomas R. Reed

Thomas R. Reed, formerly of Carbon, has received special recognition from General Dynamics for his suggestion on a space chamber.

Reed, who has been employed by Convair in Fort Worth for 13 years, is now stationed in Dayton, O., for a special assignment. He is the son of Mr. and Mrs. Earnest Reed of Route 1, Carbon.

NOW! A NEW WORLD OF WORTH!

'62 CHEVROLET JOBMASER TRUCKS WITH NEW High Torque Power!

Here's new High Torque power for every weight class—light, medium and heavy . . . the most powerful engines in Chevrolet history . . . sure saving power and dependability for every job! There are plenty of powerful reasons for Chevy superiority. High torque reasons. Reasons that range all the way from a mighty new High Torque 409 V8\* for heavies, right down to the thrifty Sixes . . . including the High Torque 261 Six\* that's available for the first time in light-duties. Loads of other reasons, too. Like the new work styling with downward-sloping hoods

that let drivers see up to 10 1/2 feet more of the road directly ahead. Like Chevrolet's proved Independent Front Suspension for even smoother riding, easier working trucks. Like the heavier duty hypoid rear axles for middleweights and the rugged new I-beam front axles\* (9,000- or 11,000-lb. capacity) available for extra-tough jobs on Series 80 heavyweights. Like the longer lived mufflers. Like work-proved Corvair 95's (2 pickups and a panel) that haul up to 1,900 lbs. of payload with low-cost dependability and sure rear-engine traction. Like to know more? See your Chevrolet dealer.

NEW CHEVROLET-GM DIESEL DURABILITY Here's new earning power for middleweights . . . rock-bottom maintenance costs, compact size, low weight, low torque and top power. NEW HIGH TORQUE V8 With 10 1/2 feet more of road available from Chevrolet.

See your local authorized Chevrolet dealer
