County Officials Begin New Terms

Bailey in the courtroom, and a memorial resolution honoring the late County Judge John Hart was read and unanimously adopted.

(A copy of the resolution accompanies this story.) Refreshments of coffee and cookies were served in the county commissioners courtroom following the formal ceremonies.

Sworn by Judge Collie were Glenn Justice, commissioner of the Carbon-Gorman precinct; Wells Dalton, Eastland justice of the peace; M. D. Uderwood, Ranger justice of the peace; H. L. Lewis, Cisco justice; H. R. Garrett, county school superintendent; C. B. Dill, Cisco commissioner; and Mrs. Eula Caldwell, Gorman justice of the peace.

County Clerk Johnson Smith was sworn in earlier Tuesday so that he could officially assist with the ceremony, and District Clerk Roy Lane had been sworn in Monday.

Lon Jones, Cisco Church of Christ preacher, gave the invocation.

In accepting his responsibilities, Judge Bailey told the audience after his swearing in, that he accepted the office in the name of all the voters of Eastland County.

He said that this was the third time that he had sworn to abide by the Constitution, first as a soldier, then as a state representative, and that this was the most impressive of the three to him.

Immediately following the ceremony, a special commission meeting was called by Judge

New county officials were sworn in on Wednesday after having been officially sworn in during ceremonies at the courthouse on New Year's Day. County Judge Scott Bailey administered the oath of his office by District Judge T. M. Collie, who challenged Bailey for the great responsibility he faces, and then told him and the audience of spectators at the 91st District Court room, that he believed him capable of the challenge.

Judge T. M. Collie and Judge Scott Bailey ... "congratulations"

Tyler Man Dies After Collision

Benjamin Howard Smith, 36, of Tyler, critically injured in a car-truck collision near Ranger about 10 p.m. Saturday, died at 2:40 a.m. Monday in Ranger General Hospital.

Sidney Merle Ashley, 26, also of Tyler and a passenger in the vehicle of which Smith was an occupant was released Monday afternoon after treatment at the hospital for apparent minor injuries he received in the mishap.

Fred William Peters of Houston, driver of the truck, was not hurt, investigating officers said.

Mr. Smith's body was taken to Tyler Monday to Lloyd James Funeral Home, where rites were conducted at 10 a.m. Wednesday.

(Continued on Page 2)

Jury Trial Set Jan. 10th

A jury will be called to hear a damage suit case in 91st District Court Thursday, Jan. 10th, Judge T. M. Collie said Monday.

The case is styled H. A. Poekrus vs. Melva Love.

Asked if a grand jury will be called soon in Eastland, the judge said "Probably."

VISITS SON

Mrs. R. E. Sikes of Eastland spent Christmas in San Antonio with her son, Bob Sikes and family, who are moving to Tulsa, Okla. after the first of the year.

The Defensive Driving Code

(Ed. Note: Mr. Curley Maynard recently passed this to our desk and we found it most educational, and would like to share it with you.)

1. The object of Defensive Driving is to drive without having a preventable accident.

If it is discovered that the Defensive driver failed to do everything he reasonably could have done to prevent the accident, or that the evasive actions he attempted showed poor judgment, then the accident is by definition, preventable.

The Defensive driver will be aware of traffic situations developing as far ahead of his vehicle as possible. When he sees an accident-producing situation developing he will slow down and take whatever additional action is necessary to insure that his vehicle does not become involved in the situation.

Therefore, the safety standard of the Defensive driver is to drive so as to prevent accidents.

2. Defensive Driving requires the knowledge and strict observance of all traffic rules and regulations applicable to the area in which the vehicle is being operated.

The legal maxim that ignorance of the law is no excuse for violating the law applies with special force to Defensive drivers. The Defensive driver will learn the local traffic ordinances of those localities and states in which his job requires him to drive.

He will procure copies of the traffic ordinances of the municipalities in which he operates and the state motor vehicle codes.

The Defensive driver will, on his own initiative, discover and learn the laws and ordinances affecting the operation of his motor vehicle.

3. Defensive Driving requires constant alertness for the illegal acts and driving errors of other drivers and the willingness to make timely adjustments in one's own driving so that these illegal acts and driving errors will not involve one in an accident.

There are 80 million licensed drivers in the United States. They are of all ages from 16 on up, of all sizes and all different degrees of training and knowledge about safe driving.

The Defensive driver expects to meet all these different types of drivers many times a day. He is frequently confronted with accident-producing situations set up by their lack of driving skill and must make quick adjustments in his driving to avoid a accident.

The Defensive Driver never lets himself become involved in a traffic situation whose safe outcome depends upon the presumed common sense, alertness, or ability of "the other driver," because he knows that frequently these qualities are lacking in "the other driver."

4. Defensive Driving requires a knowledge of and intelligent adjustment of one's driving to the special hazards presented by abnormal, unusual or changing conditions—

- a. in the mechanical functioning of his vehicle.
- b. in the type of road surface.
- c. of weather.
- d. in the amount of light.
- e. in kind of traffic.

f. in one's health or degree of physical fitness.

g. in one's state of mind.

5. Defensive Driving requires a thorough knowledge of the rules of right-of-way, and the willingness to yield to the other driver in spite of these rules whenever necessary to avoid an accident.

Rules of right-of-way spell out who has a right to be where when. But, fundamental to all right-of-way rules is the principle that no one is authorized to take the right-of-way regardless of consequences. A driver cannot take the right-of-way, if to do so would mean having an accident. For that reason, the Defensive driver knows that he never has the right-of-way until he is sure that other drivers are yielding the right-of-way to him.

6. Defensive Driving requires an attitude of confidence that one can drive without ever having a preventable accident.

The Defensive Driver knows that safety and skill are of little value if not used, or used only part of the time. He knows that to be really safe, one must WANT to be safe. He knows that by constant use of his knowledge and skill he can be as safe as he WANTS to be.

VISITS

Mr. and Mrs. W. D. Garrett and Suzette of Pasadena and their son, Mr. and Mrs. Jerry Garrett of Austin, visited over the weekend in the homes of their parents, Mr. and Mrs. Hubert Rodgers and Mrs. Ella Garrett. While here they also visited with other relatives and friends.

In Memory of Judge John Hart

WHEREAS, On September 13, 1962, the County of Eastland and the State of Texas lost one of its most beloved citizens when the late Judge John S. Hart passed away; and

WHEREAS, JOHN S. HART was born in Bell County and moved to Eastland County with his family as a boy of eight years old. Most of his adult life was spent in public service. He served his fellow man as a Public School Teacher, County Official and State Railroad Commission Officer. At the time of his passing he was serving as Eastland County Judge, and

WHEREAS, Judge Hart was a member of the First Baptist Church of Cisco, Texas. He was a long time member, and

WHEREAS, Judge Hart's long and distinguished life of public service has been exemplary of the courage and wisdom and faith that shows itself in a creative service to others; and

WHEREAS, He was survived by his wife, a daughter, Mrs. Wayne Brock of Olden, three sons, John L. Hart of Abilene, N. O. Hart of Odessa, and Bill Hart of Midland. Also surviving are three brothers and four sisters; now, therefore, be it

RESOLVED, By the Commissioners Court of Eastland County adjourns this meeting in memory of the late Judge John S. Hart, and that a copy of this Resolution be sent his wife with our deep regard.

SCOTT BAILEY, County Judge
AND Commissioners

Man Posts \$5,000 Bond

A 34-year-old De Leon man has made \$5,000 bond and released after having been charged with statutory rape of a 14-year-old mentally retarded girl in Eastland County. The offense allegedly occurred in Cisco last Friday afternoon.

District Attorney Earl Conner, Jr., said in Eastland Monday that the case will probably be brought before the next grand jury, date of which has not been set.

The girl is also a De Leon resident and according to reports, she and a 15-year-old brother were riding as far as Cisco with the man who was en route to Abilene from De Leon.

The children's mother is employed in DeLeon by the man's parents.

The offense is reported to have happened in mid-afternoon near the National Guard Armory in Cisco, and was discovered by Cisco city policemen.

The man was charge in Cisco JP court and held in the Eastland County jail prior to posting bond.

Eastland Boy Pays Fines

A 15-year-old Eastland youth was apprehended by Ranger police about 8:30 p.m. Friday in Ranger after he took a newspaper vending machine from a location on South Austin Street.

Chief of Police Bill Ogden said the youth was seen when he took the machine and police were notified immediately. Chief Ogden said that the boy was caught at the city dump ground where he had broken the lock on the money box and removed the change.

The youth was fined \$25.50 for the theft, paid another \$20 fine for not having a drivers license and paid \$15 for damage to the vending machine. He was released to custody of his parents after paying the fines.

Grid Banquet Ducats On Sale for Jan. 11th

Ex-Eastlander, Hayden Fry, Will Speak

Tickets went on sale this week for the annual Quarterback Club-sponsored Maverick Football Banquet to be held Friday, Jan. 11th, at Lone Cedar Country Club.

Featured speaker will be Hayden Fry, an Eastland native who is now head football coach at Southern Methodist University.

All members of the Maverick teams will be honored but coming for special note will be the coaching staff and the four grid-ders who earned ranks on the All-District team this season.

Joe Cooper was named All District defensive back, Gary Graham All District offensive end and Ray Edwards and Jimmy Moylan earned honorably mentions.

Glen Scallorn is president of the Quarterback Club and is in charge of arrangements.

After last year's winless season, the one just ended was a roaring success with five wins, five losses.

Millard Gass is head coach and Harold Price and Denson Moody are assistants.

Fry, who is serving his first year as head coach of the Southern Methodist University football team, has been closely associated with the gridiron sport since his school days at Odessa, where he was an all-state quarterback on the championship high school team of 1946.

He was born here and moved to Odessa with his family after attending the first grade here.

Following his graduation from high school in January, 1947, he became a student at Baylor University and played varsity ball for the Bears for the next four years. In his senior year, Texas sports writers voted him to be the finest

Income Tax, SS Clinic Set For January 10

The annual Eastland County Farm and Ranch Income Tax and Social Security Clinic has been scheduled for Jan. 10 at the Eastland High School auditorium, according to a report today from the County Agricultural Agents office.

The clinic is open to farmers and ranchers as well as to those who work with filing income tax returns, it was said. Women as well as men are invited and urged to attend. There is no expense for attending the all day affair.

It will get underway at 9:30 a.m. on that date and be concluded at about 4 p.m. with time out at noon for lunch. Arrangements are being made with school officials for lunch in the cafeteria there.

C. H. Bates, Farm Management Specialist of the A&M College Extension Service and R. R. Tuley, District Supervisor of the Social Security Administration, Abilene, will be on the program. Tuley has been on the program here a number of times in the past. It will be the first time for Bates.

Days are over! We're more aware of the world we live in. We're sure that our students who return to school will get to watch the parade on television. We're told that we have seen the Eastland Band marching even if we had. We understand that their commercial with commercial bad.

Set of others, we spent time in front of the machine Tuesday watching games. It's a shame many good games go by one day.

Set down to business being that the Norman have two "cute" puppies away. You can see 15 N. Cornellee St. six weeks old and her is genuine fox we're told.

Set to tell you that Edson, son of Mr. and Mrs. Goldstein is our chief and is in charge regulation department. A junior at EHS, wants to learn: journal, we're going to expose as much as possible, off with covering the basketball games. My begins next Tuesday, you know, when the Albany there.

Set, J. C. has gone back to the Tribune.

Set our official invitation the inauguration ceremony for Gov. John Connally. Gov. Preston Smith, Tuesday, Jan. 15th

Set, if you can be it that day, we'd urge attend, because official and tickets aren't. We quote: "Attend all Inaugural Festivals in all Texas; no ticket is needed."

Set will begin at 8 p.m. Meditative prayer service at the Driskill Hotel. The inaugural ceremony at noon on the south to the state capitol.

Set, inaugural parade will 2 p.m. and is expected the most spectacular held in Austin.

Set, inaugural reception will 7 p.m. at the capitol, can visit with the new and Lieutenant governor and their families in the of the Capitol.

Set, house will be held in the chamber and in of Representatives. (dress isn't required.)

Set, a good Sunday dinner week over at Mr. Cornelius' recently re-Victor Hotel Coffee Dining Room 13. Cider a special "afternoon" buffetaria service (at 98¢ per person) dining room was full of Eastland people as always.

Set, OR TWO on veteran, Dickie Hodges of closing his practice full time to his own understand, and Dr. Cisco serves many in

Set, persons, who are ask a vet on their bill right now to do some before encouraging a little here.

Set, "soup" we experience being is bad, but we thankful it's only fog

NOTICE TO PUBLIC—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this newspaper will be gladly corrected upon being brought to the attention of the publishers.

ANOTHER STEP

In the very near future we'll be paying an additional penny to mail a letter. And there will be increases in the rates charged for other classes of postal matter.

These were authorized by Congress in an effort to do something about the postal deficit, which has been running in the vicinity of \$700 million a year. Past increases in rates were offset by well-deserved pay raises given to postal workers.

It remains to be seen just how big a dent in the deficit the pending new charges accomplish. At best, however, post office operating losses will continue at huge levels. It is entirely unlikely that there is any way to entirely eliminate them and, at the same time carry out the department's historical functions of contributing to public knowledge, enlightenment and entertainment.

But the government has shown too great a reluctance to place the department's purely commercial and competitive service, which is parcel post, on a solvent basis. It is, and long has been, a heavy deficit breeder. And the public enlightenment argument, which applies to carrying letters, newspapers and magazines, certainly doesn't apply to it.

So—it looks as if another step, beyond the coming rate increases, needs to be taken.

Jimmy Boggess, 5, of Coy, Ark., the 1963 National March of Dimes Child, blows out candles on birthday cake symbolizing first 25 years of aid to the crippled by the health organization.

Cakes, Candles, Commemorations Light March of Dimes 25th Year

Throughout the nation this month, candles will be lit on birthday cakes to symbolize the 25th anniversary of the March of Dimes.

The cakes will range from real ones of conventional size to monster, multi-tiered models as much as 12 feet in height and 10 feet in diameter—the approximate dimensions of the one to be erected in New York City's famed Times Square. Guests at anniversary events around the country, where cakes will be of more modest proportions, will be invited to decorate them with coins for the March of Dimes.

Many "parties" commemorating a quarter of a century of disease fighting will be held at special treatment centers for birth defects, arthritis and polio which March of Dimes contributions are financing today in more than 40 cities across the U.S. Other gatherings will be held in county chapter offices of The National Foundation—March of Dimes, in the homes of volunteers and elsewhere.

In many instances, guests at these campaign "kickoffs" will include governors or their wives, mayors and outstanding authorities in health fields. Other guests will be Americans of all ages who received March of Dimes aid during and after polio epidemics and outbreaks. Also present will be children and adolescents with birth defects or arthritis who have been treated at these March of Dimes centers.

To raise the millions required every year for patient aid and research in birth defects, arthritis and polio, each March of Dimes campaign is carefully planned many months ahead. There are millions of contribution envelopes and coin collectors to be distributed around the nation; hundreds of thousands of posters to be erected in every hamlet, town and city; two million volunteers to be organized for the Mothers' March (the climax to the campaign at the end of January), and March of Dimes films to exhibit to explain the work of the voluntary health organization.

Arrangements must be completed for the visit in January of the National March of Dimes

Child—who this year is Jimmy Boggess, 5, of Coy, Ark.—win President Kennedy at the White House and with various Senators and Congressmen and other dignitaries as well as with personalities of the stage, screen and television.

Special events for the March of Dimes are staged in all the big cities, many lesser ones and in some small towns. These include March of Dimes bowling tournaments, with "roll-offs" to select a national man or woman champion, fashion shows, auctions, teas, coffee days, Tag Days and street sales, neighborhood bread sales, air-lifts and a long list of sports activities.

The theme of this 25th Anniversary March of Dimes,

which is "Give for the Life of a Child," will be stressed in all these special events, and the story told of the first 25 years of the organization. Highlights of that story are:

Patients aided, \$23,000; expended for the medical care program, \$385,500,000; for scientific research, \$73,000,000; and for professional education, \$38,500,000.

Basil O'Connor, president of The National Foundation—March of Dimes, referred in a recent speech to the 25th anniversary of the health agency. "Most certainly we take pride in our past 25 years, and we rejoice. But deep down we really think of that quarter of a century as only the springboard for our future."

Tyler Man—
(Continued from page 1)
Burial was in a Tyler cemetery. Killingworth Funeral Home was in charge of Ranger arrangements.

Born July 19, 1926 in Lufkin, he was a construction worker and was working in Eastland at the time of the accident. He was a member of Lufkin First Baptist Church, veteran of World War II and a member of the American Legion. Survivors are his wife of Tyler; a son, Robert C. Smith; a daughter, Janice Ann Smith of Tyler; his mother, Mrs. Cless Brinkley of Corsicana; a brother, E. E. of Houston; three sisters, Mrs. Olga Matthews of Corsicana, Mrs. Lucille Powell of Galveston and Mrs. Jo Ann Porter of Palacios.

Ranger Patrolman J. W. Vinso said the 1955 car the Tyler men were in, was in collision with an empty butane truck.

Vinso said the truck was making a right turn off of Highway 80 and the car hit the trailer and apparently passed completely under the truck, halting approximately 25 feet beyond the truck on the east side of the highway.

Impact of the collision sheared the top of the car and two doors of the car were left hanging under the truck. Both men were thrown to the pavement and were unconscious when taken to the Ranger hospital.

Quail Habitat Is Disappearing

Tyler — Joe Davidson, quail biologist for the Game and Fish Commission, advises that now is a good time for quail hunters to take note of the fact that much good quail habitat is disappearing to make room for agriculture, housing additions, and factories. "Hunters should discuss with farmers the possibility of leaving a small percentage of their lands in fence row and corner weed patches, as well as brush piles, to furnish both food and cover for bobwhite quail," suggested Davidson. "More than a million and a half acres of Texas land is being cleared annually by spraying," said Davidson. "Much of this land was once good quail cover. It's time for the hunter and the farmer to begin working together to provide a place for birds in the future."

Win \$100⁰⁰ Cash... Play

SPELL CASH

Your Free Spell C-A-S-H Card at SAFEWAY!
 purchase necessary, no obligation.
 So simple to play and it's Free!

RULES FOR PLAYING:

Get a "Spell C-A-S-H" Card each time you visit Safeway. No purchase required, nothing to buy. Collect your cards until you can spell C-A-S-H.
 At home, run your card under the faucet. Rub the black circle and your mystery letter appears. It may be C, A, S or H.

As soon as you have a card for each of the four letters C-A-S-H, bring them to Safeway for your \$100.00 Cash Prize!
 Safeway employees and their families are not eligible to win in contest. Children under sixteen are not eligible. Disfigured cards are void... Be sure you rub the Magic Circle gently.

LOOK WHO IS WINNING \$100⁰⁰ in SAFEWAY'S SPELL CASH GAME!

County Agents Corner

By J. M. Cooper
Eastland Co. Farm Agent
 Agricultural agencies in the county have been seeking for sometime to have Eastland County designated for approval in the Great Plains Conservation Program. Stephens and Palo Pinto County have been in this program for the past several years.

A letter from H. N. Smith, Temple, state conservationist with the GCS, indicated that the secretary of agriculture has approved the county. E. E. McAlister, Soil Conservation Service, Eastland, has been designated as representative for the county.

The inclusion of the county into the program will mean an additional amount of money likely ranging from \$30,000.00 to \$45,000.00 can be spent for soil and water conservation work on the farms and ranches in the county annually.

Source of our food clothing and shelter is in the top six to eight inches of our top soil. It is imperative that it be protected.

Undulant fever in man is caused by the same bug that causes Brucellosis or Bangs Disease in cattle. A strenuous effort is being made to stamp out the disease in Texas.

Testing of Eastland County cattle for this disease is expected to start soon after the new year. Dr. J. B. Herderson Coleman area veterinarian for the Texas Animal Health Commission was in the county recently to confer with Ross Wilson Gorman president of the County Livestock Raisers Association sponsors of the testing program.

A countywide mass meeting of livestock producers is scheduled for December 17th in the Eastland High

School Auditorium. Preliminary plans for the beginning of this important program will be made at this meeting.

Robert Bell who recently returned from San Francisco and who presently is making his home with his grand-parents Mr. and Mrs. Ed Townsend Nimrod is enthusiastic about the possibilities of marketing peanuts roasted salted and in peanut patties.

Robert graduated from Scranton High School seven years ago. He was an outstanding 4-H Club member while attending school there. We spent several hours on the Townsend farm there near Nimrod recently with Robert and his Granddad who with Jack Cozart who was helping to fix the pump on the 142 foot deep well.

Jack who served several years as president of the Nimrod Neighbors Progressive Club is now the new president of the Eastland County Farm Bureau.

Twenty horses were used on the Cisco-Brownwood stage coach line when first established in 1882. The second station on the three step line between the two towns was Rising Star. Horses were changed at all three stops. One daily run was made each day except Sunday. This is according to Mrs. George Langston's "History of Eastland County" published in 1904.

The stage was frequently robbed. One time by a boy who in running gun fight with the accompanying guard put four bullet holes in a trunk on the back of the stage coach.

The 4-H Club members at Gorman are fortunate in having so many capable leaders working with them. Bob Green, assistant manager of Growers Association, is their lamb leader; Ray Williams as their swine leader and Mrs. Ray Williams as their organization leader.

In that area of the county recently we took a look at

the good Hereford steer that Mary Ruth daughter of Mr. and Mrs. Dean Kirk, is feeding for her project. Also the two Dorset Horn-fine wool cross lambs that John, son of Mr. and Mrs. Melvin Shell, is feeding.

"Red Clay Farm" is the title of a book being written by Gordon Clark. Clark lives north of Eastland. He recently returned to the county from a three months stay in Dallas where he worked in a grocery store. He told me of one interesting experience he had in the big city. Getting off work one night at 11:30 p. m. he found his transportation plan for his ride home all snarled up. He walked 12 miles before the cops picked him up asking a lot of questions. They drove him almost home after explanations were given before a radio call diverted them into another section of the city.

Peanuts of the Starr variety paid off again this fall, according to information received from two peanut farmers recently.

Duad Warren, Gorman, said that he made \$25.00 per acre more off of his Starr than he did of the other varieties grown. He had 90 acres of the Starr.

Oscar Schaefer, Cook, sent two trucks loads to town. The truck loaded with the Spanish weighed 20 bushels more than the one loaded with the Starr. However, because of better quality and grade the Starr nuts brought him \$90.00 than the others.

Walter Duncan, Staff, was telling me recently about growing some alfalfa in rows in his garden and how many times he and Mrs. Duncan cut it. We have always encouraged alfalfa growing. Some soils in the county are especially adapted to growing it.

Clyde Braymer, Cisco police man, used to have a big field of as fine alfalfa as you would want to see on his farm in the Pleasant Hill Community. Alfalfa should be planted in October and inoculated with the A type of inoculant.

Mr. Duncan invited me to come down anytime for a fish they finally killed the rat that dinner. Mrs. Duncan said that lived in the house with them for several weeks. Got to be fat and sleek she said. Was delighted to get rid of him but had to try several things.

It was night and the weather was misty with rain. The doors were open and the lights were on. The Olden 4-H meeting in the Gym was about ready to begin. The large coon came right on in. Little startling. It did not shoot too easily from the efforts of Wayne Brock and J. D. Cagle, Olden residents.

It was then that we decided it was not wild. Bound to be a pet coon from a nearby house. We later learned that it was. The 4-H meeting and demonstration was on tree planting. Good crowd.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health, HENRY A. HOLLE, M.D., Commissioner

AUSTIN — Every 24 hours, as an average man or woman, you inhale 30 to 35 pounds of air. You have no choice of quality. Pure, foul or questionable — you take it as it comes.

In London last week, the air was fouled to the point that it killed 106 people. That tragic incident heightens interest in Texas' own methods of detecting and controlling atmospheric contaminants which might be injurious to public health.

The situation in Texas, when compared to most other states is far from critical. But State Department of Health engineers feel that Texas' growth within recent years is a valid reason for staying alert.

Twenty air sampling stations now operate on a regular schedule across the state. Nine of them are part of a gigantic coast-to-coast network designed to measure the type and extent of air pollution in American cities and towns. The other 11 stations

comprise a separate state network. The stations work like this: Each is equipped with a small device resembling a vacuum cleaner. It draws great quantities of air through a special glass fiber filter which can be easily removed for analysis.

As air rushes through the filter, tiny particles of atmospheric matter adhere to it. After a specified period of operation, filter contents are analyzed.

By keeping a running record of what is being trapped by the air samplers, it is possible to keep both state and local officials informed so as to give them a clear picture of air pollution at collection points in their areas. In this way, conditions can be related to climate, geography population densities, and industrial development.

Sampling stations are also capable of detecting radioactive fallout. "Fallout" is the name given to particles of matter — dust, earth, building materials, rocks — atomized and made radioactive by nuclear explosions and sucked skyward by updrafts. The particles eventually settle back to earth as "fallout," sometimes after travelling great distances at tremendous heights.

Texas air sampling stations also provide valuable information on background radiation to which the whole earth is constantly subjected. Normal background radiation must be known before increases in radioactivity can be recognized.

But the stations serve primarily as indicators of man-made pollution against which

controls will continue to be applied. (From the Texas State Department of Health.)

It's Communism, Comrade?

R. Wright Eastland recently in reply to "To combat Communism, I am following in the footsteps of Jimmie Lee Smith," Mr. and Mrs. of 1009 S. Communism I take to the United States of America and time to Communism is know a little more, like we did learn more, drive must be the leaders of the world. When the earth he had the making a Christ- enough he of right or wrong. More of us need to choose the right.) As we all know the Communist nations are of an atheist belief. I do not believe that God Almighty had intentions of any atheist nation predominating the world.

We as Americans should live a more serious life. In my way of thinking much of the Communist trouble is in our own government. In India we are giving Nehru planes and Russia is giving them "Migs". This world today is not a question of morals; it is a question of who buys who the most or who gives who the most.

Our own negligence is much to blame. If we had just half the will to work and win as did our ancestors, no nation, regardless how strong would ever think of taking over the United States through our own stupidity.

Where we make another mistake is in believing the Communist. You see a true Com-

together or most assuredly we will hang together," could truly be applied to present day America.

"We as Americans will have to stay together as one people or surely we will die as one people."

Derold Harris Completes AF Course

Staff Sergeant Derold L. Harris of Eastland is among 21 students who recently completed a supply refresher course at Alconbury RAF Station, England.

Sergeant Harris, a United States Air Force supply specialist, received advanced training in Air Force supply activities.

The sergeant, son of Mr. and Mrs. James H. Harris of 412 S. Walnut, Eastland, attended Eastland High School.

He is married to the former Dorothy J. Moore of 3600 S. Adams, Fort Worth.

Card of Thanks

We wish to express our heartfelt appreciation for the many acts of kindness, cards, and appreciation for the prepared at the W. L. Wharton home at the time of passing of Mr. W. L. Branch.

Our thanks to the members of the Church of Christ.

May God bless each of you.

MRS. N. E. SHAFER AND FAMILY OF ARLINGTON

Personals

Mr. and Mrs. Bill Kearnes of Abilene visited last Monday evening with her aunt, Mr. and Mrs. Dick Higgins.

Mr. and Mrs. Dick Higgins of Eastland had their children, Mr. and Mrs. J. W. Young and family of Amarillo, here during the holidays. They also visited with Mrs. Young's parents, Mr. and Mrs. McAlhambon of Olden.

United Control For Transport System

Americans can be saved billions of dollars in costs of products they use if this nation moves quickly to rescue its vital transportation system from near collapse, according to railroad leader David I. Mackie in the January Reader's Digest.

The current crisis can be checked, says Mr. Mackie, chairman of Eastern Railroad Presidents Conference, only by the establishment of a "truly national policy with just and equitable controls for all transport — air, highway, water and rail — impartially administered by a single agency."

"We Americans spend roughly 50 billion dollars a year on transportation to move our products, with a cost to the consumer of about a dime on every dollar," Mr. Mackie reports. This annual freight bill could be reduced by several billion dollars, he declares if all transportation forms had the same legal advantages.

In his article, "The Crisis In U. S. Transportation," Mr. Mackie praises President Kennedy's recent message to Congress which urged "a consistent and comprehensive framework of equal competitive opportunity."

The railroads, Mr. Mackie says, are being crushed by competitive chaos resulting from "The juggling of responsibility for our transportation system among a dozen federal agencies and 100 state commissions, plus transportation laws that are in such bad shape they make a decent job almost impossible."

In addition, laws applying to competitors of the railroads, Mr. Mackie charges, "are strongly flavored with protective benevolence" that permits huge sections of the transportation industry to operate free of regulation while competing with other sections that are under rigid government supervision.

The effect of these inequities in the law is the gradual shriveling up of our common carrier system — the real crux of the major crisis in our transportation history, the Reader's Digest article says.

Seeking swift action to avert this impending disaster that threatens our basic economy, Mr. Mackie calls upon America to put transportation's legal framework in order under unified direction.

Annual County Tax Clinic Is Scheduled For January 30

The annual Eastland County Farm and Ranch Income Tax and Social Security Clinic has been scheduled for January 30 at the local High School Auditorium according to a recent report today from the office.

The clinic is open to farmers and ranchers as well as to those who work with filing income tax returns, it was said. Women as well as men are invited and urged to attend. There is no expense for attending the all day affair. It will get underway at 9:30 a. m. on that date and be concluded at about 4 p. m. with time out at noon for lunch. Arrangements are being made with school officials for lunch in the cafeteria there.

C. H. Bates, Farm Management Specialist of the A&M College Extension Service and R. R. Tuley, District Supervisor of the Social Security

FACTS ABOUT PLYMOUTH'S NEW WARRANTY*

WHAT IT INCLUDES	DOES IT COVER EXPENSIVE PARTS?	IS IT TRANSFER-ABLE WHEN YOU SELL THE CAR?	MUST YOU SPEND MORE FOR MAINTENANCE?
There is absolutely no charge for labor and for the entire life warranty, should defect in material or workmanship occur parts covered by warranty, it will not cost you one cent to be corrected.	Absolutely! It covers the major power train components—the engine block and its internal parts, the automatic transmission and its internal parts, the rear axle—parts that would cost plenty to replace or repair.	Yes. As long as the car has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedules, the warranty can be passed on to the new owner. Think what that will mean to resale value of your car!	No. All that is required is the normal care that most car owners would usually give their car. Only one chassis lubrication is required for the entire life of the warranty. Other maintenance consists of inspections at reasonable intervals.

*Your Authorized Plymouth-Valiant Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair, without charge for required parts or labor, for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedules.

DECISION IS EXPECTED SOON IN MANDAMUS PETITION SUIT

Decision on a writ of mandamus petition filed by Bill Mitcham, of 406 Avenue I, Cisco, against the Cisco Independent School District Board of Trustees is "still under advisement" according to District Judge M. Collie of Eastland.

Judge Collie indicated that his decision on the matter would be announced sometime this week in letters to interested parties.

The mandamus petition filed by Mitcham seeks to force the school board to act on petitions filed in October by a citizens group to call a second election on a proposed \$700,000 school improvement bond issue, which was okayed by Cisco school district voters by some 106 votes in the Sept. 8 election. Mitcham has apparently filed the mandamus petition claiming the board took no action on the petition.

Hearing on the matter was held earlier this year by Judge Collie. His decision on the matter was delayed until January. He first indicated the decision would be given on Jan. 3.

Miss Couser Becomes Bride Of Mr. Smith

Miss Elsie Fay Couser and Charles Lee Smith were united

in marriage December 25 in a ceremony read at the Calvary Baptist Church in Eastland. Members of the immediate family were the only ones in attendance.

The bride, the daughter of Mrs. Couser of Divine, is a graduate of Poteet High School.

The groom is the son of Mr. and Mrs. Vernon Smith now of Eastland.

The couple will make their home at 1111 Buford, Corpus Christi, where the groom is employed.

Demo Victory Tickets Now Being Distributed

AUSTIN — Tickets to the Democratic Victory Dinner to be held here the evening of Jan. 14 are now being distributed all over the state.

Distribution of the tickets in this area is being handled by the two State Democratic Executive Committee members from the 22nd District. The members are Randal C. Jackson of Baird and Mrs. H. Macon Boddy of Henrietta.

The \$25-a-plate dinner will precede the inaugural ceremonies of Jan. 15.

The inaugural activities — the dedicatory prayer service, noon swearing-in ceremonies, parade and evening reception — are open to the public without invitation or admission ticket.

Unlike the non-partisan inaugural festivities, the fund-raising dinner will be strictly a party affair. One ticket will be issued for each \$25 contribution to the SDEC, with proceeds to be used in building a stronger party organization in Texas. None of the proceeds from the dinner will be used to pay the campaign deficits of any candidate.

This is the first time such a dinner has been held for Texas' Democratic contributors. The three-hour dinner will be packed with entertainment by outstanding performers. Speeches will be held to a minimum.

Will D. Davis and Mrs. Wallace Scott, Jr., both of Austin, are co-chairmen for the dinner. Davis and Mrs. Scott represent the Austin area on the SDEC.
