THE NEED IS GREAT

BY JAMES WORTMAN **Drive Chairman**

For 19 years the United Fund has been in existence in the Eastland area to help the community through individual and group effort. 1975 marks the 20th year for this worthwhile organization.

10° EACH

The purpose of the United Fund is simple - - just this - - to help unite and improve the community. This is done by individual and group contributions, thus making all contributions greatly appreciated. It will take the effort of everyone to make the drive successful

The 1975 goal is \$10,470 with most agencies remaining the same or with little increase.

Eastland has never failed to meet her goal, something which we can be proud about! This is the type of spirit our country was founded on. We know this year will be no exception and that we will reach

AARP Formed In Eastland

The Eastland Chapter of AARP (American Association of Retired Persons) was formed on the evening of Sept. 26, in the Reddy Room at Eastland. Some 60 senior citizens, half of whom were already national AARP members, assembled at 7:00 p.m. to hear Mr. Carlos Val Smith, assistant to the State Director of AARP, present aims of the national and local programs.

Mr. Smith illustrates in person that the quality of service is high. "He's a paid volunteer'', said Mr. Roy V. Cartee. The Project Coordinator for Senior Citizen Activities in Eastland, Cisco and two other towns continued his introduction of the featured speaker:

'Mr. Carlos is paid purely in the satisfaction of service Local chapter membership. based upon national affiliation is designed to return the AARP high quality of service to its individual community. "Evaluation of success is based not so much on size as in enthusiasm and willingness of a group to do something of value in a community", Mr. Smith

After further discussion of AARP features in legislative representation, free-of-charge employment agencies and various publications, Mr. Smith concentrated on the business at hand in organizing a local chapter. The following officers pro-tem were elected: President -Mrs. James R. Johnson: Vice

Burglaries Cleared Up

The theft of narcotics from several local offices has been cleared up due to the coordinate work of Lefty Sublett's Sheriff's Department and Johnny Morn's Police Department.

Michael Patrick Kearney, about 25, of Cisco, was charged Tuesday and was being held in Stephens County jail.

On July 29 of this year, Dr. Treadwell's office was burglarized for 30 cc's of narcotics and \$2.00 cash. U-Save Pharmacy was burglarized of some 3,000 narcotic capsules on August 9. Then on September 5, there was \$20 taken from Dr. Cermin's office in Cisco and narcotics were also taken from the Graham Memorial Hospital in

With the arrest of Kearney, the theft of the payroll checks in Cisco amounting to about \$2,800 was also cleared up. This also clears up burglaries in Tahoka, Brownsfield and -Plains, Texas.

Bond has been set for Kearney at \$5,000.

Final Rites Held Tuesday

GOOD NEIGHBORS in action - - some 22 men and tractors were busy in the fields of Garland Garrett a mile west of Carbon, and the crop was reported dug before dark. Garland is a patient at Eastland Memorial Hospital, and his many friends saw the need for digging the crop. Instrumental were Bobby Tucker and Truett Norris and many others. Grover Hallmark of Eastland National Bank took 22 chicken dinners from the Dairy Queen down to feed what amounted to an old - time thrasher crew

COUNTY AGENT De Gordon reports heavy harvesting activity throughout the county as peanut raisers scurry to get crops in. In most cases the crop looks good.

LET'S CONGRATULATE (and pledge to help) Mrs. Austin McCloud who's accepted a statewide invitation to coordinate a 23 county regional Beautify Texas Council seminar to be held in Eastland in March, exact date to be set. These events attract upwards of 100 people and it'll be a good show - off day for Eastland. Persons interested in helping Mrs. Mc put the conference together are invited to contact her, she reports, because the more people who become involved the better Eastland looks.

SOMETIMES, OFTEN, the USDA is a puzzlement. Recently here a USDA film extoled the values of importing commodities. Now the President has called a moratorium on grain sales abroad apparently because of a snap with the labor leaders on who loads the ships. The Texas Farm Bureau is sounding alarms (along with many others across the nation) asking the President to lift the moratorium, and it makes sense.

A letter - writing effort is certainly called for. Eastland Countains may not raise a lot of wheat but certainly farm products are our long suit. We'd be willing to bet that hand - written letters, on our OWN words, to President Ford, Senators John Tower and Lloyd Bentsen and Cong. Omar Burleson, will be read and given consideration. It's our obligation to let these people know what we

think on these or any issues. That's what they're elected for. Now opinions vary, of course, but all should be reported to these leaders. Some oppose exporting grain to Communist countries.

Here's what the Texas Farm Bureau says:

The president of the Texas Farm Bureau has urged President Ford to call off his moratorium on grain sales to Russia Carrol Chaloupka of Dalhart said the ban on grain sales is a

serious blow to agriculture. Extension of the moratorium until mid October was announced by the President following a meeting with George Meany, head of the AFL - CIO. "Farmers resent being used as pawns in a political chess game".

the grain and livestock farmer said. "When agricultural markets are involved, we feel you should consult farmers, not the AFL -CIO. Labor union leaders do not feed this nation - - farmers and Chaloupka said farmers had responded with bumper crops to the government's request for all - out agricultural production to help

fight inflation and earn dollars abroad. He reminded the President

that farmers had been promised access to world markets. "Now with government stepping in to interfere with normal sales, we feel that we have been short - changed", Chaloupka said. "this action could have results not anticipated in your negotiations with labor union leaders. Instead of resulting in more domestic supplies of grain and lower consumer prices, the opposite may be

In his letter, Chaloupka said Texas wheat farmers are getting

ready to plant their 1976 wheat crop.

"If they feel they cannot count on normal export sales, they may cut back on their acreage, or not plant wheat at all," Chaloupka said. He added that even the most patriotic farmer must make a profit to stay in business. "We know you understand the problems of agriculture as well as

the contributions of farmers and ranchers - - as you have so quently stated so many times," Chaloupka said We urge you to call your moratorium, then go to the American e and explain the economics of agriculture. They need to know bo puts food on their table."

Three Injured In Car-Pickup Accident

Shortly after 6:30 p.m. Sunday, Sept. 28, the Eastland Police Department responded to car-pickup accident at the orner of Commerce and Dixie in Eastland that sent three people to Eastland Memorial Hospital with injuries.

Investigating officer Richard I ril said that an automobile driven by Jesse Lee Smith Freeman of Eastland was traveling east on Commerce when it collided with a pickup truck occupied by Mr. and Mrs. John A. Champlin of Odessa. Their automobile was traveling south on Dixie.

ENGLISH TEACHER - - Satterwhite visits with his former high school teacher, Miss Verna Johnson, right, and Mrs. Ella Birmingham, during "Coffee" in his honor at Reddy Room Saturday. Satterwhite, who now lives in Studio City, Calif., had a belated homecoming while in Eastland on his way to New Orleans. (James Dabney Photos)

"LONG TIME NO SEE" - - Says Satterwhite to Virginia Russell during reception in Reddy Room Saturday. Although Satterwhite didn't perform in any of the earlier theater productions in Eastland, he is a long time family friend of Mrs. Russell and her late parents, Mr. and Mrs. Joe Weaver of States Oil

Collen Gray ("Tex") Satterwhite, a former Eastland resident, and graduate of Eastland High School, class of 1937, paid a visit to Eastland Saturday and Sunday, Sept. 27 and 28, on what he referred to

as a "belated homecoming" Satterwhite was unable to attend the all-school homecoming, June 20-22, due to business commitments in the television and film making business he is associated with in Hollywood. finishing his contractural work on Sept. 15.

With Satterwhite on his Eastland visit was his wife, Virginia, a former Miami and Hollywood model.

The Satterwhites were honorees at a reception held in the Reddy Room of Texas Electric Service Company Saturday afternoon. Hosting the affair was Mr. and Mrs. James Dabney.

While in Eastland Saturday and Sunday, Satterwhite found

'GOTCHA'' - - Two former EHS school chums ham it up in the prop room of Eastland Civic Theatre. On left is E.J. Pryor, of Midland, former member of Virginia Weaver Russell's theater troupe in the early 1940's, is shown being "held up" by Collen "Tex" Satterwhite. Pryor, a 1938 graduate of EHS was a member of the cast of "room Service" presented on the stage of the Connellee (now Majestic) theater in 1940. He also played football and in the band while in high school here

AMILY FRIEND - - Mrs. Earl Bender discusses old times with Satterwhite on his visit to Eastland. Satterwhite's mother, the late Mrs. E.C. Satterwhite was a long time employee of the Earl Bender Intime to visit many of his "old haunts", which included the high school building, and the Eastland Civic Theater building. Although he was not a member of any local theater group, he is a long-time family friend of Mrs. Virginia Weaver Russell, and recalled many pleasant memories of having visited the late parents of Mrs. Russell, Mr. and Mrs. Joe Weaver of States Oil Corpora-

While on a tour of Eastland, he remarked -- "Boy! How this town has grown since I was here last." He particularly referred to the many new houses in town in the Valley View and Crestwood additions...and, those north of town in Airport Acres.

In addition to many local friends who drpped by the Reddy Room to visit the Satterwhites, former school friends E.J. Pryor of Midland and Jim Galloway of Dallas made special trips to Eastland to visit with their former band member.

Pryor is the brother of Bill and Ray Pryor of Eastland, and owns a shoe store in Midland. Galloway is the son of former County Clerk R.V. "Rip" Galloway, and is associated with STalworth Oil and Gas Co. of Midland and Dallas.

Satterwhite is a professional musician and music arranger in Hollywood and formerly played Trombone with the Tommy Dorsey, Charlie Barnett, and David Rose orchestras. He presently is engaged in arranging music for singing stars Tony Bennett, Vikki Carr, and occasionally the Lawrence Welk group, in addition to making musical arrangements for television commercials and large Hollywood productions such as the Emmy Awards Show.

While in town, he made two trips to the Eastland Memorial Hospital to visit Mrs. Marene

Satterwhite is the son of the late Mr. and Mrs. E.C. Satterwhite, who both passed away in the middle and late 1950's. Mr. Satterwhite formerly owned a hardware store on the east side of the square in the 1920's. Mrs. Satterwhite was a long-time employee of Earl Bender and Co. in the nsurance department.

Methodist Women Hold Meeting

The United Methodist Women met at the church this week with Mrs. H.L. Hassell, President, bringing some of the highlights from the recent District meeting at Brownwood. She was accompanied by Mrs. Ben Marney and Mrs. J.F Francis. Mrs. Hassell said that the Eastland society was complimented by the District President, Mrs. Lorene Thompson of Stephenville, for raising their budget for missions, for sponsoring the 100th anniver-sary of the church, for furnishing singing and visitation to the rest homes, and for an outstanding donation for the

remodeling of the parsonage. Mrs. Ben Marney brought our attentionto the wealth of information and inspiration contained in the church publications, "Response" and "The New World Outlook," which tells the story of our missions over the world. Mrs. Mrney closed with an article, "We are called to be a Stew." Some of us are carrots, some potatoes, some onions, even the unloveable, but God uses us all.

Mrs. H.L. Hassell was chosen to be our delagate to the Annual Conference to be held in Brownwood, Oct. 5th and 6th. Mrs. A.E. Cushman,

Reid Appointed To Committee

There was an executive meeting of the West Central Texas Council of Governments held Sept. 24, in Abilene at the Jamaica Inn.

Nineteen counties were turned down on an application for a grant of \$30,000 to buy criminal investigation equipment for law enforcement agencies. Eastland County was among the counties applying for the grant.

The executive director Bob Gallagher of the WCTCOG said he'd ask for a reconsideration on the grant.

The equipment is used to detect crime and to apprehend suspects. It is considered to be a major tool in fighting crime in the more rural-oriented regions.

Other business attended to was the appointing of a Budget Committee. James Reid was appointed to be on this committee. Mr. Reid and Judge Scott Bailey are both on the Executive Committee of the

Voter Registration Oct. 3

Texas voters must register by Friday, Oct. 3, for the forthcoming Special Constitutional Election to be held November 4.

In a statement issued from his capitol office, Mark White, Secretary of State, said, "As the State's Chief Election Official. I sincerely urge you (voters) to participate in the electoral process. Your vote is your voice in government and it is your right and privilege to cast that vote.

He continued by saying, 'Our laws make it easier to register to vote in Texas than in any other state.

Voters who have voted in either the primary or general elections since 1972 do not need to register again. He added that additional information was available from the Registrar of Voters in the Tax Office.

White explained, "Bilingual instructions and forms are provided with each voter guide now being mailed to all postal patrons in Texas. When you receive the proposed charter, read the inside back cover carefully.

Many County Tax Assessor-Collectors are receiving dual registrations due to this provision in the law. White added many citizens have applied

Coming Oct. 15 HIDING PLACE farm. The farmers planned their crops in most cases so as to raise the required feed for the next winter season. Field corn was one of the crops that was used to feed the hogs and on occasion, feed the horses and

One farmer had a certain field that seemed to raise better corn than any other on his place, so generally corn was planted in this field.

The farmer had noticed for a number of years, there was a certain place, about 100 square feet in size, that grew better corn than the balance of the field. He had also noticed the plows never hit a rock and the soil always appeared to be mealy or pulverized and never became hard crusted during extremely dry seasons.

One fall, after the corn had been harvested, the farmer told his sons they would dig a hole in the space to see why the condition existed or if there was something underground that didn't show up at any other place in the field. On the selected day, the father was up early on the frosty morning. He had fed the stock and by daylight the boys were up, had eaten breakfast and all proceeded to the digging site. The team was hitched to a scraper, an implement to which a team of horses was hitched and drawn through the loose dirt. The two handles were used to dig the scraper into the soil then drawn out by the horses. This process was repeated until a hole had been dug about six feet deep when a ledge of rock was discovered. On one side of the rock ledge there were no rock and the digging of the loose soile continued. The digging was carried on down next to the ledge. After another six feet of digging, the boys began digging under the lege. Soon, the boys uncovered a bone that might have been that of a human leg. More digging uncovered more bones. The bones were piled up against the barn and finally were destroyed by the trample of livestock. These farmers had never heard of-archaeology in those days and did not realize the potential value of the bones

Methodist Women Hold Conference

The Brownwood District will be hostess to the annual meeting of the Central Texas Conference of the United Methodist Women, October 6, 1975. The First United Methodist Church of Brownwood will serve as host church. Mrs. W. McFerrin STowe will be the principal speaker for the meeting. The candle will be burned so that members can honor friends with a monetary gift to Missions. This year no luncheon will be served. Instead a lunch consisting of a sandwich, cookies and a drink will be sold at lunchtome. This is to make all more conscious of the world wide hunger. The sandwiches and cookies are being donated by the United Methodist of the Brownwood District, and the money received will go to the United Methodist Commission for Overseas Relief.

Mrs. C.K. Burns of Crawford is president of the Central Texas Conference of United Methodist Women. Mrs. J.P. Thompson Jr., of Stephenville First United Methodist Church. is president of the Brownwood District, and Mrs. John Lewallen is president of United Methodist Women, First United Methodist Church, Brownwood.

Beta Sigma Phi Wins 1st In Parade

"Little Miss Eastland '75 in the 'Spirit of '76' was the theme of the first place float in the annual Peanut Bowl parade. The float featured Little Miss Eastland, Lisa Tyson, daughter of Mr. and Mrs. John Tyson. and was sponsored by the Zeta Pi Chapter of Beta Sigma Phi.

A Bicentennial theme was carried out, as Little Miss Eastland appeared to float down the parade route in a bell shaped red, white, and blue hoop skirt. Children of sorority members in period costumes also complimented the theme.

Andrea Bailey, daughter of Mr. and Mrs. Ronald Bailey; Robin White, daughter of Mr. nd Mrs. Ronnie White; and Shawn Alsup, son of Mr. and Mrs. Herman Alsup, wore costumes typical of the 1770's. Sherry Mangum, daughter of Mr. and Mrs. Robert Mangum, wore the wedding dress belonging to her great-great-grandmother, Sina Jensen, who came to the U.S. from Denmark and was married in 1880.

Lisa Tyson was crowned Little Miss Eastland 1975 in the annual spring pageant and will represent Zeta Pi and Eastland during her reign.

Previously, charges for work done and phones installed were lumped together under "occasional charges". The new bills will itemize equipment and service costs.

An additional line on the new bill will indicate date payment is due, current charges and any

unpaid balance. 'The new bills were designed to give customers additional information at a glance," Mrs. Gorr said. "We believe the new bill format will help our customers keep a sharper eye; on their budgets, at least the portion that goes for telephone service.

Mrs. Gorr noted that the new bill was conceived to comply with customers' request for more detailed information on

Manufacturer Considering Location In Area

WASHINGTON, -- Higher family incomes and more women in the labor force characterize nonmetropolitan U.S. counties that are gaining in population, according to a report by the U.S. Department of Agriculture.

The Economic Research Service (ERS) study released today notes that another sign of economic health for such population - gaining counties is the relatively higher employment rates in manufacturing industries. In contrast, nonmetro counties consistently losing population have high

TEXAS WATER QUALITY BOARD AUSTIN TEXAS 78711

THE WHAT CYCLE? Did you know that there is exactly the same amount of water on our planet today as there was when Cleopatra floated her barge down the Nue, and even eons before? And that it's the SAME water? And that the same amount will be present in all the years to come?

All true. What happens to water is known as the hydrologic cycle, which simply means that the same water is used again and again and again.

Water evaporated by the sun into the atmosphere becomes clouds which return the moisture to the earth in the form of rain or snow or sleet, only to evaporate again to continue its cycle.

All of which makes a tiny drop of water a mighty interesting thing.

But it is no more scarce today than it has been at any time in the history of our planet. What makes it seem scarce is that so many more people are using it because populations continue to grow, and we continue to find so many new uses for it.
