

**EASTLAND'S
24-HOUR
4TH OF JULY
SCHEDULE OF FUN**

Public Invited To Bicentennial 4th Of July Fun At Eastland Park

If you are awakened early Friday morning, July 4, by a cry of "The British Are Coming" please do not guess the statement as being made by a prankish youngster eager to awaken you from your morning sleep.

Get out of bed and throw open the shutter and what you should see will be an Early American Minuteman, by the name of Paul Revere riding on horseback; in front of your own home.

What you will have witnessed is definitely not a figment of your imagination, and is not going to go away as the sun rises.

It is all a part of Eastland's July 4th celebration, atop the City Park Hill, and centered around Independence Day.

Eastland Jaycees have been working hard over the past few weeks to provide the citizens of Eastland with a July 4th get-together that everyone can take part in and be proud of.

The celebration will last for a full 24 hours, that will be packed with a list of exciting events that the young and old can take part in. The long list for the celebration is varied.

"Loads of fun for everyone" is the slogan on July 4. Don't miss out on all of the fun and exciting events sponsored by local clubs, merchants, and individuals, on the day that begins our 200th birthday as a nation.

DUNKING BOARD EXCITEMENT

If you have a good arm, and have been just itching to put it to some good use, then be at the Eastland City Park on July 4th.

Come and join in at dunking your local dignitaries, your favorite teachers, merchant or friend in just one of the many, many activities planned for July 4, at the Eastland City Park.

TUG OF WAR

Sponsored by JRB and Thrift Mart.

Sign up quick for this event, only the first 10 contestants will be allowed. There will be 10 persons pulling for each supermarket.

This event should prove to be very strenuous for the participants. All you husky guys hurry on down to your favorite supermarket and get an application blank for this event, and make this 4th of July a safe, fun-filled day at the Eastland City Park.

EGG TOSS AND EGG RACE

Two very fragile events are among the lineup scheduled this Friday for Eastland July 4th celebration on City Park Hill.

Both the egg race and egg throwing events are featured by Sherry's Chic Boutique. Sherry asks that everyone dress accordingly for the events, although aprons will be furnished.

SPIKE DRIVING CONTEST
Sponsored by H&R Lumber

Rules: Contest will begin at 9:00 a.m. July 4, at Eastland City Park in Section A.

Each contestant will drive a #40 spike with his choice of a 16 oz. or 20 oz. hammer, into a wood block. Hammers and spikes will be provided by H&R Lumber Co. The contestant driving the spike with the fewest strokes will be the winner.

There will be six hammers awarded the first six winners (three each from the 16 oz. and 20 oz. class). First place winners will receive a top line hammer. Second place winners will receive a medium price hammer. Third place winners will receive a lower price hammer.

BIKE RACE

Bike racing action will be a key attraction during the 24 hour celebration on July 4th, coordinated by the Eastland Jaycees.

A total of five categories will be offered to riders: ages three to five, six to nine, ten to thirteen, fourteen to eighteen and nineteen and over.

The race will go around the park drive. Bring your own bicycle to the Bicentennial Celebration before 9 a.m. July 4th. Ribbons will be awarded to winners of each division.

5:00 p.m. - Bar - B - Q, and presentation of outstanding young man award of Eastland.

7:00 p.m. - Patrick Henry's speech, as presented by the Eastland County Republican Woman Club, and from the Eastland Music Study Club Quartet Singing.

7:45 p.m. - Flag Lowering with Taps by Stacy Blair.

8:00 p.m. - Men's Beauty contest, by Eastland Jaycees.

9:30 p.m. - Fire works display.

11:00 p.m. - Closing Ceremony.

In these days of toil, strife, economic crises, political ups and downs, and even celebrations such as those upcoming on July 4, the Bicentennial celebration, etc., we, the people of this great land THE UNITED STATES OF AMERICA often forget to really celebrate the true depth or core of the situation. We praise Washington, Lincoln, and others as the Father of our country. Are these really the ones who should be praised? Or, should we go back farther and praise GOD as being the true beginning of not only our land, but the entire universe.

The fun, laughter, frolic, fishing holes, boats, fireworks, and to a lot of our fine people - THE BOTTLE - are the only ways to celebrate such days as those coming up. Let's each of us really take a personal poll of ourselves and see deep down inside what we really are celebrating.

We would like to invite everyone to attend the Kendrick Religious Pageant "THE LIFE OF CHRIST" this July 4th at 9:00 p.m. in the amphitheater between Eastland and Cisco on U.S. Hwy. 80, to celebrate the backbone to all the world; the answer to all the problems whether worldly or personal; the real high some young folks are looking for through drugs; and receive the largest bang in life a person can receive, much larger than any received from the worldly pleasures. --- The Kendrick Family and Pageant Cast.

Carbon Reunion Friday & Saturday

ATTENTION CARBON EXES

The deadline for purchasing your bar-b-que tickets will be 5:00 p.m., Thursday, July 3, reports Mike Collins, President of the Carbon Homecoming. The tickets are selling for \$3.00 per person. You may obtain your ticket from either Mrs. B.W. (Letha) Robertson at either 629-1126 or 629-1625 or from Merritt Dunn at 629-1506. It has been reported that approximately 300 tickets have been sold.

The final touches are being made for the Carbon Homecoming which will be held July 4th and 5th. Most of the

organized activities will be held July 5. However there are a few get togethers on the 4th.

Events that will take place July 4th are: the classes of 1939 and 1941 will have an open house at the home of Marcelle and Glenn Justice at 8:00 p.m. Everyone is invited to come by for the get together.

The classes of 1935 and 1936 will meet in the Home Ec Cottage at 7:30 p.m. Agents are Letha and Bonnie Robertson and Marie Cook.

The class of 1949 will have an ice cream supper at the home of Mack Stubblefield at 8:00 p.m. in Carbon.

The class of 1954 will meet at Lake Leon for a party at the home of Janice Richardson Novak at 7:30 p.m.

At 5:00 p.m. the class of 1965 will meet at the home of Larry Duncan at 115 E. Garvin in Eastland for a Hamburger Cookout. Agents are Larry Duncan and Angie Clower.

Saturday, July 5, there will be more class meetings and events.

Registration will begin at 10:00 a.m. Most of the class meetings will begin at 1:00 p.m. At 5:30 there will be a program followed by the bar-b-que at 6:00 p.m.

Meeting at 1:00 p.m. in the first grade class room will be classes 1920-1925. Matt Graham is the class agent.

The class of 1926 will meet at the Eastland National Bank Conference Room from 10:00 a.m. until 12:00 noon. Bess Thurman is the class agent.

There will be a breakfast for the class of 1938 at 8:00 a.m. in the home of Mr. and Mrs. E.E. Allison 3 1/2 miles east of Carbon on farm to market road 2526. Everyone who was ever a part of the class is welcome to attend the breakfast.

Also meeting at 1:00 p.m. will be the class of 1953. They will meet at the school.

Funeral For Mrs. Copeland To Be Fri.

Maudie L. Copeland, 83, passed away July 2, 1975, at 3:40 a.m. in the Eastland Memorial Hospital after being there for five days. Services will be at 10:00 a.m. Friday, July 4, in the Bakker Funeral Chapel with the Rev. Steve Church officiating. Burial will be in the Eastland Cemetery.

She was born Feb. 27, 1892, in Kilgore, Texas. She married Robert Lee Copeland on April 25, 1909, in DeLeon and has been a resident of Eastland County since 1927. She was a member of the Pentecostal Church.

Survivors include one son Cecil Copeland of Eastland; two sisters, Mrs. Lily Parker of Munday, Texas, and Mrs. Beulah Reeves of Stephenville; five brothers, Ivy Reed of Ranger, Malcom and Louis of Dallas, Lloyd and R.G. of Bisbee, Arizona; four grandchildren and nine great-grandchildren.

She was preceded in death by her husband in 1964, and by one daughter and two sons.

Higginbottom Funeral Services Held Wed.

Lesta Reed Higginbottom, 65, a Mineral Wells school teacher, and formerly of Gorman, died at 9 a.m. Tuesday in Palo Pinto General Hospital in Mineral Wells after a long illness. Services were at 2 p.m. Wednesday in the Kokomo Baptist Church.

Burial was in Desdemona Cemetery.

Born Sept. 29, 1909, in Gorman, he had lived most of his life there. He was a school teacher in the Mineral Wells School system. He was a member of the Texas State Teachers Assn., and a retired Baptist minister. He married the former Thelma Creager Dec. 19, 1931, in Stephenville.

Survivors include his wife; two sons, LeRoy of Cross Plains and Bobby of Toler; a brother, Edgar of Gorman; two sisters, Mrs. Ellie Singleton of Desdemona and Mrs. Ed Glover of DeLeon; and three grandchildren.

July 4th Celebration

By Chairman Larry Rollins

Everyone enjoys a Beauty Contest. Watching the beauties parade around in their swimming apparel is always exciting, wondering which lucky beauty will be chosen the winner.

The July 4th celebration beauty contest promises to be very entertaining. It will definitely be different than the normal bathing beauty contest. Each contestant will be in their best form (whatever that may be). Judging will be based on applause only, so come and support the beauty of your choice and see who will be this year's July 4th Beauty Winner.

The contest will be at 8:00 p.m. July 4th at the City Park. There are several outstanding beauties entered, so if you would like to be a part of this exciting event, enter by calling Larry Rollins 629-2066.

Rules: Contest will begin at 8:00 p.m. July 4, at Eastland City Park Pool.

Contestant must be male,

over 30 years old. Must have at least one hair on chest and fuzzi on head. Must be at least 4 ft. tall but no more than 7 ft. tall. Must have at least one toe but not more than 12 toes. Must have hairy legs and arm pits. Must be able to spit tobacco but no cigars or snuff permitted. Must be able to chug-a-lug a 10 oz. coke and give a one minute speech on why he should be chosen as Eastland's Beauty.

Other outstanding characteristics: Knock-kneed, bow-legged, pot bellied, pigeon toed, sway back and flat footed, etc.

By Co-Chairman Monty Howard

Few people ever have the chance to taste the world's best Bar-B-Q or the opportunity to feast on Bar-B-Q prepared by the Eastland Jaycees. You can enjoy both of these with your friends and neighbors on Friday, July 4, 1975, from 5 p.m. to 7 p.m. at the Bicentennial Celebration on Eastland City Park Hill. Head

Sara Ann Ward Receives Masters

Sara Ann Ward of 721 S. Ammerman has received her Master's in mass communications at Texas Tech in the Spring Commencement exercises. There were approximately 2,350 graduating from Tech this spring.

Free Swimming July 4th

A large attraction for everyone during Eastland's Bicentennial celebration on the City Park Hill will be the free swimming offered by the City of Eastland.

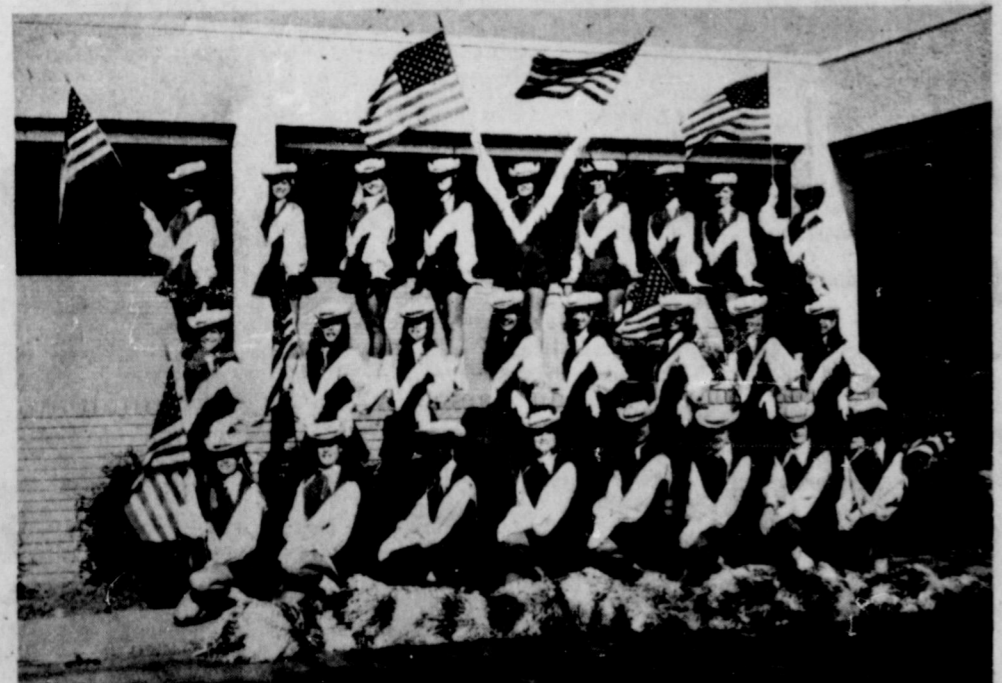

The pool will open around lunch and continue the free swimming until almost bathing beauty time.

Also during the day of swimming fun, some pool competition events are planned.

Seven girls from The Stars and Stripes Twirlers directed by Kay Wylie were participants in the 1975 Southwest Twirling Camp and Drum Major Clinic held on the campus of Cisco Junior College June 1 - 6. The camp was the sixteenth annual workshop for high school and junior high baton specialists held at CJC. The students attended classes for five days studying such things as solo tricks, twirling ensembles, dance - twirl routines, strutting and various types of baton specialties. Drum majors learned the fine art of leading a band in a commanding manner and giving proper commands and signals while marching. Staff director for the twirling classes was Ken Sasser of Fort Lauderdale, Florida, and other twirling teachers included Jeanine Hartnett of Dallas, Sharon Lenox of Charleston, South Carolina; Kim Taylor of Texas A&M University, Mikey Fowler Lucas of Lakeview, Gail Hartzell of Hollywood, Florida; and Linda Watson of Miami, Florida. Drum Major director was Bill Woods of Seagraves, Texas, and he was assisted by Bill Bristow of Lamesa. Those attending from this class were: Susan Williams, Tami Robinson, Joni Flinn, Kristy Wylie, Laurie Smith, Lessa Thomas and not pictured, Melinda Walton and Jennifer Stevens.

4H CLUB

SAN ANTONIO--Some 600 4-H boys and girls from across Texas will take a closer look at their cultural heritage during the upcoming Texas 4-H Congress July 15-18 at the Gunter Hotel here.

4-H members between the ages of 15 and 18 will be participating in the third annual State 4-H Congress along with a number of county agents and I-H and youth specialists for the Texas Agricultural Extension Service, the parent organization of 4-H.

Theme of this year's congress is "Our Texas Cultural Heritage", according to Dr. Kenneth L. Denmark, associate state 4-H and youth leader for the Extension Service.

Eastland Countians planning to attend are: Karen Plowman of Eastland, Caryn Lee of Cisco, Eddie Hamilton of Ranger, Randy and Revise Laminack both of Gorman, Doyle Meadors and Josie Boyd of Breckenridge will be accompanying the group.

"Delegates will have an opportunity to hear stimulating speakers, take educational tours and participate in group discussions that should provide them with a better background of their culture", points out Denmark.

Speaking at the first general assembly of the congress will be Dr. Thomas S. Haggai, a minister from High Point, North Carolina, who will talk on "The Meaning of Culture".

The opening assembly the second day will feature an address on "History's Legacy" by Dr. Haskell M. Monroe, dean of faculties and professor of history at Texas A&M University.

A third keynote speaker will be Dr. William H. Hale Jr., associate director for the Continuing Education Center at the University of Georgia. He will speak on "Strength Out of Diversity" at the closing assembly of the congress.

4-Hers attending the state event will also be treated to a number of group presentations, including a "Cultural Fair" by students of Trinity University, "Heritage in Music and Dance" and "Texas Cultures Today" by students of San Antonio Junior College, and a "Historical Pageant" by members of the Extension District 12 4-H Council.

Walking tours will include the Alamo and the Institute of Texan cultures.

A special feature of the state congress will be the election of officers and members of the 1975-76 Texas 4-H Council. The state council consists of the chairman and vice chairman of each of the 13 Extension Service district 4-H councils plus four delegates-at-large.

ARLINGTON--Top names in country music and rock and roll head the agenda for July Fourth weekend at Six Flags Over Texas.

On Friday, July 4, ABC recording artist Don Williams will bring his country music sound to the big theme park. Don's stardom began with his first release, "Don't You Believe", and continued to grow with other smashes such as "The Shelter of Your Eyes", "Come Early Morning", and "Amada". His current release "You're My Best Friend", is at the top of the country music charts. Don recently co-starred with Burt Reynolds in the Twentieth-Century-Fox movie, "W.W. and the Dixie Dance Kings".

Chuck Berry will head the Six Flags entertainment lineup on Saturday, July 5. Often credited as the premier figure of rock and roll, his success began with "Maybellene" in 1955 and continued with a long list of hits including "My Ding-A-Ling", "Johnny B. Goode", "Sweet Little Sixteen", and "Roll Over Beethoven", to name just a few. The flamboyant showman is still one of the most superbly exciting rock and roll performers today.

Showtimes on both Friday and Saturday evenings will be 8:00 p.m. and 10:00 p.m. in the Six Flags Music Mill Theater. There is no additional charge for the performance.

STATE CAPITAL Highlights AND Sidelights
by Lyndell Williams

AUSTIN — Gov. Dolph Briscoe's veto of 136 college building projects (which he estimated would cost more than \$1 billion) may be the subject of a court case.

University of Texas Board of Regents Chairman Allan Shivers said UT regents will defy the veto and go ahead with at least two of the rejected projects.

Shivers claims the veto is unconstitutional. He said the attorney general long ago held the governor cannot veto appropriations bill riders which do not call for specific expenditures.

The chairman further contends that UT projects will be financed with constitutional funds which cannot be controlled by an act of the legislature.

Briscoe maintains that UT, like other schools, must get College Coordinating Board approval of its con-

struction projects under a new law—or specific legislative approval. He voted the projects, in the first place, because he interpreted them as an effort to bypass the new statute by a subterfuge prior legislative approval through the appropriations riders.

State Comptroller Bob Bullock has indicated he will approve none of the UT building project vouchers in controversy without an attorney general's opinion. It has been hinted regents may seek a declaratory judgment in court to uphold their position.

Campaign Begins

Campaign for adoption of the proposed new state constitution November 4 already is shaping up.

Former Texas Supreme Court Chief Justice Robert W. Calvert will lead the

drive for voter support. Top officials who are supporting the new charter include Lt. Gov. Bill Hobby, House Speaker Bill Clayton, Atty. Gen. John Hill and Supreme Court Chief Justice Joe Greenhill.

Governor Briscoe did not attend the initial meeting to kick off campaign plans. He made clear later that he has not made up his mind whether or not to support the revision. He has never been a supporter of annual legislative sessions, Briscoe reminded. The new constitution would provide for annual legislative sessions. It also would broaden powers of the governor considerably.

Committee Recesses

A House committee studying possible impeachment proceedings against 229th District Judge O. P. Carrillo recessed until July 9 to allow its staff time to catalogue evidence.

Chairman Rep. De Witt Hale of Corpus Christi said he is hopeful the committee will complete its work and vote on its recommendations by August.

If the committee recommends impeachment, the House will convene three

weeks later to hear the case. Should the House vote articles of impeachment, the Senate then must "try" the case. A two-thirds majority would be necessary to impeach.

Courts Speak

The State Supreme Court upheld an intermediate court judgment dissolving an injunction by Judge O. P. Carrillo against oil operations on the Clinton Manges Duval County ranch.

The Court of Criminal Appeals affirmed a life sentence given a Laredo rancher in the 1972 shooting of five Mexican aliens on his ranch.

A \$535,866 judgment for a truck driver who was disabled when he ran into a train on a foggy night was upheld by the Supreme Court.

Truckers' \$363,646 breach of contract suit verdict against the Houston Chronicle was affirmed by the Supreme Court. At issue was an agreement to transport newspapers.

An Austin district judge stopped Austin and Dallas commercial colleges from enrolling new students until they refund \$230,000 in tuitions to former students. The judge also restrained an Indiana truck driving school from violations of the proprietary school act.

AG Opinions

Atty. Gen. John Hill held records on suspension or revocation of alcoholic beverage licenses, except those excepted by statute, are public and should be disclosed.

In other recent opinions, Hill concluded: Information submitted to the Board of Insurance to fix workmen's compensation coverage rates is public.

An applicant for an occupational driver's license must offer valid proof of having an auto liability insurance policy.

A private club license fee can be paid under protest. Texas Private Employment Agency Regulatory Board can prescribe fees for private employment agencies where an applicant loses a job found for him in 30 days of employment.

Appointments

Uvalde District Judge Ross E. Doughty was ap-

pointed by Governor Briscoe to succeed State Supreme Court Associate Justice Ruel C. Walker who resigned after 21 years' service.

Jack Woodley of Sabinal will replace Doughty as 38th district judge.

Former State Rep. Terry Doyle of Port Arthur was named legal counsel to a special legislative impeachment study panel.

Governor Briscoe named members of the revamped Texas Board of Health Resources and selected Dr. Robert D. Moreton of Houston chairman and William T. Foran of Amarillo, a citizen member, as vice-chairman.

William M. Rugeley of San Marcos was designated by Briscoe to serve as criminal district attorney for Hays County.

Mike F. Frost of McAllen was appointed to the Texas Water Quality Board, succeeding Clyde Johnson of San Antonio, who resigned. Tom McFarling of Austin is interim Insurance Commissioner.

H.D. Council Slates Meeting

The July H.D. Council meeting will be on Wednesday, July 2 in the Texas Electric Reddy Room in Eastland. The meeting will begin at 2 p.m. New Council and Club Officers will take office at this time.

New officers for the Council are: Chairman Mrs. Bernar Campbell; Vice-chairman Ms. Gerald Tucker; Secretary Mrs. T.L. Hale; and Treasurer Mrs. Zelma Lusk.

Delegates to the State T.H.D.A. Meeting to be held in Abilene on September 23-25 will be elected. Also the County T.H.D.A. Chairman will be elected for the 1976 year.

The Home Demonstration Club women will sponsor a reception at the County 4-H Dress Revue on Thursday night, July 3 at the Ranger Junior College Library for the 4-H girls and their parents and leaders.

Dont't forget! There will be a "Car Talk for Women" Workshop on July 8 from 1:30 to 4 p.m., at teh Farm Bureau Building in Eastland. The

workshop will be conducted by Mr. Henry O'Neal of the Texas Agricultural Extension Service. The workshop is designed to help women understand their car operations and maintenance as well as travel hints and how to save money on simple car repairs.

All interested persons are invited to attend the program. The Extension office has an ample supply of food preservation bulletins which are free upon request.

Many gardeners are gathering tomatoes and cucumbers now, and our office has been getting requests for pickle recipes. A good sweep pickle recipe is: Slice 7 pounds of cucumbers 1/4 inch thick. Soak overnight in mixture of 1 cup slaked lime and 1 gallon water. Drain. Rinse thoroughly with several changes of cold water. Place in large kettle. Add 8 cups sugar, 2 quarts vinegar, 2 tablespoons dairy or kosher salt, and 1/2 cup mixed pickling spice (tied in cloth bag). Bring to boil, and continue boiling for

30 minutes. Pack pickles in hot jars. Cover with hot liquid. Close jars and process in boiling water bath 10 minutes. Makes approximately 12 pints.

CHILI SAUCE

1 gallon peeled, chopped ripe tomatoes, 2 cups chopped onion, 2 cups chopped sweet red pepper, 1 small hot pepper, chopped, 1 Clove garlic, thinly sliced, 1 teaspoon whole allspice, 1 teaspoon whole cloves, 2 teaspoon whole cimmamon, 1 cup brown sugar, 3 cups vinegar, 3 tablespoons salt.

Combine chopped vegetables. Tie spices in a bag and add to vegetables. Cook vegetables rapidly, stirring often to prevent sticking. When the vegetables have cooked to about half the original amount, add the sugar, vinegar, and salt. Boil rapidly for 5 minutes, stirring constantly. Pour into hot jars and close. Process in boiling waterbath 5 minutes. Result: Delicious Chili Sauce!

Do You Remember

BY HERMAN DEMPSEY

When the oil boom was going with full force, the grown young people in the community went out to work in the oil fields and make their fortunes. It was perhaps about this time in history, the Liars Club was started.

One young man from the Community came back to visit his old friends and relatives. He was driving a long new black Rolls Royce Sedan. After a good number of his old friends had gathered around and inspecting the fine features of the new car, he started telling of his good fortune in the oil fields.

It had all started when one cold windy day he stopped to help an old woman with a flat tire. She was a widow lady with no known relatives and invited the young man to her ranch home for dinner as her gesture of appreciation for the boy's courtesy. The meal was most wonderful and the evening visit after the meal was also wonderful. He learned she owned twelve sections of land

and there was an oil well on each section. The boy went on with his story. He visited the lady regularly and finally married her. Before her death shortly after they married, she had named the young man in her will to inherit all her belongings.

The boy was proud to tell his friends that his income from the property amounted to a thousand dollars every day.

The group of friends listened in amazement as the story unfurled and the information was made known by one of their friends on how he had become so wealthy in so short a time. The boy drove away in the automobile, leaving his friends to dream.

Later, one of the friends who had gone to the oil fields and returned for a visit revealed the real truth about the rich young man. His boss had bought the big car in a distant city and the young man was sent to the city to drive it back to the boss. Could It Happen Again?

U.S.D.A. Announces '75 Peanut Price Support

WASHINGTON--Provisions of the 1975 peanut program including a minimum national average support level of \$388.50 per ton were announced today by the U.S. Department of Agriculture. The minimum support level for 1975 crop peanuts represents 75% of the peanut parity price for June 1975. The support level for 1974 peanut crop was \$366.00 per ton.

The 1975 peanut program is essentially the same as the 1974 program in that (1) peanuts found to contain visible Aspergillus flavus mold will be ineligible for support, (2) producers will be required to assume a charge for storage, handling and inspection, and (3) Commodity Credit Corporation minimum sales policy for diversion sales will be 100% of the loan level.

The Agricultural Act of 1949 provides for peanut support at a level between 75 and 90% of the parity depending on the percentage which the total supply of peanuts is in relation to the normal supply at the beginning of the marketing year.

The national average support level will be adjusted upward at the beginning of the market

year, August 1, 1975, if at that time a combination of the parity price and the supply percentage results in a higher legal minimum support level.

A later announcement will list the support level of 1975 crop peanuts by type and area, as well as premiums and discounts for various types of kernels, foreign material and other factors.

Support will be available through loans and purchases. Loans to approved grower associations cooperating in making support available to farmers will mature on demand by the Commodity Credit Corporation.

Thoughts

From The Living Bible

"God has abandoned us," you cry. I'll tell you why; it is because the Lord has seen your treachery in divorcing your wives who have been faithful to you through the years, the companions you promised to care for and keep. You were united to your wife by the Lord. In God's wise plan, when you married, the two of you became one person in his sight. And what does he want? Godly children from your union. Therefore guard your passions! Keep faith with your wife.
Malachi 2:13-15

WASHINGTON

"As it looks from here"

OMAR BURLESON
Congressman
17th District

WASHINGTON, D.C. -- AN "ENERGY" BILL BROUGHT OUT BY THE Ways and Means Committee has been passed by the House of Representatives. The Senate is working on their version. As originally adopted by the Committee, it was proposed that a tax increase of 3 cents per gallon be placed on gasoline the first of 1976. Another possible 20 cents was to be added over a period of three years if consumption rose above the 1973 level. A tax on automobiles which failed to get 16.5 miles per gallon by 1977 would be taxed with increases over a five-year period unless a particular make of car reached 26 miles per gallon.

THESE PROVISIONS WERE KNOCKED OUT on amendments which left a system of quotas on imported oil and a system of tax credits for both private and commercial use when energy consumption was reduced by a set percent.

ANOTHER BILL NOW OUT OF THE INTERSTATE AND FOREIGN COMMERCE COMMITTEE which does not deal with taxes of any kind would roll back the price of "new oil." This is oil produced after 1973 now selling at the market price. Production of "old" oil now controlled at \$5.25 per barrel would be allowed to increase over a period of five years to \$7.50 per barrel which would establish one price for all domestic crude oil.

THE MEASURE PROVIDES FOR AN ALLOCATION OF GASOLINE by placing a nation-wide monthly ceiling on all gasoline consumption. This measure, like the one passed, would also require auto manufacturers to meet a fleet average of 18.5 miles per gallon by 1978 up to 28 miles per gallon by 1985. It also gives the President standby authority to put into effect a rationing plan which must be first submitted and approved by the Congress.

THERE ARE ABOUT AS MANY IDEAS IN CONGRESS on a so-called energy bill as there are Members and suggestions from across the Country arrive in every mail. MOST OF THE IDEAS HERE SAY that the American consumer of automobiles and gasoline must be rescued from their own folly in the use of fuel.

THE WALL STREET JOURNAL RECENTLY COMPARED some of the current ideas of Al Capp's cartoon character "Fearless Fosdick" who roams cities rescuing hapless citizens from eating poisoned beans by putting dollar-size holes in their heads with his special gun. The idea perhaps would be to eliminate every tenth motorist which would then save 10 percent of gasoline consumption. Fearless Fosdick flying a B-52 could put out of business every automobile plant producing cars which average less than 15 miles per gallon and that situation would be taken care of.

THE COMPARISON WITH FEARLESS FOSDICK then breaks down. It is clear why citizens should not eat poisoned beans. It is not clear why Congress should bludgeon Americans with a tax to conserve gasoline.

IT IS DIFFICULT TO APPLY REMEDIES FOR ENERGY conservation to all parts of the Country and have fairness. The cities have public transportation. The smaller towns and rural areas have to depend entirely on their automobiles.

ALL SORTS OF DISCREPANCIES CROP UP. For instance, no tax was placed on heating oil or other end-products of crude. Manufacturers of 60 watt light globes might not pay a penalty but the

consumer get socked with a \$1.00 a piece for 100 watt globes. Builders who build three bedroom houses might pay a penalty of \$3,000 but builders who turned out only two bedroom houses would not be taxed.

NOTHING IS SIMPLE IN THIS WHOLE PROBLEM and if practical approaches are presented, they will be complicated in short order. Decontrol of oil and gas prices would doubtless run up the price, at least temporarily, but prices are going to increase anyway because of our dependency on imported oil. It is the only way, however, that more supplies will be made available.

THE IDEA OF STORING A MONTH'S SUPPLY OF CRUDE OIL in subterranean salt domes would, in the long run, handle almost any emergency. These more practical approaches do not satisfy a lot of people who seemingly have an almost pathological dislike for the automobile.

Emory Walton Guest Speaker For Cisco Rotary Club

Speaking before the Cisco Rotary Club, Thursday (June 26) Eastland County Criminal

District Attorney Emory Walton labeled the proposed new Texas Constitution, "...

masterpiece of appeasement." Walton said there were examples of appeasement

throughout the document for nearly every faction, or group of voters. As an example,

Thursday, July 3, 1975

EMORY WALTON Photo by James Dabney

Walton told the members of the Rotary Club that under the new constitution (due to go into effect in 1976) providing voters approve it in the November 4 election, the State "... can have deficit spending and financing, providing the State legislature so deems."

probability, have its name changed to "Court of Appeals," Walton said. From there, the next court of appeal would be the State Supreme Court where "... a huge bottleneck of cases" will occur.

Walton elaborated by saying that "... We now have the best court of Criminal Appeals in the nation, and the new Constitution could easily destroy it."

In addition to these objections, Walton explained that under the proposed new Constitution, State legislators will not be accountable for their new salaries and expense. "The new setup will remove this from the voters and put it into the hands of an appointed 'Legislative Salary Commission' who will hold office at the discretion of the governor."

Walton said that State Comptroller Bob Bullock has predicted the implementation of the new Constitution, if and when it is put into effect, could cost the State upwards of 11 billions of dollars and that another 2 or 3 million dollars could be spent by the Legislature in calling a special session to implement the new constitution if it is O.K'd by the voters in November.

Walton told the Rotarians, "It's your dollar, and if you feel the State can't afford it, you should vote against it ... otherwise, vote for it." Walton said proposed new tax structures outlined would have a "drastic effect" on cities, schools, and other political subdivisions, and there is no way you, or I, can predict the implications and consequences which will result if this new proposed constitution is adopted by the voters."

June Weather Roundup

By F. James Dabney Eastland National Weather Service Station

June was a relatively dry month for Eastland. Official rainfall records locally showed only 1.36 inches of rain, with more than an inch of that falling June 9th, bringing the year's total through June 30 to 14.34 inches.

During the same month last year, the records reveal very little more, only 2.07 inches. Through June 30 of last year, the year's total was much smaller than this year's with an official 8.99 inches being recorded.

However, we can be thankful that the mercury through June just past didn't reach the heights it did last year during the same month when temperatures above 100 were common. The mercury reached 100 or above eight times, with the hottest day being June 15, with a sizzling 103 degrees.

The thermometer has yet to reach 100 this year. In the month just past, the highest reading was 97 degrees on June 14, which was also the highest

reading so far this year through June 30.

The coolest night time reading in June was 50 degrees during the early morning hours of June 1. That compares favorably with the 51 degrees recorded during the early morning hours of June 25, 1974.

Other points throughout the County have recorded much more rain, unofficially, than did Eastland during the month just past. For example, while Eastland was receiving .23 inches on June 26, Cisco had an unofficial 3.50 inches.

With the year now more than half gone, we are a little ahead of normal on our average yearly rainfall. The yearly average for the County is 26.54 inches, so we will just have to wait and see what the rest of the year holds in store weather-wise.

Visitors

Recent visitors in the home of Mr. and Mrs. Al Novak were Mr. and Mrs. Joe Meredith, Jan and Joni of Oklahoma City; Mr. and Mrs. Harry Buck of San Antonio.

Higher costs are pushing up the price of electricity.

Here's how you can hold down your air conditioning costs:

- 1. Set thermostat at 78 degrees—the lower the setting the more electricity the unit uses.
2. Replace disposable or clean permanent type filters as needed — clogged filters make the unit work harder and use more electricity.
3. Provide adequate attic ventilation—this helps reduce heat buildup.
4. Install proper duct, ceiling and wall insulation and weatherstrip windows and doors—keep hot air out, cool air in. This helps reduce winter heating costs too.
5. Shade the outdoor unit from the sun but keep the unit free of grass or other obstructions that might prevent proper air circulation.
6. Keep windows and fireplace dampers closed—this prevents excessive loss of cool air and infiltration of hot air.
7. Shade windows from direct sunlight with awnings, blinds or draperies—this reduces the load on the unit.

Even though it's costing more, the electricity that's helping keep you cool this summer is still a good value. While the cost of living has increased 68% in the past 10 years, the price of electricity is up only about 25%.

MEETING in the school building at

1:00 p.m.

HISTORY OF THE CARBON SCHOOL Taken From Records in the Office Of Eastland County School Supt. (Subject to Revision)

On July 29th, 1884, R.M. Black, County Judge for Eastland County, issued a check in the amount of \$78.20 to C.B. Jordan, A. Warner, and W.B. Cole, school trustees of Carbon to build a school house.

A small structure was built near the present home of John Guy, and provided a place for educating the pupils in Carbon at that time. W.B. Train, was the first schoolmaster, and thirty pupils were enrolled in 1884.

School was held during a three month period, and total expenditures totaled \$173.85.

By 1890, the school at Carbon had 80 eligible pupils: \$200.51 was spent for an addition to the school and S.W. Wharton taught school from January through May.

By this time other schools had sprung up in the surrounding territory; records show that Union (Flatwood) had 65 students; Jewel, 113; Center Point, 19; Latham, (Pickett) 55; Long Branch, 70; Rodgers (Bear Springs), 44; Pleasant Valley, 45; Nash Creek, 50.

By 1900 Carbon had grown to such an extent that a new four room structure was built at the present site, and in 1902 the attendance there was 152 students. The school at Britton had 20 students; Pleasant Hill, 26; Oak Grove, 51; High Knob, 32; Grapevine, 29; Hallmark, 39; and High Point (Mangum) 65, were in operation by 1900; the area became very educationally minded.

It was not until 1910 that graduation exercises were held in the Carbon High School and at that time Willie Stubblefield, Flora Reese, and Vici Dover received their diplomas.

Some schools changed names, some were dissolved; others were created; however, it was 1929 before consolidation had any effect on the Carbon Schools.

At that time, the State of Texas decided to consolidate many of the smaller schools, and since Carbon had completed a modern structure in 1915, it was chosen as the center for the schools of Jewel, Wheat Springs, Bear Springs, and Oak Grove.

By April, 1931, the consolidation was affected, and Carbon became the educational center of this area of Eastland County.

In March, 1940, Mangum became a part of the Carbon schools, and by 1942, an addition of eight classrooms and an auditorium was completed, making sixteen rooms available for class instruction, and providing other needed space.

Also in the 1940's a new gymnasium replaced the one that burned, and an Agricultural Building, Homemaking Cottage, and lunchroom were added to the existing facilities.

These facilities were needed, for it was during the same period that the schools of Flatwood, Long Branch, Center Point and Kokomo became a part of the Carbon Schools. By 1950 Carbon School served the same area that it presently serves.

Constant renovations, repairs, and remodeling have kept the facilities of Carbon School in good condition.

A bus barn and lighted baseball field was completed in the early 1960's, the football field has been renovated and bleachers added; city water has replaced the three wells that were used as a water supply.

But the basic buildings are still those who housed the many students after the consolidation of the 1940's.
