"COVERING EASTLAND COUNTY"

EASTLAND, TEXAS, SUNDAY, JANUARY 9, 1955

VOLUME TWENTY-FIVE

Moore... ABOUT Eastland

By VIRGIL E. MOORE

If a woman knocks on your door in the next few days, don't hide. She's not selling pictures door to door. It's just a school census taker.

Mrs. B. H. Green, who is in charge of taking the census here, says that she has had the misfortune of being mistaken for an out-of-town picture saleslady.

"They won't even talk to me," she said.

Boyce House — and Eastland — got another plug in The Dallas Morning News this past week. Wayne Gard, editorial writer of the News, had a fine feature on House.

Sure enjoyed the fruit cake! Talking about the cake Winona Davis brought down for the Telegram staff. We got our share of it despite the efforts of other Telegram employees.

Everett Plowman has informed us that the reason he lost those four holes to Gordon Smith in the golf game the other day was because he was using his new set of irons.

Plowman explained that he was afraid he would scar the irons and was topping every ball. Says he finally hit a rock and knocked the new off one of them, and since then Smith hasn't been able to win a single hole. That's Everett's side of the story.

It is unfortunate that the Eastland Memorial Hospital staff does not have an estimated 30 seconds available three times weekly to aid the Telegram in giving Eastlanders, who built the hospital and pay the salaries of the staff, information on who is a patient at the hospital. We regret that the hospital news is not available in today's issue. Our deadline on Saturday is early and the hospital staff could not spare a moment.

See you Tuesday.

HE HAS THE "FLUE"—Inventor Sten Norling of Stockholm, Sweden, locates covered furnace flues in houses with his electronic finder, which picks up signals generated by a transmitting unit when they're reflected from the hidden metal. The invention won him a gold medal at the recent International Inventors' Show in Paris.

School Census Is Underway In Eastland

School census is now underway in Eastland. Mrs. B. H. Green is in charge of the student counting. All children who will be six by Sept. 1 but not 18 before that date, are to be counted.

Webb said that tax payments, which in past years always been high percentagewise, are running about the same. He predicted that the tax payments would equal last year's.

Poll Tax Payments Slip

Payment of the \$1.75 poll tax is still lagging, however, Webb said he estimated that approximately \$800 have paid the tax so far. January is the last day that the tax can be paid.

No New Clues In Rising Star Burglary

Sheriff J. B. Williams said Saturday that he does not have any new leads on the \$2000 burglary of Nichols Cleaners in Rising Star. Williams said the investigation is still underway, however.

Constable Lashes Out At Critics Of Salary

Porter Woods, constable of Precinct 1, Saturday struck back at Commissioner Court critics, who earlier in the week had recommended that the salaries of all constables in the county be reduced.

Woods, in a prepared statement attacked a statement made by County Judge John Hart saying that constables of the county have nothing to do.

The Precinct 1 constable said, "It can be said that without fear of contradiction that I have been subject to call around the clock every day of the year. I am positive that many times my presence has prevented affrays, traffic violations and other law violations."

"Due to limited space, I quote you as follows: 'I have done over the past six months period, most of it unknown to the Judge and our citizens.'

"I have apprehended six forgers. Three of whom are doing time in the State Penitentiary, one awaiting trial. One violation reduced to a misdemeanor and paid a small fine. One after being apprehended confessed to same, the complainant refused to go ahead and prosecute because of the man's family."

"I have had in hand 24 warrants of arrest issued in this country and have served all of them, except maybe three or four."

"I have received 23 our-country warrants and have served all except two."

"I have worked nine automobile wrecks."

"I have worked 20 ball games, most of them requested by the management of each."

"I have been called not less than 100 times, at all hours, by local citizens to investigate matters ranging from burglary scare to domestic squabbles."

"I have, upon request, many times directed traffic having to do with out-of-town funeral processions as well as assisting our local police in their city traffic work."

"I have served not less than 40 in-county and out-of-county citations each a separate one."

"I have assisted our business men and other local citizens in re-

covering on "hot checks," to the amount of some \$2,500."

"I have driven my personal car 12,000 miles at no expense to the county and our tax payers."

"I have joined two peace officers' organizations at my own expense, so I would be better prepared and in line to call for help from those organizations in case I needed their assistance."

"I am a member of an 'Information organization' which aids me very much in helping to locate many law violators who would otherwise escape my notice."

"Now, all I ask is for you to measure our County Judge and his statements regarding county constables, with the same yard stick that he used in measuring us. The Judge's statement says that we have turned in but very small sums as fees compared with total salary paid us. Since he has told you what the record shows we received, I call to your attention that the Judge received. In 1954—\$4,249.92 while he reports fees recovered and turned in only \$815—

"We ask you to compare our records with each and every other law enforcement group in the nation, so any reference to any salary paid to each individually."

"In conclusion, I want to call

173. You can now see how the fees turned in by him compares with your constable's on a percentage basis of salaries received."

"Ours is a Constitutional office as well as the County Judge's. I quote you as follows, the law—part of section 61 of the law passed and approved by a vote of the people November 2, 1948. 'It shall be mandatory upon the Commissioners' Courts to compensate all constables, and precinct officers on a salary basis, beginning January 1, 1949.' This applying to counties of 20,000 or more in population. Comanche county as referred to in the Judge's statement has less than 20,000 population."

"Seventeen cases have been tried in Justice of the Peace Jim Boggs' court since the first of the year, a check of the dockets revealed Saturday.

"Failure to appear for trial headed the list. Five were charged with that offence. Four were charged with speeding, two each for driving on the wrong side of the highway and passing without proper clearance, and one each for drunkenness, defective lights, and failure to grant right-of-way."

"Only five of the fines were cleared from the docket, all on pleas of guilty. The five were fined a total of \$103.50, counting court charges."

TWO WORLDS' WONDERS—Pillars of the Acropolis at Athens, Greece, architectural remnant of the might of an ancient civilization, rise as if in salute to a wonder of the 20th Century, a flight of sleek American-built jet fighters. They belong to the Greek Air Force, were delivered under the U. S. Military Aid Program.

New Prefix For Car Tags Are Announced

Eastland County automobile tags will have a new prefix this year.

Stanley Webb, tax assessor-collector, said Saturday that the new tags, which go on sale here Feb. 1, will have a prefix of C-S and C-R.

The C-S prefix will have numbers from 10 to 5799. The C-R

prefix will begin at 6800 and go through C-R 9999.

The new truck license prefix will be I-M and I-L. There will be 1,400 sets of those to be sold in the county.

Farm trucks will carry the prefix J, and Wobb will have 1,200 sets of those tags to sell.

There will be a total of 11,580 tags in the shipment which Webb expects in the near future. Webb said that during the past year between 9,500 and 10,000 tags have been sold.

Webb urged all vehicle owners to plan to register their vehicles at the earliest possible time to avoid a last minute rush.

Light Showers Possible From Weekend Clouds

Light rains were possible this weekend as continued cloudiness prevailed over this area and a drizzle began falling here early this morning.

Temperatures in Eastland and vicinity should reach around 57 degrees, the highest this week. However, the clouds are supposed to keep the temperature from rising as much as it might otherwise do.

Temperatures were not expected to drop lower than 40 during Sunday night.

Junior Cagers See Action Here Monday

Eastland's Junior High School cagers will get the Little Oil Belt Conference race underway here Monday night when they play host to Comanche.

Game time has been set for 7 p.m. with admission prices set at 25 and 10 cents.

Other games on tap for the Juniors include Breckenridge, De Leon, Cisco, Scranton and Desdemona.

Only Cisco, De Leon and Eastland have girls teams.

Sealed bids will be received by the Design and Construction Division, State Board of Control, Austin, Texas, until 10:00 a.m. January 25, 1955, for construction of two all steel warehouse buildings, Eastland, Texas, for the Texas Highway Department.

Plans, specifications and instructions available at Board of Control, Design and Construction Division. Bids to be made in accordance with state procedure.

Find out just how slippery the road is and adjust your speed to road and weather conditions. Remember you can't stop on an icy dime.

3. Keep the windshield clear of snow and ice, fog and frost. Be sure headlights, windshield wiper blades and defrosters are in top condition. You have to see danger to avoid it.

4. Use tire chains and good tires. Don't rely on worn-smooth tires. Use tire chains on snow and ice. They cut stopping distances about half, give four to seven times more starting and climbing traction ability. But even with the help of chains, slower than normal speeds are a 'must' on snow and ice.

5. Pump your brakes to slow down or stop. Jamming them on can lock the wheels and throw you into a dangerous skid. A little skidding can carry you a long way.

6. Follow at a safe distance. Mr. Rooper believes that if drivers would learn how winter drivers differ from other driving and would then take the precautions necessary to guard against the special hazards it presents, the winter traffic accident toll could be cut a great deal.

1. Accept your responsibility to do all in your power to drive without accident. Don't blame the weatherman for an accident. Be prepared to meet the situation.

2. Get the 'feel' of the road. Try brakes occasionally while driving slowly and away from traffic.

6. Follow at a safe distance. Mr. Rooper believes that if drivers would learn how winter drivers differ from other driving and would then take the precautions necessary to guard against the special hazards it presents, the winter traffic accident toll could be cut a great deal.

Christian Science

The Lesson-Sermon entitled "Sacrament" to be read in Christian Science churches this Sunday emphasizes the importance of looking away from matter to things of Spirit in order to work out the problem of being as Jesus did. The Golden Text is from John: "The hour cometh, and now is, when the true worshippers shall worship the Father in spirit and in truth" (4:23).

Passages such as the following one from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder of Christian Science, will be read together with Biblical selections:

"The nature of Christianity is peaceful and blessed, but in order to enter into the kingdom, the anchor of hope must be cast beyond the veil of matter into the Shekinah into which Jesus has passed before us; and this advance beyond matter must come through the joys and triumphs of the righteous as well as through their sorrows and afflictions. Like our Master, we must depart from material sense into the spiritual sense of being" (p. 40).

Visitors in the home of Mr. and Mrs. W. A. Teatsworth this week were her brother, Hugh Bartley and grandson David and Mrs. Lucy Boykin all of Littlefield.

Mrs. Bailey Badgett has returned to her home in Marshall, after having visited here in the home of Mr. and Mrs. Art Johnson.

'Confidence and Completion' Will Be First Christian Sermon Topic

"Confidence and Completion" will be Rev. Otto Marshall's morning sermon topic Sunday at the First Christian Church.

Bible School begins at 9:45 and morning worship at 11. The morning sermon will center around the text from Phillipians 1:6, "Being confident of this very thing, that

He which hath begun a good work in you will perform it until the day of Jesus Christ," Rev. Marshall said.

Evening service begins at 7:30. The sermon for the worship service will be "The Instructions Of Jesus." Rev. Marshall will take his lesson from Luke 5:1-11.

A Tribute to ...

our Chamber of Commerce

The sincere men who aggressively promote the industrial advantages and potential profit possibilities of our city, comprise our most important, single group of citizens. They are the hard-working members of our Chamber of Commerce. On their shoulders falls the responsibility of attracting new factories and industries to our community, in order that more and more payrolls, families and homes will augment our already prosperous area. Indeed, we might say that the CHAMBER OF COMMERCE is the very life-blood of our daily lives, for their activities penetrate each business, large and small—bring to all, the kind of help that benefits, directly or indirectly, every man, woman and child in our proud community. We salute the incomparable work of our Chamber of Commerce!!

We Salute Our Town!

Nagging Backache Sleepless Nights

Often Due to Kidney Slow-down

When kidney function slows down, many folks complain of nagging backache, headache, fatigue, drowsiness and energy.

Don't suffer restless nights with these discomforts if reduced kidney function is keeping you down. Turn to some common sense as rest and strain—over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years, Doan's Pills give relief many times faster—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!
