The Original Little White Methodist Church

EASTLAND METHODISTS TO CELEBRATE 100th ANNIVERSARY

The First United Methodist Church will celebrate its 100th anniversary Sunday, May 18.

Plans are underway for a most gala occasion. Speaker for the morning worship service will be Dr. Durwood Flemming, a former pastor, now President of Southwestern University at Georgetown.

Other pastors planning to be present are: Jack Oglesby, Wm. S. Fisher, Morris Bailey, J. Lester Davenport and Len Layne.

Dinner will be a feature of the afternoon celebration.

Until 1918, when the oil boom arrived, members attended their little white frame church where the present brick edifice now stands.

Honor guests for the dinner will be those members who attended that little white church and who have continued their membership in this church. Those known at the present time are: Fred and Mary Davenport, Ina Jones, Russell Hill, Earl and Edna Conner, Rose Day, Ione Sikes, Prudie Hardeman, Sallie Hargus, Ella Birmingham, Pebble Boles, Mrs. Earl Bender, Miss Minnie Day, Mrs. J.U. Johnson, Mrs. Walter Gray, Zula Collie, J.W. Turner and Mrs. J.W. Baines. Each of these persons will be allowed one minute in which to reminisce.

Mrs. Joseph M. Perkins is preparing the history since its beginnings and will give this history on the afternoon program.

The First United Methodist Church is the oldest religious organization in the city of Eastland.

May 18, is also Pentecostal Sunday - a day of joy.

Seniors Honored At Concert

In a day and time when young people are encouraged to "do your own thing", there are some who have discovered the old fashioned virtue of loyalty.

It all started in the sixth grade with about 30 beginners in a band class. Seven years and countless band rehearsals later, it is about to end.

The people are the graduating seniors in the band. The loyalty is the fact that there are only three: Roy Don Grisham, Jace Staggs and Cathy Jordan.

Roy Don started in the sixth grade on the cornet. After three years of that he then changed to baritone saxophone where he remained the rest of his high school career. During junior high and high school he accompanied many instrumental solos on the piano, along with playing for the 1974 E.H.S. graduation.

Jace Staggs played trombone for three years until he entered high school, then as is the case often, he dropped band. Jace was a good trombone player and joined the band again his senior year. His contribution to the band since then has reflected the highest standards in music.

Cathy Jordan plays 1st clarinet and is band secretary. Her senior year she was elected Band Sweetheart and received the John Phillip Sousa Band Award. She has received a first division rating for clarinet ensemble work at U.I.L., Cisco Sr. Music Festival, and Cisco Junior Music Festival.

Instead of quantity, this year's band seniors stress quality.

Cathy Jordan, a senior, received the John Phillip Sousa Awards Sunday at the annual Spring Band Concert. Cathy has been in the Junior High and High School Band for a total of seven years. For the past four years she has been class representative for the band. She is band secretary and sweetheart this year.

She is the daughter of Mr. and Mrs. Bill Jordan.

PicniConcert Tonight At 7

The Eastland Civic Theatre PicniConcert beginning tonight (Thursday, May 8) with supper at 7:00, promises a parcel of unique treats.

The "Three M" program on the Bell Hurst stage will represent Music from Ranger Junior College, Movies from Cisco Junior College and Magic from Eastland. The performers from Ranger are natives of Southeast Asia; and we are privileged to present Golem Reza Zaheri-Khavez, Viet Nhu Quy, and Hun Loc Do in playing the unusual stringed instruments and singing songs of their native land. Also from Eastland the guitars of Larry and Garry Barnes will be featured. These boys have performed at other concerts and their music is genuine and tasteful.

Wyley Peebles, the chairman of the Cisco Junior College Music Department, has assembled a colorful travelogue complete with music and voice

sound track. This event is the first of its kind to be seen on our stage and is eagerly anticipated.

Eastland's new mayor H.V. O'Brien is closely guarding the surprises in his show of magic; and with the assistance of Vance and Amy will demonstrate—but I bet we won't see how he does it. "The hand is quicker than the eye". Watch closely. This will be fun for everyone.

The piano sits on the stage awaiting the rhythmic touch

of Flo Clark who will accompany the Community Singing led by Carl Garrett.

The E.C.T. actors from the E.H.S. graduating class will be honored, introduced and presented remembrances for their time and talent given on the stage. They are Carol Terrell, Cindy Millican, Marilyn Pierson, Jace Staggs and Roy Don Grisham.

The Tenth Anniversary of the Eastland Civic Theater will be observed and it is a great hope that all those original actors

who live still with us will be present and receive their plaudits.

They are: Mary Watson, Nancy Mahan, Bernice Stephen, Carla Boney, Jack Germany, Lana Parks, Shannon Wilson, Mike Collins, Wilma Wayne Hunt, Modell Gann, Annette Pierson and Kathy Stevens.

Special mention must be made of Marie Boney whose inspiration and ground work sparked the whole enterprise which resulted in E.C.T. which has proved so fruitful and so rewarding to so many of us for these ten years. Marie is modest and never would take the credit due but she did contribute three children—Ann, Carla and Rex—to our stage in numerous productions.

One last word of thanks to Dick Dixon—actor, stage manager, electrician, booster of morale, carpenter and contributor and the first president of our organization—We still miss you, Dick. Do come back!

Music Week May 4-11

National Music Week, sponsored by the National Federation of Music Clubs, is currently being observed by the Eastland Music Study Club. The week of May 4-11 is set aside for this 52nd annual observance with the theme "Music is Power".

A large display from Eastland Centennial Library's archives and private collections is set up in the library archive room. Mrs. Joseph M. Perkins coordinated this display with Thursday Club library chairman, Mrs. Dan Childress. The public is urged to visit the library and display.

Eastland Civic Theater is presenting its annual folk festival and picnic tonight, May 8, beginning at 7:00 p.m. Bring your covered dish, sandwiches, or dessert or your entire family out to Bell Hurst Playhouse for an evening of good food, good company and good entertainment.

Co-Chairmen for this year's National Music Week club activities are Mrs. Virginia W. Russell and Mrs. Ralph E. Stevens.

FLAG DAY JUNE 14th

ADD FLAG DAY observance to our busy June schedule... That's right, not one, not two, but three (count 'em) big events on the June horizon: Law Enforcement Appreciation Event with Sen. Bentsen on th Saturday, June 7; Flag Day with U.S.A.F. band and speaker on Saturday, June 14; and BIG, BIG, EHS - Exes Homecoming weekend of June 20, 21, and 22.

VOLUNTEER FIREMEN here are seeking historic pictures about the department for inclusion in a special edition to be printed by the State Firemen's and Fire Marshall's Association, in conjunction with the 100th anniversary next year of that organization. If you have old pictures and pertinent data about the Eastland Volunteers, see Ronnie White at the Fire Station. The material must be sent in by the end of May, so look now... A visit this week with local Volunteers during their regular business meeting re - convinces that these men are a dedicated bunch and are among the city's finest assets. Volunteer Chief Jack Graham is highly efficient and the Volunteers are dead serious about doing their job to help save lives and property...It was good to see Super Preacher Steve Church active with the Volunteers, as he is with so many worthwhile activities in Eastland...The Volunteers are instituting a Tidy Idea Box.

BOB BINGHAM'S BUNCH, a fine aggregation of musicians presented a fine concert here Sunday enjoyed by one and all - - and guesses are good that the young musicians enjoy the playing themselves. It was a really audience oriented performance and Mrs. Vernon Mahan did an excellent job too as guest soloist...Don Martin of Lone Star Gas Co. was in New Orleans last week for a meeting of the Southern Gas Association...Scouts report that Mrs. R.O. Baze is recovering satisfactorily following surgery at the Cisco Hospital where we might all want to send her a get - well card and tell her we miss her.

J'cees Attend Charter Banquet

Eastland Jaycees attended the Strawn Jaycee Charter Night Banquet last Friday night in Strawn.

The banquet was the result of weeks of planning and work of the Eastland Jaycees to form a club in Strawn which to some extent was badly needed. Master of Ceremonies for the Banquet was State Jaycee Vice President for Region 212, Charlie Hill from Cisco, who conducted the installation of officers ceremonies.

Following the Banquet Jaycees from Cisco, Eastland, Strawn and Mineral Wells took part in the dance that followed in the Strawn American Legion Hall.

In the Thursday morning meeting and night meeting of members and directors for the Eastland Jaycees, several projects and activities were planned. Among those were plans for the trip to the state convention to be held 15, 16, and 17 of May in Houston. Installation of new officers in Formal Installation Banquet Ceremonies, and details dealing with flag contracts which will be finalized in the next few weeks.

The next meeting of the Eastland Jaycees will be held Thursday night, May 8, at 7:30 p.m. in the Jaycee hall with all members urged to attend this

special meeting which may involve some new members orientation activities.

Care For Plants

COLLEGE STATION—Clean house plants are more attractive and perform better, according to a landscape horticulturist for the Texas Agricultural Extension Service.

"Dust on leaf surfaces reduces the amount of light available to a plant," says Everett Janne. "Thus the plant may not get enough light for photosynthesis. Also a dusty plant looks drab and uninteresting."

To remove dust, Janne suggests brushing the leaf surface with a soft camel hair brush or damp sponge and polishing with a soft cheese cloth about once a month. Heavily soiled leaves should be washed with a mild soap and warm water solution before polishing.

"Care should be used to prevent bruising or kinking the leaf surface while cleaning it," cautions the Texas A&M University System specialist.

"You can avoid bruising a leaf by placing one hand on the underside of the leaf as you wipe the surface."

STATEMENT BY SENATOR LLOYD BENTSEN

By his veto of the Farm Bill, President Ford has backed down on his promise to the farmers and he has backed down on his promise to the American people to bring down food prices and curb inflation.

One of the reasons food prices have been coming down in recent months is that the American farmer heeded the President's call of last October to "produce to full capacity".

At the same time, President Ford promised the farmer that if he would increase food supplies and help bring down prices the government would do "all in its power to assure him he can sell his entire yield at reasonable prices."

Today, though, too many farmers aren't getting reasonable prices. In too many cases the prices they pay for fertilizer and equipment and fuel are higher than the prices they receive for their crops.

Many farmers distrust government promises to back them up when their prices fall and are already making plans to reduce their crops. When that happens we can all expect to pay more for our food.

This farm bill is an emergency, one year measure providing needed higher support payments to our country's farmers at a critical time. And I would point out that the support payments are made only when farm prices fall so low that farmers are denied a reasonable profit.

We need this legislation and I urge my colleagues in the House and Senate to override the President's veto and provide some badly needed consistency and stability to this nation's economic policy.

The Minor Bulldogs beat the Minor Medics 8-7 and the Minor Comets downed the Minor Lions 12-4.

School Supt. Pruitt Speaks To Lions Club

Cards and letters to Austin right now seem to be appropriate based on information given by School Supt. Ray Pruitt for members of the Eastland Lions Club at their luncheon meeting Tuesday at the Ramada Inn.

Mr. Pruitt described briefly the differences in the governor's education bill and the TSTA (Teacher Association) bills now pending and being considered in Austin. Gov. Briscoe's bill, if passed, would shuffle tax evaluation across the state and cause undue hardships on most smaller districts, he explained.

President Otis Coleman presided and it was announced that a check for \$357.75 from the club's recent talent show has been sent to the Texas Lions' Crippled Children's Camp, where in 22 summers, 15,582 blind, deaf, and crippled children and 842 diabetic persons have been served. The local club is seeking youth to send to the camp this summer, Carl Garrett, chairman, said.

It was further announced that the club will hold an installation fish fry at James Reid's cabin on June 10, and that a spaghetti supper is being planned to coincide with the June EHS Homecoming, as a fund raising project.

The following Lions were given perfect attendance pins: Clint Bray, Fehrman Lund, Darwin Miller, Marcus O'Dell, Ray Pryor, James Reid (28

Christmas In May

There is at least one family in Eastland that probably thinks it is Christmas in May. Betty Nelms, an employee of S&H Green Stamp Center received 50,000 green stamps in the mail this week. A lot of shopping can be done with 4 1/4 books of stamps.

The S&H Green Stamp Co. decided to do something along with the automobile manufacturers who were giving rebates on some 1975 model cars. They were going to give 50,000 green stamps to any of their employees who purchased a new '75 model car, the first three months of the current year. The Nelms had been looking for a car for some time, but Betty had forgotten about the stamps being offered. They purchased a new 1975 Chevrolet shortly before the deadline. Now for anyone that can drive a brand new car and still go shopping with 50,000 stamps must truly think it is Christmas.

years), Monroe Rollins, James Smith, Tip Arther and Otis Coleman.

The state legislature has about four more weeks and Rep. Joe Hanna and Sen. Tom Creighton have indicated that they will not support the governor's bill, but citizens might want to write others of their acquaintance including Speaker Clayton and Lt. Gov. Bill Hobby and others who might be influenced to defeat the governor's bill.

Right now the Eastland district shows some \$14 million

in valuations on 50% assessment and a local fund assignment (the amount the local district sends to Austin of some \$77,000. If the governor's bill passes, the local fund assignment would be increased to \$203,943. If the TSTA bill passes the assignment would be \$118,908.

Supt. Pruitt expressed appreciation for the support the school has in this community and asked for continued support and cooperation.

Mr. E.G. Rice has the program next week.

Pigeon Club Holds Final Race

The final club race for the Eastland Racing Pigeon Club's old bird season was flown Sunday, May 4, from Pleasanton, Texas. Charles Bode released the A race birds at 7:20 and the B race birds at 7:55. Overcast skies slowed the birds

throughout the day.

Charles Bode was first in the A race with a silver bar hen that clocked 1024.81 yards per minute. Curtis Young was second with a black hen that flew 997.23 yard per minute. Floyd Frady was third with a blue check white flight hen that clocked 972.86 yards per minute. Fourth was Thad Kelley with a red check cock bird that flew 933.9 yards per minute. Mike Collins did not clock birds. Curtis Young was first in the B race with a blue bar cock bird that clocked 903.56 yard per minute. Thad Kelley was second with a red check hen that flew 843 yards per minute. Floyd Frady was third with a red check hen that clocked 811.36 yards per minute. Charles Bode was fourth with 765.19 yards per minute. Mike Collins did not clock birds. Texas Taxes

By BOB BULLOCK, State Comptroller

Austin--A look at the tremendous revenue Texas gets from tobacco taxes might make one think the state smokes like a giant smudge pot.

This current year we will take in more than \$250 million in taxes on cigarettes, cigars, pipe tobacco, chewing tobacco and tobacco for roll-your-own.

This revenue ranks tobacco as the state's fifth largest revenue producer, coming behind sales taxes, motor fuels, oil and natural gas.

The historical pattern of our tobacco tax income indicates that smoking Texans apparently haven't been changed by the anti-smoking health campaigns of the past few years. In fact, in several past years Texas smokers have topped the national average of an annual four per cent increase in cigarette consumption.

The great bulk of our tobacco tax money comes from cigarettes. The cigarette tax is 18.5 cents per package and that produces more than \$240 million of our tobacco tax income.

Cigarette taxes have increased much faster than most taxes over the years, going from 5-cents a pack in 1955 to 8-cents in 1959, 11-cents in 1965, 15.5-cents in 1969 and on to 18.5-cents in 1971.

The Comptroller's office administers the cigarette tax laws although the distributors make their actual purchase of the cigarette tax stamp for each package from the state treasurer's office. We deal with more than 35,000 cigarette wholesalers, distributors, retailers and vending machine operators.

From these various types of distributors the state also receives about \$300,000 a year in permit fees. Everyone handling cigarettes is required to file monthly reports with us and we examine and audit their books once a year--which is certainly one of the most comprehensive audit programs of any state tax.

Besides the cigarette taxes, the state gets just less than \$5 million a year from cigar taxes. Cigars are taxed according to size and price. These range from the little cigars which are packaged like cigarettes and taxed one penny for each 10 cigars to the largest and most expensive which are taxed at penny and a half each.

Another \$4 million a year tax money comes from all other tobacco products--pipe tobacco, chewing tobacco and roll-your-own tobacco.

The tax for this catchall category is 25 per cent of the manufacturer's list price.

With three small exceptions all cigarette and tobacco tax money goes into the state's general revenue fund.

One penny of the 18.5-cents cigarette tax is dedicated to the state parks fund. In the current year this will be \$13.3 million. Another small portion of the tobacco tax income, dictated by a complicated formula written and rewritten many times by the Legislature, will send nearly \$10 million to the Available School Fund. Another small portion is earmarked for our enforcement costs to administer the tax.

The only form of tobacco not taxed by tobacco taxes is snuff. But wouldn't you know that snuff is covered under the sales tax!

You heard about the scientist who crossed a carrier pigeon with a woodpecker so when he

delivers the message he can knock on the door?

CARBON SCHOOL NEWS

The freshmen were honored (?) guests at Kid Day which began with the Seniors picking them up and carting them to school before 7 o'clock. They were dressed in various outlandish costumes thought up by the sadistic Seniors. Burlap seemed to be the most popular fabric; accessories were of garlic, raw liver, and other disgusting morsels. The freshmen provided the entertainment with egg rolling contests on the football field, races, exercises, and the pre-requisite egg and water fights. The freshmen bore it all in good spirits, especially enjoying the frequent civil wars among the seniors themselves. Only the most foolhardy spectators dared venture too close to the action, for on Kid Day nothing is sacred. After lunch treaties were made and all the high school students went bowling in Eastland.

Mrs. Wygle's homemaking II girls prepared lunch for their guests, the sophomore boys, Mr. Hickman, Mr. Tucker and Mr. Grimshaw on Friday. By all accounts the spaghetti, bread sticks, French bread, and home made ice cream were delicious. We're all hoping the girls will cook again soon!

Friday night the FHA girls were hostesses at the Mother-Daughter Banquet at the Ramada Inn. All the FHA girls and their mothers were present. Mrs. Lola Wygle's mother, Mrs. Pair, also attended. New FHA officers were installed at the banquet. Those installed were as follows: Charlene Harle - President, Renae Pack - Vice President, Lisa Norris - Secretary, Fran Duncan - Treasurer and JoAnn Foley - Historian.

The FHA girls are still seeking sponsors for their participation in the Walkathon to raise money for the Eastland County March of Dimes. The girls are going on a proposed twenty mile walkathon with sponsors making pledges for each mile actually walked. Mrs. Wygle and the Homemaking classes have taken special interest in March of Dimes projects, having attended several birth defects seminars this year. It is definitely a worthy cause, and these girls need your support.

Renae Pack, a freshman with many and varied talents, won first place in both the barrel race and the flag race at the Gorman Junior Rodeo this weekend. She also reads an excellent Mark Antony in Literature.

The seniors are rushing madly around preparing for their senior trip May 9-13. They will stay in the Dallas-Fort Worth area for a few days and then go to Texarkana. Ms. Jeane Grimshaw and Mr. and Mrs. Robby Stuteville will sponsor the trip. The seniors will barely have time to recuperate before finals and graduation on May 23. It will probably take the sponsors considerably longer!

Triouys were held May 5 for next year's cheerleaders. Mrs. Pat Owens, sponsor of the Wrangler Belles at Cisco Junior College, was the judge. High school cheerleaders will be Fran Duncan, Head; Renae Pack and Lisa Norris. Drummers will be Candi Bryant and Charlene Harle. Betty Constancio was chosen head cheerleader for junior high while Cari Sandlin and Randi May were selected cheerleaders. Junior high drummers will be Nancy Cross and Tina Ishmael.

Mrs. Jennie Pierce of Eastland and Leroy Pierce of Fort Worth visited Mr. and Mrs. Elmer Walker Monday.

Sam Murray of Midland visited relatives here during the weekend.

Mr. and Mrs. Ronald Payne of San Angelo spent the weekend with his mother, Mrs. Mabel Payne.

Thursday Club Honors Members

First and former members of the Thursday Afternoon Club were honored at the regular meeting of the club on May 1, at 3:00. Mrs. H.L. Hassell, President, presided and read a letter from Eastland Music Study Club inviting the members and guests to the various events to be held during National Music Week celebration, May 4 through May 10.

Mrs. E.R. Townsend, oldest in membership of those present, was program leader and read the quotation from Nathaniel Hawthorne, "...every new book or antique, one may contain the 'open sesame'...the spell to disclose treasures hidden in some unsuspected cave or truth". She led the pledge of allegiance to the flag and introduced Mrs. James Horton who gave an excellent review on "Our Beginning, Hawthorne Club". Mrs. Horton read excerpts from yearbooks obtained from Mrs. Josie Jones' effects. These yearbooks were for the years 1902 and 1908. The Hawthorne Club had the same motto we use today, "For 'Tis the Mind that Makes the Body Rich". The club's colors were white and green and the flower was the white rose. The course of study was comprised of heavy assignments in English History and English Literature. The Thursday Afternoon Club was organized from the remnants of the membership of the Hawthorne Club in 1916, and Mrs. Horton traced the club's growth through the years.

Mrs. Joe Cauble gave reviews of several of Nathaniel Hawthorne's writings including the well-known "Scarlet Letter".

Six former members were guests: Mrs. W.S. Poe, Frank Sparks, Jack Muirhead, Harold Durham, I.C. Heck and Robert Perkins. Mrs. Murray Kinney was also a guest. The former members all expressed appreciation of the club and told some interesting anecdotes from the past.

Mrs. Joseph M. Perkins displayed a newspaper, the Eastland Review, dated July 22, 1882.

Hostesses Mrs. Marene Johnson - Johnson, Turner Collier and Fred Davenport served lime frosted punch, frosted strawberries, and cantaloupe and pineapple tidbits to the guests and the following members: Mrs. Joe Cauble, H.L. Hassell, Joseph M. Perkins, E.R. Townsend, Pearson Grimes, D.L. Childress, J.F. Francis, Larry Kirk, L.E. Corbell, Iral Inzer, Chas. E. Terrell, J.O. Earnest, Arthur Murrell, R.L. Young, Pat Crawford, James Horton, Guy Patterson and C.L. Bigby, Reporter.

DA To Receive State Funds

Sen. Tom Creighton of Mineral Wells won final Senate passage Thursday of a bill to pay the Eastland County District Attorney entirely from state funds.

The bill (HB1294) by Rep. Joe Hanna of Breckenridge was sent to the governor. It would also raise the district attorney's salary from \$9,600, of which \$6,300 is currently paid by the state, to \$23,500 in 1976 and \$24,800 in 1977.

Creighton also passed another bill by Hanna to permit county assessor collectors to refund overcharges made on motor vehicles registration fees.

Mrs. Rayneal Baze underwent surgery Monday morning, in the Graham Memorial Hospital in Cisco.

Sun.-Tues., May 11-13 All Mothers Admitted To Sun. 2 p.m. Matinee For '19'

Elvis Presley stars as a singing, swinging wrangler on a beauty spa dude ranch handily stocked with girls in Allied Artists "Tickle Me," a romantic comedy in color and Panavision, co-starring Julie Adams, Jack Mullaney, Merry Anders, Bill Williams and, in the feminine romantic role, English nymphlet Jocelyn Lane. Norman Taurog directed for producer Ben Schwalb.

EVFD Discuss Number Of Matters At Tuesday Night Meeting

BY STEVE HAINES
The first regular meeting for May of the Eastland Volunteer Fire Department was held Tuesday, May 6, in the Eastland Fire station at 7:00 p.m.

Chief Jack Graham called the meeting to order and proceeded with business on hand. Phillip Arther, assistant secretary-treasurer, read the minutes of the previous meeting, followed by a motion that they be approved as read, which passed. Chief Graham then called on 1st assistant Chief Johnny Grimes for a report on his committee which has been looking into the possibility of having a fish fry to raise money for the department treasury. He informed members that prices and availability of fish were still being looked into and that a full report would be presented to the Department by the next meeting night.

A committee report from 2nd assistant Chief Steve Haines proceeded which dealt with the motion that was put into committee action at the previous meeting concerning caps and badges for each of the members. Haines informed the organization that several letters had been sent to manufacturers and that as soon as prices and styles of caps and badges could be gathered the findings would be brought in front of the members for their approval.

Following committee reports, Mayor H.V. O'Brien was introduced as a guest to the meeting. Mayor O'Brien told volunteers that he was present at the meeting to thank the department and pledge continued support and cooperation. He also stated that he was in atten-

dance as a concerned citizen interested in what the department's feelings are and what he might do to help.

Topics of discussion in the new and old business segments of the meeting dealt with a large variety of subjects, with some debate concerning parking in the city which the volunteers have been exempt from in paying meters of fines while parked in town. This problem was settled to some extent when a motion from Steve Church and Steve Haines was brought into action that the three chiefs of the department be present at the next meeting of the commission to help in deciding a reasonable compensation to the parking situation.

Another motion from Fireman Church followed which would have the fireman be present at each of the city commission present the commission with a list of priorities as to what the department needs and which of those needs are most urgent, and the rest to be looked into as funds and some state requirements come into light.

A motion from Johnny Grimes was then voted on to have a family night the third Tuesday night this month, motion passed.

Two new member applications were presented to the membership, the names were referred to an investigation committee, which will seek approval among themselves as to whether the organization should vote the applicants in as members.

Fund raising motions came from Steve Haines, the Motion made to have a donation give

away, and involve a CB radio passed, and to incorporate the give away with Swap Fest for all CB'ers also passed. Then referred to a committee by Chief Jack Graham and one paid fireman to each city commission from now on, this motion also passed.

Members present at the meeting were Jack Graham, Phillip Arther, Collin Campbell, D.J. Walker, Mack Walker, Johnny Grimes, Ray Harbin, Dale Carmack, Bud Carmack, Steve Church, Steve Haines, Ronnie White, Pat Hart, Jimmy McCoy, Brett Arther and Buddy Rowch.

Family, members, and friends of residents at North-west Nursing Center are cordially invited to a tea in celebration of Mother's Day, Friday, May 9, from 2 until 3 p.m.

PARENTS PRAYER

"Dear Lord, I love my children but they are driving me to distraction. I have lost my self-control. I need your help. I realize, Dear Lord, that I can never direct them in their young lives if I am disorganized. Help me not to be angry and to not shout at them. Give me a sense of humor, Oh Lord, and help me to know that their restless energy is a sign of vitality and part of their development. Don't let me be tired and upset, but, rather, may I enter joyfully into my relationship with them. Thank you for my children, but Lord, don't let them get me down. In Christ name, Amen."

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Major legislation bearing on property tax values throughout the State has been passed by the House and sent to the Senate.

Representatives approved two separate measures which some contend provide for "the first major overhaul of the property tax structure in Texas this century."

HB 637 by Rep. Luther Jones of El Paso establishes a legislative tax board which will conduct an \$8 million statewide audit of taxable property during the next two years.

HB 1463 by Rep. Wayne Peveo of Orange would direct all property tax appraisals to be made by countywide offices. Local taxing authorities would still establish their own tax rates and assessment ratios under the legislation.

The State Comptroller's office would develop standards and procedures for the county tax appraisers.

Both bills are regarded as important to school finance reform. Many of the school measures would base allocation of state aid on market value of district property.

VOTE BILLS ADVANCED

Bills important to the legislative process cleared the House in a busy week.

HB 4 revises the 1973 campaign reporting and disclosure act, and establishes a bipartisan commission to enforce it.

SB 300, with a controversial party purity amendment attached, provides for a computer-policed permanent voter registration system. The measure returns to the Senate, which previously has rejected the "purity"

provision requiring voters to register by party preference.

Other major bills passed by the House last week would provide for establishment of Health Maintenance Organizations (SB 180) and encourage rape victims (HB 284) to report crimes and aid prosecutors in getting convictions. The HMO bill went back to the Senate with a minor amendment and is expected soon to be signed into law.

LAWYERS CURBED

A State Bar of Texas Committee on Professional Ethics has held city councilmen and mayors who are lawyers should not practice in municipal courts or represent clients in cases initiated by city police officers.

Morris Hassell of Rusk, committee chairman, said some of the same reasoning used in the opinion could be applied to legislators practicing before state agencies.

COURTS SPEAK

A State Supreme Court decision cast doubts on cities' rights to regulate telephone rates for "extended metropolitan area service." The high court upheld an intermediate House court finding that a city has no inherent power to regulate utility rates, but only that granted by the legislature.

The Supreme Court also affirmed a \$139,194 damage judgment against a Houston finance firm following the death of a man from a heart attack after efforts to collect a \$158 debt.

In another case, the high court found no usury in a Dallas savings association's \$24,985 profit from arranging a \$150,000 loan for a development firm.

AG OPINIONS

The legislature has authority to require public utilities to refund to customers exces-

sive rates, Atty. Gen. John Hill held.

In other recent opinions, the Attorney General concluded:

• A commissioners court is not required to call an election for purpose of invalidating previously-authorized road bonds on presentation of a petition.

• The legislature may alter the method of selecting members of public service boards so long as the agencies' economic obligations are not impaired.

• A commissioners court's mere refusal to ratify a prior action allegedly taken in violation of the open meetings act does not of itself have the effect of invalidating the earlier action.

APPOINTMENTS

R. Paul Teague Sr. of Texas City was named by Gov. Dolph Briscoe to the College Coordinating Board, succeeding Loren Bryce Meaders of Dallas who resigned.

Briscoe appointed Michael P. Metcalf of Dumas district judge of the 69th district (Deaf Smith, Oldham, Moore, Hartley, Sherman and Dal-lam counties).

He named Barry E. Black-

well of Dalhart to succeed Metcalf as 69th district attorney.

Tom Cole of Houston is new deputy general counsel for the Republican Party of Texas.

Roy M. Talley of Austin will serve on the legal committee of the Interstate Oil Compact Commission for Texas.

SHORT SNORTS

The Governor entered into an agreement with the U.S. Department of Labor allowing unemployed Texans to receive an extension of up to 13 weeks in unemployment benefits.

School Land Board announced bids will be received for a large oil and gas lease sale June 3. Another sale is scheduled at the same time for Texas Youth Council, Parks and Wildlife Department and Department of Corrections lands.

The Senate passed a bill to require coverage of alcoholism in health and accident insurance policies.

James Reid Of Eastland National Bank Presents A Check To Mrs. Nell McConnell Of Stephenville For Best Of Show

Also the Chamber of Commerce for the ribbons. For our publicity we thank the Eastland Telegram, and KERC. It's wonderful to live in a town where there is so much cooperation. Methodist Women Meet In Bulgerin Home

Mrs. L.E. Corbell's circle of the United Methodist Women met at the home of Mrs. H.J. Bulgerin with punch and fruit breads served to the guests.

Mrs. Joseph Perkins opened the meeting with a prayer.

For Pioneer Heritage Sunday, May 18, which is celebrating our 100th birthday as a church, Mrs. Corbell asked for everyone that knew anything pertaining to this time in our church to let her know as she would like to display them that Sunday.

Mrs. Hassell, the United Methodist Women's president, reminded everyone to come to the program planned for "Call to Prayer and Self Denial" which is the following Tuesday.

Mrs. C.T. Brockman brought a devotion on "Brotherly Love". Love is not necessarily agreeing with everyone but letting them live and accepting them as they are. To love as Christ loved us.

Mrs. R.E. Britt dismissed with a prayer.

The following attended the meeting: Mrs. James Horton, Mrs. H.J. Bulgerin, Mrs. R.E. Britt, Mrs. Herman Hassell, Miss Opal Morris, Miss Loretta Morris, Mrs. Harold Ray, Mrs. Turner Collier, Mrs. C.T. Brockman, Mrs. Walter Rice, Mrs. L.E. Corbell, Mrs. A.E. Cushman, Mrs. Joseph Perkins, Mrs. Austin McCloud.

Solar Therm Cellulose Fiber

INSULATION

Blown In Attic Or Walls

Check these Features:

- Insulation is one thing you buy for your home or office.
- That can be honestly called an investment.
- Reduces or eliminates wall sweating, because it stops the cause.
- R Factor 5.25 per inch.
- FHA and G.I. approved.
- Solar Therm is fire proof.
- Contrary to public thinking, rock wool and fiber glass settles out over a 5 to 6 year period and loses most of its insulating qualities and should be done again.
- Solar Therm is guaranteed in writing not to settle or pack or to ever lose its insulating powers for the life of the structure.
- Rats, mice, squirrels, birds, will not enter an attic where Solar Therm is blown in
- 4" of Solar Therm is equal to 8" of rock wool or any other insulation now in use for the home or business.
- 1 brick wall insulated with Solar Therm is equal to 6 brick walls not insulated.
- It can be blown in through 7/8" hole, making it possible for older homes to be insulated without taking out inside wall.

This Space For Rent

A THOUGHT FOR THE WEEK

BY BOB BOYD

"Mommy, fix it, please" . . . "Mother, help me, please" . . . As children we knew we could count on her, and we did. She understood us. She was our insulation against childish chills of fear and anxieties. As time goes on, many mothers hear different words; strange words of impatience, irritation, exasperation . . . yes, even rebellion. They hear, "Oh, mother, you just don't understand". In later years, if we will only admit it, we know many mothers did understand things that were beyond our understanding in former years. But, there are some things a mother should not be expected to understand at any time.

How can she understand why days and weeks go by with no word from those she likes to hear from? How can she understand why she is expected to be insensitive to indifference or neglect? How can she understand why expected phone calls don't come through? How can she understand why (unwritten) letters don't arrive?

Yet, on Mother's Day she understands. Frankly, wouldn't it be more pleasant for her if demands for her understanding would be less on all the other days? . . .
