Weldon D. Tankersley Named **Outstanding Farmer In District**

The Upper Leon Soil and Water Conservation District named Weldon D. Tankersley as the outstanding Resident Conservation Farmer for the year 1975 at the Upper Leon Soil and Water District's third Conservation Awards Banquet at Procter Recreation Center Wednesday evening.

Weldon and his wife Delores and two daughters. Thresa and Melissa own and operate a dairy farm about four miles north of Eastland. Weldon has been in the dairy business ten years and his management ability is evident in that he continued to make money through the past and current periods of high feed

Weldon tries to keep about 75 cows in lactation at all times. To do this, he actually runs about 100 cows because the cows only produce about nine months during the year. He raises his replacement heifers and uses artificial insemination to produce the best cows possible from his herd.

He uses a mixture of coastal bermuda grass and alfalfa hay. All of the coastal hay is baled from two coastal meadows on his place. He uses fertilizer to increase the protein content of the coastal and makes two applications each year using 200 pounds of 33-0-0 in the spring and 200 pounds of 14-18-3 after each cutting. His coastal bermuda grass meadow consists of 110 acres. The last 30 acres was established in 1973. This 30 acre field produced 2,300 bales in one cutting that tested 11.5 percent protein.

Weldon has been a cooperator with the Upper Leon Soil and Water Conservation District since 1968 when with technical

help from the Soil Conservation Service he developed a conservation plan on his place. This first plan covered 384 acres which was later developed into a Great Plains Conservation Program contract.

Since Weldon was interested in getting his complete conservation plan applied as quickly as possible and his financial condition would not permit this, he applied for and received cost sharing assistance through the Great Plains Conservation Program. This program is administered by the Soil Conservation Service and cost-shares high priority practices up to 80% of the average cost. This has allowed Weldon to apply a conservation program in three years that without help would have taken ten years.

One of his first major jobs was to establish his cropland to grass. He plans to make this place his lifelong home and hopes one of his daughters will some day make her home here also. Since he can do a better conservation job with grass he decided to establish all his cropland to grass.

Some of his land was infested with mesquite and other undesirable brush. In 1974 he grubbed 50 acres of this undesirable brush. Following grubbing, a good seedbed was prepared and the area was seeded to K.R. bluestem, sideoats grama and greensprangletop. The excellent stand of grass in the fall of 1974 is a testimony to the good work carried out

Another 40 acres of undesirable brush was controlled in 1972. A severely eroding drain crosses this area and required special attention in shaping

Distinguished Visitor

We often have visitors at the Centennial Memorial Library but an unusual number of distinguished visitors have come recently. Miss Mab Hill of Dallas, Miss Laurie Dudley of the Abilene Public Library and her assistant, Sarah Jones, visited us and noted all our improvements especially the 1776 Club and its use in buying new historic books. Mr. Virgil Seaberry was surprised and pleased at the spaciousness of the Library. Mr. and Mrs. Maurice Currie of Vienna. Va., were visitors with Mr. and Mrs. Edward Harrison of Gorman looking up some ancestors. Other recent visitors are: Rev. and Mrs. Cecil Ellis. Moose Lake, Minn.; Stephanie Ellis, Boston, Mass.; Linda Hassell Stroud, Irving: Mrs. E.E. Ryer, Dallas and Mrs. Jack Bishop of Dallas.

6 File For 3 Places **On Carbon School Board**

There are six candidates that are running for Carbon School Board Trustee. The Election will be April 5.

There are three places to be filled in the Carbon School District. Those running are: Mrs. Troy Cross, Bobby Tucker, Richard Burgess, Brawner L. Files, David W. Cozart, and J.L. McDaniel. J.L. McDaniel is seeking re-

Victor Pack and R.O. Duncan are not seeking re - election. Mr. Duncan has served on the Carbon School Board for about

The following paragraphs will tell a little about each candidate. J.L. McDaniel is up for re -

election. He has served on the Borad for around fifteen years. He is married to Mary and they have five children: Johnnie Carl Betty Lee Joyner Jeanett Webb, Kenneth, and Lynn, He is a part time Rancher and has been employed by Hood King Motor Company for the past twenty years. He served in the Air Force for four years.

Brawner L. Files is married to Nell and they have two children: David 11, and Kathy 8. He is a farmer and is active in the Baptist Church. He served in the United States Army for three years.

Mrs. (Betty) Troy Cross is married to Troy and they have three children: Bryan 17, Tina 18, and Nancy 12. Her husband works for Lock Construction Company. She is a graduate from Eastland High School, she attended Ranger Junior College, and Milland Junior College. She is a member of the Eastland Art Association and is a housewife. Richard Burgess is married

to Madge and they have one son, Shane 5. He is a farmer, a director at the Gorman Roping Club, is on the School Equalization Board of Carbon Independent School District He was in the Army for two vears.

David Cozart is married to Jeanene and they have two children: Carlton 9 and Pam 6. He is a self - employed Appliance Service man and part time farmer. They are members of the Church of Christ

Bobby Tucker is married to Faye, and they have two boys: Clint 14 and Mart 11. He is a self - employed farmer, a 4 - H

The fourth annual exhibit featuring the paintings of distinguished artist-author. Jan Herring, will be displayed in the lobby and conference room of the Eastland National Bank March 10, 1975, through March 21. 1975, and the public is extended a cordial invitation to visit during regular banking The exhibit is again being

scheduled in conjunction with Mrs. Herring's two week Art Workshop being held in Eastland. The regular classes for this popular workshop are already filled to capacity with a waiting list in case of cancellations, and the demand has been so great for the limited afternoon lecture-demonstrations that only a few of these classes are still available. Anyone interested should contact Mrs. Austin McCloud at 629-1598 to secure the necessary reservations.

In addition to the regular exhibit this year there will be included a small selection of lithographs of her original paintings, which Mrs. Herring has recently had reproduced by master craftsmen under her personal supervision. Each lithograph has been inspected, numbered and signed by the artist.

Another pleasant addition to the exhibit will be a display of enamels by Helen Herring Green. Jan Herring's daughter, a widely recognized artist who resides in Denton and teaches in Denton and Fort Worth at the Art Center.

Born in Montana, Jan Herring now lives in a one-hundred year old house in Clint, Texas. In private life, she is Mrs. Henry Herring, married to a dairy farmer and the mother of three children. Her time is divided between these responsibilities, painting and teaching. Mrs. Herring received her education at Northern State Teachers' College in South Dakota, the University of Texas at El Paso, and Special Studies with Frederic Taubes. She is Associate Teacher with Frederic Taubes. Artist-in-residence at the El Museum of Art, presents Art Workshops throughout the Southwest, lectures, extensively throughout this area. mers in Cloudcroft, N.M.* and teaches in her home studio in

Clint. Among the major awards and recognitions Mrs. Herring has received are included the following American Artists' Gold Medal, New York City Center prize for oils; New York Allied Artists Hevdenrick A. ward; El Paso Sun Carnival, first, oils; Nomination, Ford Foundation Grant; Roswell Museum, sculpture; Member . Board of Election, Ford Foundation; New York Knickerbocker Exhibition; New York Allied Artists, Grumbacher Award; New York, One Man Show Award, Burr Galleries: Fort Worth Art Center, Purchase Show, and International Designer Craftsman, El Paso.

Included in Mrs. Herring's two hundred five one-man shows have been: New York Burr Galleries; New York Petite

University of New Mexico; Lubbock Museum, University of Idaho; Sand Hills Museum; El Paso Museum of Art: Fort Worth Art Center: University of New Mexico: Roswell Museum Brigham Young University, and the Santa Fe Art Museum.

The artist has public collections in the Grumbacher Collec tion. New York: Lubbock Art Center, Lubbock; Roswell Art Museum, Roswell, N.M.; Lubbock Art Museum, Lubbock; First National Bank Building Lamesa; and the University of

Idaho, Pocatello, Idaho, Mrs. Herring has been featured in reviews and reproductions of her art have appeared in such periodicals as Art News: American Artist; La revue moderne; House Beautiful: House and Garden; International Platform Association, and Who's Who in American Art.

As a painter, sculptor, enamelist, teacher and author, Jan Herring is totally engaged in art. While living in a way she finds deeply fulfilling, she is also bringing pleasure to many others--to art lovers who own her paintings, or enjoy them in galleries and museums all over the country and to hundreds of students, many of whom have found in her dedicated teaching a key to the effective use of their

own talents. In extending to the public an invitation to the exhibit, a bank spokesman stated, "We eagerly anticipate Mrs. Herring's visit each spring, and consider it a privilage to present to art lovers of Eastland County this outstanding display of paintings created by one who is con sidered by many to be one of the best qualified art instructors in the United States today."

Immediately following this year's workshop and exhibit, March 24 through March 28 students of Mrs. Herring's and students of John Crump's will have an exhibit of their paintings in the bank lobby and conference room.

VFW & Auxiliary Buffalo Barbecue March 15

VFW Post 4136 of Eastland County and its auxiliary are sponsoring a Buffalo Barbecue to be held March 15, from 4 til 7 p.m. at Post Home.

The public is invited and the proceeds of the fee of \$2.00 for adults and \$1.00 for 12 or under will be donated 1/2 to the Paul Williams Fund and 1/2 to West Texas Rehab Center in Abilene

L.R. Pierson of Ranger is donating the buffalo.

Sunday, March 9, 1975 **SEEDS FROM**

Every creature sleeps. Most people sleep on their sides, with knees drawn up.

standing on one leg. Fish and snakes sleep with eyes open. And ducks always and He is all-powerful. He is sleep on open water. To avoid with us in every place and at drifting shoreward, they keep all times, ready to steady and paddling with one foot, moving in a circle.

But our Lord never sleeps. Psalm 121:3 says, "He will not suffer thy foot to be moved: of danger, Alexander the He that keepeth thee will not slumber."

We can count on Him when it is the darkest. When others our Lord. Why toss and be fail. He is faithful. When troubled, when you can rely

He does not guard us from a distance, like a policeman But long-legged birds sleep to be telephoned in time of trouble. His protection is more personal. He is always at hand, strengthen us lest we stumble

When asked how he could sleep so soundly in the midst Great said, "Parmenio, my trusted lieutenant watches." But greater than any man is others sleep, He is always on Him and rest?

or slip.

Texas Land Value Increases During 73-74 cent.

COLLEGE STATION - - -(Spl) . . . The state's rural land market has softened a bit, but the slight decline in value is just a slow - down and not a land break.

Dr. Ivan Schmedemann, resource economist with Texas A&M University's Real Estate Research Center, says the market is still strong. However, the per cent increase in 1974 was 16 per cent, compared to 20 per cent the year

Speaking to a record 600 plus members of the 17th annual County Judges and Commissioners Conference Thursday in College Station, he said Texas' biggest land value increases during 1973 - 74 occured in the upper Rio Grande Valley and the El Paso area, both with 50 per cent or

The Dallas region saw a 40 to 50 per cent rise, and the

Houston area had 30 to 40 per

During 1972 - 73, the 50 per cent or more catogory belonged to the Lower Rio Grande Valley. Land values jumped 40 to 50 per cent in the Houston, El Pason and San Antonio areas.

The economist based his figures on rural land 10 acres or more in size.

Schmedemann pointed out to the fact that rural land quality is not always a guide to market value. For example, Brazos County's rolling, post oak uplands, not noted for soil fertility, are in the \$1,000 and acre range. Highly fertile Brazos bottomlands go for \$550 to \$800 per acre.

He said gasoline rationing, if it comes, will probably have a negative effect on the land market, particularly if such real estatte is far from urban

Another speaker, Dr. A.V. Wolfe, management professor at A&M, advised the commissioners to be wary of federal

"technical help." he also urged conference members not: to panic and "run into the arms of civil service type" systems inthe fact of outside pressures.

He said union efforts to organize employees is looming ever larger. Organizers will have an easy time if county governments don't pay attention and keep their house in

The conference (Feb. 5 - 6) at the Aggieland In was sponsored as part of the Texas Agricultural Extension Service's County Officials Program in cooperation with the County Judges and Commissioners Association of

Texas Rangers All The Way

BY BILLY MARTIN

Manager, Texas Rangers I think the Texas Rangers are strong enough to go all the way in 1975. I believe we can win the American League West Division, win the playoff and win the World Series.

The Rangers showed the most improvement in baseball last year. We came from last place, 37 games back, to second place, five games back. We were in contention until the waning days of the season and in head - to - head meetings with the World Champion Oakland A's we won 10 of 18 games.

There is no doubt that Oakland has been dealt a crushing blow with the loss of Catfish Hunter, a 25 - game winner. This, to my mind, automatically lifts the Rangers into the role of favorite in a tough division. It figures to be a battle, close all the way. Oakland still will be rugged. So will Kansas City and Minnesota, which came on strong in the late going last season.

'We Will Not Be Confused By The Facts"

Bob Vaught Candidate For City Commission

In an article appearing March 6, 1975, Lone Star Gas Company would have citizens of Eastland be lieve that the Company's return on its utility resi dential and commercial service in Texas "has been reduced to virtually nothing, primarily due to increasing gas costs. Mr. Hulcy, senior vice president, also stated that 1974 net income of the company's utility division was down 22% I would like to ask Mr

Hulcy the following questions: 1. Is the return he speaks of based on a cost of service which includes return on investment in plant stated on original cost, or one of the mythical concepts of fair value or reproduction

costs?

2. What was Lone Star's return on equity capital for its system wide operations? What was the return on equity on what Lone Star considers to be its non-utility operations? I presume large industrial customers are considered nonutility which raises the question as to whether or not the residential and commercial customers are subsidizing the in-

dustrial customers. 3. Mr. Hulcy states 1974 income was down 22%. I ask Mr. Hulcy: down from what? What is

Store Hours

your point of reference. Mr. Hulcy? If it is 1973 profit, is there not the possibility that those profits were excessive?

The questions I have asked Mr. Hulcy are only a few of the many, many involved in the effective regulation of utility rates, and it is these questions I will be discussing through the news media. and it is because of these unanswered questions that I am proud to stand for a strong State Utility Commission. Our present City Commission under date of January 29, 1975, wrote our State Senator and State Representative opposing the creation of such a commission. As concerned rate payers let's write our City Commission and ask, or demand, these letters be rescinded. Then let's write our own letter to these two gentlemen expressing our own opinion. I have never believed in delegating the right to

think for myself. I believe my expertise in the field of utility regulation resulting from several years employment by the Federal Power Commission qualifies me to raise all above questions. As a member of your City Commission I sincerely believe I can be of service to the citizens of Eastland during these trying times of sky-rocketing utility rates.

Your Vote For Me On April 1, 1975 Will Be Appreciated

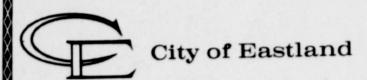

(Pd. Pol. Adv. By Bob Vaught)

Exerpt From Regular Meeting Of The Eastland City Commission Held January 20, 1975

A motion was made by Commissioner Charles Marshall that the city of Eastland join the utility Advisory Commission of the Texas Municipal League and that the City write letters to the State Senator and Representative that the City of Eastland was opposed to a State Utility Commission. Commissioner Dale Bakker seconded the motion and all voted aye.

> APPROVE: 7 W.Q. Verner Chairman of the Board

Lewis Tiner City Secretary

January 29, 1975 Mr. Tom Creighton Capital Station Austin, Texas

Dear Mr. Creighton,

At the regular meeting of the Eastland City Commission held January 21, 1975 the Eastland City Commission voted unanimously to join with the Texas Municipal League in their elfort to assist the Cities of Texas devise a more effective method to regulate those utilities that they are responsible for gegulating. The Eastland City Commission also voted unanimously to oppose the creation of a State Utilities Commission.

we would be very grateful to you if you would take the foregoing into consideration when it comes time to make a decision regarding the State Utilities Commission.

It is always gratifying to know that we have capable representation on all matters that come to your attention.

rincerely.

hogs and lambs will be acutioned to merchants and individuals.

A drawing will be held for two halves of dressed beef at the livestock show auction Saturday night. Two names will be drawn from the membership of the Eastland County Livestock -Raisers Association. Any one may become a member by paying dues of \$1.00 each.

houghts

"Listen: I will send my messenger before me prepare the way. And then the one you are looking for will come suddenly to his Temple—the Messenger of God's promises, to bring you great joy. Yes, he is surely coming," says the Lord of Hosts, "But who can live when he appears? Who can endure his coming? For he is like a blazing fire refining precious metal and he can bleach the dirtiest garments! Like a refiner of silver he will sit and closely watch as the dross is burned away. He will purify the Levites, the ministers of God, refining them like gold or silver, so that they will do their work for God with pure hearts. Malachi 3:1-3

Do You Remember

BY HERMAN DEMPSEY

The word was out that one family had ordered and received what was called a radio. This contraption was supposed to receive music and voices over the air from some distant place. There had to be large batteries that most people around had never seen and few even knew they furnished electricity for operating the radio device. The noise from the thing was received through what they called earphones that had to be put over the ears and only the ones with the earphones could hear the music and voice

through the radio. Since there was no electricity in the homes during those days, the batteries had to be serviced regularly depending on the use of the radio. To service the batteries, they had to be carried to a special place where they knew how to revive the energy in the radio battery.

People from over the community were invited to the home of the lucky family and given an opportunity to put on the earphones and listen to the noises coming from real live people over a long distance and coming right into their ears to their amazement. The older people in the community said the end of the world was near at hand for man was interfering with the Lord's work.

SIX FLAGS TO INTRODUCE NEW ATTRACTIONS FOR 1975

Arlington, Texas - Six Flags Over Texas will unveil results of a million dollar attraction and improvement program when the park

begins its 1975 season March 15. Heading the list of new entertainment features are a glittering nightime parade and

a major illusion show. A new thrill ride, called the Rotoriculous, will be introduced prior to the summer tourist season, as will an antique airplane ride designed for children.

All the new features are themed around the "inventions" of Prof. Cyrus Cosmo, a costume character developed exclusively for Six Flags Over Texas.

Each evening Prof. Cosmo is joined by a group of his costumed friends in The Incredible Electric Light Brigade Parade. Cosmo clambers aboard his brillantly lighted Cosmobile to lead such marchers as Capt. Dynamo, King Electro, the Electrophant, and Father Light thorugh the streets of Six Flags. A brass band heads the parade lineup which features electrically powered, ani-mated floats, illuminated with hundreds of blinking lights.

Cosmo, described by his creators as a "part-time inventor, part-time illusionist, and full-time showman," is also the star of the Cyrus Cosmo Wonder Show. He displays his wit and talent with baffling illusions, starting with a trick in which he makes himself ap-pear from "nowhere." And as the show progresses strange things happen at Cosmo's command, including passing neon tubes through his assistant's body.

The magic show will be staged in Six Flags' Music Mill Theater on days when no

name entertainers are appearing there.

Six Flags' younger guests can take a flight aboard a tiny antique biplane when they visit the C. Cosmo Flying Machine Co. It's a new feature in the park's Confederate

Early in the summer Six Flags will open the new Rotoriculous ride.

"The addition of the illusion show and the night parade will mean that Six Flags Over Texas' visitors can enjoy more than three and a half hours of shows.

"In addition to the new attractions for 1975, many areas of the park have taken on a totally new look as part of our continuing improvement program. Visitors will find the park more beautiful than ever.'

Prof. Cyrus Cosmo will make his first public appearance at the park's grand opening ceremony March 15. Six Flags Over Texas will be open on weekends from 10:00 a.m. until 10:00 p.m. during the spring months. Daily operation begins May 24.

Bob Murphy To Speak At Area **Lions Club Banquet**

Some 200 persons are ex-pected to attend an interzone Lions Sweetheat Banquet at the Corral Room of the Victor Hotel here Friday, March 14, at 7 p.m., according to an announ-

The Lions Clubs of Breckenridge, Cisco, Eastland, Ranger and others of the area are expected to have members and their ladies in attendance.

Bob Murphy of Nacgdoches, prominent attorney and after-dinner speaker, will address the group. Known as the philoso-pher of the Piney Woods country, Murphy is in demand as a speaker throughout the state and the nation. W.R. Auvenshine, president

of the Ranger Lions Club, will serve as master of ceremonies. Other clubs will participate in the program. An entertainment feature will be presented bythe music department of Cisco Junior College.

Local arrangements were begin handled by President Garl Goor, Vice President Truman Kirk and Secretary Ralph Glenn. The Cisco club will not hold its regular luncheon of March 12th as the dinner meeting will count as the week's gathering.

Dr. Edward Uvacek Jr. To Be **Guest Speaker**

Dr. Edward Uvacek Jr., Extension Livestock Marketing Specialist and Professor at Texas A&M University will be the featured speaker at a livestock marketing meeting Thursday night, March 13, 1975, at 7:30 p.m. at Brecken ridge Stockyards. The event will be co-sponsored by the Stephen County Beef and Range Committee and Stephens County Cattleman's Association. The one night livestock marketing

clinic will be very informal and all area people are urged to

Dr. Uvacek, a nationally known figure, will speak on the past, present and future livestock situation. The specialist has stated that the cattle industry could be on an upward move "due to decreased grain prices, lowered interest rates and slightly increased cattle prices over the country". "We are very fortunate to get the highly sought after speaker due to many state and national commitments, and he should bring us an interesting program", says Stephens County Agent Doyle Meadows.

First Planning For Shakespeare Performance

The first planning session for the Shakespear performance this year will be held Monday, March 10, at 7:30 p.m.

Ideas on the production and program itinerary will be discussed. Members of the committee are: Richard Rossander, Sherry Phillips, Sharon Terrell, Don Werley, Don Werley and Mrs. Virginia Russell

Any interested in participating in the planning of this year's Shakespear Project is invited to Bell-Hurst Playhouse Monday night.

The Shakespear Production will be held April 23 in honor of the Playwright's Birthday.

Pioneer Club Holds Meeting

Members of the Pioneer Club met Thursday, Feb. 27, in the home of Mrs. Lorene Crawford for their monthly covered dish luncheon. After assembling in the beautifully decorated living room, members and guests stood and held hands while the Chaplain, Mrs. Sallie Garrett, led a prayer of thanks for the wonderful fellowship and bountiful food.

The tables were set with lovely hand crocheted place mats of various colors and flower arrangements.

After the luncheon, Mrs. Laverne Wingate, president, called the meeting to order. She read some of the original by-laws and called attention to the only charter member present, Sallie Garrett. Minutes of the last meeting, in the home of Mrs. Nora Wilkinson, were read and approved. A get-well

Two guests were also present Mmes: Edith Townsend and Lillian Cromwell.

The next regular meeting will be March 27 in the home of Mrs. Johnnie Laughlin, 602 S. Mulberry. All members are member. Roll call was answered urged to be present. with a "Tall Tale". "Oil Field Fury" by Boyce House was reviewed by Mrs. JoAnne

UMW Hold Meeting This Week

The United Methodist Women met in the church parlor this week for the last session of the study, "Global Living Here and Now". Mrs. H.L. Hassell, president, called the meeting to order with prayer for guidance and conducted the short business session in which she thanked everyone for a job well done in serving the Bean

Mrs. Perkins led the final study and raised many ques-tions to ponder. For instance, the earth looks peaceful and beautiful from outer space but we know close at hand the many problems, the threat of war, the greed of nations, the arms race, the threat of starvation for much of the world, etc. etc.

We, here in America, have had a head start, our ancestry came from civilized countries and we began our colonies with religious freedom but somewhere we have become disillusioned with the American dream and have tarnished our country with loss of credibility. riots, political scandal, and moral breakdown. Our salvation lies in recognizing that we are selfish and that we are Stewards of God's earth and when we want for our Global neighbor

what we want for ourselves.

Margaret Corbell brought an interesting devotion in which she traced church history thru he use of the weekly church bulletin which gives news of the week. Who's Who art work on covers, and an inspiring devotion on the back of the

Mrs. A.E. Cushman, reporter

ninths and demanding synco-

pations with ease and joy. Niedzwiecki's characteristic variety of program was exemplified as he moved from Gershwin's syncopation into the entire Volume I of Chopin's Etudes. His truly sovereign command of these 12 compositions was remarkable. Of particular note was his strength on the upper chromatic notes in the A Minor Etude. He displayed an artist's awe for the works of Chopin and gave to the compositions his gifted, powerful interpretations.

Not every pianist possesses the stamina to present a program of this magnitude. Niedzwiecki's name is synonymous with power and dynamic skill at the keyboard. He is no subordinate to the piano; he commands it with absolute authority and rare musical

intelligence. Niedzwiecki readily established rapport with his audience and his passion and joy were contagious. The audience responded with a standing ovation and departed the concert with an air of celebration.

BY BOB BOYD How and when can one label a person a success - - or failure?

know how, the very best I can, and I mean to keep doing so". The man who said that had many heartbreaking reverses. In his time, many people classed him a failure. His record showed a business failure in '31...defeated for Legislature in '32...another business failure in '33...elected to Legislature in '34...his sweetheart died in '35...he had a nervous breakdown in 36...defeated for Speaker in '38...defeated for Elector in '40...again defeated for Congress in '43...finally elected to Congress in '48 but then defeated for the Senate in '55. Finally, in '60 he was elected

For example, do you remember who said, "I do the very best I

A failure? NO! A success? Certainly. Who was the man who lived through the frustrations, the despair of so many defeats? Who was the man who proved there is no such thing as lasting defeat for one who strives to succeed? The immortal Abraham Lincoln!

Now's the time to get your air conditioning ready for another summer.

At this time of year, your air conditioning serviceman can probably work your call more easily into his schedule. He'll get your unit ready to deliver dependable and efficient cooling all through the summer.

A properly maintained air conditioning system cools with maximum efficiency and that's an important step towards efficient use of energy.

Although Texas Electric does not service, sell or install air conditioning equipment, we do want

you to get full value and top efficiency from your electric service. That's especially important since the cost of electricity is increasing.

For more ideas on how to use vour electric service wisely, call us, we'd like to help.

Joe T. Gray By Mary Jane Rouch. Deputy Clerk of the District Court. 91st Judicial District of Eastland Cjounty, Texas (2-23, 3-2, 3-9, 3-16)

LEGAL NOTICE

PUBLIC HEARING NOTICE City of Eastland, P.O. Box 749. Eastland, Texas, 76448, has applied to the Texas Water Quality Board for an amendment to Permit No. 10637 for a

discharge not to exceed an average flow of 400,000 gallons per day of domestic sewage effluent from the municipal sewage treatment plant which is located at the east end of Smith Street, Eastland, Eastland County, Texas. The treated domestic sewage effluent will be used partly for irrigation (14%) and the remainder will be discharged into the South Fork of the Leon River, thence into Leon Reservoir, thence into the Leon River, thence into Little River, thence into the Brazos River. A public hearing on this

application will be held in the Stephen F. Austin State Office Building Room 618 1700 N. Congress Avenue Austin, Texas 9:00 a.m

April 11, 1975 to receive evidence on the conditions, if any, under which the amended permit may be issued, and to determine whether State Certification in accordance with Section 401 of the Federal Water Pollution Control Act Amendments of 1972 may be issued. Preliminary information available to the staff of the Texas Water Quality Board indicates that a vaste discharge conforming to the conditions shown in the proposed permit would not unreasonably impair the quality of waters in the State.

Additional data will be developed at the hearing, but concerning any specific aspect of the discharge, if available, can be obtained by writing the Texas Water Quality Board, P.O. Box 13246, Capitol Station, Austin, Texas, 78711.
