Explosion Of Oil Tank Kills Two

SCORE BURNED, HEAVY DAMAGE DONE BY FIRE

Sun Oil Company Plant Scene of Fire and Explosion Which Takes Heavy Toll of Life and Property.

MARCUS HOOK, Del., March 20.—Two dead, a score burned and injured and property damage of several hundred thousand dollars resulted from an oil tank explosion followed by a fire, at the Sun Oil Company's plant here today.

James McAbee, 24, Marcus Hook, was killed almost instantly while walking on the catwalk of the oil tank which exploded. Joseph Bennett, of Linwood, Pa., died later from burns.

The injured list included many workmen in the plant who were showered with flaming oil and several firemen who fought the resulting blaze for hours before it was brought under control shortly before noon.

Banker Slugged; Officers Seek Motive and Clue

WESLACO, Tex., March 20.—Ranger Sergeant Light Townsend and Ranger Todd Aldrich joined local authorities today in their search for the assailant of Claud E. Kelley, 31, employee of the guarantee State Bank here.

Kelley was probably fatally slugged on the head Tuesday as he slept in the home of Ed C. Couch, his father-in-law and president of the bank where he is employed. He was taken to a hospital where his condition was reported critical.

Authorities are endeavoring to learn if the attack had anything to do with political affairs in this county. Couch was an independent candidate for county judge at the last election and was supported by Kelley. Officers believe that political enemies may have been responsible for the attack.

GANGSTERS KILL THREE IN NEW YORK

Smash Iron-Sheeted Door and Murder Man and His Wife In Their Home—Others Shot In the Streets.

NEW YORK, March 20.—Gangsters took three lives today. They smashed down an iron-sheeted door and murdered Samuel Sacco and his wife, Rose, in their home in Astoria, shortly before 8 a. m. Soon afterwards an unidentified assailant fired six shots at James Donofio, 28, as he stood talking with companions in front of a restaurant in Greenwich Village. Three bullets struck Donofio. The assassin escaped and Donofio died in a taxicab enroute to a hospital.

Missing Byrd Men Found To Be Alive

NEW YORK, March 20.—The New York Times and St. Louis Post-Dispatch announced today that Commander Richard E. Byrd had flown to the rescue of three members of his antarctic expedition who had been forced down on the ice, and had found them safe and well.

Larry Gould, Bernt Balchen and Harold Gonne, who started from the expedition's base for a flight over the Rockefeller mountains, had encountered a severe storm which crippled their plane. They were unable to communicate with headquarters by radio and the rescue flight was undertaken to determine their plight.

FOUR YOUTHS SENTENCED ON THEFT CHARGE

Judge Russell Talks to Boys Whose Sentences of Five Years Each in Penitentiary Were Suspended.

Four boys, the oldest 19 years of age, heard jury verdicts condemning them to five years' imprisonment but recommended that the sentences be suspended because of their youth. The jury which tried the four boys returned a verdict at 6 o'clock Tuesday afternoon. The boys were accused of stealing \$180 worth of wire from the telephone company.

After the verdict had been read, Judge Sam Russell of Stephenville—who has exchanged benches with Judge Elzo Ben for the week—delivered one of the most impressive talks that has ever been heard under similar circumstances in this county, officials declared.

Stepping down from the bench, the judge stood in front of the four boys and talked to them in the manner almost that a father would take toward a son who had taken a wayward step.

"Boys it doesn't pay," he said, in speaking of a life of crime. "If you continue in wrong-doing there can be but two possible ends—either you will go to the penitentiary for a long term of years or your light will be put out. You know what I mean by that, don't you?"

"But if you here and now resolve to live lives of honesty and good citizenship, you can blot out this blotch. You can atone for what you have done."

"You are young and the world is before you. There is nothing that you cannot accomplish if you will set your hearts on it."

Then he made an eloquent appeal: "I recall an incident in my own knowledge. A boy had won the honor of being valedictorian of his class in high school. He had come from a humble home and much of his time as a student he attended school in overalls. But the end of school came and he was called forth and a gold medal was presented to him as the best all-round student in the school."

"He exclaims: 'The medal doesn't belong to me.' Then he pointed to a thin, stooped figure, plainly dressed, far back in the auditorium. 'This is the one who is entitled to the medal.' Then he said: 'She has bent her back over the washboard and she has scrubbed the neighbors' floors in order that I could go to school. Mother, come and get this honor—it is yours.'"

The mothers of the four boys were in the courtroom and as they wept, Judge Russell appealed to the boys to live the kind of life that bring to more tears to their mothers' eyes.

"They are suffering far more than you are," he told the lads. He concluded: "Do right, bring happiness to your mothers and a few years from now, as you progress in life, let me hear from you; drop in and see me and tell me of your success for we are all—the county attorney, the jury and myself—interested in seeing you become useful and successful citizens."

PAIR KILLED WHEN CAR TURNS OVER

Palestine Baseball Player and Young Woman Companion Meet Death Near Mexia.

PALESTINE, Tex., March 20.—Earl C. "Dooley" Ferguson, 24, catcher for the Palestine baseball club, and Miss Blanche Kimball, 22, member of a prominent family here, were killed Tuesday when the big roadster in which they were riding skidded and plunged into a ditch about three miles out on the Mexia road.

Ferguson, popular here as a baseball player for three years, was instantly killed and Miss Kimball, daughter of Mr. and Mrs. Frank N. Kimball died about 1 a. m.

There were no witnesses to the accidents, but a couple passed by the wreck shortly after 10 p. m. At that time Miss Kimball was still alive, Ferguson's neck was broken.

Ferguson formerly was with the Chicago White Sox.

FLEEING BANK BANDITS SHOT AND IS KILLED

Merchants Open Fire When Employees of the Bank Being Robbed, Sound Burglar Alarm.

KANSAS CITY, Mo., March 20.—After he had robbed the Industrial bank, in the Argentine district Kansas City, Kan., of \$1,706 an unidentified bandit was shot and killed today when merchants of the neighborhood opened fire on him as he attempted escape.

The bandit stepped to a teller's cage and handed F. S. Forrester a card which read, "Hold up your hands and give me the money." The bandit kept a revolver on the teller.

Forrester handed the man all the money he had in his cage. He was observed by W. A. Trentz, another teller, who sounded a vigilant alarm which connected with nearby stores.

As the bandit left the bank merchants opened fire on him.

MOODY GRANTS NEGRO FURLOUGH

AUSTIN, Tex., March 20.—Before leaving for the Cattlemen's convention at Houston last night, Governor Moody signed a double furlough for Bowie Barber and Henry Barber, serving murder sentences from Bowie county. Each was given 90 days furlough while the Governor studies their case.

They were convicted in 1922 of killing another negro who had killed their father and threatened them. They have served eight years of the five to fifteen year sentence given them. Both are prison trustees.

JOHNSTON TRIAL MAY END TODAY

OKLAHOMA CITY, March 20.—The two-year fight over Henry S. Johnston as governor, Mrs. Mamie Hemmonds as his confidential secretary, may end today.

A vote by the Senate court of impeachment, acquitting or convicting Johnston of incompetency, corruption in an administration dominated by the presence of Mrs. Hemmonds, was expected before tonight.

SEARS, ABILENE, IS DEAD

ABILENE, Tex., March 20.—Arthur Sears, capitalist, ranchman and owner of the Grace hotel in this city, died suddenly at his home here this morning from a hemorrhage of the brain.

MEXICAN GETS LIFE FOR MURDER

GALVESTON, Tex., March 20.—Life imprisonment was the verdict imposed upon Pete Lopez by a jury in Judge J. C. Canty's court Tuesday. Lopez was charged with murdering his former wife, Esperanza Santos, on Nov. 17, 1928.

STATE BOND ISSUE FIGHT JUST STARTED

AUSTIN, Tex., March 20.—The fight for a state bond issue for highways has just begun and will be carried on before the 42nd legislature, R. S. Sterling, chairman of the State Highway commission announced in a statement issued here today.

Between now and 1933, chairman Sterling forecast that the people will command their representatives in the legislature to "serve public interest first and personal political ambitions second."

In the meantime, he says, he will work with renewed vigor for better understanding of the project, which he asserts is all that is needed for enthusiastic adoption of the bond plan.

Mr. Sterling added that he is in no sense discouraged by the defeat of the proposition at the recent session of the legislature, claiming that it had had enough votes to carry.

Milburn McClarty Given Pen By Pres. Coolidge

The last time that Calvin Coolidge used a pen while president of the United States was to write an autograph for Milburn McClarty Senate page, of Eastland, it has been learned here.

Mr. Coolidge, at the lad's request wrote his signature just a few moments before Herbert Hoover's inauguration. Young McClarty attended Hoover and Coolidge prior to the inaugural ceremonies and was within a few feet of the new president as he delivered his inaugural address.

Recently, the lad had luncheon with Mayor Jimmy Walker, whose interest the Texas page had won by a speech. On another recent occasion, young McClarty dined with Clarence Darrow.

Other distinguished men with whom his duties have placed him in contact include Alfred E. Smith, former Vice President Dawes and the members of the United Senate.

McClarty will resign as page in April. He plans to make a tour of Europe this summer.

MAN KILLED IN DALLAS OFFICE BLDG.

DALLAS, Tex., March 20.—Andrew M. Blue, 31, was shot and killed this morning in the office of G. B. Pierce on the ninth floor of the Marvin building here.

Following the shooting Pierce told officers that he shot Blue because the latter tried to make him sign a document saying that he would not meet or talk to a certain woman.

Blue was shot through the body near the heart and was dead when Dr. Howard Aronson of the emergency hospital reached him.

The body was lying in the office of the Intercoast Casualty company on the 9th floor of the building, in the private office of Pierce. The body lay between the desk and the entrance door to the private office.

Two bullets found their mark in Blue's body, one in the neck and the other near the heart.

Blue was an employe of Clark & Courts, stationers.

A charge of murder was filed against Pierce. He was released on \$5,000 bond pending the investigation of the shooting by the grand jury tomorrow.

Pierce told officers that Blue came to his office this morning and began talking. The two men were alone. Pierce said Blue began writing the document and read what he had written. Pierce said when he refused to sign the agreement Blue picked up a letter opener from his desk and struck at him. Pierce then reached in his desk for a pistol and shot Blue.

Blue's body was found by officers lying on the floor near the chair where he had been sitting. Pierce was taken to the office of the district attorney for questioning.

Irma Tarrant, whose name appears in the document, formerly lived at a private home here and had frequently been seen in Pierce's company. She was reported to have moved to Tyler, some time ago.

PAWHUSKA, Ok., March 20.—Roscoe Lasarge, 4-years old, was injured fatally late yesterday when he ran in the path of an automobile here. He lived less than an hour after the accident.

"SCARFACE" AL CAPRONE IS IN COURT

"Big Shot" of the Chicago Beer Racket Appears Promptly When Summoned Before Grand Jury.

CHICAGO, March 20.—"Scarface" Al Capone, "Big Shot" of the Chicago beer racket, appeared punctually at 10 a. m. today in answer to a summons to testify before a federal grand jury investigating beer running.

Back from his Florida estate and looking a little thinner than before he left the scene of his biggest operations, Capone walked into the United States District Attorney's office flanked on both sides by his attorneys.

Behind him trailed a furtive-eyed individual identified by newspapermen as a member of the gang leader's widely advertised bodyguard.

The "Big Shot" will not be taken before the grand jury immediately. "We'll let him cool his heels a while," the district attorney said. "I want the jurors to talk with a couple of cops before they see Capone."

This is Capone's second encounter with a federal grand jury. Several years ago he was indicted with several score others for violating the prohibition law but the indictments were dismissed for lack of evidence.

Authorities at the federal building had made elaborate arrangements to receive the man who has been accused of responsibility for the massacre of seven rival gangsters.

Deputy United States Marshals guarded all corridors on the eighth floor and searched everyone who entered.

Capone came in smiling. The man who was identified as bodyguard was said to have the ranking of a court bailiff and this was construed as a move on Capone's part to prevent the arrest of his aides for carrying concealed weapons.

Mexican Bandits Hold American For Ransom, Belief

MEXICO CITY, March 20.—The American embassy will make representations to the Mexican foreign office today in connection with the kidnaping of T. L. Carnahan, American mine expert of El Paso, in the state of Zacatecas.

Bandits abducted Carnahan from the Lanoria mine, near San Benito, friends of the miner reported yesterday. He presumably was held for ransom.

Bandits also kidnaped Dr. Olvera, a Mexican mine official who was believed to have been held with Carnahan.

Other mining companies in the vicinity were reported to have suspended operations until authorities were able to guarantee safety to their employes.

Master Forger Is In, Out And Then In Again

LEAVENWORTH, Kan., March 20.—The story of how a university graduate forged his way out of prison with a writ of habeas corpus and three court orders and then was returned when caught raising a ten cent money order to 90 cents was revealed here today.

Hayes Van Gorder, master forger, walked out of Leavenworth federal prison a free man March 2 when prison officials received the forged documents of Van Gorder and another man in the mail. The other man was C. Von Esch, under sentence from St. Louis.

Thomas White, prison warden, notified Albert H. Conner, superintendent of prisons at Washington, yesterday of how Van Gorder duped prison officials.

Pair Charged With Killing Mason County Sheriff to Face Trial Today Selection of Jury Underway.

MASON, Tex., March 20.—Examination of forty men Tuesday failed to produce a single juror in the trial of Offilio Herrera and Antonio Chavez, charged with the murder of Sheriff A. T. Murray of Mason county.

Selection of a jury was resumed at today's session of court. Many of the prospective jurors were disqualified because they had formed opinions in the case while others opposed the death penalty.

Judge J. H. McLean overruled a defense motion for a change of venue at the opening session.

Sheriff Murray was shot and killed about three weeks ago and his body left lying on a side road. Arrest of Herrera and Chavez followed several days later.

CARDINAL GALLI STRICKEN

Rome, March 20.—Cardinal Galli was stricken with apoplexy today while conducting the mass in the chapel of St. Dorothea. Nuns removed him to the Nun's infirmary, owing to the impossibility of conveying him to the private residence in the holy office at the palace. His condition was said to be most serious.

DEATH ONLY DEFEAT

Field Marshal of France, Most Brilliant Modern Strategist, Dies At Age of 77 After Continued Illness.

By Ralph Heinzen
United Press Staff Correspondent
PARIS, March 20.—Field Marshal Ferdinand Foch, supreme commander of the allied armies in the world war, and probably the world's most brilliant modern military strategist, died at his home here today. He was 77 years old.

The mild little Frenchman who never before had known actual defeat, surrendered to death only after he had battled to the last ounce of strength in his slender shrunken body.

Heart trouble and complications which developed into uremia caused his death.

Only a short time before his death a priest had been sent to give him the last sacrament.

Death came at 5:55 p. m.

Earlier in the day it had been announced that the Marshal passed a more comfortable night but that his heart had proved troublesome after weakening considerably for some days. His lungs, apparently were clear, the morning bulletin said, with his temperature 99 and his pulse 92.

The generalissimo of all the allied forces in the world war fought valiantly against the great adversary, death until the final moment. Not until all hope had finally been relinquished was the priest summoned to administer the last sacrament. Observers saw the priest enter the Marshal's home and leave after several minutes' stay. Simultaneously almost the announcement spread out to the waiting world which has for several months watched news dispatches anxiously for signs of improvement in the great soldier's condition.

As soon as the news of his death became known, crowds began gathering outside the house to pay silent tribute to the dead war leader.

At first, only a few intimate friends were apprised of his passing, but gradually the word spread carrying with it the deepest mourning. Business was practically at a standstill as shop keepers and public alike mourned.

Madame Foch, General Barretier and Major Bugnet were at the bedside when the end came. The general and the major had just called to pay their respects.

Looking Backward On Highways

My mind your two principles in highway matters first, the immediate needs of the country for this biennium; second, the adoption of a policy that will last over a period of years and give the department the opportunity to initiate the power to execute a program. With reference to the first, let me say that action cannot continue for two years under the current of the department, you share a desire, which I believe the people of Texas hold, that the next two years witness as much or more highway construction than the two years, then it will be necessary for you to increase the revenues of the department.

The message of Gov. Moody to the 41st legislature after its adjournment. It was a plain statement of facts. It pointed out the need for highway improvement.

Rebels Inactive In Northwest Section Mexico

NOGALES, Ariz., March 20.—Rebel activities in the northwest section of Mexico were at a standstill today with attacks expected to be launched at Mazatlan, on the west coast and at Naco, Sonora, on the border, revolutionary headquarters said.

General Fausto Topete, governor of Sonora, said he had been in communication with General Ramon Turbe, who is besieging Mazatlan, and that Turbe announced he probably would attack the seaport today.

General Topete said that destroyed railroads were delaying the rebel offensive to gain control of Mazatlan, key to the coast and whose capture would open a way to Mexico City from the west.

An attack on Naco, held by a force of federal troops, has been a necessary formation several days, revolutionary headquarters said.

General Augustin Olachea, who deserted the rebel cause and took Naco for the federals, has been displaced by General Lucas Gonzalez, Governor Abelardo Rodriguez, of Lower California, said.

Rodriguez has remained loyal to the federal government. General Topete, who announced his intention to march against Naco, with 2,500 troops, still was in Nogales, Sonora, today.

Cotton Ginning As Issued Today

WASHINGTON, March 20.—The Census Bureau issued the following cotton ginning report today: Running bales of cotton, counting round bales as halves and excluding linters, ginned and to be ginned from the 1928 crop were 14,280,913 bales, against 12,763,312 ginned from the crop of 1927 and 17,755,070 from the 1926 crop.

Ginnings for the 1928-29 season are equal to 14,650,667 bales of 500 pounds gross weight comparing with the final crop estimate by the agricultural department last December of 14,373,000 bales and with production in 1927-28 of 12,956,042 bales and 19,777,374 in 1926.

HOT-SHOT (Continued from page 1)

needs of the highway department and the necessity for continuing the work of highway builders in order to place Texas at least near the front rank of progressive states. It goes without saying that the bond issue plan is dead for at least two years. It will be taken up by the lawmakers of the 42nd two years hence.

Now as to the second problem in order that the people of Texas may thoroughly understand the attitude of the governor in the beginning, this excerpt is taken from his message submitted to the legislature early in the month of January of this year: "The second problem calls for the adoption of a permanent policy toward the department which will give it the opportunity before-mentioned. You may take the pay as you go plan, which will make the present cost very high, or you may take the plan of deferring payment by the issuing of bonds and I am ready to support either that the legislature may determine to be the proper policy for this state."

OUT OUR WAY

I NEVER COULD FIGGER TH' REASON WHY CULTURE DESPISES TH' CRUDE, FER, HAD THER BEEN NO ROUGH NECKS, THER'D BE NO PLACE FER TH' DUDE.

REC'D U. S. PAT. OFF. 3-19 1929, BY NEA SERVICE, INC.

the government. It is for the lawmakers of a commonwealth to furnish the plans in a lawful sense and to provide the revenues for the execution and completion of the program. Now, the record should be kept straight. There are 21 senators and the bond measure or amendments to the constitution received the required number of votes in the upper house and it was sent to the lower house for consideration. Indeed, more than two-thirds of the senate declared for this submission to the people of the bond plan of highway construction. They repudiated the pay as you go plan which came into existence with the creation of the state highway department in the not remote past.

It is not necessary for a recital of events in the house. There are 150 lawmakers. Time and again the bond plan received as high as 97 votes or three short of the necessary required number. If four friends of the measure had not paired with four enemies of the measure, the bond plan would have gone to the people and it would have been for the voters of the commonwealth to throw into the discard the pay as you go plan with all its crudities and substitute for the state a continuous revenue to provide for the cost of the continuous road building program for the commonwealth and its people. In the last analysis it has been a great victory for those who would abandon the pay as you go plan for something substantial, something modern and something that would lift Texas out of the mud.

Regardless of all this, the words of the governor to the lawmakers at the beginning of the session call for repetition, speaking of the two plans: "I am ready to support either plan that the legislature may determine to be the proper policy for this state."

A very small minority in one branch of the legislature is responsible for the continuance of the pay as you go plan for at least two years. These are the bottle facts and in order to keep the record straight they are placed before the taxpayers of the commonwealth.

AMERICAN CITIZEN EXECUTED BY FEDERALS

Body of Floyd Collins Stolen But Is Recovered

HORSE CAVE, Ky., March 20.—Found by bloodhounds only 500 yards from its resting place in Crystal Cave, the body of Floyd Collins was back on exhibition today. The body of the explorer, who met death several years ago while exploring a cave he had discovered, was stolen from its metal and glass casket yesterday, Dr. H. B. Thomas owner of Crystal Cave said.

Officers Seeking Motive For Murder

HENRIETTA, Tex., March 20.—Officers today sought a motive for the brutal slaying here of R. Lee Williams, 44, whose body was found in a pasture a few miles from town. Murder charges have been filed against Paul R. Strickland, 45, and his examining trial was to be held today.

Williams had been shot in the abdomen and apparently dragged behind an automobile to the pasture. When found his feet were tied together.

DULY FERGUSON KILLED

PALESTINE, Tex., March 20.—Duly Ferguson, catcher for the Palestine Pals and formerly with the Chicago White Sox, was killed instantly Tuesday night when his car left the road and overturned near here. His companion, Miss Blanche Kimball, was injured.

MAN SOUGHT IN MYSTERY MURDER CASE

NEW ORLEANS, La., March 20.—Reversing his decision that Mrs. Janet H. Baker, alleged victim of a "fiend murderer," had met death through accident, Coroner George Roelling joined police this afternoon in search for a man who drove the wealthy widow from her home and abandoned her charred body in Audubon Park.

The man sought was tentatively designated as "a well known New Orleans business man." Superintendent of Police Theodore Ray continued in his belief that the case was one of the most baffling murder mysteries in the city's history.

Her body was found seated in the automobile, the center of which was charred as if by a sudden intense fire. Coroner George Roelling based his accidental death verdict on the theory that a can of gasoline on the floor of the car had been ignited by a short circuit, and that Mrs. Baker had fainted when the flames suddenly enveloped her.

The coroner disregarded testimony by George Spaulding, 22-year-old roomer at the Baker home. Spaulding said he was awakened in his room by the noise of a motor, about an hour before the tragedy was discovered. Looking out the window, he said, he saw a man dressed in a dark suit, gray top coat and gray hat, enter Mrs. Baker's car and drive away.

Police pointed out there was no gasoline can contained in the ruins of the car to uphold the coroner's theory. CHILD DIES FROM BURNS

GRAPEVINE, Tex., March 19.—Burns received when she crawled too close to an open fireproof proved fatal for Dorothy Juanita Allen, 9 months old daughter of Mr. and Mrs. Gilbert Allen, living four miles north of here. The child was left alone in the house and her clothing caught fire.

STOCKS

NEW YORK — After a brief period of irregularity in the early trading, stocks Tuesday responded vigorously to moderate buying in the face of high call money.

High priced issues like National Cash Register, Case Threshing machine, Baldwin, International telephone and International business machine were in strong demand at wide advances, while representative shares like steel, General Motors and American Can moved up moderately.

However, the advance was checked somewhat in the afternoon dealing following posting of the 10 per cent call money charge, and advances made earlier in the session were not maintained. Nevertheless strong support was in evidence for pivotal shares and trading went ahead confidently in the late afternoon.

Most of the morning irregularity was attributed to fears over further stringency in the credit situation and when call money did come up, it had little effect on prices.

Strong buying developed in the coppers in the late trading after they had moved in a narrow range in the early trading.

Araconco, American Smelting and Kennecott moved up to new high ground on the recovery following reports that another substantial advance in the price of the Metal would come soon. Miami and other producers were also strong.

Representative shares like Chrysler, General Motors and Packard sold off from their highs but were well-supported above their previous closing levels, while oils continued bullish with Pan American, Mexican Seaboard and Standard Oil of New Jersey sharply higher.

OIL NEWS

SEMINOLE, Ok., March 20.—An increase of \$8,148 barrels of crude oil was registered on the gauges here in the Greater Seminole and St. Louis areas. This huge increase was due to the fact that production went back on to a normal basis after the 24-hour shut-down over Sunday. The total production was 399,235 barrels from 1,783 wells.

SEVENTEEN KILLED IN TRAIN WRECK

Conflicting Reports of Collision of Two Canadian National Railway Trains Which Occurred Early Today.

MONTREAL, March 20.—Unconfirmed reports reaching here this afternoon said that between ten and twenty persons may have been killed in the collision of two Canadian National Railway trains near Dorcourt, Ont., early today.

Because of broken wires, many conflicting reports arrived, some declaring 20 had met death and others that only three trainmen had lost their lives.

However, passengers returning to Parry Sound from the scene of the disaster, which occurred about 46 miles from that place, supplied further details. They declared that one of the colonist cars had caught fire and that several of those traveling in it had been unable to escape.

NORRIS DENIED USE OF AMARILLO HALL

AMARILLO, Tex., March 20.—City commissioners last night denied Rev. Frank Norris of Fort Worth use of the city auditorium for a speaking engagement when it was learned that his lecture was to be "The Challenge of Rome to America."

Mayor J. H. Harris gave as the reason the fact that the auditorium is supported by Catholic as well as persons of other regions beliefs.

"Amarillo church people are in harmony and we do not want strife to arise among the churches," Mayor Harris said. "A public building is not the place for such a lecture."

EAKER NOT TO TRY ANOTHER FLIGHT NOW

WASHINGTON, March 20.—Captain Ira C. Eaker will not attempt another dawn-to-dusk flight from Brownsville, Texas, to the Panama Canal Zone at this time, war department officials said today. Eaker failed in his recent attempt because of weather conditions.

MOUNTAIN FEUD ENDS, MAN SHOT

KINGSTON, Ark., March 20.—A bitter Ozark Mountain feud ended here today with the death of Clarence Elzey, known throughout the mountain country as "The Giant Bully of the Hills."

Elzey was shot and killed by Ross Parker, a cripple against whose clan Elzey had led a raid in 1927. During the battle Elzey wounded Parker and left him paralyzed on the floor of his cabin to die.

Parker swore vengeance and after a year of treatment in a hospital he returned to the hill country to search for his assailant.

Both men met in the postoffice here. Parker raised his rifle and sent two bullets into Elzey's heart. He died instantly. The feud ended. Parker surrendered to the police. He will be tried for murder.

\$2,590,000 FIRE LOSS

AUSTIN, Tex., — Texas fire losses in January reached \$2,590,000, State Fire Insurance Commission DeWesse announced in connection with the issuance of the monthly fire loss report.

The report shows losses of \$1,636,673 but includes losses that were reported officially to the department. Causes of fires that resulted in \$1,201,011 loss were undetermined.

STATE CHARTERS

AUSTIN, Tex., March 20.—The following charters have been issued by the secretary of state: Wood Hotel Co., Paris; Capital stock, \$5,000. Incorporators: Frank J. Wood, Blanche Wood, W. A. Hutchinson.

THREE KILLED IN HEADON COLLISION

PARRY SOUND, Ont., March 20.—Three persons are known dead and an unknown number injured in a head-on collision of two crack passenger trains of the Canadian National Railways at Dorcourt, 41 miles north of here, early today.

Internal Health by Nature's Own Methods

If you are sick inside you are sick all over. When the stomach fails to digest its food, you are standing at the threshold of a series of ailments that may end in a complete physical wreck.

Internal health means health throughout the body. Keep your stomach and other digestive organs clean and vigorous by giving them the natural stimulation of the roots, barks and herbs contained in Tanlac.

Tanlac is wonderful for indigestion and constipation—gas, pains, nausea, dizziness and headaches. It brings back lost appetite, helps you digest your food, and gain strength and weight.

Tanlac is as free from harmful drugs as the water you drink. It contains no mineral drugs; it is made of roots, barks and herbs, nature's own means for the sick. For over 10 years it has been recommended by druggists who have watched its marvelous results. The cost is less than 2 cents a dose. Get a bottle of Tanlac from your druggist and give it a thorough trial. Your money back if doesn't help you.

BULLDOGS TO MEET GORMAN PANTHERS FRIDAY AFTERNOON

INGER, March 20.—The Ranger high school Bull-dog will go into initial 1929 action Friday afternoon at when they meet the Gorman Panthers at Lillard

Escher Curtis, Bulldog mentor, announced the spring game today. The clash will climax weeks of spring training on the part of the 1929 crop of and white hopefuls.

What the harvest will be is not known. With all thoughts of the 1928 football farce—the comedy ever presented by the performers—behind them, the high school gridironers will endeavor to attain a goal from where they viewed the world in 1926.

They are watching with interest the work of Mc-transfer from Gaddo, and recently of Eastland. The party is firing away at the bids and bids fair to take a district honors this fall. It is in the line and by all means no slouch.

F. Johnson Hurt in Motorcycle Crash on Caddo Highway.

INGER, Texas, March 20 — F. Johnson, manager of the Service Corporation stationer Pine and Walnut is in the West Texas Clinical Hospital as a result of a motorcycle crash, on the Caddo highway, Tuesday night.

The accident occurred about miles from Ranger after six. Johnson was brought to hospital by a passing motorist, was in an unconscious condition when picked up.

Johnson has regained consciousness but has not been able to recall the crash occurred. Physicians at the hospital are of opinion he has a fractured but an X-ray examination not been made this morning. has a number of bruises on body.

Although his condition is serious it is not thought to be in a critical condition.

Work On Inter-Coastal Waterway To Be Started Soon

By United Press. WASHINGTON, March 19 — Acquisition of rights if way by local interests remains before work can commence on the Louisiana and Texas Intra-Coastal waterway, the war department announces. The waterway will extend from the Mississippi near New Orleans to Corpus Christi, Texas.

Secretary of war Good announced received adequate assurance that satisfactory terminal facilities would be available by the time the waterway is completed. Press provided no work should be until facilities existed for handling 500,000 tons of commerce on the New Orleans-Memphis river section; 400,000 tons on the Sabine River - Galveston Bay; and 300,000 tons on the Galveston Bay - Aransas Pass section.

arrangements which Good considered adequate were received from the Intra-Coastal canal association of Louisiana and Texas.

Texas State League Training Camp Notes

By United Press. CORSIKANA—Cheered by their two-game "winning streak" the Dallas Steers feel better today as they prepare for another exhibition game here this afternoon. The Steers won from the White Sox yesterday, 8-7, and from Minneapolis Sunday, having dropped the first four of the scheduled eleven game series with Chicago. The victory for Dallas Tuesday was attributed mostly to the good hurling of young Henry Hardaway. In his six innings he allowed only three hits and one run.

HOUSTON—Twenty-one Houston Buffs will make the trip to Austin today to engage the University of Texas Longhorns, Manager Frank Snyder announced today. The pitchers who will go are Myers, Algers, Freeze, Moon, Griffith, Webb, Rogers and Hellums, all youngsters. The Buffs also engage the Texas Aggies at College Station Thursday and Friday.

SHREVEPORT—Led by the hitting of Stewart, a rookie second baseman, the Shreveport Sports made it four straight over the Minneapolis Millers, of the American Association, by winning Tuesday's game, 12-11. Stewart hit two singles, a double and a triple in five times at bat.

WACO—Dealing out revenge for an earlier defeat, the Waco Cubs Tuesday walloped the Baylor Bear Cubs 10-0. Heath, Brown and Sanguinetti hit homers for the Cubs. Virgil Cheeves, formerly with the Chicago Cubs, hurled the last three frames for Waco, attempting a comeback.

ABILENE—The Wichita Falls Spudders trimmed the Tulsa Oilers of the Western league 5 to 2 Tuesday afternoon in the first of an exhibition series here. Homers by Clements and White and a two-bagger by Bennett brought in all the Spudder tallies.

Hundred Watches 'Rescue' of The 'Pine Street Pet'

(From Ranger Times.) Sometimes little Bill McDonald, son of Mr. and Mrs. W. H. McDonald, Pine street, isn't very glad his dad is in the plumbing business. There is so little a youngster can find to eat in a plumbing shop. At other times, however, the blood haired pet of Pine street, is rather glad. Sunday afternoon was one of those times. It was no fault of Bill's that an open soil pipe was left on the A. B. Conway lot, corner of Pine and South Marston streets, where the old DeGroff hotel used to stand. It was there, regardless.

Someway, somehow, the boy stepped into the pipe. Into it right. After he had fallen, one leg of little Bill McDonald was held fast. Tug as he might, he was stuck. His daddy was informed and began to investigate. There was the pipe and there was "Bill" and the two must be separated. The work became interesting. First one, then another, then five and six stopped to watch the work. Bill's daddy dug around the pipe, broke it off, pushed Bill's heel from beneath and the boy was free. One hundred interested spectators walked away, satisfied with the afternoon's entertainment.

THOUSANDS IN PERIL AT ELBA AS SWOLLEN RIVERS RISE TO EAVES OF THE HOUSES

Flooding over the town of Elba, Ala., where thousands of people were put in danger of imminent death by the flooded waters of Pea river and Whitewater creek, airmen attached to the Fourth Photo Section Corps, U. Better Schedule For Mavericks On The Diamond

BETTER SCHEDULE 14 — The schedule session of the executive committee of the Oil Belt athletic district will be held in the near future and Eastland fans are looking forward to the best schedule that the Mavericks have ever had.

Last season on Thanksgiving, the Mavericks had no game whatever. From other standpoints, the Mavericks schedule last season was far from ideal. They played Breckenridge, Ranger and Abilene on successive week-ends—three powerful teams in three weeks, with no rest or even a clash with a weaker team to break the strain. Then came one week without a game, followed by three more games in succession—Brownwood, San Angelo and Cisco. And that ended Eastland's conference season—some 10 days before Thanksgiving which is the traditional day that closes football everywhere.

FINANCES OF U. S. IS TOPIC

By JOSEPH S. WASNEY, United Press Staff Correspondent Copyright 1929, By United Press. WASHINGTON.—Warning that Congressional appropriations must be kept to a minimum and strictest economy must be practiced by the government to prevent an increase in taxes next year was sounded by Representative Cordell Hull, Democrat, Tennessee. Although a \$50,000,000 surplus is expected this year, Hull, an expert on government finances and a member of the ways and means committee which originates tax legislation, said the treasury in 1930 will face a huge deficit due to appropriations that will be necessary for farm relief and other projects.

increasing the present income tax rate one per cent. "That is the way England does when it is faced with a deficit. It would be very easy to increase the basic rate one per cent and that would add many millions of dollars into the treasury," he said. Hull does not believe the new tariff law will be a greater revenue producer than the Fordney-McCumber act. He believes, instead, the new measure may result in decreasing custom revenues \$50,000,000 to \$100,000,000 a year instead of increasing the collections. "Putting a tariff embargo on industrial products will not bring in additional revenues," he said. "The receipts won't fall off greatly because most of the duties are collected on articles and merchandise not produced in this country, but there will be a decline nevertheless." Meantime financial experts of the government have begun to calculate how federal revenues can be increased if a huge deficit is understood, it is opposed to changing the basic tax law but would consider minor changes in the present schedules. A revision of the capital assets sales tax, on any property held over two years, from 12 1/2 to 25 per cent would bring into the treasury more than \$200,000,000 compared with \$112,500,000 at present, it was pointed out.

Dry Enforcement Won't Be Drastic

By United Press. WASHINGTON, March 19 — There will be no drastic or dynamic drive to enforce prohibition under President Hoover, but the administration will follow a vigorous and well defined policy for building up law enforcement generally. The government, it was learned on high authority today, will avoid all acts of sensational character in its enforcement efforts and will confine itself to generally building up law enforcement generally.

INSTEAD of exercise

Don't suffer the consequences of persistent lack of exercise. Learn the simple secret of the exerciser in the vest-pocket box for a dime! Millions know it!

Cascarets make bilious, head-achy, constipated people feel wonderful. Their effect is not only quick, but it's lasting. They give the bowels as much real exercise as they get from an hour in the saddle.

Oils, salts and ordinary laxatives do not act like Cascarets. These things produce only mechanical or chemical action. They actually weaken the bowels. You have to keep dosing with them.

Each time you use Cascarets, your bowels become stronger. They are made from Cascara Sagrada, which stimulates the natural peristaltic action of the bowel muscles. Nothing else does this. That accounts for the popularity of Cascarets and their tremendous sales of over 20 million packages a year!

EASTLAND MUST BE ON THE BROADWAY

What Are You Doing To Keep Eastland On This Trans-Continental Highway

INDICATOR WILL LEAD ROTARIANS

By United Press.
 ARKANA, Tex.,—The forty-first Rotary district convention terminated here today with the election of Sam H. Whitley of Dallas as president of the district. Whitley, president of the East State Teachers' college, for president of the district to succeed Kingsbury of Dallas. His nomination will be approved at the convention of Rotary International in Dallas next May. Arthur and Marshall extended invitations for the conference next year. A decision will not be announced until after the Dallas convention.

Resolution was adopted providing for the organization of a society for crippled children as the object of rendering aid to children of the State. The resolution will be considered further at the meeting of representatives of various Rotary clubs in Texas at the Dallas convention.

BANK IS HELD UP

By United Press.
 WA, Kan.,—Three men entered and robbed the bank here of approximately \$1,600 while a fourth waited outside in a car. The bandits, unmasked, flourishing automatic pistols, held the bank, forced the cashier and his assistant into the vault, the money and escaped. No one was fired.

MORE PROSPERITY DUE

DUSTON, Tex., March 20.—Political Times, there were seven years and seven fat years. But I take eight more fat years as the cattlemen of the southwest reap their losses of the seven years, in addition to the three good years just passed. How R. M. Kleberg, Corpus Christi, president of Texas & Southern Cattle Raisers' association in session here, summed up the situation faced by the industry built the Southwest. The twelve months were the best any years, and the general opinion of cattle raisers is much better than when the association here five years ago, Kleberg says.

Quota Raised For Broadway Of America

Eastland and Other Cities Along the Route Through This Section Have Raised Full Quotas in Membership.

Eastland has raised its quota of seventy five members of the Broadway of America Association. That's something to tell the world about! Just a few weeks ago the whole route through Eastland had only twenty five members as against one hundred and twenty five for Breckenridge alone, on the proposed loop through that city. Thanks to the energy and perseverance of the committee composed of Neil Moore, Jess Day, Garrett Bohling, John Mouser, Jack Williamson and H. O. Tatum, appointed by President Walter Hart of the Chamber of Commerce, Eastland can proudly say, "we've done our part"—but, we are not content with doing that alone, on this page there is a map of the Broadway of America carrying the names of the business enterprises along this route. This map will be widely read in our own county, teaching every reader to think, talk and act for the securing and holding of this great transcontinental highway, and in addition to that, twenty or more sheets of the paper carrying this map will be posted in the filling stations in Abilene and Mineral Wells, at either end of the loop as it is called. These maps will be read by hundreds of tourists who will be greatly benefited by knowing the exact route designated by the Broadway of America Association which is: National highway No. 80 or State Highway No. 1, bringing in Abilene, Baird, Cisco, Eastland, Ranger, Strawn

Helps Gil

Gen. Aaron Saenz, a close friend of the late Gen. Obregon, and a candidate for the presidency in Mexico, has hurried to the aid of President Porfirio Gil and is doing all he can to help him quell the revolt.

Metcalf Gap, Mineral Wells and on to Fort Worth. This highway is seventy two percent paved—the most nearly all paved transcontinental highway and the ONLY snow free highway in the United States.

Eastland is not the only town on this route that has raised its quota. We are proud of all our sister cities—they have ALL done their part, and according to the Broadway of America Association the money raised by members in Breckenridge and other towns on the proposed loop will be returned to its members.

KNOW YOUR TOWN

Are you familiar with the location of the progressive merchants whose businesses are shown on the accompanying map? Know them all by reputation and their work for Eastland, if not personally. They are the men who are making this a city of prosperity, not all the profit they make in their, always fair, dealings with you go into their pocket—not by a whole lot! They are members of the Rotary, Lion, Chamber of Commerce, Retail Merchants Association and the BROADWAY OF AMERICA Association, and all these clubs and associations working and spending money for the betterment of Eastland to make it a better place in which to live.

Every street shown on the map are paved by whom? By these men and all of us. They were paved in the hope of making a bigger and better city, the wish is fulfilled and while we were helping ourselves we were helping others, the tourists from all sections of the country who come through, stop and make a few purchases and go on carrying a memory of Eastland, its progressiveness and likeable residents. So, we see that while we were helping them we were again helping ourselves. Just a great circle of good citizenship, good fellowship and prosperity. Let's keep it up.

STAMMERING MAY HELP HIM

By United Press.
 AUSTIN, Tex.,—Stammering may be an affliction to some people but W. R. Miller is depending on it to get him out of Fannin county jail where he is held without bail on a charge of robbing Mrs. Lillian Meade Smith of four diamond rings valued at \$2500. Mrs. Smith says that the man who drew a firearm and took the rings from her fingers in front of her home at Bonham did not stutter, Miller's associates say they never heard him utter a sentence without stammering. The court of Criminal Appeals has set a hearing for March 27 on Miller's habeas corpus application.

WASHINGTON LETTER

RODNEY DUTCHER

WASHINGTON—Unquestionably the foreign diplomat in Washington who has had the most difficult and delicate task during the ten years is Don Manuel C. Tellez, the ambassador from Mexico. He had not proved himself a super-diplomat he probably had not still be here. If his foot slipped there were innumerable politicians in Mexico who would have been glad to see him go.

Probably his most harrowing days were during 1926 and 1927 when the State Department anonymously passed the story that the Mexican government had sold out to the Bolsheviks and that hot notes were being exchanged between the capitals by the score.

These are busy and possibly worrisome days for Tellez, too, but now the United States is openly on the side of the Mexican government as it undertakes to put down a military insurrection and his load is as heavy.

CONTACT with Tellez is always pleasant because of his keen sense of humor. He is fond of telling apt stories to illustrate his point and was even telling them to Secretary of State Kellogg when "Nervous Nellie" was at his worst. One doesn't suggest that Tellez or any other Latin-American doesn't sometimes get excited, but he retains a sense of proportion in crises and seldom becomes irritated.

He came here in 1919, toward the end of the Carranza administration, as first secretary of the embassy under Ambassador Bonillas. He had served in the Far East, as might be gathered from many rare oriental objects in the embassy here today. Owing to his long service abroad he never became entangled with any political faction at home.

THE UNIQUE PROGRAM PUT OUT BY WEST WARD SCHOOL AND PRONOUNCED A SUCCESS.

An outstanding program of not only one but of several years concept was presented by the Parent Teachers Association of West Ward School yesterday afternoon, when, following the usual procedure the song "America the Beautiful" was sung. This is better known as "America" and was written in 1892. So sublimely majestic and beautiful that of its own merit the song was placed on church and P. T. A. programs. Miss Catherine Bates a friend of the writer was introduced to the audience by Miss Blankenship. During a short business session report was received that all debts were now paid and cafeteria was in a splendid condition and hosted by Mrs. Ruth Fisher who keeps it spotlessly clean. The treasury reports \$71.00. The secretary sent invitations to the P. T. A. to send a representative to the P. T. A. congressional meeting in Stephenville. Mrs. R. L. Perkins and Mrs. Luther Bean were invited to go as delegates.

A feature of the afternoon was the appearance of the Junior Rhythm band. Each child dainty and crisp in white wash costumes with gay colored cape linings. The little director was a genuine small Russian and very popular with her audience.

The program proper of "Character Building and School Work" was presented and opened with a talk by Miss Moon and the

FIRST DISTRICT CONGRESS OF P. T. A.

Mrs. R. L. Brannan has notified the members of the First District Congress Parent Teachers Association of the fast approaching meeting and also giving them the notice of her appointment of Mrs. Bert McGlamery as first district chairman of music in immediate effect.

Eastland is again honored as being again selected from which to choose material. Mrs. Joseph M. Perkins is nearing the close of her appointment as Sixth District President of the State Texas Federation Women's Music Clubs and Mrs. W. K. Jackson is at the journey's end as sixth district chairman of Music of public school T. F. W. C.

Mrs. McGlamery is prominent in local and school parent and school association and has a prominent part in the high school P. T. A. She is a woman of clear understanding and fine education and therefore a great help to the organization in which she is engaged.

NOTES AND PERSONALS:

Miss Virginia Howell of Wellburg West Virginia and Miss Virginia Carter of Baltimore Maryland who have been the feted guest of their aunt, Mrs. Joseph M. Weaver since last week left today for San Angelo to visit a former school friend Mary Sue McGlamery. Miss Powell will remain the longer of the two girls and Miss Carter will resume her stay with her aunt in Eastland.

Mr. and Mrs. Vinton A. Weaver have returned from their extended trip through Southern Texas and are again established at the Connellee Hotel.

Marvin Grubbs of Electra spent this week with his mother Mrs. Fropa Grubbs.

Mr. and Mrs. Bill H. Hardy of Fort Worth were week end guests of Mr. and Mrs. N. T. Johnson.

Howard Gaston was week end visitor in Fort Worth.

Miss Mary Clark of Cleburne has accepted a position with the Modern Dry Cleaners.

CHURCH OF GOD OPENS INTENSIVE STUDY OF BIBLE AND MISSIONS AND BUSY BUILDING UP UNIVERSITY CLUB.

The prelude of the Woman's Auxiliary of the Church of God in the introduction by Rev. H. M. Sell, of the lectures to be undertaken on each Tuesday meeting was noted for the interest of the Class attending which numbered more than 25 women.

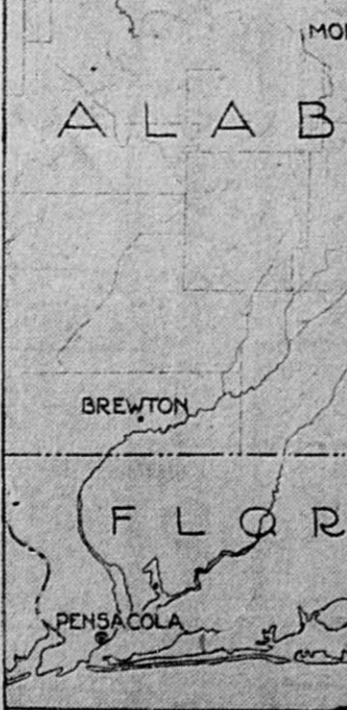

Following the opening of the session by the president Mrs. Williamson, the speaker Rev. H. M. Sell was presented and made a preliminary exposition of Personal Evangelism among our People which he declared that unless a congregation has the knowledge of how to arouse others to our work, such work is a failure. That you must watch for the opportunity in your home and outside of it. And must learn how to bring in lost sheep. If we are interested ourselves we can interest others.

The speaker concluded with the statement the first lecture would be given next Tuesday afternoon and that at least twenty five women should be present. All were invited.

STAGE IS DOOMED

By United Press. NEW YORK, — William A. Brady, theatrical producer, gives the legitimate stage but three more years to live. He told the actors Equity association that the motion pictures were making all the money — hence the doom.

Where Floods Peril 4000 Lives

Elba, Alabama, where suddenly rising floor waters threatened appalling disaster to 4000 people, is shown above on the map. Water was reported 15 feet deep on the public square and rapidly rising. The rainfall continued unabated and the Pea River and creeks in the neighborhood became swift torrents, widening out to more than a mile as they engulfed the city. Rafts and boats from nearby towns were rushed to the rescue, and Governor Bibb Graves appealed for aid. Failure of speedy rescue, said the governor, would mean death to every resident of Elba.

wonderful visions shown through the coming years of help for the young mentally and physically brought a feeling that such must be accomplished. Miss Lois Nelson followed in an abstract description of the needs in the children of other grades and held the rigid attention of her audience.

Mr. Boles, the principal of West Ward, added his wealth of observation and study to these two speakers' statements. Perhaps no program given in this school held more and deeper applause.

The West Ward school voted to collaborate with Mrs. Tom Harrell, chairman of Better Babies Bureau, sponsored by Civic League and which is to hold a free school clinic in June. A new member was added to the membership list. The reward of \$2.00 for the room showing the greatest number of mothers in attendance was given to Miss Blankenship's room. There were fifty in attendance, twenty of whom were visitors.

The hostesses for the afternoon, Mmes. R. E. Sikes and Herring, served a delicious iced punch and wafers at close of the session.

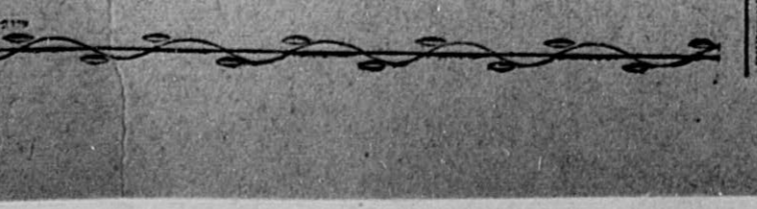

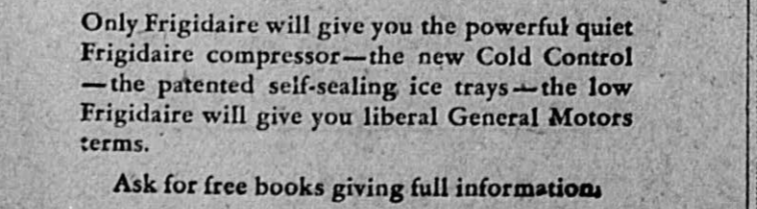

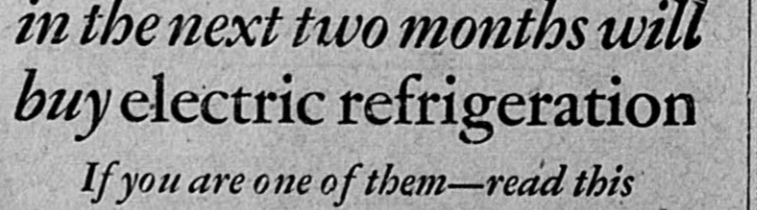

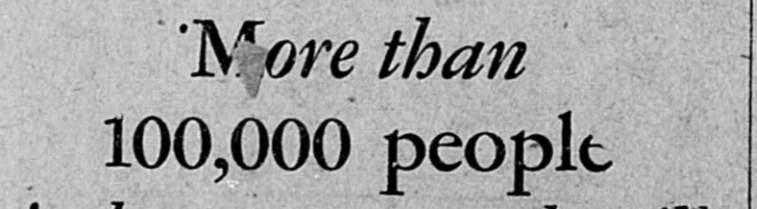

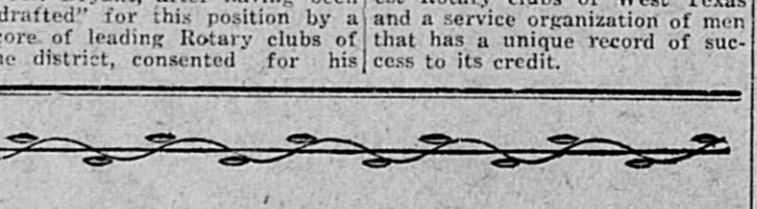

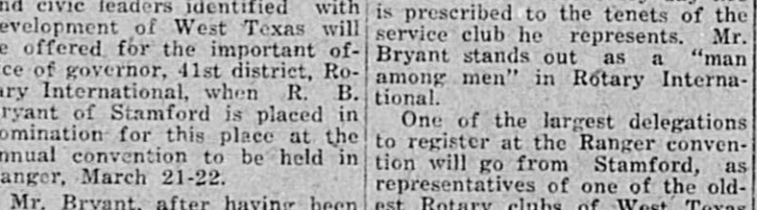

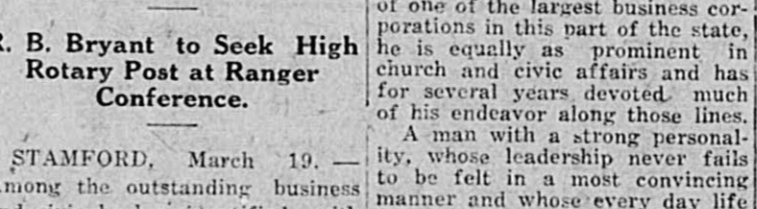

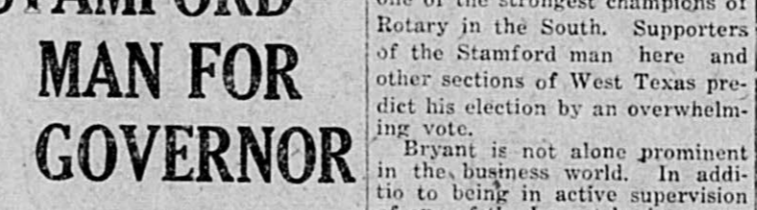

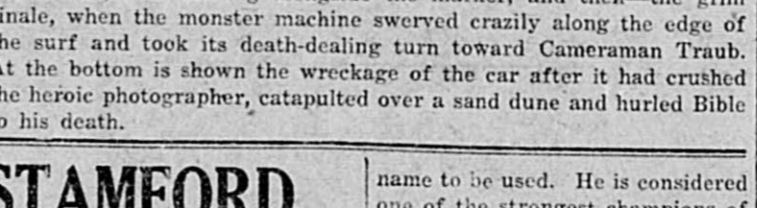

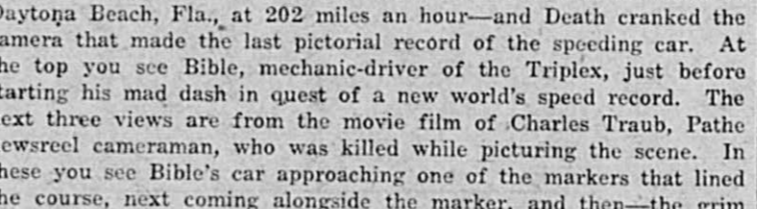

EASTERN STARS VISIT CISCO.

A party of Eastern Star friends of Mrs. W. Z. Outward, accompanied her to Cisco last evening in response to the invitation extended the Eastland Lodge by the Cisco Lodge, hostess, who were entertaining in honor of district Grand Deputy Matron Mrs. W. Z. Outward.

A wonderful evening was enjoyed. Eastland women included: Honor guest, Mrs. Outward; Mmes. E. D. Townsend, Ora B. Jones, Wynne, Powell, Karl Page, Karl Hoffman, Speer, Cooper, Cross, J. W. Thomas, N. C. Baker, C. S. Sikes, R. L. Young, D. J. Fiensy; Mrs. L. J. Lambert, Miss Sallie Morris, Mr. Green G. Hazel. A large flowering plant, in pretty jardines was presented Mrs. Outward by the hostess lodge. A salad, cake and coffee plate was served.

Death rode in Lee Bible's automobile as it shot over the sands of Daytona Beach, Fla., at 202 miles an hour—and Death cranked the camera that made the last pictorial record of the speeding car. At the top you see Bible, mechanic-driver of the Triplex, just before starting his mad dash in quest of a new world's speed record. The next three views are from the movie film of Charles Traub, Pathe newsreel cameraman, who was killed while picturing the scene. In these you see Bible's car approaching one of the markers that lined the course, next coming alongside the marker, and then—the grim finale, when the monster machine swerved crazily along the edge of the surf and took its death-dealing turn toward Cameraman Traub. At the bottom is shown the wreckage of the car after it had crushed the heroic photographer, catapulted over a sand dune and hurled Bible to his death.

STAMFORD MAN FOR GOVERNOR

R. B. Bryant to Seek High Rotary Post at Ranger Conference.

STAMFORD, March 19. — Among the outstanding business and civic leaders identified with development of West Texas will be offered for the important office of governor, 41st district, Rotary International, when R. B. Bryant of Stamford is placed in nomination for this place at the annual convention to be held in Ranger, March 21-22.

Mr. Bryant, after having been "drafted" for this position by a score of leading Rotary clubs of the district, consented for his

name to be used. He is considered one of the strongest champions of Rotary in the South. Supporters of the Stamford man here and other sections of West Texas predict his election by an overwhelming vote.

Bryant is not alone prominent in the business world. In addition to being in active supervision of one of the largest business corporations in this part of the state, he is equally as prominent in church and civic affairs and has for several years devoted much of his endeavor along those lines.

A man with a strong personality, whose leadership never fails to be felt in a most convincing manner and whose every day life is prescribed to the tenets of the service club he represents, Mr. Bryant stands out as a "man among men" in Rotary International.

One of the largest delegations to register at the Ranger convention will go from Stamford, as representatives of one of the oldest Rotary clubs of West Texas and a service organization of men that has a unique record of success to its credit.
