A recent U. S. Department of Labor news release states, in part

"National guardsmen a n d reservists in Texas who were called to active duty with units during the recent emergency, and who will be released soon, are assured of re-employment in their pre-service jobs by the Universal Military Training and Service Act."

Among the thousands of wellwishers sending greetings to the returning Guardsmen was Maj. Gen. Thomas R. Yancey, commanding general of the VIII US Army Corps, who says "A job well done," to the Army Reservists from Texas a n d New Mexico who were called to active duty.

The Lone Star Division, of ficial nickname of the 49th Armored Division, Texas Army National Guard, had a strength of over 14,000 officers a n d men on active duty-including some 3,400 Army Reservists mobilized individually and assigned to the division.

Editor's Note: Mrs. Hattie Baker of 406 S. Seaman St. has just returned from a two weeks vacation in Oklahoma and this is what she had to say about her "grownup" yard.

Back of me there is a mountain Which is covered by a lawn

A:d I hate to even wonder Where the end of it has gone I must tell you that the mountain

Is a portion of my yard And for me to try to mow it Would be plainly much too hard

I am not a mountain climb-

Who on lofty peaks would stand

With a mower in my hand It has lumps like a toboggan Or a camels hairy hump And to me it's not alluring To be cutting grass in jumps Back of me there is a mountain

Looking like a stack of hay And itis my firm intention Just to let it stand that way.

.. to those who will lose their 20% credit for safe driving on account of the repeal of the Safety Driver Insurance Plan on August 1st. But cheer up! This agency has available a dividend plan under which safe drivers can continue to save money on their insurance if their driving activities and record make them eligible for this plan. If your car insurance expires this month or next drop by the office and let us explain this saving to you. No obligation.

remember how cold it gets around here?

count on GAS heat to pour on the comfort when other kinds of heat fail!

Hard to believe now -- but it does get chilly here. Doesn't bother GAS heat. It never gives up because the air gets too frozen for "heat pumping." Never needs repairs for complicated moving parts (needs none to produce heat). Never gouges your pocketbook for doing the job - GAS is the lowest-cost heat you can buy!

It's smart to modernize with GAS heat now call your heating contractor or LONE STAR GAS
