Curtain **To Rise Tonight On 'Hamlet'**

The curtain will rise tonight at 8 p.m. at Bell Hurst Theatre on what is believed to be on the only Shakespearean play ever presented in Eastland County. Performances will be tonight (Thursday), Friday and Saturday at 8 p.m. and Sunday at 2 p.m. Reservations may be made by calling 629 - 1141 or 647 - 3094.

"Hamlet", written in 1602 and considered by many authorities to be the greatest play ever written, is being presented by Eastland Civic Theatre with Craig Campbell, Rising Star High School senior, in the starring role. Clark and Mark Thompson, twin brothers who are Eastland High School students, in the roles of Horatio and Laertes, join Craig in adding the vitality for which their roles call.

Shakespeare wrote many roles for dual or triple casting in order to cut down on the total number of actors needed. From this fact, comes the familiar expression, "one who wears many hats Eastland Civic Theatre's production uses this device. **Both Richard Rossander and** Mark Thompson are triple cast Rossander in the role of the Ghost of Hamlet's father, that of the player king and that of a priest; Mark as Laertes, Bernardo and Lucianus. Jim Miller plays two roles, that of Guildenstern and Osric. as does Kenny O'Neal, who is both Rosencrantz and Fran-

Gertrude; John Nevill, King Cladius; Jenni Bradley, Ophelia; and Jerry Jackson,

Marcellus. Players who perform in the play within a play are the player king and queen, Richard Rossander and Robbye Fullen, and players, Jenny Stevens, Jodi and Jeff Bakker.

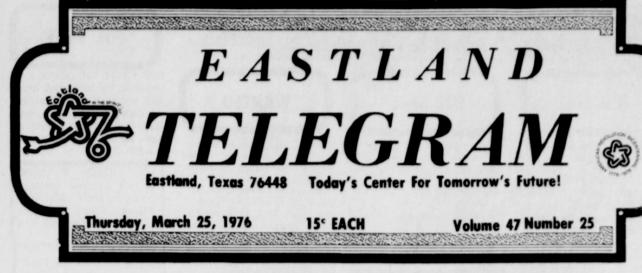

Court pages are Kellar and Glen Nevill; ladies of the Court are Sue Bakker and Kay Bailey.

The play was directed and staged by Virginia W. Russell. Admission is \$2.50 for adults and \$1.75 for students.

'Hamlet' Tickets Selling Fast

Tickets are selling fast for Eastland Civic Theatre's production of "Hamlet" which opens on Thursday, at Bell Hurst Playhouse.

Reservations may still be made by calling 629 - 1141 or May, Lawton Williamson

Participates In **Bluebonnet Relays**

The Eastland Mavericks participated in the Brownwood Bluebonnet Relays on March 20. Although the team scored only 18 points, they competed very well as there were 22 teams in their division.

Mike Stutts won the 220 in a time of 22.9 and placed 2nd in the 100 with a time of 10.0. Several team members placed in the top ten and everyone bettered his time or distance from the week before. All the coaches were very

pleased with the team's effort. NINTH GRADE

On Nuclear Energy

Eastlandans, like all other Americans, are being barraged with information on the fuel shortage, alternate sources and prospects for the future. In citizens' continuing interest

in nuclear grows, two recent articles are of particular note. The first is an advertisement

by General Electric showing a photo of a common sewing thimble with this headline: 'This thimble can hold

enough fuel to run the average home for seven months. The copy reads as follows:

One answer to our long-range energy needs is no bigger than your fingertip. Nuclear fuel

Put to work inside a General Electric reactor ina nuclear power plant, 3 pellets of uranium dioxide can produce enough steam to make nearly 48 hundred kilowatt-hours of electricity.

Enough to run the average home for about seven months. It would take 330 gallons of fuel oil to make the same amount of electricity.(About half the residual fuel oil consumed in this country is burned to make electricity.)

This is important.

Our need for electricity will double in the next twelve years or so. With oil and natural gas in short supply, we are going to have to rely more and more on nuclear power. And also our ample supplies of coal.

Coal and nuclear fuel. We have good supplies of both. Enough to provide hundreds of years of electricity. But no one fule can do the job alone. We need to use all our natural resources wisely and efficiently. And continue to look for new ways to make electricity.

Because a country that runs on electricity simply can't afford to ever run out.

The second is a portion of the column Washington Merry Go-Round by Jack Anderson: The

NUCLEAR NEWS: Federal Energy Administration has just concluded a controversial, computerized study disputing President Ford on

nuclear power. The President contends that th United States must have 100 to 125 nuclear plants to service in 1989 to reduce our dependence upon foreign oil. The FEA study, however, strongly suggests that the nation won't need nuclear energy after all. The calculations are based on FEA projections of fuel costs and needs in 1985. Without nuclear energy, the study shows, the country would have to mine huge quantities of coal but would not have to increase oil imports significant-

'A nationwide nuclear moralast year.) combined with a torium." Make your plans now to atgradual phase-out of existing tend this show plants, would mean "a 31 Flatwood H.D. Club percent increase" in coal consumption by 1985 above the increases already projected, the **Holds Meet** study declares. The Flatwood H.D. Club met

This would mean doubling the present coal production, which is now more than the President called for in his original 'Project Independence' speech. Here are other points which the study makes:

.Without a nuclear moratorium, the increased flow of nuclear energy would bring a drop in oil imports by 1985. But even if nuclear plant construction is stopped to avoid the radioactive risks. "the largest impace on oil imports is a 2.4 percent increase" over the projected 1985 figures.

'Natural gas consumption is essentially not affected" by the nuclear outlook.

-In case of a moratorium. electric prices would go up 6.4 percesnt and coal prices would increase 6.2 percent by 1985 above the increase already projected.

The study was prepared for FEA officials who testified in Calilfornia against the move by some voters to force a statewide moratorium on nuclear construction. But the parts of the study, casting doubts on President Ford's nuclear position. were omitted from the FEA

testimony. Footnote: FEA officials say the report is an early draft. which has been totally revised because it makes "false as-sumptions." They contend the study doesn't take into considcration clean-air restrictions on coal nor the difficulty of doubling coal production in 10

PERMITS WEREN'T BORN YESTERDAY!

The permit system for water pollution control is no new thing in Texas. Fourteen years ago--back in 1962, five years before the TWQB was established-the first permit was issued to an industry. specifying how much of what

the company could discharge into the waters of the state. Every city, town and industry which discharges treated wastes to Texas waters is required to have a numbered permit issued by the Water Quality Board. All told, 3.126 permits are in force, 1,844 of them held by cities and towns and 1.282 by industries.

cific information as to the quantity and the quality of the discharge which a city or an industry may make. permit holder has more than

regulated separately. Some years before the first of the states to establish TWQB was created by the a permit system for water Texas Legislature, the need pollution abatement and, for a permitting system was while it may not be absoluterecognized as a means for ly perfect, it has helped the abating water pollution. At state gain a tremendous that time the system was amount of ground toward

STAR-SPANGLED HISTORY

technical work being done by the State Department of Health.

Then, several years after the TWQB was established, the term "permit" was changed to "waste control order." as a more descriptive term. In 1972, however, when the federal water pollution control law was amended drastically, those at the federal level preferred the

term "permit." So, to avoid confusion for permit holders, since both federal and state requirements must be met. Texas went back to that term. Since it was established

before Texas had a state agency whose work was devoted solely to water quality management, the permit system is considered the backbone of water pollution control in the state. When the TWQB became a fullfledged agency in 1967, it had that system, ready-made, as a starting base for further water pollution abatement

and water quality management for the future. To keep pace with

changing conditions, permits needed, and new permits are

Texas was among the very board with the necessary of our rivers and streams.

CUSTOM

HOMEBUILDING ?

MOLLY PITCHER

Molly Pitcher" became a heroine of the American Revolution on June 28, 1778, in the battle of Monmouth. Molly was married to John Hays, an enlisted man in the 1st Pennsylvania Artillery. She accompanied her husband's regiment, helping with the cooking and washing for the men. She followed the troops into battle and carried water to them in a pitcher, earning both her nickname and her place in history. When her husband fell from a heat stroke, she assumed his position as a fighting soldier for the rest of the battle. From the collection of American National Insurance Company. Galveston, Texas.

will be held March 25, 1976, Grand Champion Bull- Scott Thursday from 5:30 p.m. to 8:00 p.m. The clinic offers women a Reserve Grand Champion complete physical examination. All services are Grand Champiion Heiferconfidential and completely free of charge. Reserve Grand Champion The clinic is located at 701 W

Main in Eastland. The Eastland Chapter of AARP met Friday evening. March 19, in the annex of the First Christian Church. A pot luck supper and games of 42 were enjoyed by a large number of members and

written to the Soviet Embassy and to the Union of Soviet Socialist Republics by Gay Nell O'Brien, and the following is reply from the Soviet Embassy). Union of Soviet Socialist Republics

1125 14th St. Washington, D.C. 20036

Dear Sirs: Quite shocking to us when visiting the Soviet Union recently was the guides' insistance on freedom of religion and worship in the Soviet Union and other Communist countries. We had read so much about the persecution of Christian believers and those who put their faith to work in your, and other Communist countries, beforehand, and we saw little to convince us that you really had freedom of religion. We saw much to convince us that you do not! Why are Communists so

afraid of Christianity, the one thing that would improve your society? To the people of all the free world, and many in your own country, this is the greatest sign of your ment's weakness! Why would any government be afraid of that which intends

Christian people stand out to the entire world as a horrible mark of shame on Communism and for what it stands!

How can you even speak of morals when such horrendous crimes on human lives reach Four Extension Service down to the very core of your government?

If Communism doesn't wake up and make great changes, your own now - silent people will someday rise in great dissent and pay the price to win such freedoms. The world becomes "smaller" each day and your people hear news from the rest of the world now which you cannot hide from them.

We urge your government and party to study and think about changing its policies, concerning the freedom of Christian believers and worship. We in the Free World urge and insist upon the release of George Vins and untold thousand of other Russian Christians and also those in all Communist lands including Red China.

Your corrupt policies in such discrimination against your own people may be your

downfall. You surely are eliminating opportunity for some of your brightest minds. Religious belief does not interfere with great ability or intelligence in all kinds of professions.

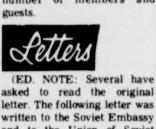

One mind might just make a great difference in your country's greatness in the Sincerely, future!

Mr. and Mrs. H.V. O'Brien

Dear Sir:

Thursday, March 25, 1976

no harm and could bring only good to its land in better people and citizens? Your guides pointed out some of your government's means for moral improvement of some persons. What could improve the morals of any people more effectively than a change of heart, which can only about through come Christianity! The morals of your government in the persecution and of harmless execution

Tickets Going Fast For ECLA Banquet

Tickets are going fast and are available throughout the county for the Eastland County Law Enforcement Association Appreciation Banquet VI to be held April 16. The event will feature Cong.

Jack Hightower as principal speaker and be held at the Siebert Elementary School Cafeteria, catered by Vance Godby. Tickets are \$4.50 each and may be secured from any law enforcement officer in the county, Association President Judge Scott Bailey has announced.

Mayors and police chiefs throughout the county have tickets.

The general public is invited and urged to attend the event which annually expresses the appreciation of the lawmen to the public for the support rendered.

The 7 p.m. event is an annual high point event for the county, and traditionally attracts hundreds for the annual meet.

Tickets should be secured early in order for all to be seated, it was stated.

had to produce a show on the birth of America," he recounts. "I had no idea exactly where to begin or even what I wanted to kdo... I just knew I had to do something.

He quickly enlisted the aid of Forge. This award is one of the Austinities began formulating pages. plans for what would seem to me to be an impossible task. 'neither Vickie nor I were

historians and we knew very little about media production." These and other apparent

obstacles including the lack of funds and the fact that both enthusiasm. They immediately research, each reading scores of books on Washington. Adams, the Declaration of Independence and the Revolutionary War

of books later, the producers began to see in their minds the direction they wanted the show to take. The more they read. the more "love and understanding"they felt for the men of the period and what they accomplished.

"We both have a very strong love and conviction for the principles of freedom and the personal spirit of selflessness that makes America a great nation." Jones says. "The more we read, the more we realized that the early patriots exemplified these ideas. We decided we wanted the show to give the viewer a deep respect for the

men who created America and what they went through." After developing a rough outline for the show, they began o carefully research each section. Wanting the show's content to be completely authentic. Jones Foster spent

Thursday, Mar 25, 1976

Belle's Patterns with a **WESTERN Flair** #1243

the American Bicentennial. hundreds of hours in additional After reading the first 200 research checking one source pages I knew in my heart that I against another.

The first draft of the script was finally completed, numbering 56 pages. Next came the "painful"task of editing. "It was like cutting off your own arm because of all the work we had put into it," says Foster.

Vickie Jones (now, Vickie "But, we finally edited it down Foster) and the two young to its present length of 24 Then came the selection of photos and graphics to illustrate

the narrative. "We took books by the hundreds from libraries to search for photos we wanted in the show," Jones explained. For more than four months they photocopied pictures and illuswere holding down full-time trations from books to give them jobs did little to dampen their an ample number from which to choose. When the final selecbegan a period of intensive tion was made hundreds of additional hours were spent photographing the material they wanted in the show.

It was at this point the producers realized that some-Three months and hundreds thing was missing ... a more personal insight into what they were doing. They decided to

travel East, again at their own expense, to see for themselves what they had been reading about for so long.

They visited and photographed many of the historic places they had been working

Jones and Foster then returned to Austin to begin editing the slides to be used in the show. From the 3,000 slides that had been produced over the months, they decided upon the 600 that best illustrated and complimented their script.

They listened to hundreds of records to find just the right music for each section of the script. Much of the music used in the show was actually written during the Revolutionary Period. In all, more than 200 hours were spent on the selection of music before Jones and Foster recorded the final narration.

The presentation now complete. Jones and Foster began showings before interested groups and individuals and it soon caught the attention of Beverly Sheffield. Austin's Bicentennial Chairman, who quickly became

an enthusiastic booster and key promoter for the show.

Mike Morgan has been visiting his son and family Mr. and Mrs. John Morgan of Houston. Mr. and Mrs. Charles Morgan and family met them in Temple where they visited on Sunday and Mr. Morgan come home with them.

Mrs. Ruth Reese spent the weekend with her sister Mr. and Mrs. Jack Abbott of Odessa.

A former Carbon resident George Weldon Tate, passed away in Abilene last Tuesday. Interment was in Murray Cemetery here on Thursday.

Mrs. Lola Wygle and son Wayne of Archer City visited Rev. and Mrs. Delbert Smith Thursday evening.

A number of the young eople from Carbon attended Holiday on Ice in Abilene Friday evening. They were accompanied by Mr. and Mrs. Lyndell Garrett, and Mr. and Mrs. Lynn Hagan, and Mr. and Mrs. Bernard Campbell.

Mr. and Mrs. Buster Johnson visited Mr. and Mrs. Fred Walker and family of Krum part

Mr. and Mrs. Glen Clewent of Andrews spent Sunday night with Mr. and Mrs. Cullen Rodgers.

Wayne Vaughn of Odessa spent Saturday night with Mrs. Callie Vaughn.

Mr. and Mrs. Roy Skinner visited Mr. and Mrs Odis Skinner and boys of Lamea during the weekend.

EASTLAND DOINGS Mr. and Mrs. Parks Poe

Mr. and Mrs. Edgar Altom and Miss Lucille Furr visited Mr. Alton's sisters and families Mr. and Mrs. J.L. Stanford, Mrs. Carnie Marsh and Mrs. Maggie

Wish we were close enough to visit you. Edgar told us how

It was dry in Eastland County a quarter century ago too, many may remember.

A letter of May, 1953. indicates that the drought maybe hadn't gotten full - blown then, and the gardens were good. Written by the late Will Poe who lived near Cisco to the late Mr. and Mrs. Lem Altom, parents of Retired County Tax Collector Edgar Altom, who then lived at Livingston in Polk County. The Altoms had sent an East Texas specialty, Mayhaw jelly, to the Poes by Edgar, and the letter is a "thank you" and a news report about the area here and the people.

Cisco, Texas 5 - 18 - 53

> Dear Lem, Georgia and Family

First we want to thank you for the jar of nice Mayhaw jelly Edgar brought in from down there. Wish Mittie could eat some of it, but she is on a strict diet. We were glad to hear from you. We are doing fine. Mittie is in better condition than she has been in for 5 years, does all her work, even the washing.

The Carbon FHA is participating in a March of Dimes Walkathon on Saturday, April3. The route will be twenty miles long. They will begin at Ranger Junior College at 8 oclock a.m. and proceed to Lone Cedar Country Club and then back to the college. Rest stops and refreshments will be furnished along the away by various towns participating.

The FHA members will be seeking sponsors this week and next week. When you are contacted, please respond by pledging our amount for each mile completed by the walker. You will be enabling the March of Dimes to help people who cant help tilemselve

Majestic

An unbelievable

pretty things were down that way. After about a three year drouth we have a wet ground. It rained some each day for seven days. In all we got 5 inches, put 5 feet of water in the lake and everyone is happy. The cyclone missed us. One hit in a pasture just south of Ranger, but did but little damage. Another hit at Putnam, 12 miles west. Took

the roof off of some sheds and rose. The boys can plant their peanuts now. The hail in town did a lot of damage. Jewel is in the insurance business with Mr. Hicanbottom. He says they will have to cover at least 100 houses and other damage. They have the Scranton School House. A new roof and many lights will have to be put in. It didn't hurt my garden too bad. We have started to canning beans. Put up 28 jars of the pinto beans, more are ready. Then there is the yellow wax and the stringless green pod to

put up. We are leaving English peas now, will work out the late garden this afternoon. We have corn, beans, cantaloupes, mellons, black eves peas and okra on it. We have 21 hens. Get about 14 eggs a day. Get 45 cents for dozen for them. We

> raised 28 chickens with one hen. They are fryers now. The children sure are good to us. About a month ago Jewel and Lottie came one Sunday afternoon and took us for a ride. They headed southwest to Nimrod then East to the Rising Star Highway, then south to near Rising Star, and then home. Before that they had taken us to Baird to see Lum Poe. He lives with his daughter who married D. Stubblefield of Gorman. He is now connected

> > with the hospital at Baird.

Louis Brother Jim is in the Asylum at Wichita Falls. He has more sense than I have but if he was out he would kill himself drinking. J.E. Spencer was up there to see his sister last year and talked to Jim. He says Jim likes it up there. A lady from our church had to be taken up there a short time ago. She is much better now. I am about to lose all my old friends of more than 50 years standing. Here are the names of the ones that has died in the past month. Earl Key, who was born one mile south of us in 1895. The Son of Bud Key that left Pinie Grove, Ark., two years before we did and came to this country, the only family we knew in this county when we got here. The next was Dr. Oldam, a dentist. Sam Carrickael who married Anna Lockhart, then John Anderson who helped me put in some land soon after we came to this county. His wife who was Clay Anderson's daughter. Her sister and John's sister would

walk from Long Branch on

Saturday evening, 3 miles,

Renew Your Feeling of Patriotism. Experience:

The Dawn Of Freedom!

ie un'anin

Monroe Cooper and wife and

- Bud Gage are all that is left of

the Long Branch Groupe.

Edgar and Ada W were here

Saturday eye and came back

yesterday afternoon. Edgar

the Tyttle was I'll Live On. I

thanked Him for it and said I

went to school with his mother

and was at the wedding of his

mother and father. I met people

there from off the plains in

Oklahoma, Beaumont, Texas,

and other places I once knew.

Sunday afternoon to the or-

dination of a preacher. We went

with Jewel and Lottie last

Sunday a week ago to see

Lunline and family in Delevn.

Al took us all over town and out

five miles to the Caraway

Ranch who has the Short Horn

Durham. We saw a hundreds of

them. as fat as mud. Many hogs

and thousands of chickens. Saw

\$20,000 for. He shows them all

We are invited back there next

Now Americans can relive the Spirit of '76 by experiencing an authentic and inspiring account of the men and events that produced the Declaration of Independence and the war that was fought to uphold it.

The Dawn of Freedom, a highly acclaimed 50-minute multi-screen presentation, has received the National Recognition Award-one of the highest honors given by Freedom's Foundation at Valley Forge. It has the endorsement of the Texas **Bicentennial Commission** historians, and educators across the state.

Now is your only chance to experience this patriotic tribute to Amer ca as The Dawn of Freedom is on a limited tour in Texas. So make your plans now for the ntire family to attend. It's free of charge!

An authentic and inspiring multi-screen presentation of the men and events that produced the Declaration of Independence, and the war that was fought to uphold it.

Cisco Junior College Auditorium Sunday Afternoon, March 28 - 3:00 p.m.

They are his lead a song, and said I want to legacy of the past, his boon for dedicate it to Uncle Willie Poe. the present, and his promise for

> the future. So begins the preface for the book, "Famous Trees of Texas", published by the Texas Forest Service in 1970, in which are given locations and stories of 193 trees that have a part in the history of the Lone Star State.

In the heart of a small city park in Austin stands the Treaty Oak. This stately live oak stands alone in the park and is the sole survivor of a grove that at one time spread its branches over a whole section of the city. This famous landmark is located near the west bank of the Colorado River in the center of the city. one cow he had been offered Experts estimate its age at more than 600 years, and it has

portant conferences, and the signing of pacts and treaties. Under its branches Stephen F. Austin, the "Father of Texas", is reputed to have signed the first boundary treaty with the Indians. An imaginary line running through the grove divided the territory and remained inviolate for many vears.

Long before the white man came, the Tejas, Apache, and Comanche Indians regarded the tree with superstitious reverence. Incidentally, Texas is named for one of those tribes. the Tejas.

One of the many legends associated with the tree tells of Indian maidens who brewed a 'love tea'' from its tender leaves. If they drank the tea while gazing at a full moon, their lovers would be true to them forever. If they drank the tea while their braves were away at war, the warriors

would return safely. In 1927 the tree was nominated to the American Forestry Association's Hall of Fame for Trees, in Washington, D.C., where it was pronounced the most perfect specimen of a North American tree. In 1937 the tree was in danger

of being cut down by its owner.

Musical At Carbon To Be Held Friday

A musical will be held Friday, March 26, at 7:30 p.m. at the old Gorman Peanut Mill in Carbon sponsored by Carbon's Bicentennial Horizon Commit-All proceeds will go to the

Carbon Youth Fund. The fund is being raised to build a tennis court for the Carbon community

Sheep market continued strong this week, dressed trade inching upward new records, fed lambs in some areas also writing a new catalog.

Texas feedlot trade ranged \$51-53, the latter paid on delivered basis for some 102103 pound lambs in No. 1 pelt with guaranteed yield. For most handyweights the true market was probably nearer \$52. That puts them a little above the previous high of \$51 in early December. Some heavies have been sold at \$50-50.50

Spring fats of the choice and prime order were mainly \$54-56.50, choice \$52-54, spring feeders \$51.50-55.50. Oldcrop fat lambs of lighter weights were \$50-52, some heavy club lambs 148-49.

Texas country trade in feeder lambs ranged \$49-51, mainly \$50-51. Grainsfields badly dried out, have already yielded up most of their oldcrop lambs.

A scattering of California spring lambs have been contracted for March and April delivery at \$51-52.

Mohair sales volume remains slow, but prices continue to inch upward. Sonora Wool & Mohair Co. has sold its spring kid hair accumulation -- estimated at roughly75,000 pounds for \$4 per pound

A spot check of other West Texas warehouses this week showed that some buyers are offering up to \$3 a pound for adult hair and \$4 for kid on an immidiate delivery basis.

Not everybody's offer is that high. Some warehousemen say the highest bids they've seen are \$2.85 and \$.85.

Trade sources estimate that fully two-thirds of the spring clip is under contract so the amount still free to be sold is relatively small and scattered.

A county - wide Walkathon is scheduled for Saturday, April 3, in Ranger. This event is sponsored by

the March of Dimes and coordinated by Mrs. Dewey Cox, County Chairperson, and the various FHA organizations. The Walkathon will begin at 8:00 a.m. at Ranger Junior College, continue to the Ranger Country Club and back to Ranger Junior College - - a

distance of 21 miles. Proceeds from the

Walkathon will be used to establish a scholarship fund in Eastland County, one at RJC and one at CJC, to be used for Eastland County youth. Prizes will be given for outstanding walkers.

arena in Mingus, located just south of the old gym, two blocks west of the Trii Club. We would appreciate your participation. In case it should rain, the Play Day will be held the following Sunday, April 4.
