Q-B Show **Tonight** And Fri.

Projects of the active Eastland Quarterback Club will get a spirited financial boost from a twonight run minstrel — the club's tenth — which opens at 8 tonight at the High School Auditorium. Wednesday night's dress rehear-

sal showed everything ship shape for the much - anticipated theatric-Mr. and Mrs. Andy Taylor, pro-

ducer - directors, and Business Managers Jack Chamberlain and Jack Chamberlain Jr. said today that they believe the show-goers will find it delightful minstrel entertainment.

Minstrel antics, songs, specialties will be the enjoyable features combining to entertain the sizable crowds expected.

"By giving the show two nights -Thursday and Friday-we figure that everybody interested will have a good opportunity to atthe management pointed

Great Salk Success

"There can be no doubt now that children can be inoculated successfully against polio.'

That's how the Salk vaccine is officially evaluated in the program set up for that purpose-which, incidentally, discloses that the anti-polio inoculation is 80 to 90 per cent

Moreover, it is called "safe." in the report.

On the basis of this evidence, it appears to us that a huge number of parents would interest themselves in this vast project, and give their permission for its being administered.

A large number have aready so expressed their desires. It is very, very important, especially when we consider the fact that out of 1,800,000 children vaccinated against

polio last spring only one died of polio! Protect the children from crippling polio. Here, indeed, is a real opportunity.

TTS THE LAW

Most of us never go inside a courtroom, unless perhaps to pay a traffic fine. Yet things take way we live. That's why we believe that justice must be done in "open court" where all may see.

Why not visit a court soon, and ee what goes on?

trial will be glad to have you pres ent. He sits on the "bench" behind a big desk. His job is to see that each party gets a fair hearing, to keep order, and to instruct the jury in the law, or to decide the case if there is no jury. The jury sits in the jury box to

one side of the judge. The jurors swear to consider well and impartially all evidence. The witnesses who sit near the bench swear to tell the truth. They may be examined and cross-examined by the lawvers for the two parties. The two parties in a trial are the "plaintiff" and the "defendant." In a civil action, the plaintiff action, the plaintiff of the two parties in the "glaintiff" and the "defendant." In a civil action, the plaintiff of the two parties in the plaintiff of t tially all evidence. The witnesses

tiff complains that the defendant has infringed some of his rights He seeks "relief." He usually wants the court to make the de fendant pay damages for the harm he has suffered, or believes h has suffered In a crimmal trial the "state" is the plaintiff, repre

Recently we tried a Strawberry Shortcake recipe which we'd the needle, and wind the thread degrees F. Add water softener and like to share with you as our "Recipe of the Week."

STRAWBERRY SHORTCAKE

2 cups flour 4 teaspoons baking powder 1 tablespoon sugar

1 teaspoon salt tablespoons fat 1 cup milk

Sift dry ingredients. Work in fat. Add milk and egg mixture all at once, mixing until product cleaves from sides of bowl. Turn onto lightly floured board or pastry cloth; knead about 20 strokes or until dough is smooth. Divide dough into two equal parts. Pat and roll out one portion to fit a pie or cake pan making a layer 14 nch thick. Brush top lightly with melted fat. Shape second portion of dough in same way and place over first. Bake in hot oven (425 degrees F.), 12 to 15 minutes When done, separate layers, spread with butter, sprinkle with sugar, put crushed and sweetened perries on one layer, and place the other over it. Spread this with ruit mixture. Serve at once eith-

plain or with whipped cream. Have you had experience in ewing with synthetic fabrics? If , you know that some synthetic abrics have a tendency to pucker n stitching if not handled proprly. Before you begin sewing necessary to make three adjust-

First, shorten the stitch slightly. Test for the proper stitch on the lengthwise grain of the fabric. When the lengthwise grain shows the proper stitch, the crosswise grain and the bias will be correct,

Next loosen the tension slightly. Adjust the top tension first as this

increase the pressure from the pressure foot. Thicker fabrics will require only the usual pressure.

Thread may make a difference, too. . . Nylon, dacron, and mercerized cotton are used for sewing on synthetics. Be sure to use the same thread in the bobbin as in

NOTICE

A new method for cleaning and lubricating all office machines.

Made especially for office machines.

No water to create rust. No acid or alkali. No gummy

or sticky detergent. Thoroughly lubricates all moving parts and bearings. Yet dries and does not col-

lect dust. Makes all machines operate much smoother, including new ones.

Try it the next time you need a cleaning job, you will be glad you did.

Countian Has Long Service In Red Cross

The Red Cross was born in the spirit of the Volunteer and without the Volunteer could not exist.

Of the 1,575,000 Volunteers who have made it their business to help neighbors over the rough spots in life and have joined in an organized fight against human suffering, there is one in Eastland County who has been volunteering her services since early 1916. She is Mrs. H. C. Croom of Ranger. Her first Red Cross experience was as a student in a Red Cross Home Nursing taught in Strawn, about

In 1917 a Red Cross instructor came to Strawn to conduct and supervise classes in surgical dressings and hospital garments. From one of these classes Mrs. Croom was selected to supervise and organize other classes. She and her groups made many thousands of dressings and packed and shipped these with many hundreds of other needed hospital supplies for use

Mrs. Croom and her family moved to Ranger in 1937 where she immediately began helping in many types of Red Cross work. She served when her services were needed, including the annual Roll

During World War II Mrs. served as Red Cross Camp and Hospital Chairman for Ranger. astland County Red Cross Chap-

er, together with other adjacent hapters, organized to help meet the needs of the servicemen sta-tioned at Camp Bowie, Brownwood. Chairmen of this service met in Eastland monthly and went to Camp Bowie by chartered buses. There they discussed the needs of the hospitalized servicemen with the Red Cross volunteers and paid staff members. Each Red Cross Chapter represented accept ed an assignment to supply the needed articles. Mrs. Croom vividly recalls that one time Eastland County Chapter was requested to supply musical instruments and four children live at 716 S. Ausrecords, also a request to completely furnish two sun rooms for convalescent patients. She also Force. helped in securing Christmas gifts for each patient. She asked every- 3906th Supply Squadron at Sidi one and all organizations to help Slimane AFB, French Morocco. in making ill servicemen more North Africa and has been sta comfortable. All the churches and tioned there for the past eight organizations and many, many individuals of Ranger helped Mrs.

Hospital Program.

At the end of the War when the sun rooms were no longer needed, the furnishings of the Sun Room were divided and given to Ranger Junior College and Cisco Junior College. This decision was made College. This decision was made knowing that many veterans would wildcat Spotted be attending these two colleges.

Mrs. Croom is now and has been for many years a member of the Eastland County Red Cross Chapter Board of Directors. She is also serving as the Red Cross representative on the Board of Directors of the Ranger Community

This gracious lady has done community that she was too modest to mention. For instance, it is known that she has been a member of the Methodist Church for 56 years, has been a regular choir member for a long time, a member holds an officer position in the American Legion Auxiliary, served as a local and County PTA ofboard for the Ranger Community Library, as an officer in the Civic League, assists in all elections held at the City Hall and numerous cated four miles south of Ranger. of the men serving in World War other endeavors; however, her greatest pride is in her fine fami-

an oil driller before he retired. He worked in Eastland County all during the boom and was one of the first drillers for the Hog Creek Oil Co. of Desdemona. They have six children: Bernice Brewer of Marlin, Lionel Croom of Artesia, Croom worked many hours in the N.M., Maurice Griffith of Ranger, Red Cross work room. She also Mary Smith of Fort Worth, James Croom now living in Refugio and Lewis Croom of Midland. They also have 10 grandchildren.

Mrs. Croom is a busy, useful citizen who somehow finds time to the Vernon Duke family of Wink help in all worthwhile projects. that their 5-year-old son, Kyle She said she enjoys her Red Cross Duwayne, had died unexpectedly. volunteer work because it means sharing in the work of people helping people.

MILLONTH TELEPHONE in TEXAS

Southwestern Bell's two millionth telephone in Texas was placed in service early this month...just 77 years after the first telephone installation in the state.

This two millionth telephone is a far cry from the two telephones installed in 1878 connecting Col. A. H. Belo's office at the Galveston News with his nearby home.

Not quite eight years ago - in August, 1947 - Southwestern Bell installed its one millionth telephone in Texas. Thus, we have added as many telephones in the past eight years as during the previous 69.

Yet, the big story is not in the number of telephones - but what the telephone means to the state and nation. As telephones are added, miles shrink and the range of the human voice overcomes time and distance.

Two million Southwestern Bell telephones in Texas form a bridge of understanding that strengthens the social and economic ties between all the people within and beyond the boundaries of the Lone Star

The growth of a telephone system within a state is a good indication of the state's prog-ress and prosperity. For instance, in 1925

TEXAS TELEPHONE MILESTONES

1878 - First telephones connect (ol. A. H. Beio's office in the 1879 — First telephone exchange in Texas opened in Galvestan.

1883 - First long distance telephone line connects Galveston and Houston. 1899 - First lift-the-receiver switchboard installed in Dalla

1927 — Telephone calls to Europe possible for Texans. 1929 — Ship-to-shore telephone service started.

1938 - Southwestern Bell's 500,000th telephone installed 1946 - First telephones in moving vehicles. 1947 - Southwestern Bell installs one millionth telephone

Houston home of Mr. and Mrs. Gunter W. Koefter. 1952 - Operator long distance dialing introduced.

1955 - Customer long distance dialing possible from Harlle-

1955 - Two millionth Southwestern Bell telephone installed.

Southwestern Bell served Texans with \$58 million in telephone property; by 1940 this had grown to \$139 million; and by 1955, the company served Texans with \$650 million in telephone plant. Because telephone growth is made possible by money invested by citizens in all walks of life, the two millionth Southwestern Bell telephone in Texas is a symbol of trust and confidence in the future of the state.

We are still growing and expanding with Texas - building more and better telephone equipment throughout the state . . . planning to meet the telephone needs of the future whatever they may be.

Yes, we're proud of our two million telephones in Texas. But to a greater degree, we are grateful for the friendship of the peo-
