Medone

WE'RE GLAD you're home Exes!

We're rolling out the red carpet for everyone of you, and we hope you have a good time while you're here for your 1975 EASTLAND HIGH SCHOOL REUNION. . . Has it really been five years since we saw you last? We know you've got a lot of "catching up" to do with visiting, and remembering how it used to be at old EHS on the hill. .You'll see a lot of changes in your Eastland town: we hope you'll like what you see. There are new faces, new businesses, but all in all, it's still the same good town that you helped build when you were here. . . Friendliness surely is its key, and we hope that you're treated so many good ways while you're here, that you'll just make yourself a pledge to get back here to live as soon as you possibly

There's a lot of activities planned and we know you're going to be busy, but we hope you can find time to drop in and visit with every shop and business in town. We're all truly delighted to have you

The local Ex - Student Officers and Directors certainly deserve a big vote of thanks for the tremendous job they've done. You can but imagine the long hours they've all spent working on this big event. We know you join us in saying a big "thank you"

We'll be seeing you at the Lions Club Spaghetti Supper Friday Night at the Elementary School, all day Saturday, and then Saturday night at the big Barbecue at the Maverick Stadium; and at the worship service Sunday

Who knows? We might take a census while you're here: you'll nearly double our population.

All motels, all hotels are booked for the Reunion weekend, Chamber President James Wright reports, so if anyone has a room they'd like to let for a room - less Exe, please contact the Chamber office right now.

YOU VISITORS and home folks too, will be more than happy to know that one of Eastland's oldest and perhaps one of its best traditions is being reinstated this year - - THE BIG DAY at the Eastland City Park on July Fourth. You all know how much fun it used to be; well, it's going to be again this year. Thanks to that hard working, don't - ever - say - it - can't - be - done group, the Eastland Jaycees are going to put it all together. Energetic President Don Baird and his bunch of stalwarts are busy right now setting plans for the biggest, funniest 24 hour day of fun, you'll ever have. Just to give you an idea: there's going to be free swimming, a male (?) betaing beauty contest, tobacco spitting contest (world's championship). Paul Revere rides, and well, you just better plan to be in Eastland on Friday, July 4; City Park Hill, where it's always been - - it's going to be again. Bring the kids, and plan to spend the day. There's going to be a barbecue, and who knows what all. It's ng to be right here - - what a glorious way to begin the celebration of our nation's 200th birthday. It's Eastland's 100th too, so double reason to make plans right now: EASTLAND CITY PARK. Remember all the fun you've ever had there?

MOSTLY BACKWARD glances: Weren't you proud of our town at the Lawmen's Appreciation Day and Bicentennial Designation? How do you ever say thanks enough to people like the Austin Mc-Clouds, Police Chief John Morren, Mike Collins and Emmett Lasater for the unbelievable work they did. Sure, they had a lot of good help, but really, they got it done. . . Flag Day was especially good too, and seriously shouldn't we, shouldn't somebody be making some decisions on perpetuating this wonderful exhibit of patriotism. You can't chunk 18 past performances. It deserves us. Are we going to stand up to it?

1975

Fair and Warm Thru Thursday. High Thursday In The Mid-80's With Light And Variable

There are approximately 2000 exes expected to register for the 1975 Eastland High School Homecoming, reports President

Biggest

The Homecoming will begin June 20 and last thru June 22. Registration will begin June 20, at 10:00 a.m. until 5:00 p.m. (the registration money will be used for future homecoming

All tickets for events will be

Dance tickets \$2.50. (will be good at all three dances. At the Country Club, Elementary -School and Old High School

Barbeque tickets \$3.00 per p.m. in the Maverick Stadium).

All day Friday will be a visit. There are various meeting places--some classes are meeting in different homes or

food and sandwiches through-

The Lions Club will sponsor a

Saturday morning registra-

There are some class meetings scheduled for the morning at various homes. (Be sure and check the bulletin board at the

Elementary School.) The Golf Tournament at the Lone Cedar Country Club will start promptly at 8:00 a.m. and must be concluded by 2:00 p.m.

There will be a FREE Kiddy Show at the Majestic Theatre. The Eastland Telegram is spon-soring the show, LIVING FREE which will begin at 10:00 a.m.

Saturday night the giant Barbeque will be held in the Maverick Stadium beginning promptly at 7:00 p.m. There wil be a short program conducted and various awards will be presented. Persons are asked to sit on the West Side of the Field where the speakers stand will

be located. All dances will be starting at 9:00 p.m. and will be over at 1:00 a.m. Orchestras will be provided for the dances at Lone Cedar and at the Elementary School. There will be a juke box provided for the sock dance at the old high school gym for the

younger generation. The final day of the homecoming will start off with the religious services. They will be conducted at the High School Auditorium beginning at 9:30 a.m. The speaker will be Dr. C.E. Peebles, and soloist will be

Virginia Garrett Seelig.

Ministers who are former graduates will help conduct the service. The religious service will be over by 10:45 a.m. This will give the exes an ample opportunity to attend their choice of Eastland church.

This will conclude all Homecoming activities and we hope everyone has an enjoyable time visiting with old friends.

Lone Star Kate Hike **Tabled By Counsel**

The Eastland City Commission tabled for further study a request by Lone Star Gas Co. for a ten cent per thousand cubic foot rate increase during regular meeting at City Hall Monday evening.

Eastland volunteer fire chief Jack Graham appeared before the commission routinely and the commission approved a recommendation from the . County Dispatch to change radio call numbers with Eastland's numbers to be in the 600 series under the new program. This was agreeable with Chief Graham.

Billy Jacobs of the Engineering Firm of Yeatts and Decker. engineering firm for the just completing sewer plant, appeared with a change order which would reduce the cost of the plant by \$212.32, bringing the total cost for the project to \$308,833.81. This was approved.

All commissioners were present with Mayor H.V. O'Brien

During the discussion on the gas company rate request, District Manager W.L. Simmel reported that the requested increase was in line with that approved for the company's transmission's city gate rate, which was approved by the Railroad Commission and in line with that asked by the organizations of cities.

Commissioner W.H. Hoffmann pointed out that it seemed funny that Lone Star is paying an average of some 23c per thousand cubic feet (MCF) in this county now and in turn is

asking for a gross rate of \$3.01 for the first 1,000 cubic feet. He explained that the company averages buying some two and a half billion cubic feet of gas in Eastland County a year and only about a billion cubic feet is used in the county annually so most

It means, he said, that the company is getting gas in this county cheap and selling it back at a much higher price. Mr. Simmel explained that

local gas going elsewhere.

the company has an obligation to sell gas to all of its some one million customers, and that the gas costs a lot more in some parts of the country, and of course some areas do not produce any gas. We can't solate our areas, he said, because we're obligated to provide gas to all our custom Mr. Hoffman introduced the

motion to table the request which was seconded by Commissioner Dale Bakker and all commissioners voted for post-Eastland Jaycee President

Don Baird and Member Steve Haines appeared before the commission asking that the city assist with plans for a gigantic July Fourth Bicentennial Celebration at the City Park this year, and the commission not only agreed to offer free swimming in the city pool that day, but also voted a motion of endorsement for the Jaycee project and pledged to help make the day a big success and fun for all.

Eastland Bicentennial Chair man Emmett Lasater appeared reported on the city-sponsored bicentennial program, and pre-sented the state and national certificates to the city. It was agreed to display the beautifully framed documents on a rotation before the commission and

Mr. Key and the city.

M.G. Key appeared before

filing the request (June 9). Mr. Simmel explained that the increase will be asked in all towns served by the company. He said in his request:

'As you know, the cost of gas is skyrocketing. In 1970, this Company's weighted average cost of gas was approximately 18c per thousand cubic feet. Today, our weighted average cost of gas is approximately 73c per thousand cubic feet. The

cost of gas continues to rise because gas companies, pipiline companies, electric utilities and large industrial consumers are all actively seeking new gas supplies. The competition for new gas is fierce. Because the price of gas at the wellhead in the State of Texas is not regulated, competition is setting the effective rate that we

the year 1975. Ken will be lifeguard and manager of

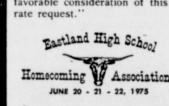

the pool with Mrs. Ben Sancillo as desk manager. Pool hours are from 1:00 p.m. to 6:00 p.m. each day.

> must pay for gas. "All of the gas-purchase contracts that this Company has acquired in the last three to four years have automatic escalating clauses in them. Even if the Company buys no new gas, the price will continue to rise. When we last appeared before you (1972) to seek a new gate rate, we were paying about 30c per thousand cubic feet for gas at the wellhead. Today, we are paying \$1.50 and up.

This company must continue to buy gas in order to keep our reserves up to the point where we can serve all our customers. Lone Star Gas is mmitted to providing the best service possible to all our customers. This is evidenced by the large sums of money we have spent on new pipelines and underground storage facilities. These two items allow us to effectively serve our customers when the demand for gas is extremely high. No residential or commercial customers have experienced gas shortages during the last several years, when other cities and other customers in the southern part of the state were

having this difficulty. The Company has made a conscientious effort to keep our serve up to the highest possible standards without an unnecessarily large number of employ-

'Lone Star Gas asked for rate relief in testimony presented before the Railroad Commission rising gas costs.

WASHINGTON

"As it looks from here"

OMAR BURLESON

17th District

WASHINGTON, D.C.

'GIVE AN INCHE AND TAKE

A MILE" is applicable to most

things with which the Federal

Government deals. A case in

point, and one which will be

resolved in the very near

future, relates to the Water

Pollution Control Act passed in

IN THIS LAW, THE CORPS

OF ENGINEERS WAS GIVEN

AUTHORITY to issue permits

for dredge and fill disposals.

The Corps has applied the Act

only in "Navigalbe" waters but

the Federal Court has ruled

that this was too narrow an

interpretation and ordered the

regulations revised. The Corps

of Engineers has now invited

comment

THE TEAM "NAVIGABLE

WATERS," as now interpreted.

can include pracitcally all

lakes, streams, rivers and

wetlandsn in the United States.

The record is silent on what

Congress inteneded but it

opened the door to this broad

definition. This is another in-

stance of what the fine print

can mean for authority never

intended TO THE CREDIT OF

THE ARMY CORPS OF

ENGINEERS it is not their

initiative than this un-

proposed to be exercises. In-

stead, it is the Courts which in

recent years have legislated in

about everything that affects

A LITERAL READING OF

THE LAW AND THE COURT

ORDER says that any time any

one wants to drop something

into any body of water, whether

it is private property, ditches,

stock ponds or whatever; then

a permit must be obtained from

the Corps of Engineers.

Conceivable, this can mean a

farmer or rancher could not

enlrage his stock tank, deepen

an irrigation ditch or even plow

in certain places without a

Corps of Engineers permit. It

is so absurd to be unbelievably

ridiculous. At this moment, if

this reasoning were strictly applied to its full limit, no doubt

hundreds of people are now

precendented power

our national life.

statements will be accepted

until June 30.

violating the law and could be fined up to \$25,000 a day and even imprisoned.

THE DEPARTMENT OF AGRICULTURE IS OP-POSING THE COURT'S interpretation with the statement that it "would set off a bureaucratic growth that would require many ffarmers to run to a Federal official for a permit to perform much of what is now norma. farm work" and characterizes such action as a harassment to farmers and ranchers trying togrow this Nation's food

HERETOFORE, THE AC-TIVITIES OF THEY ARMY ENGINEERS, except for the building of lakes, has been mainly in the coastal areas. But such a regulation as this could be applicable to places like our Big Country, where we never dreamed that this bureaucratic invasion could occur.

ASIDE FROM THE RED TAPE AND THE COST OF

For ALL Your Insurance Needs: Life, Health, Auto. Property, Farm and Ranch, Liability, Commercial LARRY ARMSTRONG 104 Commerce **RCG Building** Eastland, Texas 629-1342

National **Farmers Union** MAINTTAINING A bureaucracy, it would stake out an ill - conceived role for the Federal Government in land sue decisions, a matter better left to local and limited State control. Once machinery of this nature is put in place, it can turn into a monster by what appears to be an almost limitless expansion by the Courts, bureaucrats and those not given to common sense or respect for the ability of local authority to deal with any such problem.

MANY MUNICIPAL GOVERNMENTS WOULD BE HANDICAPPED, if now absolutely powerless, to cope with these requirements.

LEGISLATION HAS BEEN INTRODUCED TO PREVENT THESE THINGS FROM Happenings. Clear definitions are needed as to what was intended in the 1972 law Hearings will be held by the Public Works Committee of the House of Representatives before the June 30 deadline. Since legislation is slow and the time is short, we will try to get

interpretation of the law. Would help this kid?

an extension beyond June 30 for

application of this unwarranted

RANGER, TEXAS

The Mountain Top United Pentecostal Church announces the coming Homecoming and Pastor-Church Anniversary, which will include a Bar-B-Q supper Saturday from 5:00 to p.m. and Sunday dinner served on the grounds. The church is located on Highway 183 south of Cisco in the Romney Community. The church serves people of Cisco, Rising Star, Carbon, Pioneer, and many of the Eastland

County towns. The services will be nightly at 7:30, with Rev. J.T. Pugh, past National Home Missions Director of the United Pentecostal Church International, speaking the 26th and 27th. Rev. Pugh presently pastors the progressive First United Pentecostal Church of Odessa. Rev. Pugh

of the state, and attended Bible College at the school once

located at Mountain Top. Rev. T.H. Chapman will be speaking the night of the 28th and 29th. Rev. Chapman is presently the District Superintendent of the Texaco District of the United Pentecostal Church, International. This area includes the West Texas part of our state, and all of the New Mexico area. Rev. Chapman attended the Bible College once located at Mountain Top.

Both of these men are in constant demand as speakers throughout the United Pentecostal Fellowship. Rev. Chapman resides at the Headquarters for the Texico District located in Amarillo, where he was pastor of a growing church

prior to accepting the leadership of the Texico District some

six years ago. Rev. John C. Jones accepted the pastorate of the Mountain Top Church March 1968, and has seen the church grow from some 20 in attendance to the largest rural church of any denomination in this entire

area. It was only last Sunday that the church had 100 in attendance, with over 30 out due to the summer. An unusual amount of adults attend Sunday morning Bible class taught by the pastor...it is not unusual for there to be 55 to 70 adults in that class, beside those adults involved in teaching other classes. This has happened when many rural churches have had to close their doors due to lack of attendance. The Mountain Top Church is in the process of a building fund to provide a beautiful new church and educational facilities. -Funds are being received from interested individuals across

The public is invited to attend these services the 26th thru the 29th. There will be many officials from the organization present for these services and people from as far away as Nebraska will be present for these special services. Saturday night will be given to special singing from groups across the state, and the Texas Bible College of Houston. You are invited to attend this great

singing and Bar-B-Q.
Sunday during the usual

following.

Rev. Jones is now serving the church for the eighth year. He

AUSTIN--Comptroller Bob Bullock sent checks worth \$28.8 million Friday to more than 800 towns and cities in the third round of monthly city sales tax

Bullock said the June payments were considerably higher than the previous two months because of big end-of-the-quarter tax payments made by merchants following the April 30 deadline for reporting taxes they collected from the public in January, February and March.

Bullock converted the city sales tax payments to a monthly system in April to get away from the old quarterly rebate system which had been in use since the start of the city sales tax and which forced cities to wait 60 to 90 days for their

'The interest along--at 6% -on the \$16 million we paid in April and the \$19.9 million we paid in May was worth a good quarter of a million dollars to the cities just by not having to wait until now for a quarterly payment", Bullock said.

Every city which has adopted the 1% local tax received payments this month regardless of the size of the rebate. Payments in the first and second month of each threemonth cycle are not made on

Sunday School time, there will be a special time for the honor of the Pastor/Church Anniversary. Special honor will be given to past pastors, history of the church, and faithful long-time members. Dinner will be served to those attending, and that will take place from 12:30 to 1:30, allowing a time of fellowship

also serves in the official position of District Chaplain for he Texas District of the United Pentecostal Church, International; sectional Home Missions director, and on the National Commission of the Board of Chaplains. He is presently speaking in Lufkin daily in an effort to train chaplains, and just returned from Baton Rouge, La., where he spoke to ministers in a national seminar. His yearly travels constantly take him to various parts of the southern United States, as he ministers to various groups.

Do You Remember

daughter moved into the comstore. The wife and mother had died leaving the old man to finish raising the daughter.

the location of the store was ideal for the community people as well as the oil field workers who passed back and forth to their work. It developed into a thriving business and soon the daughter bought some attrac-tive clothing. The eligible young men began to take notice of the attractive young lady. She finally settled down to going with two she had picked out as being most suitable for her husband. One of the men was older but appeared to have money. He was driving a real nice model T car. The other man was about her age and had an acceptable car. She just did not know which one of the men she should choose.

On a Friday morning, the older man came by the store and told her to get her clothes

An old man and his grown packed and be ready when he returned. He would go to the munity and opened a general-County Courthouse for the marriage license and be back soon. She agreed and was relieved in deciding which of the two men to marry. She had finished packing her things and was dressed in her best clothes for her wedding day when the younger man came into the store. She told him what was going on and he said for her to load her things in his car and he would take her with him to get the license and get married. They hurriedly loaded her things and left together.

When the older man returned with the license, he was told by the father what had happend. Being the kind of man that he was, he was very put out due to his having purchased the license. He went back to the courthouse and tried to get his money back but the clerk kindly said she was sorry but they could not return the dollar and six bits for the license.

MEET THE PAGEANT CAST

The Kendrick Religious Pageant "THE LIFE OF CHRIST" presented each Friday and Saturday night at 9:00 p.m. between Eastland and Cisco on U.S. Hwy 80, would like for you to meet the cast.

KING HEROD: left, played by Earl Dry of Cisco. Mr. Dry is the General Manager and charge of sales of the Lone Star F&D Head Company in Albany. Mr. Dry holds a Bachelor of Science Degree from Hardin Simmons University. He has played parts in the Easter Pageant for two years and is also seen in the summer productions playing the part of Simon Peter.

GABRIEL: played by Ann Harris, daughter of Mr. and Mrs. J.T. Harris, Sr., of Breckenridge. She is a 1970 graduate of BHS with honors of Who's Who in American High Schools in Math. Ann also holds an Associate in Science Degree from CJC and plans to begin work this fall in the LVN school. She is currently employed as a secretary for the Walls Industries in Breckenridge. Ann is one of the original cast members in the Easter Pageant, and has held parts in all eleven productions. She also plays the adulterous woman and Martha, Lazarus' sister, in the summer productions.

Home Demonstration

News

This week Mrs. R.W. Gordon of Ranger and Mrs. Sue Taylor of Cisco represented Eastland County club ladies and attended a planning meeting in Comanche for the annual four-county Home Demonstration Camp Representatives from Coman che, Brown, and Eastland counties developed plans for the day's activities which will be held on Thursday, July 24, in Comanche. This year's fourcounty HD Camp will be held in the Comanche Junior High School Cafetorium.

If you are going to be freezing or canning food for your family this summer, don't forget to attend the Food Preservation Workshop on Wednesday, June 18, in the Texas Electric Reddy Room in Eastland. The morning program on pressure cooker and waterbath methods will begin at 10 a.m. The afternoon program will start at 1:30 p.m. and include freezing and drying techniques.

It's important to have your pressure canner gauge tested each year. Accurate canner gauges and canners with all parts in good working order can help families to be assured of safe foods.

The Home Demonstration Council has purchased a new electric canner gauge tester for testing gauges. Homemakers can have their canner gauges tested every Tuesday morning in the Extension Service Office, basement of courthouse.

The home demonstration ladies are testing canners as a service, and charging a \$2.00 fee for this service to home-

All you need to bring is your canner lid for the test to be

With many gardens in big production right now, our office has been getting many requests for how to freeze new potatoes. To freeze irish potatoes, select potatoes the size of walnuts. Scrub well in cold water to remove skins, or wash and scrape. Heat in boiling water--5 to 8 minutes, depending on size. Cool, drain, package and freeze immediately. If you would like a free copy of the Extension bulletin "Frozen Foods", request it from the Extension Office.

Small Towns Must Not Be Forgotten

Washington, D.C. - - Senator Lloyd Bentsen, candidate for the Democratic Presidential nomination, today accused the Ford Administration of treating Americans who live in rural areas as second class citizens by failing to implement the Rural Development Act.

Bentsen, who co - sponsored the Rural Development Act in 1972, said, "The present administration is neglecting the needs of millions of Americans who live in rural areas. It is trying to create a second class citizenry who will lack adequate fire protection, water and waste disposal systems and employment opportunities."

He said the administration spent \$56 million out of a total \$397 million authorized by

Congress for Fiscal year of

No money was spent for planning grants for water and waste disposal projects, rural fire prosecution grants and planning grants for rural development, Bentsen said.

"This has been a consistent pattern of recent Republican administration." Bentsen said. "Over the last three years only 11 percent of the total funds authroized by Congress have been spent.

"Rural areas and small towns are part of the American heritage and must not be forgotten now.

Frests Sales Age 214 W. Main

BY DE GORDON

Some folks called last week to ask if it was too late to spray pecan trees. If the young nuts have not been damaged by the casebearers it's not too late to spray. On the other hand, if the nuts have not been damaged by now, they probably will get by without damage from the little

worm. There does not appear to be a heavy infestation of the pecan nut casebearer this year. Reports so far from various sections of North and Central Texas indicate very minor second generation damage. The reasonf or this is not clear, but the "old timers" will tell you that this is common in years following a late spring freeze. Certainly the last two to three years when light infestations occurred bear this out.

These same "old timers" will also tell you it is the freeze that kills the insects. This is not true reports Dr. Earl Puls, Area Horticulturist. The more likely reason is that the freeze kills the young shoots on which the first generation larvae feed. With the food supply destroyed and with no resupply available for about two weeks, the larvae probably perish of starvation. Hence, we have very few second generation moths available to lay eggs on the nutlets.

It would be wise to keep a close watch on your pecans. The casebearer may yet immerge and inflict heavy damage. Native trees in the river bottoms appear at this point to generally have a light infestations, attributable to the freeze damage incurred.

occurring in early July, at that time we expect the third generation.

A new grass, Callie bermuda grass, developed by the Mississippi Agricultural and Forestry Experiment Station, is receiving widespread recognition, and plantings are increasing throughout the southeastern United States. However, the new grass has not been released as a variety due to lack of

sufficient animal performance

Planting material for the new grass has been distributed to more than 1,300 producers

Callie bermuda grass appears to do well in the same areas suited for Coastal bermuda. It has some cold tolerance as plantings have survived in southern Oklahoma and Missouri. However, its drouth tolerance under Texas conditions has not been evaluated.

The new grass has a wider leaf and much larger stolous than Coastal. It is reported to be a good competitor with other grasses.

According to Mississippi tests, Callie is equal or superior to Coastal in yield of dry forage and similar in protein content when grown under the same conditions.

Warm weather and rains over a big part of Texas have combined to provide ideal conditions for the most serious

livestock pest in the State--the ever menacing screwworm.

Stockmen should be particularly alert for this flesh-eating pest at this time because infestations can build up rapidly in late spring and early summer unless all cases are reported as soon as possible.

Mr. and Mrs. Freddy Coburn, Melissa and Chad of Glenrose spent the weekend with Mr. and Mrs. Dulin Sandlin. Melissa and Chad stayed for a longer visit.

Mr. and Mrs. Joe Davis and Mrs. E.V. Stacy attended the funeral of Mrs. Bradberry, mother of Charlie Ben Bradberry in Dublin last week.

Visiting Mr. and Mrs. Palmer Stokes on Sunday wre Mr. and Mrs. S.M. Green of Cross Plains. On Monday Mrs. W.C. Reynolds of DeLeon, Mrs. Dean Hurst and Gala Hurst of Odessa visited in the home.

Attends Dedication Of Ellison Springs Marker

Mrs. Pebble Boles with her grandsor. Bart Boles and greatgrandson Blake Boles, attended the dedication of the Ellison -Springs Marker. Mrs. Boles great undle Captain Singleton Gilbert was killed in the 1864 Indian raid and his brother Tom Gilbert was wounded.

Inscription on the marker reads: "Used for centuries by Indians inhabiting the region. Named for James Madison Ellison (1840-1923).. A native of Alabama who was the first settler in this section of Eastland County, erecting a cabin near the springs in October, 1858.. He soon married Eliza McGough, a member of another pioneer family, and had three children.

During the Civil War, frontiersmen organized militia companies for mutual protection against the Indians. Ellison joined the company mustered from Eastland, Shackelford and Callahan Counties. On August

9, 1964, a group of 12 scouts from the company was attacked and Mrs. Nell Rainey and Mrs. near the springs, and took Calvin Brown of Gorman. refuge in Ellison's cabin. The " Mrs. Maude Nobles and Mr. commander, Capt. Singleton and Mrs. Richard Verkamp of Gilbert and Leroy "Button" Lubbock, Mr. and Mrs. Edd Keith were killed, and Ellison, White of Hubbard, George Tom Gilbert and Tom Cadenhead wounded. Ellison was disabled for life.

After cessation of Indian the center of social and cultural functions for the scattered and Mrs. Jimmy Hughes, Mr. settlers in the area. Picnics, and Mrs. C.L. Rogers and Mrs. community gatherings and brush arbor camp meetings were held at the site. In the early 1870's, a Baptist Church was constructed, with the Rev. C. Brashears as minister. A cemetery was begun in the mid-70's. The present frame house at the springs was built

by Ellison in 1886. The marker is located three miles east of Gorman on the Desdemona Highway, near the springs.

Advertising Pays Off

Mrs. Lula Mae Basham says advertising pays off. She received a letter from Audrey Brawner of San Jose, California the other day requesting an appointment to have her hair done at Basham's Beauty Bar.

She had received her Homecoming Edition and saw the ad Mrs. Basham had run and remembered that she hadn't made an appointment at any beauty shop for the big Homecoming event.

the term "vehicle" means every device in, upon, or by which any person or property is or may be transported or drawn

upon a highway or street. b. A "parking zone area" as used in this ordinance means each location upon which a parking meter has been set in accordance with this ordinance. Each parking zone area shall be clearly designated and marked by striping either on the street surface or curb surface and shall be of sufficient length and width so as to provide sufficient parking space for one vehicle. the length of such space shall not exceed 22 feet for parallel parking and 21 feet in length for diagonal parking. The width of such spaces shall not exceed 12 feet for either parallel or diagonal parking.

The following streets shall be parking zone streets and shall be marked into parking zone

(a) Seaman Street from its Southwest and Southeast intersection corners with White Street to its Northwest and Northeast intersection corners with Olive Street:

(b) Commerce Street from its Northwest and Southwest intersection corners with Rosswood Street to its Northeast and Southeast intersection corners with Mulberry Street;

(c) Lamar Street from its Southwest and Southeast intersection corners with White Street to its Northwest and Northeast intersection corners with Olive Street;

(d) Main Street from its Southwest and Northwest intersection corners with Rosswood Street to its Southeast and Northeast intersection corners with Mulberry Street.

All parking zone streets as herein named are streets as per map or plat of the City of Eastland as same appears of record in Vol. 77, page 497, Deed of Records of Eastland County, Texas. III.

The City Manager is hereby vested with the authority and responsibility for the installation, maintenance and general upkeep of parking meters and markings in all parking zone areas, and shall install parking meters in all parking zone areas unless same are exempt as hereinafter provided, and shall mark with stripes all parking zone areas as hereinabove provided.

Each parking meter installed and operated under this ordinance shall be constructed so that: (1) upon deposit therein of one cent of United States coin the meter will show a parking time of twelve minutes, with an increase of twelve minutes for each additional one cent coin deposited therein up to a maximum time of two hours;

(2) Upon deposit therein of one five cent coin of the United States the meter will show a parking time of one hour with an increase of one hour for each additional five cent coin deposited therein up to a maximum time of two hours;

(3) Upon deposit therein of one ten cent coin of the United parking time of two hours;

(4) Upon expiration of the amount of time correlated to the amount of coins deposited therein, the meter shall show a violation flag or time expiral

(a) A person commits an offense under this ordinance if he stops or parks or allows to remain stopped or parked any vehicle in any parking zone area while the parking meter in said parking zone area shows a violation flag or time expired

(b) An offense under this section is punishable by a fine of 25c provided, however, if said fine is not paid or

was a motion from

the offense. The date of the offense appearing on the parking violation citation constitutes a rebuttable presumption of the true date of the offense.

(b) An offense under this section is punishable by a fine not to exceed \$200.00.

An appearance under this ordinance is made by payment of fine or by posting appearance bond in an amount set by the City Judge and approved by the Chief of Police of the City of Eastland on or before the appearance time. Appearance time is on or before the fifth day following the date of violation. XII.

It shall be an affirmative defense to prosecution under Paragraph 5 of this Ordinance that at the time of violation the parking meter applicable thereto was not in working order.

XIII. It shall be an affirmative defense to prosecution under this Ordinance that the vehicle involved was then engaged or being used in an emergency of such a nature as to involve substantial risk of injury to

person or property. (a) The City Manager is hereby authorized to lease, on behalf of the City of Eastland, parking zone areas for the purpose of loading and unloading. Such leases shall be made to owners or managers of businesses only. Each business establishment shall be entitled to lease one parallel or two

diagonal parking zone areas. (b) Provided, however, no parking zone areas in or on the following portions of parking zone streets shall be leased:

(i) Seaman Street from its Southeast and Southwest intersection corners with Main Street to its Northwest and Northeast intersection corners with Commerce Stree; (ii) Commerce Street from its

Northwest and Southwest intersection corners with Seaman Street to its Southeast and Northeast intersection corners with Lamar Street; (iii) Lamar Street from its

Northeast and Northwest intersection corners with Commerce Street to its Southwest and Southeast intersection corners with Main Street) (iv) Main Street from its

Northeast and Southeast intersection corners with Lamar Street to its Northwest and Southwest intersection corners with Seaman Street. XV.

(a) The fee for lease under Paragraph 10 of this Ordinance is \$50 per parking zone area per annum. No lease shall be granted under this Ordinance

Daughter-In-Law Receives Plaque

At the Commencement Exercises at UCLA last week, Dr. Lucene Huckabay was awarded a plaque for teaching excellence in the Graduate School of Nursing at UCLA. The recipients of these awards are selected by the students themselves and are cited for outstanding teaching.

Dr. Huckabay is a graduate of the American University of Berut, Lebanon, and received her Master's and Doctor's Degrees from the University of California at Los Angeles. She has taught at UCLA since earning her doctorate in 1970. Dr. Huckabay is the daughter-in -law of Mr. and Mrs. L.E. Huckabay of Eastland. She and her husband, James D. Huckabay, live in Santa Monica, California, and are the parents of an 18 month old daughter, Christina

BICENTENNIAL BELLS

On the 200th birthday of America, you can give a present that really rings true as a symbol of the past, present and future of this country.

An appealing little Liberty Bell has been cast as a sturdy, safety-lock key chain or pendant on a fashionable 24 inch chain. Each comes in a long-lasting silver-plate finish with the hand-rubbed look of old pewter. Emblazoned on them is the date 1776 and a tricornered hat such as those worn by the Minutemen in their struggle for liberty; and the date 1976 and a space helmet like those worn by the astronauts of today and

You can find these Bicentennial items in fine jewelry and department stores, or send \$4.50 for each key ring and each bell pendant to M. Weiner Co., Inc., 373 Washington St., Boston, Mass. 02108, so you can participate in the beginning of another Belle Epoch in America.
