

New Lawmen's Radio System Due Operational Early March

The new Law Enforcement Central Dispatch Radio System should go into operation the first week in March.

Contract for construction of the dispatch building was let Tuesday morning, on a low bid of \$7,376.00 to H&W Construction Co. Site is south of Int. 20, alongside Highway 6, on county property formerly site of the county poor farm.

In two meetings this week, the official board of Central Dispatch handled final arrangements and in cooperation with representatives of the various law enforcement agencies involved, worked out preliminary details of the project.

Possible operational holdup could be failure of equipment to arrive on schedule.

The governing board is made up of County Commissioner L.T. Owens, chairman; Cisco City Manager Denton Miller, secretary; Eastland Mayor - W.Q. Verner, treasurer; Ranger Mayor Max Anderson and Rising Star Mayor S.C. Cotton.

The City of Gorman had originally indicated that they would join the cooperative effort but to date has not officially signed the contract, it is reported.

Applications are still being taken for dispatcher employees. Crew force tentatively sets at one chief dispatcher, four fulltime dispatchers and probably one part-time dispatcher.

The board met Monday and Tuesday of this week, and will hold another meeting in conjunction with the monthly County Lawmen Enforcement meeting to be held Feb. 28, to answer questions just before the system is to go into operation.

Those in attendance Monday were Owens, Verner, Anderson, Carrol, Commissioner - Charles Arnett, H.V. O'Brien, W.H. Hoffmann, Judge Bailey and Miller.

Motion by Mayor Verner that future employees be secured from the city with the least number of employees to have employment for each locality represented and application file under each city. Chief is to notify city authorities that we need applicants from that city. The motion was approved.

Those in attendance Jan. 20, were Owens, Cotton, Verner, Miller and Anderson.

Motion by Miller seconded by Owens, that Gorman be charged 11% of total if they wish to come in at a later date, until the percentages are refigured at the designated time. Motion passed.

Motion by Owens, seconded by Cotton, that the percentage of participation be reallocated due to City of Gorman not entering into contract with the contract being amended to exclude City of Gorman and redivide the percentages to 29.44% City of Cisco, 29.44% Eastland County, 17.66% City of Eastland, 17.66% City of Ranger, and 5.88% City of Rising Star. Motion passed.

Motion by Owens, seconded by Anderson that E.C.C.D. employees receive two weeks' vacation and 12 days sick leave after one year of service, if new employee. Motion passed.

Motion by Mayor Verner, seconded by Councilman Cotton that Barbara Welch be appointed as chief dispatcher, Jouridine Miller, Bonnie Autrey, Bobbie Jeter, Charlotte Geiger be hired as regular dispatchers, Perry Curtis as part time dispatcher, and authority be given to the Chief Dispatcher to screen future applicants and make recommendations on future employees to the Board. Motion passed.

Those in attendance Dec. 12, were Owens, Verner, Anderson, Miller and Arnett, H&W Development representative - and two B.G. Brown Construction representatives.

Bids were opened on the Dispatch Building with H&W Development bidding \$7,376 and B.G. Brown Construction bidding \$7,598. Motion was made by Commissioner Owens to accept H&W's bid, seconded by Mayor Anderson. Motion passed.

Those in attendance Dec. 7, were Owens, Verner, Miller, County Judge Scott Bailey, Anderson, Les Wilkerson and three contractors representing two local contractors.

The bid invitation for construction of the building to house the dispatch office was explained by Mr. Miller so the contractors would be able to ask any questions they had concerning the specifications.

The contractors were asked to submit their proposals by Thursday, Dec. 12, 1974.

The salaries for the chief and regular dispatchers were discussed.

It was decided that the hourly salary for chief dispatchers would be \$2.35 per hour, and regular dispatchers would be paid \$2.10 per hour. A \$2.00 shift car allowance would be paid for employees living in Cisco, Ranger, or Rising Star.

Mayor Anderson moved that the City of Cisco be used as the parent city for Workmen Compensation, Medical Insurance and Retirement, and that Cisco be reimbursed for these expenses by ECCD. Motion was seconded by Mayor Verner with all present voting in favor.

It was decided that County Commissioner Owens and Mr. Miller interview prospective applicants for the employees of ECCD starting Dec. 18, 1974, on Wednesdays and Fridays from 10 a.m. to 12 p.m. until all jobs are filled.

It was decided that funds for some of the salaries would be obtained from W.C.T.C.O.G. which would offset the expense of constructing the building and that the original estimate for the operational period between Feb. 1, 1975, and Sept. 30, 1975, of approximately \$16,000 was still reasonable and the Board would not have to ask for Capitol Investment Funds for the cost of the building.

The money for the building would be needed by Jan. 1, to meet the construction payment with probably two months' payments made in advance and a reduced amount for the monthly payment through September.

Mr. Miller reported that the telephone company was contacted to see how much the installation and monthly cost would be to have the toll-free number connecting Rising Star and Gorman. As soon as he has the figures he will report back to the Board.

The Interlocal Contracting Agreement and Resolution was discussed Nov. 12, 1974, and all were in favor of it as presented by Mr. Miller.

Each of the entities were to sign each of the six originals to consummate the agreement.

The Board asked Mr. Miller to draw up the specifications and bid for the building and present them to the Board so they could get the bid.

At the Cooperative Dispatch First Meeting, called to organize, motion was made and seconded that County Commissioner L.T. Owen be elected chairman for the first year.

Motion was made and seconded that the organization be called the Eastland County Cooperative Dispatch.

The number of employees necessary to operate the dispatch was decided upon, a chief and four (4) regular dispatchers.

Motion was made and seconded that two signatures will be required on all checks; they would be the Chairman's and Treasurer's.

An estimate of expenses was discussed and the following figures were estimated: \$20,000 Salaries; 54 Workmen's Compensation; 720 Retirement; 1,170 Social Security Taxes; 1,500 Insurance-Employees; 200 Insurance-other; 500 Electrical Expense; 202 Telephone; 660 Teletype Rent; 200 Office Supplies; and 200 Miscellaneous for a total of \$24,296.

Chairman Owens was asked to inquire about the cost of a 14' x 14' facility with a rest room.

Motion was made and seconded that Mayor W.Q. Verner be elected Treasurer. All voted in favor.

Motion was made and seconded that Denton Miller be elected Secretary. All voted in favor.

Mr. Miller stated that he would look into the legal technicalities involved with this dispatch.

Gary Wheat Elected Beau Of FHA, Eastland Chapter

Gary Wheat, 18, son of Mr. and Mrs. R.G. (Buck) Wheat of Route 2, Eastland, was elected Beau of the Future Homemakers of America, Eastland Chapter on Thursday, Jan. 30, 1975. Gary has been enrolled in the Eastland Public School System since second grade.

Gary has one brother and two sisters who also attend the Eastland Public School System. The Future Homemakers of America Beau is elected by popular vote. He has to be passing all classes, have a good personality, be nice looking and be able to get along with other people. The FHA members feel that Gary Wheat meets these requirements. The title of FHA Beau carries with it a great significance, respect and friendship of the FHA members.

While at Eastland High School Gary has contributed in many ways to EHS. He has been outstanding in citizenship and scholastics. Some of the offices and honors Gary has received while in high school are: President of the Senior

Class, A Beta Club member for two years, Student Council, Agriculture Chapter Farmer Degree, FFA member for three years, Green Hand Chapter Conducting team, class fireboy three years, FHA Beau nominee his junior year, junior play, football player for four years, a two year letterman, captain and quarterback of Mavericks his senior year. Also all district honorable mention quarterback his senior year. Gary is at present participating in tennis.

Gary is a member of the fellowship of Christian Athletes and a member of the Harmony Baptist Church at Morton Valley.

Gary's plans at the moment are to enter Cisco Junior College this fall and later attend Texas A&M University and major in some field of Agriculture.

The other nominees for the 1974-75 FHA Beau were Senior Wayne Blair, runner up; Senior Brent Parker, Senior Tom Morren, and Junior Randy Wharton.

E.I.S.D. Board Of Trustee Election Set

The Eastland Independent School District board of trustee election has been called for Saturday, April 5, Supt. Ray Pruitt has announced.

The terms of John Morren, place number four, and Donald Kinnaid, place five, expire this year.

Both Mr. Morren and Mr. Kinnaid have announced that they will seek re-election. Filing deadline is March 6, and filing forms may be secured

at the superintendent's office at the high school.

Don Nicholas has been named election judge for voting at the County Courthouse in the election and County Clerk Johnson Smith will handle absentee voting, which begins 20 days before the election at his office.

Holdover trustees are James Reid, Jim Wright, Richard Johnson, Gene Frost and Bill B. Hart.

The Old Courthouse in Eastland. This picture was taken in 1918.

Wanda Weathers of Eastland was going through some old pictures and papers and came across this picture and brought it to the paper office.

The Statue on top of the Courthouse is a blindfolded lady holding the Scales of Justice.

In 1896 the Courthouse was built, but unfortunately in 1927 it burned.

The Courthouse now in Eastland was built in 1928.

Don Duncan Ordained To Gospel Ministry

Don Duncan, a former resident of Eastland, was ordained to the gospel ministry Sunday, Feb. 2, in Lohn, Texas. He was called to the pastorate of Lohn Baptist Church in the Brady Association in January.

Don is married to the former Jeannette Jackson of Gorman and is the son of Mr. and Mrs. Obie Duncan. He is presently a resident of Brownwood, where he is classified as a senior in Howard Payne University, majoring in religious education. He was licensed to the youth ministry in Bethel Baptist Church here in 1974.

Richard Watson delivered the Ordination message. Several attended from this area including Don's parents Mr. and Mrs. Obie Duncan and family and a brother Larry from Eastland. Those attending from Bethel Baptist Church were Mr. and Mrs. Richard Watson and Rachel, Mr. and Mrs. Luce Pittman, Mr. and Mrs. Eugene Frost, Randy, Scott, and Janet and Steve Johnson.

Mr. Pittman, Frost and Watson, deacons in Bethel Church, served on the Ordination Council.

Civ Theatre Plans Comedy Plays

Theatre-goers who enjoy comedy will be delighted with Eastland Civic Theatre's play selections for its coming production.

Classics in the sense that they are timeless, the three plays are all comedies and all period pieces but have little else in common.

"The Importance of Being Earnest" by Oscar Wilde was written in 1895 to reveal a false society where "being earnest" was of very little importance. Using British accents and period costumes, the play will be performed in the stylized, pretentious manner of English society at the turn of the Century.

"The Trysting Place" is Booth Tarkington's most popular one-act play because of its bright dialogue and the skill with which it portrays real, young American men and women in an unusually humorous situation.

"The Flattering Word" by George Kelly shows the power

of flattery on a narrow and prejudiced mind. Before using his compliments to persuade a rather pompous man to attend the theatre, a young actor practices his blarney on some

local hopefuls who insist on performing.

Casts for the three plays will be announced this weekend.

The comedy selections were made in keeping with the

theatre's attempt to provide variety in its fare. Last year's production was "Family Portrait", a religious play by Lenore Coffee and William Joyce Cowen.

ALWAYS A BUSY PLACE - Eastland Centennial Memorial Library was the location Saturday for another attraction. Members of the Las Leales Club in cooperation with the First Baptist Church, staged a puppet show for the small children around Eastland which captivated many and brought laughter to all. Young ladies with puppets are from left to right: Debbie Hardin, Jana Ragland, Karen Plowman and Emily Perkins.

Eastland Chosen For Location Of New Apartment House

Eastland has been chosen as a site for a new 22 unit apartment house.

The location is at the corner of North Seaman, Lamar and Moss Streets.

The Farmers Home Administration office here said they had received a partial application on the project.

Reynolds and Stone Architect of Dallas have put in their application for Eastland to be their site for the apartment house.

If the application is approved, the apartments will have one, two, and three bedrooms. They

Held Saturday

The Eastland gym had a "B" team tournament Saturday, Feb. 1. The boys started it off at 8:30 a.m. with Eastland beating Ranger over Cisco 51 to 28. As the day went on at 11 a.m. the Cisco boys beat Clyde 37 to 30. At 12:15 p.m. the girls played and Clyde won over Stephenville 63 to 57.

At 4:00 p.m. the girls played their consolation game with Stephenville winning over Cisco 43 to 22. Then at 5:30 p.m. the boys played their consolation game and Clyde beat Ranger 45 to 30.

The championship games were played at 7 p.m. and 8:30 p.m. with the girls playing first. To help close it up Eastland beat Clyde 51 to 46. Then the boys played and Eastland won over Cisco 41 to 36.

HAPPY ANNIVERSARY

This week marked the tenth anniversary of the occasion which was the beginning of the Eastland Civic Theatre.

Responding to a request from Marie Boney, then president of Civic League, to direct a play as a fund - raising project, Mrs. Russell had such a large and enthusiastic turnout for casting that she decided upon three plays.

On Feb. 4, 1965, the first "Evening of One - Acts" was presented in the Elementary School Cafeteria. Its success was such that interested people soon organized for the presentation of other plays.

At least one major production has been held in every year since that time.

Of the original committee of four which met to discuss plans for the first play, only Downs Seaberry is still active with today's theatre. She is stage and prop manager in charge of overall production of the currently - rehearsing series.

LAST CALL - reminder for Game Day at Lone Cedar Country Club. Fun and games set to begin at 10 a.m. Friday, reports our scout and publicist - extraordinary Bernice Stephens, who's been running the shop this week in the absence of Joe who out of town to attend a funeral.

EVERY TIME YOU try to think good thoughts about Mother Bell and her telephone company, something comes up. This time it's a routine call to information to get the number for a new resident whose name isn't in the book yet. Well you'd better have the complete name and middle initial information ready yourself because the poor Information Operator has only one master list containing names from 280 towns (that's what she said); in an emergency she said they are permitted to check them all out. News release on the company's request for long distance rate restructuring leaves some question marks too. They say that "42 percent of all one - plus calls in Texas are of two minutes or less duration and these customers will experience a cost reduction on these calls." Guess that means that the 58 percent that are over two minutes will get the rate hike - unless State Attorney General John Hill is successful in his attempt to prevent the rate hike.

BEAUTIFUL, BEAUTIFUL is the English Cracker Bowl manufactured at Jimmy Little's House of Webster Ceramics here. It's from an original and is a thing of beauty. (P.S.: The strawberry jam that came in ours is a masterpiece too, on heavily buttered hot biscuits.)

Rites For Ernest Youngblood Held In Edom

Bee Ernest Youngblood, 92, a pastor for about 30 years, died last month. Funeral and burial were in his hometown of Edom.

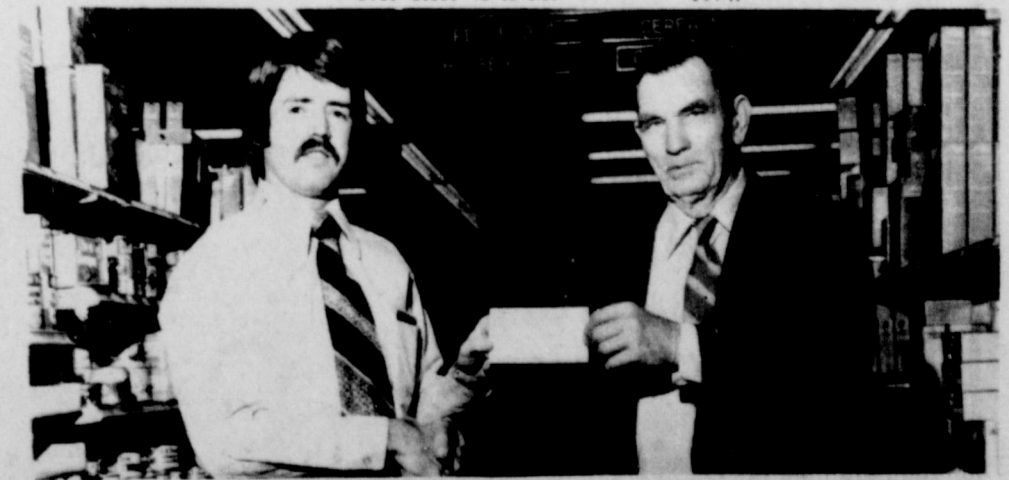

He was a graduate of North Texas State University and Southwestern Seminary.

He was school principal in Childress and Edom and county school superintendent of Van Zandt County.

He was licensed to preach by the Edom church and served as associational missionary in Van Zandt County.

He also pastored in Hender-son and Smith counties.

He is survived by five sons and three daughters, two of which are Mrs. Guy Horton of Eastland and Mrs. Trixie Lester of Dallas, a former Eastland resident.

BIG CASH WINNER - If you can't read the piece of paper in the middle of these two men, it is a check in the amount of \$450.00. The check is being presented to F.D. Howell of Ranger at left, by Thrift Mart Store owner Bill Williams in Eastland. Mr. Howell stated that he and his wife had always done all of their grocery shopping in Eastland and that the coming over had paid off. (Photo By Steve Haines)

Taxpayers Should File Now For Returns

Abilene, Texas - - - Taxpayers expecting refunds on their income tax can speed up those refunds by filing now and using the pre-addressed label and envelope that came with their tax packages, the Internal Revenue Service said today.

Arthur Fogle, Director's Representative of the Inter7 nal Revenue Service for the Abilene area, said taxpayers filing their returns now can expect to receive their refund within four to five weeks. Those who wait until March of April to file, he said, could face a delay of up to 12 weeks.

Fogle explained that the Austin Service Center can process returns faster if they

arrive with the labels affixed and the envelopes provided by the IRS. The envelopes are magnetically coded for automatic sorting and the Pre-printed labels are designed to save time in the actual processing of the return.

Even if you have moved or some information is printed incorrectly on the label, the IRS prefers for the taxpayer to simply correct the label rather than discarding it.

"We're obviously very busy at this time of year," Fogle said, "but we try to get the refunds back to taxpayers as soon as possible. With many people a little short of cash right now, we haop taxpayers will help themselves by using these time-saving features."

Robertsons Win Jamaica Trip

Mr. and Mrs. B.W. Robertson of Robertson TV Sales in Eastland, have just been notified as winners of an all-expense paid trip to Jamaica. Interstate Electric Company of Dallas and the RCA factory awarded the tour for outstanding sales achievement during the past year.

The Robertsons will depart Ft. Worth-Dallas International Airport by chartered PAN-AM plane on Feb. 10 and return on Feb. 16.

The Robertsons wish to thank each and everyone of their customers and friends for their loyal support of various RCA products. The store will be open for Business on Feb. 17, to again serve your needs.

Two Slated For Doctorates

Brownwood (Spl) Special Watergate prosecutor Leon Jaworski. Houston, and Brownwood businessman Joe Weatherby will be awarded honorary doctorates at the Howard Payne University spring commencement.

Announcement was made jointly by university president Dr. Roger L. Brooks and W.C. (Bill) Carpenter, HPU board president.

The commencement exercise will be held May 11 in the Brownwood Coliseum.

President of the Baylor Medical Foundation, and chairman of the executive committee of the Bank of the Southwest, Jaworski owns two degrees from Baylor University.

A director of Southwest Bancshares, Inc., Jaworski, who served as a colonel in the US Army during World War II, and later as judge advocated for the war crimes trials in Europe, currently serves on the President's Commission on law enforcement and administration of justice.

Weatherby, president of Weatherby Motor Co., Inc., director and board chairman of the Citizens National Bank, director of Southern Savings and Loan, and a director of Texas Power Light Co., has been identified with the HPU board of trustees for some 38 years.

Currently, he is serving as chairman of the trustee budget control and finance committee.

"The Christian stance and witness," Brooks said, "of Leon Jaworski have identified the outstanding jurist as an instrumental figure in the protection of the moral tone of our nation. We are pleased that Howard Payne University is honoring him."

"Joe Weatherby's long friendship with Howard Payne University," Brooks said, "is evidence by thirty-eight years of service on the Board of Trustees. We are grateful to him and are pleased to honor him in this manner."

TIPS FOR OUTDOORSMEN

by Vern Sanford

If you treasure your valuables, then etch or emboss your social security number thereon. To outdoorsmen, of course, we refer to such items as handguns, rifles, binoculars, fishing reels, outboard and trolling motors and other recreation equipment.

You can write your data in permanent ink on your fishing rods if there's no metallic space available.

For your clothing, try indelible ink on the label. Of course the label can be removed, but you could cross up the thief (and the "fence") by also slipping a little piece of cloth bearing your individual number inside the lining or at some hidden, inconspicuous place.

Today's thieves seem to prefer items that are easily carried such as pocket watches, small radios, cassette-type tape recorders, portable typewriters, mini-TVs -- all labelable. These in addition to liquor, other drinks and food. They also like items one can't very well mark, such as coin col-

lections and most jewelry.

Whatever you mark, be sure and make a list of same, noting exactly where you etched the number. Make at least one copy of the list and date each page. Keep the original in your safety deposit box at the bank and turn the carbon over to either the local police department (city or county), or your insurance agent. Make a note of the recipient's name on your original, along with the date the report was filed.

Some people use their drivers license number for this purpose. But police officers strongly recommend the social security number be used.

Definitely, do not use both the DL number and the SS number. Neither should you use your telephone number, mother's telephone number, or some address that's easier to etch because it's shorter. Stick with your SS number--and use all the digits. For example, if your SS number is 414-01-5804, don't merely inscribe 414 or just 5804. Make it complete, including

the hyphens 414-01-5804.

Be consistent, otherwise before long you won't know what's on what. Then, if your list becomes lost or destroyed by fire, you'll be out of luck when it comes to identifying anything.

Another reason for identifying your merchandise is the fact that the first thing legitimate pawn shop dealers look for on merchandise submitted to them are serial numbers and ownership markings. If the thief can't present a social security card that matches the number on the article, then the pawn broker will not buy the merchandise or make a loan on it. In fact some will report the incident to the police.

For these reasons some thieves will not steal any merchandise that bears ownership markings. In fact, police say that's one of the first things some thieves look for, and if a number is there they won't take it.

Protect your merchandise by labeling it as yours--a number that longs to you alone.

Club Organized

An area club and workshop for writers was organized Tuesday evening, Feb. 4, at the Cisco Chamber of Commerce. Mrs. Ora Lee Woods of Cisco was named temporary chairman of the organization and Mrs. Viola Payne of Cisco was appointed secretary.

Fifteen people attended the first meeting of the writers club. People from Eastland, Ranger and Cisco were present at the meeting.

The day-long workshop being offered by the Abilene Writers Guild, Saturday, Feb. 8, was discussed. For those of you who were unable to make the meeting, details of the workshop may be obtained by calling Catherine Worthy at 442-2244 or 442-1543.

Rules for the writing contest currently being held by the Abilene Writers Guild were also discussed. Copies of the rules may be obtained from the office of the Eastland Telegram, the Ranger Times, and the Cisco Press.

Several of the stories brought by the members were read and criticized.

The next meeting of the club will be held Tuesday, March 4, at the Cisco Chamber of Commerce at 7:30 p.m. Plan now to attend.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Gov. Dolph Briscoe gave the Legislature a new set of figures to ponder — his \$11.6 billion (all funds) version of the 1976-77 state budget.

Actually, the Briscoe budget calls for \$3 billion in general revenue outlays over which the Legislature has direct control. In effect, this is \$294 million less than Legislative Budget Board's earlier recommendation which forms the basis for Senate Finance and House Appropriations Committee hearings.

Briscoe handed his document to lawmakers with his standard warning: that he will not approve an appropriations bill that requires new or increased taxes.

While the Governor's executive budget document is \$1.1 billion below estimated general revenue income, it does not include the funds he has

promised for public school finance equalization and for emergency measures he has recommended.

His school finance plan, his budget aide estimates, will require another \$600 million to \$650 million. Emergency school spending and increases in state employees' pay and retirement benefits for state workers and school teachers will absorb about \$280 million more.

When you add it all up, by Briscoe's own calculation, only about \$60 million of a once-fat surplus would be left over if the executive budget is implemented. Cranking a sizable school finance plan adjustment into the LBB budget would leave no surplus at all.

Texas Research League renewed its warning that a major tax bill in 1977 is "almost a certainty" considering the course of budget recommendations to date.

CLAIMS ACCEPTED
Texas Employment Commission began taking claims for extended unemployment benefits February 1.

Those eligible to file are unemployed persons who have filed initial claims for benefits within a year before January 26 and have exhausted their benefit eligibility under old regulations.

Payments will be made at the same rate as for regular unemployment insurance, but

the total extended benefits will equal only 50 per cent of regular benefits. A new federal program may pay extended benefits in the same amount as regular extended state benefits.

The extended benefits are available only so long as the rate of unemployment remains at levels specified by law.

Claimants who file for extended benefits on or before February 19 may file claims backdated to include January 26 if they meet usual requirements for unemployment insurance. Claims may be filed at the nearest Texas Employment Commission office.

UNITIZATION BACK

One of the explosive issues of the 1973 Legislature — oil field unitization — is back for another round.

Thirty-three representatives introduced it in the House in a "majority-consent" form. The bill would allow owners of an oil field to join in a common production system to improve operational efficiency, make better use of the secondary recovery techniques and recover more oil from the ground.

Rep. David Finney of Fort Worth, the lead sponsor, claimed the legislation and full application of advanced technology could add at least two billion barrels of oil to reserves in Texas fields, and that an additional seven billion barrels may be recoverable by 1985.

Under present law all working interests and royalty owners in a field must agree to unitize production. Under the bill 75 per cent of producers and royalty owners could require unitization.

AG OPINIONS

The Legislature can limit the amount of funds that the State Board of Education can set aside out of the Available School Fund for use in providing free textbooks for public school students, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

- The Department of Mental Health and Mental Retardation can allocate unexpended balances as state grants-in-aid to community centers for mental health and retardation services.

- Counties can accept a vendor's lien note as partial payment for county school land and sell the notes at not less than current fair market value.

- A lawyer's correspondence addressed to a grand jury in behalf of a client is not prohibited as long as it contains no threat.

- Alcoholic Beverage Commission is not supposed to reveal the home addresses of liquor licensees.

- Employees of a licensed structural pest control specialist do not have to pay a license fee themselves.

- A county clerk is neither obligated nor permitted to accept a court-ordered waiver of the furnishing of the information concerning age, identification of the applicant or identification of the parent required on marriage license applications.

- Mental patients and the retarded doing institution-maintaining labor are not state employees for fringe benefit purposes.

COURTS SPEAK

An electrical worker's total disability was caused by a knife cut on the finger, the State Supreme Court held.

Conviction for murder without malice precludes a later conviction in a new trial for murder with malice, the Court of Criminal Appeals ruled in an Austin County case.

The Supreme Court found a defense contractor operating Lone Star Army Ammunition Plant, Texarkana, is not liable for sales taxes on purchases going into ordnance for the U.S. Army.

PAY RAISE SIGNED

One hundred and twenty-five thousand state employees got a \$93 million pay raise February 1.

Governor Briscoe signed pay bills into law after they made two trips through the Legislature to cure questions as to constitutionality.

Most state employees in the low-to-medium pay bracket will receive a 13 per cent raise, and most of those in the middle-to-highest classification will get nine per cent. Additional raises are promised after September 1, start of the new fiscal period.

Leaders of the Eastland County Farm Bureau visited with legislators representing this county while in Austin Jan. 28 - 29 attending a Legislative Conference and Membership Kick - Off sponsored by the Texas Farm Bureau. Shown above, left to right, are: Mr. and Mrs. C.M. Guthery of Desdemona, Mr. and Mrs. Dee Williamson of Morton Valley. C.M. Guthery is President of the Eastland County Farm Bureau. The two - day session held at the Driskill Hotel included briefings on major legislative issues, discussion of techniques for legislative effectiveness, and plans for a training 1975 membership goals. TFB President Carrol Chaloupka outlined TFB's legislative program for 1975. Key legislators discussed various agriculture - related issues. The meeting was attended by county Farm Bureau presidents, legislative chairmen, and membership chairmen.

Considering today's food prices, "bring home the bacon" can be quite a status symbol.

While visiting in London we came onto a strange but interesting shop. Over the door we saw this sign: "Living above."

It is a great thing to live above and to have the high look. Too many have the low look. There was a poet who lived above. His sign is recorded in Psalm 121:1, "I will lift up my eyes unto the hills."

One of the tragedies of our day is the low look. Instead of looking into the steeps, many are looking into the sewers.

Modern writers, under the pretense of being real, are wading through the lewd and

the low. Instead of drawing their inspiration from the great-souled and the high-minded, they depict the passions of the sex-slaved, drug-dazed and crime-crazed. Their sewers continue to flow, destroying the moral fabric of our society, and they have become the greatest threat to our security.

No nation can survive if the people take the gutter-look. It leads to evil and enslavement. The God-look leads to salvation and triumph.

It makes all the difference in the world where you look. I am looking to the Lord. Where are you looking?

LVN Association Of Texas To Sponsor Seminar

The Licensed Vocational Nurses Association of Texas will sponsor a seminar Feb. 20-21 for LVNs and vocational nursing students at the Driskill Hotel in Austin. Co-sponsor of the Feb. 21 program on nursing care of the respiratory patient is the American Lung Association of Texas. Open to all medical personnel the program has been approved by the National Association for Practical Nurse Education and Service for 4.0 contact hours CE credit. IT'S SURVIVAL OF THE FIERCEST. AND THE FUNNIEST.

"THE LONGEST YARD" is a movie that cracks a lot of jokes. And a lot of bones. Burt Reynolds stars - tough, sassy - and always that fire.

The wrath of a woman scorned starts his trouble. However, he's got some wrath of his own. And the last 45 minutes of the film is unlike anything you have ever seen. It will have you howling and cheering like no movie ever has.

"THE LONGEST YARD" is for men, for women, for everyone.

WONDERFUL WORLD of BOOKS

Thursday, February 6, 1975

Spring's not here yet, so a bundle of new books from Franklin Watts, Inc., publishing company proved just right for this mid-winter season.

Best of the lot from the New York firm's March and April releases appears to be these:

ON THE OTHER SIDE OF THE GATE

By Yuri Suhl

Inspired by an actual apisode, this is the poignant and fascinating story of how a Jewish child was smuggled out of a ghetto in Poland during World War II and sheltered by a Polish couple. The tale focuses on a young couple who must use all of their intellectual and financial resources to save their sole offspring. Although fiction, it brings to light certain aspects of life in occupied Poland during the War, particularly as it affected the Jews.

March. Grades 7-up. \$5.95.

MOTORCYCLING

By Ross R. Olney

Illustrated by Ric Estrada Here is a handy, practical guide to buying, owning, and riding a light motorcycle. Whether considering a street cycle, a trail cycle, or a combination model, MOTORCYCLING contains invaluable information on such things as selecting a bike and the proper insurance, taking the road and a rundown on the various types of competition available. Along with a little history and some facts and figures, there is a complete glossary of motorcycling terms, a chart of state-by-state licensing requirements and lists of books and films on the subject. (Glossary, Bibliography, Index, Diagrams.)

March. Grades 5-up. \$4.33.

CONTRACT BRIDGE

By Robert Ewen

Here's an excellent book for people who have played some bridge, know the rudiments of the game, and want to improve their technique. Included in this volume are sections on opening bids, responses to one no-trump and the limited bid strategy, responding to one of a suit, subsequent bidding, unusual opening and responses, slam bidding, competitive bidding, no-trump play, suit play and defenses. (Diagrams, Bibliography, Index.)

March. Grades 5-up. \$4.33.

BIGFOOT: AMERICA'S ABOMINABLE SNOWMAN

By Elwood Baumann

Illustrated with contemporary prints and black and white photographs. In 1958, a road building crew in the wilderness area of Humboldt County, California, was terrorized by a huge, hairy, manlike giant that left enormous footprints on the trails and carried off equipment that no human being could possibly lift. The Humboldt Times printed the story and America's Abominable Snowman was introduced to the world. In a delightful style, Elwood Baumann relates the sightings of Bigfoot, and the dozens of expeditions that have hunted the elusive creature. Included is an actual picture of Bigfoot, captured on 16mm film by Roger Patterson. (Index.)

February. Grades 5-up. \$5.95.

ENERGY AND THE FUTURE

By Milton Rothman

Illustrated with black and

white photographs.

The recent energy crisis forced us all to confront the problem of dwindling supplies of energy. The author explains what energy is and its different forms and sources. He considers how long our fuels will last and what we, as individuals, can do to conserve what there is left. Through diagrams and basic scientific explanations, the author also discusses the ways of generating electricity, how a power plant works, the uses of nuclear power, and some alternative sources of energy for the future. (Diagrams, Glossary, Bibliography, Index.)

February. Grades 7-up. \$5.90

KNOW YOUR FEELINGS

By Margaret Hyde and Elizabeth Forsyth

Important decisions in life are based on feelings, as well as on reason.

Although the word "feelings" is used with ease, awareness and understanding of personal feelings is difficult. This book attempts to help individuals explore their own feelings and recognize their sources so that they can experience life more fully. Few books are available at a young adult level on a subject which is so particularly important.

February. Grades 7-up. \$5.90

THE CONSUMER MOVEMENT

By James S. Haskins

James Haskins defines what a consumer is, and explains the ways in which the consumer can be taken advantage of. He discusses the origins of such consumer groups as Nader's Raiders, telling where they received support, where they encountered resistance, their accomplishments, their setback and their plans for the future. He takes a hard look at various industries and the areas of particular concern to the Consumer Movement: pricing and safety. (Bibliography, Index.)

February. Grades 9-up. \$5.95

ANARCHISM: Political Innocence or Social Violence?

By James D. Forman

In this objective book, James D. Forman surveys the history of anarchism, analyzing its theories, the evil it has caused and the contributions it has made from Rousseau's and proudhon's initial formulations to the counter-culture groups on the contemporary scene. Based on wide ranging research in historic and contemporary sources, Mr. Forman's book offers readers a concise overview of a major political force.

THE MASTER BOOK OF ESCAPES

By Donald McCormick

Illustrated in full color and black and white

Tremendously courageous men and women with audacity and resourcefulness make up the gallery of characters who have executed great escapes throughout the ages. This lavishly illustrated companion volume to the popular *Master Book of Spies*, brings the people and their exploits to life explaining in detail the techniques and equipment they

Golden Age Passports

The U.S. Army Corps of Engineers has been authorized to issue a Lifetime Golden Age Passport to applicants who are 62 years of age or older. Col. Joe H. Sheard, Fort Worth District Engineer, has announced. They are available at all

used and how they organized their escapes--tunneling to freedom from a prisoner of war camp, or springing a friend or lover from jail. A native of London, Donald McCormick has done a bit of escaping and spying himself which naturally limits the amount of biographical material available. One fact we do know is that in 1942 he made a totally unauthorized entry into the out-of-bounds kasbah of Algiers to prepare a detailed street map of that enemy-infested territory. For whom? None other than Ian Fleming, the creator of James Bond, who at that time was Deputy Director of British Naval Intelligence.

February. Grades 5-up. \$4.95

Project Offices in the Fort Worth District, and in room 105B of the District's Operations Division in the U.S. Courthouse in Fort Worth.

Col. Sheard said the Lifetime Golden Age Passport will be issued free of charge upon submission of evidence of age, such as a driver's license, birth certificate, insurance policy, or family Bible where the age is given. This is a permanent passport and will not need to be renewed as in past years.

The bearer of a Golden Age Passport and those who accompany him in a single vehicle will be given a 50% reduction in the fees charged for camping and the use of electrical outlets at Corps parks where such charges

Golden Eagle Passports - which cost \$10 and cover entrance fees to areas operated by the National Park Service will not be sold by the Engineers since entrance or admission fees are not charged at Corps projects. Col. Sheard said.

Your Eastland Telegram

LETTERS TO THE EDITOR

Editor, I am writing this letter as a means of saying "Thank You" to the management and staff of the Eastland Telegram in Eastland, Texas.

During the past year the Eastland Telegram published numerous health messages and Christmas Seal publicity for the North Texas Lung Association. Your efforts are helping us to enjoy one of the most responsible years in history.

Without the help of newspapers like the Eastland Telegram, the fight against the ever increasing lung-crippling disease in our North Texas Area would not be successful.

Again, let me say "thanks" to the Eastland Telegram, truly a newspaper interested in the health and well being of the community.

Sincerely,
Mrs. Nora Campbell
Program and Public Information Director

Randy Quaid (r.), who has been crippled in an accident, reads one of his poems to Richard Dreyfuss in Paramount Pictures' "The Apprenticeship of Duddy Kravitz," an International Cinematheque Center Ltd. presentation of a Ted Kotcheff film. The screenplay by Mordecai Richler is based on his best-selling novel, adaptation by Lionel Chetwynd. Executive Producer is Gerald Schneider. Produced by John Kemeny, the film was directed by Ted Kotcheff on locations in Canada. In Color. Opens Thursday, Feb. 13, at the Majestic.

Critical State Issue

Public School Financing

(EDITOR'S NOTE: School financing is going to be one of the major issues facing the 64th Texas Legislature. Following is some basic information to help union members better understand the way we presently support our schools.)

Free public schools, grades K through 12, are supported mainly by local ad valorem taxes, levied by the school district.

They also receive state support, as follows:

1) The *Available School Fund*, which is the proceeds from the Permanent (also called perpetual) School Fund. Each district receives a per capita contribution, regardless of the wealth of the district.

The Permanent School Fund consists of state owned lands and values set apart for support of the free public schools. This fund may not be spent.

2) Schools also receive state money from *general revenues* which is used to bring districts up to the Minimum Foundation Program (Gilmer-Aikin) through equalization funds. These general revenue funds include the ear-marked one-fourth of all gasoline taxes as required by the constitution. (The other three-fourths makes up the State Highway Fund.) The Minimum Foundation Program is very inadequate and barely keeps schools operating, in poor districts.

Each school district has to pay its share of the Foundation School Program. The amount that it must pay is called the LOCAL FUND ASSIGNMENT. Although 20% of the cost of the Foundation School Program in the state is paid by local funds, the exact amount paid by each school district is dependent upon the wealth of the school district. Some school districts are very poor and pay a very small amount of the Foundation School Program; other school districts are very rich and pay most or all of the cost of the Foundation School Program.

In addition, local school districts may add enrichment funds by levying more local ad valorem taxes. There is no equalization of enrichment funds, resulting in the inequities which brought on the Rodriguez case.

Since 1949, the amount that a school district must contribute to the Foundation School Program (Local Fund Assignment) has been determined by the assessed value of property in that school district and the economic index of the county in which it is located.

The economic index is determined annually on the basis of economic activity within a county as compared to economic activity in the state. It includes

the value of manufactured goods, mineral and agricultural products and the payrolls for retail, wholesale, and service establishments.

There is general agreement that it would be better to change the formula for computing the local share of school finance from the economic index to the full market value of all taxable property.

However, since local assessors vary widely in their determinations of market value, it is necessary to standardize the assessment process statewide.

The Texas AFL-CIO has long supported the passage of the documentary stamp, act, which would require the recording of all sales, transfers, etc. of property. This would help to provide a more equal basis for assessments, and would prevent local school districts from setting very low values in order to qualify for a larger percentage of state support.

Another basic change which is being proposed is a switch from the per capita method of distributing the money in the Available School Fund to a "weighted pupil" approach.

Proponents claim this approach would help equalize education by putting more money into areas where need is greatest, such as bi-lingual educational and vocational training.

Volley Tourney To Be At Olden

February 25 through March 1 there will be a big volleyball tournament held in the Olden Gym, Olden, Texas. All proceeds will go to the Paul Williams Fund.

Mr. Williams is a victim of Bright's Disease and is in need of surgery to replace both kidneys.

The tournament will have three divisions: Men's, Women's and high school.

For more information contact Dwight Hamilton at Hamilton's Fruit stand or call 629-2489.

Burton L. Phillips Promoted

NORTH CHARLESTON, S.C. --The U.S. Air Force has promoted Burton L. Phillips Jr., of Olden, to the rank of sergeant.

Sergeant Phillips, son of retired Chief Master Sergeant Burton L. Phillips Sr., is serving at Charleston AFB, S.C. as a radar technician.

He graduated in 1972 from high school at Torrejon AFB, Spain. Sergeant Phillips' wife, Susan, is the daughter of Mr. and Mrs. Joe Ondick of 9801 Glen Way, Oxen Hill, Md.

Jimmy cried once too often.

He won't cry anymore.

It's too late for Jimmy.

But there are kids in Texas, many under three years of age, who face the same fate -- at the hands of their parents.

OLDEST BRAND - - Mr. and Mrs. E.T. Boyd of Route One, Ranger, display one of the oldest brands in Eastland County. The brand was registered in 1881 on September 2, in the records of marks and brands and can still be found in the Eastland County Courthouse in that book. The brand will be on display in the Archives Room in the Eastland Centennial Memorial Library.

Manor News

This has been a good month for us. We really enjoyed the snow. We enjoy the pretty days too, so we can go outside and sit on the patio. We had our birthday party Jan. 21, at 2:30 p.m. We had a very pretty cake baked for the first month in this year. We had punch and birthday gifts. Having birthdays were William Marshall, Mary Henderson, Mary Catalina, Clarice Seagoe, Anna Harris, and Nina McMillian.

We would like to thank Margie Erp from Rising Star who came and played the piano for our party.

We were happy our relatives and friends came to visit us. It makes our days much brighter. We say thanks to the churches and their pastors who come every Sunday morning and evening on and Tuesday night. We welcome this month to our home Elvis Mills, Lucy Mills, Claude Smith, Anna Harris, Cordie Yareet, Margaret Brashears. We are happy you have come out our way.

Eastland Manor Nursing Home extends a cordial invitation to the public to visit any time.

Men's Fellowship Meeting Feb. 8

The Full Gospel Business Men's Fellowship International of the Eastland Chapter will have their first monthly meeting at 7:30 p.m. Feb. 8, 1975, in the upstairs meeting room at the Ramada Inn in Eastland.

The speaker will be Bill McGill, International director, from Carrollton, Texas. He will be in charge of the program and will officially extend a charter to the local business men who have a very outstanding testimony of God's love and grace toward mankind, and can speak with understanding of the skeptic and the man who just drifts along with no real meaning in life.

This fellowship is not a new church; on the contrary, it is an arm of the church (all believers in Christ). It promotes fellowship and worship about the person of Jesus Christ, disregarding doctrines and creeds.

NEW FAMILY TO EASTLAND - - Bob Boyd, new funeral director for Arrington Funeral Home in Eastland stands with wife Jean and two daughters Stephanie and Karen. Bob and his family moved to Eastland from Gatesville, where he had been employed with Scott Funeral Home as a Funeral Director for the past 9 years. Mrs. Boyd has a background in the florist business as manager and owner of her own shop in Gatesville for the past several years. The Boyds will reside in the Hillcrest Addition of Eastland.

Criswell Weathers O'Hair

The Ed Busch Radio Talk Show and its special guests were topics of conversation early this week for many in this area who heard it, and later heard and read about it.

Dr. W.A. Criswell, pastor of the First Baptist Church of Dallas, the largest Southern Baptist church in the world, strongly defended his faith in God and generally kept his composure (considering his adversary) as a gentleman and scholar during the WFAA three-hour discussion with self-styled atheist Madalyn Murray O'Hair last Friday evening in spite of her accusations.

A Dallas Morning News article in Sunday's edition was very much in error, we thought, in attributing name-calling to both. Dr. Criswell never called Mrs. O'Hair a communist but said she sounded like one, after having heard some in Russia. He never called her a liar, but did call some of her statements lies.

The preacher didn't mince any words, which is typical of his style and manner in the pulpit.

Mrs. O'Hair in rudeness hogged much of the time--not wanting to let him respond, until Moderator Busch was finally able to stop her. We feel that anyone after hearing the entire debate could see Mrs. O'Hair for what she really is, and could be influenced favorably by Dr. Criswell's proclaimed faith and manner.

Mrs. O'Hair is requesting an investigation to see if Dallas schools, which practice daily Bible reading and prayers, but do not make participation mandatory, are in compliance with the 1963 Supreme Court ruling to abolish required prayers and Bible reading in schools.

Optimistically, Dallas School Supt. Dr. Nolan Estes, who helped write the guidelines on compliance, told Busch and the audience that he had been assured by attorneys that the schools there are in compliance and he welcomed the long overdue opportunities to prove it.

Some hold that Dr. Criswell and Christendom suffered for having been exposed to the likes of Mrs. O'Hair. Granted the easy way would be to ignore her in the hopes that she might go away. Unfortunately, she and her kind wouldn't.

Christians and preachers of Dr. Criswell's stature are needed more than ever today when the likes of Madalyn O'Hair can come to such great prominence and influence. Perhaps there would be less of her type of anti-godliness if more spiritual leaders and laymen would step outside their ivory palaces into the world that exists today and speak out against the forces of evil which threaten the very fundamentals on which this country was founded! --By HVO

The residents of Valley View Lodge enjoyed spiritual songs that were provided by the following: left to right back row: Luce Pittman, Richard Watson, and David Martin. Front row left to right: Charlene Thackerson and Pete Rodgers. Not pictured Betty Barnes and Flo Clark.

Residents of Valley View Lodge enjoyed the entertainment that was provided by "The Crawford Family" from Ranger, Texas. Residents that celebrated Birthdays last Monday night were; H.E. Hester, Archie Dunlap, Ollie McGough, Mattie Owens, and Nora Adams.

Music Study Club In Perkins Home

Music Study Club of Eastland met Wednesday, Jan. 29, at 3:30 p.m. in the most interesting home of Mrs. Joseph M. Perkins at 1020 South Seaman St. for a Centennial Program.

Mrs. Perkins was assisted by Mrs. Herman L. Hassell, Mrs. Marene Johnson-Johnson and Mrs. Richard Wilhelm. President, Mrs. Richard Rossander,

presided and was also leader for the afternoon.

David Greion's beautiful quotation for the program "If a composer is born to write music, write he will, since I have no favorite mood, I know that my creative work or talent is a gracious gift of God."

Sheet music and books of yester year were enjoyed.

Do You Remember When?

By H.L. Duncan

In the early days, there were no rest homes nor convalescent homes to put folks when they reach that period in life when they could no longer work or care for themselves. They would go to a son or daughter's home to live until they died.

The family normally consisted of four to nine children although it was not uncommon for a family to have twelve to fifteen children. This would provide a place for the old folks to go when the time arrived.

In some counties, there was what was called an old folks home where people with no relatives nor money would be

cared for by the county until they died.

The old folks home was generally on land donated by a more successful farmer and land that was not too productive.

The building would be constructed by material and labor donated by people in the community. The attendants were paid their small salaries by the county. The local doctor served as needed in the home without pay. The county furnished the burial expenses to put the bodies away in a modest way in a certain section of the cemetery.

'Being A Real Person' Lions Club Topic

Delightful program by Mrs. Helen Hagaman of Ranger entertained members of the Eastland Lions Club Tuesday noon at the Ramada Inn.

Topic for her humorous and serious talk was On Being a Real Person.

Tommy Wafford was program chairman and introduced Mrs. Hagaman. She pointed out that heredity and environment are pretty well determined for individuals, but that they have the choice of personal response, and herein lies the key to successful living.

President Otis Coleman presided and guest was Scout Executive Marshall Bruce.

Jim Wright reported that the club's first annual variety show will be held March 7 at the Eastland High School Auditorium beginning at 7:30 p.m.

The club will join in an interclub sweetheart meeting at

the Corral Room in Cisco on March 14 when Attorney Bob Murphy will be the speaker.

Tip Arther was named to explore the possibility of forming a Leo club here, and Tom Ward, Marcus O'Dell and Arther was named to a nominating committee.

Mrs. Hagaman pointed out that individuals need to learn to organize their lives and accept themselves as first steps toward becoming whole beings.
