#### \$270,400 Is **Bond Quota**

Eastland County's goal in will be \$270,400.00 in Series E and H. bond sales, Guy Parker, chairman of the volunteer bond committee for this county announced today.

participation of more families of \$520,000. in a regular bond-buying program-with extra purchases during the drive period-is urgently needed, Parker said. And he added: "The quest-

What is man, that thou ion for each of us is: 'What can I do to help the cause of peace and freedom?' It is a question of survival of our way of life against a triple threat: military, ideological and economic.

"Selling more Savings Bonds helps our Treasury meet the mounting costs of keeping the peace-in a way that braces our economy against the strains that defense puts upon it. And we know that a strong economy is the base which our military and ideological force both rest. "We have to keep showing

the uncommitted peoples the world that our kind of economic system, under the more benefits for more people than does the communist Propaganda won't prevail over positive proof."

#### 39.4% Of 1962 U. S. Saving Bond Gcal Recched

Sales in Texas for the four Drive goal of \$75,000,000.

rent Freedom Bond Drive is being well received throughout Texas. Citizens of the Lone Star State realize that their purchases of U.S. Savings Bonds are a tangible contribution to the economic and defensive strength of our nation. In these trying times it is important that everyone do his part in keeping our country free. Buying an extra bond during the Freedom Bond Drive helps the Treasury meet the mounting costs of keeping the peace," Chairman Peyton pointed out.

# ELECTRIC WATER

### **CLEAN • FAST • SAFE • INSTALLS ANYWHERE**

Why put up any longer with an old water heater that may break down at any time? Install a modern flameless quick recovery electric water heater and enjoy clean, fast, worry-free hot water service for your home. A quick recovery electric water heater gives you hotter water faster . . . plus the peace of mind that comes with its efficient, flameless operation. There are no valves to stick, no flames to blow out accidentally, no noise, no soot, no fumes. And because an electric water heater needs no flue, it can be installed anywhere in the house, close to the point of greatest use, eliminating long pipe runs which waste heat from the water. See the new quick recovery electric water heaters at your dealer's or our office soon,

SAVE NOW ... GET THIS

### Beware of The Spring Months-

and look out for hail and wind, both destructive elements that we can do little about except to expect and prepare for. The number 1 cost to property owners in this season is hail damage to residence and business properties but wind-storm damage to plate glass is a close second. One city in Texas last year reported a half mil-lion dollar loss on plate glass. Guard against these hazards with adequate insurance. See us now before it is too late.
