

Doctors Are Golden Deeders

In presenting the Golden Deeds Awards, Lasater said that the first recipient was the late Wendell Siebert who received the award in 1963. He was school superintendent and the elementary school where the banquet was held is named for him.

In the years since, the caliber of award winners has remained high with winners such as Mrs. James Horton, Grover Hallmark, Victor Cornelius, Emily Perkins, James Reid, and many many others.

This year's winners are citizens that have added much to our town. In fact, it is doubtful that we would have much of a town without their contributions.

The award winners will be announced in alphabetical order.

The first Golden Deed Award this year goes to a man who was born in Anson, Texas, but moved to Gordon, Texas, at an early age where he attended school and graduated.

He attended Tarleton State College and the University of Texas where he graduated in 1951 as a registered pharmacist.

He then attended the University of Texas Medical School and while there he became a member of Alpha Omega

Alpha, the medical honor society. After graduating in 1955, he served his internship at Breckenridge Hospital in Austin.

From late 1955 to 1958 he served in the Army Medical Corp. in Germany.

After a discharge, he entered medical practice in Eastland with a former fraternity brother and classmate.

He is a member of the First United Methodist Church, Eastland County Medical Society, and is on the medical staff of the Eastland Memorial Hospital.

He is also a delegate to the Texas Medical Association. In 1963, he was named Outstanding Young Man in Eastland by the Eastland Jaycees. He served on the Eastland School Board from 1962 to 1968, during which time the new elementary school building and gym were planned and built.

He is the father of four children: Kay, Robin, Terry and Jolynn and has one granddaughter, Carrie.

His wife, Pat, is a nurse and shares his interest in medicine and the community.

It is my pleasure to present this Golden Deed Award on behalf of the Eastland Chamber of Commerce to Dr. B.B. Alexander.

The second Golden Deed Award recipient was born near San Antonio and moved to New Braunfels at an early age. After graduating from New Braunfels High School, he served in the Navy during World War II.

He attended and graduated with honors from Southwestern University where he was a member of Alpha Chi Scholastic Honorary Society. He next attended the University of Texas Medical School where he was a member of the Alpha Omega Alpha Scholastic Honorary Society. While in medical school, he married his wife Loretta and the couple moved to Fort Worth after he received his degree so that he could intern at John Peter Smith Hospital.

In 1955 the family moved to Eastland where he helped open B&W Clinic and later became associated with Dr. Alexander.

The couple have five children: Steve, Donnie, Curtis, Keith and Claudia.

Although most of his time is dedicated to his work, he has found time to collect stamps, hunt, and serve as President and Secretary of the local medical society.

It is my honor to present this second award to Dr. H.J. Bulgerin.

The third Golden Deed Award winner graduated from Farmerville, Louisiana, High School at the early age of 15. His freshman college year was spent at Louisiana College after which he transferred to Rice University where he graduated in 1943. He then entered University of Texas Medical School where he graduated in 1946 at the age of 21. While in medical school he married his wife, Oneta.

He entered surgical internship at Scott and White Hospital at Temple and served for two years before entering the Army Medical Corps serving as a surgeon. He served at Fort Hood and was on duty in Japan for one year.

He came to Eastland in 1951 to begin his medical clinic. He contributed his original clinic building to the school in 1961 and that building is still being used as the Eastland High School Band Hall.

He has served two terms as a member of the Eastland City Commission, was instrumental in establishing the Eastland Little League, has been a Deacon in the Baptist Church for 28 years; is a member of the Board of Directors of Eastland National Bank; has served as team physician for Eastland Athletic Teams for 24 years and has served as City Health Officer for many years.

He is a Fellow of American Academy of Surgeons; member of the Texas Medical Association; member of the American Medical Association; and serves on the Board of Development of Hardin-Simmons University.

There are three children in the family: Dr. Terry Treadwell, surgery intern at Scott and White; Marsha, wife of Dr. Bill Vermillion, an intern at Baptist Hospital in Dallas; and Randall, a medical student at Southwestern Medical School in Dallas. These names are very familiar to the Chamber while attending Eastland High School.

It is an honor to present this award to Dr. M.A. Treadwell Jr.

Funeral Rites For Otis Eidson Held Saturday

Otis (Slim) Eidson, 73, a former police chief of Brownwood, died at 9:30 a.m. Thursday at Brownwood Community Hospital. Services were at 1 p.m. Saturday in Davis - Morris Funeral Home Chapel.

John Shero, Austin Avenue Church of Christ minister, officiated. Burial was in Pleasant Valley Cemetery.

Born in Brown County March 23, 1902, he married Nettie Wheeler in Brownwood June 9, 1928. He lived in Brown County much of his life. For 17 years he lived in Fort Worth and worked at General Dynamics. He was a veteran of World War II.

He was a member of Austin Avenue Church of Christ.

Survivors include his wife; a son, James Eidson of Eastland; a sister, Mrs. J.O. McCarty of Brownwood; and three grandchildren.

brothers' keepers, and started being our brothers' brother."

He closed by asking all to stand and pledge their support to incoming Chamber President Otis Coleman.

Chamber Manager James Wright did an excellent job as master of ceremonies and stage - managed the program swiftly, turning the some 230 participants out promptly on time. Decorations by members of the Civic League and Garden Club were especially nice and dinner music by Ima Ruth Taylor at the piano was a real treat for the banquet goers.

Super first - class programs by Victor Cornelius were outstanding and featuring the Bicentennial emblem for Eastland are among the proudest ever produced.

President Coleman & Exe-Lasater

Retiring president Emmett Lasater made the remarks: "I would like to thank the outgoing directors for their hard work over the past three years and ask them to stand as I call their name and be recognized: Don Baird, James Fullen, Don Martin, and Bruce Pipkin. I would also like to thank James Wright for helping me make it through the year and my wife for her support and understanding."

The past twelve months have been fun, fantastic, and at times even frustrating. At this time last year, we were working hard on a project to obtain a large industry for Eastland. And we are still working and hoping on the same project. But not everyone feels the same way I do about this industrial prospect.

There have been a few people say that our town is Good Enough just as it is and that there would be some drawbacks if a large industry located here. There might be a few drawbacks, but when you look at a rose, you can see either the thorns or the petals.

I prefer to see the beauty of the flower and the good things that result from progress. Good Enough is the enemy of all progress.

The Chamber leadership and directors that Eastland is fortunate to have for 1976 will keep Eastland moving ahead and all of us must remember to give them our complete support.

The frustration that I mentioned has been the result of not being able to accomplish all of the goals and dreams that I had at the start of the year. But I thank all of you for the opportunity to at least try.

A natural - born comic, his rapid - fire delivery, was for the most part in good Eastland taste, and he certainly was enthusiastic in encouraging a positive attitude.

The banquet honored the top farm family in naming the R.D. Hart family and the top four scholastic at Eastland High School classes.

Especially singling out the petition signing by over 2,000 Eastlanders, Eddy remarked that it showed great unity and the "by - product might be more important than the product", he said, as he guessed that it might represent the most unity "since Pearl Harbor" in the town pulling together.

Volunteer service marks the difference between America's free society and all the rest of the world, and that people are free here to volunteer work. (Chamber of Commerce, United Fund and Salvation Army work) and in reverse, they have the right to volunteer to stay free.

Lashing out at apathy he called to mind several examples of the tragedies which occur when people just quit volunteering and quit being concerned.

Complimenting the chamber, he pointed out that 180 members with a \$19,000 budget is pretty good average for a town this size.

Hitting the abused federal hand - out programs, he said, "it's time we quit being our

Top Farm Family

FARM FAMILY OF THE YEAR

The farm family to receive this award was chosen by a committee of seven who very carefully considered the farm families living in the Eastland trade area.

One criterion used in making the selection was the family's ability in farming, people who are considered by other farmers

Junior Class Play

To Be Jan. 29

Many members of the Junior Class are currently hard at work in preparation for "They Run in Our Family". The play is to be presented at 7:30 p.m. on January 29, 1976, in the Eastland High School auditorium.

Tickets may soon be purchased from any member of the Junior Class and will also be available at the door. Tickets will be \$1 for adults and 50¢ for elementary students.

Memorial Services

Held Jan. 7 For Geneve Agrelius

Geneve Lobaugh Agrelius of 610 Parkdale Drive, Tyler, Texas, died January 7 after a long illness.

Memorial services were held January 10 in Rader Funeral Chapel in Longview, Texas with Rev. Patrick Hazel officiating. Mrs. Agrelius, a Registered Nurse who graduated from the Baylor School of Nursing in Dallas, willed her body to science.

She was born in Hebron, W. Virginia and had lived in Longview for 30 years, before moving to Tyler last April. She was also a long time resident of Eastland. She was preceded in death by her husband E.M. "Casey" Agrelius last April.

Memorials may be made to the American Cancer Society or to the donor's favorite charity. According to the surviving members of the family are two sisters and three brothers: brothers: Mrs. Rusty Kelm - Houston, Mrs. Cleo Ray - Tyler, Mr. W. Harold Lobaugh - Graham, Mr. R. Joe Lobaugh - Taft, Mr. Melvin L. Lobaugh - Longview, and several nieces and nephews.

as being efficient producers of food.

Other criteria include leadership in the community-- someone others look to for leadership, people who take part in community activities that will benefit others, someone who is interested in the welfare of the entire community, and someone who is ready to help when their neighbors call on them.

The family that best meets these standards this year is the R.D. Hart family.

They live at 313 North Dixie, but their 500 acre farm is in the Alameda Community. They produce beef cattle, Alfalfa hay, wheat and oats on 200 acres of cultivated land and 300 acres of pasture land.

R.D. and Betty Jo were married in April 1958. Betty Jo

was born in Slaton, but grew up here in the Eastland area. She worked 28 years for Southwestern Bell Telephone Company and retired to help R.D. with the cattle raising in 1974.

The Harts are active in many activities. They attend the Bethel Baptist Church. Betty Jo is a member of the Rebekah Lodge and is past Noble Grand. She is also a member of the Telephone Pioneers of America. The Harts are leaders and good supporters in the Eastland 4-H Club.

R.D. is a member of the County Livestock and Forage Committee, that plans educational activities to help increase income for livestock and forage crops. His leadership has helped in conducting the hay show, beef cattle short courses and other such activities.

R.D. and Betty Jo have a son, Truet Ray, a sixth grader in the Eastland school. He participates in school sports, little league baseball and 4-H Club. "They are all H(e)arts."

Basketball

Eastland High School Basketball Season is well into the '76 season and there are eight district games left to be played.

Varsity Boys have won 1 and lost 4 of their district games, and the Varsity Girls have won 4 and lost 1 game.

Junior Varsity boys have won 2 and lost 2 of their district games.

The teams will play here on January 20 against Breckenridge.

Eastland Junior High School boys basketball teams advanced in the Stephenville Tournament Friday and were playing the elevated slots Saturday.

The 7th Grade won Saturday over Brownwoodwood, 26-19 and were to play in the consolation finals at 1:30 p.m. The 8th Grade boys were behind 47-11 at noon, apparent losers to a Brownwood team.

The eighth grade boys whipped Weatherford, 38 - 22 in the first go - round.

The eighth grade girls whipped Mineral Wells Lee, 24 - 21, but lost to Stephenville, 30 - 24 later in the day to get eliminated.

The seventh grade girls lost to Millsap, 20 - 16 in the opener and in a heart - breaker lost to Weatherford 24 - 13.

The seventh grade boys lost to Millsap in the opener but stayed alive for Saturday, by downing Stephenville 38 - 25.

Funeral Services

For Mrs. Collins Held Saturday

Mrs. Grover N. Collins, 86, a lifelong Eastland County resident, died at 12:55 p.m. Thursday at Eastland Memorial Hospital after a brief illness. Services were at 2:30 p.m. Saturday in Bakker Funeral Home Chapel.

Burial was in Eastland Cemetery.

Born August 31, 1889, in Eastland County, she married Grover Collins March 22, 1906, at McGough Springs in Eastland County. He preceded her in death.

Survivors include two daughters, Merle Hubbard of Eastland and Mrs. Grover (Nell) McAnally of Kleberg; three brothers, Carl, Bill and Wayne, all of Eastland; a sister, Mrs. Willie Williams of Eastland; three half - sisters; two grandchildren; seven great - grandchildren and several of nieces and nephews.

Pallbearers will be Bryan Johnson, Kenneth Johnson, Jeff Harbin, Elzo Harbin, Dewey Webb and B.W. Robertson.

CARD OF THANKS

It is with much love and appreciation that we would like to say "Thank You" to the many friends, and loved ones who did so many wonderful things for us during the loss of our dear loved one, Dessie Tucker. A special thank you to Rev. Claude Harris, Rev. W.E. Hallenbeck, and Rev. M.F. Dennis for their comforting words, to Don Nicholas for the beautiful music, in song, and to Mrs. Earl Lewis for the piano music during the service. Also thanks go to Dr. Alexander, Dr. Bulgerin and those on the hospital staff who were so kind to our dear wife and mother. A special "thank you" to those who brought the abundance of food to our home and to the home of Mrs. Virginia Russell for the noon meal Tuesday. Many thanks to the ladies of the Full Gospel Church for serving the noon meal. May God richly bless each and every one who had any share of helping in our time of sorrow. Please accept this as an expression of thanks in case we have neglected to send an acknowledgement. Tom Tucker Tommie Tucker Mr. and Mrs. Billy Joe (Joyce) Dennis and Family Sunday, Jan 18, 1976

CARD OF THANKS

We wish to express our sincere thanks to those who gave food and flowers and expressed their sympathy during the illness and death of our beloved wife and mother, Yvonne Tucker. Special thanks to Father Leo, the Doctors and nursing staff and St. Francis Choir. Walter Tucker and Family

Morton Valley H.D. Club Hold Meet

The Morton Valley H.D. Club met Wednesday afternoon, January 14, for their first meeting of the year, with Ora Roberts, president, presiding. Bertha Asher led in the club's creed and prayer.

Leta Brockman gave the devotional from Luke 17. Ora Roberts called the roll which was answered with "One Goal I Have For 1976".

Emily Hartsell gave the council report. The council made \$282.22 at the bake sale at the pecan show.

Maybell Gordon resigned as chairman of the THDA on account of illness.

A thank you card was read from one of our good members, Ruby Bond, who is ill and with her daughter in San Antonio, for the flower and cards sent to her.

Janet Thomas gave a very interesting and informative program on Recycling Yesterday's Clothes For Today.

entertaining program. "Bicentennial All the Way". Delightful refreshments were served by the hostesses. A vote of thanks to all for a wonderful afternoon.

Members attending were Mmes: C.L. Bigby, Earl Bradley, J.F. Francis, Jack W. Frost, Herman L. Hassell, H. J.H. Lee, Joseph M. Perkins, Durel Reid, E.G. Rice, Floyd Robinson, Virginia W. Russell, Miss van Hoose and guest Mrs. Harold Durham.

Marjorie van Hoose
Club Reporter

Emily Hartsell, hostess, served delicious spiced tea, canapes, nuts and cookies to Ora Roberts, Bertha Asher, Dorothy Underwood, Belma Pounds, Flora Kincaid, Leta Brockman, Francis Van Dyke, Ada Tankersley and agent Janet Thomas.

The next meeting will be on January 28.

Visitors

Mr. and Mrs. Leon Willingham of Houston, Mrs. Bernice Hoertsch of Amarillo and Mrs. Euness Lasater of Eastland visited Mrs. Viola H. Knight, Monday, January 12.

Mrs. Knight enjoys the Eastland paper although she has been here only 3 1/2 years. Her son Dr. R.B. Goleman of Ranger Junior College went to Houston and brought her up here, for she was in the hospital most of the time, after living in Houston for 21 years. Now she is in much better health and enjoys the weather here very much.

26 Year Old Stopped In Cisco

A 26 - year - old Louisiana man whom police stopped in Cisco Thursday morning has been shown to be wanted in his home state on charges of larceny, forgery, embezzlement and counterfeiting.

The suspect was identified as Edward H. Seiler of New Orleans.

Seiler is being held in Eastland County Jail awaiting arrival of Louisiana officials who were notified of the arrest.

Dear Editor:

I would like for the people of Eastland and Cisco to become more aware of the program for the mentally retarded and handicapped who are unable to work at public jobs. It is called the Central Texas Workshop and is located in one of the vocational buildings at Cisco Junior College. This is an outreach program from Brownwood and the Abilene State School. The "trainer" is furnished a van to pick up and deliver these clients, who are taught to do simple jobs and are paid a wage accordingly. They have a time clock and are taught to clock-in and clock-out. They contract work from some industries, such as counting and packaging plastic ware, and cleaning thread cones for garment factories and assembling ball point pens. There is a need for more contracts for the trainees work well and are much more capable than many people would assume.

I particularly appreciate this project, for my daughter is one of the happy workers. Mrs. Idella Taylor is the very capable and compassionate "trainer." I am hoping that the people of Eastland County will get interested and will encourage these people. They love visitors to the workshop and are happy to show them their accomplishments. I am sure there are other young people who would qualify as clients and with a little encouragement would love working there. In the years ahead this could become a valuable way to salvage many young lives.

This is my way of saying thank you to all the people who have made this possible.

Mrs. Christell Gaines
Rte 3, Cisco, Tx

Bakker FUNERAL HOME
306 W. PLUMMER • EASTLAND • PH. 629-1726

Dear friends,

A speaker recently said, "The most prevalent community sin is lack of appreciation. Who ever thinks of thanking public officials, our school board members, the various commissioners, etc. for a job well done?" Most of us are lax in this respect. Conscientious public servants deserve an occasional compliment and do certainly appreciate it.

Respectfully,

Oale O Bakker

SICK ROOM SUPPLIES

Are your heating dollars going right through the roof?

If you don't have at least six inches of insulation in your attic, you're losing a lot of energy through the roof.

Your home needs plenty of insulation in the attic and between the walls. If your home is a pier and beam construction, you need insulation under the floor, too.

Weatherstripping around doors and windows also keeps the warm air inside, and the winter air outside.

By bringing your home's insulation up to the latest FHA standards, you can reduce your heating costs as much as 20 percent.

For more ideas on how to get your heating dollars' worth, call Texas Electric Service Company. We'd like to help.

Texas Electric Service Company

Internal Security Crippled by Red Strategy

[Reprinted From *Borger News-Herald-Sunday*, December 7, 1975.]

REVOLUTION U.S.A.--1976

The plans of the International Communist Conspiracy are to foment a revolution in the United States during the Bicentennial Year, 1976. As with most Communist strategy, these plans were made years ago and each step was meticulously carried out. In order to avoid exposure and detection, it was determined that internal security in the U.S. be undermined, demoralized and, if possible, eventually destroyed. With the aid of advocates of detente, liberals, and covert supporters of the conspiracy, one security agency after another has been affected.

The Subversive Activities Control Board went out of existence through the failure of Congress to appropriate funds and through the lack of cases which should have been referred to the Board by the Attorney General.

The House Internal Security Committee has, to all intents and purposes, been abolished. No hearings have been held since its "transfer" to the House Judiciary Committee nor are any anticipated.

The Senate Internal Security Subcommittee's appropriations have been reduced so drastically that it cannot function properly and plans are underway to abolish this committee by cutting off future appropriations.

The heretofore efficient California Senate Fact Finding Committee on Un-American Activities, which exposed Communist activities in the universities and radical organizations in California, has been abolished.

In city after city intelligence files have been destroyed through law suits and pressure from the American Civil Liberties Union, National Lawyers Guild affiliates, and other leftist groups. New regulations concerning the functions of the Department of Justice and the F.B.I. have been instituted by Attorney General Edward Hirsch Levi, whose past record indicates his affinity with the left. In fact, the internal security section of the Department of Justice no longer exists.

House and senate committees investigating the C.I.A., F.B.I. and other intelligence agencies have immobilized them and undermined the morale of these agencies. In addition, there has been a weeding out, particularly in the C.I.A., of known anti-Communists.

In the various agencies and departments of government, security standards which formerly existed have been all but eliminated. Individuals with character deficiencies, homosexuals, pro-Soviets, people with known Communist connections and sympathies are able to obtain even top secret security clearances.

All of these actions were taken over a period of years and were not accidental; they were part of a master plan which has been concealed from the American people. It was necessary to eliminate those security agencies, congressional committees, and intelligence units which would be able to expose, and thereby upset the plans and activities of the International Communist Movement.

The Communist Party, U.S.A. (operating under direct orders and control of Moscow) and the Socialist Workers Party (operating under the direction of the Trotskyite Communist Fourth International in Paris) both claim to oppose violence. This, of course, is completely false. The Leninist philosophy and indoctrination requires that force and violence be used when advantageous. New organizations have been formed, with leaders in each group who have had thorough Communist indoctrination. These new left, revolutionary and underground groups are supposedly operating independently but are, nevertheless, covertly receiving their orders and following plans. Liberal pressure has made it impossible to expose these organizations as Communist fronts as in the past.

Members of these conspiratorial groups enjoy immunity and move easily into positions of power. A former chief of the Metropolitan Police Department in Washington, D.C. recently disclosed that the Black United Front in Washington, which advocated the murder of policemen, has some of its leaders as members of the District of Columbia City Council today. One of the key organizers of the Black Front was Stokely Carmichael who only a short time ago was back in Washington and was a speaker at Howard University, where he urged students to engage in revolutionary activities and called for a revolution in the United States.

In its recent official reports the F.B.I. has estimated that there are over 15,000 terrorists organized in 21 separate groups in the United States at the present time, and points out that foreign influence on U.S. terrorist groups is increasing.

Revolutionary plans call for radicalizing Puerto Ricans both in Puerto Rico and in the United States, and as many other Hispanics as possible. There are over 1.5 million Puerto Ricans in the U.S. and a total of over 11 million Hispanics, 60% of whom are Mexicans. There is no doubt that

many of these Mexicans are influenced by their mother country which is headed by President Luis Echeverria, a confirmed leftist. Mexico's leftist leaders have made it a sanctuary for Spanish Communists and revolutionaries since the Spanish Civil War and the only country in the world which continuously has refused to recognize the anti-Communist government of Spain. A delegation of Mexicans, headed by Dr. Pablo Gonzalez Casanova, recently attended the Puerto Rican Solidarity Conference, held in Havana.

This international conference had as one of its objectives the promotion of revolutionary and guerrilla activities in the United States, and the obtaining of wide support for this cause. It was attended by committees from 75 countries and 16 international organizations, with a group of 25 representatives from Puerto Rico, headed by Juan Mari Bras, secretary general of the Puerto Rican Socialist Party, which has been described as a "self-styled revolutionary vanguard," which has proclaimed it bases its "programs, organization, theoretical analysis and practices in Marxist-Leninist theory" and believes in a "dictatorship of the proletariat." The founder of the P.R. Socialist Party, Juan Mari Bras, who was lionized by Communist leaders at the Havana Conference, made a statement in 1967 which can be considered the policy of the P.R. Socialist Party. Bras stated: "Just as imperialism uses Puerto Rico as a bridgehead for its penetration into Latin America, so will the Patriotic Vanguard of Puerto Rico offer itself as a bridge over which world revolution can penetrate into the United States."

Through its 15-year career, first under the name Movimiento Pro Independencia (MPI), the Puerto Rican Socialist Party leadership and membership have been involved in a wide variety of violent acts, through bombings, arson, and bank robberies. On October 27, 1975 in a well arranged and coordinated plan, there was a series of bombings at government buildings, corporate offices and banks in New York, Chicago, and Washington, including the offices of the U.S. Mission to the U.N. and the State Department building in Washington. The bombings were planned to coincide with the first anniversary of a similar series of bombings which took place on October 26, 1974. Taking credit for the bombings was the Fuerzas Armadas de Liberacion Nacional Puertorriquena (FALN). The same organization is understood to have been responsible for 25 separate bombings in the United States in just over one year and admitted responsibility for a booby trap bomb in East Harlem, N.Y. on December 11, 1974 which cost a New York City policeman his right eye.

This organization also claimed credit for the January 26, 1974 bombing of Fraunces Tavern in the Wall Street area of New York City in which four persons were killed and 53 injured. A reward of \$50,000 has been offered for the capture of those responsible for the Fraunces Tavern bombing but to date no arrests have been made.

Following the recent explosions, messages were telephoned to the Associated Press and New York Post, and typewritten statements from FALN were obtained from a telephone booth at 28th St. and Ninth Avenue in New York. The two-page memo was entitled "Communique No. 6." The message stated the bombings were intended to mark the 25th anniversary of an uprising by Puerto Rican nationals in 1950. The FALN statement praised the government of Fidel Castro of Cuba and warned of a "protracted, organized armed struggle."

Police believe that one of the key individuals involved in the planning for the FALN is a man identified as an experienced spy and explosives expert who was trained by the Castro government initially to conduct espionage missions in the United States. Intelligence sources both in Puerto Rico and Washington have identified the spy as Filiberto Ojeda Rios, age 41, described as a master of disguise who has lived in New York City for years and speaks excellent English with no trace of an accent. Rios is understood to have connections with six separate Puerto Rican groups, many of whose members have been trained in Cuba to carry out guerrilla warfare in the United States. Latin American intelligence experts in Washington have reported that Rios is a member of the Communist Cuban spy apparatus known as D.G.I. (General Directorate of Intelligence).

U.S. intelligence reports state that Rios, who was a musician who played in several small bands, began his espionage and terrorist activities when he was recruited by the D.G.I. two years after he made a trip to Cuba in 1961. In 1963 Rios was assigned on a spy mission for Castro in Puerto Rico to obtain detailed plans of American military installations. He used his musical activities as a cover and the alias of Felipe Ortega; in his intelligence reports to Havana he used the code name "Ruben." He is known to have joined the Socialist Workers Party in 1968 and to have helped form the group known as MIRA (Armed Revolutionary Movement for Independence) which later became the Puerto Rican Socialist Party. Puerto Rican police have stated that during 1970 Rios led a sabotage network in Puerto Rico

which provided hideouts, money and instructions in bomb making to various groups planning revolution. In 1971 he was arrested in a hideout in Aguadilla, Puerto Rico where he was found to be in possession of explosives. Police also seized hundreds of documents dealing with explosive devices and detailed plans of public buildings both in Puerto Rico and the United States. Rios was released after posting \$100,000 bail and has been a fugitive for the past five years.

While there supposedly is no connection between the various underground groups engaged in bombings and other terrorist activities, the fact is that directions originate from the International Communist Movement. The F.B.I. and local police have been unable to locate numerous revolutionaries who have been identified but who are protected through the Communist underground which provides "safe houses," funds and other assistance. There is an outstanding \$100,000 reward to anyone who can provide information about those who bombed buildings in the nation's capital in Washington over four years ago; still unapprehended are those who bombed the Pentagon and earlier the State Department building. At the end of 1974, 24 members of the Weatherman underground, all of whom have been fugitives for several years, were still at large.

Frank J. McNamara, former executive secretary of the Subversive Activities Control Board and formerly staff director of the House Committee on Un-American Activities, testified before the Senate Internal Security Subcommittee on Sept. 18, 1974. His testimony, contained in a report entitled "The Nationwide Drive Against Law Enforcement Intelligence Operations," pointed out that the Baltimore police in 1973 destroyed all their intelligence files on so-called activist groups; the Texas Department of Public Safety destroyed all intelligence files developed from noncriminal investigations; the mayor of Los Angeles recently announced that the police department's intelligence unit had destroyed almost 2 million entry items in what he described as a move for "positive social change." In 1973 the New York City Police Commissioner announced that 80% of the intelligence unit's files relating to public security matters—that is over one million names of individuals and organizations—had been purged from its records.

Mr. McNamara further pointed out that the Communist promotion of revolution, terror and guerrilla warfare is unchanged. He quoted Khrushchev as having stated: "The questioning of Stalin's terror, in turn, may lead to the questioning of terror in general. But Bolshevism believes in the use of terror. Lenin held that no one was worthy of the name of Communist who did not believe in terror." Lenin, whose teachings are utilized by practically every Communist and leftist type organization, in outlining a criminal code for the Communist government of Russia after the revolution stated: "The courts must not ban terror . . . but must formulate the motives underlying it, legalize it as a principle, plainly, without any make-believe or embellishment."

In the United States, Gus Hall, secretary general of the Communist Party, U.S.A. explained to the Young Workers Liberation League (the C.P.'s youth group) that the use of guns is a tactical question. Mr. McNamara pointed out in his testimony that the basic doctrine of the Communist Party concerning terror is: "Will it help us or harm us? Any time it will help us, we will engage in terror. The leaders of the Party will call on every party member in the country to undertake terrorist actions whenever they determine it will be helpful to their cause or when Moscow tells them to do so."

The program of "detente" being sold to the American people as a means of preserving peace and avoiding nuclear warfare is completely false and it originated not with our "peace-loving" diplomats and government officials, but with the strategists in the Soviet Union.

The World Communist Movement, whether it be directed from Moscow, Peking, Havana, or through the Fourth International in Paris, has but one ultimate objective—a Communist World (a world government under Communist control). While there may be differences in techniques and quarrels among the leadership, the ultimate objective has always remained the same. The major news media in the United States, seemingly as much controlled as in the countries which have fallen under Communist tyranny, have failed to warn the people of the increasing dangers we face and the known Communist plans for revolution, particularly in the United States during 1976. There is ample warning of coming events in the increase in bombings, the failure to apprehend those responsible and the appointment to high government office of those willing to cooperate with the program of detente with Communism. Yet, the Congress of the United States officially stated in the Communist Control Act of 1954: *The Congress hereby finds and declares that the Communist Party of the United States, although purportedly a political party, is in fact an instrumentality of a conspiracy to overthrow the Government of the United States. . . . Unlike political parties. . . . the policies and programs*

of the Communist Party are secretly prescribed for it by the foreign leaders of the world Communist movement. . . . Unlike members of political parties, members of the Communist Party are recruited for indoctrination with respect to its objectives and methods. . . .

In addition to the elimination of congressional investigating committees charged with safeguarding national security and the immobilization or disbanding of the intelligence units of major police departments (including their subversive files), there are other aspects endangering our national security which are also a result of long-range planning. There has been a psychological warfare-type program going on in universities and schools to undermine patriotism, weaken the will to resist and to portray the Communist countries as having just another form of government. It has been estimated that it takes from one to three years to indoctrinate an individual into accepting the Marxist philosophy and subsequently Communist discipline. While the Conspiracy has never discarded this program, it has had considerable success in other methods of control.

In a very short time, perhaps only hours, the Communists can compromise a government official or employee who has a character deficiency, and the K.G.B. has its agents and operatives watching and keeping dossiers on these security risks. The K.G.B. has not been slow, through its covert helpers, to utilize the results of the breakdown in security practices which allows such persons to hold government posts, and thus they can blackmail, bribe, or influence important policymakers and officials to bring about decisions advantageous to the World Communist Movement.

Because they are under this type of control, many officials in our government who appear to have no pro-Communist background can be observed following a course of action which is beneficial to the Communist movement. Some also follow this course once they realize that their chances for promotions and a bright future in government service can be enhanced by cooperating with (or remaining silent when they should speak out against) those who do not have our country's best interests at heart.

It had long been a practice that in evaluating the backgrounds of prospective government employees or appointees, not only were subversive histories and tendencies considered, but also character deficiencies such as gross immorality, inability to live within one's financial means, sex perversion, forms of dishonesty, and other "disqualifications" which might make them security risks. These proper security standards were considered an obstacle which had to be eliminated, and so the U.S. government spent an enormous amount of taxpayers' money in its efforts to eliminate one of the main obstacles—Otto Otepka, Chief of Evaluations in the State Department, who insisted on maintaining proper standards in the interest of national security. The principal purpose behind the "Get Otepka" operation was to serve as a warning to other security officers in various government departments and agencies—they must cooperate with their superiors and not "rock the boat." In other words, give approval and clearances to those whom the Administration wants approved or get the "Otepka treatment."

Plans for revolution in the United States during the next year include a continued undermining of police and intelligence services; a continued push for gun control legislation (a must before a complete takeover can be achieved); creation of racial problems through forced busing; housing and unemployment problems; and, with over 20 terrorist-revolutionary groups, the creation of more and more terror. The radicalizing of Hispanics, Negroes and American Indians prepares them to become a formidable number of shock troops for leaders under open or covert Communist control.

(Editor's Note: This is not intended to frighten—but rather to stimulate thinking on what is certainly an important topic in this American Bicentennial Year.)

GORDON SPOT

by DeMarquis Gordon

Last week the selection of shade or ornamental trees was discussed in this column. The next important step is to do a good job of transplanting the tree or shrub.

In transplanting any woody plant, the planting hole and backfill used are extremely important. The old saying that "it is better to use a \$1 plant in a \$10 hole than to try to squeeze a \$10 plant in a \$1 hole" is still true. The hole should be just deep enough to allow the tree or shrub to be set at the same

depth it was in the container or at the nursery.

The poorer the soil, the greater should be the diameter of the hole. A good rule-of-thumb is to make the pit at least one-and-one-half times larger than the root ball.

If the existing soil is to be used as backfill, it should be enriched with at least one part peatmoss or compost to two parts soil. Work the soil mixture in around the roots of a bare-root plant or pack it in firmly around the soil ball of container or balled-and-burlapped plants. When the pit is about two-thirds filled with soil, water thoroughly and allow the water to drain before completely filling the hole with backfill.

Build a dam or berm about 8 to 12 inches beyond the edge of the hole and an aid to watering the first year or two. Trees over 4 to 5 feet high should be staked or guyed, especially if they are evergreen. If using guy wires, run the wire through a piece of old garden hose before placing it around the trunk to prevent damage to the bark. Check frequently to be sure the tree is not being girdled.

Care after planting is important. Water regularly and thoroughly when needed but do not overwater as this keeps soil pores filled with water and slows root growth. Use a mulch around the base of the plant to keep down weeds, conserve moisture and prevent soil compaction. Fertilize only after the plant is well established, usually the second year.

Further information on transplanting woody plants is available at the county Extension Office.

Calvin Guest To Be Guest Speaker At RAAW

State Democratic Executive Committee Chairman, Calvin Guest, of Bryan, Texas, will be the guest luncheon speaker at a Regional Affirmative Action Workshop to be held January 24, 1976, from 10:00 a.m. to 3:00 p.m. in Graham, Texas, at the American Legion Hall. Registration will begin at 9:00 a.m. There will be no cost for this workshop other than \$3.25 per person to pay for his own lunch.

This is the first program of this type in the history of the Democratic Party of Texas. This program has been designed to encourage participation by grass roots Democrats and to train them in the basic political techniques. We encourage ALL Democrats to attend. Mr. R.C. Slagle, III of Sherman, Texas, and Mr. James Allison, of Cooper, Texas, will lead the workshop. The workshop will be divided into the following four areas of interest:

1. Voter Registration (new law)
 2. Precinct Organization
 3. Precinct, County and State Convention Procedures and the new Presidential Primary.
 4. Volunteers and Standing Organizations (how to organize and keep interest).
- Senatorial District 22 has been combined with Senatorial District 24 and 30 to form this region. Members of our district serving on the Regional Affirmative Action Steering Committee are: Jerry Craft, Jacksboro; Joe Guerrero, Breckenridge; Gerald Cumpston, Olney; Terry Moellinger, Denton; Wanda Britton, Gainesville; Doris Maxwell, Comanche; and Sarah Tackett, Alvarado.

RJC To Host Tax Assistance Workshop

Income Tax Workshop
The Ranger Junior College Business Department is hosting a Volunteer Income Tax Assistance Workshop the last week of January. Plans are for participants to meet from 8:00-12:00 am. Monday, Tuesday, and Wednesday mornings of January 26, 27, 28. An Internal Revenue representative will conduct the workshop which will meet in the new Business Building situated on Highway 80 West on the Ranger Junior College campus.

People helping people with their tax returns is basically what the Volunteer Income Tax Assistance Program is all about. Plans call for volunteers to give a small amount of their time to help others with their income tax returns after receiving training in how to prepare simple Forms 1040 and 1040A. The aim of the VITA Program is to help lower income, older and non-English-speaking taxpayers as well as others who are unable to pay tax practitioners or who find it difficult to seek the assistance of Internal Revenue Service representatives. Of course, the main benefit comes to the participant who gains knowledge in preparing his own tax returns.

The workshop is offered free to anyone who is interested in learning more about income tax returns. The training sessions are in basic income tax law and is tailored to the background of the participants. All volunteers receive free VITA course materials which are also job aids.

For additional information, call Mrs. Bill Herod at 647-3565 or 647-3234.

Lu Bolen To Speak To Eastland County Republican Women

The Eastland County Republican Women's Club will meet for luncheon Tuesday noon, January 20, in the home of the club's president, Virginia W. Russell. Mrs. H.J. Bulgerin will report the finances and offer Bicentennial objects for sale.

The highlight of the meeting will be the presentation of Lu Bolen of Lewisville, Texas. Mrs. Bolen, incoming president of the Greater Lewisville Republican Women's Club, and recently elected District Director for District 22 of Texas, will bring a report from the State Board Meeting in Austin this past week and related topics of interest.

Mrs. Bolen moved to Texas from St. Louis, Missouri, in April, 1975, and has been active in the GOP since she was 21 years old. She has worked as precinct block worker and campaigner for Kit Bond, who is now Governor of Missouri. Mrs. Bolen, an Elementary Music Teacher, has three children and is married to Lee Bolen who is associated with the Ford Motor Company.

TARC Receives Confirmation Of Grant Project

Mrs. Ferris Clements of Brownwood, Chairman of the Texas Advisory Council for Developmental Disabilities has announced that the Texas Association for Retarded Citizens (TARC) has been awarded second year continuation for the TARC - Information and Referral Developmental Disabilities grant project for an 18-county area of Central Texas.

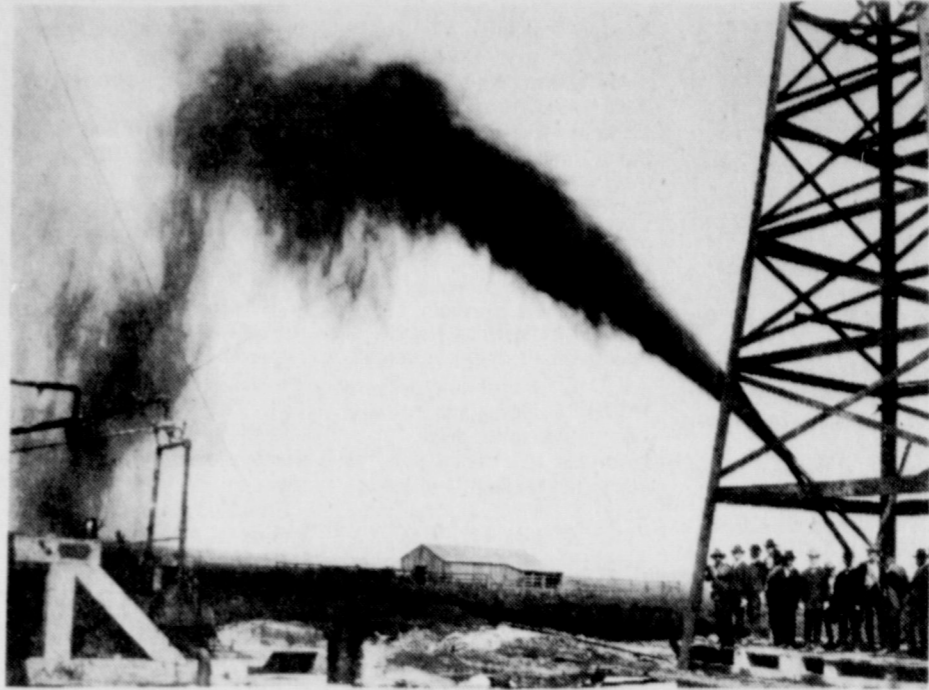

The project will continue an Information and Referral service for persons who are mentally retarded, cerebral palsy, epileptic, or multi-handicapped as well as working with supportive volunteer organizations in each county wishing to help.

"This pilot project is the only one of its kind in Texas with its office located in Brownwood," said Mrs. Clements. "TARC's first year efforts have had a tremendous impact on the lives of developmentally disabled persons in central Texas." Through the Information and Referral Office, requests for assistance are referred to area agencies and service providers who have the responsibility for providing education and rehabilitative services.

Mrs. Clements further stated, "Because of this project, problems in rural service delivery systems have been identified, which is the first step to solving the problem of available help in rural areas." "Too often parents and relatives of developmentally disabled persons have few or no place to turn for help, but with the TARC Information and Referral Office, service providers can more readily be brought to bare on the situation and monitored to be sure services are actually being provided."

Those counties included are Bosque, Brown, Burnet, Callahan, Coleman, Comanche, Coryell, Eastland, Erath, Hamilton, Hill, Lampasas, Llano, Mason, Mills, McCulloch, San Saba, and Stephens Counties.

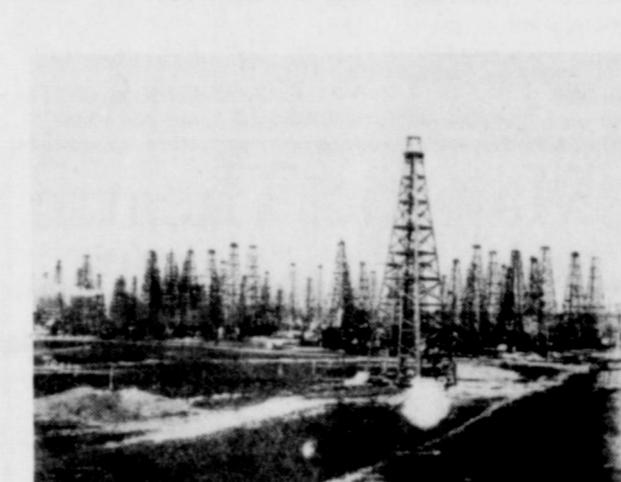

Any organization wanting to help in their county or anyone needing help or services for a developmentally disabled person should contact the TARC-Information and Referral Office, 318 Citizens National Bank Bldg., Brownwood, Texas, 76801, or call 915-643-1432.

COME SEE OUR WELL - Potential investors and visiting journalists often were treated to displays representing the tremendous potential of the Spindletop field. "Gusher shows", which ended as oil men began to understand the need for conserving underground pressures, excited people, wasted oil and gas, killed mosquitoes, ruined clothes, and created fire hazards.

BEAUMONT TRAFFIC JAM, 1901 version - Milling crowds at Beaumont's Southern Pacific depot following the Spindletop discovery signified "boomtown". The city's 9,000 population soon swelled by 50,000 more. Rooms were scarce, cots were \$5 a night, people slept on pool tables and in communal tents. Some "boomers" commuted daily by train between Beaumont and Houston.

HOGG-SWAYNE TRACT AT SPINDLETOP - Owned by former Texas governor Jim Hogg and his partner, this part of the Spindletop field was one of its most productive areas. It was eventually incorporated into other properties by J.S. Cullinan marking the beginning of one of today's major U.S. oil companies.

Oil News

Calvert - Brazier of Cleburne will drill No. 1 Buena Vista Bateman as a proposed 800 foot wildcat 2 1/2 miles northwest of Gorman in Eastland County. Drillsite is 1,550 feet from the north and 500 feet from the west lines of Section 4, Block 1, H&TC Survey, A - 196. The lease is composed of 280 acres.

Shilleagh Corp., Wichita Falls, staked location for No. 4 Fambrough in the regular field 17 miles northwest of Ranger. The planned 2,500 foot venture is located on a 181 acre lease. Drillsite is 330 feet from the south and west lines of Section 16, Block 6, T&P Survey.

A gas well has been completed 14 miles north of Ranger in the regular field. It is Christie Oil Co. of Breckenridge (formerly West Artesia Transmission Co. of San Antonio) No. 2 E.J. McClesky. Location is 330 feet from the south and 1,350 feet from the east lines of Section 41, Block 6, T&P Survey. Absolute, open flow was 74,000 cubic feet of dry gas daily from perforations at 2,108 - 18 feet. Operator set the 4 1/2 inch casing at 2,250 feet. Total depth was 4,260 feet, and plugged back to 2,244 feet.

Four oil wells and one gas producer have been completed in Stephens County fields. Spade Operating Co. of Abilene completed two oilers in the Jackson (Strawn) Field, 9 miles north of Ranger. No. 1 - A.J.A. Gray is located 1,200 feet from the south and 1,450 feet from the east lines of Section 79, Block 4, T&P Survey. Daily potential was 19 barrels of 38 gravity oil, pumping from perforations at 1,754 1/2 feet. The pay was treated with 300 gallons of acid and fractured with 100 sacks of sand. The 4 1/2 inch casing is set at 1,800 feet, two feet off bottom. Location for No. 2 - A Gray is 1,200 feet from the south and 650 feet from the east lines of Section 79. It had a daily potential of 49 barrels of 38 gravity oil, plus 14 barrels of water. It is pumping from perforations at 1,762 - 70 feet, treated with 300 gallons of acid. The pay was also fractured with 100 sacks of sand. Operator set the 4 1/2 inch casing at 1,820 feet, and the hole is bottomed at 1,825 feet.

Time Capsule To Be Buried

Suggestions of items to be included in a time capsule for Eastland County are being sought by the Eastland County Historical Committee, President Mike Collins has announced.

The Committee will name a committee with members from each city in the county to make final arrangements for the placement of the capsule, which will remain buried for 100 years. Ideas are sought, and it is hoped that representative material from schools, organizations and individuals may be included in this important historical event - on this Bicentennial Year.

At a meeting of the committee Tuesday, Mr. Collins was re-elected president.

Present were Mr. Collins, County Judge Scott Bailey, Commissioners Danny Woods, Elmer Blackwell and L.T. Owens; Barry Greenwood, Helen Murrell and Peggy Maddox.

47 Club To Meet

The 47 Club of Ranger will meet Tuesday, January 20, at 4 p.m. in the home of Mrs. James P. Morris. Mrs. Morris' co-hostess, is Doris Childers and the club's president is Mrs. Jack Elsom.

The meeting honoring the 1976 Bicentennial will present Mrs. H.J. Bulgerin, Eastland County Republican Chairman, and Mrs. Morris Newnam, District Representative and Lake Leon Precinct Chairman at the Democrat party. Both will speak on the assigned subject: "The Candidates - Republican and Democrat". Also included in the talks will be a discussion of the National Issues, after which a straw vote will be taken.

Engagement Announced

Mr. and Mrs. Ancil Alan King proudly announce the engagement and approaching marriage of their daughter Donna Sue Pinkerton to Bradley Dean Carlisle. The couple are planning a March wedding. Bradley Dean is the son of Mr. and Mrs. Edwin Carlisle of Cisco.

The bride to be is a 1975 graduate of Eastland High School and is presently attending Abilene Commercial College. And, the groom to be attended Cisco High School and is employed at Texas Light-weight Aggregate a division of TXI.

Elementary EXTRA

By Amy O'Brien

**MRS. YOUNG
THIRD GRADE**
Hi! In science we have been studying how we get energy from green plants, it's interesting to know how coal is made.
We have also been having lots of math tests. It's fun to learn times tables when your in third grade. We got a new girl last week, her name is Sherry Morman.
I guess that's all I have to say.

by Whitney Reese

**MRS. TURNER
THIRD GRADE**
This week the helpers are Rodney Phelps and Lisa Brinkley. This week we studied nearly all our subjects. Every day we had fun. In arithmetic we have been reviewing multiplication. On Wednesday we got our Social Studies book. Thursday we had a spelling test. And on Friday we did what we always do. So the good citizens for this week are Don Rossander and Kristen Willoughby.
