Eastland Echoes

By Casey

THOUGHT FOR TODAY: "An expert is one who has previously made the same mistake." — (Excelsior).

It was our privilege about a year ago to view a colored movie of the Crippled Children's Camp sponsored by the Lions, down at Kerrville, and the man who presented the picture — himself a cripple — gave a graphic story of the wonderful service being provided by this camp. And we had previously learned, from James H. Harbin of Waxahachie, a long-time friend of ours who served for years as a director of this project, of the fine work the camp is doing. In fact, he is so impressed by it that it has become something of a hobby with him. So we were deeply gratified by the splendid response of the citizenry when the Eastland Lions lately sold "Bags of Bulbs" for this extremely worthy camp.

"It's not the work I enjoy," said the cab driver, "it's the people I run into." — (Coast Guard Mag.).

Eastland is a church-going town. And that is its credit. We've never seen a community where this was true, but that it was a good place in which to live.

"Give the United Way" — a good admonition indeed, referring, of course, to supporting the United Fund.

Be sure to heed the Drive Slow signs in the schools' vicinities.

After next week's breather, the Mavericks buckle into their conference schedule. Fandom should back 'em — all the way. A great Eastland crowd should gallop that first one, at Gorman.

CC Fire Prevention Week Plans Readied

The sponsoring fire prevention committee of the Eastland Chamber of Commerce has completed elaborate plans for the public schools' participation in observance of Fire Prevention Week, working closely with Schools Supt. Wendell Seibert.

The committee consists of Chairman E. E. Freyschlag, Carl Johnson, Earl Bender and Fire Chief Billy Johnson.

Youngsters at the schools have been working on fire prevention posters for a week or longer, also an essays on the same topic. Cash prizes will be awarded for the best, the chamber announced. The students also will be provided for filling out on home reports concerning presence or absence of fire hazards.

Teachers will appoint students as junior fire marshals and they will be supplied with red fire helmets.

Supt. Seibert stated that the schools hold fire drills monthly and that one will be scheduled for the coming week.

Chief Johnson said that a fire truck will make runs to the grammar schools, West and South Wards, and he had agreed to address the student bodies briefly.

Officers Will Be Chosen By Band Boosters
Election of officers will be the main business when the Eastland Band Boosters Club meets Monday night, according to President Mrs. G. E. Dendy.

The meeting date, on this occasion only, has been set back from Tuesday to Monday.

Col. Dan C. Pitt, Jr. of Plainview, area secretary of the YMCA making an official visit to the less-than-a-year-old Y in Eastland, Thursday, expressed himself as "very pleased" with the progress that has achieved.

Organized in the latter part of the 1954-55 school year, this "United Fund" sponsored agency immediately set into operation a Hi-Y Club and a Tri-Hi-Y Club in Eastland High School and, in the vacation season, conducted a supervised summer youth recreation program.

During the latter period Colonel Pitt himself was enjoying recreation in a European tour.

After Colonel Pitt had spent Thursday visiting the schools and contacting Y leaders there, he met with the executive board of the adult organization, of which Mrs. Arthur Murrell is president, and who was hostess to the group at dinner at the White Elephant.

Attending the dinner, besides the hostess-president, were: Col. Pitt, Secretary and Mrs. Steve Potts, Mrs. Horace Horton and Mr. and Mrs. Floyd W. Casbolt.

Tentative plans for the recreational program next summer were discussed and Board Member Mrs. Horace Horton was appointed to investigate suitable date and place and make recommendations at the next meeting of the directorate.

The board announced that a called meeting of the regional citizens Y committee will be held Monday night at the Murrell home. The committee consists of: Wendell Seibert, Tom Lovelace Jr., Steve Potts, R. M. Sneed, Tom Wilson, Hubert Westfall, James Wright, Mrs. Thura Taylor, Travis Wheat, Mrs. Horace Horton, Mrs. Joseph M. Perkins, M. H. Perry (Fr. Arthur E. Hartwell, C. G. Stinchcomb Jr., A. E. Taylor, H. J. Tanner, Frank Hightower and Floyd W. Casbolt).

The board has adopted a tentative budget details of which will be mapped out to fit the needs of the organization. Plans were made for as many Y officers and members of the Hi-Y and Tri-Hi-Y as possible to attend a training conference of the Yat Big Spring Sunday, Oct. 23.

Students who desire to attend the conference have been asked to contact their sponsors about reservations. The Big Spring event is to be held from 2 p.m. to 5 p.m.

Dr. Treadwell On Panel When Baptists Meet

Dr. M. A. Treadwell, Eastland physician and prominent Baptist layman, will take part in a panel discussion this month at the 15th his wife, the former Mrs. Mary (Continued on Page 2)

about fire prevention and work of the department.

Chairman Freyschlag stated that achievement banners will be awarded schools on the basis of their fire prevention accomplishments.

Chamber Manager H. J. Tanner said that "finest possible co-operation" had been extended from all sources, at the threshold of the special week.

Teachers will appoint students as junior fire marshals and they will be supplied with red fire helmets.

Supt. Seibert stated that the schools hold fire drills monthly and that one will be scheduled for the coming week.

Chief Johnson said that a fire truck will make runs to the grammar schools, West and South Wards, and he had agreed to address the student bodies briefly.

LA PRENSA MAY LIVE AGAIN—Dr. Alberto Gainza-Paz, reads a late 1950 edition of his paper in New York City, where he awaits word that he will once more be free to publish the world-famous Argentine daily, confiscation of which in 1951 brought down world-wide condemnation of recently deposed President Juan Peron. Under provisional government of President Eduardo Lonardi, the La Prensa property may be returned through the courts rather than by government decree, as first expected. Gainza-Paz endorses the procedure, saying that "where all legality is violated as it was by Peron, so it must be restored through its normal resorts or mechanisms, through the courts."

DISASTER SERVICE — When disaster strikes, the Salvation Army answers the need for help immediately. Food, clothing, shelter, and spiritual comfort are offered around the clock as long as the need continues. In Waco alone, where this picture was made, Salvation Army officers worked for fourteen days. Mobile canteens from throughout the state were rushed into service manned by a staff trained in disaster service. Wherever the disaster and whatever type it may be, the Salvation Army is ready to rush aid and comfort to the victims, and to meet the needs of those caught in disaster immediately and without red tape.

Salvation Army In United Fund Here

The Salvation Army is a world-wide organization, yet it is never too big nor too busy to help anyone in need, according to Hubert Westfall, chairman of the local service unit committee of the Salvation Army.

Acting on the belief that the best way to serve those in need is to go to the people themselves, the Salvation Army works in all neighborhoods, offering friendly help to the homeless, the destitute, the alcoholic. The Army goes into hospital wards, bringing gifts and comfort to patients. It gives friendship and care to unmarried mothers, sends boys and girls to summer camp, and distributes toys and food to the underprivileged during the holiday season.

The Salvation Army supplies assistance to keep families together; locate missing persons, help families of prisoners, and help prison parolees find jobs and regain a useful place in society.

In emergencies of fire, flood, and wreck, the Salvation Army is among the first to respond with willing workers, food, clothing, and shelter.

The welfare services of the Salvation Army are made available to the citizens of this community through the work of the service unit committee, made up of volunteer workers who are deeply interested in the welfare of their fellowman and who serve without pay. They supply aid without delay to those in need, and make decisions without having to go to state or national headquarters for clearance. Here in Eastland, the Salvation Army is a member of the United Fund.

Mavericks Tie Dublin Lions in 6-6 Scrap Here Friday Night

By NORMAN WRIGHT

In perfect football weather, before a coated crowd of 1,260 rooters, the Eastland Mavericks roundly out-played the Dublin Lions Friday night at Maverick Stadium but had to settle with a 6-6 tie.

Both teams were even in first downs, 13 apiece, but the Mavs out-gained the Lions 265 yards to 182.

On the ground the Lions had an edge in yards gained, chalking up 182 against 123 for the Mavericks, but in the air the Mavs completed 5 passes out of 11 thrown for 141 yards. Dublin didn't pass all night, but did manage to intercept one Maverick heave that didn't lead to anything.

Glue-fingered Clyde Evatt caught four passes good for 25, 32, 23 and 13 yards each, and caught another one for 6 yards over the goal line for what looked to be a touchdown but the referee said he was on his knees at the time and the pass didn't count.

Dale Slatton made one of the most sensational plays of the entire season when Harvey Lewis slung the ball at him from the Maverick 44 and Dale wound up with it on the Dublin 8. That was good for 48 yards!

With first down and goal to go, the Mavs fumbled all the way back to the 23 but it was recovered by Carl Freese. After an incomplete pass play, Lewis faded back and threw another one to Evatt which was good for 23 yards and 6 points. J. C. Jarrett missed the extra point.

The Mavs' score came in the second quarter after Dublin had made it 6-0 in the first quarter when halfback Tommy Hooks went around his left end for 13 yards and the promised land. Lion Full-back Jerry Daniels failed to convert.

Eastland was air-tight on defense in the second half, holding the Lions to a net gain of only 4 yards until the last eight plays of the game with only moments to go. At this point Dublin began spreading with their 175-pound full-back Jerry Daniels lunging the ball and they managed to rack up 50 yards and four quick first downs but all the good it did them was to make their statistics look a little better.

Even at that, the Mavericks soon solved the wide formation and the Lions had third down and 12 to go on the Maverick 40 when Benny Cates intercepted a long pass on the Mav 10 and ran it back all the way to the 50 as the game ended.

Security Man Coming Mon. To Eastland

E. Glen M. Natt, field representative of the Abilene Social Security office, will be at the Driver's License Office in the City Hall in Eastland at 10:30 a.m. Monday, Oct. 10, to assist those who desire his services.

Today, he asks and answers a question concerning the farm operator:

Question: How will a farm operator report his self-employment income for social security purposes if he has a gross income of over \$1800?

Answer: As mentioned in the article just before this one, any farmer who has a profit of at least \$400 in a year from his farm is covered by social security. When the farmer's gross income is over \$1800, he must figure his actual net earnings.

If these net earnings are less than \$900, he has one of two choices; he may report his actual net farm profit or the figure \$900. The maximum amount of a farmer's earnings that may be subject to self-employment tax for any one year is \$4200.

Naturally, the closer the farmer's earnings are to \$4200, the higher will be the monthly social security payments to him and his family at old-age or at death.

Retirement benefits will range from \$30 to \$108.50 per month to the insured person, plus half that amount to his wife at age 65, and from \$50 to \$200 per month to a surviving family.

Chorale Is Eastland Girl, Edith Cox

Miss Edith Cox of Eastland has been chosen as a member of the Mary Hardin - Baylor Chorale, a vocal group of nine college students, according to an announcement by Dr. Arthur Tyson, president.

The Chorale is trained and directed by Miss Florence Bergendahl and are well-known over Texas and the surrounding states for their radio, television and personal appearances. Membership in the Chorale is highly competitive, for in addition to meeting requirements in voice, personality and appearance, the girls must also rank high in scholarship.

Miss Cox is the daughter of Mr. and Mrs. P. A. Cox. She is a junior at Mary Hardin - Baylor, at Belton.

Sabanna Game Ass'n Signs Be Given At Meet

Official association signs will be distributed to members when the Sabanna Valley Game Association meets for a barbecue at Center Point School House, 5 miles south of Carbon Tuesday night, Oct. 11.

The affair will open at 6:30 p.m. and be followed by an address by a biologist from the State Fish and Game Commission at Austin, according to Ned L. Morris, association president.

J. W. Ashley, 87, residing at 605 Lamar, has gone to Tennessee for a visit with relatives there for the first time in about 70 years.

His cousins wrote him that they had bought a brand-new Cadillac and wanted to show him the sights. So he has gone to see.

Marine Unit Here Tells of Program

Captain Ralston P. Haun Jr., platoon leader of the Eastland Marine Corps reserve unit, announced today that the U.S. Marine Corps has adopted the six months training program recently authorized by Congress.

The provisions of the program are that young men between the ages of 17 and 18½ may enlist in the program and spend six months on active duty and then spend 7½ years in the organized reserve which meets weekly.

There is a special provision for men still in high school which authorizes them to enlist in the program, participate in the Organized Marine Reserve and then upon graduation from high school, take their six months active duty training, Captain Haun said.

This is a limited program in that only a certain percentage of men may take advantage of the program. The Abilene Marine Corps Reserve Unit, together with the Eastland platoon, has a quota of 4 men during the month of October.

"For further information call Abilene 2-5921," it was suggested.

Hand of Farmer Nearly Severed

Oscar White, prominent Rising Star farmer, whose right hand was almost severed in an accident at his home, is reported resting fairly well at an Abilene hospital. The hand will be saved, reports say.

The accident occurred while Mr. White and his wife were pulling an old car from the yard of their home.

The old car was hard to steer and when the front wheel struck a gate post it whirled the steering wheel about and drove Mr. White's right hand against the jagged glass of the broken windshield, almost cutting it off.

County Singing To Be Sun. At Mountain Top

The quarterly meeting of the Eastland County Singing Convention will be held at Mountain Top Church near Long Branch beginning at 10 o'clock Sunday morning and lasting all day with a basket lunch spread community fashion at noon.

Delegates Heavy Carter said that singing sessions are arranged from Mineral Wells, Coleman, Comstock, and Dallas and from Cassaba county and other counties around Eastland.

Participation is extended to the public.

Central Texas Turkey Meet In Eastland Attracts 200

Although threatening weather curtailed the crowd somewhat, two hundred persons attended the annual barbecue of the Central Texas Turkey Growers Association in Eastland Thursday night.

The affair had been planned for the City Park, but a "norther" drove the crowd inside, thus they met in the school building.

Don Kincaid of Cisco, association president, was in charge of the meeting. Turkey marketing was discussed by H. H. (Red) Weatherby, turkey specialist from Fort Worth. A Madrigal singers group, men and women students from Cisco Junior College, furnished the entertainment program.

The Central Texas association is composed of Eastland County alone, it is estimated that between 150,000 and 175,000 turkeys are raised regularly.

Of this number, 40,000 are grown by Alvin Kincaid of Eastland and his sons, Robert, Aubrey and Don. They consider the county well adapted to this industry.

Scoutmasters Gain Pointers At Meet Here

Scoutmasters of the district learned numerous fine points about leadership and got first-hand experience in what the youngsters themselves do, in their varied activities, at a meeting for their benefit at the Eastland Methodist Church recently.

Field Executive Troy Boone was in charge of the Scoutmasters Training School, which attracted leader representatives of Scouting in several communities.

After the assembly session, the group was divided into sections, for the instruction of their individual interests, and they took up their respective work in rooms assigned to them.

Executive Boone himself directed the Cub session, as that is the starting place for Scouting. The Cubs and the grown-ups gained both entertainment and instruction in this feature.

Several obstacle-games were used in the fun department and the adults had as much sport as the small fry in solving them.

The Scout leaders, particularly the new ones, thus found that the skills and games that are presented to the youngsters aren't as easy as they look.

They all entered into the affair with considerable zest and Mr. Boone stated that he was well pleased with the fine spirit displayed.

(Continued from Page One) annual session of the Texas Baptist Brotherhood meeting in Houston, Baptist officials announced today in Dallas.

Others who will also speak include outstanding Baptist laymen, pastors and women from over the state. The two-day series of meetings, from Oct. 24-25, will be held in Houston and is expected to attract thousands of Texas Baptists.

Purpose of the annual meeting is to conduct the group's yearly business, hear reports from various areas of the state and listen to inspirational talks by the denomination's outstanding leaders. Two other Baptist gatherings will also be held at about the same time in Houston. The schedule of activities for the total three groups is as follows:

From Monday through Tuesday, Oct. 24 and 25, the Woman's Missionary Union of Texas, which is observing its 75th anniversary this year, will meet in Houston's Music Hall.

The Texas Baptist Brotherhood will also hold its meetings Monday and Tuesday, but its sessions will be in the downtown First Baptist Church.

Both of these sessions are preliminary to the main sessions of the Baptist General Convention of Texas, which begin Tuesday night in the Sam Houston Coliseum and last through Thursday. The WMU sessions are expected to attract 6,000 women; the general sessions about 11,000. This does not mean that 21,000 persons will be present, however, only a total of 11,000.

Scope of United Fund

Just as President Tom Wilson and Drive Chairman Bob Perkins say, everyone should take a really fair view of the scope of United Fund support.

This editor was on the original board of such an organization in another community (Ennis) and having observed the fine work that such an agency accomplished, we're pleased to serve on the one of the United Fund just going into operation here in Eastland.

And we well recall that those who helped set up the community organization at Ennis warned all solicitors to be sure that they impressed prospective donors with this idea:

A NUMBER of charities are ROLLED INTO ONE. In other words, instead of giving the amount contributed to the Scouts, or the Salvation Army, or what-not, it is vital that the donation cover the FIVE that are embraced by the Eastland unit. Of course, it may be paid by installments, which prevents a hardship for those who might like the donation "split up" over a period of months. In any event, let's be sure to get the right picture in mind.

Christian Science
How spiritual understanding of divine law brings freedom from discord of every kind will be explained at Christian Science services Sunday.

Keynoting the Lesson - Sermon "Are Sin, Disease, and Death Real" is the Golden Text from Romans (8:2): "The law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death."

The importance of coping with sin is emphasized in selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy including the following (315-16): "The likeness of God we lose sight of through sin, which beclouds the spiritual sense of Truth; and we realize this likeness only when we subdue sin and prove man's heritage, the liberty of the sons of God."

Readings from the Old and New Testaments of the Bible will include Christ Jesus' parable of the prodigal son (Luke 15).

President To Head Delegation Of Clubwomen To "Pow Wow" On Polk Co. Indian Reservation

Mrs. L. E. Dudley, Abilene, president of The Texas Federation of Women's Clubs, will head a delegation of clubmembers October 15 to attend the annual fall "Pow Wow" of the Alabama-Coushatta Indian tribes on Reservation near Livingston, Polk County, Texas.

Clubwomen Assist Indians On Reservation, Livingston. Instigated by Mrs. Dudley, Texas clubwomen have been assisting the tribes for the past two years by providing funds for supplemental recreational facilities including the entrance fee for a Little League Baseball team and clothing for infants, children and

the needy. The Federation provides a full scholarship for woman Battise, a sophomore student at A&M College and the first from his tribe to enter this institution.

Revival of Annual Ceremonies During Polk Co. "Pow Wow"
Texas voluntarily ended the federal aid program for the tribes last year, thus assuming full responsibility for the welfare of the tribes which is directed by the Board of Control for State Hospitals and Special Schools. On reservation since 1854 when General Sam Houston sponsored the bill setting up 1,280 acres (supplemented in 1827 by an additional 3,000 acres through federal aid) the tribes had gradually allowed ceremonial customs to be discarded as younger members left reservation for education and employment. During recent years public interest has caused a revival of the annual ceremonials that will be performed during the Pow Wow as a preservation of early American customs.

Lima, Peru, Girl Receives TFWC's Latin - American Scholarship
Texas Federation Latin-American Scholarship, commenced in 1941 as a Good Neighbor gesture in bringing a student from a Latin - American nation to the University of Texas on a fully supported scholarship, has been awarded for 1955-56 to Miss Miryam Mujica of Lima, Peru, to study toward a master of science degree in civil engineering with special emphasis on city planning. She is the first woman from her country to undertake graduate work in this field. Miss Mujica, born in Cuzco, the ancient capital of the historic Incas, speaks English fluently.

Oct. 19 Women's Day At Fair
October 19 will be Women's Day at the State Fair in Dallas. Mrs. Dudley will be on hand to greet Texas clubwomen and to attend functions honoring the Texas Woman of the Year, whose name will be announced on that date. Mrs. Dudley served as a member of the nominating committee.

Thursday Afternoon Club Opens Season With Brunch Honoring Its President, Mrs. Sparks

MRS. FRANK SPARKS

Presaging a year of study on the theme, "Timely Topics," the Thursday Afternoon Club opened its season Thursday with a brunch at the Woman's Club, honoring its president, Mrs. Frank Sparks.

Hostesses were members of the yearbook committee - Mmes. E. Roy Townsend, Ben Hamner and C. W. Hoffman, who had made arrangements for the decorations and refreshments and, during the summer, planned the yearbooks.

Mrs. Sparks presided at the silver coffee service and Mrs. Townsend served the sandwiches of hot orange-nut bread topped with pineapple rings and cherries, assisted in serving by Mrs. Arthur Murrell and Mrs. R. E. Sikes. Other refreshments were cheese sticks and salted nuts.

The serving table was laid with a pale pink satin damask cloth and the centerpiece was of white carnations in a tall compote whose stem was decked with a graceful swirl of the carnations, carrying out the club colors of pink and white and the club flower.

Mrs. Townsend presented Mrs. Sparks who began her regime by quoting a poem which ended with the thought that each person makes of his life a stumbling block or stepping stone. She said women such as the club members do not stop learning when they are no longer in school - that people are either going up or down and the Thursday Club women are going up the ladder of learning.

Mrs. Sparks gave six of the reasons women like to belong to study clubs, saying that people are naturally gregarious and love to do things together. The six reasons follow: They make new friends and there develops a deeper meaning of fellowship; they learn a great deal about themselves and their fellowman this way; they derive a great amount of fun and enjoyment from satisfying group work and get a feeling of achievement; they develop skills in innumerable ways; they become creative, learn to express themselves, solve life's problems and live actively; their attitudes change and sometimes their philosophy of life is modified.

The new president emphasized that "Nothing great was ever achieved without enthusiasm" (Emerson) and urged her fellow members to be enthusiastic, kind, understanding, loyal, courteous and to pray for divine guidance in their clubwork as they do in other phases of their lives. She said she had a desire to serve the club and asked the support of all the members. She then expressed appreciation to the yearbook committee, praised the yearbooks and the committee's part in planning them.

minutes of the May meeting and a report of the September executive committee meeting. Mrs. Turner Collier, treasurer, submitted the budget for the year which was accepted.

Resignations of Mmes. Dixie Williamson, W. W. Linkenhogger, Don Russell, Jackson C. Oglesby and I. C. Heck were read by Mrs. Kinnaid, corresponding secretary, and were accepted with regret. Mrs. R. E. Sikes read the report of a recent clubhouse board meeting.

Mrs. Townsend then presented the yearbooks, summarizing the program for the year, which includes topics such as "United Nations and Foreign Policies," Oct. 20; Federation Day program, Nov. 3; "White House Profile," Nov. 17; Bible Day program, Dec. 1; Christmas dinner, honoring husbands, Dec. 15.

Book review, "Lust for Life" (Irving Stone), Jan. 5; Personalities and Conversation, Jan. 19; "The Big Bend Country" (Virginia Madison), Feb. 2; Hobby Lobby or Do it Yourself, covered-dish luncheon, Feb. 16; Texas Day program, March 1; Opera - La Boheme (composer, story and music), March 15.

Mrs. Murrell, president of the Civic League and Garden Club, announced that Mrs. Frank Castleberry is chairman of the ticket sales for the Civic League's opening luncheon slated for next Wednesday at the Hotel Connellee Roof Garden and urged members to make their reservations not later than this weekend.

She said Mrs. Castleberry was chairman also of the new citizens and membership committee in the Civic League and told about the printed cards to be given to new women of the town inviting them to Civic League meetings.

Present were the following members: Mmes. Sparks, Townsend, Murrell, Sikes, Kinnaid, Collier, Robert G. Perkins, Floyd W. Casebolt, Frank Castleberry, Earl Conner.

This picture goes away way back to 1918 or 19 and was the start of what is now known as the JIM HORTON TIRE SERVICE. This was called the GREEN FILLING STATION. Many Eastland "Old Timers" will remember. Notice the single gasoline pump and the lube oil dispensers. Oil in quart cans had not been thought of at that time. The man in the Ford truck is Uncle John Faraby. The man standing

by the pump is James Jessop (Jim Horton's father-in-law) and the child sitting in the door way is Horace Horton who is now owner of the Horton Ceramics. Where are the Seiberling tire signs? At that time there was no Seiberling Rubber Co. It started in 1921 and Jim took over the agency in June of that year. And has been selling Seiberling tires ever since.
