## Kansas 'Tourist Family' Pleasantly Surprised Here

A young Kansas couple first thought they were being stopped in Eastland Friday afternoon to be given a very unhappy emergency message. Quite contrary was the case. Mr. and Mrs. Clayton Skinner of Lawrence, Kans., were stopped and named Eastland's Tourist Family of the Week. This entitled them to a restful stop on their long-trip, as well as a pleasant evening's entertainment as guests of Eastland merchants and business firms.

The couple and their pretty blond, two-year-old Cindy were returning home after visiting in Midland, where one of Mr. Skinner's close relatives is seriously ill. When Highway Patrolmen E. M. Rogers and Jack Therwhanger stopped them Friday afternoon, the little couple, naturally expected the worse—as is human nature. But when Chamber President A. D. Taylor announced that they were to be the city's guests—well, it was a pleasant surprise, to say the least.

Mr. Skinner, 26, is a maintenance worker for Hallmark Cards' plant in Lawrence. The plant turns out greeting cards and wrapping ribbon, distributed internationally. (Mr. Skinner is justly proud of his company and says their ribbon "is the best on the market.")

Lawrence, near Kansas City is best known as the home of University of Kansas, and the Skinner's are avid football fans.

Staying overnight at the Village Hotel, they had dinner at the White Elephant Restaurant, and had tickets to the Majestic Theater. McCracken Mobil Station serviced their auto for them.

And like so many of Eastland's visitors, as soon as they were told of 'Rip, they began making their way to the Court-house lobby.

## Mavericks Start Season Strong With Earned Comanche Victory

Two touchdowns and a last-second "hold" spelled victory for the Eastland Mavericks Friday night when they dumped potent Comanche 12-7 and became one of only two teams in the district to win opening night games.

Fullback Jimmy Moylan ran across the first score mid-way in the first quarter after a long Maverick drive from the 25. It was the second time Eastland had had the ball. It came on a handoff from Quarterback Joe Cooper and followed an eight-yard gain by the same Moylan. Extra point try was no good.

The only other Maverick score came in the third quarter—after Comanche had scored in the second quarter, and gone ahead with an extra point.

At the beginning of the second Maverick scoring rally, Gary Graham just almost got away on a punt return. Cooper kept for 10 yards on the next play; picked up another yard; gained four with a handoff to Graham; repeated for four with Graham; then kept for the dash across the goal. Maverick try for another extra two points failed, and the score stood at 12-7 where it remained.

Fans on both sides of the Indian Stadium caught their breath during the closing seconds of the game. The Indians moved the ball progressively toward paydirt in

## SATURDAY Current Miss Texas To Appear At Bowl

ATLANTIC CITY, N. J. (Special to the Telegram) — Miss Texas, who did her state well in the Miss America Pageant here last night, has announced that she will appear at the Annual Peanut Bowl Festival in Eastland Saturday, September 14.

### NO WEDDING BELLS?

## Criminal Cases Set Monday In District Court; Jurors Called

The wedding bells apparently won't ring for Millie Jones and W. W. Spawn, at least before they are tried for the armed robbery of the Ranger Worth Food Store.

Their cases are among those posted for trial in 91st District Court beginning Monday.

Fifty county residents have been subpoenaed to appear as potential jurors for the criminal cases Monday.

Cases include: two counts each, Gary Lynn Marsh, Eddie Langford and Terry Gosnell, all of Cisco, charged with burning grassland; Ernest Edward Maxwell, burglary; F. G. Gilchrist; Raymond E. Cummings; Gus Orman; Dean Nichols, theft over \$50; and Jones and Spawn.

It was announced after Jones and Spawn were returned from Idaho that they might be married in the Eastland County Jail. Captured in Idaho after the March Worth Food Store robbery, the pair broke out of a jail there, only to be re-captured and returned to this county for trial.

They said they got about \$900 in the robbery.

The three Cisco youths were tried once before for the setting of fires to grass land, but the suits resulted in mistrials when insufficient evidence was presented.

Frank Sparks of Eastland represents the three youths, Gilchrist, Orman and Nichols. Tom Creighton of Mineral Wells represents Maxwell.

Nichols was found guilty in the same court in 1952 of assault with intent to rape and given a five-year term.

Prospective jurors include: Cisco: Jerry L. Jeffcoat, Mrs. Doris Crutchfield, Buddy Dolgener, Danny Claborn Walter Jett, A. V. Cagle, Alfred Anderson, Mrs. Ben Krauskoph, Mrs. J. C. Leveridge, Mrs. W. M. Joyner, James C. Jones, Billy Bacon Jr., Johnny Kent, C. J. Collins, Mrs. Ocie Livingston, Don Johnson, Bill Childers, Travis Kirklin, Clinton H. Bray and Mrs. Sam B. King.

(Continued from Page 1.) Miss Verna Napier of Olden, Miss Kay Browning of Gorman, Miss Jan Taylor of Eastland and Miss Linda Jackson of Carbon.

Miss Loftis of Fort Worth will serve as narrator for the program and provide special entertainment during the evening.

Tickets are now on sale at \$1.00 for adults and 50 cents for children under 12, according to Dick Dixon, chairman of the contest.

Crowned queen during the 1962 festival was Miss Jane Williford, a student at Cisco Junior College and the daughter of Mr. and Mrs. E. A. Williford of Breckenridge.

Miss Linda Noth, a pretty Ranger High School junior, and the daughter of Mr. and Mrs. Everett Noth of Ranger has been selected to represent Ranger High School in the Fourth Annual Peanut Bowl Queen contest September 10.

Linda takes an active part in her school by participating in many of the school organizations. She is a member of the Future Teachers of America, Future Nurses of America and the Future Homemakers of America. She belongs to the Sub Deb Club, a social organization composed of high school girls. During her sophomore year, she was voted Miss Personality of Ranger High School.

Possessing a natural ear for music, Linda is an accomplished singer, and guitar and piano player.

Linda was chosen from a group of girls who submitted their names to the school office. An election was held to determine which of the girls would be selected to represent her school.

Glynda Wilson, a freshman student at Ranger Junior College, and the daughter of Mr. and Mrs. G. A. Wilson, Route 2, Ranger, has been selected to represent the college in the Fourth Annual Peanut Bowl Queen Contest to be held in the Majestic Theater in Eastland at 8 p. m. Monday, September 10.

It is climaxed by a football game between Ranger Junior College and Cisco Junior College each year at Maverick Stadium in Eastland. Date of this year's Peanut Bowl will be Friday, September 14.

During the past summer months, Miss Wilson has been employed as a secretary at the college and will register as a freshman September 11.

## An Enigma Comes Down

Eastland's old City Hall which was vacated almost a year ago, is finally being torn down. Declared unsafe, the building was marked for demolition after the City Commissioners re-located the city offices, including the fire department and police departments, to renovated quarters on S. Seaman St.

But finding a contractor to tackle the ancient building wasn't easy. Offers were made — some in which the city was asked several thousand dollars for tearing down the building — and rejected. Finally a Midland man, Bobby Wilson, agreed to pay the city \$200 for the building and tear it down for salvage. However time was lost too while Wilson made arrangements for insurance and bonding which the city required.

Work finally began Wednesday afternoon on the tear-down. Wilson's insurance is for a 60-day period, so it is assumed that he will be through in that length of time.

Originally bond was to have been \$3,000.

The Eastland landmark at the corner of W. Commerce and Daugherty Sts. will soon be no more.

## Lake Leon Couple Arrested In Worth Robbery

Mr. and Mrs. John Blackwell of the Lake Leon area were arrested in Ranger Friday in connection with the March armed robbery of the Worth Food Store in that town.

Sheriff Lee Horn reported Saturday that he had filed accessory charges on the couple several weeks ago but that arrests hadn't been made.

Millie Jones and W. W. Spawn, charged with the robbery, implicated the other couple after they (Jones and Spawn) were returned from Idaho, where they were captured.

Bill Vineland of the Ranger Police Force arrested the Blackwells and Deputy L. E. Sublett brought them back to the Eastland County Jail.

## Vets Questions And Answers

Q — I am a war veteran, but I have never had any dealings with the VA. Can I get a free physical exam from them?

A — Only if it is needed in connection with application for a benefit, such as hospitalization, or for service-connection of some condition.

Q — I heard there is an entire family in my neighborhood being taken care of at a VA hospital. How did they manage to get free medical care for the children?

A — You may have VA care confused with the Armed forces medical care for families. The VA has no program of medical care for wives and children, although wives may be hospitalized by the VA on their own eligibility if they are veterans. It is possible the family was in some disaster such as an automobile accident and was taken in by a VA hospital briefly, as a life-saving measure. If so, responsible members of the family will have to pay for the care.

Q — In a recent Question and Answer column, misleading information was given in answer to a question by error. Here, to straighten matters, is the question again with the correct answer: I have no dependents and will be retired next month at age 65. My retirement income from Social Security and a pension to which I contributed will be more than \$1,800 a year. Is there any point in my filing for disability pension?

A — If you believe you are unemployable because of disability and age, you should apply for pension at once since no part of your retirement payments or Social Security will be considered as income by the VA until you have received an amount equal to your contribution to the retirement fund and Social Security.

## NEWSPAPERS ARE TOP SALESMEN

Television, like radio before it but to a far greater has brought about major changes in the advertising world. It has been an aggressive competitor with the other media, its appetite for the advertising dollar, with the cost of advertising even Grade B programs running to comparatively nominal sums, seems insatiable.

But the power of the written word still gets top respect. An announcement from Sears, Roebuck and Company interests those who like to read as well as to stare. Last year the figure was \$58 million, which represented 71.2 percent of Sears' total retail media expense. The balance went to advertising through circulars, magazines, radio and television and other media.

A spokesman tells the story: "This is tangible evidence of our continuing faith in the potency of newspaper advertising. From the day Sears opened its first retail store, the company has made greater and greater use of newspapers. It is obvious that Sears store managers continue to regard the newspaper their major medium for more than historical reasons. Evaluation is based on the day-to-day results in their stores."

Television advertising is a catch-as-catch-can affair. You have to be looking at the set at the moment and it's not an instant. Print is durable and the prospective buyer can scan and consider it at his leisure.

She wore a street-length dress of crystal pique in three shades of green, matching shoes, and starched white veils attached to small circlets in the same shade as their dresses. Their bridesmaids wore white carnations and white satin ribbons.

Jim Wilborn served as best man. Groomsmen were Don Ratliff and Bob Beckett, brother of the bride, of Houston, who also served as ushers.

After the wedding, the reception was held in the Legion Hall.

Floor baskets of white chrysanthemums were beside the fireplace and white spider mums formed the mantel-piece.

Fayrene Chism and Dawn Harrell were at the bride's book at a table at the entrance for the guests to register.

The bridesmaids' nosegays surrounded the miniature bride and groom standing beneath an arch, the decorations taken from the top of the bride's cake to form the centerpiece of the refreshment table covered in a white cutwork cloth. Mints and nuts were also served. Alternating at serving the cake and punch were Misses Terry Hodgkins, Ruthie Allen, Kathleen Robbins, and Mrs. J. A. Neal.

When the couple left on their wedding trip, Mrs. Carroll's ensemble consisted of a beige hat with a brown band, alligator shoes and bag, brown gloves and the orchid corsage from her bridal bouquet. They will reside in Sanderson in the Fletcher duplex. Mr. Carroll is employed there as an engineer in the office of the resident engineer for the Texas Highway Department.

The bride, a graduate of the Sanderson High School, attended Texas Western College for one semester.

**Christian Science**

Mankind's dependence on the Ten Commandments will be emphasized at Christian Science services this Sunday.

Subject of the Bible Lesson is "Man," with the following Golden Text: "Blessed is the man that feareth the Lord, that delighteth greatly in his commandments". (Psa 112:1).

Related readings from the denominational textbook will include this: "Dost thou love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind"? This command includes much, even the surrender of all merely material sensation, affection, and worship" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 9).

## ZIP Code Given Good Reception In Most Regions

The new system of mail sorting and distribution called ZIP Code, initiated throughout the nation by the Post Office Department on July 1, 1963, has been warmly received by the public in general, according to reports from the Post Office Department.

Public acceptance of the program, as indicated by incoming correspondence and by the press, far surpassed expectation, the department announced. The original concept of ZIP Code was a program to be utilized primarily by large volume mailers; however, this concept was extended and improved by a series of circumstances - chiefly, the warm reception accorded the introduction of ZIP Code by the public generally, and the conclusion by technicians that all mail - business and personal - could be handled with greater speed and increased efficiency with widespread use of ZIP Code.

In the less populated areas, the first three digits of the code identify the main focal points of air, highway and rail transportation, and the last two digits identify the post office or delivery station. In cities that have local postal zones, the first three digits of ZIP Code identify the city and the last two digits designate the local zone number.

By reducing the number of steps required in mail handling, and by cutting the time required to process letters, ZIP Code helps the Department contain costs, and operate the postal system with increased efficiency, thus greatly reducing the likelihood of additional rate increases within the coming few years.

## Browsing With Bev

Are you a compulsive eater when it comes to peanuts? Few people can stop with just one or two. Don't let this worry you, for it's hard to find a more wholesome food. They are packed with a combination of protein, thiamine, phosphorus and niacin, the fats necessary for a balanced diet.

Peanut production from the 1962 crop is estimated at 1.8 billion pounds, 68 million pounds above last year, and 274 million pounds above average. Of this total production, about one-third to one-half is used for peanut butter.

Making peanut butter is a relatively simple process; however, you needn't burden yourself with this chore when so many delicious brands are available at your grocer's now.

Peanut butter variations include "chunky", in which bits of chopped peanuts are mixed with finely ground peanut butter; "homogenized", to which oil is added and the mixture processed to retard separation; "honey", to which honey is added to produce a different flavor; "yeasted", to which yeast is added to restore the vitamins lost in processing.

So, if you're looking for a food to include in your everyday menus, because of its high nutritive value, taste appeal and attractive price, you'll find it hard to beat peanut butter.

## Thoughts For A Sunday

**NECESSITIES OF LIFE**  
Eugene H. Surface  
Methodist Church

There are certain things in life that we must have. There are things that we must leave. There are things that we must do for the health of our souls. Most of the things that we must do are not matters of time or money. They are matters of the heart. When we are in a hurry, when we are in a hurry, when we are in a hurry, we do things that are not good for us. We do things that are not good for us. We do things that are not good for us.

To worship money, self, status, success, or fame inevitably ends in the impoverishment of one's real life. To worship God alone enriches and brings genuine satisfaction.

To serve self, one's own interests, one's own desires inevitably ends in the same sort of impoverishment. While to serve God alone brings true joy and peace.

Why we worship and why we serve is most important. The supreme motive is gratitude for what God has done for His people. Gratitude is that response which is the mainspring for all deeper living. It is a responsible life, an obedient life which alone counts with God. What is good? Goodness is not an ideal of man, an abstract principle of conduct toward which we should strive. Goodness, rather, is what God is and

does. He is the only true and ultimate standard. His command alone is wholly right. His demand alone is wholly good.

If we would live our life to the full, as we were created to live it, we will regard and practice, as the two supreme necessities of living the worship of God as God has revealed Himself in Jesus Christ the Lord of all, and Christian service — sharing, in Christ's name and for His sake alone the blessing of God has lavishly bestowed upon us.

God has made Himself known to every person, in some way. It is our highest joy to recognize Him and gratefully to worship and serve Him, daily.

**A SAD STORY**

FOR SALE

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

We work with you to arrange for a loan that's as easy to handle as monthly rent.

**Board Authorizes Architects Conference With Contractors**

The Eastland School Board deliberated over three hours Thursday evening and, although a contract for the construction of the new gymnasium and elementary building was not let, the board did authorize its architects to confer with the apparent low bidders.

A motion passed unanimously by the board authorizes Dan Boone of the firm of Boone and Pope of Abilene to enter into a study with the firms of Kinard and Beck (general contractors), Henderson-Gib-

son Inc. (plumbing, heating and cooling) and Bond Electric, all of Abilene, relative to effecting savings in construction cost without affecting the quality of building. Final commitment to be made only after approval of the Eastland board of trustees.

Bids were opened a week ago, and there were ten general contractors submitting bids, and with the inclusion of six alternates, it has taken time to evaluate and appraise the various bids.

Kinard Beck's basic bid was \$321,324.

The board talked by telephone with Boone after the motion carried, and the architect assured the board that he would begin immediately in conferences with the contractors. He will report back to the board on progress on the

study, at which time the official letting of the contract will be made.

Other basic bids:
