## Coaches Measure Mavericks

"Improvement" is the key word for the Eastland Mavericks this season, according to members of the coaching staff, speaking at the Lions Club Tuesday.

Line Coach Harold Price told the club that his line is improved over last year, but then of course, the opposing teams' may be improved too,

he added. "Comanche (whom Eastland meets Friday night) has a large line." Price said, "They didn't lose many, and have some big seniors still on their line."

"Surprises" in the line are Rollins, Garner and Hazard, Price said. Another big feature this year, he said, is that we have a little depth. "If a

## Hearings Held For Juveniles

Two juvenile hearings were heard in County Court by County Judge Scott Bailey.

The case involving two Cisco brothers, 12 and 14, was dismissed and it was reported that the boys have been admitted to the Methodist Orphan Home in Waco.

The second hearing was held Tuesday morning and concerned two Ranger boys, 14 and 16, who were accused of stealing an automobile tire from Cisco's Mayor John Webb.

One of the boys was judged to be delinquent and was placed on probation to his brother and a responsible school official.

The other was also judged delinquent and was placed on probation until he reaches the age of 17, at which time it is understood that he will apply for military service.

## Mavericks Tak On Comanche Friday Night

Picked second in District 10-A, the Eastland Mavericks roll out their 1963 football edition Friday night against Comanche.

Traveling to the Indians' own campgrounds, it will be the first tilt of the season, and the Mavericks will be working for a repeat of last year's battle — when the Eastland team began their season with a 20-14 win over the Comanche eleven.

Albany, that formidable game-winner, has been picked top team in the district; but with just a little bit of luck, Coach Millard Glasses' Mavericks might surprise the Lions' roar in Albany.

Sports writer James Norman said of the Mavericks this week:

"Eastland's strength will be in the backfield, where tailback Gary Graham, a three-year letterman speedster, and jarring fullback Jim Moylan provide the Mavericks with a potent running offense.

"Graham, a 170-pound all-district boy who has clocked a 10.3 in the 100-yard dash, is an all-the-way threat on any given play. Moylan, a 205-pounder, will get the tough yards for the Mavericks.

Glass has another fine back in Joe Cooper, a 160-pounder who was all-district on defense last year."

"Mike Jones, a two-year letterman tackle who weighs 170, and 155-pound guard Bill Garner are the main stays in the Eastland line."

Here's the way Norman picked the district; Albany, Eastland, Ranger, Clyde, Baird, and Cross Plains.

Carrying a five-five win-loss record from last year, the Mavericks have 13 returning lettermen—

Ends, Jim Wright, 178, senior (last year, center); Stanley Underwood, 150, junior; Tackles, David Taylor, 170, junior; Dan Phillips, 165, junior; Guards, Bill Garner, 155, senior; Don Griffin, 165, junior; Wayne Waldon, 155, junior; Backs, Jim Moylan (FS), 205, senior; Joe Cooper (HB), 160, senior; Gaylon Griffin (HB), 140, junior; Gary Graham (HB), 170, senior.

Bright new hopes on the roster are Ends, Norman Rhodes, 140, junior; Mickey Sargent, 140, junior; Centers, David Hazard, 150, sophomore; Gary Rollins, 160, junior; Backs, Mike Miller (QB), 140, junior; Jerry McCullough (QB), 140, sophomore.

Game time at Comanche will be 8 p. m.

Neighbor engagements include: Albany at Old Olney; Santa Anna at Baird; Clyde at Roscoe; Cross Plains at Bangs, and Cisco at Ranger.

## Ranger All Womans Rodeo Reset For Sept. 7

The Ranger Jaycee sponsored, all womans rodeo, which had been previously scheduled for the night of August 31, will be held the night of Saturday September 7.

All plans have been completed and the rodeo was "on" for last Saturday. The one thing that had not been figured in the plans was the much needed rain.

The rain that started Friday put all the previous well laid plans on skids and the completely ruelled it out.

There has been no change in the schedule of events. The entrants have been high and continue to come in with the extra week that was brought on by the rain.

The girls will compete in the barrel race, soda pop race, flag race, wild cow milking, and bull riding.

Much action and a good show will be in store for those who will be attending the first annual all womans rodeo, is the report from the Jaycees.

MR. AND MRS. WALTERS  
... anniversary Sunday

## W. W. WALTERS TO OBSERVE 50th WEDDING ANNIVERSARY

Mr. and Mrs. W. W. Walters will observe their 50th wedding anniversary with an open house Sunday, Sept. 8, from 2:30 until 5 p. m. at their home, 410 W. Patterson.

The couple was married Sept. 8, 1913 by the Rev. W. M. Mead of Abilene at the home of the bride's parents in Abilene. Following a month's honeymoon through West Texas, they settled in Winters where they resided until 1917.

They moved to Eastland on April 16, 1917 and have lived here since that time. Mr. Walters was employed in the wholesale-retail meat business here and established a similar business in Breckenridge. It was during that time, they recall, that it took two full days traveling by Model T to reach Breckenridge.

The Walters retired from business in 1943. They now enjoy gardening, painting, working and, most of all, their friends, all of whom are cordially invited to attend the open house.

Born to Mr. and Mrs. Walters were four children: Lt. Cecil Orez Walters, an Air Force pilot who was killed during the World War II European Theatre; W. M. Walters of 813 W. Valley, Eastland; the late Mrs. James T. King of Fort Worth; and Mrs. Eugene Suttchen of Bryan.

The Walters have seven grandchildren and two great-grandchildren.

Serving as hosts for the anniversary celebration will be Mr. and Mrs. W. M. Walters of Eastland, Mr. and Mrs. Eugene Suttchen of Bryan and Mr. James T. King of Fort Worth.

**ATTENDS REUNION**  
Mr. and Mrs. Frank Owen have returned home from Wichita Falls where they attended the Chenault family reunion.

Mrs. Owen and Mrs. Otis McDonald, both of Eastland, are members of the Chenault family.

All reported an enjoyable time at the occasion.

## Readers Write

(ED. NOTE:) Local Borden Milk Distributor Truitt Gregory received the following "school reminder" from a Borden Co. official recently, and the contents are pertinent to this season, we believe.)

Dear Folks,  
Summer, that inviting vista that last June seemed to stretch far into the future, has now come to the end of the road. The calendar doesn't say so because officially there are still a couple more weeks. And even though they may be delightful, sunny and warm, man, the creature of the calendar, has set up this artificial portal to autumn, Labor Day. So we all march through it.

Very soon now, the little children abandon their freedom, their sand castles, their trees and their swimming holes, and will also obediently return to the prison house. Some events make an indelible impression on the human mind, and the opening day of school is one of them. Who is there who cannot remember one or even more of these sweetly-sad occasions when the renewal of old ties with the gang helped compensate for the pain of tight shoes or stubbed toes?

There is always a difference about the first day of school, some of it imagined, some real. The new quickened routines, the slicked-down hair, the freshly laundered dresses, the bewildered dogs, are all real enough. So are the droning voices pledging allegiance to the flag, the self-importance of the two who are appointed to raise the flag, the shutting of school buses to and fro. But there is an imaginary quality also that lives on in the elders. It is a memory of the smell of chalk and of new sneakers, of a winey quality in the air, a far-off autumn that can be now sensed rather than felt. It will all be there again now, together with the myriads of wrestling boys, skipping girls, barking dogs.

So as the spring brings new life to the trees, late summer brings a re-awakening and re-assembling of the small fry back from many places to the sharp focus of school. Remember that, when you drive city and country streets these days ahead.

Be tolerant with the child pedestrian. He has his faults but they are not crimes punishable by death.

Sincerely,  
Bill Jack

## 1964 Inspection Stickers Ready At All Stations

AUSTIN — Col. Homer Garrison Jr., director of the Texas Department of Public Safety, has announced that the new 1964 vehicle inspection sticker became available September 1 at all Official Inspection Stations in Texas.

During the summer months, the department has conducted intensive re-training schools for all owners and mechanics of inspection stations," Garrison said.

"These men are now qualified and they are ready to serve the motoring public in their vehicle inspection needs."

More than five million vehicles registered in the state are required by law to be inspected at one of the 5,000 official stations between now and April 16, 1964. Operators of vehicles not displaying the new sticker by that date will be in violation of the law.

Garrison urged motorists to get their vehicles inspected at

the earliest possible pointed out:  
"Since the vehicle program began in 1951, defects as factors in motor vehicle accidents has been reduced 13 per cent in 1951, 19 per cent in 1962. We reason to hope that continued voluntary with this law, will be further reduced."

**A SAD STORY FOR SALE**  
 Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.  
 We work with you to arrange for a loan that's as easy to handle as monthly rent.

**Naval Course**

R. D. Ables, son of H. C. Ables of 305 N. Daugherty, Eastland, recently completed basic training at the Naval Training Center, San Diego, Calif., graduating at the weekly Recruit Brigade Review involving some 3,000 men.

The intensive nine weeks training includes naval orientation; history and organization; military law, seamanship and shipboard routines; ordnance, gunnery and damage control; sentry duty, military drill and physical fitness; swimming, first aid and survival.

During their training period recruits receive tests and interviews which determine their future assignments in the Navy. Upon completing the program they are assigned to service schools for technical instruction or to ships or shore station for on-the-job training in a Navy rating specialty.

Naval training produces the power in seapower by supplying qualified personnel to man the ships, aircraft, and shore stations of today's Navy.
