Grand Jury Convenes Monday

A 91st District Court grand jury will begin deliberation Monday of a number of cases, including further investigation of the Ranger Worth Food Store armed robbery.

An Eastland County couple has been charged in connection with the robbery, after being implicated by another man and woman who are charged with the robbery. Millie Jones and Bill Splawn have been in the Eastland County Jail since March 9th. It is reported that both plan to plead guilty.

The session beginning Monday will be the first impaneled since February.

Called as prospective grand jurors are: Herman Claborn, Jim Ray Cox, Art Fisher and Curt Smith, all of Rising Star; G. C. Acrea and Gus H. Frossard, and Thurman L. Jay, Jr., all of Gorman; Edward F. Harrison, of Rt. 3, Gorman; M. M. Stubblefield of Carbon; Henry Fry of Rt. 1, Cisco; J. E. Jackson of Carbon; and E. E. Allison, Winston Boles, Frank Deaton and W. L. Garner, all of Eastland.

P-TA Carnival Set Thursday

Fun for everyone will be had at the PTA Carnival Thursday night October 31, in the High School Gym, from 6 until 8 p. m.

Sandwiches, pies, cakes, candy, coffee, and cold drinks will be sold.

The carnival will feature a country store where you may buy handwork, canned food, novelties, and the many other various items usually found in a country store.

Among the many booths and games will be a fishing pond, a basketball throw, a dart game, a pound the nail game, and a special feature, the Spook House.

Each of the elementary school rooms will furnish a booth.

The public is invited to come and enjoy the evening.

Tennis Tourney

Five Eastland students were to have participated in the Halloween Single Tennis Tournament at Fair Park Tennis Center in Abilene Saturday, October 26.

Play was to begin at 9 o'clock with contestants from all over the state participating.

Terry Treadwell, Marsha Treadwell, Sharon Day, Elaine Berger, and Gene Shaw were the students from Eastland. They were to be sponsored by the Y.

STEEL DRIVING MAN — The salvage crew wrecking the old city hall is making headway, in spite of several accidents and set backs. An example of the building's interior construction with all its steel is shown here. The manager on the job said late this week that it will take about another month to level the building. He also said that in his opinion the building was originally built "top heavy." It had more weight on top than the foundation could support, he said. Materials are being salvaged and sold on the site. (Staff Photo)

Committees Are 'Loud and Strong' For Southwest C. B. Jamboree

Committees have been named and work is underway for the Southwest C. B. Jamboree to be held in Eastland Saturday, Nov. 2.

At least 600, and possible as many as 1,000 persons are expected for the day-long event, Roy Lee Smith of Eastland, president of the sponsoring Ten-Ten C. B. Radio Club, has announced. The club is a county-wide organization and Jamboree workers are from various towns in the county.

Registration will begin Saturday morning at the Village Hotel lobby and exhibits and displays of citizen band radio equipment will be held in the hotel Roof Garden throughout the day.

Carl Boustead of Olden and

Foy True of Eastland are in charge of manufacturer displays, and report that several have already made reservations for showing wares in Eastland.

The general public is welcome for any and all of the events, Smith said.

A city-wide treasure hunt, by C. B. Radio, will be held during the evening as well as a buffet supper at 8:30 p. m. at Lone Cedar Country Club. Committee workers for the treasurer hunt are being kept secret, for obvious reasons.

Eastland Mayor Don Pierson has issued a proclamation, declaring Saturday, Nov. 2, as Southwest C. B. Jamboree Day

in Eastland. Pierson, Smith, Boustead and Darrell Basham will be hosts at the roof garden gathering.

Basham is in charge of registration and ticket sales, and will be assisted by wives and daughters of the radio club members. Pierson and club officers will host the Lone Cedar Buffet.

Ed Black of Ranger, assisted by Check Smith of Gorman, Chief Brown and Grady Hogue, both of Cisco and J. D. Early, all of Eastland, and Mrs. Wayne Jackson of tel. times press SAT NOV 2 Eastland, are in charge of refreshments and food at the roof garden.

Pierson and Don McKnight are handling advertising and public relations with Joe Collins of Gorman, assisted by Hershel Cagle, Otis Coleman, J. D. Early, all of Eastland, and Horace Jobe of Gorman, handling arrangements for a swap shop.

Reservations are now being accepted by members of the club.

Former Resident Dies In Phoenix

Word has been received of the death of Martin Luther (Mart) Dulin, former Eastland stock farmer.

Mr. Dulin died October 22, 1963 in Phoenix, Arizona. He was born near Eastland in 1888, and had moved from Eastland in 1937. He was retired.

Funeral arrangements are incomplete, but burial will be in Phoenix.

He is survived by his wife of Phoenix; two sons, Wade and Glen of Phoenix; two daughters, Mrs. Bernice Richardson of Freeport and Mary Frances Richmond of Flagstaff, Arizona; one brother, Alvert of Crane; and six sisters, Mrs. Henry Ferrell of Eastland, Mrs. Bennie McCough of Inglewood, California, Mrs. Hester Butler of Phoenix, Mrs. Elma Wood and Mrs. Bill Parrish of Abilene, and Mrs. Frances McKinney of Cisco. Six grandchildren and two great grandchildren also survive.

Ernest Boggs Completes Basic Training

Ernest L. Boggs, son of Mr. and Mrs. B. K. Boggs of Route 1, Eastland, completed basic training October 18 at the Naval Training Center, San Diego, California.

The nine week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, physical fitness, first aid and survival.

During the training recruits receive tests and interviews which determine their future assignments in the Navy. Upon completing the program they are assigned to service schools for technical instruction or to ships and stations for on-the-job training in a Navy rating specialty.

Youth Receives Broken Leg

Randy Graham, 13-year-old son of Mr. and Mrs. J. E. Graham of 500 W. 4th St., Cisco, sustained a broken leg in the Midget-Eastland Dogie football game in Eastland Thursday evening.

Treated and kept overnight at Eastland Memorial Hospital Thursday, the youth was released Friday.

County Program Committee Re-Elects Wilson President

H. T. Wilson of Eastland will once again lead the Eastland County Program Building Committee as it enters its coming year of solving the county's problems. Wilson was re-elected president, five new members were added to the committee and the printed County Program was distributed at the annual meeting Thursday evening at the Commissioners Courtroom.

New members, recommended by the nominating committee and unanimously voted to membership, are D. B. Warren of Gorman, Jack Cozart of Nimrod, Pat Miller and J. T. Gregory, both of Eastland, and Ernest Schaefer of Cisco. It was pointed out that Mr. Schaefer hasn't missed a meeting.

A. Z. Myrick of Cisco was elected to the vice presidency, and Mrs. Ernest Schaefer, secretary.

Committees are to be named soon to begin special study of the various problem areas of the county. The County Program book lists the top priority as holding the county's young people, and recommended these steps:

1. Expanding existing industry and the creation of new industry.

2. Developing new cash crops not in existence.

3. Stressing Eastland County as a center of a major trade area.

4. Developing, expanding, and commercializing recreational facilities.

5. Providing better homes through educational programs on remodeling, selection, use and care of household equipment, nutritional needs of the family members and management of the clothing construction dollar and clothing construction.

6. Improving health facilities.

7. Familiarizing county residents with the historical heritage of Eastland County.

8. Organizing the "Eastland County Council of Organizations" and provide leadership training.

9. Cooperate with all towns and people in the county to better Eastland County.

Next regular general membership meeting of the committee will be in February.

Maverick Fans Swarm To Support Their Team

At the beginning of the second half, the score was 32-0 and a grade schooler in the Eastland stands observed:

"Look at all the Albany people leaving over there. They think we're beaten. We might win yet."

And that was the spirit all the way Friday evening at Lion Stadium in Albany.

Scrapped from the playing team, the reserves and injured, un-uniformed players on the bench, and vocally from the packed stands of faithful Eastland fans.

Scorewise, Albany claimed the game, 40-0, but it was a moral victory for such an injury laden grid squad as Eastland's to "go out there and give it everything you have."

And not a fan was disappointed, because the lightweights did just that.

With six starting linemen out with injuries Coach Milard Glass and his staff called on reserves who were short on experience but extra long on pure grit.

Under the masterful direction of Veteran Quarterback Joe Cooper, the Mavericks did their best to launch the aerial attack they knew they needed to jarr the district-dominating Lions.

One out of 10 huris connected for short yardage, but alert Albany responded in kind and the fans saw six Mav passes fall into the hands of the foes.

Going on the ground was rough with Cooper, John Moylan and Gaylon Griffin getting most of the 166 for Eastland. In spite of injuries, three of

the hardies gave the team as much as they could. Gary Graham came in to do kicking chores and David Taylor rotated in and out as needed, as did Mike Jones.

Scrappy Mr. Ted Martin, 125 back, snagged himself an Albany pass early in the game, and brought the East-

MISS JEANIE HANNA ...Nominee

Miss Hanna Nominee For Band Sweetheart

Miss Jeanie Hanna, a junior in Eastland High School, is one of the four girls who were nominated for 1963 Band Sweetheart. The winner will be revealed during the half-time activities at the football game between Eastland and Cross Plains, which will be played in Maverick Stadium on November 1.

Jeanie, daughter of Mr. and Mrs. B. F. Hanna, plays 1st clarinet for the band and is also librarian for the band. She is treasurer of the Junior class and treasurer of the Co-Ed Club. She has been a member of the band for 6 years.

Dogies Win Over Midgets, 8-6

By LARRY GOLDSTON

The Eastland Junior High Dogies defeated the Cisco Junior High Midgets, 8-6, in a hard fought battle Thursday evening.

Bill Bass received the kick from Cisco and carried the ball for 20 yards. The next twenty downs Eastland was averaging about 5 yards each carry with Steve Lund calling signals for the Dogies. Eastland was guilty of the first penalty for backfield in motion.

At the end of the first quarter the score stood 0-0. Undeafated Eastland came out of the huddle and got another penalty for delaying the game.

The ball went over to Cisco and they began moving it very rapidly toward the goal line. On the next play Randy Graham from Cisco got his leg broken.

Cisco kicked to the Eastland 42 yard line and Eastland began a four down session and Cisco recovered a fumble.

At the end of the half the score was still 0-0.

Just at the first of the third period Cisco intercepted a pass to gain control for their touchdown.

A few minutes later, midget Bryan Cotton came through with the only touchdown for Cisco. Their attempt for the extra points was no good.

Eastland got control of the ball and was moving it rapidly when Bill Bass ran up the middle for the Eastland TD.

Greg Emfinger carried the ball for the extra points.

At the final whistle Eastland was again pushing toward the goal but the time run out.

REBEKAH LODGE HOSTS SCHOOL OF INSTRUCTION

The Eastland Rebekah Lodge No. 177 hosted a General School of Instruction for District 47 of the Rebekah Assembly of Texas on Monday, October 14, 1963 with Blanche Nichols, District Deputy President, presiding.

WCSA To Begin Study Tuesday

"The Changing City Challenges the Church", under the direction of Mrs. James Horton, will be the home mission study for the Woman's Society of Christian Service of the Eastland Methodist Church.

The introduction of visitors followed with Ranger having 6, Eastland 18, Cisco 7, Gorman 5, and Longview 1.

A contest between Cisco and Eastland lodges was held on the balloting and proper handling of an unfavorable collective ballot.

The Cisco officers were: Noble Grand, Johnnie Johnson; Vice Grand, Ora Mae Jordan; Warden, Georgia Gosnell; Conductor, Johnnie Mathews; and Secretary, Juanita Grisham.

A contest in questions on the Rebekah Degree was held between Cisco and Ranger. Cisco had a score of 17 to Ranger's score of 14.

Four Past District Deputy Presidents were present. The penny drill will be sent to the Homes for the Birth-day Fund.

Talented Eastland County Women

Mrs. Kenneth Thompson

Mrs. Kenneth R. (Bernice) Thompson's family benefits greatly from her musical talent. As well as enjoying their mother's beautiful singing, Larry, 12 and Tony, 6, receive regular piano lessons from her.

Mrs. Thompson lives with her husband, Kenneth and two sons at 709 S. Halbryan St. in Eastland.

Mr. Thompson is transmission superintendent with Texas Electric Service Company. The family moved to Eastland from Fort Worth a few months ago.

Born and reared in Vernon, Mrs. Thompson attended Howard Payne College at Brownwood. She married in Vernon in 1951.

She traveled with her husband who was in the army for the first few years of marriage and later lived in Bryan where he attended Texas A&M College.

Mrs. Thompson can't remember when she wasn't singing. She began singing special at a very early age for church and later for organizations and clubs in high school.

She began taking private voice and piano lessons at the age of nine and continued her music studies in college.

She sings in the choir and frequently presents special music at the First Baptist Church in Eastland where she and her family are members.

Mrs. Thompson is active in church work, the Civic League and Garden Club and the Music Study Club, where she will give the next program and sing.

Although she likes all good music, she prefers light classics and the operetta.

Reading and sewing are her favorite activities next to music.

When asked if she encounters any special problems teaching her own children, Mrs. Thompson replied that it is more time consuming but rewarding.

Rather than 30 minute lessons, the Thompsons have one continuous piano lesson at their house. Mrs. Thompson gives the boys one specific lesson a week where they work until they are tired.

Then the lesson continues in an informal fashion as they practice during the week.

In teaching her children, Mrs. Thompson feels that she spends more time with them than she would otherwise.

Larry is also a pupil of his mother's in the Intermediate choir which she directs at church and is a coronet player in the beginner's band at school.

Mr. Thompson is a good listener.

Henry Pullman Will Tour Army Missile Facilities

Eastlander Henry Pullman will attend a four-day Operation Understanding Trip with the 5th Missile Battalion, Nike Hercules, 517 Artillery unit beginning Tuesday.

Mr. Pullman will go to the headquarters of the unit at Dyess AFB in Abilene, from which he will be flown to Fort Bliss.

At Fort Bliss he will attend a briefing at the U. S. Army Air Defense School on air defense missiles and see live firings of missiles at famous McGregor Range.

A reception will honor the visiting civilians Wednesday evening.

Thursday the tour will go to White Sands Proving Grounds where visits will be made to the Nike Zeus facility, and possibly see firings of this newest defense missile.

From White Sands, the tour will be flown to the North American Air Defense Headquarters at Colorado Springs, Colo., where a briefing will be given on the air defense of the North American Continent.

Mr. Pullman will also visit the combat operations center in the headquarters.

A luncheon with Commander General Duff and a visit of the U. S. Air Force Academy will be other Colorado highlights.

He will fly back to Abilene and return to Eastland Friday.

25-YEAR- (Continued from Page 1 standing work. The citation was one of only ten given in the past 15 years.

At her retirement from the Monahans system, the president of the school board said in part:

"Ann Patterson has the qualities as a teacher that cause her to be loved and long remembered by her students and their parents."

The superintendent said: "The influence and effort which she has exerted have exemplified to us the high qualities so essential to the teaching profession."

Her principal said: "Mrs. Ann Patterson is one of the most sincere and devoted teachers I have ever known."

Parents of her students, past and then present, joined and wrote a tribute to her which said in part: "How grateful we are that our children have had their young lives strengthened by your wisdom, kindness, and understanding."

And one small student topped all tributes for her favorite teacher's retirement by offering, with tear-filled eyes, her own most precious possession, a little gray cat with no ears.

Retirement is rich, with memories like that, wouldn't you think?

2,100 Names On Santa's List At Abilene School

The Abilene State School's Santa Claus has a Christmas shopping list of almost 2,100 names and has invited interested individuals and organizations to participate in the shopping, according to an announcement by the Abilene State School Volunteer Council.

Gifts should be sent unwrapped to the Volunteer Office by November 15, as each resident receives gifts chosen with the individual in mind, the announcement stated.

Also, checks or money orders, made payable to the Volunteer Council, Box 51, make it possible for the council to purchase large, wholesale orders of gifts and toys.

Included among gift suggestions made by the Council were items for good grooming, such as bath powder, cologne, lipstick, kleenex, comb and brush sets, bobby pins, shampoo, nail polish, shaving lotion, hairdressing; all kinds of games and toys, picture and story books; incidentals such as bill folders, scarves, stationery, terry cloth house shoes, cigarettes, belts, playing cards, pipes, New Testaments, work gloves, stretch socks, and slipper socks; and clothing.

The Council requested that clothing not be sent to individual students, as all clothing will be stocked in the clothing store for distribution to those who have the greatest need.

"I Dare You" awards were presented to one girl and one boy showing outstanding accomplishment in leadership.

4-H members receiving these awards were Sharon Harbin of Eastland 4-H and Reggie Underwood of Carbon.

Medical Research Program Is Supported By United Fund

The Texas United Fund is an organization which incorporates twelve state and national agencies at the state level to eliminate independent campaigns by these agencies in local communities.

This has reduced campaign expenses and represents a savings in man-hours used for solicitation in the local fund drives.

Participating in the Texas Fund is the Medical Research Foundation of Texas, which grants "seed money" that is used to begin research for new techniques to answer the many disease problems facing the medical profession today.

The Foundation has the endorsement and approval of the Texas Medical Association and the Texas Dental Association. It is unique in that every dollar contributed goes directly to research in the medical and dental schools in Texas.

This factor will become increasingly important to the medical schools in our state as more and more channels become available for "pilot projects" through research dollars.

Last year, while operating independently, the medical Research Foundation of Texas received and distributed monies from more than 40 Texas communities in support of its basic medical and dental research program.

A report from the chairman of the Council on Medical Education and Hospitals referred to the furthering of basic medical research in Texas due to the activities of the Medical Research Foundation.

"Each of our medical and dental schools has benefitted by grants which have enabled young researchers to initiate productive investigations," he wrote. "The Foundation thus fulfills a need in Texas which is unmet by the larger and more specialized agencies."

Chartered as a Texas non-profit organization in 1955 for the purpose of encouraging research into medical and related subjects through grants to the accredited medical and dental schools in the State of Texas, research grants are carefully allocated.

The unrestricted institutional basic research grants, particularly those in support of research projects to young, qualified but as yet unestablished researchers are among the most valuable available to the medical and dental schools of Texas. Grants totalling more than \$193,000 have been made to five medical and dental schools in Texas.

The dollars contributed to the local united fund for the Medical Research Foundation of Texas will be used to insure a more healthful tomorrow for the citizens of our community and the state of Texas, drive workers point out.

MAVERICK- (Continued from Page One.) land stands erect, but like so many other momentary efforts the Mavericks just couldn't mount enough such breaks and power to subdue the giant Albany team that had come to put on a good show for their homecoming crowd.

The starting line-up for Eastland was Gaylon Griffin and Joe Cooper, co-captains, John Moylan, David Hazard (who did centering work without mis-cue), Wayne Waldon, Dan Phillips, Bill Garner, Stanley Underwood, Jones Rodney McCoy and Mick Sargent.

On the bench sat Jimmy Wright, Jimmy Moylan and Don Griffin.

Next week Eastland meets Cross Plains in Maverick Stadium.

Letters TO THE EDITOR

EDITOR: In a recent sensational trial in the County of Palo Pinto, a person was freed of a murder charge with the verdict of NOT GUILTY! This being true, then a murderer is still at large. Anyone having committed an act of this nature might commit murder again!

In a recent Abilene Reporter Newspaper column it was reported that the City of Cisco "has no plans for reopening the case." To those of us who still believe in the Commandment "THOU SHALT NOT KILL", there is an awareness that our families must still go to bed at night with the knowledge that a murderer is still free to do as he pleases.

I believe that the law enforcement officers did an extremely good job but they cannot be held responsible for the outcome of a trial and the opinion of twelve men. Should we forget, should the law forget, and should the citizens of this community forget that SOMEONE, SOMEWHERE is still guilty of a BRUTAL SLAYING??? We the people of Eastland County do not want an unsolved murder on the records of our communities.

The Price Of Progress (AN EDITORIAL)

In 1957 a series of plush highways, east-north-south, were conceived. The push for them was started from that date with the scheduling set for 1972. In the six years that have since the beginning of this project, little more than a third of the highways have been completed.

Along the designated routes selected for state highways, federal and state governments have been acquiring land parcels for the right of way that could not be bought were condemned sale was made.

In the state of Texas to date, 17,888 parcels have been bought for right of way. Of this were acquired by condemnation. Total cost was \$159,087,038.

By what right does the government take liberties against the will of the private land owner is commonly known as "the right of eminent domain. The government has the power to exercise in securing property in the "public interest as they give the owner "just compensation."

This super highway network has cost just the large sum of money being spent on and right of way. It has cost many - through nation and our own state - their right to ownership, even their homes and businesses.

The year 1957 was one of declining economy although various reasons have been given for this construction, the prime reason could have been a so called "pump priming."

If it were a stimulant to the nation's economy the betterment of a few has been made at the expense of many.

How can the people of our own Eastland justify this project? Can we call it a stimulant to the economy? Just ask the hundreds of business men who will be directly affected in the towns of Eastland and Cisco. Consider the loss in local business.

The finished interstate highway system covered 41,000 miles of right of way. In many Rangers, Eastlands and Ciscos have countered. Who can show them just reason?

Call it progress; call it national security; anything you like. But try to really justify it. Who will benefit most by this dream big truck companies to be sure. Tourists will find value as the places of attraction will not likely be this monstrous, monotonous ribbon.

Small towns such as ours may not be able to "progress," but we can let our thoughts be heard - the right to vote. We can still voice our protest through the polls.

Up For Vote... Trapping Seen As Important To Large Industry Of

The government trapping program is important to the future well being of an important and growing Eastland County industry - production of wool and mohair.

That was the theme of the program Thursday night at a meeting of livestock raisers and land owners at the courthouse in Eastland. They met to discuss the Nov. 9 election in which county residents will be asked to vote on whether or not the county should contribute to the program.

Last spring, the county discontinued paying \$135 per month to a fund for a trapper. Under the program, the federal government and the state pay about half of the man's salary, making the trapping available to counties that will pay the balance.

For several years, Eastland County paid \$135 and the Eastland County Trappers Association paid \$65 per month. Since the commissioner's court discontinued support, the association has made a plea to raise enough money to keep the program alive.

The court agreed recently to put the question on the ballot for the regular Nov. 9 election and let people of the county express an opinion.

Also on the ballot will be the proposition of whether or not deer permits will continue to be sold in large numbers at the county clerk's office. Proposed amendments to the constitution also on the ballot.

Bernard Hanna, president of the association, pointed out that the program has been in existence for approximately one million pounds of wool per year. This sends a big dollar industry for all parts of the county. Goat and sheep raising has been a big potential industry for the county.

Mr. Hanna said the county was half of one percent of the state's money of the game. The trappers own foxes and bobcats on young livestock snares, traps and snares. The trappers at the written permission of the rancher or land owner working on his property.

The trappers operate throughout the county. Alvin Kincaid, Cisco, is the secretary. Other trappers include Bill of Cisco, Lonnie Gorman, Cecil Scilling Star, John Berger and Pete Tim land.

Mr. Hanna invited the public to address regarding the program to him or any director of the organization.

Five CJC Girls Nominated As 1963 Homecoming Queen

Five nominees for Homecoming Queen have been chosen at Cisco Junior College in a general election by the student body, according to Mrs. Charles Parker, student council sponsor. Homecoming is scheduled for November 2.

The five coeds elected are Marjory Wilson, Fort Worth; Judy Clary, Post; Sharon Denton, Bridgeport; Janey Yardley, Cisco; and Sue Lack, Brownwood.

The name of the nominee chosen to reign as queen will be announced during the half time activities at the football game between the CJC Wranglers and the Blinn Junior College Buccaneers.

Another highlight of the half time activities will be recognition of a "Coming-Home" Queen, elected by the ing their meeting Saturday afternoon.

Tom Kaker, sophomore student from Bridgeport, will present bouquets to the nominees.

Foremost among the activities for CJC students building decorations and both the sophomore and freshman class will be able for decorating buildings on campus. Prizes will be awarded to the winners.

Seniors from all schools have been invited to attend the homecoming game and dance at the college, according to G. C. Hogue, president.

Mr. Phil Reed and his uncle Mr. Reed of Alvin spent the weekend here with his mother and sister, Mrs. Myrtle Reed.
Mr. and Mrs. Buruan Partain of Odessa and Mr. and Mrs. Roy Jones of Azle and Mrs. Leon White of Azle visited part of the week with their sister and aunt, Ethel Keith.
Mr. and Mrs. Chas. Nick

visited Sunday with her parents, Mr. and Mrs. J. D. Le-master.
The Morris Nance family of Midland spent the weekend with the Genoways and Ott Raglands.
Mrs. L. E. McKillup of Kansas City visited recently with her son, Mr. and Mrs. Troy McKillup.
Mr. and Mrs. Morgan Roberts were in Abilene Monday on business.
The Halloween Carnival will be held at the High School

here October 31st. Now do not bother to cook supper but come down and eat supper. The proceeds will go for up-keep at the school.

Some fruit juices, citrus among them, are invisible after they dry. But later they will turn yellow with age or with heating. This yellow stain may be difficult to remove.
Fresh fruit stains can often be removed from fabrics by sponging with or soaking in cool water, or by working a detergent into the stain and rinsing.
Old stains and fresh stains not removed by this method can be removed by bleaching. Be sure to use a bleach that is safe for the fabric.

It's easy to figure out about how many calories you need each day.
Multiply your desirable weight (obtained from a height-weight chart) by 21 for a man and by 18 for a woman. This gives the approximate number of calories used daily by a moderately active adult.
You'll possible need about a fourth more calories if you are very active; a fourth less if sedentary.
Have you seen the new 4-H dress? It's new and it's completely different. For the

first time, the official dress consists of a blouse and skirt. It will, however, still be made of the same crisp green and white cotton fabric.

Watch Out!... HEALTH, FOOD FAD QUACKS REAP BIG MONEY EACH YEAR

The health quack and the food fad quack have been around since the beginning of time, and they'll probably be with us for a long time yet. They'll be here as long as quackery is profitable. And quackery will be profitable as long as we continue to fall for it.

Some experts have estimated that Americans spend a billion dollars a year on useless cures, mechanical gadgets, food fads and other quack gimmicks. For instance, there is no sure cure for arthritis, and yet we spend a quarter of a million dollars a year on "cures." Some cancers can be cured by medical experts, but many cannot. But we spend \$50 million a year on useless cancer "cures." Doctors will tell you that most of the \$150 million a year spent on self-prescribed laxatives is either wasted or actually harmful.

At best the quacks waste our money. And sometimes they can cause us to delay seeking proper treatment for a serious condition that gets worse as time goes by. Some of the quack gadgets and medicines are downright dangerous.

Your doctor, both individually and through his professional organizations such as the American Medical Association, wages constant war on quacks. So do several government agencies at a national level and many state and local government bodies.

A part of this war will be the Second National Congress on Medical Quackery Oct. 25-26 in Washington, D.C., in which the AMA and the federal Food and Drug Administration will work together to focus attention once again on the problem.

How can we as individuals avoid being taken in by a quack? The modern day medicine man is a slick operator, but there are a few guidelines that will at least cause us to take a second look at his proposition. Through long years of experience, the AMA offers six ways to spot a quack—

If he uses a special or "secret" machine or formula he claims can cure disease.

If he guarantees a quick case histories and testimonials to promote his cure.

If he clamors constantly for medical investigation and recognition.

If he claims medical men are persecuting him or are afraid of his competition.

If he tells you that surgery or x-ray or drugs will cause more harm than good.

Sale Of \$81,621 In Savings Bonds Is Reported Here

Guy Parker, chairman of the Eastland County Savings Bonds Committee has announced that savings bonds sales in Eastland County totaled \$81,621 during September. Savings bonds sales in Texas in September were \$11,860,120 which is 15.5 percent increase over sales in September, 1962. Texas Savings Bonds sales for the first nine months of 1963 totaled \$111,50,654. This figure represents 74 percent of the state's 1963 goal of \$150.6 million.

"Savings bonds not only provide an excellent means of family thrift, they contribute to the economic stability of our nation, and thus to the preservation of our freedom. Every bond buyer can take satisfaction in the knowledge he has contributed to his nation's defense. Savings Bonds may be bought at your bank or through the payroll savings plan where you work," Chairman Parker concluded.

Nine Injured In County Mishaps In Past Month

Nine persons were injured in a total of 20 accidents in Eastland County during the month of September, according to a report released by the Texas Department of Public Safety. No fatalities were reported for the month, but there were eight personal injury accidents and 12 property damage accidents in the amount of \$9,005.

Total accidents, the number injured, and the amount of property damage were again higher in Eastland County for the month than in any other county in the area (Brown, Callahan, Coleman, Shackelford, and Stephens).

In a comparison of figures for the first nine months of 1963 with the same period of 1962, Eastland County had six fatal accidents this year compared to one last year; 46 personal injury accidents compared to 44 last year; 81 property damage accidents compared to 78 last year; total accidents, 133 compared to 123 last year; and 76 injured compared to 69 last year. Property damage for the first nine months this year amounted to \$25,955 compared to \$31,967 for the same period last year.

Vets Questions And Answers

Q — My disability compensation was reduced when my daughter, who had graduated from high school, became 18 years of age a short time ago. She now plans to enter training as a beautician. Will my compensation be reinstated to the former amount?

A — Yes. Additional amounts for dependents are paid to veterans receiving 50 percent or more disability compensation. This includes children over 18 and under 21 who are attending school. You should notify your VA regional office when your daughter returns to school and obtain the necessary forms and instructions.

Q — Is a peace-time veteran eligible for vocational training by the Veterans Administration?

A — Yes, provided that a disability which was suffered in the service prevents or interferes with his former vocation. See the nearest VA Office for details.

Q — I will be discharged from service soon. As a veteran, will I be entitled to a pension?

A — Pension benefits are available to veterans who are totally and permanently disabled not due to their military service and who can meet certain income and estate limitations. They must also have had at least 90 days of active service, any part of which was served in wartime, and their discharge must be other than dishonorable.

State Parks Are Gaining Visitors

AUSTIN, — Texas' 46 state parks logged a 2.7 per cent gain in visitors during the 1962-1963 fiscal year according to J. Weldon Watson, executive director, Parks and Wildlife Department.

Most of the visitors were Texans, however 112,932 of the 2,262,211 automobiles checked in the parks were of out-of-state registration.

Top park in number of visitors was McKenzie, near Lubbock, with 1,891,334, closely followed by Garner with 1,047,156 and Huntsville with 614,335.

Garner Park was first in campers with 172,683 followed by Huntsville with 93,310 and Inks Lake with 38,811. Other parks with more than 25,000 campers for the twelve months period were Lake Brownwood, Palo Duro Canyon, Possum Kingdom and Tyler.

"Our last year's parks attendance of 7,291,062 set an all time high," said Watson. "It's indicative of what we can expect in the future and challenges all Texans with our need to move forward with a well-planned park development and improvement program."

FORMAL ORDERS ISSUED IN ELECTION FOR NOVEMBER 9

Election writs ordering each presiding judge to hold a special election on November 9, 1963, have been served by the Eastland County Sheriff's Department, according to an announcement by County Judge Scott Bailey. The legal election notices were also posted in the various voting precincts. Notices call for the polls to open at 8 a. m. and stay open until 7 p. m.

The regular election, ordered by Governor John Connally, is for the purpose of voting on four Constitutional Amend-

ments. Also to be voted on in Eastland County will be two current topics of interest — the issuance of doe deer tags and the expenditure of county tax funds for hiring a trapper and poisoner.

The Eastland County Commissioners Court was petitioned recently to hold a referendum to permit the people to express their opinion on these two subjects.

The poll tax amendment is expected to bring out a large vote, as it has become a national question as well as a state and local one, Judge Bailey said. Voters will use their old 1962 poll tax receipts and exemptions, and not the poll taxes that are being paid now. The records show that almost 5,000 people voted in the 1962 general election in Eastland County.

'Price Is Right' Game At Safeway

For the first time a television program is being used as the basis of a special promotion campaign by a food company in the Southwest.

Safeway in Eastland has launched a "The Price Is Right" promotional effort, tying in with the ABC-TV network program which is seen on Channel 8 in the Dallas-Fort Worth area on Wednesday at 7:30 p. m., local manager T. M. Temple said.

Safeway stores, Inc., has been given exclusive rights by producers of the television series to conduct the advertising and promotion campaign. All stores in the Dallas Safeway division will be participating.

The basic plan is simple; customers obtain numbered cards at Safeway Stores, then watch the 7:30 Wednesday night "The Price Is Right" program on which Host Bill Cullen will announce the "Big Money Winner."

The customer compares the number on his card with the amount of money won by the big winner of that show (and those throughout the promotion period). If the numbers correspond, the customer takes his card to his nearest Safeway Store to ascertain his cash prize which can be up to \$500.

Besides the jackpot prize, two other bonus prizes are offered. Each card contains one of the words from the phrase "The Price Is Right," a word appears. If a customer collects cards with all four words — "The Price Is Right" — he wins \$100 cash from Safeway.

The third prize is merchandise. The item which the holder receives will appear on the card once it is moistened.

Officials of Safeway predict a total of 13,000 winners will be declared.

An all-out campaign has been launched through newspapers, radio and television for Safeway's "The Price Is Right" theme.

Eastland Doctor Is Speaker For LVNA Meeting

The Licensed Vocational Nurses Association, division 64, held their regular monthly meeting on Monday evening, Oct. 14, at the Texas Electric building in Eastland.

Dr. B. B. Alexander, featured speaker, gave detailed information on chest films and methods of diagnosis of conditions and diseases of the chest, such as heart enlargement, congestion, emphysema, fluid, foreign bodies, infection, fractures, tuberculosis and tumors. He also discussed what went into the making of x-rays such as density, exposure, source of light and contrast of bone and tissue on film, and contrast media of dye.

A business meeting of the board of directors and held prior to the regular business session. Pauline Parsons was re-elected first vice president and Lucille Broome as secretary. Board of directors re-elected were Marzeen McMillen, Oleta Hale and Lillie Fricke. Elected to go to the 14th annual convention of the association to be held at the Statler Hilton Hotel in Dallas were Sandra Lassiter and Alice Akers.

Twenty-two members were present.

Refreshments of cherry tarts, brownies, coffee and cake were served.

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

We work with you to arrange for a loan that's as easy to handle as monthly rent.

MORTON VALLEY HD CLUB HAS HALLOWEEN PARTY

The Morton Valley Home Demonstration Club met Wednesday afternoon at the Club house for their regular meeting and Halloween party with the Olden and Flatwood Clubs as guests.

Mrs. C. T. Brockman, vice president, presided during the short business session. Mrs. J. O. Rexroot led the opening exercise and Mrs. Robert Kincaid gave the devotional. Mrs. G. M. Hargus, secretary-treasurer, called the roll which was answered with "a sewing hint".

The Morton Valley members were dressed in their outdated garb they had acquired from each other, sight unseen, and held a fashion

parade. Mrs. Hargus was selected by the visitors as having on the best garb and received the prize.

Following the meeting, Mr. Fritz Huffman of the Lone Star Gas Company, gave a program on "Rescue Work" and mouth to mouth breathing work. It was a very informative program and enjoyed by all.

The members brought fruit to be delivered to the Green Acres Rest Home.

Cookies and cold drinks were served to four ladies from the Olden Club, Mmes. I. B. Walker, Carl Butler, I. E. Talley, and Homer Lawrence; seven ladies from Flatwood, Mmes. Jack Lusk, Stelle Hill, Dick Yielding, O'Brien, Nona Pogue, Clint McCain, and Belle Ballenger; three non-club members, Mrs. Carner of Eastland, Mrs. M. B. Kincaid of Artesia, New Mexico, and Mrs. Huffman of Gainesville; and nineteen Morton Valley members, Mmes. Hargus, L. E. Orms, L. Hale, M. V. Harrison, Jeff Laughlin, H. N. Sherman, H. C. Thompson, Josie Nix, H. C. Pounds, Homer White, Rexroot, Robert Kincaid, Joe bond, E. L. Donley, C. M. Pogue, C. T. Brockman, D. J. West, Fritz Huffman, and Alvin Kincaid.

A called meeting has been planned for next Wednesday, October 30, to plan for Achievement day and work on the reporters book.
