

French Capital An 'Open City' As Nazis Near

LATE BULLETINS

BERLIN, June 13 (AP)—Reliable although unofficial sources said tonight that the French, through United States Ambassador William C. Bullitt, have advised Germany that all troops have been removed from Paris.

The report, which could not be checked, said the American ambassador in a message on behalf of the French government said only firemen and police were remaining in Paris.

CAIRO, Egypt, June 13 (AP)—A British-Italian skirmish on the Egyptian-Libyan border last night in which the British took 62 prisoners was reported today by British authorities here.

The British said they suffered no casualties. Two officers were among the captives. Two machine-guns were reported taken.

The announcement was made by Lieutenant-General Henry M. Wilson commanding British forces in Egypt.

JERUSALEM, June 13 (AP)—Filawari Berou, newly appointed commander-in-chief of Haile Selassie's forces in Ethiopia, is leaving Jerusalem by air today to take the field against Italy in Ethiopia.

Berou, former minister of war under the Negus, declared in an interview that "now is our golden chance."

BERLIN, June 13 (AP)—DNE, official German news agency, tonight carried a brief dispatch under a Paris dateline saying that it was officially announced that Paris would not be defended, apparently sparing the capital from the war.

ROME, June 13 (AP)—Fourteen persons were killed and 39 wounded in an allied air raid today on Turin, industrial center of northwestern Italy, an official announcement said.

SANTA CRUZ DE TENERIFE, Canary Islands, June 13 (AP)—The crew of the Italian steamer Malta was reported today to have driven their ship aground at Las Gallinas Beach in the Canary Islands yesterday after a French warship in hot pursuit had fired several shells at her.

FACES CHARGES FOR CRIME WAVE

HOUSTON, June 13 (AP)—Nehemiah Glover, a negro, faced charges today alleging he participated in 22 major crimes, including three slayings and five criminal assaults.

The cases included the killing of John Frank Lee May 1 and the assault upon Mrs. Lee, and the murders of Mr. and Mrs. George W. Treadway in their trailer home July 31.

Officers said several more charges probably would be filed against the negro in the next few days.

Warmer Weather To Hit Texas

DALLAS, June 13 (AP)—Texans who have been sleeping under light cover recently may soon shed their blankets—and sheets.

Dr. Jos. L. Cline of the weather bureau eyed a "warm center" moving eastward across the country today and predicted Texas would get a taste of it. Unusually high temperatures were recorded yesterday in Idaho and some parts of California.

Rains and light northerly have kept temperatures in the state at unusually low levels thus far this season.

NO EXIT PERMITS

LONDON, June 13 (AP)—A house of commons questioner, who suggested that young Britons were leaving the country saying that they would not fight, was told by a labor ministry spokesman today that "no exit permits will be issued by the home office now."

SLIGHT INCREASE

BROWNWOOD, June 13 (AP)—H. H. Jackson, census supervisor, said today Brownwood's 1940 population was 13,300, an increase of 607 over the 1930 total. The 1940 total is a tentative figure.

POPULATION UP

TYLER, June 13 (AP)—Tyler's population is tentatively 28,256 as compared with 17,119 in 1930, District Census Supervisor Jerome Bishop announced today. The figure for 1940 is preliminary to the final total.

NO CELEBRATION

LONDON, June 13 (AP)—King George VI's "official" birthday passed without celebration today, in accordance with the cancellation of such ceremonies announced on May 25. The king was 44 years old last December 14.

Allies Elect Not To Defend Paris

By The Associated Press PARIS, June 13—The defense line in the battle for France is holding, a military spokesman declared today—holding under the heavy strain of new German divisions which have been combined with the old to make a total of 120 (about 1,800,000 men) striving to crush the French.

The spokesman said that while the French would continue the defense around Paris—where a five-mile gain by counter-attack was reported earlier—they would not defend the city itself.

Paris was declared an "open city" to spare it from the devastation of total war.

The French have no intention of fighting in Paris itself. American-made bombing planes, whose efficiency, the spokesman said, has been proved, helped considerably in holding the German offensive.

Everywhere along the northern front, from the channel coast and the valley of the Seine to Montmedy, northern anchor of the Maginot line, the situation is "serious," the spokesman acknowledged but he added that the line, though flexible, holds fast.

At several points small units have counter-attacked, he went on, showing that the spirit of the bearded French Polius and their bolstering British comrades-in-arms has not been broken.

Arrival of new planes, tanks and other armament would have an extremely important effect on the outcome of the battle for France, the spokesman declared, referring to the need for more aid from America.

The spokesman said the French line as a whole had held despite the fact that some units have not been relieved since the first southern German offensive on the Somme nine days ago. German units, he said, have been relieved two or three times.

A big French counter-offensive is not yet possible although some gains have been made by small counter-attacks, he added.

One of these was reported to have driven the Germans back five miles from the northern suburbs of Paris, in the region of Beaumont—only 12 miles from the fringe of the capital and 20 miles from its center.

The spokesman emphasized the heavy strain the French have been under from the Germans' superiority in numbers and equipment—a note which Premier Reynaud struck in an appeal to the United States for all help short of an expeditionary force.

The spokesman declared the French would defend their lines in front of Paris and if forced back would defend them south of the capital.

"We do not want to battle in Paris itself," he said, explaining that the French forces would move back rather than risk destruction of the city. The Germans, he asserted, would be responsible for any destruction of the city.

Normal Functioning He added that there would be no "official" removal of the Paris population, although thousands had left on their own accord. All public services, such as gas, light, water and police, are still functioning in the city.

Premier Reynaud, in a message to President Roosevelt, pledged an undying fight to be carried on, if need be, from the last corner of France, or from North America or even from French possessions in America.

(France's possessions in America are French Guiana in South America; the islands of Martinique and Guadeloupe in the West Indies, and Saint Pierre and Miquelon off the coast of Newfoundland.)

Reynaud said he was "going to the armies"—apparently meaning he was assuming personal direction of the French forces now battling, with some British support, a German drive across northern France into which 120 Nazi divisions, or about 1,800,000 men, had been thrown.

The French counter-attack in the Beaumont region was reported to have thrust German besiegers back five miles from the capital and only 12 miles from the northern suburb of St. Denis.

That, however, apparently failed to halt the steady German encirclement of Paris.

The military governor, General Hering, left Paris to take army command after posting notices in public that the capital would be "open." Gen. Dentz was left in charge.

Closing In As the notices went up, German legions were closing in on the capital from the west, north and east.

This morning's high command communique, although stating the battle for the capital continued with "undiminished intensity," said the situation had changed but little overnight. It said German pressure was continuing "in particular on both sides of the capital."

GIVE INSTRUCTION ON LAND MEASURING

A supervisory school for workers who will measure Howard county land in the AAA program was opened at the high school Thursday, to continue for two days. County Agent O. P. Griffin and M. Weaver, AAA administrator in the county, will give instruction.

Weaver said preparations were being made for measuring work, but that actual field activity was being held up because of varied weather conditions which make crop condition uncertain.

NO CELEBRATION

LONDON, June 13 (AP)—King George VI's "official" birthday passed without celebration today, in accordance with the cancellation of such ceremonies announced on May 25. The king was 44 years old last December 14.

HE'S WILLING — Wendell Willkie (above), utility executive, told a meeting of the National Press club at Washington that his name would be put up for the presidential nomination at the republican national convention by Rep. Charles A. Halleck (R-Ind). Willkie is shown during his address which was largely off the record.

Nazi-Turkey Trade Pact Is Signed

ANKARA, June 13 (AP)—The Turkish government today signed a new commercial agreement with Germany.

The accord came as a bombshell, especially since Turkish leaders had insisted Turkey would fulfill her mutual aid pacts with Britain and France and the controlled press had severely attacked Italy.

Diplomats flocked to the foreign ministry in an attempt to learn the significance of the move.

The accord, it was announced, provides for the exchange of certain products to the extent of 21,000,000 Turkish pounds.

It was the result of months of negotiations between the government and Franz von Papen, German ambassador to Turkey.

The deal involves about \$14,280,000. The Turkish pound was quoted at 68 in New York today.

Trade between Germany and Turkey has been at a standstill for months because of credit and other difficulties.

Informed circles said the agreement was of no political significance but the first reaction in diplomatic circles was that it might indicate Turkey was not planning to enter the war immediately.

The agreement was signed by the German trade delegation which negotiated it.

Turkey reaffirmed her mutual assistance pacts with Britain and France and dismissed Mussolini's offer to respect her neutrality as worthless.

The officially controlled Turkish press, which since Italy's entry into the war has been extremely cautious, suddenly loosed a violent attack on Italy.

There were indications that these attacks were inspired and reflected the government's attitude.

'FIFTH COLUMN' FIGHT

MONTEVIDEO, June 13 (AP)—The chamber of deputies early today approved by a heavy majority a government bill regulating the right of association with a view to suppressing organizations which might carry on "fifth column" activities.

Every Citizen Urged To Attend Flag Day Ceremonies Friday Eve

A new pole—from which Old Glory will fly proudly Friday—was about complete Thursday, as finishing touches were put on plans for the east side of the courthouse lawn, is expected to congregate most of the population of Big Spring at 7:30 Friday evening, as ceremonies are conducted in tribute to the nation's banner. Flag Day is being officially proclaimed by Mayor G. C. Dunham.

Members of the Veterans of Foreign Wars and of the American Legion are sponsoring the program, and renewed their appeal that every citizen of the city join in the exercises as a demonstration of renewed allegiance to the Stars and Stripes. The program will follow a brief street parade, which starts at 7:30, and will not be a lengthy one. Talks, band music and patriotic songs are to be given, with J. T. Brooks serving as master of ceremonies.

Service men Thursday expressed their thanks to Harry Miller of the Continental Oil company at Foran, who supplied and delivered the poles for the new flag pole; and to County Judge Charlie Sullivan and the county commissioners, who set about immediately to have a permanent standard raised.

Maginot Line Threatened From Rear

Germans Are Farther South Than At Any Time In World War

By The Associated Press BERLIN, June 13—With German troops almost surrounding the northern environs of Paris, the Nazi juggernaut struck heavily far to the east of the French capital today and the high command reported the capture of Chalons Sur Marne in a move apparently threatening directly the French Maginot line from the rear.

The strong German gesture in the direction of the Maginot defenses followed reported heavy cannonading at the extremity of the Maginot line near the Swiss border.

Chalons Sur Marne is about 125 miles east of Paris and almost directly south of the western end of the Maginot fortifications.

The high command reported that the Marne river—the farthest point of penetration by Kaiser Wilhelm's armies—had been crossed in several places from Chalons toward Paris, carrying the Germans farther south than they ever reached in the World War.

The French line, already thinned out by the constant extension to keep contact with the Maginot on one end and the Atlantic coast on the other, presented what German sources said was the fullest opportunity for the Nazi troops to hit at various points.

German advances were reported eastward between the Meuse river and the Argonne forest—a sector guarded by Verdun, of bloody World War memory. Verdun is the flank guard of the western end of the Maginot line.

The picture of Paris facing the fate of Warsaw and Rotterdam was drawn again by authorized sources as German troops forced their way almost to the outskirts of the city.

Some German sources said the fate of Paris most likely would be decided "within the next hours."

The high command said more than 100,000 prisoners had been taken since the Germans began their offensive against Paris on June 5. Allied losses in war material were said to be enormous.

The spokesman only indirectly indicated the nearness of German troops to Paris.

He described the situation by a comparison that the German troops are as far from the heart of Paris as Zehlendorf is from the center of Berlin. (Zehlendorf is a Berlin suburb about eight miles from the center of the German capital.)

Le Havre, on the extreme right wing, "no longer constitutes a problem," the spokesman also announced.

That city has nearly been reached, according to the latest reports from the front.

ESTABLISHMENT OF AN ARMY AIR SCHOOL AT MIDLAND STUDIED

WASHINGTON, June 13 (AP)—Representative Thomason (D-Tex.) said today war department officials had promised careful consideration of the possibility of establishing an army air training school at Midland, Tex.

An offer by local interests in Midland and Odessa to furnish housing facilities for personnel was received favorably by the officials, Thomason added.

PLANS JEWISH ARMY — Vladimir Jabotinsky (above), president of the World Jewish Zionist organization, said at New York that negotiations were under way to obtain official recognition of a Jewish army to be recruited in the United States and abroad to fight with the allies. He organized Jewish troops in the World War.

House Acts To Create New Defenses

WASHINGTON, June 13 (AP)—Legislation to reinforce by law this government's vehement opposition to any transfer of sovereignty over territory in the western hemisphere from one European power to another today won quickly a right-of-way to house consideration, while plans for an early adjournment of congress were virtually abandoned.

The rules committee cleared the territorial recognition for house consideration after Rep. Fish (R-N.Y.) asserted that he favored going to war, if necessary, "to uphold the Monroe doctrine."

While not specifying any nation in its text, the declaration if approved by both house and senate, would put congress on record as opposing, for instance, transfer of any of the extensive French or British possessions in this hemisphere to Germany should the reich be able to demand them.

In the senate, formation of a bloc to oppose any direct governmental aid to the allies, such as transfer of old naval destroyers to Great Britain, was reported underway.

One legislator who attended a conference of several senators and at least one representative in the office of Senator Clarn (D-Mo.) yesterday said the aim of some present was to form a loose organization to prevent assistance to the allies from becoming a public governmental matter rather than a private one.

Early adjournment prospects appeared to be giving way under the pressure of demands in various quarters that the lawmakers should stay here ready to function for the period of the international crisis.

The senate got the last of the record-making \$5,011,819,622 preparedness bills today as Capitol Hill heard reports of "excellent progress" toward further aid to the allies in planes, munitions and possibly destroyers.

The total of planes made available for the allies rose to 263 with the release of 80 Northrop, single motor attack craft. They are a type discarded by the army last year in favor of longer-range light bombers.

English Rush Aid To Force At The Front

Capture Of 6,000 Troops Admitted In London

LONDON, June 13 (AP)—Trapped by masses of German troops, about 6,000 British and French soldiers were captured at St. Valery-En-Caux on France's English channel coast, it was disclosed today, as Britain rushed thousands of troops, guns and tanks across the channel to support the French defenders of Paris.

"Fresh reinforcements are in line and fighting under French orders," military informants said.

The capture of allied troops at St. Valery occurred as they were running short of ammunition and reduced to pinched food rations.

High cliffs and heavy fog prevented the escape by sea of more than "a comparatively small number" of the surrounded allies, but two British brigades escaped with French units and fell back to aid in the defense of Le Havre, France's vital port of communication with England.

(The German high command reported yesterday that 20,000 prisoners had been captured at St. Valery, including six generals and "incalculable amounts" of war booty.)

Meanwhile, 30,000 British schoolchildren—the vanguard of 150,000,000 to be moved out of the capital in the next six days—said goodbyes to bomb-conscious London and piled into trains en route to the safer west country.

All carried gas masks and heavy lunch packages.

About 330,000 children whose parents have failed to register them will still be left in London after the exodus, much to the anxiety of authorities.

Deputy Government Leader Clement Attlee told the house of commons today he would say "which Prime Minister Churchill would make his next general statement of the war. It had been expected that Churchill might make a statement today.

A secret session of the house of home defense will be held next Thursday, he also announced.

The number of reinforcements started for the French battle-ground yesterday was said to run into the thousands.

The troop movement recalled the statement of a military spokesman here this week that "it seems impossible that 30 divisions can be sent to France, but it must be done and if it is done we have won."

While Royal Air Force bombers struck at the German right wing encircling Paris yesterday and warplanes based in Egypt renewed their attack on objectives in Italian Libya, the Germans feinted at Britain with a series of flights over the southeast coast during the night and early today. No bombs were dropped and anti-aircraft defenses drove the invaders off, it was announced.

Wave after wave of British Blenheim bombers were reported to have swept over the Italian naval base to Tobruk harbor, on the Libyan coast, setting a warship afire and hitting two submarines.

EGYPT PLEDGES AID TO ALLIES

ALEXANDRIA, Egypt, June 13 (AP)—Egypt placed all her communication systems, air and naval bases and ports at the disposal of Great Britain today and pledged her ally the "greatest possible assistance" in the war against Italy.

Premier Aly Maher Pasha declared the nation would fulfill all her obligations under the Anglo-Egyptian treaty of friendship, but intended to refrain from any offensive action against Italy although diplomatic relations had been severed.

Since the alliance is purely defensive, he continued, the country does not intend to send an expeditionary force with the British if Libya or other Italian colonies were invaded, but means to protect herself from attack.

French Leader Appeals Anew To America

Declaration Of U. S. Aid By President Is Asked

TOURS, France, June 13 (AP)—An appeal by Premier Reynaud to President Roosevelt for a public declaration that the United States would give all aid to the allies save an expeditionary force and to send the help "before it is too late" was disclosed today.

The premier declared that the French would, if need be, shut themselves up in one of their provinces, or go to North Africa or even to possessions in America to carry on the fight against Germany.

The appeal was conveyed in a message to Mr. Roosevelt, dated June 10.

The text of the message was issued here and in the United States by agreement between the premier and the president, an official announcement said. Tours is one of the present seats of the French government.

The premier asked the president to tell Americans that "we are resolved to sacrifice ourselves in the struggle we are leading for all free men."

President Roosevelt was said to have replied to the appeal, saying that "surely 90 per cent of the world which wants to live in peace can and must find a way to make their will prevail."

Reynaud said he realized the gravity of any gesture by the United States in sending aid "before it is too late."

The premier recalled the Roosevelt statement of Oct. 8, 1937, in which the president said that the liberty, peace and security of 90 per cent of the world were imperiled by the other 10 per cent.

"The government already has left Paris," he myself am going to the armies. It will be to intensify the struggle with all the forces we command and not to abandon it," Reynaud messaged Mr. Roosevelt.

BRITISH FLIERS IN NEW ATTACKS

CAIRO, June 13 (AP)—Roaring south and west from Egyptian bases, the Royal Airforce smashed new blows today at Italian air-dromes in Libya and Abyssinia and at the Red sea ports of Eritrea.

Air Marshal Arthur Longmore said the continued air attacks are delivering "a crippling blow on strongholds from which Egypt might be threatened."

The British air force did extensive damage to military objectives in Ethiopia yesterday as well as raiding Asmara, Eritrea, British sources here said today. Airdromes were bombed in the latter town, also in Gura, where hangars were demolished.

Despite severe opposition from fighter planes and anti-aircraft guns, it was reported, all planes returned after shooting down one Italian fighter, possibly two, and damaging a third.

War 'Blacks Out' Celebrations In Shrine Cities Of Printing

In every part of the civilized world not torn by the horror of war and the screaming requiem of shells, there is being celebrated this year the 500th anniversary of the invention of printing by Johann Gutenberg.

At Strasbourg and at Mainz, Germany, the two cities sharing the honor of being the birthplace of the invention of printing with movable types, which makes possible your reading of what is on this page, the least of the world-wide celebration is taking place.

Strasbourg now lies in French territory near the Maginot Line, and Mainz, where the inventor was born, is now in German territory.

just behind the Siegfried Line. Blackouts as a precautionary measure against air raid attacks are the order of the night in these shrine cities of the printed word.

Cabled attempts to get new photographs of the reconstruction of the Gutenberg workshop in Mainz, according to Douglas C. McMurtrie, chairman of the 500th anniversary celebration for the International Association of Printing House Craftsmen, have been met with a reply that the workshop has been dismantled and stored in bomb-proof cellars.

The inventor was born of an aristocratic family in Mainz, the present day scene of war hysteria, about the year 1400. Strife is nothing new to the city of Mainz. Because of an uprising of tradesmen and craftsmen against the aristocrats, Gutenberg, during his early manhood, was driven into exile at Strasbourg, about a hundred miles away.

In 1440 According to authentic documentary evidence, Gutenberg was

FOUR RESIDENTS OF HAMLET GO INTO DIPLOMACY

HANCOCK, N. H. (UP) — This tiny hamlet—named in honor of the first signer of the Declaration of Independence is fast becoming a center of U. S. diplomacy.

With the appointment of Jay Pierrepont Moffat to succeed James H. R. Cromwell as minister to Canada, the town now boasts four residents who served in the diplomatic corps.

Townfolk give full credit to "the Grew girls." Daughters of Joseph C. Grew, U. S. ambassador to Japan, they brought their husbands back to the New Hampshire hills they roamed as children. Their father's brown shingled home Flagstones, now forms the nucleus of the family diplomatic group.

His eldest daughter Lilla Cabot married Moffat. Their white colonial home is a quarter-mile "cross lots" from the Grew homestead.

As second daughter Anita Clark became wife of Robert English, first secretary of the legation at Ottawa. Their rambling farmhouse is a mile distant.

A third daughter Elizabeth Sturges is the wife of Cecil Burton Lyon, a consular clerk at Santiago, Chile, and their home Birch Ridge, is on a rolling knoll a few hundred yards from the ambassador's residence.

engaged in experiments with movable types at Strasbourg as early as 1436. It was not until about the year 1460, however, that Gutenberg produced movable types that could practically be used.

The inventor returned to his native city of Mainz shortly after his printing process was perfected. His earliest work, contrary to popular belief, was not the "Gutenberg Bible," but it included seven successive editions of a little Latin grammar used by every school boy during the middle ages.

When Gutenberg, after returning to Mainz, started work on the first celebrated Gutenberg Bible, which appeared about 1455, he was forced to borrow large sums of money from Johann Fust, a Mainz capitalist, to finance the production of the book. The inventor was unable to repay the loans and Fust foreclosed, forcing Gutenberg out of the business.

Following the suit, Gutenberg set up another smaller shop, where his work is believed to have included the printing of another Bible which was completed about 1460. As a business man, however, Gutenberg was never an outstanding success.

In his declining years, the inventor of printing was granted a pension by the archbishop of Mainz which enabled him to live in modest comfort. At Gutenberg's death early in 1468, his press and equipment were claimed by a friend who had bought them for him.

The 500 years from 1440 to 1940 have brought many revolutionary inventions: photography, the turbine, the electric light, the radio, the automobile and the airplane—but perhaps none of them have been responsible for such tremendous cultural and social changes as has Gutenberg's invention of printing.

Wilkins Sees Forecasts Made Year In Advance

In Detroit for a visit, Sir Hubert said his entire Arctic research had been designed to perfect long range weather predictions. He said a submarine kept in cold regions, where he believes all weather originates, could be used as a weather observatory to supplement findings of other stations and produce accurate future forecasts.

Small Texas Community Goes Into Decline After Loss Of Railroad

FERRIN, June 12.—The people of this once thriving West Texas community are in mourning.

The occasion of their mourning is not the demise of some leading citizen or other beloved person, but the loss some months ago of their railroad. Now that it is gone many in Ferrin are frank to admit its loss can be largely attributed to their own lack of appreciation of its value to the town.

Along with the railroad went school district, municipal and other taxes and a payroll highly important to a town of this size, even though it might not have been considered much of a factor to a larger city. Throughout Perrin's time this payroll had meant much to local business firms, professional men and others.

"Ghost Town"

All of these losses combine to transform Perrin from a bustling, bustling plains country business center, which it was while the Gulf, Texas & Western railroad was operating, into a slowly dwindling community, now threatened with being added to the growing list of Texas "ghost cities," a fate against which local citizens are striving valiantly. What has happened to Perrin was not contemplated when the Texas Railroad commission authorized discontinuance of service by the G. T. & W. railroad. However, when officials of the line presented indisputable proof that the business actually taken in by the railroad failed by a wide margin

who had spent their paychecks twice monthly with Ferrin business houses, soon went into competition with other citizens for odd jobs in and around town.

The taxes paid by the railroad were not large, but of the amount \$382 went toward the schools. This was an important item in meeting the expense of education in Independent District No. 2 comprising Jack, Palo Pinto and Parker counties.

"The loss to Perrin of its railroad means more than the loss of taxes," asserted John Sharp, local superintendent of schools. "When the railroad stopped, business stopped. Our experience should be a lesson to more fortunate communities that still have time to save their railroads."

Stanton Couple Wed Wednesday Morning

Ceremony Is Read At 9 o'clock At Parsonage

STANTON, June 13 (Sp) — Of widespread interest was the wedding Wednesday morning at 9 o'clock, of Miss Gracie Fern Teague, of Lubbock and Stanton, and A. L. Houston, son of a prominent pioneer family of Stanton. The ceremony took place in the Baptist parsonage, with the Rev. Fred McPherson reading the nuptial vows. Only guests were the bridegroom's sister, Mrs. Morgan Hall, and daughter, Miss Jo Jon Hall, and Mrs. Paul Jones.

For her wedding the bride chose a costume of powder blue alpaca, trimmed in white, with which she wore white accessories. She was unattended.

Following the ceremony, the couple left for a two week honeymoon trip, their destination being Honolulu. On their return they will make their home here.

Mrs. Houston has made her home in Lubbock for the past several years. She received a B.A. degree from Texas Tech. and for the past two years has taught the third grade in the Stanton elementary school. She will continue teaching this year.

The bridegroom is the son of Mr. and Mrs. W. Y. Houston and grandson of the late A. L. Houston, one of Stanton's earliest families. Following his graduation from the local high school, he attended John Tarleton in Stephenville. He is affiliated with the Great Southern Life Insurance company, and is also employed at Eiland Motor Co.

PLANT ENLARGED—Photograph above shows the enlarged building of the Folger Coffee Company plant at Houston, which is almost twice its original size. Despite the fact that this Texas home of Folger's was established less than two years ago, consistently increasing business throughout the state made this enlargement necessary. As it now stands, Folger's plant occupies a full 300 feet of frontage with a large loading dock and parking lot just south of the building. Curiously enough, the plant began its increased production the very month that the Folger Company celebrated its 90th Anniversary.

Hardeman Was A Foe Of Tax Remission

Decision of the state supreme court Wednesday holding unconstitutional the general tax remission bill enacted at the last session of the legislature represents a confirmation of the stand taken by Rep. Dorsey B. Hardeman of San Angelo, state legislator from this district.

Hardeman is recalled here as one of the strong opponents of the remission bill. He fought the passage of the measure on the grounds of its unconstitutionality and the further reason that the state deficit, then amounting to \$18,000,000, would be increased.

"Tax remission does not guarantee reduction of county tax rates," Hardeman declared in the face of pressure exerted by special groups. "It means that the counties will have more money to spend, and it means the state will have to replace the depleted revenues by new taxes. Therefore, the taxpayer is the fellow who will be soaked." He showed the state already was without adequate revenues.

TEXAN DONATES ALLIES PLANE

AUSTIN, June 13. (AP)—An airplane capable of carrying six passengers and a pilot, in addition to light bombs, was donated to the French government today by Harry Hammill, former British war pilot and now manager of the Austin Municipal airport.
"The idea behind this move," Hammill explained, "is that other airplane owners throughout the country will do the same. There are at least 25 planes I know of in Texas alone that are just sitting in hangars and not being used."

MOCHA CHIFFON PIE
1 tablespoon granulated gelatin
1 1/4 cup cold water
3 egg yolks
1 cup strong coffee
1 1/4 teaspoon salt
1 cup granulated sugar
1 teaspoon vanilla
1 cup thick cream, whipped
2 egg whites, beaten
1 baked pie crust
Soak the gelatin five minutes in the water. Beat the yolks in a double boiler, add the coffee, salt and 1/2 the sugar. Cook until slightly thick, mix in the gelatin and stir until it has dissolved. Cool and let thicken a little. Add the remaining sugar to the beaten egg whites and beat until very creamy. Fold into the gelatin mixture, add the vanilla and whipped cream and pour into the baked crust. Chill.

German Asked From Mexico

MEXICO CITY, June 12. (AP)—Government circles expected the Mexican foreign ministry to announce officially today that Arthur Dietrich, brother of Adolf Hitler's press chief, head of the German press bureau and director of Nazi propaganda in Mexico, had been asked to leave the country.
They said the request was sent to the German legation by the foreign ministry yesterday and that despite reported pressure of the legation to prevent Dietrich's expulsion, reversal of the order was unlikely because of United States interest in the case.
These sources said the action was taken after a painstaking investigation into Dietrich's activities, of which the United States government was kept informed, allegedly had revealed that:
1. Dietrich's office served as a relay point for instructions from Berlin to German ships at sea and to German agents in other American nations.
2. Dietrich organized and directed, from his office here, a number of agents in the United States.
3. Dietrich's offices were headquarters of a propaganda system which spread from Mexico to most of the American republics.
4. The Nazi press chief, through his propaganda and "other activities," sought to influence Mexican internal political developments.
Dietrich, about 40, married and a resident of Mexico off and on for almost 16 years, declined to confirm or deny the expulsion order.
In addition to an elaborate weekly magazine, his office recently began issuing a daily newspaper filled with pro-German items, while daily releases of war news and articles on German affairs poured into Mexican newspapers and government offices in a steady stream.

Demands Forces Of Warring Nations Leave China

SHANGHAI, June 13. (AP)—The Japanese-controlled "Central Chinese Government" at Nanking published a declaration tonight demanding that all troops, warships and other armed forces of European belligerents stationed in China be withdrawn.
The Nanking regime, headed by Wang Chingwei and acting under Japanese advice, said it was interested only in avoiding any "untoward incidents" in China.
British and French garrisons are stationed in close proximity to small Italian marine units in Peking, Shanghai and Tientsin.
The United States has marine garrisons in the same three cities. There are no German forces in China.

NEWS SERVICE TO ODESSA, MIDLAND

ODESSA, June 13. (AP)—Full leased wire service of the Associated Press began today to the Odessa Daily Bulletin after two years of abbreviated telegraphic service.
Publisher of the three-year-old daily is Jack Nolan. Tony Slaughter is editor. Circulation of the newspaper is 4,300 in the Permian Basin.
Similar Associated Press service will be started Saturday to the Midland Reporter Telegram, of which T. Paul Barron is the publisher.

TOWN RAIDED

NAIROBI, Kenya Colony, Africa, June 13. (AP)—The British town of Moyale, in northern Kenya Colony just below the Italian Ethiopian border, was raided twice by enemy aircraft yesterday, a communique reported today.
One African was wounded but no damage was reported.

THE SPIRIT OF 50 STEPS HIGH—William M. Jeffers (left), president of the Union Pacific railroad, stepped high and handsome to celebrate his 50th birthday, but not to be outdone was M. W. Clement (right), president of the Pennsylvania railroad. They teamed with comely drum major Yvonne Stone (center) to lead the parade staged by union leaders and business men at Omaha, Neb., to help Jeffers celebrate the half-century mark.

Scouts Enjoy Selves In 40-Degree Weather Of New Mexico Mountains

(By Staff Correspondent)
CAMP WEHINAHPAY, WEED, N. M. Stress is being laid this year on troop camping, thus affording West Texas Boy Scouts more time to explore this scenic country under the leadership of their scoutmaster.
One of the first things scouts were told on arriving here was to lay off long hikes for a few days. After checking every scout, the camp doctor reiterated this warning. The rare air at 8,500 feet is too thin for the unaccustomed.
But just in case some boy did get away from camp contrary to orders and get lost, they have been told what to do. They are to build a big fire and stack it with pine boughs, creating much smoke, then wait for a forest ranger to come or send someone to the spot.
All along the long trip here, boys kept complaining about the hot sun and the barren country. They forgot about it when they awoke with the pines shrouded in clouds and the temperature hovering around 40 degrees. It was only at noon when the sun came out that they blossomed into shirt sleeves.

Guards Assigned

BUENOS AIRES, June 13. (AP)—Special guards of maritime police today were assigned to all ships of belligerent nations in Buenos Aires harbor as a result of the explosion of two time bombs last night aboard the British Royal Mail freighter Gascon, which killed an Argentine stevedore and injured five others.
The bombs apparently had been placed to sink the ship at sea. The ship probably will have to go into drydock.

Shows Appreciation

BUENOS AIRES, June 13. (AP)—A group of Argentine cattle-breeders, wishing to show their sympathy for Great Britain, their best customer, rounded up 2,680 steers today for presentation to the British government in the form of canned beef.

'My Favorite Recipe' Date Nut, Banana Nut Breads Recommended

(Herewith are the first of a series of recipes, as followed and recommended by women of Big Spring. Others will appear each Thursday on the food pages of The Herald. You are cordially invited to submit your favorite recipe for publication, by calling Mary Whaley at The Herald office.—Editor's Note.)
Mrs. C. W. Norman, 1604 Johnson, suggests two recipes that her friends and family have found good to eat and they are Date Nut Bread and Banana Nut Bread.
"We use them quite often and we like both breads. I have also given the recipe to my friends and they seem to have had success with them," Mrs. Norman reports.

Date Nut Bread
1 1/4 cup of dates
1 1/4 cup of boiling water.
2 tablespoons of shortening
1 1/4 cup of sugar
1 teaspoon of salt
1 egg
2 3/4 cups of pastry flour
1 teaspoon of soda
1 teaspoon of cream of tartar
1 cup of chopped nutmeats (pecans)
1 teaspoon of vanilla.
Wash and remove stones from dates or use pitted dates. Cut in quarters and pour water over them. Add shortening and sugar and salt and set aside.
When cooled, add egg, flour sifted with soda and cream of tartar. Then add nutmeats and vanilla. Beat well and turn into greased and floured loaf pan and bake in moderate oven at 350 degrees for 1-1 1/2 hours.

RECOMMENDS NEW DEMOCRATIC CODE

AUSTIN, June 13. (AP)—A new code of "democratic knighthood" for gifted pupils in American elementary schools was proposed by Dr. H. O. Roderquist, Wayne university (Detroit) professor, at a summer educational conference which opened at the University of Texas today.
Speaking on "elementary education designed for democratic living," Dr. Roderquist suggested that schools try to instill in their talented youth a spirit of social service, rather than just training each student to be more clever than his fellows.

'Complete Answer' Request For Help In FDR's Speech

WASHINGTON, June 13. (AP)—The White House said today that President Roosevelt's address of last Monday, promising the allies the material resources of the United States, served as a "complete answer" to the request of Premier Paul Reynaud of France for all assistance except an expeditionary force.
Stephen Early, presidential secretary, said Reynaud's appeal had been delivered to the state department after Mr. Roosevelt returned from Charlottesville, Va., where he made the address. "Thus it was only a 'coincidence,'" Early said, that the address was so complete to the point.

DOZEN APPLICATIONS

WASHINGTON, June 13. (AP)—The civil service commission announced today receipt of 12 applications for the postmastership at Monahans, Tex.
They were Loddie H. Nutt, Earl T. Chandler, William Henry Dryden, Ralph G. Gillette, Elmer H. Savage, Willis R. Sheldon, William C. Robinson, Johnny E. Smith, Harold S. Doty, Melvin S. Davis, Ray J. Keenan and Meady J. Armstrong.

Moore School Classified As Nine Grades

MOORE, June 13.—School board members here wish to announce through this column that the classification for the local school is nine grades with four teachers. An article appearing in an earlier edition of the paper stated that only seven grades would be taught, but the county superintendent has announced that this was an error and that the school would operate as it did last term.

A croquet ground has been added to the school campus. A splendid attendance was registered on the playground every day last week.

Jack B. Daniels, local recreation director, announces that all children between the ages of six and fourteen who attend and participate in playground activities as many as three days per week will be entitled to a free swim ticket to be used at the city swimming pool.

The public is reminded that on Wednesday night, June 19, the political rally will be held here.

Joe Hull of Bellinger visited his parents, Mr. and Mrs. E. D. Hull Thursday.

Lawrence Adkins who has been attending West Texas State Teachers' college at Canyon arrived here Sunday to visit his mother, Mrs. D. W. Adkins.

Ray Phillips of Phoenix, Ariz.,

WHAT! THEY'VE MADE MAXWELL HOUSE EVEN BETTER?

YES! IT'S BEEN IMPROVED LATELY IN TWO IMPORTANT WAYS!

2 DEFINITE REASONS why Maxwell House is now even richer, more delicious!

1. *New Enriched Blend.* Yes! The famous Maxwell House blend has actually been improved... made richer, smoother, even more delicious and full-flavored than ever!

2. *Improved Roasting Method!* And this magnificent new blend is now roasted by a new method called Radiant Roast. A method that roasts each bean evenly... brings out more fully the extra rich flavor of these choice coffees. No weak coffee from under-roasting. No bitter coffee from parching. Always full-flavored, always delicious!

Sherbets For The Hot Days

CREAM SHERBET
(Made in Mechanical Refrigerator)

1 package KoolAid, any flavor
1 cup sugar
2 cups milk
1 cup heavy cream

1—Dissolve KoolAid and sugar in milk; turn into freezing tray and freeze 3/4 to 1 hour (until slushy).
2—Whip cream (well chilled) until stiff.
3—Add partly frozen Kool-Aid mixture to whipped cream and whip just enough to mix well, but keep cold as possible.
4—Return quickly to freezing tray and freeze at coldest point. Requires no more stirring. When frozen, set control back to normal. Makes over one quart. If desired lighter, beat two egg whites fluffy with two tablespoons sugar and fold into above mixture before final freezing.

(Made in Hand Freezer)

Use same materials as above, but use 3 cups milk instead of 2 cups. Place all together in 2-quart freezer (no whipping needed) and freeze in regular way.

EVAPORATED MILK SHERBET
(Made in Mechanical Refrigerator)

1 package KoolAid, any flavor
1 can Evaporated Milk (full)
1 cup sugar
1-2 cup water

1—Place can of evaporated milk in freezing unit and chill one hour.
2—Dissolve sugar and Kool-Aid thoroughly in water.
3—Place chilled evaporated milk in cold mixing bowl and whip with egg beater until about three times in volume.
4—Then add the Kool-Aid mixture and fold in well; place quickly in freezing tray and freeze at coldest temperature. Do not disturb after it starts to freeze, or it will be less fluffy.

Standard And Carnett Ten Play Tonight

The Standard Oilers, strong favorites to cop the second half bunting in Major City softball league play, swing into action again this evening at the city park, clashing with Carnett's Sportsmen in the 8 o'clock game.

At 9:30 Montgomery Ward and Coahoma's Bulldogs tangle.

The Oilers will play a makeup game Friday evening, opposing the Ward bunch. Also scheduled to play Friday are the Sportsmen and Vaughn's Piemen.

In play Wednesday evening, Carnett's and Phillips chalked up one-sided victories.

The Sportsmen rolled over Coahoma, 19-4, while Phillips was disposing of Vaughn's, 27-7.

Teddy Phillips chased across 17 runs in the seventh inning of the aftermath to clinch the outcome after the two teams had played on fairly even terms through the first six rounds.

Of the 20 hits the Tremen collected, Jones had four of them, including a home run and a double.

First game:

Standard	626	41	19	7	2
Coahoma	201	20	4	6	11

Carroll and Montgomery, Baker and Hull.

Second game:

Phillips	212	100	174	27	20
Vaughn	102	100	8	7	11

E. Cunningham and Meyer Vaughn and Wheeler.

DODGERS DROP PIRATES TO RETAIN NAT'L LOOP LEAD

Bosox Wallop Cleveland In Other Circuit

By JUDSON BAILEY
 Associated Press Sports Writer

The Brooklyn Dodgers, who already had everything else, now have Joe Medwick. And if they don't have the National League pennant come October it will be because there's no water in the Gowanus canal or money in the Brooklyn Trust company.

The Flatbushers are in first place and it's no fluke. They have won nine of their last eleven games and never have been worse than second.

No great imagination is needed to figure where a club that strong will go with the addition of the league's outstanding outfielder, who never has hit less than 300 and a pitcher who won 22 games just last season.

Curt Davis, whom the Dodgers obtained yesterday from St. Louis along with Medwick, for four players and cash, may prove of as great value as Medwick. The Dodgers were on the verge of a pitching shortage and last night at Pittsburgh designated Lefty Nye Tomulis as a front-rank starter.

He gave up four hits and hit one batter for three Pittsburgh runs without getting a strike out in the first inning. Then Willowbrook took charge and allowed only five runs and the Dodgers ultimately triumphed, 5-4.

It was enough to keep Brooklyn in front of the Cincinnati Reds, who edged out the Philadelphia Phillies 2-1.

The Boston Red Sox chased southpaw Al Milton, the league's leading pitcher with a six run eighth inning that brought victory over Houston two full games ahead of the Indians and a similar distance in front of the second place Detroit Tigers, who were beaten by the New York Yankees 10-7.

The Philadelphia Athletics took a strange test from the Chicago White Sox 3-2. The Sox were held to three hits by Thurston Lee, but two of these were home runs by Bob Johnson and Sam Chapman.

The Washington Senators edged out the St. Louis Browns 3-2 on the six hit pitching of Ken Chase.

Medwick Is Sold To Flatbushers

ST. LOUIS, June 13 (AP)—The Brooklyn Dodgers eyed the National league pennant more manifestly today with the acquisition of slugger Joe Medwick and Pitcher Curt Davis of the Cardinals.

The eleventh hour deal, which brought four Dodger players to the Red Birds, was "the biggest money transaction ever in the National league," Brooklyn president Larry MacPhail said. However, the exact sum is the club's secret.

The known top check was the \$185,000 the Chicago Cubs paid the Cardinals for Dizzy Dean in 1938.

Medwick, an outfielder, made his reputation with a bat. He has averaged better than .300 every year since he joined the Cards in 1932.

Davis hasn't won a game this year in seven starts and has four losses. He came to the Cardinals in the Dean deal and won 12 games and lost eight his first season here.

Two of the new Cardinals —Pitcher Carl Doyle of Knoxville, Tenn., and Outfielder Ernie Koy of Sealy, Tex.—will report tomorrow at Philadelphia.

Neither has been at the forefront among the Dodgers this season.

JOE MEDWICK

Also transferred to Red Bird registry are Pitcher Sam (Nick) Nahem, who is now with the Louisville American Association team, and Infielder Berthold Haas of Montreal in the International league. Both had been out on option.

Gene Sarazen To Lead Pros Into Action Against Ryder Cup Team

TOLEDO, June 13 (AP)—It looks as if the American Ryder cup golf team, crushed out of its match with England by the war, will see action after all. The 10-man team will play for the British next against them, if plans formulated today materialize.

Gene Sarazen counted off 10 professionals on his fingers and said: "Now there's a team that could give our Ryder cup team a trimmings, and we hereby issue a challenge, with all the receipts to go to the Red Cross."

Walter Hagen, who has captained every one of the U. S. Ryder cup teams, accepted the defy. Fred Corcoran, tournament manager for the Professional Golfers Association, promptly wired four cities for bids on the proposed match.

Sarazen named himself as playing captain of the challengers, and backed himself up with Lawson Little, new national open king, E. Oiler, Jimmy Demaret, Ben Hogan, Clayton Heafner, Craig Wood, Lloyd Mangrum, Jimmy Thomson and Tommy Armour.

Dallas Officers Nab Bootleggers

DALLAS, June 13 (AP)—J. V. (Buck) Walker, Navarro county negro who lives on Richland creek, "let's have a feelin" the raiding of officers were going to visit a still in the bottom yesterday, Sheriff C. O. Curington of Navarro county told United States Commissioner John Davis when four negroes from the county were arraigned on liquor charges.

Sheriff Curington said when he and his deputies came up to the 75-gallon still, Rafe Jackson and Ken Hatchett, both negroes, headed for the timber.

A barbed-wire fence caught Hatchett across the forehead and felled him, while deputies caught Rafe, Curington said.

Both pleaded guilty and were released on bonds of \$250 each.

Get In The Swim

By Johnny Weissmuller
 Former World's Champion

Although there is considerable debate among foremost swimming coaches as to the first stroke which should be taught the beginner, I am an advocate of the simple dog-paddle, in shallow water. Perhaps that is because I myself, first learned to swim with that stroke.

Practice this dog paddle in water about three or four feet deep. Just become used to the buoyancy of the body at first. This instills confidence, and if you have learned the secret of breathing, you won't choke if your nose should go under water.

Obtain momentum just by paddling with the hands as if propelling a surfboard. It's the same thing, except the body is the board. Bicycle with the feet. After you have learned this simple propulsion and overcome any fear of sinking, develop the breast stroke. With any sport, of course it is desirable to have an expert teach the finer points, and no novice swimmer can hope to become a champion just by reading about the various forms of strokes. Once you have learned to stay afloat and propel yourself, get someone who is a good swimmer to teach you the sidestroke, the crawl, or whatever you want to learn next.

PAMPA OILERS INVADE PARK TONIGHT

By HANK HART
 Willard Ramsdell, who promised Manager Tony Rego he would win 20 baseball games this season, realized half his objective Wednesday evening at the West Fifth and San Antonio street orchard, hurling eight hit ball at the Borger Gassers to win, 7-5, behind the effective clubbing of his Big Spring mates.

The cunning little right hander put up a courageous stand. All seemed lost when the first three men to face him gained free passes and later scored. Skipper Rego started warming up two pitchers in the bullpen but the kid never once beckoned for help. He leveled down, retired the side and worked through seven innings of scoreless ball.

His mound opponent, Jerry Soule, looked plenty potent through three rounds but the Barons' heavy artillery started clicking in the fourth and finally put Ramsdell back into the ball game with a five run outburst in the sixth. Soule survived but his bid for retaliation was futile.

Ramsdell momentarily lost control again in the ninth, passing the first two batters to free him and eventually giving up two runs but he tightened to finish in great style, forcing big Gordon Nell to roll out weakly to shortstop with the tying run on first base.

The terrific clouting of Bill Garbe was his inspiration. The reformed first sacker, now in center field, belted out a home run triple and double and drove home three runs. His first blow a double, shaved home Stan Bolton for the Barons' initial tally in the fourth round.

Start Rally

Louis Heugel started the sixth inning offensive with a fine single into right center field. Woody Lundberg then dropped a single into left field, moving Heugel to second and Rego made preparations to tie the score. He had Wymann Huncutt bunt to move both runners. The sacrifice rolled directly to Soule who wheeled and threw to Claude Gilchrist at second on an attempt to nip Lundberg. The throw was badly handled, bounding into short center field and Heugel raced home. The play worked as well Rego had Bolton try it again. This time Soule took the lay-down and threw to Nell at first base. The brave wasn't in that vicinity, however, going into right field and two runners scored. Garbe then appeared with a terrific triple to build the Big Spring lead, counted a moment later on Carl Cox's long fly.

Soule settled to retire the side in order in the seventh but pitched a home run ball to Garbe in the eighth.

Three double plays helped Ramsdell tremendously. Cox started two of the twin killings, Heugel the other.

The win elevated the Barons into sole possession of fifth place in WT-NM League standing, only a game removed from the first division.

Tonight the Big Springers square off with Grover Seltz' Pampa Oilers, a nine only a whoop and a holler from first place.

The bout is the first of a three-game series. The teams clash again Friday evening, then close out with a Ladies Night game Saturday.

The Sports Parade

The local Lions club, in charge of the ticket sales for next Monday night's baseball game between Tony Rego's Barons and the Lamesa Lobos, invaded Lamesa Wednesday on a sales campaign and disposed of 400 tickets.

Members of the club will dedicate the remainder of the week toward selling Big Spring on the idea of going to the Monday bout, hope to have a better crowd on hand than attended Kiwanis night last Monday when the stands were all but full.

The fans who buy the ducats, and they're but 40 cents each—the usual price—will be privileged to see the rejuvenated Barons in action—and we say they're rejuvenated for the simple reason that they looked better against Borger last night than at any time this season—and helping a worthy benefit along at the same time. All monies above expenses will be given to some charity.

The improved clouting of Bill Garbe, recently moved off second and into center field by Manager Rego, is bringing smiles back to the skipper's face. Bill is digging in with effort now, isn't far off the .300 mark.

A year ago last night, Jodie Marek chalked up his ninth pitching triumph for the Big Spring club, beating Lubbock, 5-4.

Last night Willard Ramsdell, kept out ahead of that mark, winning his tenth game at the expense of Borger, 7-5, kept alive his chances of setting a new WT-NM league record. Jodie won 23 games in 1939. Willard has his sights set on 20 wins but would settle for 24.

Buddy Bishop of Muskogee, Tulsa and other points in Oklahoma, former welterweight boxing champion of the Sooner state, is gauging the interest here in amateur boxing, may even enter into the promoting end of the game if he can get the necessary cooperation and a suitable place to stage the matches.

Jameson Faces Rough Test In Marion Miley

ST. LOUIS, June 13 (AP)—A "playoff" contest between two of the nation's leading women golfers highlighted the quarterfinal round of the fourteenth annual Trans-Mississippi tournament today.

It brought together Betty Jameson of San Antonio, Tex., national women's champion, and Marion Miley, Lexington, Ky., state champion and 1935-36 Trans-Miss winner.

The victor more than likely will meet Patty Berg of Minneapolis, defending champion, in the 36-hole finals Saturday.

In four previous major tournament matches the southern stars are all square, each having registered two victories.

Other matches today featured Miss Berg against Mrs. H. David Sterrett, two-time state champion from Hutchinson, Kas.; Phyllis Otto, sensational Atlantic, La., youngster, against Kay Pearson of Houston, Tex.; and Mrs. Russell Mann of Milwaukee, Wis., against attractive Shirley Ann Johnson of Chicago.

Women's Net Meet Opens In Dallas

DALLAS, June 13 (AP)—Mrs. John Van Ryn of Austin, seeded No. 1 in singles, meets Marjory Bright of Dallas today in the opening round of the state women's tennis tournament.

Charlene Yeager of San Antonio, seeded No. 2, meets Mary Davis of Dallas in a preliminary elimination.

Miss Doris Ames Jones of Houston and Jane Johnson of Wichita Falls, seeded No. 1 in doubles, draw a bye in the first round.

Junior divisions will be played tomorrow.

Lavender Breaks Munny Golf Course Record

Has 67 In Warmup For Sound Effects Match Sunday

Dennis Lavender, the transplant Dallas golfer who has been living in Big Spring for the past several months, warmed up for the "sound effects" golf match, scheduled to be played here Sunday afternoon, in a big way at the Munny course Tuesday afternoon.

The iron artist, who impressed a Lubbock gallery last Sunday with a convincing 75 over the tough Lubbock country club layout, posted a 67 over the long Munny course, 8 round that betters par by three strokes and smashes Jack Morgan's old record, set up in 1939, by two.

Dennis wasn't so impressive going out, negotiating the first nine holes in 37, which fails to match par by a stroke but he blistered the fairways with a fine 30 in coming in.

Lavender teams with Harold Akey, professional of the Munny course, Sunday for a scheduled 18 hole test against the Lubbock pair, Charles Akey and Loftin Burnett.

Ticket sales for the contest, the first of its kind ever played here, are being conducted by the local unit of the Red Cross and proceeds will be turned over to that worthy organization.

War Whoop Of The Indians Gets Louder

By The Associated Press

The big news of the Texas league is being written by the Oklahoma City Indians.

Last night the Redskins won their sixth in a row—five of them under their new manager, Rogers Hornsby, late of the big leagues—and slid past Dallas into sixth place, just a half game out of the first division.

They swept a doubleheader from the Fort Worth Cats, 4-3 and 5-1. Shreveport's Sports were halted in their sensational spurt by a double loss to San Antonio. First place Houston dented Beaumont 7-2. Bob Muneriel of San Antonio became the league's leading hurler with a four-hitter that beat Shreveport 3-0. It was his thirteenth victory. Maurice Newlin held Shreveport to four blows in the 4-2 night-cap.

Youthful Paul Erickson of Tulsa pitched his second shutout in three starts, turning back Dallas 4-0.

ADJOURNMENT OF CONGRESS MAY BE ON TIME

WASHINGTON, June 13 (AP)—Despite fresh suggestions for further study of tax and farm problems, administration leaders claimed enough strength today to adjourn congress June 22.

Proposals to follow the billion-dollar defense tax bill with a general revision of the revenue laws were made in the senate finance committee. Secretary Morgenthau agreed this would be an opportune time for the work "if you gentlemen want to stay here," but Senator Connally (D-Tex.) said: "Too many senators want to go home."

A request that congress take a "fresh look" at the farm problem came from Secretary Wallace, who said that the administration may recommend increased funds to dispose of surplus food to the American needy and to European war refugees.

Seminole Is Celebrating This Weekend

SEMINOLE, June 13—The spirit of the old west has reached a high pitch here as the oil men, cowmen, farmers and businessmen unite in preparation for the big Third of a Century celebration and rodeo to be held here Friday and Saturday, June 14-15.

Being a real birthday party, the day will celebrate the completion of the hard surfacing of the stretch of Highway 15 between Seminole and Hobbs, N. M., the near completion of the new highway between Seminole and Denver City and the double coating of the new stretch of highway 15 between Seminole and Lamesa, now under way, which will put the finishing touch on that important stretch of road.

The first day of the celebration will be featured by a big free barbecue, at which former "old timers" will be honored guests. The fattest calf is being prepared to the tune of 15 boxes, with the usual cowboy trimmings that go with them.

Two rodeo performances will be given each day beginning at 2:30 and 8:30 p. m. The program will begin Friday morning at 10 o'clock with a colorful parade in which the spirit of the Seminole of a third of a century ago will be carried out. The first night of dancing will feature the old square dance, the waltz and two steps, so popular among the cowboys back in the early days.

Ft. Stockton Looks For Record Crowds At Water Carnival

FORT STOCKTON, June 14—Water carnival construction crews last week established a reputation to compare favorably with that of European armies in the field of bridge building and rush construction, for theirs was the difficult task of placing a stage across Comanche Spring strong enough to accommodate the 150 members of the cast of "King Neptune's Court," the \$1,000 over-water spectacle which will be a feature of the 1940 Fort Stockton Water Carnival this weekend—June 14 and 15.

Also constructed were special platforms to provide an additional 500 seats and supplement the 1,300 already available for visitors expected from all over the southwest for the annual show.

From the big free parade Friday morning until the last golf ball is sunk on the new Rooney Park grass greens Sunday afternoon there will be entertainment aplenty for anticipated crowds which are expected to shatter all previous attendance records.

Nebraska Dust Bowl Feared Chinch Bug Horde LINCOLN, Neb. (UP) — The whirling chinch bug threatens to rival the infamous grasshopper as a menace to grain crops in parts of the dust bowl. Nebraska agricultural officials have appealed to the federal government for funds to aid in combating the tiny bugs and said potential damage in parts of southern Nebraska was greater than that caused by grasshoppers.

'Miss Texas' To Be Chosen At July Health Festival

The chamber of commerce and businessmen of Mineral Wells again this year combine to act as host in the selection of "Miss Texas" who will represent the Lone Star state at Atlantic City, N. J., where the selection of "Miss America of 1940" will be made by the National Variety Jubilee association. The Texas Health Festival which holds its annual celebration July 11, 12, 13, 14, will have a dozen other entertainment features. Several contracts for nationally famous orchestras are being considered, among them George Olson, Ted Fio Rito and others.

The selection of "Miss Texas" who will be sent to Atlantic City takes on greater importance than usual because of the fact that officials of the New York Fair are entering the search for beauty and talent in conjunction with the Atlantic City event. The big parade with specially decorated floats, the Old Fiddler's contest and the square dance are just a few of the entertainment features now being arranged. Another event almost as important as the "Miss Texas" contest is the selection of "Health Queen." Mineral Wells is bending every effort to make this celebration one long to be remembered by every visitor.

'Little City' Established Within Convention Hall

PHILADELPHIA (UP) — Convention Hall will be a complete and self-contained city during the republican national convention, according to Samuel F. Pryor, chairman of the arrangements committee. "Virtually every service to be found in a large city will be placed in the hall," he said. "They will include a post office, an emergency hospital, telephone exchange, restaurants, meeting rooms, virtually complete photographic studios, newspaper offices and radio stations."

WHERE WAS GRANDMA? MOBILE, Ala., June 13 (UP) — "How old are you?" a hospital nurse asked a negro woman, whose leg was broken in a street accident. "Eighty," she replied. "Where were you going?" "I was taking my mama's clothes to her at my cousin's house." Further questioning revealed that "mama" claimed to be 107 years old.

IOOF-REBEKAH MEET CLOSES AS OFFICERS ARE INSTALLED

Presentation of prizes and installation of officers marked the closing meeting of the 39th annual session of West Texas I. O. O. F. and Rebekah association. District Two, held here Tuesday and Wednesday at the city auditorium.

Mrs. Voted E. Howard of El Paso, president of the Rebekah Assembly of Texas, conducted the installation, assisted by M. M. Madison of Sweetwater. Mrs. Virgie Carville of Odessa, newly installed president, was presented with the gavel of the association and spoke briefly regarding her services to the group.

Winner in the competitive drawing held Tuesday night was the Odessa team that completed the Stanton lodge. The prize for attendance was a cup that was presented to the Stanton lodge for the largest percentage of their membership present. Individual recognition was given to Mrs. Ruth Wilson, vice grand, and she will receive a medal. Other individual honors were presented to W. A. Bryant, past grand, and Fred Nest of Monahans, vice grand.

D. C. Lykins, outgoing president of the association, was given a rising vote of thanks from the assembly for the work done during the past year. The next meeting is to be held in Monahans in 1941.

results of a survey on this subject
made during the past year.

Sub For Scarlet Fever Vaccine On Market

NEW YORK, June 13—A pill
which immunizes against scarlet
fever was announced to the Amer-
ican Medical Association today.

These pills are a substitute for
vaccination and are taken with a
drink of water.

They were developed by Dr.
George F. Dick and Gladys Henry
Dick, who devised the scarlet fever
vaccine.

The pills have been tried on 102
persons, the Dicks reported. They
are taken daily for two or three
weeks. Of these test cases, 94 per
cent were immunized and the rest
had transient scarlet rashes.

The pills are not now recommend-
ed as a general substitute for vac-
cination, the Dicks stated. They
should be used on persons for
whom scratches are risky, who are
allergic to hives, who have had
heart, or when speed is urgent
during an epidemic.

CRAZY CLAIMS—Insurance Co. Is Not Amused By Mishaps

HARTFORD, Conn. (UPI)—Have you heard the one about the tennis player who bit his own throat?
 Or the husband who sprained his wife's jaw when he kissed her?
 Or the man who gave himself a "hot foot"?
 A life insurance company says the incidents are so true it paid claims for these unusual accidents.
 In the case of the tennis player he slipped while trying to reach for a hard-hit ball. His jaw clicked together so hard his bridge work was smashed.
 "Then," says the accident report, "convulsively he swallowed the broken plate, 'bitting' himself on the way down."
 Ament the domestic tragedy, the file discloses:
 "A devoted husband leaned over to kiss his wife goodbye, when suddenly he lost his balance and fell forward with such force he badly sprained his wife's jaw."
 And, about the "hot foot":
 "The victim cleaned spots with an inflammable compound and then put them on before they were thoroughly dry. Hurrying down the street, the friction of one spot rubbing against the other soon ignited the cleaning fluid and before the man knew what was happening his feet were in flames. Before he could get the spots off, he was burned on the feet and legs. Luckily he kept the fire from spreading to his trousers."
 Damages have been paid on other unusual claims.
 An automobile driver, trying to avoid a collision, steered his car into a ditch and bumped a cow. The cow became angered, wheeled about and charged into the car showering glass in all directions.
 A sleeper became entangled in the bed clothes and in trying to unravel himself, dislocated a shoulder.
 Another dreamed he was being chased by a dog. He gave a vicious kick and fractured a toe against the bedroom wall.
 A third sleeper dived over the foot of the bed while having a nightmare. He dislocated a wrist.
 A young man dancing with an attractive girl with an annoying feather in her hat got poked in the eye so often he developed severe infection.
 St. Pierre and Miquelon, two rocky islands close to Newfoundland, belong to France and are ruled by an administrator assisted by a council.

Uncle Sam Asks The Okies To Stay At Home

AP Feature Service — Four hundred thousand personal letters, backed up with farm-relief expenditures of \$134,900,000 are warning hard-luck agriculturists in the

but paint a distressing picture of what happens to a roving farm family in California. Signed by the region FSA directors, they say:
 "I want to urge you not to consider moving from your home state to the West, unless you have in advance a positive, written assurance of permanent employment at wages which will support you and your family."
 To charges that it had coddled penniless migrants and thus encouraged them to stay on in California until they are eligible for state relief, the FSA replies that its total expenditures in that line have been \$6,000,000.
 Against this, it reports, is \$134,900,000 spent in Oklahoma, Texas, Arkansas, Kansas and Missouri to help farmers make a go of it at home. This administration estimates that this has helped "anchor" 400,000 families, and that 119,500 other families are eligible for such help when funds become available.
