

## Curry Out on \$10,000 Bond; Bond Jury Meeting Thursday

Jury has been called for 10 a.m. Thursday to consider the murder of Mrs. Hussey of Cisco.

The jury was called before noon Friday by Judge T. M. Collier, after Nathan Curry was released on bond.

Curry was charged with murder in the June, 1961, slaying of Mrs. Hussey, a Cisco resident, by a jury of 12 men.

Curry, 17-year old, was charged with murder in the June, 1961, slaying of Mrs. Hussey, a Cisco resident, by a jury of 12 men.

NATHAN CURRY GETTING OUT OF SHERIFF'S CAR

## Blackmon, Smith, Hallmark Are Outstanding Nominees

Roger Blackmon, James K. Smith and Grover Hallmark have been nominated for Eastland's "Outstanding Young Man of the Year."

The "Young Man" will be revealed at the annual Junior Chamber of Commerce banquet to be held Thursday evening at the Lone Cedar Country Club.

Blackmon was nominated for the honor by the Eastland Lions Club; Smith by the Eastland Rotary Club; and Hallmark by the Eastland Civic League and Garden Club.

Roger Glenn Blackmon, 25, only child of Mr. and Mrs. Lawrence Blackmon, was born and reared in Ballinger, Runnels County.

A graduate of Ballinger High School, Blackmon was also graduated from Texas Tech, Lubbock in 1960 with a B. S. degree in agricultural education. He was a member of Phi-Kappa-Phi, honorary scholastic society at Texas Tech.

He taught vocational agriculture at Norton High School in Runnels County in 1960-61, and was appointed Assistant County Agent for Eastland County effective Aug. 10, 1961.

Blackmon and his wife, the former Karen Sue James of Lubbock, have one daughter, Cara Jeanine, 19 months.

Both Roger and Karen are members of the Eastland First Baptist Church, where he is president of the Young Men's Class. Mrs. Blackmon is vice president of the Winesome Sunday School Class and he is sponsor of the High School Training Union there.

A member of the Eastland Jaycees, Roger is secretary of the newly organized Eastland County Hereford Breeders Association. He has charge of the boys' 4-H Club work in eight community clubs, Cisco, Rising Star, Gorman, Olden, Desdemona, Morton Valley, Nimrod, and Eastland, and in five school clubs, Ranger Junior High and two in the Young School in Ranger.

Roger's hobby is his work. He is especially interested in lambs and lamb feeding and in sheep in general, as well as in beef cattle, particularly calves being fed for local or state shows.

James K. Smith, 29, owner and manager of the Men's Shop has been a resident for the past eight years.

A graduate of Cumby High School, he is the son of Mr. and Mrs. H. H. Smith of Harst, Tex.

Smith, his wife, Dorothy, and their two children, Cynthia, 10, and Kenneth, seven, reside at 407 E. Conner.

Gorman Men To Play In NTSU Concert

John Paul Bolt of Gorman will perform with 275 other student musicians Tuesday, Feb. 5, in a concert at North Texas State University.

Scheduled at 8:15 p.m. in the NTSU Main Auditorium, the program will be a joint presentation by the NTSU Symphony Orchestra, Grand Chorus and Women's Choir.

Bolt plays in the basson section of the orchestra.

A music major at North Texas, he is the son of Mr. and Mrs. Fredrick Donald Bolt, Route two, Gorman.

He is presently serving as president of the Junior Chamber of Commerce, director of the Chamber of Commerce and Service Committee Chairman of the Salvation Army in Eastland.

A past president of the Lions Club, he is presently a member of that club, the Quarterback Club, and an announced candidate for city commission.

Hallmark, a native of Carbon, is the son of Mr. and Mrs. Pete Hallmark of Carbon.

He is presently serving as Chairman for the American Red Cross and director of Inter-Club Relations and director of the local Junior Chamber of Commerce.

His activities include past president of the Jaycees, ticket chairman for the 1962 Peanut Bowl game. He also served on the Jaycee sign committee.

Hallmark is in his third year as treasurer of the Eastland Methodist Church, where he and his family are members. He is also president of the Friendship Club, for young married couples, and serves on the Cub Scout Committee of the church.

He and his wife, Ruth, have one son, Robert Karl. They reside at 304 N. Walnut.

## New Site Suggested

At alternate site for the construction of the new elementary school building has been proposed by some citizens and is being considered by the school board.

The new site is comprised of about 11½ acres of land located 4 blocks east of the 30-acre block now owned by the school.

There are two owners of the new site. One has some 5½ acres and the other, six acres. The 5½ acre block will face onto what would be Walnut St. if extended.

Highway construction plans call for the routing of Highway 6 along Walnut St. which probably would necessitate the construction of chain link fencing along the east side of the school, if that site is selected.

Sewerage is already available for the 11-acre site, but will have to be added for the 30-acre block.

Citizens are being urged to express their preference of the two sites in writing and directed to the school board members before next Tuesday.

This newspaper will forward such replies to the board, in an effort for the public to help decide as soon as possible which site is favored for the new school.

Negotiations have been under way several days between members of the board and the two owners.

Estimates are that the 11-acre tract could be bought for about \$10,000.

Early estimates were that sewerage, fire protection, paving, and other "off-site" improvements for the 30-acre tract would cost some \$25,000, but this figure has been trimmed virtually in half after additional study board members now report.

Eastland residents will vote Saturday Feb. 9, on the issuance of \$525,000 in bonds for the construction of the elementary building, a new gymnasium and a vocational shop.

## IF WEATHER GOOD

# Big Turnout Expected For Bond Vote Saturday

## Absentee Voting Ends Tuesday

Absentee voting for the Saturday, Feb. 9 school bond election ends Tuesday at the County Clerk's office.

Only six persons had voted absentee at mid-week but a heavy turnout is expected for the school vote if the weather is good on that day.

The \$525,000 bond election was called to take advantage of the current favorable bond market.

Proposed construction is for a new 16-classroom, air conditioned elementary school on a site to be decided upon; a much-needed gymnasium; and a vocational shop.

Voters eligible to vote in Saturday's election will be those who meet the following requirements:

Citizens who are at least 21 years of age, who are residents of the city, who have lived in the state for a year and in the county for at least six months.

Every voter must, of course, have a valid "1962" poll tax receipt or be exempt.

People do not have to have an exemption certificate in this county. (Exemption qualifications are that a person be more than 60 years of age, or one who is blind or deaf or dumb or is permanently disabled, or has lost one hand or foot.)

Also, for an election of this nature, a voter must have property, either real or personal, rendered for taxation, prior to the election day.

Any who have not rendered their property, may do so this week, in order to be eligible to vote Saturday.

Persos who have mis-placed or lost their poll tax receipts will be asked to sign an affidavit at the polls to that effect in order to vote Saturday, it has been announced.

Location of the elementary school, which will replace the two present antiquated grade school buildings, will either be on a 30-acre tract now owned by the school, or on another site being considered. Both sites lie along Sadosa St., and citizens are being asked to express their preference to board members.

## PROPOSED GYM

## Gymnasium Facts!

Why a new gym?

At the time the Texas Education Agency made the last accreditation visit to the Eastland Public Schools, it was noted that present facilities for conducting a physical education program were inadequate.

Beginning with the 1962-63 school year, all students who enter the 9th grade are required to complete two years of health and physical education in order to satisfy high school graduation requirements. Students in the 7th and 8th grades are now required to complete a minimum of one year.

Present facilities for conducting such a program are far from adequate and present buildings make it virtually impossible to meet minimum standards of cleanliness and sanitation.

The possibility of remodeling the present structures has been thoroughly studied and regarded as inadvisable. The present brick

The new gym will probably be built on West Ward grounds where ample parking will be available. The gym will be of modern construction and suitable for athletic and other activities.

The architectural firm employed by the school has proposed plans for an air-conditioned elementary building not only for the comfort afforded, but to take advantage of building savings.

By elimination of costly multi-window space in each room, over-all savings can be realized in building, as well as economy in heating. One vertical window, which will be suitable for use as an emergency exit will be located in each of the rooms.

The city will be provided with ample banquet - meeting facilities in the elementary combination cafeteria-auditorium, and expectations are that these will be used extensively by the public.

Cost of the entire construction project is expected to result in only a nickle increase in taxes. Presently the tax rate is \$1.50 per \$100 of rendered (not actual) evaluation. The board has announced that barring unforeseen changes, a five cent increase will take care of the debt retirement.

An Eastland home-owner whose property is rendered at \$5,000 will pay about \$2.50 per year more for the new facilities; those with \$1,000 rendered evaluation, only about 50 cents more; and the increase will be about \$5 for those with property rendered at \$10,000.

We're not interested in frills," a board member recently said, explaining that the buildings being considered are

believed to be of the highest quality, with greatest durability at the lowest, reasonable price available.

Citizens of Eastland have long considered the need for new elementary facilities. The two present buildings—South and West Ward—were adequate for their day, but have far exceeded their life expectancy, most believe.

Heating is costly and inadequate at both plants, and crowding conditions hamper better education practices. (Steel rods brace the walls at the South Ward, where youngsters attempted to keep warm during the last cold weather with heavy coats and gloves in many instances. The temperature got up to only about 40 degrees in one of the basement

## AT LEAST 1,679 Voters Are Qualified

A total of 1,679 poll taxes and exemptions were issued in Eastland this year.

The county tax collector's office sold 1,457 taxes and 103 exemptions were granted eligible voters. Others are eligible for exemptions but do not have to get certificates unless they so desire.

Nancy Pryor sold 119 additional poll taxes at the chamber of commerce office here.

This count does not include substitutions over the county. A complete tally will be available Monday.

## Local Schools Court-Free

For the first time since 1941, the Eastland Independent School District is "out from under" the Federal court order.

Declaring bankruptcy 22 years ago, it has been a long uphill pull for the district, but as of Friday, Feb. 1st, the school was free of the order.

This was made possible by the school putting up \$44,000 in bonds and making arrangements for \$50,000 more to buy up the old bonds.

Feb. 1 was call date for the bonds, and although no formal ceremony was anticipated for the event, the school, is officially "out."

The \$50,000 will be paid back at three per cent interest — which represents a considerable saving to the district, because had the bonds not been called now, the rate of interest would have gone to four per cent in 1965.

## County Attorneys 490 Cases Since '60

County Attorneys have filed 490 "brand new cases" since Jan. 1, 1960.

Number per year has dropped but very little. In 1960, 169 new civil suits were filed; 159 in 1961; and 155 in 1962.

These represent cases in which the attorneys have been engaged as lawyers for plaintiffs only and not cases where they accept cases for defense.

Dewey Cox of Ranger and Frank Sparks of Eastland were almost tied for most cases filed, and lead their associates in the county. Cox filed the larger number for the three-year period — 96, followed closely by Sparks with 92.

Cisco Attorney W. B. (Bill) Wright wasn't far behind in third place with 72 cases.

County Attorney Earl Conner Jr. ranked fourth in the

county for the three-year period with 66 civil cases on file.

Veteran Eastland Attorney Allen Dabney had 51 cases; and R. E. Grantham of Cisco, 44. Virgil T. Seaberry, filing under the firm name of Turner and Seaberry of Eastland, had 19. Perry Brown of Ranger had 14 cases for the past two years, because the records show no cases filed by him in 1960. The Eastland firm of Frost & Frost had 13 cases.

The husband and wife law firm of Mangum and Mangum of Rising Star has 8 cases on file in this court.

L. R. Pearson and Beverly Dudley, both of Ranger, and J. M. Parker, 92-year-old Gorman attorney, each have five cases on file during the past three years.

Nursing Home Now Under Construction

## New 30-Bed Nursing Home Here Is One More Dream 'Come True' for Mrs. Bunch

Throughout the nation there is a trend toward providing better living conditions for the elderly — and in this area, an attractive, small woman is responsible for helping further that trend.

Mrs. June Bunch, administrator of the Green Acres Nursing home in Eastland, is realizing a dream of many years — proper care for senior citizens.

Her interest in the aged began about 14 years ago while employed as an aide in an Amarillo hospital.

Her church group delivered cake and ice cream to elderly people on their birthdays. After that, she began to spend hours daily cheering elderly friends by reading and writing letters for them.

In those days the aged lived in what was commonly known as the "poor farm."

Proper care and medicine were namely available.

Small in stature, but tall in heart, June decided then and there to help by some day, somehow providing better facilities.

After completing three years of training at a nursing home in Amarillo, Mrs. Bunch offered her love and tenderness as administrator at two Oklahoma nursing homes for six years and several others in Texas.

She is presently seeing results of her efforts — four new nursing homes being constructed in Texas to each of which she has loaned a helping hand.

Sunrise Manor, Eastland's newest, is expected to open between Feb. 15 and March 1. The 30-bed home will feature \$7,000 worth of new modern equipment.

Leland Miller, manager of Green Acres, will also serve as manager of Sunrise Manor. Mrs. Holly Miller has served as personnel director but will attend L.V.N. School at Cisco Junior College beginning Feb. 1.

Mrs. Bunch plans to erect a memorial at Sunrise Manor

in honor of a Dallas physician, who died recently.

The doctor, a patient at Green Acres for four years, gave Mrs. Bunch the strength and courage to carry on her fight, she says.

Ground-breaking for the new Cisco home, Green Acres No. 2, began this week. The home will be located on Front Street in the Royal Oaks Addition. Mrs. W. E. Ricks of Cisco will be trained by Mrs. Bunch to serve as administrator for that home.

Mrs. Bunch will also train an administrator for the elaborate 40-bed Western Hills Nursing Home in Comanche, which is under construction, and she is working with the banker and mayor of Aspermont for financing and building a new home there in which she owns stock.

Mrs. Bunch is also working

with committees for homes in other towns.

She has been active in First Aid and Civil Defense groups.

At present she is working toward the veto of a bill before the state Legislature which, if passed she claims will cause all L.V.N. licenses to be revoked with no chance of auxiliary help being licensed in Texas.

She will be in Houston on Feb. 7 to attend a meeting of the Texas League of Geriatric Nurses, Inc., at which time members will further the organization of geriatric schools throughout Texas.

On March 5 and 6, she will attend an accounting school for nursing home operators in Fort Worth.

Her husband, Ronald, is equally interested in the welfare and care of the elderly. They have one daughter, Blenda, 13, a student at Eastland Junior High School. They lived in Cisco for two years before moving to Eastland four years ago.

Mrs. Bunch has taken four persons from the State School in Abilene and helped them by providing employment and a home. The four are now living with Mrs. Bunch.

In her opinion, community understanding and support for senior citizens help push ahead and obtain the type of buildings and care needed in Eastland County.

"My first interest is the patient. Individual love and attention goes farther with the elderly person than anything else", Mrs. Bunch says.

## No Injuries In Auto Mishap

A car owned by Ronnie Johnson of Eastland plunged head-first over a 10-ft. cement embankment at Victor Cornelius' building Thursday.

George Ford, driver, and J. C. Butler were on their way to purchase poll taxes.

No injuries were reported and damage to the car slight. Fire Chief Guy Robinson hoisted the car back into its original position.

Ford's comment on the accident was, "I am going to start driving my pickup."

## Jr. High Girls Defeat Dublin

The Eastland Jr. Hi. girls defeated Dublin here, for the last game of the season.

The Jr. Hi. girls will be in two more tournaments—one with Cisco on Feb. 7-8-9, and one with Olden on Feb. 14-15-16.

Millard Glass is coach for the girls. The Dublin girls were defeated 57-16.

The high point girl for Eastland was Marsha Treadwell with 21 points. Clarine Norris had 11, Linda Brownly and Connie Coan, each had 7 points. Sharon Harbin had 4, Carolyn Henderson had 3, and Sherry Seidlorn had 2 points.

On the starting line up were: Marsha Treadwell, Clarine Norris, Linda and Glenda Brownly, Sue Underwood, and Marilyn Huckaby.

The girls have done a tremendous job as representing their school for they haven't lost a game.

## Bi-County: Olden P-TA Meetings Set

Members of the Eastland-Callahan Bi-County P-TA Council will meet Monday at 10 a.m. in the Educational Building of the Olden Baptist Church for a Founder's Day Program.

Speaker for the program will be Mrs. Helen Haltom of Fort Worth, workshop chairman of the first district.

Founder's Day is held in honor of Mrs. Alice McLellan Birney and Mrs. Phoebe Apperson Hearst.

Founder's Day, Feb. 17, commemorates the day when P-TA ideas took on force and vitality of the nationwide movement. On that day in 1897, some 2,000 persons went to Washington, D. C. to discuss "questions most vital to the welfare of children and manifold interests of the home." They gathered in response to a call made by Mrs. Birney and Mrs. Hearst.

The regular meeting of the Olden P-TA will be held Monday, Feb. 11, at 7:30 p.m. in the Homemaking Cottage at Olden High School.

Mrs. L. W. Hagaman of Ranger will be guest speaker for a program on "American Heritage."

The public is urged to attend both important meetings.

## Miss Carpenter, Mr. Smith Exchange Vows

Wedding vows were exchanged by Miss Lena Rose Carpenter and John Landrum Smith, Jr., 4:00 Saturday afternoon, Jan. 26 in the First Christian Church, Bonham. The bride is the daughter of Mrs. Opal Carpenter, Bonham and the bridegroom is the son of Mr. and Mrs. John L. Smith, Ranger.

Rev. Donald E. White, pastor read the double ring rites, before two 15-branched candelabra and two floor baskets decorated with white stock, mums and greenery.

Organ selections were played by Mrs. W. B. Leeman, Jr. of Bonham.

The bride, given in marriage by her brother, W. J. Carpenter wore a floor length gown of white silk peau de soie with pointed sleeves, high neck and bell skirt. She wore a chapel veil of silk illusion attached to a white peau de soie pillbox, and

carried a bouquet of gold and brown prim roses tied with brown streamers. Her only jewelry was a strand of pearls, a gift of the bridegroom.

Maid of honor was Miss Janice Hall of Bonham and bridesmaids were Miss Kay Clarice of Ft. Stockton and Miss Carol Starnes of Mineola. Miss Hall wore a brown brocade two-piece sheath with matching veil and pillbox. Bridesmaids wore avocado two piece brocade sheaths with matching pill boxes. They all carried brown and gold prim roses tied with brown and green streamers.

Mr. Smith served as his son's best man. Groomsmen were Frank Landtroop, Ranger and Jimmy Arrendale, Ranger. Dan Dixon and Tommy Smith, brother of the bridegroom, were ushers.

The bride's mother chose a dress of avocado with black accessories and Mrs. Smith wore a light orange sheath with black accessories. Each wore a white carnation corsage.

A reception followed at the home of the bride's aunt and uncle, Mr. and Mrs. J. E. Howe. Mmes. Billy Hogue, Linwood Hogue, and Roy Harp, cousins of the bride served cake. Punch was ladled by Miss Janice Smith, sister of the bridegroom, and Mrs. Robert H. White, Miss Lelia Ann Carpenter, niece of the bride, presided at the guest book.

For the wedding trip, the bride chose a flannel gray suit with white trim and black accessories, and a white carnation corsage.

The couple are making their

## Beta Club Is Organized At Gorman High

A local chapter of the National Beta Club, a leadership-service organization for high-school students of America, was established on Monday, Nov. 5, at Gorman High School according to W. R. Taylor.

Objectives of this non-sectarian, leadership-service organization are: to encourage effort, to promote character, to stimulate achievement among its members, and to encourage and assist students to continue their education after high school graduation.

W. R. Taylor, superintendent, was appointed as faculty sponsor for the local chapter.

Permanent officers for this year are E. C. Bramlett, president; Joy Love, vice president; Linda Harrison, secretary and Mari Shell, treasurer.

The local organization is composed of the following students who have fulfilled the requirements necessary for membership in the National Beta Club: Seniors, Bobby Browning, Linda Harrison, Sunny Rawso, and E. C. Bramlett; Juniors, Bobby Rodgers and Mari Shell; Sophomores, Kim Hailey and Joy Love; and Freshmen, Joyce Joiner, Anita Acree, Glenda Jorda, Mack Sutton, Marilyn Shell and Ann Kirk.

### Christian Science

The divine answer to human-  
ity's most perplexing problems  
will be stressed in a Lesson-  
Sermon on "Love," to be heard  
this Sunday at Christian Sci-  
ence.

Highlighting the Bible read-  
ings will be this passage from  
1 John (4:7): "Beloved, let us  
love one another: for love is of  
God; and every one that loveth  
is born of God, and knoweth  
God."

From "Science and Health  
with Key to the Scriptures" by  
Mary Baker Eddy this citation  
will be read (p. 340): "One  
infinite God, good, unifies men  
and nations; constitutes the  
brotherhood of man; ends wars;

## Mavericks Sweep Three From Albany

By LARRY GOLDSTON

The Eastland girls panted the Albany girls Friday night with a score of Eastland 62, Albany 49.

The girls got off to a good start by scoring 19 points in the first quarter.

In the starting line-up were: Wanda Arther, Judy Seaberry, Kay Morte, Becky McAlister, Carolyn Thomas, and Carole McCleskey.

Arther was high point girl with 27 points. Seaberry followed with 23. Morton came next with 11 points.

In the 4th quarter Elaine Berger, Sharon Spradli, Sharon Wilson, Sheila Sneed, Jean Harris, and Sharon Day, went on the court to aid the Mavericks to victory. Day also sunk one free shot.

The Albany boys "B" team fell to Eastland Friday night. Miller started the fire in the first quarter to set the game on edge for Eastland. Waldon had an equally successful 2nd quarter as he matched Miller's 6 points. Miller capped out with the honors to score 12 points and the rest follows: Waldon-10, Jones, Rhodes, and Wilson each had 4 points.

The Eastland boys walked over Albany Friday night. The score was Eastland 74, Albany 40 with Eastland leading all throughout the game.

On the starting line up were: Jimmie Moylan, Tommy Beck, Terry Treadwell, Joe Russell, Hayden Wilson, David Hendricks, and Stanley Underwood were also on the court to aid the Mavericks to victory.

The score in the first quarter was Eastland 25, Albany 10.

Treadwell was high point man with 29 points. Moylan followed with 21. Russell had 11, Beck 9, Wilson 4.

The next game will be Feb. 5, in Cross Plains.

## Mineral -

(Continued from page One)

ages for the year 1960 a n d 1961.

Only counties that have significant production or industry information, are listed in the booklet.

Eastland County shows a 3 percent increase in total minerals resulting from combined increases in natural gas, natural gas liquids and clay production. Increases in these various fields nullified a slight decline in crude oil output, it is reported.

Various clay and shale deposits in the county used in manufacturing lightweight aggregate are mined from open pits near Ranger by Featherlite Corporation and near Eastland by Texas Lightweight Aggregate Co. Fire clay used in manufacturing floor and wall tile is mined near Cisco by the Texeramics Co. Fire clay for use in pottery products is mined by the N. D. Gallagher Clay Products Corp., also of Cisco.

Minerals produced in Eastland County, including natural gas liquids, petroleum, natural gas and clays, were valued at \$5,261,088 in 1961. As a comparison, the 1960 value is listed as \$4,830,489, for a 9-percent increase in value.

## Rites Monday In Dallas For Glen Boyd, 39

Funeral services for Glen Boyd, 39, of Dallas former resident of Eastland, will be held at 10 a.m. Monday at the Wall at Hills Methodist Church in Dallas.

Mr. Boyd, regional sales manager of Brainard Steel Corporation in Dallas, was found dead in a hotel room while on a business trip to Dayton, Ohio. He apparently suffered a heart attack.

Born and reared in Cisco, he was graduated from Cisco High School before attending Texas Tech in Lubbock. He graduated from the University of Texas after serving in World War II.

Surviving are his wife, Jean Croley Boyd of Dallas; two sons, Randy, both of the home; brothers, Marvin Boyd of Austin; a sister, Mrs. Wayne Cook of Lubbock; and his mother, Mrs. W. L. Boyd of Cisco.

Paid for by League for Lower Taxes.

## Handmade Grandfather Clock G D. O. Moffett Home In Olden

If you happen to visit the D. O. Moffett home in Olden "on the hour", you will be greeted by the distinct and full tones of Westminster Chimes resounding from a beautiful hand-made grandfather clock built by Mr. Moffett.

The clock, 87 inches in height and 19 inches wide at the base was completed by Mr. Moffett last November after nine months of odd-time work in his workshop located in his garage at his home. He started work on the clock in March, 1962.

A Ranger electrician by trade, Mr. Moffett spends many hours in his workshop building various items for his home.

The grandfather clock, modeled after clocks built in the early 1700's, is made of solid rose mahogany. All wooden parts of the cabinet were made by Mr. Moffett.

Using three different plans, he more or less designed a clock to suit his own taste, he explained. He said that he spent many long hours making the molding and special designs around the face and along the top of the clock. The top-most molding on the clock is made up of three separate pieces of wood, he said. "After each part of the top molding was completed, Mr. Moffett glued the parts together, forming the one-piece molding."

The beautiful workmanship on the cabinet is complimented by eight coats of various stains and colors applied by Mr. Moffett. After attaining the desired color effect, he applied one coat of clear sealer to complete the finish.

Works for the clock were imported from Germany at a cost of \$118. Wood for the cabinet

## Big Turnout -

(Continued from page One)

rooms one day, one mother reported.

The ballot will have two propositions. Both must carry in order for the construction project to begin.

Both will be "for" and "against" propositions: "FOR maintenance tax."

"AGAINST maintenance tax."

"FOR the issuance of bonds and the levying of the tax in payment thereof."

"AGAINST the issuance of bonds and the levying of the tax in payment thereof."

Polls will be open at the voting place in the lounge on the first floor of the courthouse from 8 a.m. to 7 p.m. E. E. Lavitt, Hoover Pittman and Charles Murphy will be election judges.

cost approximately \$100, he said. "I have turned down an offer of \$750 for the clock," Mr. Moffett related.

Weights for the clock weigh 27 pounds and total weight of the works is 65 pounds. Sounding board for the chime mechanism is made of solid mahogany and is one and one-half inches thick.

Mr. Moffett said that after completing the cabinet a n d making ready to install the works, he discovered that no instructions were included as to how to install the works. He said that after trial and error, he succeeded in placing the works exactly as they should be and the clock now keeps perfect time.

The Westminster Chimes sound one-fourth of the tune each quarter hour, one-half on the half-hour, three-fourth on the three-quarter hour and the full tune on the hour. Also, on the hour, one can hear the clock strike the hour, following the chimes.

He said that he has been interested in woodworking since 1914, when his grandfather, a carpenter by trade, started him out in the woodworking trade. He has been an electrician in Ranger since 1919 and still maintains a store and service department in Ranger. He moved to Olden in 1958, he says, "I still ger as home."

Attention Taxpayers of Eastland Independent School District: Why spend a million dollars and not improve your educational system except with buildings? Don't give the school board a blank, signed check to your pocketbook. Vote AGAINST the school bond issue. Paid for by League for Lower Taxes.

## RISING STAR NEWS

## Local Lions Club Will Co-Sponsor Games

Rising Star Lions Club members have accepted the challenge of the Cross Plains Lions to co-sponsor benefit games for worthwhile charities, according to a spokesman from the club.

Teams of ex-basketball players will participate and the games will be on a home-and-home basis.

Chairman named for the local Lions to work out arrangements was Lee Hughes. His appointment came after the showing of a color motion picture film of the activities of the Lions Club Crippled Children's Camp at Kerrville.

During the business meeting, Roy Holly, proposed that the Rising Star Club underwrite the expense of a "Walking Blood Bank" designed to type the blood of as many local citizens as possible.

A record of blood types would be kept on file so that specific types of blood could be quickly available in the event of emergency need, was a part of the proposal.

The proposal was referred to the Board of Directors. A report will be forthcoming after study by the directors, but no action was taken at the Monday night meeting this week, according to Lee Hughes.

The Award of Distinction for bringing to the community a farm management and price outlook letter, "Farming For Profit", for the past three years, has been awarded to the First State Bank of Rising Star.

The information contained in the Farming For Profit letter is prepared for the bank by Doane Agricultural Service, Inc. and is designed to increase farm income by aiding the farm operators in planning and marketing their crops and livestock.

Doane Agricultural, Inc. is the oldest and largest organization in the United States engaged in farm management, agricultural research and writing and rural appraising, a service which offers material benefits for the economy of the nation.

Mr. and Mrs. Bill Medley and their two children, Debbie, 12, and Danny, 10, are moving this week to Rising Star to occupy their home recently purchased from Mr. and Mrs. C. B. Nichols, S. Mayben St.

The Medleys are from Rankin and will open the Medley Motor Company, Rising Star's newest business enterprise, on Feb. 5. The business will be located at 100 W. College in the Boose Building.

Mr. Medley is experienced in automotive, tractor and diesel repair and servicing. He was maintenance supervisor for Western Oil Service Company for 12 years. Before that he served with the Ford Motor Company at May, Tex.

## 4-H Club Council Meet Held

The Eastland County 4-H Council held its regular meeting on Thursday, Jan. 24, with Loresta Love presiding.

A program on county elimination contests was presented by Roger Blackmon, Assistant County Agent. He briefed the council on the contests.

Sandra Orms gave a talk on what to say and how to express a demonstration.

March 3-9 has been designated as National 4-H Club Week. Each club will select an outstanding boy and girl to be interviewed by Blackmon during this important week.

News reports from different clubs were given. The Rising Star Club will hold a home sale; the Nimrod Club will hold a coon hunt and weiner roast; the Cisco Club plans to have a show March 8-9; and the Gorman Club is planning a 4-H Fair to be held March 2.

The meeting was adjourned and recreation led by Glenda Jordan, Loresta Love and Joy Love.

## Card of Thanks

We wish to express our sincere thanks and deepest gratitude to all our friends and neighbors, also Dr. Alexander and Dr. Bulgerin and the hospital staff for their kind deeds and words of comfort during the illness and death of our loving husband and father. We wish to thank everyone for the beautiful flowers. Special thanks go to the church members who were so kind.

The family of M. M. Martin

## 485 VETS TO SHARE

## County Veterans Get \$31,500 From GI Insurance Dividends

Former service men and women in Eastland County are reaping a \$31,500 financial harvest at this time, thanks to an out-of-the-ordinary payment of dividends on their GI insurance.

The windfall represents their share of a \$327,000,000 dividend declared by the Government for holders of such insurance. Part of it they would have received anyway, in the normal course of events, upon the anniversary dates of their policies.

This year, however, in line with plans announced at the White House, the entire regular dividend of \$237,000,000 together with an extra dividend of \$90,000,000, is being turned over to the veterans now. The majority of the checks are going out this month. The rest will be sent in February.

Approximately 485 of the 2,098 veterans who live in Eastland County will share in the current payment.

They are among some 5,250,000 veterans in the United States, out of a total of nearly 22,500,000, who are eligible because they hold Federally-sponsored life insurance policies.

Most of the money will go to those who were in World War 2 and have National Service Life Insurance coverage.

The remainder is for veterans of World War 1 who have U. S. Government Life Insurance.

The amount going to the 485 policy-holding veterans in Eastland County is estimated at \$31,500.

The volume of business that it will generate in local retail stores will be several times that much, it is expected. This is what generally happens when the amount of money in circulation is increased.

The Government's expressed purpose is releasing the cash at this time to "provide a needed boost to the national economy," in the words of President Kennedy.

## Crusher Pacts TESCO-Signed

Texas Electric Service Company signed two agreements Wednesday, January 30th, with Capitol Aggregate Corporation, a subsidiary of H. B. Zachry Co., of San Antonio, bringing to conclusion negotiations which had been in progress in connection with the location of a rock crushing plant southeast of Eastland, according to an announcement made today by Frank Sayre, Texas Electric District Manager.

The agreements signed by TESCO President Beeman Fisher covered the leasing of 34.65 acres of land near the Leon Plant, on which the crushing installation will be located, and the use of Texas Electric's supracrusher from the main line of Texas Pacific Railway to the vicinity of Capitol Aggregate's rock crusher.

Sayre stated that Texas Electric was glad to have worked with Capitol in making the land and track available, and feels the installation will be beneficial to the area.

The Veterans Administration in making public the prepayment plan, explained that it consists, for the most part, of a return to the policyholders of a portion of their premium payments.

The money has become available because the death rate among veterans is lower than had been expected.

The extra of \$90,000,000 was declared because it was felt that the insurance reserve funds had grown to a size greater than necessary.

## It's The Law

### EARNEST MONEY CONTRACT SHOULD COVER DETAILS OF REAL ESTATE PURCHASE

The signing of a contract of sale is an extremely important step in the purchase of a home. Once a buyer and seller have signed, they are bound by the provisions of the contract. Their respective legal rights in the transaction are thereby set and determined. If the contract is poorly and haphazardly drawn, a harvest of regret may be reaped at a later date.

Sales contracts are often called by other names, such as earnest money contracts, binders, receipts, etc. All of them are for the same purpose and almost without exception involve the deposit of money by the buyer. Some require the seller to put up a good faith deposit. The fact that such deposited sums are usually to be forfeited in event the depositor later fails to go through with the specified contractual obligations lends additional weight to the often stated admonition that no contract should be signed without complete understanding as to its terms.

But many home purchasers (and sellers) rush to sign a hastily prepared contract with very little knowledge of its contents. The pressure of time, the informality of the occasion, the appearance of the contract, and perhaps the fact that a partially printed form is used may contribute in causing the true importance of the act to be overlooked. At any rate, many are lulled into a lapse of good business judgment.

Every significant detail of the bargain should be crystallized in unmistakable terms in the contract of sale. Land and fixtures being sold should be clearly described. A complete description of the property by lot and block, or by metes and bounds, is a must, the street number being inadequate by itself.

Articles and fixtures included in the sale but not always sold with houses generally should be specifically listed. Included in this category are such items as venetian blinds, removable floor coverings, draperies, air conditioning units and others. In purchasing property under construction, complete plans and specifications form an essential part of the agreement.

The price to be paid must, of course, be specified, along with method and terms of payment. It is a certain sized loan is a prerequisite to the buyer's ability to complete the purchase.

this fact should be noted. Sad indeed is the prospective purchaser who loses his earnest money when a contemplated loan transaction falls through, his contract requiring payment of the entire consideration in cash.

The sales contract should also state the quality of the title to be conveyed to the buyer and the type of title evidence to be furnished.

The buyer's individual circumstances and desires may require that various matters not mentioned above be provided for in the contract. All too often people try to squeeze a sales contract to fit the type of printed form on hand, omitting or leaving to easily misconstrued or forgotten oral agreement many vital provisions. Do not fall into the "pitfall of the printed form." Too many unfortunate entanglements have been announced by clients to lawyers with the words, "I have just signed a receipt for a house on Blank Street. Will you take over now and see that everything is O. K.?"

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

## ABOUT YOUR HEALTH

The super speed of modern life is costing us one of the most vital ingredients of good health—sleep.

Twenty years ago people got plenty of sleep and were better off for it, because sufficient sleep is unreplaceable if denied. People knew about this in those days, but it was the hook and line variety, rather than nuclear. Things have changed.

Say you stay up for 20 hours a day. If you follow this routine for a week or so at a time, first thing you'll notice is your hands jumping from nervousness. A dull ache will begin gnawing at the base of your skull. You'll be picky and indifferent toward food.

You'll be quarrelsome—projecting casual remarks all out of proportion. It will sound like an insult when someone says hello. You might think a good night's sleep will fix you up. Maybe it will—on the surface. The nervousness might leave you and the headache might disappear. It could be that a single night of sleep will give you the sweet disposition that was formerly your grapes.

But it's all on the surface. During the stretch of sleeplessness your heart may have been strained, your blood pressure increased, your digestion upset.

Sleep gives the human body a chance to recover from the fatigue of one trying day before the assault of the next. And it has to be natural to be beneficial. That's why sleep deprivation is undesirable as a steady diet.

A few hints may help you get a better night's sleep. Do your heavy thinking before supper. Make it a rule that after the evening meal your brain gets a rest. Subdue the

## Kokomo News

Sorry that I didn't get any news last week.

Recent visitors of Mr. and Mrs. Lee Roy Higginbotham and Leesa were her sister, Mrs. Jack Scott and daughters, Delores and Teresa, of Tyler.

Mr. and Mrs. Rhonnie Richburg had as visitors in their home over the weekend their children, Mr. and Mrs. Garnett Stokes and children, Kathy and Kenny, Gerald Richburg and Mr. and Mrs. Jack Jacobs, all of Midland, and Mrs. R. S. Richburg of Gorman.

Mr. and Mrs. Lee Choate and son of Pampa and Mrs. L. V. Collins and children of Fort Worth visited with Mr. and Mrs. Calvin Brown during the weekend.

Mr. and Mrs. Choate and son attended the morning services at Kokomo Baptist Church.

Mr. and Mrs. Bob Sessum of Carbon visited with his mother, Mrs. Carra Sessum on Friday night.

Mr. and Mrs. Jim Jordan, Mr. and Mrs. Whit Graham, R. O. Graham and Earl Norris attended the funeral of Fred Reynolds in Eastland last Wednesday.

Mrs. Albert Hendricks accompanied Mr. and Mrs. L. D. Pyett and Mrs. D. D. Gray of Breckenridge to Jayton on Monday to attend the funeral of a friend, Mrs. Mildred Sandlin.

Mrs. Albert Hendricks, Mrs. Willie Mae Hendricks and Mrs. Timmy Hendricks and Kathi of Coaling were in Ranger on Saturday.

Nell Faves, Kenneth and Donald of Aspermont were visiting over the weekend with the Delmon Faves family.

### Card of Thanks

We want to say thanks to all of our dear friends for the lovely flowers, cards, food, to the nurses at the hospital and to the doctor during our time of sorrow.

We want to especially thank the members of the Home Demonstration for their assistance and the members of the Masonic Lodge.

Mrs. Beulah Turner and family

Lights around the house. Lights keep you alert, besides being tough on the power bill. Get lots of fresh air. Sitting quietly on the porch might encourage the relaxation so necessary for dropping off into sound sleep. So might a short drive—if you avoid mail-travelled roads. Reading light fiction is also relaxing, but stay away from the gory private eye stuff.

Develop a bedtime ritual, the more sedate the better, to condition your mind for bed. And when you do retire, deliberately try to blank out those random thoughts that steal into your mind.

### HOME-FROZEN CREAM PIES

There's quite a trick to making a good cream pie that can be frozen and stored successfully. It takes a special recipe and special handling.

That's what research home economists have come up with, a special way to make cream pies, so that the filling doesn't separate, or get grainy, lumpy, or spongy, and the crust remains flaky.

Cornstarch, the researchers find, is the most acceptable starch to use in the filling of a cream pie that's going into the freezer. And you get best results if you freeze the pie filling and shell separately, then combine the two when ready for use—or use the frozen filling in a freshly baked crust.

Bake the shell on the outside of the pan, then remove, wrap and freeze. The filling may be frozen on the inside of the same size pan, then removed and wrapped.

Raw egg whites may be frozen separately and used in a meringue later, or freshly beaten whites can be baked in the frozen cream pie.

Here's the recipe for the special—

### CREAM PIE FOR FREEZING

2 cups milk  
2/3 cup sugar  
3 tablespoons cornstarch  
1/4 teaspoon salt  
2 egg yolks, beaten  
2 tablespoons butter or margarine  
2/3 teaspoon gelatin  
1 teaspoon vanilla  
Heat milk to scalding (185 degrees). Add the sugar, starch and salt, which have been combined, and continue heating to the boil.

Stir about 1/2 cup of the hot mixture into the egg; pour back into the saucepan and cook an additional 5 minutes. Stir in the gelatin which has been hydrated in 1 tablespoon of the milk (cold). Add the butter or margarine and vanilla. Pour into a 7-inch pie pan, freeze, remove from pan, wrap in moisture-resistant paper and store in freezer.

This basic recipe can be used to make several other kinds of pie.

For banana cream pie, arrange 2 sliced ripe bananas over frozen filling and sprinkle with 1 tablespoon confectioner's sugar. Cover with meringue and bake.

Strawberry or peach cream pie: 1 - 1/2 cups sliced peaches or strawberries over frozen filling, sprinkle with 3 tablespoons confectioner's sugar. Cover with meringue and bake.

Coconut cream pie: Sprinkle 1 - 1/2 cups shredded coconut over frozen filling, cover with meringue and bake.

## Auction Report

The following market was noted at the regular Tuesday sale of the Eastland Auction Company.
