LIBERTY, FREEDOM AND DEMOCRACY are so very precious that you do not fight to win them once and stop. - Sgt. Alvin C. York, WWI Hero.

SPECIAL WELCOMES to Eastland, to our out-of-town visitors. You do us honor by your presence. We hope you like what you see, and always think of Eastland as Your Pretty Little Town, and come back often and often to visit with us... Our visitors will carry home many little mementos from Eastland which they received in pretty ditty bags at the Beautify Texas Council meeting. Our people responded beautifully to fill the bags with goodies from Eastland.

NOT A PLEASANT thought, but timely: We all need to know the weather warning signals.

Two phrases that should be part of every Texan's vocabulary are "tornado watch" and "tornado warning."

The National Weather Service is constantly monitoring the skies and will issue a "watch" anytime a squall line which has the potential of spawning tornadoes begins to develop. "Watches" are usually posted for broad areas spanning hundreds of miles. It is not uncommon for a city or town to be included in a watch dozens of times without ever experiencing a tornado.

For this reason there is a danger of becoming complacent. Although no one expects that people will "drop everything" when a watch is posted, they should become conscious of the weather and monitor broadcasts for developments.

In spite of great technological strides, the human eye is still the best instrument for locating a tornado. Since radar isn't effective in spotting most tornadoes, many communities have organized networks of trained volunteer spotters.

To be effective, a spotter must be trained because there are many weather conditions which resemble tornadoes but are not. These tornado look-alikes will confuse one untrained eye. More often than not, the classic funnel tornado will be clearly visible in West and Central Texas. In the Eastern states and East Texas the funnel will often be obscured by rain so that it is heard rather than seen clearly.

As potentially dangerous squall lines pass through an area, that community's trained tornado spotters are deployed to scan the skies for trouble.

If a twister is spotted, a "tornado warning" is signaled. Warnings are issued for much smaller areas and may mean that residents may have only a few minutes to take shelter. If a warning is issued, persons in that area should immediately watch for danger and be ready to take cover at a second's notice.

Interviews with people who have lived through tornadoes indicate that the most prevalent sound associated with tornadoes is that of freight trains passing close by or jet planes roaring overhead.

Anyone who thinks they have spotted a tornado should immediately notify law enforcement officials. Spotters do a good job in protecting their community but they cannot be everywhere at once.

While the community goes about its business during a tornado watch, the spotters become the first line of defense against tornadoes striking without warning. The work can be dangerous. A volunteer spotter was killed by the tornado which wrecked Lubbock in 1970.

Jimmy Hendricks presents B.G. Blair of 912 W. Commerce \$150 which he won at the Thrift Mart Store in Eastland when his name was drawn in the Jackpot Drawing which is held every Saturday.

If in fact "Beauty is in the eye of the beholder", a great number will behold that in Eastland Thursday when the Beautify Texas Council holds the second of its five statewide grassroots sessions here.

Important officials from throughout the state will be on hand to talk and share ideas that have worked, and give suggestions for things that Eastlanders can do to help maintain and enhance the overall description "Most Beautiful Site" which this state, and this city has earned in the past.

It's a two-part program and locals are welcome to either or both. It will open at 10:30 a.m. at the Women's Club with an informal coffee, and all businessmen and individuals are encouraged to come by for morning coffee and to hear top speakers.

To be heard at the coffee-kitchen will be Bill D. Colegrove of Dow Chemical Co., Beautify Texas Council President Don Wright; and Ron Josselet, head of the Trail and Waterway Section for the Texas Parks and Wildlife Department.

At 11:30 a motorcade will be formed for a beauty trip to Lone Cedar Country Club when the featured luncheon speaker will be Tom Taylor of the Texas Tourist Bureau, and the man responsible for this state's outstanding accomplishments in national competitions for beautifications.

Call for ticket availability. The city is pretty for the event. High schoolers have been helping clear and polish and the yards are pretty. All are hoping that the daffodils around the square make it through Thursday. The rain of last weekend certainly did nothing to hurt the clean-scrubbed look of the city, and the lower temperature which followed served to "ice" the daffodils for a little longer.

Among the many who will be present will be dignitaries State Sen. Tom Creighton, State Rep. Joe Hanna; and State Beautify Texas Council Secretary Mary Ellen Shoop; District Chairman Guy White of the Wichita Falls - Vernon area, Mrs. Billy Ford of Breckenridge; and Hilton Howell of Waco.

PACK 23 RECEIVES BLUE RIBBON - Brad Hobbs, son of Mr. and Mrs. Rickey Hobbs of 419 E. Conner in Eastland, proudly shows off the Blue Ribbon received by the Cub Scouts and Webelos of Pack 23 for their Bicentennial Booth at the Scout - O - Rama held in Brownwood Saturday.

They attended the wedding of Mrs. Meglasson's daughter Cheri and Bruce Crow of Hot Springs, Arkansas last Saturday, February 28, in Hot Springs. Thoughts For Today By Bobby Boudreaux
 Procrastination, the fault of putting off things until tomorrow, can carry a heavy penalty. For example, the return of a book loaned by a friend, is put off until tomorrow. The visit to Uncle Charlie to tell him about some of his friends we saw, is put off - - until tomorrow. The letter that should be written to Aunt Jane is put off - - until tomorrow. The drive across town to see a friend is put off - - until tomorrow. Then, unexpectedly, the putting off fault stubs us, and it hurts. It really hurts - - badly. In our tears, we shake our heads in disbelief. The talk we meant to have, the things we meant to do, can not now be done. We can only make a visit, but not as it was intended. During visitation hours, we pay our last respects and realize yesterday's tomorrow is now today, and today it is too late. This of course is an imagined vignette of life. But it can happen. Why let it? . . .

KALEIDOSCOPE OF FREEDOM, A Festival of Historic Flags, by Ruth C. Smith, \$1, published by Eastland County Newspapers, 110 W. Commerce St., Eastland, Texas, 76448.

A Bicentennial first was the flag pageant presented in Rising Star, Texas, as a community-wide project involving the whole town. Mrs. Ruth Smith, a retired teacher, was author of the narration and producer of the pageant, which drew wide acclaim.

Her complete manuscript and a photograph of each of the 76 flags with historical description is included in this book which could easily become required reading for every American school student.

The symbolic use of flags and their importance to American history are vividly portrayed, and the pageant could easily be produced in any community for mass patriotic appeal.

Kaleidoscope tells the American story in an interesting and educational way, and this book records forever the patriotic presentation by the citizens of one American town, and it can well serve as a model for others in showing their colors.

It's a personal and library addition truly in keeping with the country's birthday celebration.

Eastland County 4-H Members Place High At Houston Livestock Show

Several Eastland County 4-H members placed high in the standings at the 1976 Houston Livestock Show held in Houston March 1-7. Billed as the largest livestock show and rodeo in the world, the show attracts the finest stock in the state and always provides the toughest competition to be found. This year 4-H members from the county exhibited three steers and one heifer.

Neil Scott of Rising Star exhibited his Santa Gertrudis steer to the first place spot in the middle weight division and then to Reserve Champion Santa Gertrudis steer of the show. The steer was bred by Dyer-Sims. Sam Scott showed a Simmental steer in the show but

did not place. Jimmy Thompson, Gorman, showed his light weight Limousin steer to fifth place in the show. The crossbred steer was bred in Oklahoma. Danny Burgess also of Gorman showed his Shorthorn heifer to second place in her class. Danny also showed an Angus steer to third place in the light weight division. The steer belonged to his brother Billy Burgess.

Several other 4-H members will be showing livestock in the local Cisco and Eastland shows this weekend. These shows will be a warmup for the Eastland County Show being held March 18-20.

Game And Fish Hearings Set

WICHITA FALLS--During the week of March 22-26, Texas Parks and Wildlife Department officials will conduct public hearings across the state to present proposed changes in game and fish regulations, and to cite biological justification for the changes.

The hearings are the first step toward setting regulations in those Texas counties under P&WD regulatory authority. Detailed reports on the public's comments at these hearings are forwarded to the Parks and Wildlife Commission, along with proposed changes, for their consideration.

The Parks and Wildlife Commission is slated to act on the proposed changes at their April 23 public meeting in Austin. All interested citizens are urged to attend the hearing in their area and make their opinions known.

The public hearing for Eastland County will be held in Eastland at the courthouse on March 24, 1976, at 10:00 a.m.

What Is An American By Thane Arther

(ED. NOTE: Thane Arther, 16, is the son of Mr. and Mrs. Robert L. Rowch and a sophomore at Eastland High School.

WHAT IS AN AMERICAN

What is an American? This question has been put to millions of people, beginning as far back as 1776.

There have been many wars involving Americans, but do you think that wives and mothers ever thought of these two statements when they received word that their loved one had been killed?

When our young men started going to Vietnam to fight for a cause that would not help our country, our people should have realized that we are the number one nation.

There have been many people who led our nation to great victories in war. George Washington has been proclaimed to be the "Father of our Country".

There are many small wars going on today in the United States, and if all the people would help each other in small ways every day, I think there would be more peace in our country.

Most sincerely, Virginia Kimmey
