Mavericks Take 5 - 5 Record; Drop Closer To Clyde 37 - 14

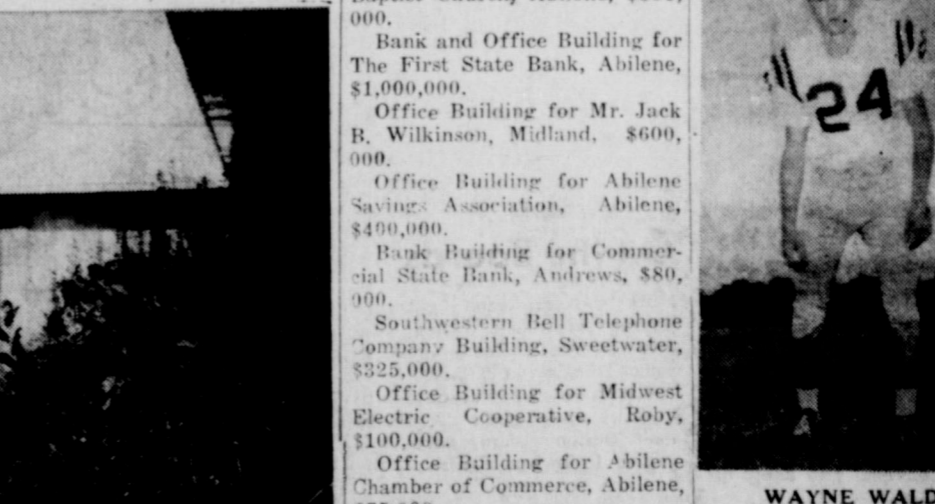

The Mavericks, comeback club of the year, almost made it all the way Friday to close out their season in fine style. But the powerful Clyde Bulldogs turned off the threat; defeated the Eastland team 37-14; and proved conclusively that every time the Mavericks crossed a county-line this year, they were in for trouble.

NEW ENTRY WAY

STEEL IN PLACE

Eastland Memorial Hospital is undergoing a third phase of an expansion program which will, in a three-year period, triple the patient bed capacity and enlarge the kitchen, offices and nurses quarters.

Fun for the Mavericks actually began with a fumble—early in the second quarter.

Because on Clyde's next play after the ball went over, they fumbled and Gaylon Griffin was on it for Eastland.

The under QB Joe Cooper's direction, the plunge began—and it was earned.

Cooper to Gary Graham picked up about nine; then to Jimmy Moylan, as has been customary, for the needed 14 yards across the middle and the first down.

A repeat of the Cooper to Graham didn't gain, but the next time a hand-off from Cooper to Dicky Byars clicked for at least 12 yards and another first.

Cooper kept and picked up about three of his own; then chose Graham again for about six yards. Third down try didn't get the yardage.

But on the fourth, Cooper picked it up himself.

Then with a first and ten on the Bulldog 45 yard line, Byars got it again and scampered eleven yards, to be followed immediately by Graham who picked up about the same amount.

Clyde put the brakes on and three tries netted "zeros."

Graham kept, was stopped; Graham took, but couldn't move; and a pass to Bryers fell incomplete.

But on that fourth down, the chill left for Eastland fans as Cooper dropped back, back, back and passed right into the waiting arms of Stanley Underwood, in the end zone.

It was six for the Mavericks and Graham added two points with a run around the end.

Clyde had a touchdown called back on the kick-off after Eastland's score, because the receiver grounded the ball, the whistles blew and everybody slowed down but the man with the ball.

Graham recovered a Clyde fumble on their third down and set the stage for the other Maverick score.

Three plays netted nothing but the Mavericks made themselves a break on the fourth and punt situation.

Graham raced with the ball, saw it touched by a Bulldog (Continued On Page Eight)

TWO TRIED THIS WEEK

Two cases were tried this week in the 91st District Court in Eastland with Judge Turner Collier presiding.

Floyd Simmons of Ranger was sentenced to two years in the prison for burglary of the Thomas Lee Boney home in Ranger.

O. C. Hill, also of Ranger, was acquitted on a charge of possessing whiskey and vodka for sale in a dry area.

On the slate for Monday is the case of the State of Texas vs. Mrs. John T. Robertson, who is charged with assault with intent to murder.

BALL-HANDLER—This is the Eastland Maverick who's had his hands on the ball more times than any other player. Center Jimmy Wright has been looking through his legs for ten games and his accuracy with the pigskin has been superb. He's been a big spark in the team's five win-five loss season.

Newly Wed Couple On Trip To Houston

Jimmie Dell Rodgers of Ranger and his bride, formerly Melba Willene Lee of Eastland, are on a trip to Houston following a double ring ceremony Saturday evening which united them in marriage.

The Rev. H. B. Terry, pastor, read the vows in the Bethel Baptist Church at eight o'clock. Parents of the couple are Mr. and Mrs. E. H. Lee of Eastland and Mr. and Mrs. Reese Rodgers of Ranger.

Nuptial music was presented by Homer Terry of Eastland, organist.

Kenneth Jack Lee of Eastland gave his sister in marriage. She selected a dress of brocade satin fashioned along slim sheath lines. The fitted bodice of the dress featured a jewel neckline, at which the bride wore a single strand of pearls.

Her veil of illusion fell to waist-length from a queen's crown of teardrop and seed pearls. A white, lace-covered Bible held the bride's bouquet of gardenias and Stephanotis.

Joy Gardner of Abilene, maid of honor, was dressed in a heavenly blue silk sheath fashioned with above-the-elbow sleeves and scoop neckline. A sequined princess crown caught her matching circular veil. Miss Gardner carried feathered white carnations and white pompon mums in a nosegay arrangement.

TURKEY AND TOUCHDOWNS
Now comes that happy time of the year... the time of roast turkey, cranberry sauce, pumpkin pie, family get-togethers—and the Texas-Texas A&M football game.
Put them all together and you get Thanksgiving, 1962... a great day in every way.
Here's hoping you have a good one.

A SMALL SUGGESTION
I have a small suggestion if you want to help out-of-town friends and relatives reach you faster when they telephone. Be sure you give them your area code as well as your telephone number. The area code here is 817.

NEW MOVIE AVAILABLE
Like to learn more about Telstar, the world's first active communications satellite? Well, a brand new telephone commercial is now available for you, school, civic or church organization.
It's called "Telstar," is in Technicolor and runs 27 minutes. There are dramatic close-up scenes of the Telstar launch from Cape Canaveral and shots of the Bell System's huge earth station at Andover, Main, as well as earth stations in Britain and France.
To book this film for your group, free of charge, just call the telephone business office, MA 9-2691.

TIMELY TIP
Chances are you've never found yourself in the predicament of the people in our cartoon... let's hope not anyway.
At any rate, it helps me make a point: One way to make certain you never stand in line is to settle back and shop by phone. After all, you're only seconds away from any store in Eastland with your telephone.
ONE LAST THOUGHT
They tell me the worst part about loafing is that you can never take a day off.
So long for now and I'll see you again next month.
Call by number. It's twice as fast.

The Ranger Junior College Rangers ended the 1962 football season Thursday night with a 1-9 record after being defeated by the Blinn Junior College eleven 23-0 in a fast moving game.

The Rangers were unable to score on two long drives, one in the third quarter down to the Blinn 17 yard line and again in the fourth quarter the Rangers rolled down to the Blinn 20, only to lose the ball on downs.

Blinn collected 14 points in the second quarter and nine points in the third quarter. In the first and last quarters, the Ranger defensive team kept the Blinn eleven bottled up most of the two periods.

Blinn's first score came midway in the second quarter when Al Jones tossed a pass to Lewis Botard good for 12 yards and the score. Extra conversion by Robert Ruchert was good, making the score 7-0.

Blinn collected another seven points with only two minutes to go in the first half. Jones travelled around left end for three yards to collect the six points. Again Ruchert's extra conversion kick was good and Blinn led 14-0 at halftime.

Three minutes deep in the third quarter, a field goal attempt by Blinn's Ruchert was good, making the score 17-0.

Blinn's final score came after a Ranger punt was blocked on their own 20 yard line. On the second play from scrimmage, Tabby Meador from Blinn went around left end for the needed 15 yards to the goal line. The extra point attempt was no good, and the score remained 23-0 in favor of Blinn.

Christian Science

Spiritual healing will be a topic dealt with at Christian Science services Sunday in a Lesson-Sermon on the subject "Mortals and Immortals."

Scriptural selections will include this verse from Matthew: "And when he had called unto him his twelve disciples, he gave them power against unclean spirits, to cast them out, and to heal all manner of sickness and all manner of disease."

One of the correlative citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states:

"Every day makes its demands upon us for higher proofs

making of cancer drawings and bandages. A report from the education committee revealed that progress is being made by showing films on cancer to different clubs and schools of Eastland County.

A film on cancer research was shown directors by Mr. Crawford, field representative of Ablede.

The following seven danger signals of cancer were also stressed at the meeting:

- 1. Unusual bleeding or discharge.
2. A lump or thickening in the breast or elsewhere.
3. A sore that does not heal.
4. Change in bowel or bladder habits.
5. Hoarseness or cough.
6. Indigestion or difficulty in swallowing.
7. Change in wart or mole.

rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness, and death by the power of Spirit, as Jesus destroyed them. This is an element of progress, and progress is the law of God, whose law demands of us only what we can certainly fulfill" (p. 233).

Thoughts for a Sunday

REV. H. B. TERRY JR.
Pastor, Bethel Baptist Church
"The True Spirit of Thanksgiving is Found in the Christian Home."

The thought for our meditation together is the true spirit of Thanksgiving is found in the Christian home. God's first institution that He fashioned for the good of human society was the home. Human society is founded to a remarkable degree on the home. The greatness of any nation can rise any higher than its home-life. A home is a building. A home is a fellowship. A home is family fellowship viewed as a unity. Christian homes need to clearly stand out in our day and time.

The wise and worth care of the home of a matter of eternal moment. A home that God will bless is a home life that is anchored to God. A good motto for every home should be: "This home for Christ."

There are many important matters, secular matters: business, statecraft, our vast system of public education, but the care of the home, the wise and worthy care of the home goes before any of the important causes I have named. Urgent indeed is the sum-

mons that all of us be deeply concerned as to the homes of our nation. It was many years ago Henry Grady, a great statesman, stood before the Capital at Washington, D. C. and said to himself: "This is the heart of America." Then as he stood there, he said, "It seemed that the Nation's building faded and in its place I saw a little home in the mountains of North Carolina where he saw his poor rugged sun-tanned father with calloused hands who taught him about God. His father was honest and had raised this children in the fear and nature and admonition of the Lord." This, he said, is the heart of America.

The basic unity of our society is the home. When the home begins to lose its hold on our lives and disintegrates when our society is on the way out. An old sea captain, who I've in a home for retired sailors, was quite sick and near unto Death. The chaplain of the home talked to him about Christ. He gave the old captain a Bible to read. He also gave him a red pencil and told him to mark the verse which helped him. One day the old captain's soul slipped away to be with God. The chaplain opened the Bible and found that he had made a red circle around Job 3:16. He had also made a little wastebow anchor and left it at the place in his Bible. On the anchor he had written these words, "I have cast my anchor in a safe harbor."

Dear parents, during Thanksgiving season, can you say: "I have led my home and children to anchor their souls in the haven of rest." Can you say, "Our home is Christian." Christian homes are built by Christians even as Christian churches are built by Christians.

Christian homes have quality and quantity. Quality depends upon individual willingness to follow Christ.

I close this thought with the poem under title, "My Child and My Church" written by a Father.

WHAT CAN I DO to lead my child to the deepest love and strongest loyalty to the church? I cannot guide her steps aright without the help of the church and its message. LOYALTY TO THE CHURCH is inspired in some measure by the church itself. I realize that. By showing interest in my child, giving special instruction to her heart, special impressions to her mind, and special inspiration to her life, the church can challenge her lasting loyalty.

MY HOME REGULATES my child's attitude toward the church. My own parental indif-

COLOR FUN—This is a lobo. He is the star of a Walt Disney movie called "The Legend of Lobo." The movie will show Thanksgiving Day at the Majestic Theater in Eastland (that's next Thursday). Color the picture of the lobo. Free passes will be given to the first 25 youngsters who bring the colored picture to the newspaper office.

ference will be reflected in unconcern on the part of the child.

WHAT CAN I DO, as a parent, to make my child loyal to the church? THE FIRST STEP IS TO INSPIRE LOYALTY IN HER BY MY OWN EXAMPLE OF UNQUESTIONED ALLEGIANCE TO THE CHURCH. Parents who love the church help the children to love the church, too, without being aware of it. Love for the church is not a fact to be taught, but a spirit to be caught, from me the parent.

BY GOD'S HELP, I WANT MY HOME to do all within its power to lead our children to love the church and the Savior, and to be loyal to his plan in their lives. What better legacy can I leave my children than a spirit of Christian loyalty like that.

May God richly help each of us to have Christian Homes.

Lake Cabin Is Scene of Art Club Meeting

Mrs. Homer White and Mrs. Joe Tow were co-hostesses for an all-day meeting of the Eastland Art Club Thursday at the Lake Leon cabin of Mrs. Tow. The day was spent painting and planning.

A noon luncheon was served by the hostesses. The menu consisted of tacos, baked beans, Spanish rice, Italian pepperoni relish, chips, cherry upside down cake and coffee.

The president, Mrs. Gerald Wingate, was detained until late afternoon. Mrs. Ed Layton, vice president, conducted a short business meeting.

Plans were made for the Christmas party to be held December 7 at 6:30 p.m. at the Tow cabin. Husbands of club members will be special guests. Names were drawn for the exchange of gifts and the menu and games for entertainment were planned.

Attending the Thursday meeting were Mrs. Ed Layton, Francis Urban, Varge Daniel, Roy Lawson, H. B. MacMoy, Gerald Wingate and the hostesses, Mrs. White and Mrs. Tow.

TidBits—

(Continued from page 1)

Mr. Cooper grew up in a section of Shelby County, East Texas, that was particularly well known for an outstanding brand of bootleg corn whiskey called "Chinery."

Several folks have suggested that the City of Eastland might consider replacing the overhead traffic signal light at the old City Hall (Commerce at Daugherty) with a "Yield" sign. Traffic is pretty light there and folks usually wouldn't have to stop.

Understand there's a tendency all around for signal lights and stop signs to be replaced with "yield" signs where possible. Speeds up traffic and leaves the responsibility up to the motorist.

Have you seen the Jaycees "want" sign west of town? It now reads "EASTLAND WANTS... Tuff McFarland, Midland. Don't see the Jaycees".

P-TA Meeting Date Changed

Members of the Eastland P-TA will meet Monday, Nov. 26, at 3:45 p.m. in the Eastland High School Auditorium. At the previous meeting, members voted to hold the meeting on this date instead of the regular date of November 20th.

This change will be for the one meeting only.

A special guest speaker will be on hand for the program.

Cisco Bonds Sold—If Judge Wills

Attorney for the Cisco Independent School District said Thursday that \$700,000 in bonds here have been sold to a Dallas firm, subject to a successful outcome against a citizens group protesting the bond election.

W. B. Wright, the attorney, told board members in a special meeting that R. A. Underwood Company and Associates of Dallas had agreed to purchase the bonds, bearing interest of 4.182 per cent and payable in 25 years.

The attorney said the transaction would be possible only if the school district is successful in court action in 91st District Court in Eastland.

The Cisco residents opposing the results of the \$700,000 bond election held earlier this year, filed an appeal Wednesday of District Judge Turner Collier's decision upholding the election.

Wright said he would ask the court to take speedy action on the appeal and hoped for a decision by the court in December.

He indicated that an early decision was necessary in the public interest and that a new high school building was badly needed.

Judge Collier ruled in favor of the Cisco School board on Oct. 26.

P. P. Plambeck filed an original suit, claiming "voting irregularities" took place and alleged that "persons not eligible to vote were allowed to vote."

What some people won't do to get their name in print.

You know it's an interesting situation when the Jaycees are so well pleased with Eastland that they can't find a suitable entry for their sign. They'd probably appreciate hearing from you if you have some suggestions for the sign.

BOOK WEEK AT EJHS

'Today's Readers, Tomorrow's Leaders'

Students at Eastland's Junior High School are well-read. In fact, they've collectively read almost 2,000 books this year.

They are observing National Book Week and have been writing and giving oral reports on books as well as making posters.

Mrs. Joe Stephen, librarian, in cooperation with the language arts teachers, has made the following reports:

take the band and sponsors to Dallas, with about \$400 needed to defray the costs, the director said.

A. D. Taylor, newly elected president, opened the meeting by complimenting Frank Deaton, retiring president, for the leadership he gave the chamber.

In response, Deaton said, "There's still a lot of work to be done yet." He then challenged the directors because, he said, "it will take all of us."

Manager Lee Ellis reported that a retail committee has tentatively set Friday, Nov. 30th, as the date for "turning on the lights" for Christmas. There'll also be a parade with the band that day, he said.

He announced that he has received commitments for musical programs for two of the nights for the Christmas Week celebration to be held in Eastland. Others are expected soon, he said.

Budget study will be business of the December meeting and the group decided on a night meeting to take care of the budget.

Directors voted for Ellis to take a one-week vacation beginning Dec. 25th.

RANGER POLICEMEN display articles removed from a 1955 Ford in Ranger Tuesday night. Occupants of the car were T. L. Christy and Jack Ricketts, both ex-convicts. A .25 caliber pistol, a .38 caliber pistol and an 303 British Army rifle were taken from the auto. Pictured, left to right are J. Vinson, patrolman, Bill Ogden, chief of police, and Bud Griffin, patrolman. The arrest was made by Chief Ogden and Patrolman Vinson. (Photo by Capps Studio).

Status of Women Is Thursday Club Theme

"Stepping Stones to Understanding the Changing Status of Women" was program theme when members of the Thursday Afternoon Club met Thursday in the Woman's Club for the regular meeting.

Mrs. Cecil Collings was hostess and leader for the program. She introduced the program with the quotation, "Clubwomen of the world are Freedom's guardians."

Mrs. Ben Hamner gave a Travelogue filling in for Mrs. Perkins, who was unable to attend. Mrs. Hamner gave a very interesting talk on the places she visited in October. Places mentioned were Washington, D. C., where she attended a session of the supreme Court, visited with White House, Lincoln Memorial and many other places of interest. Then to Philadelphia with its many historical buildings and sites.

She told of going through the Amish country, where the Amish people still travel by horse and buggy and dress as they did when they migrated to the United States in the early days. On the way to Chicago, the Lincoln home and Lincoln tomb in Springfield, Ill. were visited. She also went to New York City where she attended several shows and interesting places. Mrs. Hamner used maps and pictures illustrating her talk.

The president, Mrs. Collie, presided over the business meeting and the following members answered roll call: Mrs. Harold Bulgerin, Turner Collier, Cecil Collings, Pat Crawford, Fred Davenport, Harold Durham, Ben Hamner, James Horton, W. P. Leslie, Milburn Long, W. D. R. Owen and R. L. Young.

Hospital -

(Continued from page One)

About April 1, 1963, will bring the hospital to a 63 patient capacity.

All this is being accomplished according to the planning of the original hospital committee, which in 1952-51 directed the building, furnishing and operation of the hospital. The original building was placed on the nearly 600-acre hospital property with the additions in mind.

New furniture for the lobby arrived this week, along with necessary office furniture and equipment to take care of the increased office facilities. The lobby is of wood paneling, with indirect lighting, sound-proof ceiling and tile floor. The furniture is of modern design in colors of mahogany and beige.

J. M. Parks is president of the hospital board and others on the board are Billy Frost, Mrs. Samuel Butler, Glyn Gilliam, Russell Hill, Guy Parker, Bernard Hanna, T. M. Fullen and Virgel Seaberry Jr.

The idea of the hospital was conceived through the Civic League and Garden Club in 1951. Citizens of Eastland worked side by side until it was accomplished. When the building was finished and furnished, it was completely paid for with a surplus of cash provided for its operation.
