

"22", Mike Stutts runs for the Maverick touchdown with Brad Jackson, "80", in hot pursuit. (Photo by Lynn Thorne)

## Buckaroos Bomb Mavericks

The Breckenridge Buckaroos exploded to a final score of 52-7 over the Eastland Mavericks Friday night in Mav stadium before a large crowd of Eastland supporters and an equal lot from Breckenridge.

The game Friday night was the second in a row for the Mavs in which they were on the low end of a large one-sided score. Although the Bucks did dominate the game, the Mavs were not without their highlights.

The Mavs were first to score in the game with 9:45 left in the first quarter. Quarterback Mike Lewis rifled a pass to Mike Stutts for a 45 yard touchdown. John Hill kicked the point after.

The Buckaroos first quarter featured Quarterback Jeff

Crowder going around left tackle for a five yard score, followed by a run by Randy Fuller for the extra two points. Next in the first, Breckenridge got a 10 yard TD by Crowder again and the extra two by the tough running back Bill Roberson who gave the Mav defense

## Cisco League To Present Pilgrimage

The Cisco Civic League will again present a "Pilgrimage of Homes" to be held Sunday, November 16, from 1-5 p.m.

Homes to be viewed this year are those of Dr. and Mrs. Ayres Cermin, 1505 Simms; Mr. and Mrs. Richard Ward, 1409 Simms; Mr. and Mrs. Winston Heidenheimer, 1300 Avenue N; Mr. and Mrs. Bobby Evans, 6 Country Club Ridge; and Lt. Col. and Mrs. Morris White, NW of city.

Tickets are priced at \$2 for adults and \$1 for children. This price includes complete tours of all homes and refreshments which will be served at the Morris Whites. Tickets are available now, and may be purchased from Yvonne McMillan at the State Farm Insurance Office in Cisco.

The first tour sponsored by the Cisco Civic League last year was very successful and helped provide funds for the new swimming pool opened this summer. The League is continuing their support on this project, which still includes a park and tennis court.

Maps will be available at each of the homes, and tickets may be purchased at the door of any of the homes.

problems throughout the night. During the first period Maverick Brian Haun delayed a touchdown score which could have been an 88 yard pass play for a touchdown when he dragged down No. 20 for the Bucks, Jimmy Shirley at the Mav 0 yard line.

In the second quarter Randy Fuller came from five yards out for another Buck score, followed by a Crowder to Shirley pass for the extra 2.

A very entertaining half time performance was enjoyed by the Breckenridge and Eastland crowds as the Buck and Maverick Bands performed.

Third quarter action was all for the Bucks once again. Billy Roberson, 44, ran for a six yard score but this time the following extra two failed. Then Jimmy Shirley broke loose for 70 yard score, than another five for the extra two points.

The last Breckenridge score came in the last quarter; Scott Wolfe passed to Vince Gray. The extra two failed. Mavs played well, but against a club that outweighed and outsized, then the odds were too great.

Key Mavericks were Randy Wharton who in the first quarter batted down a would be Buck touchdown pass play; Brian Haun who aided in one set of terrific stops; Aaron Arnold who played a good first line game; Dennis Lopez, Kenneth Underhill, Mike Lewis, Rex Morgan, Mike Stutts, John Hill, Tommy Williamson and Mark and Clark Thompson.

### WINNERS OR LOSERS?

Far be it from us to know and tell how to win football games, but any can measure right attitudes and spirit in a team regardless what the scoreboard says.

And by any measure, the young men who make up the Mavericks and their coaching staff meet the highest mark.

A winner respects those who are superior to him and tries to learn something from them; a loser resents those who are superior and rationalizes their achievements.

A winner explains; a loser explains away.

A winner says, "Let's find a way"; a loser says, "There is no way."

A winner goes through a problem; a loser gives up on the problem.

A winner says, "There should be a better way to do it"; a loser says, "That's the way it's always been done."

A winner shows he's sorry by making up for it; a loser says, "I'm sorry", but does the same thing next time.

A winner knows what to fight for and what to compromise on; a loser compromises on what he shouldn't, and fights for what isn't worth fighting about.

A winner works harder than a loser, and has more time; a loser is always "too busy" to do what is necessary.

A winner is not afraid of losing; a loser is secretly afraid of winning.

A winner makes commitments; a loser makes promises.

Mark it in your little books... MAVERICKS ARE WINNERS!!

### School Sports

Two of the best games of the junior high football season were played at Cisco Thursday night. The 7th graders defeated Cisco 6-0 and then the 8th graders did a real fine job of winning over Cisco 14-0.

There wasn't a B team game Thursday night.

### FULLEN MOTOR CO. PUNCH LINE OF THE WEEK

Overheard: "I didn't say he was brainless; I only said there was a lot of space going to waste in his head."

## Man Receives 5 Year Sentence

Tilford Wesley Cochran, 38, of Carbon pleaded guilty Thursday in 91st District Court to felony DWI and was sentenced by Judge Earl Conner Jr. to five years in the Texas Department of Corrections.

Cochran, subject of a county-wide high-speed chase Sunday, is in Eastland County Jail awaiting transport to TDC, Sheriff Deputy Louis Hollywood reports.

A misdemeanor indecent exposure charge was dropped and a fleeing to resist arrest charge was never filed, Deputy Hollywood said.

The incident began Sunday about 2:45 p.m. and resulted in the chase from Cisco to Eastland to Carbon and to a point on the Okra Highway where the pickup the man was driving was finally stopped.

NOT ONLY will it be Election Day Tuesday, there'll be DOLLAR DAYS in Eastland... Many are the reasons to visit Eastland every day... Eastland merchants are especially to be complimented for not having subscribed to the Reporter edition of last week which extolled the virtues of living and working in Abilene... One of our visitors this week was Bill Terry, manager of Abilene's KRBC-TV, explaining that he was being cast as the villain in his station's asking that Southern TV not carry KTXS NBC duplication, and that it made for a horrible public relations job for him. We agreed on one thing: he does indeed have a public relations problem.

CREDIT MRS. Hazel Day with prompting many, many of us to see the recent Babe Didrickson Zarahas program which was excellent. It's interesting to note that Mrs. Day, then playing with an Arkansas basketball team, played a number of times against Babe's Dallas Cyclones. A picture we've seen shows Babe, Mrs. Day, and over in one corner the late H.R. (Pop) Garrett who was sponsor for a Randolph College (now CJC) girls team at the National Girls Tournament at Shreveport.

TO CHASE OR not to chase? Great deal of conversation on this week about the cross-county chase of last Sunday. Some hold that perhaps the original offense (a misdemeanor morals charge) might not have justified what turned out to be a dangerous chase. (Luckily, it ended without serious incident, however.) Inquiry shows that perhaps the chase was justified, because of existing circumstances. Apparently the Cisco policemen investigating initially didn't know the suspect by reputation immediately and weren't taking any chances.

RESIGNING THE Eastland Police Dept. this past week was Patrolman Richard Frail who has accepted a position on the Breckenridge Police Dept. Congratulations are certainly in order and pledges of support due for the Eastland Happy-Go-Getters 4-H Club who will initiate an old and favorite event, the County Fair, to be held as a Bicentennial Fair weekend of Nov. 15 at the Victor Cornelius Building on East Main St.

LET'S REMEMBER to send Marene Johnson - Johnson a get-well card to Eastland Memorial Hospital.

In response to our requests received following the Halloween Carnival, here is the recipe for Cherry Thing Pie.

1 1/2 cups flour  
1/2 sticks margarine  
2 tbsps. sugar  
Mix ingredients, blend sugar, and press in 9 x 13" cake pan. Add 3/4 cup pecans, pressing firmly into mixture. Bake 20 minutes or until golden brown at 350 degrees. Let cool. Next beat 2 cups of powdered sugar with 8 oz. of cream cheese. Set aside. Mix 2 envelopes of Dream Whip according to directions on package. Fold into cream cheese. Spread on cooled crust. Refrigerate for about 5 hours. Top with a can of cherry pie filling. Now eat!

## Where To Vote

Eastland County voters will go to the polls Tuesday to help their fellow Texans decide if the State Constitution is to be kept or replaced.

Polls open at 8 a.m. and close at 7 p.m. at the nine voting boxes in this county.

Absentee voting which ended Friday at 5 p.m. at the County Clerks office accounted for 54 votes.

Voting sites will be:  
Eastland, City Hall, W.J. Stone, judge.

Olden, Community Center, Mrs. Jim Everett.

Ranger, Community Club House, Charles Arnett.

Desdemona, L.E. Clark.

Gorman, Oddie Brightwell.

Carbon, Mrs. D.D. Sandlin.

Rising Star, Weldon Roach.

Cisco, Correll Room, J.V. Heysler Jr.

Lake Leon, Mrs. Morris Newnam home.

How many Eastland Counties will turn out? Good question. In 1974's general election, Cong. Burleson drew 2,946 votes. In the 1972 November general Election a total of 5,985 voted and there were 14 Constitutional Amendments proposals on that ballot. The county general voted against all of them.

The County Bar Association is advocating that all eight of the provisions in the Constitution Election Tuesday be defeated, and it is generally held that the county will vote against the new document. What will happen across the state is another matter. Gov. Dolph Briscoe opposes the new Constitution and his strength may be reflected by the results of Tuesday's election.

State Tom Creighton has spoke against the new constitution while State Rep. Joe Hanna has taken a middle-of-the-road, let-the-voter-decide attitude.

garnishment; limitations upon banking corporations; provisions for the regulation of alcoholic beverages; and provisions for the regulation of medical practitioners.

PROPOSITION NO. 8 provides a new Article XI, Method of Amending the Constitution of the State. It maintains the same basis for submission of amendments as was utilized in submitting these eight amendments; that is, submission by an affirmative vote of two-thirds of the membership of both houses of the Legislature and adoption by a simple majority of the people voting in an election called for that purpose.

It does add a provision that a question of a constitutional convention be submitted by the Legislature at least once each thirty years. Proponents argue that this added provision is necessary so that the people will not have to be governed by a document that is 100 years old without ever having had an opportunity to totally revise it. Opponents of the provision contend that the current Constitution can adapt itself to all situations including that of calling a constitutional convention as it did in 1973; that there is no need to be told by the Constitution how often the people have to revise it.

## Important Constitutional Decisions To Be Made By Voters Tuesday

### A NEW CONSTITUTION FOR TEXAS? WILL YOU VOTE FOR OR AGAINST

When voters go to the polls Tuesday, Nov. 4, 1975, they will have the opportunity to vote on a complete revision of the state's Constitution for the first time in 100 years.

There will be eight separate propositions on the ballot. Each proposal will be voted on separately, and each will be either approved or defeated by a majority of the voters without affecting the approval or rejection of the others.

You will find that there are a multitude of arguments both for and against most of the amendments, and for and against a total revision or a partial revision of the Constitution.

Generally, proponents point out that the proposed Constitution is the result of much effort on the part of the first Constitutional Convention to meet in 100 years, and citizens should not miss the opportunity to reap the benefit of its labors.

However, opponents point out that the amendments are not the efforts of a Constitutional Convention but that they are the efforts of the Legislature operating under the Constitution of 1876 and its (Legislature) constitutional authority to submit proposed changes to the people for their adoption or rejection.

They argue that this is proof of their position that our present Constitution is a viable document that can be changed when change is required under the orderly amendment process provided in it; that the present Constitution has been amended over 220 times; that a number of the amendments adopted actually eliminated other amendments or sections of the

Constitution and combined them or repealed provisions that were found to be necessary by a subsequent set of values.

Since Article I, the Bill of Rights, is retained as it appears in the current Constitution, it is not listed.

PROPOSITION NO. 1 is the amendment revising "Article II Separation of Powers"; "Article III, The Legislature"; and "Article IV, The Executive"; all of which will pass or fail together.

Article II restates the Separation of Powers among the three branches of government: Legislative, Executive, and Judicial. No change.

Article III, the Legislature. While the structure of the Legislature remains the same, new provisions established in this article include:

\*Single-member senatorial, representative and congressional districts--This approach has been established by recent redistricting legislation, and therefore, this provision endorses what is already fact.

\*Annual "general" sessions of the Legislature--Voters have turned down this proposal several times in the past two decades.

\*A salary commission--The commission would recommend the maximum salaries and per

dium allowances for the legislators. It would be composed of nine members who would be appointed by the Governor, Lt. Governor, Speaker of the House, Attorney General and the Chief Justice of Texas, acting together.

The commission would make a recommendation for maximum salaries and allowances for legislators, after which the legislators could enact a salary bill. It would not become effective before the regular session following the next general election.

During the last legislative session, legislators' salaries were raised from \$400 per month to \$600 per month and their per diem allowance was raised from \$12 per day to \$30 per day while the Legislature is in session.

PROPOSITION NO. 2 creates a new Article V, the Judiciary, which governs the powers and organization of the state court system.

It proposes to establish a "unified" judicial system. This means that all appellate courts would have both criminal and civil jurisdiction; and that both criminal and civil cases would proceed on appeals from the trial courts of appropriate jurisdiction to a Court of Appeals, and then to the Supreme Court.

Sherrie Miner was chosen as Home-coming Queen for 1975. She is a Senior at Brewer High. At Brewer, she is head cheerleader, and football sweetheart. Her parents are Mr. and Mrs. Mitch Miner. Grandparents are Mr. and Mrs. O.J. Miner of Fort Worth and Mr. and Mrs. Guy Robinson of Eastland.

## Turkey Dinner Set Wednesday

Wednesday, November 5, is the day for the United Methodist Women's turkey dinner. Serving to start from 11:00 a.m. to 1:00 p.m. Carry out dinners too. Roast turkey and all the trimmings with homemade pie will be served for \$2.75 per plate, served buffet style. Get your tickets from any UMW member or at the door.

The Eastland Rotary Club will meet Monday at noon at the Ramada Inn. In charge of the program this week will be Ben Hamner.

### GORDON SPOT

By DeMarquis Gordon

Peanut harvest is in the final stages here in Eastland County. Harvest activities will be completed earlier than usual. Harvest for the state was 86% complete on October 28, as compared to 57% last year at this time.

While many peanut producers are harvesting good yields many have been discouraged over the number of segregation III peanuts going to market. There is no support price on segregation III peanuts and the farmers are really taking a loss.

Butler made 213 sacks of potatoes on 150 acres of land. After the potatoes were harvested he planted peanuts on the same land. He also produced 10,000 pounds of watermelons per acre on 350 acres. However, peanuts are his main crop.

Southwest Farm Press carried a feature story on Joe Butler of Rising Star. It was a good statewide coverage for one of Eastland County's outstanding farmers.

Butler had 1,900 acres of peanuts on his own farm and on rented farms.

The Eastland County predator animal trapper, Verylton Durant, reports killing nine coyotes, one bobcat, and two gray fox during September. He also reported killing six coyotes in October.

**HD NEWS**  
By Janet Thomas County  
Home Demonstration Agent

The Eastland County Home Demonstration Council will meet this coming Wednesday, Nov. 5, at 2 p.m., in the Texas Electric Reddy Room in East-

land. Council members will make plans for the Pecan Show which will be held on Dec. 5 and 6. Club presidents are reminded to turn in their club's membership rolls.

A County Fair will be held November 15, in the Victor Cornelius Building at 306 East

**The Light Touch**

By Clint Bray

Our thrifty forefathers never threw anything away—a habit for which today's antique dealers are grateful.

Father answering phone: "No, this isn't dreamboat. This is the supply ship."

Fellow we know is learning to cook. We call his latest creation "dreaded veal cutlet".

Marriage is like the Army. Everybody complains, but you would be surprised how many re-enlist.

Automation is a process that does all the work while you just sit there. When you were younger, this was called "Mother".

We're called BRAY'S in Eastland and Ranger. Why not let us outfit you elegantly for winter festivities.

Main Street. The County Fair is being sponsored by the Eastland Happy Go-Getters 4-H Club, as their Bicentennial project.

The Fair has some real exciting exhibit divisions. Each judging class will have four age categories—junior youth, senior youth, adult and senior citizen.

The Fair divisions are Baked Goods, Food Preservation, Sewing, Crafts and Hobbies, Bonnet Contest which will feature two divisions: (1) new bonnets and (2) grandmother's old bonnet; Antiques, Crops, and Starving Artist Sale.

If you are interested in participating and need more information, call the local Extension Office, 629-2222, for a copy of the rules.

First, second, third, and participation ribbons will be awarded.

Gardeners needn't dread the first killing frost as an end to fresh peppers and tomatoes.

These vegetables can be picked green, before frost, and

will ripen at room temperature. Then store them in the refrigerator to use fresh—or make them into relishes.

Green tomato-pepper relish complement the flavor of black-eyed peas, pinto beans, and ground meat—and gives real zest to bland foods.

**GREEN TOMATO-PEPPER RELISH**

7 quarts green or mixed green and ripe tomatoes  
1 quart chopped onions  
1 quart peppers, chopped, hot or a mixture of hot and sweet

1/2 cup salt  
2 cups sugar  
1/2 gallon white vinegar.

Quarter large tomatoes and leave small immature cherry-type tomatoes whole. In large kettle, mix together the tomatoes, onions and peppers. If hot peppers are used, prepare and mix with rubber gloves to prevent burning hands. Mix salt, sugar and vinegar in sauce pan and heat to boiling. Add vegetables. Heat until vegeta-

bles change color slightly, but do not boil to prevent relish from being soft. Remove from range and fill clean, hot jars to 1/2 inch of top. Close with two-piece lid. Process in water bath five minutes.

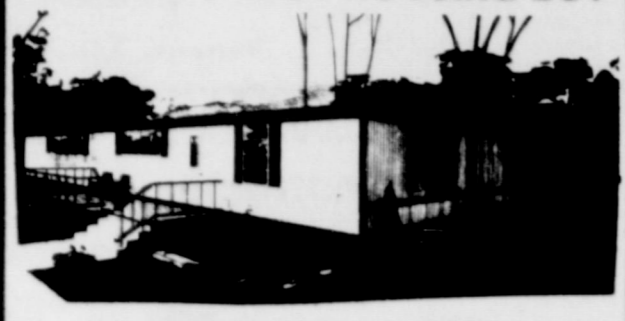

**Engagement Announced**

Mr. and Mrs. Luther F. Loudamy Jr., and Mr. and Mrs. Malcolm Williamson are proud to announce the engagement and approaching marriage of their children, Sherry Elaine and Bobby Deau. The wedding will be held December 14, 1975, at 2:30 p.m. in the First Baptist Church of Ranger.

Miss Loudamy is a 1972 graduate of Ranger High School and attended Ranger Junior College. Mr. Williamson is a 1971 graduate of Eastland High School and attended Howard Payne University.

All friends and relatives are invited to attend.

A RESOLUTION OF THE MEMBERS OF THE EASTLAND COUNTY BAR ASSOCIATION DECLARING ITS UNANIMOUS OPPOSITION TO THE PROPOSED NEW TEXAS CONSTITUTION, AS PASSED BY THE LEGISLATURE OF THE STATE OF TEXAS IN 1975, AND RECOMMENDING THAT THE VOTERS OF THIS COUNTY AND STATE VOTE AGAINST THE ADOPTION OF THE PROPOSED CONSTITUTION.

WHEREAS, the members of the Eastland County Bar Association have studied and considered the proposed new Texas constitution recently passed by the Texas Legislature; and,

WHEREAS, the new proposed Texas constitution will create uncertainty in the taxation laws for the schools, cities, counties, and State and in its provisions for the executive and judicial branches of the State of Texas by setting the stage for expensive and time-consuming lawsuits to determine and interpret the proposed constitution's new and revolutionary concepts of government; and,

WHEREAS, this proposed constitution is a permissive constitution for the Legislature rather than the people in that it creates and delegates unlimited power and authority to the Legislature, provides for annual legislative sessions at the expense of the taxpayers, and allows the members of the Legislature to have their salaries and expense determined by a Salary Commission, a body which will not be accountable to the people of Texas; and,

WHEREAS, the State Comptroller has warned that the financing of this proposed constitution could break the backs of the taxpayers of Texas in that the cost estimates are upward from over one billion dollars (\$1,000,000,000.00) with many additional costs being hidden and undeterminable;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EASTLAND COUNTY BAR ASSOCIATION:

SECTION I: That we are unanimously opposed to this proposed new constitution for the State of Texas, and we would recommend to the voters of this County and State that they seriously consider their decisions and urge them to vote against the adoption of the proposed constitution on November 4, 1975.

ADOPTED by unanimous vote of the members of the Eastland County Bar Association, at a regular meeting in Eastland, Texas, on the 18th day of July, A.D. 1975.

**SCHOOL NEWS**  
BY  
**AMY O'BRIEN**

The Siebert Elementary School PTO would like to thank all of those who helped make our PTO Carnival such a big success this year. All of those who helped make posters, sold tickets, worked and called in the Bingo Booth, the ones who helped set up for the Carnival, and the **Eastland Telegram, Abilene Reporter** Correspondent, and **KERC Radio** for the publicity and to each and every one who attended the carnival and gave it their support.

Our special thanks goes to the 75 local merchants who were so

very nice to give donations for the various booths.

**MRS. TURNER  
THIRD GRADE**

We have been very busy this week with all of our subjects. We've had tests in English, science, spelling and arithmetic.

We got to check out books from our library. Each row has a day to go to the library for books.

Everyone reported a good time at the Halloween Carnival Saturday night. We enjoyed the show at the high school gym on Tuesday. It was about physical education.

We are glad that a holiday Monday which the teachers were in Snyder for teachers meeting.

Good citizens for this week

**Green Tot  
Kindergarten**

The Green Tot Kindergarten had a delightful halloween party. Michael Brown's parents honored the kindergarten with beautiful decorated cup cakes in a bright orange. There was a white ghost on each with the child's name. They were served on white lacy doilies on round orange and white individual trays. We said thank you many times to Mr. and Mrs. Brown. Mrs. Nancy Trout made them and we say she's great at it. Orange Hi-C punch was served in special glasses. The tots enjoyed seconds. The napkins were also a bright orange and a

are Gayla Gailey and Jean Martinez. Lunchroom manners go to Kim McPherson.

By Christie York

**MRS. WELCH  
SIXTH GRADE**

Hello again, this is your weekly news about the 6th grade. This week was exciting and fun. The very first thing we did on Tuesday is finish our creepy halloween masks. Then we started on paper strip halloween art, that was partly hard and fun. Still on Tuesday we went to a funny and exciting show at the new gym. There was a man in a wheelchair that talked and showed us how handicapped people can participate in sports. Wednesday was about what we usually do. But this week we got two new boys. One from Garrison, Texas, and his name is David Gwinn. And the other is from Winatchey, Washington, and his name is Jeff Williams. Well, that's all of this week's report. But look for next weeks. So long.

Sincerely yours,  
Steve Simmel

pumpkin was in the center of the long table. We are remembering our manners and say thank you when served.

We made posters with pumpkins, bats, black cats, etc. They were very scary.

We had a lesson in telephone manners, with a real phone we borrowed.

Michael Herweck fell asleep and had a long rest during quiet time.

Kim Sharp and Susan Tankersley were the leaders for the month as they were last year, and know the rules.

Tava Patton gave one of the most meaningful prayers one day at refreshment time.

Parents, if you missed the article in the Eastland Telegram October 23, Thursday's paper, I would advise you go to the newspaper office and buy one to preserve. If all these articles are put in a scrapbook they will become more dear as the years go by. It is a good project for you and your child to do together. They will always remember the few extra minutes you took from your full day's work. They will only be this age once and need so much love and attention. P.S.--save their work and coloring, etc., too.

We played games like pass the penny and drop the clothes pins in turn. Mrs. Finley brought a large colored picture of our president Mr. Ford to put on the wall. We could use one of our Texas governor also so they will remember who was president of U.S.A. and Governor of Texas when they were in tot kindergarten 1975. Be nice to put one in the tot's scrapbook that you all will be making.

See you all November 3, (a new month.) We will turn the calendar.

**SCHOOL MENU**

**MONDAY, NOVEMBER 3**

- Tacos
- Pinto beans
- Buttered spinach
- Carrot sticks
- Corn bread
- Fruit cocktail cake

**TUESDAY, NOVEMBER 4**

**In  
The Kitchen**  
BY DINAH WILSON

Are you feeling sluggish, headachy, nervous, out of sorts? You are suffering from the age-old symptoms of the housewife blues. What you need to cure your symptoms is a new lease on life. You are really just becoming very bored with your hum-drum routine. Every day is beginning to be the same as the day before. You can accept the way your life is forming a monotonous pattern or you can begin to shape it into a new you.

As a woman, you more or less control the lifestyle in your home. The rest of the family must fit their lives around you. We will not say you are the most important member of your family, but you are one of the most.

If your day consists of getting the family off to school or work, preparing meals, washing and ironing clothes, and cleaning house, you, my friend, need a change. You can't expect to change your life overnight, but you can begin a step at a time and become a more vivacious, interesting woman.

Get up every morning before the rest of your family and give yourself a head start. Shower, put on fresh makeup, a nice clean outfit, and style your hair. You will feel better, and your family will certainly notice a change.

Set aside one day a week for yourself. Instead of staying home all day, call a friend and go shopping or out to lunch. Maybe you have a secret passion for art, piano, or other music lessons. Make arrangements to begin these lessons and broaden your range of talents.

Spend your day off sewing or knitting or perhaps another type of handwork you might prefer.

One night a week have a few friends over for dinner and a card game. Learn how to entertain in your home and make people feel welcome.

In the evenings, read the newspapers or books to open your mind and keep abreast of what is happening. The television offers little to contribute to a conversation, so wean yourself away from this as much as possible.

Do volunteer work at your hospital or local nursing homes. There are many lonely people in these places who would appreciate a friendly face telling them that someone cares.

**Betty Crocker's Starting Out**

NEW YORK--Whether you are a young married or starting again, a career-single living alone or "sharing", whether you're moving into your first home or on to different quarters, **BETTY CROCKER'S STARTING OUT**--a new Golden Press publication--is a "must have". Dedicated to everyone who wants the most for their money and the most out of their home, this consulting service in book form is aimed at the way people live today. Packed with clear, useful information, **BETTY CROCKER'S STARTING OUT** is the book every inflation-conscious person needs. It tells you:

\*how to look for and find an affordable place to live.

\*the most efficient approach to home care and cleaning

\*cost-cutting ways with food, including both everyday and entertaining situations.

\*how to make the most of money in all areas: budgeting, savings plans, credit use, insurance and investments.

**BETTY CROCKER'S STARTING OUT** (October, \$8.95) covers both the practical and the aesthetic. It is a store of

ready material, full of advice and information--a book that will be read and referred to again and again. Included are beautiful color pages full of decorating ideas, e.g., space-making ideas, unusual color schemes, window treatments, and also superb ideas for entertaining. As an additional bonus, each chapter has a special handbook that zeroes in on information of particular interest and help to starting-outers.

So...whether one is traditional or tomorrow-minded, prefers

the formal or the casual approach to living...**BETTY CROCKER'S STARTING OUT** is for everyone who wants to get more out of their home, more for their money, and more enjoyment out of life!

Get a part-time job and supplement your family income. You will not only enjoy the extra money, but you will also enjoy getting out into the world again. Every person has a plentiful resource of talents to give. If you fill your life with doing for others and giving of yourself, you in return will be fulfilled. Don't sit back and wait for someone else to change your life. You are what you make yourself, and YOU control your destiny.

**These simple  
tools can help  
you save energy.**

If your home doesn't have good insulation, you're wasting a lot of energy.

But you can do something about it. By installing proper insulation and weatherstripping, you can lock the heat out in the summer and hold it in during the winter.

And that means you'll be using electricity for air conditioning or heating much more efficiently.

You can check your attic insulation with a ruler. If the insulation is less than six inches thick, you may need to add more.

To check the weatherstripping around exterior doors, have someone shine a flashlight around the edges of each closed door. If you can see light, you may have to add new or replace worn weatherstripping.

Saving electric energy takes very little energy on your part, but it's worth the effort.

## Marquardt Speaker At TESCO Banquet

W.G. Marquardt, president of Texas Electric Service Company, praised TESCO employees for their part in making TESCO one of the best electric utilities in the nation.

Speaking at the annual Quarter Century Club Banquet, Marquardt said TESCO is in a very solid position with a good fuel supply and low rates. "The gap is widening between TESCO rates and the national average," he said. "All electric rates are going up, but we are going up much slower."

Citing numerous power firms across the nation who have held up critical power plant construction due to lack of income, he said, "The impact for the customers of such a company will come three to five years from now when the demand for electric power in their area surpasses the capacity to generate. They could have brown outs, rationing, industrial curtailment and loss of jobs. New plants will still take years to build and then will cost much more. We have a lot to be thankful for. We are in a good position today. We are not taking it easy. We're planning and building for the future of our area and asking for adequate rates."

"Our company is seeking a rate increase at this time. We need it so we can keep our good credit rating, so we can borrow large sums of money at the lowest possible interest rates and build new power plants which burn cheaper fuels."

TESCO is currently engaged in a construction program with Texas Power & Light and Dallas Power & Light to build power plants that will use lignite and nuclear fuel, both of which are much cheaper than new supplies of natural gas, the company's main fuel today.

The theme of the event centered around the Bicentennial, Marquardt concluded with an expression of thanks to TESCO employees for their contributions to the TESCO "heritage."

He then presented award watches to two employees for completing 25 years of service with the company during the year and becoming members of the Quarter Century Club.

The two are C.L. Baker and J.J. Scroggins, both of the Graham Power Plant.

Eastland employees and their guests were much in evidence although there were no Quarter Century Club members added from this area this year.

Division Manager Frank Sayre presided and President Marquardt called it a "homecoming" for him to be back in the Eastland Division where he began his career at the old Lake Leon Plant.

He announced that the company, as a Bicentennial project, is in the process of publishing a book outlining the history of the company which had its beginning in 1888 in Fort Worth.

## Scholarship

Eastland High School students have an opportunity to win college scholarships through the broadcast script writing program of the Veterans of Foreign Wars and its Ladies Auxiliary.

The program is a Bicentennial Project of the Veterans of Foreign Wars on the national level and local students in the 10th, 11th and 12th grades may compete for the scholarships on a local, district, state and national level.

Students interested in the program must write a theme and tape it on reel tape magnetic tape at 7 1/2" per second. The length of script may not be less than three minutes or more than five minutes. The subject for the Bicentennial observance is "What Our Bicentennial Heritage Means to Me".

The national scholarships available to winners include \$22,500 in school funds. First place winner will receive \$10,000; second \$5,000; third \$3,500; fourth, \$2,500; and fifth \$1,500. There will also be Voice of Democracy awards on the state level: first place winner will receive a \$1,000 scholarship; second, \$750.00; third, \$500.00 and fourth \$250.00. Prizes are also available on the district level. In addition, the first place winner on the state level will receive a five day all expenses paid trip to Washington, D.C., in March, 1976.

All taped themes must be turned in to Bob Butler, 812 Young, Ranger, Commander of the local VFW Post or Ruth E. Aston, treasurer of the Ladies Auxiliary. Interested students are asked to contact either of these officers for details regarding this program.

Deadline for the local contest is December 5. Nick Timora, 1904 Coleman, Snyder, Texas, 79549 is District 8 chairman for the program.

## 4-H Fair To Be Nov. 15

The Eastland County Bicentennial Fair, sponsored by the Happy-Go-Getters 4-H Club, will be held November 15 in Eastland.

Divisions for the fair include baked goods, food preservation, sewing, crafts and hobbies, field crops, and a special bonnet contest for grandmothers' bonnets and new bonnets. Each division except field crops and bonnets will have four categories: junior youth, 9-13; Senior youth, 14-19; Adult, 19-64; and Senior Citizen, over 65. Crafts and hobbies will have a division for children under nine years of age.

All exhibits must be entered between 9:00 a.m. and 1:00 p.m. on Friday, November 14. The fair will be open to the public from 8:00 a.m. to 5:00 p.m. on Saturday, November 15.

First, second, and third place ribbons will be given along with bicentennial silver dollars, half dollars, and quarters, respectively, as awards. Participation ribbons will be given to all participants and a Best of Show Award will be presented in each class.

Antiques will not be judged, but would be appreciated for display in local merchants; windows the week of the fair. Interesting stories may accompany antiques should be taken to the County Extension Office, Courthouse basement before noon on Monday, November 10.

There will also be a starving artist division in which local artists may display and sell art. No item should be priced over \$25. There will be no charge for displaying items, however ten percent of all sales will go to the Eastland 4-H Club.

An old-fashioned box supper will be held at 7:00 p.m. on Saturday after the fair. Everyone is encouraged to attend and participate. Box suppers and baked goods will be auctioned by Mr. James Wright of Eastland.

For further information concerning the fair and a copy of the fair rules, contact the County Extension Office by calling 629-2222 or writing P.O. Box 387, Eastland, Texas 76448.

The Eastland 4-H Club would like to extend a special thanks to the Eastland Chamber of Commerce, the Eastland National Bank, and Victor Cornelius for their help to the 4-Hers in preparing for the fair.

NOTE: The fair will be held at the Cornelius building across from Fullen Motor Company on E. Main unless the building is rented. Please hold publicity on the place until a week or 10 days before to avoid confusion if it is rented in the near future and we have to change plans. If rented, the fair will be held at the Co. Livestock Show Grounds.

## Tommy Warford Appointed To Screening Committee

AUSTIN--Chief Justice Joe R. Greenhill announced today the Supreme Court's appointment of Tommy Gene Warford of Eastland as member of a regional committee to screen applicants for admission to the Bar.

Warford was nominated for the position by State Bar of Texas President John M. Lawrence III of Bryan.

"This program is a new one created by the Supreme Court to make our screening of new lawyers a more professional and thorough system," Lawrence said. "With 2200 persons applying each year for law licenses, we feel we need to insure strong procedures to assure that the quality of the legal profession remains high."

The committee will screen the applications of all persons from the geographical area included in the local State Bar district.

"This is a time-consuming job, but an essential one if our program is to succeed," Lawrence said. "We need lawyers from the local areas to look at

these applications from members of our own community and advise the State Board of Law Examiners as to the fitness of the applicants for admission to the Bar."

## Abilene Man Convicted

Bobby Joe Linaham, 21, of Abilene, was convicted Wednesday of an August 14 car burglary at the Eastland Ramada Inn on Interstate 20.

Linaham was tried in 91st District Court before Judge Earl Conner Jr., and given a four year sentence in the state prison at Huntsville, according to District Attorney Emory C. Walton.

Linaham had been charged with breaking into the auto owned by W.R. McMillan of Dallas, who was in Eastland attending the funeral of his mother. A citizens band radio was taken from the car. Charles Scarborough of Abilene represented Linaham.

# History Of Public School Education In Eastland County Being Compiled

A comprehensive history of public school education in Eastland is being assembled and will not only be an important Bicentennial Treasure but will serve as a reference work for years to come.

Instrumental in assembling the material is the Eastland County Retired Teachers Association under the direction of President Charles Garrett of Gorman, the membership and the records and memories of untold hundreds of others who are contributing to the historic document.

Right now there's data on 120 common schools and nine independent schools being put together.

County Supt. Jimmy Hughes, his office and Secretary Mrs. Wynelle Brown are credited with valuable information in helping put the record together.

Committee women doing primary research are Mrs. C.W. Ellis, Verna Johnson and Louise Snoddy.

Tip Arther's office with Secretary Cindy Allen is providing important typing and assembling work.

Every school is listed with data showing order organized, location, district number, year organized, disposition as to its consolidation or dissolution, as well as other general comments.

The list runs from "A" (Alameda) to "Y" (Yellow Mound) with many stops in between. Here's the list of school names and a preliminary report will be published soon to which the public will be invited to contribute additional data.

Alameda, Allen, Allen Mills, Ashburn, Bear Springs, ... Supplementing the Eastland County Education History will be a list of county school superintendents, and the initial data shows the following:

Ballard, Bedford, Britton, Brashear, Bluff Branch, Bullock, Cade, Center Point, Colony, Cook, Central, Cottonwood, Comer, Chaney, Crocker, Cross Roads, Curtis, Curtis, Cozart, Centerville, Coalmine, Dark Hollow, Delmar, Dabbs, Dothan, LDan Horn, Davis, Elm, Eving Shade, Fairview, Flatwoods, Friendship, Freesom, Fisher, Grandview, Grapevine, Griggsby, George Hill, Griggs, Hallmark, Hobarty, Hickman, Hunter, High Point, Holland, Haskell, Jewell, Jett, Jamison Peak, Kokomo, Leon, Lone Cedar, Long Branch, Latham, Lone Star, Macedonia, Mangum, Merriman, Mitchell, Montgomery, Marsdon, Mountain, Mountain View, Morton Valley, Numm, Nash Creek, New Hope, North Leon,

Nimrod, Oak Grove, Okra, Oakley, Owen, Paint Creek, Peak, Pioneer, Pleasant Grove, Pleasant Hill, Pleasant Valley, Rock Bluff, Rockwell, Rogers, Reagan, Romney, Rush Creek, Russell Creek, Reich, Shahan, Sabanna, Sandy, Short, Shady, Shinook, Shady Grove, Smith, Shugart, Salem, Scranton, Shannon, Triumph, Tudo, Tanner, Thurman, Union, Union, Union Hill, Wheat, Ward, Wallace Wells, Wheat Springs, Yandall, Yellow Mound, Young Springs, Yellow Branch.

The independent districts include Carbon, Cisco, Desdemona, Eastland, Gorman, Olden, Ranger, Rising Star and Scranton.

## Eastland 4-H Club Discusses Awards Banquet

The Eastland 4-H Club met Monday, Oct. 13, in the Texas Electric Reddy Room for their regular meeting.

Business discussed was the 4-H awards banquet which the club sponsored, Saturday, Oct. 11. The club president expressed thanks to all who helped in any way to make the banquet a success and especially to the First Baptist Church for being so gracious with their facilities.

Fourteen of our club members received awards at the banquet for their work in completing 4-H projects. Karen Plowman received the Gold Star Award which is the highest award on the county level.

Sherry Kidd received the secretary trophy for the year and a new award, the Foods and Nutrition Award, presented for the first time this year.

Other business discussed was the County Fair which the club is looking forward to having November 14. Members and their parents and adult leaders are busy making plans for this affair.

Some plans were made for planting a tree for the Bicentennial Committee.

A recreation committee was appointed to be in charge of "All styles of sweaters from sleeveless vests to turtlenecks--to v-neck pullovers and cardigans to match--will be fashionable", she said.

Fabrics will be softly designed acrylics, orlons and wools in rich colors of burgundy, greens, and rusts, the Texas Agricultural Extension Service, the Texas A&M University System, specialist added.

"Detailed styling will include v-neckline, mitered stripes, and solids with contrasting white banding around the waistline and cuffs."

## Guest Minister At Church

G.L. Huffman, pastor of the Assembly of God Church in Eastland, would like to extend an invitation to everyone in this area, to come out and hear an outstanding young minister from Silverton, Texas.

Brother Freddie Stice is 30 years old, married, with two children, both boys ages 9 and 11.

Brother Stice received a charge of 7,200 volts of electricity in a power line accident in February, 1964. He said God miraculously spared his life and in 1966 he and his wife were both saved.

In June of 1970, Brother Stice enrolled in Bible School at Neasho, Mo.

We invite you to come hear this man Friday, Saturday, and Sunday, October 31, November 1 and 2, nightly. Services will start at 7:30 p.m. on Friday and Saturday and 6:00 p.m. on

## HD Club Meets

The Eastland Home Demonstration Club met Tuesday, Oct. 21, in the home of the club vice president, Mrs. Henry Parsons.

The meeting was called to order by the president, Mrs. Ames. Roll call was answered by nine members. Three visitors were present.

Mrs. Troy Cross and Mrs. Jean Harbin were appointed to write by-laws for the club.

A very informative program on carpet care was presented by County Extension Agent, Janet Thomas.

The next meeting will be held November 18, in the home of Mrs. Wayne Ames in Olden.

## George Marks Named State Conservationist

TEMPLE--George C. Marks will succeed Edward E. Thomas as state conservationist for the USDA Soil Conservation Service effective November 2.

Marks, a native of Heidenheimer, Texas, is currently state conservationist for Arizona. He began his career with SCS at Rusk in 1950 as a soil scientist and later worked as a soil conservationist and district conservationist at Sulphur Springs, Winnsboro, Jefferson, New Boston, and Corsicana.

From 1964 to 1968, Marks was area conservationist at Temple. He then moved to Arkansas as an assistant state conservationist. In 1972, he was appointed state conservationist for Arizona. He received awards for outstanding work in 1967 and 1975.

A 1944 graduate of Temple High School, Marks has a bachelor's degree from Texas A&M University, 1950. He served in the U.S. Air Force from February 1945 to August 1946.

Thomas, state conservationist for Texas since 1972, is being promoted to the position of assistant administrator for SCS in Washington, D.C. He entered SCS in 1954 as a soil conservationist at Lubbock and later served as district conservationist at various locations in Texas. In 1968, he was promoted to assistant state conservationist at Temple and to deputy state conservationist at Nashville, Tennessee in 1971. He was assigned to his present position one year later.

Thomas is a 1954 graduate of Texas A&M University where he was a member of the track team. He served as an army officer in Korea from 1954 to 1956.

## Reports On Radial Tires

CHICAGO--Contrary to the impression of many motorists, radial tires are no substitute for snow tires for winter driving, according to new findings released today by the National Safety Council.

Reporting on tests conducted by the Council's Committee on Winter Driving Hazards at Stevens Point, Wisconsin, Ray Prince, the committee secretary said, "These tests show that snow tires provide more traction over a reasonably wide range of snow-covered road conditions than conventional radial tires that do not have a snow tread."

He added that the range of performance of the radial tires was quite broad, in some cases exceeding but in some cases even poorer than some conventional highway tires.

# Letter to the Readers

Is It the End of the World?

(The European Community is not all economics and politics; there are of course such EC concerns as an evolving social policy. But more, there exists that side of life journalistically known as "human interest" or that economics and politics aren't interesting to humans. Regardless of the misnomer, the following commences an irregular series of human interest stories. The stories, it is hoped, will offer relief from the topics dominating today's news. They may even find us laughing at ourselves.)

Occupying three stories of the 13-story EC Commission headquarters (the Berlaymont) in Brussels is a computer nicknamed "The Beast". Run by a Berlaymont gnome named Herr Doctor Hendrick Eldeman, the gigantic computer has a gigantic task: to assign a number to every person, not just in the Common Market but in the entire world. Each person would then have his number invisibly laser-tattooed on the forehead or back of the hand. Viewed under infra-red scanners to be placed at all checkout counters and other places of business, the numbers would provide a walking credit card system--an international currency of which the Community's economic and monetary union is but the intermediate goal.

True or false? True, if you are one of a number of Fundamentalist Protestants in the United States who have recently bombarded the EC Commission's Washington delegation with requests for more information on "The Beast". False, say Common Market spokesmen: There is no such computer and Dr. Eldeman does not exist. The head of the Washington delegation's information service, Andrew A. Mulligan, laughingly says, "We'll annihilate this rumor!" But the delegation employee, Mrs. Ella Krucoff, who handles the American public's information requests says its no laughing matter, for the queries keep coming. In any case, most of the true-believers dismiss the EC denials as no better than recently-exposed CIA lies.

The origin of the rumor is hard to track down, but Fundamentalist literature published in the United States is replete with references to the Common Market's existence as fulfilling Biblical prophecies of the end of the world. A well-reasoned article is a magazine published by the Chicago-based Moody Bible Institute (named after the 19th century evangelist) highlights the parallels: Nebuchadnezzar's dream of the "end days" before the Second Coming of Christ includes the image of a beast: "As the toes of the feet were part of clay, so the kingdom shall be partly strong, and partly broken (Daniel 2:42)". What better description for the Common Market today, says the author of the Moody Monthly article. The toes and horns in the dream image are ten, and this number is again mentioned in the Bible's last Book, Revelation; the article's author points to the Berlaymont's ten flag poles and the possibility of Greek or Norwegian Common Market membership. The EEC Rome Treaty Supports the author's interpretations of the Books of Ezekiel, Daniel, and Revelation that this "last days" kingdom is a new Roman Empire. The analogies go on and on, and are also used in the American best-seller *The Late Great Planet Earth* predicting the imminent end of the world.

Dr. Eldeman and his now apparently famous computer, however, seem a case of stretching the uncanny similarities to fantasy. In talking of the EC computer, the California magazine *Gospel Call* cites a passage from the Book of Revelation about the beast dreamt by Nebuchadnezzar: "And he causeth all, both great and small, rich and poor, free and bond, to receive a mark in their hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man, and his number is six hundred three-score and six." According to *Gospel Call*, Dr. Eldeman plans to use three six-digit units in the laser-tattooing computer.

Any publicity is good publicity, public relations experts told the EC Commission's Washington delegation after its 1973 Gallup poll showed most Americans had never heard of the Common Market. Now at least some of the previously uninformed are asking the delegation to send them copies of the non-existent EC publication titled "See What the Beast is Doing". Perhaps the

Commission's press secretary should consider hiring American Fundamentalists to pass the good word about the Community's growing strength and power. But long-time Berlaymont cynics would no doubt reply: Beware false prophets.

# Old, Interesting Clippings Found In Cliff Wilson Home

Sunday, November 2, 1975

The late Cliff Wilson left the contents of his home and apartments to the Eastland Centennial Library and the library is planning an estate sale soon.

Mr. Wilson resided on Plummer Street for a number of years and was the son of the late Mr. and Mrs. Oscar Wilson.

Among his belongings were old newspaper clippings. One was a picture of his father, breaking ground for the Holy Trinity Episcopal Church. Bobbie Vaught was also in the picture. The paper was dated January 14, 1948.

Then there was a page from the Abilene Reporter dated February 1, 1895. In this paper is the write-up of the wedding of his parents.

Just to let folks see how tradition has changed, here is the wedding write-up:

"The pleasant home of Mr. and Mrs. C.L. Corneau was a bright scene of joy and happiness last evening, the occasion being the marriage of their only daughter, Edith P., to Mr. Oscar Wilson.

At nine o'clock, the bridal party entered the east parlor to the sweet strains of Lohengrin's wedding march exquisitely played by Prof. I.L. Holt of Joliet.

In one corner of the bridal parlor a canopy of white gazebo beautifully decorated with mistletoe, smilax, carnations and roses had been arranged. The background of canopy was banked with potted plants and cut flowers.

In this enchanting and fairy-like bower, the high contracting parties took their position and the impressive words which forever united them were pronounced.

Mmes. Earnest, Kirk, Insor, Frances, and Horton.

After the ceremony, many and hearty were the congratulations fairly showered upon the young couple.

The bride, a spritely and winsome brunette, was attired in an elegant and rich white brocade silk bridal gown made with high neck and with long sleeves, and carried lilies of the valley. The dress was made in a charming simplicity of style and

was admirably adapted to the petite figure of the pretty bride.

The bride is the only child of Postmaster and Mrs. C.L. Corneau and possesses many noble and womanly qualities which will bless and brighten her future home. She is very prominent in social circles and is beloved by a host of friends that are attracted to her by her bright and sunny disposition and lovable nature.

Mr. Wilson wore the conventional black and made a handsome and stalwart groom. He is the only son of Mrs. Nancy Wilson and has been a resident of Forrest and vicinity for many years. He is a young

man of integrity and good business qualifications.

The maid of honor was Miss Bertie Lamn, Danville, Ill.; best man, F.L. McCullough, Jacksonville, Ill.; bridesmaid, Miss Clara Butlon, Forrest; groomsmen, W.W. Reedy, Forrest; flower girl, little Miss Helen Clark, Forrest; those who

received guests, Miss Edith Dunavan and John L. Bullard, Chicago.

Miss Bertie Lamn, maid of honor, wore a stylish costume of pink chiffon over light blue silk. Miss Clara Butlon, bridesmaid, was tastefully attired in a light blue silk.

The entire apartments of the home of Mr. and Mrs. C.L. Corneau were very tastefully decorated with mistletoe, smilax, potted plants and cut flowers, and were lighted by banquet lamps shaded in delicate tints and candelabra.

In the dining room, the decorations were carnations, roses, ferns, etc. On either end of the table was a banquet lamp with dainty pink shades, fairy lamps and candelabra. In the center an immense confection pyramid; bowls of pinks. All over the cloth were sprinkled ferns, roses, pinks, while suspended over the table was mistletoe.

The bride party was seated at the bridal table while the guests were seated and served party style. The collation embraced all the delicacies of the season and consisted of several courses.

The bride's cake containing the ring was on a beautifully decorated side table and was cut by the bride.

This morning at 3:55, Mr. and Mrs. Wilson departed for

Chicago where they will remain until Friday then return to Forrest. Some time next week they expect to go to their future home near Caps, Taylor County, Texas, where the groom possesses large land interests.

The bride's traveling dress is of dark serpent green heavy cloth made with long effect.

A very handsome reception costume of imported French velour and an elegant tea gown completed the bridal trousseau.

Mrs. Grimes.

**Bakker FUNERAL HOME**  
306 W. PLUMMER • EASTLAND • PH. 629-1726

Dear friends,

A man told us of attending the funeral of his friend's father. Later the friend said to him, "It may sound strange to use the word happy, but there really was a kind of happiness in seeing you - nothing to do with being comforted, it was just that I was so glad you were there." He added, "I've been to many funerals, but I never knew until now how important it was to go."

Respectfully,  
*Oale O. Bakker*

## A message to voters

All registered voters have an opportunity to vote in our Constitutional Election on Tuesday, November 4.

Free and open elections are the foundation upon which Democracy is built. It is the responsibility of the Secretary of State to protect your voting rights.

If you have any problems voting on November 4, please call us in Austin at this toll-free number:

1-800-292-9677

Exercise your right to vote. It's easy, and it's important.

Sincerely,  
*Mark White*  
Texas Secretary of State

# Tom Creighton Day Scheduled November 6 In Mineral Wells

It is good to see a man having success in life in doing what comes naturally. That is the way it is with usually beaming and friendly Tom Creighton, the 17-county 22nd District State Senator. Because he likes people, and because he learned to listen well and has a keen interest in politics, Tom became a state senator. "Eight years of prosecuting as county attorney taught me a lot about people, but was becoming something of a drudgery," Creighton reminisces. "I was encouraged by friends to run for the Senate in 1960, and fortunately won." He is serving his seventh elective term and ranks fourth in Senate seniority. Today he is about as conservative a state senator on fiscal matters as there is.

One isn't elected President Pro-Tempore of the Senate or serves as Acting Governor without the respect of his fellow senators. Creighton was so honored in 1965. His abilities, frankness and sound approach to governmental problems were recognized early. He was appointed to committees, like they say, "where the action is." "The first time I served on an appropriations conference committee (that was in 1969), was a mind-staggering experience," Creighton recently recalled. Ten legislators-five from the House of Representatives and five from the Senate-face across the conference table to settle differences on how millions of dollars in state revenue are to be spent. "There is no better opportunity to learn about our governmental problems and the men charged to solve them than in that give and take crucible of the democratic process," Creighton says. Because he doesn't hem, haw or hedge about his final position, Creighton repeatedly has been appointed by successive lieutenant governors to such conference committees the past six legislative sessions. He also now heads, by appointment of Lieutenant Governor Bill Hobby, the Senate Committee on Economic Development. It is charged with legislative spadework relating to the regulation of insurance, banking and security matters. He is vice chairman of the Senate Finance Committee with chief responsibility to prepare the Senate's proposed state budget. He is a member of the Senate Committee on Natural Resources and the Legislative Budget Board which, between sessions, reviews budget requests from all state agencies.

These assignments, important to the state as a whole and to his district with its many state-supported institutions, large and small, preclude his personally sponsoring many bills. As a seasoned observer said, "You won't find Tom Creighton's name on many bills, but his imprint is indelibly there on most major legislation." Creighton was born and has spent all his life, excepting the Navy duty on the USS Palauw, in his district...now grown, through redistricting, from the 10 counties when he was first elected to 17 counties. It is a broad area of wide-open spaces, clean air and hard working people. Creighton keeps close tab on the ups and downs of the district traveling by pickup, the family car or by air. He became an instrument-rated pilot to cut down travel time, especially from Austin to the district when the Legislature is in session. That's Tom Creighton, the 22nd District senator, whose friends from throughout the 17 counties will gather back in his hometown of Mineral Wells November 6, to extend him "best wishes" and thanks for a job well done. So bring the family, it will be a fun affair for everyone. Sponsor tickets in the amount of \$50 are available at the First National Bank, the City National Bank, Mineral Wells Savings and Loan and Hamilton's Tire Service, or from any member of the Re-election Committee. Also available are \$5.00 tickets to the barbecue. "It is a fine feeling," Creighton says, "when people you represent write a note of thanks for your efforts in behalf

or against some bill." He cites as an example the many handwritten letters he received from retired teachers whose benefits were increased last session to a more reasonable and livable level. "I read some of them over and over," he says. He is proud, too, of a citation "for his leadership responsible in large measure for the fact that Texas has the finest roads in the nation with the lowest gasoline rate." Others commend him for his dedication to agriculture and soil and water conservation. He holds the distinction of being named chairman of the Water and Conservation Committee for two consecutive sessions, before instigation of "reform" rules limiting senators to membership on a maximum of three committees. The genial mannered Senator has won his spurs in the old school type of rough and tumble debate. On the "gut issues", Creighton carries a mental yardstick inscribed "Is It Worth It and Can the Taxpayers Afford It?" Two of his teenage experiences probably had a great influence on Creighton's basic philosophy. He volunteered as a World War II seaman at 17. He learned self discipline, the value of teamwork and that a ship without a stable rudder is trouble bound. He, too, knows the meaning and feel of "kitchen heat". As a short order cook in his college days helping work his way through the University of Texas Law School, he faced his heat

literally and tough dollar times. He has experienced the figurative meaning of President Harry Truman's "kitchen heat" admonition time and again in the give and take of rough and tumble Senate Committee and floor debate. If you look closely enough, you usually will find someone else close at hand on his district tours or in Austin. Creighton readily admits that when he needs an earful of common sense advice, he turns to his top aide-wife Sue. She is the petite, vivacious girl-next-door Tom married in 1950. Their three sons, Will, 23; Kenny, 21; and Mark, 18, have helped keep them abreast of the times. If you visit the Capitol during a session for an easy-going, sight-seeing day, don't accept Creighton's invitation to follow along with him. He's among the earliest to his Senate office. His time enroute to committee meetings or the Senate floor is stitched by starts and stops filled in by conversation. He has more circulation in the Capitol, someone mused, "than most metropolitan newspapers." He
