Band Concert Sunday At 2

The Spring Band Concert will be held in the Eastland High School auditorium May 4, at 2:00 p.m. The sixth grade, junior high and high school band have worked very hard in preparation for the concert. Tickets will be sold by Booster members and at the door.

The Eastland Maverick Band has done very well this year and will present songs they have played in their contests as well as other favorites. The band was presented a trophy for the

best sight reading band in Class AA at the Brady Music Festival. They received a I in concert and a II in sight reading at the Cisco High School Senior Band Festival. In Brownwood at UIL contest they received a III in concert and a II in sight reading.

Individual achievements were received this year by: Randy Frost--All District, All Region and All Area; Ricky Honea--All District; Robert Hallmark--All District.

Music Is Power

"Music is Power" is the theme of National Music Week, May 4-11, 1975 sponsored by the National Federation of Music Clubs.

The first synchronized celebration was held May 4-10, 1924 under the guidance of Charles M. Tremaine who said "National Music Week is a voluntary expression of the public's interest in Music."

Otto H. Kahn, patron of the arts and for many years the Chairman of the Board of Directors of the Metropolitan Opera Company was the first National Chairman. President Calvin Coolidge was the first Honorary Chairman.

Since 1959 the NFMC has been the sponsor of National Music Week.

In carrying out the theme the Eastland Music Study Club, a member of NFMC, has presented a number of varied musical programs this year, which have included two public concerts, one by Victor Niedzwiecki, pianist, and the other by Stacy Blair, trumpeter. Other programs presented have included the Eastland County String Ensemble and Cisco Junior College Choir. All of the programs were very well received.

On Sunday, May 4, at 2 p.m. Mr. Bobby Bingham, director will present the 6th grade, junior high, and high school bands in their annual spring concert. The club will present the John Phillips Sousa award to an outstanding band student at this time.

In observance of National Music Week, the club will present Ranger Junior College Stage Band and Combo in concert for Eastland High School in the high school auditorium on Wednesday, May 7 at 1:15 p.m.

On Thursday, May 8 at 7 will be the annual Eastland Civic Theater Folk Festival and picnic at Beall Hurst Playhouse hosted by officers of the theater.

Your are cordially invited to attend these programs which will be of interest to persons of all ages.

Co-Chairmen for the clubs observance are Mrs. Virginia Weaver Russell and Mrs. Ralph E. Stevens. Other assisting are Mrs. Richard Rossander, Miss Marjorie Van Hoose, Mrs. Joseph M. Perkins, Mrs. C.L. Bigby and Mrs. Jack Frost.

Senator And Mrs. Tom Creighton To Attend

Among the many who'll attend the Eastland County Law Enforcement Appreciation Celebration Saturday, June 7, will be Tom and Sue.

How about you? State Sen. and Mrs. Tom Creighton are among the most recent dignitaries who will be present in Eastland for the Lawmen's Annual Event, which will feature this year United States Senator and Presidential Candidate Lloyd Bentsen.

Tickets are now on sale from lawmen throughout the county and should be secured early in order to guarantee Caterer Vance Godby the correct number of plates to be served on tables set up under shades on the courthouse square. Tickets are \$3.00 each, and the event is being planned as a family gathering so young and old are encouraged to make plans to attend. All lawmen and all towns in the county are participating and it should be a day to remember for a long time in Eastland County.

Sen. Bentsen's visit to Eastland County will be among the few if not the only visit that he will be able to make to such a small town during the busy year of his service in the Senate and in his campaign for election in 1976.

Eastland County Newspapers C. will make its annual award to the outstanding lawperson in the county.

Eastern Star Meet

Eastland Chapter No. 280, Order of the Eastern Star will meet Tuesday May 6, 1975 at 7:30 p.m. at the Eastland Masonic Hall.

Mrs. Vera Keith, Worthy Matron presiding at the regular business session.

Hostesses for the social hour are Eloise Zuspan and Betty Wilcox.

NATIONAL MUSIC WEEK Mayor's Proclamation

WHEREAS music plays an increasingly important role in our world today; and

WHEREAS music is one of the most sublime of human pursuits and is subscribed to by all races and creeds; and

WHEREAS music is the language of all peoples and one of the greatest forces in creating peace and harmony; and

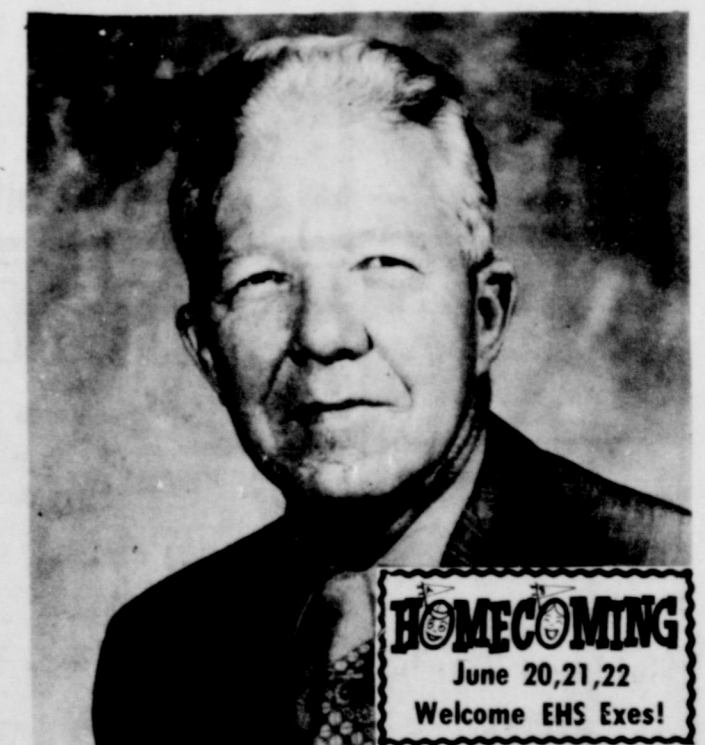

WHEREAS the National Federation of Music Clubs - dedicated to encouraging young musicians, to increasing musical knowledge, and to advancing American music - and its cooperating organizations, join forces to direct attention to the dynamic influence of music in everyday living;

NOW, THEREFORE, I, H.V. O'Brien, Mayor of the City of Eastland, Texas, do hereby proclaim the week of May 4 - 11, 1975, as National Music Week and ask that all citizens of this community observe and take part in activities, recognizing the importance of music, musicians, and musical organizations to the cultural life of our City, State, Nation, and World.

Dated this 3rd day of May, A.D. 1975

WENDELL T. SIEBERT SCHOLARSHIP FUND GROWING By Ima Ruth Taylor

The Wendell T. Siebert Scholarship Fund recently established at Eastland National Bank, has grown over the \$3,000 mark according to James Reid, treasurer of the Eastland High School Homecoming Association and custodian of the Scholarship Fund.

Letters about final plans for the Eastland Homecoming set for June 20, 21, and 22, were mailed a few weeks ago. Mention was made about the Siebert Fund and the contributions are beginning to come in.

It is our fervent hope that this perpetual fund will reach the \$5,000 goal by June, 1975. Plans are to invest the funds at eight percent interest and provide a deserving student or students with scholarship money at Eastland High School graduation each year. What finer way could we honor a friend, dedicated educator and administrator than to provide help for EHS students to further their education.

Wendell Siebert believed in the students who walked the halls of EHS. He took great personal pride in their accomplishments. He treasured their friendships. The hundreds of letters and cards he and his family received during his illness proved that the feeling was mutual.

It is hoped that all citizens of Eastland, past and present, will want to have a part, no matter how small, in providing this memorial to Wendell T. Siebert and to the cause to which he was so dedicated, the education of students attending the Eastland Public Schools.

APRIL SHOWERS spilled over into May and are bringing a multitude of greenery and beautiful wild flowers on the country side. The FM to Lone Cedar is especially pretty, and the spring gardens must be in high gear...The liveoak trees around the square appear to be thriving and are certainly looking good.

TELEVISION VIEWERS should be seeing improvements on Channels 4, 11, 13 and 39 since these are now being microwaved direct to Eastland, says Southern Manager John Nevill. Three of these were formerly routed to Cisco and then back to Eastland 13 should really be better now, as it formerly was picked up out of the air.

MR. AND MRS. Al Novak and family were in San Antonio for the annual Fiesta Activities along the river...Al reminds us that we should have listed his Perry's Store as one of the sponsors in the Ambassador Salute program the Telegram is running...We've been asked also to correct a listing in the EHS Exe - Student schedule of class activities for the June Homecoming. Our list of class schedules should have shown:

- 1941 - Ramada Inn luncheon, 12:30 p.m., Virgil T. Seaberry Jr., class agent.
- 1942 - Meeting at High School, Room 2, 2 p.m. Mr. and Mrs. Charles Freyschlag, class agents.

CONGRATULATIONS TO Mrs. Frank Sayre who has been named Artist of the Month for May by the Abilene Woman's Club...We'll all want to remember too that the week upcoming is National Music Week; think musical thoughts.

YOU MAY have seen this, but it's worth repeating. Appearing in Arch's Business, it's a list of things that make America great by Arch Booth, President, Chamber of Commerce of the United States:

1. We have the greatest amount of freedom for the individual of any country in the world. Freedom of choice. Of religion. Of thought. Of speech.
2. We have a system of public education, higher learning, and continuing adult study offering rich intellectual fulfillment to all who accept its opportunities.
3. We have the strongest economic system, and incentive for individual productivity, of any country in the world.
4. We have a highly productive and fertile soil and a skilled, motivated, splendidly equipped agricultural community.
5. We have a surplus of moal energy and courage. We're a better country for it.
6. We have a willingness to experiment with different forms of social, economic and political organization - - keeping what works and discarding what doesn't.
7. We have, above all, a will to improve, to achieve, to share, to accept the responsibilities of leadership, to be neighborly and to become something more tomorrow than we are today.
8. We have the freedom of our communications media to encourage the development and expression of informed opinion. And a growing concern for personal, governmental, and commercial ethics and behavior.
9. We have health facilities and a medical delivery system of exceptional quality.
10. We have a great wealth of investment capital, much of it waiting encouragement to be used in the development of jobs and productivity.

GORDON SPOT

BY DE GORDON

Congratulations to the community of Nimrod. They were visited Friday by a team of judges and other guests. The people of Nimrod conducted a well organized tour to show a few of the accomplishments made during the last year.

Nimrod is competing in the Texas Community Improvement Contest for the nineteenth year. No other community in Texas has entered as many times.

Other communities in the district finals are Little River Academy in Bell County, Leroy and Axtell in McLennan County and Chatfield-Tupelo in Navarro County.

Cattlemen in Eastland County can take certain steps to assure a brucellosis-free herd. Here are some suggested guidelines to follow.

1. Buy herd replacements from known brucellosis-free herds.

2. Isolate and test all herd

Champion

Strong winds from the south helped make the race from Leon Springs a fast one for the Eastland Racing Pigeon Club, Sunday, April 28, 1975. Floyd Frady released ninety-five birds Sunday from Leon Springs. The A race birds were liberated at 7:30 and the B race birds were away at 8 a.m.

Thad Kelley was first in the A race with a silver bar hen that clocked 1492.81 yards per minute. Charles Bode was second with a blue check hen that flew 1472 yards per minute. Floyd Frady was third at 1329.83 yards per minute flown by a red check hen. 1176 yards per minute flown by a grizzel hen brought Curtis Young fourth place.

In the B race Charles Bode was first with a silver cock bird that clocked 1689 yards per minute. Kelly was second with 1687.28 yards per minute flown by a blue bar hen. Frady was third with 1511.03 yards per minute flown by a red check cock bird. Young was fourth with 1317.13 yards per minute clocked by a silver cock bird. The next race will be May 4 from Pleasanton, Texas.

James W. Roberts, 49, of Anniston, Ala., was dead on arrival at Eastland Memorial Hospital at 8:45 p.m. Thursday after suffering an apparent heart attack. Services are pending at Gray-Brown-Service Mortuary in Anniston, Ala.

Local arrangements are being handled by Bakker Funeral Home.

Roberts had worked here the past two weeks at Ebba Iron Inc.

Announcing

Mr. and Mrs. E.C. Johnston of Eastland announce the marriage of their daughter, Susan Annis, to Tommy Warford, son of Mr. and Mrs. A.W. Warford of Ranger.

The marriage ceremony was celebrated in the First Presbyterian Church May 2, with Dr. Robert Marsh officiating.

The Light Touch

By Clint Bray

Statistics show that if you think you work harder than the average man—you're the average man.

To err is human. To blame it on the other guy is even more human.

Playing golf is like raising children. You keep thinking you're going to do better.

Buyer to car salesman: "I do a lot of driving in rush-hour traffic. I want a car that will really crawl."

Heard about the new Rip Van Winkle rugs? They have an unusually long nap.

It won't take 20 years to Outfit You at Bray's in Eastland, and Ranger.

replacement. Retest replacements in 60 days.

3. Practice calf vaccination if exposure is likely. Vaccinate three-to-six-month-old heifer calves with Strain No. 19 vaccine to build resistance to brucellosis infection.

4. Keep fences in good repair to keep infected animals out of your herd.

5. If possible, separate all animals before calving, since cattle often get the disease by sniffing and licking an aborted calf or a full-term calf from an infected cow.

6. Test animals that abort or give birth to dead or weak offspring.

7. Consult your veterinarian or herd health problems regularly.

8. Encourage cooperation in the fight to eradicate brucellosis

Brucellosis is a serious disease in that infected cattle generally lose 20 per cent of their milk producing ability.

They have abortions, sterility problems, and become slow breeders. Infected herds can

have 40 per cent fewer calves.

Since there is no cure for the disease, proper management practices are the only answer to preventing the spread of brucellosis. A nationwide state-federal eradication program is under way, with 30 states presently "certified brucellosis-free."

In Texas the brucellosis eradication program is being directed by the Texas Animal Health Commission. The program involves locating infected herds, containing the infection and helping owners of infected herds to eliminate the disease.

Additional information on brucellosis in cattle is available at the county Extension office.

Eastland County's Radio Dispatch Now In Operation

Eastland County's new County Radio Dispatch is now in operation and performing almost perfectly a survey of county lawmen indicated at weekend.

Beginning operation at 7 a.m. Thursday, the system links all the law enforcement agencies in the county with one convenient telephone number, and high band radio links throughout the county.

Telephone number is 629-1728.

Participating are Rising Star, Gorman, Eastland, Ranger, Cisco and the county. The telephone provides direct contact with all county law agencies.

The public was invited to attend a 9 a.m. opening ceremony at the facility headquarters, located three miles south of Eastland on Texas 6. County Judge Scott Bailey presided and declared the system operational after it went

into operation at 7 a.m., and was most complimentary of the cooperative effort which makes it possible.

"We will all rest better at night knowing that instant communication connects every town in this county and every other county in the state", Judge Bailey said.

Co-op Board Chairman L.T. Owens (Commissioner from Rising Star) was especially complimentary to all who had assisted in making the project possible. He especially thanked Eastland Commissioner Danny Woods for doing site work and installation of the fencing at the site.

Law Enforcement officers representing every agency in the county were present for the opening as well as civic leaders and Bob Gallagher, executive director of the West Central Texas Council of Governments and Les Wilkerson, criminal justice coordinator of COG.

Representatives from each of the towns participating in the service are from left to right, bottom row: Johnny Morren, Jerry Rich, Ben Sancillo, Gorman Police Chief Albert White and Bill Hunter. Top row: Richard Trail, Zane Welch, Rob Autry, Lefty Sublett, Lewis Hollywood, Jeff Boling and Jerry Mathews. (staff photo by Steve Haines).

Dispatch operators for the new system are from left to right: Charlotte Geirger, Bonnie Autry, Barbara Welch, Jouchine Miller, and Perry Curtis. (staff photo by Steve Haines)

Can a Small Town Newspaper Find Happiness In Today's Busy World?

Yes...it can when it's one of the best - read country newspapers in the nation. The toughest critics tell us we are.

Happiness is being accepted. Our style and format is setting a pace for the industry. Since we converted to the offset printing method way back in 1971, most of our neighbors have also made the change and we're always honored when they visit us and seek our advice and council in making the change. We're the "print shop" for a number of area newspapers, and consider it a privilege to be able to offer this additional service in Eastland.

In a sense a newspaper printing plant is one of the most unique manufacturers in the world - it must produce a brand new product every time it goes to press.

Payroll for the work force that makes up Eastland County Newspapers Co. amounts to approximately \$90,000.00 a year. We take a great deal of pride in being able to provide that many jobs for folks in Eastland County, and seeing that amount of buying power made available here.

Happiness is self - respect. Our readers know they can count on us to give them the news impartially, and we've learned that they respect our attempt to bring them all the local news, news about the people they know, and about our area.

Happiness is humility - an acceptance that we aren't the New York Times, and that Eastland County isn't Paris, but a pride in our effort to do the best we can with what we have.

Yes...our "small town newspaper" has found happiness in today's big, brusque, busy world. We have been accepted by those who want something a little bit better. Our readers like our style. Our advertisers like our readers' response. Won't you join us as an advertiser or as a reader, or even both? We know you'll be happy here, too.

Mrs. Durham Hosts DAR

Young artists in the 4th, 5th and 6th grades of the Wendell Siebert Elementary School were invited to share their talents for the Charles Crawford Chapter, D.A.R. at the home of Mrs. H.H. Durham. Mrs. Charles Terrell was co-hostess for the luncheon meeting. It is the custom for the meeting to open with the Star Spangled Banner and it was unique to recite it line by line and pause to see a large poster illustration for each line. Booklets on TEXAS were on display and the excellent writing commented on. Cloth place mats, fringed neatly were decorated with wild flowers, in natural colors.

Mr. and Mrs. G.P. Rose Celebrate Golden Wedding Anniversary

More than 80 relatives and friends were on hand to help G.P. and Katy Rose celebrate their Golden Wedding Anniversary at their home in Olden on Sunday, April 27, 1975.

Included were all of their children: Rachel, Richmond, Niginia; Lanell, Abbeville, Alabama; Wanda and Caroly, Mineral Wells; and Price, Sumatna, Indonesia, marking only the second time in over 25 years the family had all been together.

Other out-of-town guests came from Abilene, Buchanan, Dam, Cisco, Clifton, Desdemona, Eastland, Ft. Worth,

Galena Park, Gordon, Graham, Hurst, Mineral Wells, Ranger, San Antonio, Slaton, Weatherford, and from Abbeville, Alabama and Phoenix, Arizona.

Messages of congratulations were received from many, including Joe Hanna, State Representative of Breckenridge, Le-Roy Hogue, Baptist Missionary in Taipei, Taiwan, Rev. Wallace Pierce, former pastor of Thalia, Tex., and Jack Lane, a nephew in Anchorage, Alaska.

Van Geem Circle

The Van Geem circle of the First United Methodist Church of Eastland met at 9:30 Tuesday morning in the home of Mrs. Henry Van Geem.

Mrs. Van Geem presiding Mrs. H.L. Hassell president of the United Methodist Church was present and made several announcements.

Minutes of the previous meeting read and approved.

Mrs. Dois Hodges gave the Devotion, "You May be richer than you think," which was very timely. Members present: Mrs. Ben Marney, Mrs. Ed Willman, Mrs. H.L. Hassell, Mrs. E.M. Grimes, Mrs. Betty Morris, Miss Bess Thurman, Mrs. Henry Van Geem, and Mrs. C.W. Boles.

Participate in State Tournament

A team representing Central Drug participated in the Texas Women's Bowling Association State Tournament on April 12 and 13 in Irving, Texas.

The tournament will be held on weekends through June of 1975. There are 2,069 teams entered.

Tose going with the Central Durg team were: Ima Ruth Taylor, Jackie Humphreys, and Bertie Butler all of Eastland, Peggy Fisher of Breckenridge, and Chris Langford of Cisco.

The team had a total of 2206 pins. Final results will be tabulated and winners notified after completion of the tournament.

Peggy Fisher received a 200 pin for bowling a 213 during tournament play. Chris Langford received a 175 patch for bowling a 179.

Bowlers are competing in classes according to handicaps so all scores are scratch.

COUNTY NEWS

Eris Ritchie, public relations manager for Cisco Jr. College, will be the guest speaker for the May meeting of the Cisco Writer's Guild. Mr. Ritchie will speak to the group about what is entailed in public relations writing.

The meeting will be held at the Chamber of Commerce building on Ave. D and 7:30 p.m. Tuesday, May 6. All area residents who are interested in writing are invited to attend. If time allows, a group discussion and criticism of manuscripts will follow the talk, so be sure to bring in a current manuscript. Refreshments will be catered by the Spot restaurant.

Top winners in the Eastland County Art Association art exhibit held Friday and Saturday in Eastland were: Best of Show-Neil McConnell of Stephenville, 1st place- Levina Brown of Dublin, 2nd place- Martha Kelly of Breckenridge, 3rd place -Virginia Clar of Breckenridge.

Seven other categories were in competition in the Exhibit with three places in each category. Photos and fully detailed story of the exhibit will appear in the Thursday Telegram.

Visitors

Mrs. A.W. Cogburn has returned from a visit with her daughter Pauline Cogburn of Houston. Highlight of the trip was a salad luncheon on Saturday, April 19th, honoring the mothers and daughters of members of Texas Chi Delta chapter of Beta Sigma Phi.

Mrs. Reddick Hosts Flatwood Club

The Flatwood Club met in the home of Mrs. Ellen Reddick May 1.

The meeting called to order by President Mrs. Guy Sherrill. Scripture read by Ellen Reddick Math 27-1-10. In the absence of Mrs. Awolt, Mrs. Granes called roll. Answered by "My pins for the Summer."

Reading and approval of minutes. Sent card to Vera Talley who is in the Gorman Hospital.

Program by Zelma Lusk, "Preserving Food."

Mrs. Obriou gave us recreation reading our honored tood in Corner Stone, will meet May 15 with Mrs. Mary Reed. Zelma Lusk read us the shopping spree-you tell what you are. Achievement Day may 7 at Baptist Basement.

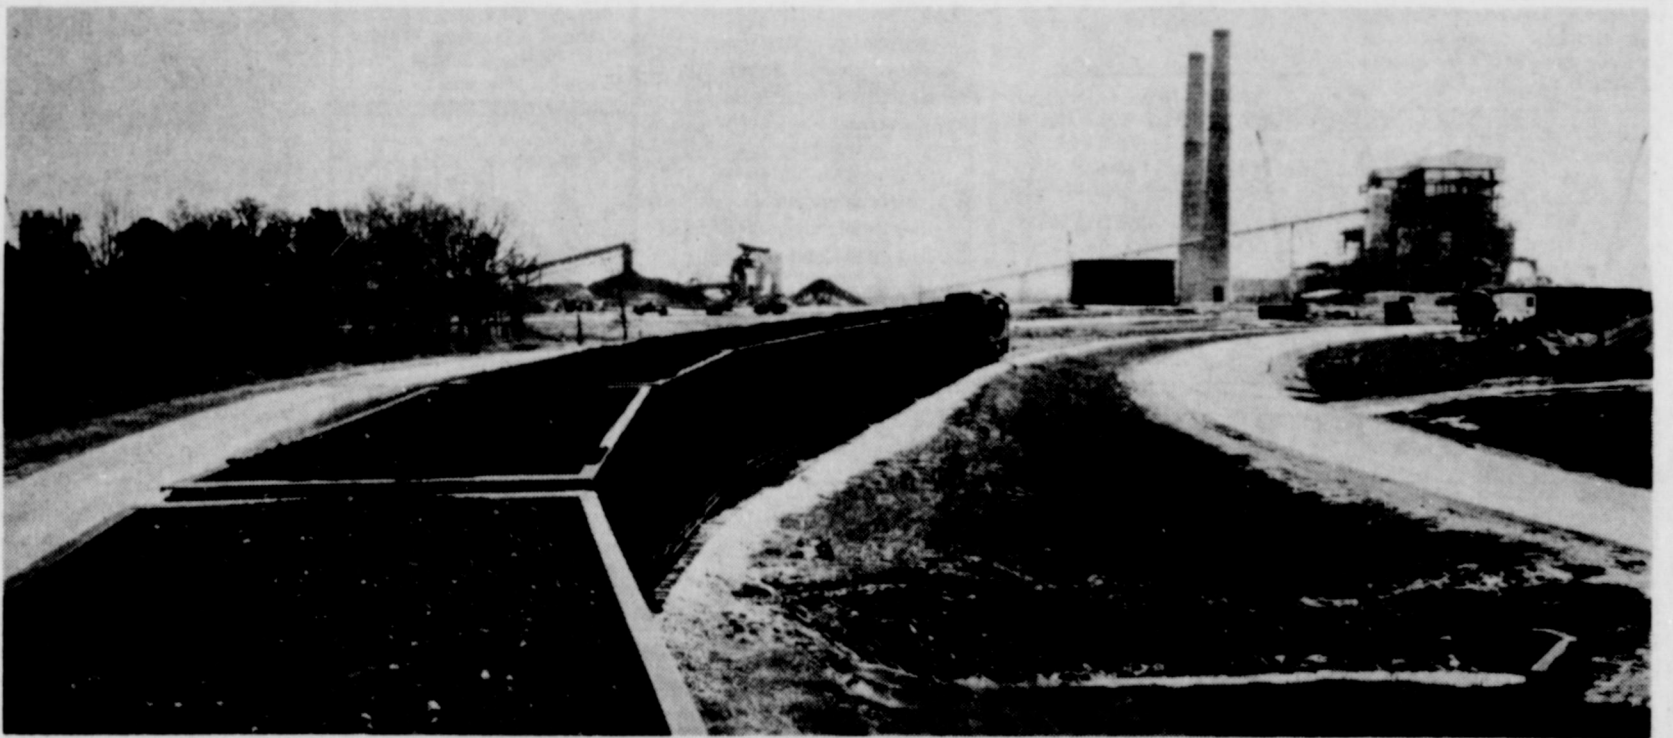

Members present were Mrs. Guy Sherrill, Mrs. Gene Brown, Mrs. Fannie Obriou, Mrs. Coori Hoslou, Mrs. Jaunita Messen-

gale, Mrs. Mary Reed, Mrs. Ellen Reddick, Mrs. Jess Canouough, Mrs. Zelma Lusk, Mrs. Lina Graves, and Mrs. Elen Hosu.

Cake, punch, nuts were served for refreshments.

Our woman for the year is Mrs. Ellen Reddick.

During his first trip to the San Antonio Zoo, little Rosemary saw a peacock and exclaimed, "Look Mom: this chicken is in bloom!"

The Monticello choo-choo. A little train that's helping fight the rising cost of electricity.

You're looking at what may be the shortest railroad in Texas.

The Monticello choo-choo runs only 12 miles from start to finish, but it's doing a big job hauling lignite coal to Texas Electric's Monticello power plant near Mount Pleasant.

The diesel-electric locomotive pulls seven to 15 cars. And each car is loaded with 100 tons of lignite per trip.

After unloading at the plant, the train is "backed" the 12 miles to the mining area. This saves the expense of a turn-around facility. On the trip back the engineer drives the train using controls in a special caboose.

Monticello is our second lignite-fired generating plant. We're building these plants because new supplies of natural gas and oil — the primary fuels we use to generate electricity —

are harder to get and more costly.

Lignite plants cost much more to build, which means electricity is going to have to cost you more. But the increase won't be as much, because lignite fuel is available and more economical than new supplies of natural gas and oil.

At Texas Electric we're continuing the orderly development of our power system so that you'll continue having the electricity you need.

Over 20% of your electricity this year will be produced using lignite coal.

And the Monticello choo-choo is a mighty fine line that's helping do the job.

Robertson's Hosts Cooking Demonstration

The former Assistant County Home Demonstration Agent, Judy Cardwell, now of Abilene, gave a cooking demonstration at Robertson's TV Wednesday April 30.

Judy was showing the wonderful things you can do with a

Panasonic Microwave Oven. Among the things she was showing the guests were how quickly you can cook: potatoes, bacon, apples, and a pineapple upside down cake. She even popped pop corn in the oven. She took an ordinary ice

cream cone and poured cake mix into it and placed it in the oven and a few minutes later took it out and put icing on it and it was ready to eat.

Drop by Robertson's TV and see their line of Panasonic Microwave Ovens.

Television Cat

How much the times in which we are living affect our children's speech was underlined last weekend.

Four year old Amy, daughter of Mr. and Mrs. Jim Davis, went fishing with her parents.

Upon returning home, she excitedly ran to tell her next-door neighbor, and also "best friend," Melody Trout all about the good time she had.

"We caught lots of fish," Amy said. We caught a perch, and a bass and a television cat! "Television Cat?" Melody asked, a little puzzled. Then, she realized what this "new" fish is. "Amy," Melody asked "Don't you mean channel cat instead of Television Cat?"

Enthusiasm increased both among the fans and the competitors in the second performance of the Gorman Junior Rodeo Friday night.

Mitzi Lindley of Desdemona was one of the top performers of the evening, capturing both pole bending and barrel racing honors in the 13 through 15 age category.

About 500 persons attended the second night performance, compared with about 200 on Thursday.

ITEM: Fifty-six men signed the Declaration of Independence. Five were captured or imprisoned in the war that followed. Nine died of wounds or hardships. Twelve lost their homes. Seventeen lost everything they owned. Every one of them was hunted. Most were driven into hiding. They were offered immunity, rewards, the return of their property or freedom of their loved ones to desert the cause. Not one did. Not one broke that pledge.

A THOUGHT FOR THE WEEK

BY BOB BOYD

Piece and peace. Two simple words. They sound alike. They're spelled differently. They have different meanings.

Consider for example, "piece of mind" as it is commonly used and "peace of mind" as it too is commonly understood. "Piece of mind" is common. "Peace of mind" is all too uncommon.

Telling some one off with a "piece of mind" is one thing. Possessing "peace of mind" is different. "Piece of mind" even at its best provides only a TEMPORARY feeling of satisfaction. Once attained, "peace of mind" can be maintained it gives PERMANENT satisfaction.

Wouldn't it be a wonderful world if people would practice less "piece of mind" and possess more "peace of mind"?

INSULATION

Blown In Attic Or Walls

Solar Therm Cellulose Fiber

Check these Features:

- Insulation is one thing you buy for your home or office.
- That can be honestly called an investment.
- Reduces or eliminates wall sweating, because it stops the cause.
- R Factor 5.25 per inch.
- FHA and G.I. approved.
- Solar Therm is fire proof.
- Contrary to public thinking, rock wool and fiber glass settles out over a 5 to 6 year period and loses most of its insulating qualities and should be done again.
- Solar Therm is guaranteed in writing not to settle or pack or to ever lose its insulating powers for the life of the structure.
- Rats, mice, squirrels, birds, will not enter an attic where Solar Therm is blown in
- 4" of Solar Therm is equal to 8" of rock wool or any other insulation now in use for the home or business.
- 1 brick wall insulated with Solar Therm is equal to 6 brick walls not insulated.
- It can be blown in through 7/8" hole, making it possible for older homes to be insulated without taking out inside wall.

APRIL, 1975

Senator LLOYD BENTSEN

REPORTS
FROM
WASHINGTON

The First Major Step

Tax Cut Passed— Boost to Economy

The President has signed into law a \$24.8 billion tax cut bill approved by Congress to stimulate our weakened economy.

Roughly \$20 billion of this is in benefits to individuals. Shortly after May 9, millions of Texans and Americans will begin receiving rebate checks from their 1974 income taxes. Social Security recipients will all receive a \$50 cash payment. And, for 1975, every taxpayer and dependent will receive a \$30 credit against their taxes and will also benefit from an increase in the maximum and minimum standard deductions.

Seven and a half million Americans are presently out of work and the recession continues to deepen throughout the country. While Texas remains better off than its sister states, unemployment in our state has been rising at an alarming rate this year.

By providing a rebate on last year's taxes and providing a tax reduction next year, for workers and small businessmen alike, this legislation is intended to put dollars in circulation and give our economy a boost it badly needs.

It is the first major step toward regaining full economic health in our nation again.

Individual tax cuts for this year will be reflected in payroll withholding by May 1. Rebate checks for 1974 income taxes will be mailed beginning May 12 and will continue for six weeks.

The following table covers the amount people should receive. The estimates shown are based on average taxpayers, with various income levels and dependent status.

Representing Texas in the Senate

Despite developments of recent weeks, my primary responsibility remains to the people of Texas who elected me to serve them in the U.S. Senate.

They are entitled to the best representation possible, and I intend to see that they get it.

Most of my time and efforts during coming months will be in Congress: on the Senate floor, at the caucuses, and in the committee rooms where legislation is drawn up that affects the future of millions of people in Texas and across the nation.

I will be focusing on the gravest problems now confronting us -- the energy shortage, the worst recession since the 30's, inflation that keeps driving prices higher. And the bulk of my time will be spent seeking some workable solutions.

Transportation Needs in Rural Areas

It is time for Congress to shift its emphasis to the overlooked problems of rural areas in Texas and across the country.

For the past twenty years, the Federal government has concentrated heavily on completion of the

Testifying before the Senate Agriculture committee on the 1975 Farm Bill which has since been approved by Congress.

Interstate Highway System. Last year, a comprehensive mass transit bill was passed to help our cities move its people.

Rail abandonment, with an average yearly decrease of 1,000 linehaul miles, works against agriculture at a time when that industry is struggling to meet export demands.

Our rural roads are also in bad shape. Only one-fifth have a high load-bearing capacity and many of their bridges are in poor condition.

Most importantly, in all that we do in transportation this year we cannot think merely in terms of dollars spent, or miles of roads constructed, or even of jobs created. We have to think of the people who will be affected.

Many of our rural poor and elderly are geographically and economically isolated. Jobs depend on transportation. Without it, rural areas lose talented people, lose their tax base and either stagnate or fall far behind their urban counterparts.

As I steer the Transportation Subcommittee this year, I will be working to insure that this does not happen.

Eastland Women Excises Legal Right To Concel Contract

By exercising her legal right to terminate the contract, an Eastland woman saved herself a possible obligation to an out of town siding sales firm which could have cost her some \$6,000.

The woman initially agreed to a contract for some \$3,800 worth of siding, to be paid at 18% interest over a seven year period, but wisely checked with local builders, found that she was buying inferior material and quickly exercised her legal right to cancel the contract. District County Attorney Emory Walton reports.

Citizens are invited, he said, to check with him on out of town sales personnel, particularly in insurance and home improvement programs. He recommended that local firms be considered first.

13 Eastland County Sheriff's Photos

Hung In Ceremony

Tuesday afternoon a very special recognition ceremony was held in the Eastland County Sheriff's Office when thirteen of the twenty-one sheriffs of Eastland County, photographs were hung for display.

Sheriff L. E. (Lefty) Sublett told members of the press that the project of hanging the photographs had been a project that he had sought to have done for the past number of years, and a project first thought of, years ago by then Sheriff J.B. Williams during the late 40's era. But that rounding up many of the pictures was a great task because of death factors and relatives caused some of the photographs to be hard to find.

Photography work for the Sheriff's Department was furnished by James Dabney. A special thanks goes to Sheriff Sublett and staff for organizing one of the finest tributes that could be paid to the men who helped administer law and order to Eastland County.

Texas Taxes

By BOB BULLOCK, State Comptroller

Austin--It has often been said that there is nothing certain but death and taxes. Perhaps the line was originally meant to apply to our inheritance taxes.

The Texas inheritance tax is one of the most overlooked state taxes, probably because it has liberal exemptions and is so much smaller than federal estate taxes. The Comptroller's Department collects about \$50 million in inheritance taxes annually, one of the minor sources of state revenue.

We get reports on only a fraction of the persons who die and leave things of value to their heirs. Last year we looked at more than 31,500 returns but found only 15,000 of them to be taxable.

The Texas tax is completely different from the federal tax. The federal tax is levied on the deceased person's estate, regardless of who inherits it or how it is divided, and the tax is taken before the estate is divided.

Our tax is levied on the persons who receive the inheritance and the exemptions and rates vary according to the several classes of heirs.

The first class of heirs includes the spouse, mother, father, son, daughter, and grandchildren. Regardless of the number of heirs, each heir in this class is given a \$25,000 exemption before the tax applies.

The rates for this classification, after the \$25,000 exemption, are one per cent for inheritances between \$25,000 and \$50,000, two per cent for \$50,000 to \$100,000, three per cent for \$100,000 to \$200,000, four per cent for \$200,000 to \$500,000, five per cent for \$500,000 to \$1 million, and six per cent

above \$1 million. Brothers and sisters are another classification and they get a \$10,000 exemption. Their graduated rates start at three per cent. Aunts, uncles and cousins get a \$1,000 exemption and their rates start at four per cent. Unrelated persons receive a \$500 exemption and rates start at five per cent.

Property and money passed on to charitable, educational or religious organizations are, of course, exempt from inheritance taxes.

The \$25,000 exemption for members of the immediate family means our tax doesn't fall on many heirs, and yet we know we are missing some taxable inheritances. To correct this, we are simplifying reporting forms, changing death reports sent by the counties and trying to make the public more aware of the state tax.

The law requires inheritance tax returns to be filed with us within nine months of the date of death. Failure to do so can subject the heir to penalties of up to 10 per cent.

Some efforts have been made in the Legislature to increase the exemptions and perhaps the Legislature would be justified in doing so in light of inflationary increases in property values. But until the Legislature makes such a decision, we have to stick with the present law.

However, our Inheritance Tax Division goes out of its way to arrange longterm payouts for larger estates. I certainly never want to see the family farm or business have to be sold just to pay taxes as long as an heir wants to keep the property for productive purposes.

ORDINANCE NO. 440
An Ordinance Creating And Establishing The Duties Of The Office Of City Building Permit Agent; To Provide For The Appointment Of The City Building Permit Agent; To Provide For The Issuance Of Building Permits And Fees And Requirements Thereof; To Provide Requirements For The Construction, Modification, Design And Installation Of Water And Sewerage Systems; To Provide Requirements For The Construction Or Modification Of New Or Existing Structures; To Provide For The Cancellation Of Building Permits; To Provide Penalties For Violation Hereof; To Provide For Repeal Of Ordinances Or Parts Thereof In Conflict Herewith; And, Providing For Publication.

WHEREAS, the Board of Commissioners of the City of Eastland find it necessary to provide that construction, design, modification and installation of water and sewerage systems comply with the requirements of the Federal program of flood insurance; and

WHEREAS, the Board of Commissioners of the City of Eastland desire to effectuate such compliance; and

WHEREAS, the Board of Commissioners of the City of Eastland find it necessary to provide for certain minimum standards for the construction or modification of any new or existing structure within the City of Eastland; and

WHEREAS, the Board of Commissioners of the City of Eastland desire to effectuate compliance with such minimum standards;

NOW THEREFORE, BE IT ORDAINED by the Board of Commissioners of the City of Eastland, Texas:

1
There is hereby created within the City of Eastland the office of City Building Permit Agent. The Board of Commissioners of the City of Eastland shall appoint the City Building Permit Agent whose term is for a period of two years.

2
It is the duty of the City Building Permit Agent to issue building permits in accordance with the terms and provisions of this Ordinance and to carry out the terms and provisions of this Ordinance. The City Building Permit Agent shall maintain accurate records of the performance of his duties.

3
It is unlawful for any person, firm or corporation to construct, modify or install any water or sewerage system within the City of Eastland or to construct or modify any new or existing structure therein unless a building permit has been issued therefor in accordance with the terms and provisions of this Ordinance. Any person, firm or corporation who violates this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by fine not to exceed \$200.00.

4
The City Building Permit Agent shall issue a building permit only if he has first determined that the proposed building site is reasonably safe from flooding; provided, however, that the City Building Permit Agent may, if a flood hazard does exist, issue the building permit if such proposed construction, installation or substantial improvement: (a) is designed or modified and anchored to prevent floatation, collapse or lateral movement of the structure; and, (b) construction materials and utility equipment are such as to be reasonably resistant to flood damage; and, (c) construction methods and practices are such as to reasonably minimize flood damage.

5
Provided, further, however, that no building or subdivision permit shall be issued unless the City Building Permit Agent determines: (a) all proposals for construction, modification and installation provide for methods to minimize flood damage; and, (b) all public utilities and facilities such as sewerage, gas, electrical service and water systems are located and constructed to minimize flood damage; and, (c) adequate drainage is provided to minimize flood hazards; and, (d) all proposals for construction, modification or installation are such as not to be a danger to the health, safety and welfare of any person.

6
Provided further, however, that the City Building Permit Agent shall not issue a building permit to any applicant therefor unless and until such applicant shall have paid a fee therefor of \$10.00. Such fee is payable to the City Building Permit Agent who shall account to the City of Eastland for all such fees received.

7
The City Building Permit Agent shall not issue a building

permit for any new or replacement water supply system or sewerage system unless same are designed to minimize infiltration of flood waters into the system and discharges from the system into the flood waters.

8
Whenever a building permit has been issued hereunder for any construction, modification or installation and it subsequently shall come to the attention of the City Building Permit Agent that such construction, modification or installation no longer is in compliance with this Ordinance, the City Building Permit Agent shall notify the applicant of such violation. Such notice shall be by certified mail, return receipt requested. Upon receipt of such notice by the applicant, applicant immediately shall cease such construction, modification or installation until he has applied for and received an additional building permit in accordance with the terms and provisions of this Ordinance. All of the terms and provisions of this Ordinance apply to the first and all subsequent applications for building permits. Each day of continue operations after receipt of the notice herein set out constitutes a separate violation of this Ordinance.

9
An emergency exists due to the need to preserve the public health, safety and welfare necessitating that this Ordinance become effective immediately upon its passage.

10
The City Secretary is hereby directed to publish the descriptive caption of this ordinance, together with the penalty provisions herein in the length of time and manner provided by law.

KINDERGARTEN
MRS. WORD

We have all been working hard in Kindergarten this week. We are learning some new Nursery Rhymes which everyone has enjoyed. The girls and boys have also been painting with tempera paint. This is always great fun for everyone. One day everyone made their own Snappy Turtle and then learned the song about the little turtle.

Our leaders this week have been Pat Hammon, Lisa Garrett, Denna Finley, Amy Farmer, Clyde Wilson, Terry Alsbrook, Blake Boles and Shane Bowels.

FIRST GRADE
MRS. COOPER

In first grade this week some of us are finishing our last basal reading book. We have been working on writing telling and asking sentences in language. Everyone is beginning to get excited about school being nearly out for the summer. We have a May Basket that we are going to fill with a flower for each day that passes.

Our good manners awards have gone to Kristin Coeling, Bobby Swan, Judy Trail, Johy Tysen, Kristin Maston, Billey Kleiner, Dana Fox and Bert Seabourn.

Wilbur the Mouse has slept in the desks of Judy Trail and Kristin Collins.

MRS. SIEBERT

Mrs. Siebert - April 30. We

saw a show in room 3. We were very good in reading. We made pretty flowers. We get to go out every day. In the back of the school house we get to walk on the logs every day.
Angela Sanders.

SECOND GRADE
MRS. COATS

Only 17 more school days left. Tuesday and Wednesday we took our achievement test. Wednesday we water colored fruit pictures for the display case out in the hallway. We are learning our multiplication problems and studying fractions. David Ames was absent Wednesday. Darla Sadler's mother and little sister had lunch with us Thursday. We have learned all our cursive letters.

THIRD GRADE
MRS. TURNER

We have been working in the Dictionary and our encyclopedias, looking up things. Rebecca Herrera has had an appendix operation, and we hope she come back soon. We are drawing her a picture to make her happy. We have been studying about hot lands in our geography.

Annette Johnson

THIRD GRADE
MRS. YOUNG

We've been having lots of fun. Gayla got back today. Everybody was glad to see her.

We're learning about coordinate geometry in our math book. In geography, we're learning about Mexico. We're finally finished with our tests.

We got our desks moved around Monday, and we like it a lot better.

Donald Reid

FOURTH GRADE
MRS. GREEN

We have been having fun this week. Everyone of the boys are ready for baseball, and the girls are ready for baseball too.

There have been a lot of pretty days this week. And it seems like the sun keeps on getting hotter and hotter but I

guess not.
The fifty grade are taking their achievement tests this week. The sixth grade are taking their achievement test next week. The third and fourth grade have already taken their tests.

Chico Underwood

FOURTH GRADE
MRS. ADAIR

Last week went to high school. We have been doing scenes. The girls did a scene on the school with the children standing pledging to flag. The boys did a scene on Bunker Hill. The blue soldiers were the Americans and the green were the British. After that we did our every day things.

Mary McCoy

SIXTH GRADE
MRS. WELCH

This week we have been working with geometry in math. We have been working on punctuation and writing reports

in English. In reading we are doing Pilot Library. During our health period we have been studying the human body. In history we are about to have a test on Colonial America. Last week we made colonial scenes and Mrs. Dwicham took some of them to exhibit at the Daughters of the American Revolution meeting which she hosted. In P.E. the boys and girls are playing softball. We have so many children we have 4 boys teams and 4 girls teams.

Michael Collins

SIXTH GRADE
MRS. LITTLE

This week has been a usual one for Mrs. Little's sixth grade class. Monday we saw a film on History and Health. We also started a new unit in Health. Friday we are going to have a test in History. We are going to start our testing in teh Study Hall Monday. For those who wants to know how many more weeks it is till we get out of

PARENTS PRAYER

"Dear Lord, I love my children but they are driving me to distraction. I have lost my self-control. I need your help. I realize, Dear Lord, that I can never direct them in their young lives if I am disorganized. Help me not to be angry and to not shout at them. Give me a sense of humor, Oh Lord, and help me to know that their restless energy is a sign of vitality and part of their development. Don't let me be tired and upset, but, rather, may I enter joyfully into my relationship with them. Thank you for my children, but Lord, don't let them get me down. In Christ name, Amen."

Shown at left are County Home Demonstration Agent Janet Thomas and County Agent De Gordon. At right are Assistant Agent Milton Keltner and Assistant Home Demonstration Agent Arleen Atkins. A delegation from Eastland County recently visited the new Texas 4-H Center at Lake Brownwood.

The \$14 million educational training facility for the

State's 4-H program was constructed under the leadership of Louis Austin, Jr., chairman of the Texas 4-H Youth Development Foundation, who is also vice chairman and chief executive officer for Texas Utilities, Dallas.

This modern facility can accommodate more than 250 people. It features a 300 seat assembly hall and 15 additional conference rooms that can accommodate from 12 to 100 people each. The Center is served by an ultramodern kitchen and has excellent space for outdoor recreation, a swimming pool, and other accommodations attractive to both youth and adults.

The Center was built with funds donated by businesses, organizations, individuals and money raised by 4-H members. There was no state money used in the construction of the Center.

Eastland Co. 4-H members have raised over \$1700 and plan to raise another \$1300 to help pay for the construction of the Center. (Photos by De Gordon)

Do You Remember

BY HERMAN DEMPSEY

In the early teens of 1900, a gushing oil well was drilled near the town serving the many surrounding communities. Little did the people of the communities realize just how much this discovery would affect their routines in living experiences.

The people were not prepared to know what to expect when their town of some 1000 population to suddenly become a town of some 25,000 population. There were strange men in strange modes of transportation coming and going trying to see all the landowners they could in their attempts to make mineral leases on as much land as they could as quickly as possible. The roads suddenly became jammed with wagons hauling lumber and supplies for building the derricks that were springing up in every direction. There were wagons drawn by

horses and mules, hauling casing pipe from the railroad to the drilling sit. The new people in the community came from many far away places and even spoke a strange language to the local people. Many of the community folks realized the whole atmosphere had changed and they were not sure just how it would affect their children. The new men seemed rugged and not exactly suitable for their daughters to become involved with in the new atmosphere. With the lease and royalty in their bank accounts, they decided to go to other locations where their children could grow up in a community similar to that which existed before the coming of the oil boom. They bought places at scattered locations that generally broke up the community life that had been known and enjoyed so many years before.

GET ANOTHER CONNECTION & GET BETTER LOOKING!

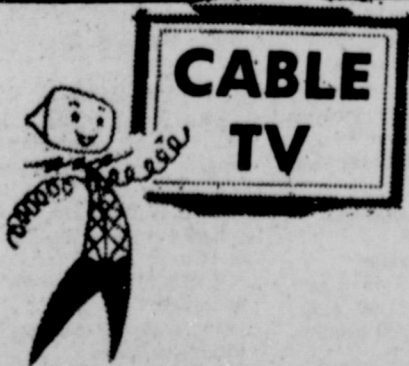

You and your family will certainly appreciate the convenience of another cable television connection--perhaps for the den, a bedroom, or what about the kitchen, for Mom. It's the simple answer to the often-heard question, "Which channel are we going to watch." Different taste can make their own choice: baseball, soap-operas, cartoons, adventure, or what have you. It's a good way to end those channel choices when there's just one connection in your home. You'll find it a conveniences that will be most appreciated. With Mother's Day and Father's Day and not to mention Graduation Day coming, you might even want to think of another cable connection as an extra - special gift for the special someone in your family. Call Us. We can add connections easily, and you'll be most appreciated.

Robert King II To Ride With Cavalry

Trout To Graduate With High Honors

Miss Wendy Trout is one of the five students graduating with "high honors" from Cisco Junior College Friday night. A total of 113 students will be awarded associate degrees.

Wendy has been on the dean's list each semester and has been listed in Who's Who in American Junior College. Wendy has been employed in the registrar's office at Cisco Junior College.

She is the daughter of Mr. and Mrs. Olen Trout.

COLLEGE STATION--Robert L. King II of Eastland will ride with Parsons Mounted Cavalry in 1975-76 at Texas A&M University.

King is one of 48 members named to the cavalry troop, part of TAMU's Corps of Cadets. A unique, colorful unit, Parsons Cavalry mounts up for Corps trip parades, reviews, football march-ins and special invited appearances in state-wide parades, equestrian and agricultural events.

Appearances, such as the nationally televised Cotton Bowl Classic last January, have placed the troop in demand at fairs, livestock shows and parades.

Conceived in the spring of 1973, the troop saddled up the first time last year. Only seniors ride in the unit. With campaign hats, senior boots and other items of the Cadet Corps uniform, the troop is highly reminiscent of the U.S. Cavalry that opened and patrolled the early American frontier.

Members supply their own horses. Traiping, care and feeding is conducted on 14 acres at the TAMU Research Annex. Junior interested in becoming riding members "apprentice" in their next-to-last under-

graduate year at TAMU. The troop is named for Col Thomas R. Parsons, commandant of cadets who guided and supported its formative stages.

King, son of the R.L. Kings of 101 S. Hillcrest, is a junior majoring in animal science at TAMU. He is a member of Squadron 12 in the Corps of Cadets.
