

New Action In Norway; Balkan States Are Menaced

Trust Violation By Oil Firms Is Upheld By Supreme Court

PRECAUTIONS TAKEN AGAINST AIR RAIDS

OSLO, May 6 (AP)—Joseph Terboven, Adolf Hitler's commissioner for the German-occupied areas of Norway, today issued an order forbidding approach within one and one-fourth miles of Fornebu air field between 10 p. m. and 2:30 a. m. as an air raid precaution measure.

Convention's Final Session A Big Event

More bands, sponsors and My Home Town speakers were entered in competition for the 22nd annual West Texas Chamber of Commerce convention here May 16-18 Monday as the convention staff bore down on arrangements for the important concluding session of the three-day party.

Announcement that Slaton would send a My Home Town representative and the entry of Rex Douglas as the Silverton orator and Bruce Foster from Floydland boosted the contest under direction of Judge C. M. Caldwell, Abilene, to 53. Miss Ruth Nevels was listed as the sponsor from Tahoka, bringing the total in this division to 54.

Further evidence that this convention promises to be one of the most musical in recent years despite conflicts with school closings, was the report that in all probability the famed T.C.U. Horned Frog band would accompany the large Fort Worth delegation to the Big Spring convalesce.

Concentrating on the program for the final session Max Bentley, convention manager, said that many events would be crammed into the meeting starting at 10 a. m. on May 18.

After music by the newly selected official band and the Sweetwater unit, now serving as the official band, there will be addresses by Rupert F. Asplund, Santa Fe, N. M., director of the New Mexico Taxpayers association; "Public Expenditure Research and Budget Making," and by George C. Hester, of Southwestern University at Georgetown, on "Growth of Public Expenditures."

Following up on this phase of the convention program—public expenditures, taxation and budgeting, the newly released WTCC "Budget Analysis Report" was mailed to WTCC directors and chamber of commerce managers of West Texas on Monday.

Other vital parts of the final program include the finals in the My Home Town contest—six winners from the preliminaries ranked by three out-of-town judges—to determine who will get the Thomas Etheridge cup, and how cash awards and scholarships will be divided among other finalists.

The presentation of certificates of award, including those for "Top West Texas," "Best Membership Town," "Most Valuable WTCC Director," and "Best C-C Director (in cooperation with WTCC)."

New officers and directors, elected at a directors meeting the same morning, will be presented by Houston Harte, San Angelo, a past president of the WTCC. Selection of the next convention city—decided in secret balloting concluded the previous evening—will be announced by Tom Gerrard, Tahoka, chairman of the elections committee.

Humble Proration Order In Effect Temporarily

Price-Fixing Agreements Unlawful

Important Decision Handed Down Under 1890 Sherman Act

WASHINGTON, May 6 (AP)—In a decision of far-reaching importance, the supreme court ruled today that "price-fixing agreements are unlawful" under the 1890 Sherman act.

Justice Douglas delivered the 5 to 2 opinion that sustained a ruling by the federal district court at Madison, Wis., which held that 12 major oil companies and 5 individuals violated the Sherman act by conspiring to control the price of gasoline as sold in ten mid-western states, and that it caused or contributed to the price rise.

Government attorneys hailed the decision as an important victory which will aid the justice department in its current anti-monopoly campaign.

The decision departed from the famous "rule of reason" interpretation of the Sherman act pronounced by the tribunal in 1911. The court held then that the Sherman act prohibited only "unreasonable restraints of interstate commerce."

Since 1911, some of the court's opinions have adhered to this view, while others have abandoned it.

Justices Roberts and McKeen dissented from the majority decision and Chief Justice Hughes and Justice Murphy did not participate.

The oil companies, in defending their action, contended that they had engaged only "in a voluntary cooperative effort" to remove a "competitive evil distress gasoline" and that the resulting prices were not unreasonable.

The justice department charged the defendants with conspiring to raise prices by concerted purchases of gasoline from independent refiners in the Mid-Continent oil field and in the East Texas oil field in 1935 and 1936. It was alleged that the purchases were made at a figure which would increase the "spot" tank car price—upon which gasoline prices in that area are based.

Saying that "there was abundant evidence that the combination had the purpose to raise prices" and that "there was ample evidence that the buying program actually contributed to the price rise," Douglas added:

"Proof that there was a conspiracy, that its purpose was to raise prices, and that it caused or contributed to a price rise is proof of the actual consummation or execution of a conspiracy under Section One of the Sherman act."

This section prohibits combinations or conspiracies in restraint of interstate trade or commerce.

BRITISH SAILORS BEING RESCUED—Two lifeboats of crewmen from the British freighter Matakana, wrecked in the Bahamas, are shown as the men started to climb aboard the rescue ship Panama. This picture was taken by a member of the crew.

WPA Sewing Room Is Closed; County Can't Meet New Provisions

After more than five years of operation, the Howard county WPA sewing room project was closed Monday, bringing to a relief a divergence of views between officials of this and other counties of the state and WPA officials.

County Judge Charles Sullivan said that he understood similar action was taken at Colorado City where a meeting of county judges had been called, and possibly in many counties of this area.

Reason for the closing, said Judge Sullivan, was that the county without power to meet requirements for material purchase of workers under a new WPA administrative ruling.

Judge Sullivan said that the ruling, which calls for textile and findings to meet doubled production under a WPA arrangement, would cost the county an additional \$2,000 annually.

Aside from the financial burden this would create, he expressed serious doubt that the county could legally appropriate funds for material purchases. The attorney general, he said, previously ruled sewing machine purchases were not in accord with law. Cloth, reasoned the judge, would be in the same category.

The county's share of the project total, under the revised act, would amount to \$2,886 annually. Total project cost was pegged at \$14,914 with \$11,900 of the amount going for labor cost on an average of 20 women and \$1,020 for superintendency.

John Burnside, district WPA director, had notified local officials along with those in other counties of the district, that a rearrangement of schedules would double production in the sewing room and that this would entail purchase of textiles and findings by the county in the amount of \$1,620 and \$400, respectively.

The condition in this county was parallel with that in others. The West Texas County Judges and Commissioners association, through its president, Judge M. A. Marshall, of Dickens, has protested to WPA officials in Washington against the increase in sponsor demands on sewing room projects.

MORALS EMBARGO ATLANTIC CITY, N. J., May 6 (AP)—The first general conference of the new Methodist church ended today with a plea for a "moral embargo" on shipments of war materials to aggressor nations from the United States.

Crisis Feared Imminent In Southeast

Troop Concentrations, Other Activity Noted At Many Points

BUDAPEST, May 6 (AP)—Extension of the war to southeastern Europe seemed more imminent today than at any time since the first days of the conflict.

Troop Movements Contributing to the belief of many diplomats that a crisis may be reached this week were the following developments, officially unconfirmed in some cases but given general credence:

1-Turkish troops were reported massing along the Greek and Bulgarian frontiers.

2-German troop concentrations were noted near the Yugoslav and Hungarian frontiers, as well as the shipment of anti tanks and water materials into eastern Slovakia, a reich protectorate.

3-Italian military activity near the Yugoslav frontier and the Dodecanese islands.

4-Appeal of Russian reinforcements in former Poland near the borders of Rutenia, which Hungary obtained in the final dismemberment of Czechoslovakia.

5-Publication of German reports that the allies are about to land troops in Salonika, Greece.

6-The presence in the Aegean sea of units of an allied battle fleet, now based at Alexandria.

7-A new spy scare in Hungary, resulting in the arrest of 200 persons suspected of working for both France and Russia.

Uneasiness was manifest throughout the southeastern capitals, in a state of high tension for weeks past, and many diplomats, including United States officials, sent pessimistic reports to their governments.

Telephone Poles To Be Off Third St. By August 1

Telephone poles on Third street will have been removed by Aug. 1, Herbert Fox, district manager for Southwestern Bell Telephone, informed E. V. Spence, city manager, here Monday.

The company has been engaged in moving cables and lines since last year. Final wire removals will be undertaken one wire at a time since many of the lines carry important transcontinental traffic.

The change is in accordance with a city request that the poles be removed from the street, which carries U. S. highway 80 traffic.

ADJUSTMENT OF COTTON YIELD IS COMMITTEE TASK

The Howard County Agricultural Conservation committee, will tackle the problem of establishing an adjusted 1940 cotton yields in an important conference at the county AAA office Tuesday.

Nazi Planes Spot Allied Detachment In Norway

London Admits The Loss Of A Destroyer

LONDON, May 6 (AP)—In the midst of vehement public demand for a more vigorous prosecution of the war, Britain today announced loss last week of the 1,570-ton destroyer Afridi in German bombing raids upon the convoys withdrawing Allied troops from Namsos, Norway.

The admiralty stood by its denial of German claims to have sunk a battleship of the Queen Elizabeth class and a heavy cruiser in the same operations.

But it admitted that the Afridi, 47th naval loss officially announced by the British, was "struck by a bomb and subsequently sunk."

PARIS, May 6 (AP)—The French admiralty tonight announced the sinking of the French destroyer Bison by German planes while escorting troop transports in the North sea.

The Bison was a vessel of 2,436 tons. Her normal complement was 208 men. She was completed in 1936.

during an insistent attack" by "waves of enemy aircraft."

The admiralty said escort vessels anti-aircraft fire was so effective that two German bombers were shot down and the transports came through "untouched."

The Afridi, fifth British destroyer lost since the start of the Norwegian campaign, was acting as flotilla leader of the escort and carried 219 men.

An unofficial military source reported that British troops in northern Norway are closing in on the German garrison, estimated at between 3,000 and 4,000 men, holding the Arctic sea port of Narvik, but that operations of necessity were proceeding slowly and that the immediate capture of the port was not to be expected.

A crescendo of demands for a more vigorous government prosecution of the war arose today in advance of Prime Minister Chamberlain's appearance in the house of commons tomorrow to explain the Allied withdrawal from central Norway.

Press and oratory clamored for government changes but the well-informed Yorkshire Post predicted that "so far as can be seen at present, Mr. Chamberlain will carry the day."

"He will owe much to the fact Mr. Churchill is standing firmly with him," the paper said, no actual vote was expected in the commons session to discuss the Norwegian campaign but that if one were called "the government would treat it as a vote of confidence."

Informed sources reported ministerial changes were in the offing, but doubt was expressed whether minor cabinet alterations would satisfy critics demanding "reconstruction, not a reshuffle."

Demos Meet Tomorrow

AUSTIN, May 6 (AP)—Texas democrats, some harmonious and others bickering over whether to favor President Roosevelt or Vice President Garner for the presidential nomination, will meet in county conventions tomorrow to determine the make-up of the state convention May 28 at Waco.

Move To Mop Up Detachment Before Aid Extended To Narvik

BERLIN, May 6 (AP)—German scouting planes were reported today to have spotted allied detachments struggling through mountainous Norwegian territory to reach allied forces besieging Narvik and the naval war machine was set in motion to mop up those units before moving to the help of a German garrison at the far-north sea port.

Authorized sources said the remnants of troops left when the allies withdrew last week from Namsos, on the western coast more than 300 miles south of Narvik, had been seen by the planes between Mo and Bodo.

Mo is a small Norwegian town about 150 miles north of Namsos and the spot from which Adolf Hitler ordered Alpine troops to begin a dangerous 200-mile trek through almost impassable mountains in an attempt to aid the Nazis hemmed in by the allies at Narvik. Bodo is on the west coast about 65 miles north of Mo.

Narvik is becoming known in Germany as the Nazi "Alcazar." It was said that the immediate objective of the advancing Nazi troops would be to take care of the allied detachments and then build an airport at Bodo from which the dreaded "Stukas" (German power diving planes) could attack the allied forces near Narvik.

Some experts expressed the opinion that the "Stukas" could poll off the allied besiegers at Narvik and make unnecessary a continuance of the arduous march of the Alpine troops across the mountains.

Others of a more cautious nature said that Germany would need all assistance possible to hold Narvik. It is known here that the French recently landed strong Alpine forces south of Narvik.

North of that beleaguered seaport the English and French have been pouring reinforcements into the sector.

The Fuehrer's trusted mountain troops began their march from the neighborhood of the little Norwegian town of Mo, north of Namsos, and the terminal both of railway and normal automobile highways. Between Mo and Narvik there is only a narrow county road, sometimes only a mere path.

Meanwhile, the German high command reported that British artillery forces in the far-north Narvik region had been strengthened but that no more intense fighting had occurred in the sector.

Hitler's orders to relieve the Narvik detachments, which have been under siege since shortly after the Germans went into Norway on April 9, upset all theories thus far aired in informed circles.

(The Narvik Nazi forces has been estimated in British and French reports at between 2,000 and 4,000 men.)

For weeks, the German press in dealing with Narvik wrote of it as unimportant in the Norwegian developments.

In private talks, sources usually well informed intimated that Hitler would soon give orders to the bottled-up Germans in the ore port and its vicinity to retreat strategically to the Swedish border if necessary and let themselves be interned in Sweden.

Germany's lack of control of the airport which commands Narvik was given as one reason why the withdrawal would ensue as a strategic necessity.

Texas Trust Law Upheld By Court

WASHINGTON, May 6 (AP)—A 1925 Texas anti-trust law which exempted "agriculture products or livestock while in the hands of the producer or raiser" was held constitutional today by the supreme court.

Claim Hitler In Agreement With Sweden

BERLIN, May 6 (AP)—DNE, official German news agency, announced today the exchange of letters between Adolf Hitler and King Gustaf V of Sweden which "affirmed complete agreement over the future political attitude" of Germany and Sweden toward each other. It said the exchange occurred during the last half of April.

"This exchange of opinions," the agency reported, "once again affirmed complete agreement over the future political attitude of the two countries toward one another in accordance with public declarations already given by the German and Swedish governments."

Swedish leaders have emphasized their desire to remain neutral in the European war while German spokesmen have acclaimed the Swedes for their neutrality and said it would be respected.

PLEGES SUPPORT TO PACT AGAINST CIVILIAN BOMBING

WASHINGTON, May 6 (AP)—President Roosevelt, who has asked warring European nations to refrain from bombing non-combatants, pledged his support today for any international agreement endorsing that principle.

"The bombing of helpless and unprotected civilians is a tragedy which has aroused the horror of all mankind," he wrote the annual convention of the American Red Cross.

"I recall with pride that the United States consistently has taken the lead in urging that the inhuman practice be prohibited."

CONVICT INDICTED IN MURDER CASE

WICHITA FALLS, May 6 (AP)—Ernest L. Hoefgen, 28, Nebraska convict serving time at Lincoln on a forgery conviction, was indicted this morning by the Wichita county grand jury for the murder of George H. Rich, Kansas carpenter, near here Oct. 9, 1938.

Extradition proceedings were started immediately by prosecuting and investigating officials to obtain custody of the defendant and bring him to Wichita Falls for an early trial.

Killer Of Two Girls Sought

BELLEFRONTE, Pa., May 6 (AP)—Police and CCC youths searched in this central Pennsylvania section today for the last sedan of a "maniac killer" wanted for the sex slaying of a county girl factory worker and a Pennsylvania State College co-ed.

Lynn G. Adams, head of the state motor police, said the fatal bludgeoning of Fay Gates, 25-year-old employe of a match factory, near here yesterday was "identical" with the slaying of Rachel Taylor, 17-year-old co-ed, five weeks ago. That occurred only 13 miles away.

Clyde Thomas, Jr. Marries Houston Girl On May 2nd

Couple To Be At Home Here After First Of July

Clyde Thomas, Jr., son of Mr. and Mrs. Clyde Thomas of Big Spring, and Jane Lucas of Houston, daughter of Mr. and Mrs. Harry T. Lucas, were married May 2nd in a ceremony performed at Bering Memorial Methodist church in Houston.

The couple are on a ten-day trip to Mexico City and on their return will be at home temporarily at Galveston where Thomas is resident surgeon at John Sealy hospital.

Mr. and Mrs. Thomas will arrive here the first of July where Thomas will take up practice.

Thomas was graduated from Big Spring high school in 1931 and attended Texas University. He then attended medical school in Galveston where he has been studying surgery.

Gives Morning Coffee For Guests At Home Sunday Morning

Mrs. Richard Young entertained Sunday morning with an 8 o'clock coffee in her home for Mrs. Warren Bush of Odessa and Mrs. Guy Holt of Fort Worth.

Mrs. Holt is visiting her daughter, Mrs. Harper Lincecum, for a few days.

Others attending were Mrs. Cecil McDonald, Mrs. Leonard Hilton, Mrs. Lincecum, Mrs. M. H. Perry, Mrs. C. F. West, Mrs. Ray Shaw, Mrs. L. E. Maddux, Mrs. George Covey, Mrs. Jess Hush.

Measure To Include Cotton In Insurance Program Is Vetoed

WASHINGTON, May 6 (AP)—President Roosevelt today vetoed a bill to extend to cotton the system of federal crop insurance now applied experimentally to wheat.

The president explained in a message to the senate that the administration did not yet have the necessary "backlog of experience" to establish a sound actuarial basis for crop insurance which would make it fully self-supporting.

Mr. Roosevelt recalled that in his message to congress February 18, 1937, advocating the initiation of wheat crop insurance under federal auspices, he expressed the belief that such insurance should be extended to other commodities when "application of the plan to wheat has provided a backlog of experience in applying the principles of crop insurance."

COACH ZUPPKE SHOWS HIS OIL PAINTINGS

CHICAGO, May 6 (AP)—Robert C. Zuppke came up today with an exhibit of landscapes and marines as vigorous as some of the football teams he has turned out at the University of Illinois in the last 27 years.

The 62-year-old gridiron coach, who believes that art and athletics are closely related, opened the fifth and largest of his one-man shows at the Palmer House. The collection includes 23 oil paintings, many of them of recent creation.

The felicitous comments of critics and lay visitors evoked a succession of grins characteristic of the sturdy lover and painter of "nature that hasn't been monkeyed with."

Zuppke sought his inspiration in the prairie country of central Illinois, the southwest, the Pacific coast and Alaska. Consequently, his canvases are vivid, elemental, sometimes brutally realistic.

CHORAL CLUB—Pictured above are members of the Big Spring Choral club who will be presented with members of the Music Study club in a program at 8 o'clock Tuesday evening at the First Presbyterian church. D. W. Conley is leader and Mrs. J. H. Kirkpatrick is accompanist. The choral club was also presented in

Sunday's program at the auditorium when it assisted the piano ensemble in the opening program for National Music Week observances. Pictured here also is Mrs. Bernard Lamun, president of the Music Study club, and Mrs. H. G. Keaton, general chairman of Music Week.

MRS. BERNARD LAMUN

Second Program Observing Music Week To Be Held Tuesday Night

Study Club And Choral Group To Be Presented

The second program to be held observing Music Week here will be a joint affair given by the Music Study club and the Choral club at 8 o'clock Tuesday evening at the First Presbyterian church.

D. W. Conley will direct the Choral club and Mrs. J. H. Kirkpatrick is the accompanist. Jeannette Barnett and Helen Duley will open the program with an organ and piano duo, "Fantasia" by Demareat and Mrs. Carl Strom will sing "Ave Maria" with Rosewig with Mrs. Harry Hurt as accompanist.

Mrs. Herman Williams will play a piano selection, "Fantasia Impromptu" by Chopin and King Sides is to sing "Damnation of Faust" by Berlioz. Mrs. Sides is to play his accompaniment.

A piano duet will also be featured by Mrs. Sides and Mrs. H. G. Keaton who will play "Carmen—Concert Paraphrase" by Bizet. Mrs. J. P. Kenney will play an organ solo, "War March of the Priests" by Mendelssohn.

The Choral club will close the program with the selection, "The Nightingale and the Rose" by Lehnert.

The opening program for the week-long observances was held at the municipal auditorium with a piano ensemble featuring four pianos and twelve pianists. A large group attended the opening program.

The third program is to be held Wednesday when the high school glee club and elementary chorus will be presented and Thursday the high school band will play. There will be no program Friday but Saturday the Allegro Music club will broadcast a program at 6:45 o'clock over KRST.

MARITIME UNIONISTS CALLED COMMUNISTS

WASHINGTON, May 6 (AP)—Harry Bridges, Joseph Curran and Mervyn Rathbone, leaders of CIO unions in the maritime field, were called "communists" today by Peter J. Innes, Jr., Bridgeport, Conn., a witness before the Dies committee.

Innes, who testified he had been national purchasing agent for the National Maritime Union (N.M.U.), told the committee, in its investigation of un-American activities, he had attended communist meetings with all three.

He testified also he had been sent to the west coast in July and August, 1936, by Curran and Tommie Ray to prepare for a strike scheduled for that fall.

Lawrence Deason To Have One Of Leads In Senior Play

The main character in the senior play, "Oh, Professor" to be presented at the municipal auditorium May 14th is Michael Pemberton, played by Lawrence Deason.

Michael is a young and handsome man who falls in love with Patricia Patterson while both are in Paris. Madam Fifi, a French woman also falls in love with Michael much to his despair.

When Patricia leaves for America, Michael follows and Madam Fifi follows Michael. In desperation, Michael changes places with a professor in a girls college and the ensuing mixup of identities keeps the three-act comedy fast moving. Lawrence Deason is said to be well-fitted for the part of the impulsive Michael and rehearsals are going forward each day.

Further Charge Of German Persecution Of Polish Catholics

VATICAN CITY, May 6 (AP)—German persecution of Polish Catholics was charged anew today by the Polish embassy to the Vatican in a purported summary of a report to Pope Pius XII by August Cardinal Hlond, primate of Poland.

The embassy's statement alleged Germany was trying to eradicate Catholicism in the Nazi-held parts of Poland and attempting to destroy the Polish people by deportation, shooting and financial ruin, particularly the leading classes.

(Informed sources in Berlin have declared that church activities in areas recently occupied by Germany, particularly in the regions of Poland under German control, continue without interruption and are little affected by political developments.)

The statement said German speaking families from the Italian Tyrol were being sent to Poland in a plan to Germanize it.

The embassy quoted Cardinal Hlond as reporting the death of 39 priests in six dioceses by shooting or torture in prison. In Chelmo diocese, he said, he reported the cathedral had been converted into a garage, the bishop's palace into a hotel and its chapel into a ballroom.

All but 20 of 650 priests have been deported or imprisoned while nine have been shot and two died in prison, it added, alleging most churches have been reported closed, "Catholic life almost entirely extinguished" and Catholic societies disbanded.

WELL—NEEKS 'S TH' M'Y I—WHY? WHAT'S THIS?

MISS LANEOSU NOTES

By Mary Whaley

There is so much a so-called grown-up could learn from a child that it is too bad children can't be the teachers and the adults the listeners.

A normal, healthy child has no self-consciousness and no phobias. He is not all tied up with thoughts of "what will people say." He responds to each occasion "according to the way he feels."

If he is sleepy he yawns and if he is happy, he laughs. If he is interested he shows it and if he is bored, he turns away. But grown-ups with their inhibitions, sit for hours bored by the company of someone who is dull and stifle yawning behind a hand rather than taking themselves away to something more absorbing.

Sometimes adults hide consuming interest in something behind a blank look or controlled expression because they either want to impress or be impressed. They feel it is the correct thing to do. Poor ignorant grown-ups sit waiting all their lives for something they wouldn't recognize if they saw it. It's called many things but we would label it "inner content." The child has it only until he begins to recognize such man-made nonsense as his effect on other people, social status and ambition.

Until then he sees all other beings as his equals and treats them as such. But once he sees qualities in other lives that he lacks, his inner content is gone. When he sees himself reflected in another's eyes or compares himself to another it is usually to his disadvantage. Some recover but most wait all their lives for this state of being to be returned to them as a miracle.

Attend Reunion

Mr. and Mrs. Alton Underwood and children, Betty Jean and James Lee, and Jack Underwood spent Saturday night in Cisco and then went to May, near Brownwood, for a family reunion of Mr. Underwood's people. About 80 persons attended.

Raymond F. Lyons of Lamesa and a former resident of Big Spring, spent Sunday on business here.

W. G. Henley and E. W. Barlesson were in San Angelo Sunday for a fishing trip.

Mrs. Clay Duval of Houston is visiting Mr. and Mrs. R. C. Strain.

Mrs. W. A. Daily of Houston is visiting with Mr. and Mrs. J. Gordon Bristow.

Mr. and Mrs. J. F. Jennings and children spent the weekend in Dallas.

WAITER ADMITS HE KILLED THREE

MARTINS FERRY, O., May 6 (AP)—Half-smiling, William Sevastis, 52, waiter, today answered with a calm "I am guilty," a charge of killing three men in a wild burst of pistol fire. He was held for grand jury action on a first degree murder warrant.

Sevastis went berserk yesterday in Mike Manos' Coffee Greek house.

The dead: Manos, Gus Grammatikas, 50, and John Levanis, 39.

"I just got mad and started shooting. I don't know why," Patrolman George Heit and Lawrence Newland quoted Sevastis as saying after he reenacted the slayings for them.

Thieves Choosy Over Loot FINDLAY, O. (UP)—Particular thieves, stealing \$570 in merchandise from a store here, took only the best quality garments and choose only certain sizes. The loot included women's hosiery, 15 gowns and 70 slips.

SATURDAY
1930 HYPERION CLUB will meet at 8 o'clock at the Settles hotel with a program following in the home of Mrs. R. V. Middleton, 1206 Runkle.
ALLEGRO MUSIC CLUB will meet at 6 o'clock at the radio station for a program to be broadcast at 6:45 o'clock.
HOWARD COUNTY Home demonstration council will meet at 2 o'clock in the county agent's office.

GERMAN THRUST IS BROKEN BY FRENCH

PARIS, May 6 (AP)—A new German thrust on the western front crumpled before a sharp counter attack by advance French units during fighting for the third successive night in the Saar sector, the French high command announced today.

Both sides suffered losses, a war ministry spokesman acknowledged. He described French casualties as "slight," but said details were lacking as the fighting was still going on.

FORMER EDITOR IS CLAIMED BY DEATH

COMANCHE, May 6 (AP)—L. B. Russell, 89, one-time editor of the Comanche Chief, died at his home here today.

Russell was born at historic Goliad Sept. 16, 1850. He came to Comanche in 1874. He practiced law and was a student of general-ship.

Mother's Day... MAY 12th

OUR TRIBUTE TO YOUR MOTHER

We can think of no holiday more in keeping with the American Tradition than Mother's Day. It has ever been "American" to honor the great heroes of our land—is it not fitting, then, that we should set aside a day in honor of our greatest heroine, the American mother? But Mother's Day takes on added importance when we stop to think of how personal this holiday is. All American mothers of course we honor, to our own Mother we pay special tribute. And what can we compare with that inner joy that comes with giving good gifts to those we love. Remember your Mother!

Read the ads in the Herald for Mother's Day, gift suggestions!

The Daily Herald

WHEN

Your Boy Grows Up!

All mothers and fathers want their children to have worthwhile employment when they grow up.

The Texas oil business is manned by Texans . . . the Texas boys and girls of yesterday. 225,000 of them earn good livings for themselves and their families—a yearly payroll of \$271,000,000.

Oil pays good wages . . . maintains reasonable working hours . . . and offers opportunity for promotion.

Old age retirement and unhampered develop-

ment of the oil business will provide many new jobs each year for our young Texas workers.

But the growing tax burden is a serious factor in wages and employment, since the Texas oil industry now pays taxes equal to 36 per cent of its labor payrolls.

Unwise laws and excessive taxes can retard and stop the growth of this industry which means so much to the future employment of our boys and girls.

Dozen Texans Are Killed

By The Associated Press

Traffic accidents claimed a half dozen lives, including that of a Corpus Christi surgeon, yesterday.

One person killed in a shooting and another Texan lost his life in an airplane accident.

Dr. Theodore F. Trimble, 35, died on his way to a Corpus Christi hospital after his car overturned in loose sand near Armstrong, Kennedy county.

Six-year-old Clarence Leo Neal died in Fort Worth from injuries suffered when hit by a car Friday. Mrs. Frank Geyer died of injuries received near Alpine Saturday night. James Chapman Turner, 65, Dallas traveling man, died in a Big Spring hospital.

The body of A. E. Campbell, night car foreman for the Fort Worth & Denver Railroad at Tocco-line, was found, mangled by a locomotive.

A Lawton, Okla. soldier, Private E. Marzillo, was killed in a holiday traffic accident near Jasper.

P. D. Burkhardt, 30, seaman, was shot to death at Houston. An 18-year-old suspect was held.

A Dallas pilot, Herbert Brokey, 28, was killed when his plane crashed into the roof of a schoolhouse near Newkirk, Okla.

ASSISTANT COACH AT McALLEN VICTIM OF TRAFFIC CRASH

McALLEN, May 6 (AP)—Funeral services were held Monday morning from Sacred Heart Catholic church here for Tommy Gries, 27, assistant athletic coach at McAllen high school, who was fatally injured in a collision between his motorcycle and an automobile here Saturday noon.

Gries suffered a broken left leg, severe head injuries including several serious lacerations when his motorcycle struck the side of a car driven by Marion Fox, 14-year-old son of Mrs. Moss Harris of McAllen.

Young Fox had just driven into the intersection of a street when Gries' motorcycle collided broadside with the car. No charges will be filed in connection with the crash.

The coach was the valley's 49th traffic victim of the year.

AGRICULTURE BUREAU TO BE DEVELOPED BY SOUTH TEXAS CC

SAN ANTONIO, May 6 (AP)—Edwin A. Spack, formerly associated with the West Texas Chamber of Commerce, Abilene, today joined the South Texas chamber to develop an agricultural bureau program for the regional organization which has headquarters here.

Ray Leeman, executive vice president, said early emphasis would be on dairying.

Spack formerly was in United States department of agriculture services, also.

"You can keep your college boys... I prefer mature men... you know, the kind with money."

DOUGLAS REPORT

SANTA MONICA, Calif., May 6 (AP)—Douglas Aircraft Co., Inc., reported today for the three months ended Feb. 29 net profit of \$1,804,877, equal to \$3 a share on the 600,000 shares of capital stock outstanding.

Plan Toward Pan-American Track, Field Games

NEW YORK, May 6 (AP)—The boys who have been training for the past four years in hope of being chosen for the 1940 United States Olympic team won't be entirely disappointed. They'll get their chance to try out and if they prove themselves good enough, they'll receive tangible evidence of membership on an Olympic team, even though the games will not be held.

The possibility still exists that they will get a chance to compete in the proposed Pan-American games as a substitute for the canceled Helsinki Olympics.

Plans for the tryouts were made yesterday at a meeting of the American Olympic committee. Although no definite conclusions were reached as to when they will be held, it seems likely the major events will go to California. It was settled, however, that the successful athletes will be given medals, uniforms and certificates just as they would if the games were held.

FIRST DICKENS CO. JUDGE SUCCUMBS

JAYTON, May 6 (AP)—A. J. Hagins, 89, who came to this section of Texas in 1889 and helped organize Dickens county, serving as its first judge, died at his home southwest of here yesterday.

Hagins, who is survived by his widow and 12 children, owned and drove the last buggy in this section. He was active until he became ill three weeks ago.

Hagins was born in Georgia and moved to Texas in 1884. He pioneered in stock farming in this region and built the first cotton gin in Dickens county in 1891. He represented the old 105th district in the 33rd legislature, and was a Mason, a Methodist steward and trustee for 60 years.

The funeral will be held today.

ARLINE JUDGE WEDS FOR THIRD TIME

LOUISVILLE, Ky., May 6 (AP)—Arline Judge, film actress who recently won a purported \$100,000 settlement in divorcing Daniel R. Topping, New York socialist sportsman, has embarked upon her third marital venture.

Her new husband is James McKinley Bryant, an executive for a swank Fifth avenue hotel (Pierre) in New York City.

Bryant declined to be specific about the marriage. All he would say was that it took place "somewhere" in Kentucky "between 6 p. m. Saturday and 3 a. m. Sunday."

It was the 31-year-old Bryant's second marriage. The 27-year-old Miss Judge's first husband was Wesley Ruggles, film director.

See Defeat For Changes In Farm Credit Bill

WASHINGTON, May 6 (AP)—Opponents of the controversial Jones bill (H.R. 8748) to revamp the Farm Credit administration claimed today enough strength in the house agriculture committee to prevent reporting out the measure in its original form.

They predicted that the committee would recommend no controversial FCA bills at this session.

Administration forces and the Farmers' Union have been advocating enactment of the Jones bill, and other major farm organizations have opposed it.

A majority of the committee, members said today, have gone on record in favor of retaining for five years the present 3-1-2 per cent interest rate on Federal Land Bank loans, as against the 3 per cent provision of the Jones bill.

Preponderant sentiment on the committee, informed persons said, favored re-determining the interest rate at the end of five years to maintain a 1-1-2 per cent margin between the price Federal Land Banks have to pay for money and the rate at which they lend it to farmers. The majority of the committee, they said, believe this margin was necessary to pay administrative expenses, absorb losses and maintain the integrity of the land bank system.

MARY MARTIN WEDS FILM STORY EDITOR

HOLLYWOOD, May 6 (AP)—Richard Halliday, film story editor, need not be surprised if studio associates nickname him "Daddy."

He came back today from Las Vegas, Nev., married to Mary Martin, Broadway melodist whose singing of "My Heart Belongs to Daddy" landed her a motion picture picture contract. A sleepy justice of the peace tied the knot at 3 a. m. Sunday.

It was Miss Martin's second marriage and Halliday's first. A Weatherford, Texas girl, she formerly was the wife of Ben Hageman, a lawyer of that city. To them was born a son, now eight years old. They later were divorced.

Father Saves Son From Drowning

The story of a father's heroism and near sacrifice to save his son's life was told Monday by those returning from the annual Center Point school outing to the Concho river.

Isobel was lured up into Brenda's room soon after the evening meal and the idea presented to her. Brenda dealt on the fatigue from which their landlady was suffering; Adelaide meekly pointed out how forgetful she was growing because of overwork.

Isobel said briskly: "Put it off until next week, Adelaide, and I'll do it with all the pleasure in life. I'll have no lessons to give next week; they're redecorating the studio. That leaves me only the radio work, and I can have the housekeeping all attended to hours before it's time to drive down for that."

"Conscience hurt"

So it was settled. Brenda was sorry the experiment had to be postponed. She feared her ingenuity might give out if it had to be exercised much longer. Worse than that, she feared discovery, either by Adelaide or Isobel. But Prather was so exhausted from the effort that he had to be lifted from the water. Those who watched the rescue said had the bank been a few feet farther removed, they doubted if Prather would have made it.

To celebrate the averting of the tragedy, Prather feted the school party to an ice cream "feed," the drawing double prizes from the Adelaide was far too excited by her forthcoming visit, and Isobel was too deep in cookbooks and

GOLD RUSH—Daffodils rear their golden heads in fields at Puyallup, Wash., greeting Daffodil Queen Marge Roscoe.

LITTLE SPITFIRE

By Jean Randall
(Continued From Page 4)

Brenda cut her short. "I do. I think she'd make a grand housekeeper—at least for a week or so. Let's ask her this evening, shall we? If she wants to do it, you'll promise to go to Springfield?"

"Yes, indeed I will," said Adelaide enthusiastically.

Isobel was lured up into Brenda's room soon after the evening meal and the idea presented to her. Brenda dealt on the fatigue from which their landlady was suffering; Adelaide meekly pointed out how forgetful she was growing because of overwork.

Isobel said briskly: "Put it off until next week, Adelaide, and I'll do it with all the pleasure in life. I'll have no lessons to give next week; they're redecorating the studio. That leaves me only the radio work, and I can have the housekeeping all attended to hours before it's time to drive down for that."

"Conscience hurt"

So it was settled. Brenda was sorry the experiment had to be postponed. She feared her ingenuity might give out if it had to be exercised much longer. Worse than that, she feared discovery, either by Adelaide or Isobel. But Prather was so exhausted from the effort that he had to be lifted from the water. Those who watched the rescue said had the bank been a few feet farther removed, they doubted if Prather would have made it.

Crowd Cheers Tiny Tots In Pool Revue

Hot sun and sultry weather didn't deter the large crowd of proud parents and admiring friends who gathered at the municipal swimming pool at the municipal swimming pool Sunday afternoon for the Tiny Tot bathing revue in which Sonny Hargrove, son of Mr. and Mrs. R. C. Hargrove, and Patricia Neel, daughter of Mr. and Mrs. T. H. Neel, were chosen the winners.

The revue marked the formal opening of the pool for the fifth season.

Taking second and third places were Robert Tate Angel, son of Mr. and Mrs. Clyde Angel, and Tommy Tate, son of Mr. and Mrs. William Tate, in the boys' division. Caroline Sue Matson, daughter of Mr. and Mrs. C. E. Matson won second place, and Sylvia Brigham, daughter of Mr. and Mrs. J. E. Brigham, won third place, in the girls' division.

The winners received silver loving cups presented by E. V. Spence, city manager, and will also appear in the WTCC convention revue. According to Mrs. Dorothy Lawrence, WTCC revue director, special spots have been written in the revue for Sonny Hargrove and Patricia Neel, the first place winners.

For once the sympathy of the audience was with the judges when the children paraded around the pool. A total of 83 children registered with 70 children taking part. The audience was impartial—it wanted all 70 to win.

Tommy Rathoff of Colorado City gave a fancy diving exhibition and the municipal high school band furnished music for the occasion. Matt Harrington, assistant chamber of commerce manager was in charge of arrangements.

RATION REDUCTION

LONDON, May 6 (AP)—Because of the cessation of Danish supplies, the municipal high school band furnished music for the occasion. Matt Harrington, assistant chamber of commerce manager was in charge of arrangements.

The ration for the reduction at an early date of the butter ration from eight to four ounces each week. He warned the sugar ration of 12 ounces each week might be reduced also.

Political Announcements

The Daily Herald will make the following charges for political announcements, payable cash in advance.

District office\$25.00
County office\$15.00
Precinct office\$10.00

"Wh-wh-wh do you mean, Mac?"

He grinned. "I'm on to you, young woman! Adelaide and Grenadine in their time have done some mighty queer things, but never even to them did it occur to put my typewriter in the broom closet! I knew whom I had to thank for that fancy touch. What's the big idea, Brenda?"

Her hands went up to her burning cheeks. So Mac had known all this time! He had realized that she had tipped into his room and hidden his pencils, had given an all too realistic imitation of a mischievous child of four.

"I—I had a reason," she faltered. "I know you did," he assured her warmly.

Continued Monday.

NEGRO ASSAULTS HOUSTON WOMAN

HOUSTON, May 6 (AP)—A 27-year-old mother was assaulted by a negro in Memorial park here last night while her escort sat against a tree and tried to hush the crying of her 2-year-old son. The negro had threatened to kill them if the baby continued to cry, the woman said.

Police said there was a possibility the negro was the same one who killed John Frank Lee and attacked Mrs. Lee in their home here Wednesday.

The woman attacked last night said her escort had taken her and her baby for a ride in an effort to get the child to sleep.

MARKETS Wall Street

NEW YORK, May 6 (AP)—Selected stocks put on a mild recovery jaunt in today's market but the majority backed away at the close.

Several steels, aircrafts, coppers and specialties pushed up fractions to 2 points at the best. In the final hour extreme gains were chipped down substantially or converted into minor losses.

Dealings were inconsequential either way, with transfers approximating 300,000 shares.

Livestock

FORT WORTH, May 6 (AP)—(U. S. Dept. Agr.)—Cattle salable 1,600; total 2,000; calves salable 700; total 800; market: most classes about steady with last week's close; mature steers scarce; common and medium yearlings 4.50-9.00; good fed yearlings 9.25-10.00; load weighty heifers and part load yearling steers at top price; cows 4.50-6.75; canners and cutters 3.00-4.25; bulls 5.00-6.25; slaughter calves 6.00-9.00; culls 4.50-5.50; good and choice stock steer calves 9.00-10.50; most stock heifer calves 9.25 down.

Hogs salable 1,200; total 1,400; mostly 10-20c lower than Friday's average; top 6.00; bulk good and choice 175-270 lbs. 5.80-6.00; good and choice 150-175 lbs. 5.35-5.75; butcher pigs weak, 4.00-4.25; packing sows steady to 25c lower; mostly 4.75; few at 5.00.

Sheep salable and total 27,000; spring lambs steady, aged wethers steady to weak; bidding 25c lower than Friday's 25c decline on clipped lambs; feeders scarce; spring lambs mostly 8.00-9.00; few 9.25 and 9.50; good clipped lambs bid 8.00; mixed grade shorn aged wethers 4.25.

Cotton

NEW YORK, May 6 (AP)—Cotton futures closed 11-16 lower.

Contract	Open	High	Low	Last
May	10.85	10.65	10.58	10.58-59

HOLD EVERYTHING: THE PHOTOGRAPHER DID!—Only by grabbing a fireline pipe did E. E. Bumstead keep from being washed overboard while taking pictures of the heavy seas through which the 8,900-ton oil tanker, Tidewater, plowed off Cape Hatteras, North Carolina. Imagine being smacked by this wave. Bumstead was a Tidewater crew member.

100 Boys Now On 4-H Rolls

Goal of demonstrations for 4-H club boys in Howard county has been reached, County Agent O. P. Griffin said Monday.

The goal was 100, and the number now listed is 100.

However, Griffin was especially anxious to have an additional number of cotton demonstrations. If the number of this activity can be brought above 20, the county will be eligible to compete in a district contest which may result in the leading demonstrator winning \$100 toward a college scholarship.

There is reason to believe that if this county can have more than 20 demonstrators in cotton, said Griffin, that it may go through the district without competition, thus having to compete only against the adjoining district winner for the scholarship posted by W. L. Clayton of Anderson & Clayton.

Demonstrations and the number of boys entered in them follow: Beef 24, lambs 4, swine 17, poultry 15, cotton 18, and maize 22.

EX-ATTY. GENERAL OF PENNSYLVANIA DEATH VICTIM

PHILADELPHIA, May 6 (AP)—Francis Shunk Brown, former attorney general of Pennsylvania, grandson and great grandson of Pennsylvania governors, died today.

He was 82.

He had been in ill health for a month, but until his illness never had laid aside active work in his profession—the law.

Descendant of a family long active in Pennsylvania politics, Brown, in 1930, missed by 30,000 votes the republican nomination for governor. He was defeated by Gifford Pinchot who went on to win the general election for a second term.

DAMAGE CASE IS BEFORE COURT

Case of J. B. McKinney versus J. J. Bruce for damages in connection with a car mishap went to trial in 70th district court here Monday morning.

Other civil matters were scheduled to be tried during the week. Grand jury for the current term will report for its final meeting on May 15, said District Attorney Martelle McDonald.

LOGS BROWN LIME

Ray Albright No. 2 J. A. Robinson, northwest Dawson county wildcat in section 54-M, EL&RR, drilled past 3,900 feet Monday after logging first brown lime stringers from 1,850-50 feet. The test has been picked high on anhydrite and Yates.

CAR DAMAGED

A car parked at the Minute Inn on the east highway was damaged by fire Sunday evening. Firemen were called to extinguish the blaze.

Action Favored On Logan-Walter Bill

WASHINGTON, May 6 (AP)—The senate judiciary committee disregarded the advice of Democratic Leader Barkley today and recommended that congress act this session on the Logan-Walter bill to subject orders of federal agencies to court review.

Chairman, Ashurst (D-Ariz) said the 16 members at the committee meeting were "militantly" opposed to any delay in senate consideration of the controversial, house-approved bill.

Barkley, Ashurst said, argued vainly for postponement of action pending further study of the legislation.

"It seems to be the unanimous opinion of this committee that this responsibility should be met and not dodged," the westerner declared.

Farm Parley To Be Held Here May 13

Another federal farm program meeting for district 5 north will be held here May 13, M. Weaver, county AAA administrative assistant, said Monday.

The parley, dealing with 1940 compliance rulings and procedure, will be held in the Settles ball room under the direction of F. V. Swain, field representative for the northern division of district 6.

C. H. Moesley, state performance supervisor, is expected to be here for the parley, one of a series being conducted over the state.

Chairman of county committees, secretaries, performance supervisor and possibly chief clerks will be urged to participate in the meeting. Weaver estimated that some 75 persons would be here for the session, first of its kind held here in three months.

Farley and Garner Talk Likely Was Devoted To 3rd Term Threat

WASHINGTON, May 6 (AP)—No outsider knows what James A. Farley and Vice President Garner talked about at their recent political conference. Both of them are making a point of not saying what would you talk about?

They are the only two men who have said—without any strings—that their names would go before the democratic national convention as candidates. Furthermore, they see the tide for President Roosevelt's renomination rising about their ears.

Both of them are realists. They understand the give-and-take of politics. They are skilled in the art of political negotiation. That has always been their especial aptitude.

Few laws bear the Garner name. He preferred to work backstage. Few can remember, nowadays, the speeches he used to make in the house though he used to lambast the republican financial and tax policies regularly. His was a great and-potatoes—a kind of debating, spiced now and then with a liberal dash of tobacco.

But Garner, like Farley, is not remembered for laws or debates. Both are used to taking facts and trading them in for the nearest approach to what they want that is possible for them to get.

They have seen the third term movement develop in the democratic party, helped along by a group inside the administration. They realize the scope and strength of its sweep. They know their political history and the potential power of the president, any president, over his own party.

Might Garner and Farley have been discussing the possibility of a compromise candidate for the democrats?

No one is likely to learn the details of that conversation soon, however. The vice president probably said to Farley before they had finished: "Now, Jim, let's just forget what we are saying here." And both of them are accomplished forgetters.

Chain Stores Held As Aiding Steady Employment

WASHINGTON, May 6 (AP)—Walter C. Seeger, St. Paul, Minn., a manufacturer of cabinets for electric refrigerators, told a house ways and means sub-committee today that chain store systems permitted steadier employment in factories.

He testified in opposition to a bill which would levy graduated taxes on chain stores.

"Chain stores permit a long range production program," he said. "By placing orders well in advance they enable us to level off the peaks and valleys which cause shortages of labor on the one hand and lay off periods on the other hand."

AGENTS TO MEET

Lora Farnsworth, county home demonstration agent, will participate in a conference with demonstration agents of three other counties in Lamesa Tuesday.

Nora Ellen Elliott, Texas A. & M. extension service food preparation specialist, will address the agents of Dawson, Howard, Martin and Gaines county.

Public Records

Wide Search On For Kidnaping Suspect

NEW YORK, May 6 (AP)—An eight-state police alarm for the arrest of Joseph A. Dotto, known as Joe Adonis in Brooklyn where he was listed as an underworld power, today brought into the open a search which has been pressed since he was secretly indicted ten days ago for kidnaping, extortion and assault.

The alarm, sent out shortly after midnight, directed that it be radiated from Buffalo to Florida authorities and asked for special attention of police at Long Beach, Long Island, and Brooklyn.

Special Prosecutor John Harlan Amen disclosed the warrant for Adonis after announcement of the arrest Saturday in Los Angeles of Sam Casber, 50, described as Adonis' former chief aide, and named jointly in the indictment.

Both are charged with the 1932 abduction of Isadore Wapinsky, 50, a small business man, who was released after payment of \$5,000 ransom. Wapinsky died about a month later of what was recorded official as heart disease.

NEW RAILROAD IN MEXICO DEDICATED

ROCKY POINT, Sonora, Mex., May 6 (AP)—A seven-car train pulled into a recently completed station here last night and Melquiades Angulo, national minister of communications and public works, amidst the cheers of 1,500, dedicated the 160-mile railroad which, for the first time, links the Mexican states of Sonora and Baja California.

Beginning next week, Angulo said, construction will start on the second leg of the new railroad—longest ever constructed wholly with Mexican supervision—from Rocky Point to Santa Ana, 180 miles inland, where it will connect with the Southern Pacific of Mexico.

Case Involving Taxes Dismissed

WASHINGTON, May 6 (AP)—The supreme court dismissed today "for the want of a substantial federal question" an appeal by a group of creditors and bondholders of the Star Refining and Producing company of Van Zandt County, Texas, from a decision that motor fuel taxes owed to the state had priority over their claims.

B. J. Wynne, a first mortgage bondholder, and others, appealed from the Texas supreme court. The creditors challenged the constitutionality of that part of the state's motor fuel tax law which provided that taxes, fines and penalties due to the state "shall be a preferred lien."

Warns Against A New Outbreak Of Influenza

WASHINGTON, May 6 (AP)—Dr. R. E. Dyer of the public health service warned today the United States might be struck by "another explosive outbreak" of influenza such as that in 1918-19.

As assistant director of the National Institute of Health, Dr. Dyer testified before a senate education sub-committee in behalf of a bill by Senator Pepper (D-Fla.) appropriate \$3,000,000 for research in and control of pneumonia, influenza and the common cold.

He said the concentration of large bodies of troops, as in Europe today, would be the stage for a new flareup of the highly contagious disease.

POLISH DESTROYER SUNK BY BOMB

LONDON, May 6 (AP)—The Polish destroyer Grom has been sunk by a bomb, the Polish naval staff announced today in London.

The 2,144-ton destroyer was engaged in operations in Norway. One officer and 65 men were believed lost.

The text of the Polish naval staff communique said:

"The Polish naval staff in London regrets to announce that the Polish destroyer Grom, which, together with other units of the Polish navy have been actively co-operating with the British fleet since the beginning of the war, has been sunk by a bomb.

"The Grom was engaged in the operations off the coast of Norway."

"One officer and 65 ratings (sailors) are missing and must be presumed lost.

"An offer by the British government to replace this destroyer by one now building in a British shipyard has been gratefully accepted."

DUCE, PRINCE CONFER

ROME, May 6 (AP)—Premier Mussolini conferred with Crown Prince Umberto today on military problems as heightened tension was reported between Italy and Yugoslavia. The crown prince is commander of half of the Italian army.

NAMED JUDGE

WASHINGTON, May 6 (AP)—President Roosevelt nominated Senator Lewis B. Schwellenbach (D-Wash.) today to be United States district judge for the eastern district of Washington.

RETIRED BANKER IS SHOT TO DEATH

MORRILL, Kas., May 6 (AP)—Ezra Lichtly, 54, retired banker who was abducted last February 6, was found shot to death today on a road near Morrill. Coroner Oliver Moore said the death was a suicide.

A note found in the pocket of the car said he "couldn't stand the suspense."

Lichtly was to have been complaining witness at the trial next week of Ezra Goasage, Hunter, Ark., charged with kidnaping and threatening to kill Lichtly last Feb. 1.

Coahoma Man Hurt In Highway Mishap

B. R. Thompson, Coahoma, suffered painful injuries Monday morning when his car left a culvert on highway No. 1 a mile and a half east of Big Spring. He was given treatment at the Big Spring hospital for head lacerations and other injuries, and was reported resting very well.

FAVOR CONTINUING LOW INTEREST RATES

WASHINGTON, May 6 (AP)—A senate banking sub-committee recommended today continuation for two years of the existing 3 1/2 per cent interest rate on Federal Land Bank loans and reduction of the 4 per cent rate on land bank commissioner loans to 3 1/2 per cent for the same period.

The house has voted a five-year continuation of the rates, which would expire July 1, 1940, under present law.

A STUDY OF F. D. R.'S STUDY—Before President Roosevelt moved into the White House this oval-shaped room on the second floor was the library. Now, it is the President's study, accessible to his bedroom which is through a door at right. His desk is at right. The rug is red, the drapes, green. In this room the Roosevelt family gatherings are usually held.

WAVES TO THE FUTURE

NEW YORK, May 6 (AP)—The White House today opened its doors to the public for the first time since the death of President Roosevelt. The public was allowed to see the White House from the inside, and to see the President's study, which is now being used as a museum.
