LIONS URGE COMPLETION OF AIRPORT

Will Exchange Meeting Dates
With Rotarians Next Week
Meeting on Monday In-
stead of Tuesday.

Completion of the Eastland air-
port as well as a number of other
projects which have been on foot
for some time was urged by mem-
bers of the Eastland Lions club at
their weekly meeting today.

The club was informed that the
Eastland Rotary club was waiting
for the Lions to say they were
ready and a date for another pub-
lic working at the airport would be
set.

The club voted to grant the re-
quest made of them by the Rotary
club to hold their next meeting on
Monday instead of Tuesday in or-
der that the Rotarians might meet
on Monday, which will be the oc-
casion of a visit from the Rotar-
ian district governor, who could
not be in Eastland on Monday, the
regular meeting day of the Rotary
club.

Gardner S. Rogers, assistant
manager of the Civic Development
department of the United States
Chamber of Commerce, was a
guest of the Lions at their meeting
Tuesday.

It was announced at the club
meeting that Mr. Rogers would ad-
dress the Federated Women's
club of the city at the Community
Clubhouse this afternoon at 3:00
o'clock and also speak at 7:30 this
evening at the City Hall. His
address will be along the lines of
city planning. There are no
charges for admission and each
and every citizen of Eastland is
invited and urged to hear the ad-
dress.

a. m. M. C. S. T. today for Man-
agua, according to word received
by the Tropical Radio offices here.

NEW ORLEANS, Feb. 5 — Col.
Charles A. Lindbergh, blazing the
way of commercial aviation into
Central America from the United
States, arrived at Tela, Honduras,
at 9:45 a. m. M. C. T. today, ac-
cording to the Tropical Radio's lo-
cal offices. Col. Lindbergh had taken
off from Belize, British Hon-
duras, at 8:10 a. m. after spending
the night.

BELIZE, British Honduras, Feb.

FLASHES

DALLAS, Tex., Feb. 5 — An
armed bandit who held Mrs. A.
K. Purdy, 28, and her two babies
at bay with a pistol as he ran-
sacked their home in search of
money was sought by police here
today. The bandit remained in
the house for almost 30 minutes
while he searched in vain for
money. "You'll give me some
money or I'll kill you," he
threatened as he grasped his
victim by the throat. The babies
screamed and the bandit fled.

WASHINGTON, Feb. 5 —
House and Senate conferees
reached such a serious impasse
over the proposed \$24,000,000
prohibition increase today they
drove off negotiations. Chairman
Warren of the Senate conferees
indicated afterward he would re-
turn to the Senate and ask fur-
ther instructions as to whether he
should insist on the provision or
abandon it.

WELLINGTON, Tex., Feb. 5
— More than an inch of snow fell
here this morning. Temperatures
were moderate.

CAPTOWN, South Africa,
Feb. 5 — T. J. Andrews and M.
E. Heins, young American geo-
logists, were drowned in a swamp
near the Chambesi river in north-
ern Rhodesia while duck hunting,
advises reaching here from the
interior said today.

Charges Filed as Result of Episode

Six charges have been filed
against a young man as the result
of the excitement at Pioneer re-
cently, authorities said this morn-
ing.

The accused man is alleged to
have had an encounter with a cafe
proprietor and came back to the
cafe, first with a pistol and later
with a shotgun. On his second ap-
pearance, there was a scuffle and
the shotgun was discharged.

Assault, two cases of aggravated
assault, two cases of disturbing the
peace and drunkenness are charged
against the man.

ROOSEVELT FIELD, L. I.,
Feb. 5 — Captain Frank M.
Hawks set a new transcon-
tinental flight record today
by landing his "Air Express"
at Roosevelt field, at 2:59 p.
m., after an air journey from
Los Angeles.

He made the trip in 18
hours, 21 minutes, and 59 sec-
onds, bettering by more than a
half hour the previous mark
set by Art Goebel and the
late Harry Tucker.

Hawks left Los Angeles at
5:37:30, Pacific Coast Time,
yesterday, and reached here
at 2:59:29 p. m. E. S. T., to-
day.

The end of the flight —
with the new record it estab-
lished — terminated a day al-
most without report of
Hawks. From the time he pas-
sed over Tucson, Ariz., last
night until he circled the
town of Richlands, W. Va.,
at 11:17 a. m. today, appar-
ently to get his bearings, he
had not been sighted.

EL PASO, Tex., Feb. 5 — With
all pilots of the Los Angeles - El
Paso air line instructed to watch
for the plane of Captain Frank
Hawks, transcontinental flier, no
trace of him was reported by any
of the aviators landing at either
the Deming or Lordsburg, N. M.
flying fields today.

NEW YORK, Feb. 5 — Offi-
cials of the Texas company which is
sponsoring Captain Frank M.
Hawks' non-stop trans-con-
tinental flight today said the flier was
expected at either Roosevelt field or
Curtis field, Long Island, about
12:30 p. m. EST.

The company had not heard from
Hawks since he passed over Ariz-
ona early today. They expected
his route would take him over
Ohio and Virginia because of favor-
able condition there.

DEBATE IS HEATED IN THE HOUSE

Election Contest Is Voted

Bill Delayed, Quorum Lack-
ing.

AUSTIN, Tex., Feb. 5 — Hida-
go county's march on the Texas
legislature was frantically halted
late yesterday when the House
voted to dismiss the Hidalgo
election contest and declare W. R.
Montgomery of Edinburg legal re-
presentative of the 73rd district.

The vote was taken on a motion
by Rep. Walter Beck of Tarrant
county. An attempt was made
to amend this and notify the con-
stant E. N. Smith to present
evidence without delay at his own
expense. The amendment was
voted down.

Cost of hearing the contest was
run up to \$200,000 by fervid
speakers against it. Chairman
Sinks of the election committee es-
timated \$25,000.

"Let's tell Smith and those graft-
ers down in the Rio Grande valley
that they are not wanted up here,"
thundered Rep. George Kemble of
Fort Worth.

Less vociferous members said
that the burden was on the con-
stant to produce the evidence in
filing his contest and not the duty
of the legislature.

Coast Guards Dare a Raging Sea to Rescue

Three Times Lifeboat Goes
Through Stormy Water to
Doomed Schooner — Soon
After Crew Saved, Their
Ship Goes to Pieces

ELIZABETH CITY, N. C., Feb.
5 — The crew of the four-masted
schooner Bainbridge was rescued
today by coast guards, who thrice
braved high seas to bring ashore
the eight men on the wrecked ves-
sel.

The Bainbridge, bound for Fur-
haven, Mass., from Jacksonville,
Fla., with a load of lumber, broke
up shortly after the crew was taken
off.

The schooner went ashore before
dawn, snagging on a reef a mile
south of the Nag'shead coast guard
station. In the dim light of dawn,
the rescue was made, the lifeboat
three times plunging through the
heavy surf to the ship, until the
eight men, clinging to the rigging,
were safely ashore.

Captain Adams, master of the
schooner, was injured when a deck
load of lumber shifted and was
taken to a hospital. He was be-
lieved to have internal hurts.

Tooth is Removed from Child's Lung

PHILADELPHIA, Pa., Feb. 5 —
A tooth which had been in the left
lung of Esther Elizabeth Groat, 11,
of Wichita, Kan., for nearly two
months, was removed today.

After the operation at the Dr.
Chevalier Jackson clinic of the
graduate hospital of the Univer-
sity of Pennsylvania, the girl was
resting comfortably. Doctors will
keep her in the hospital for a few
days to watch her condition.

Esther swallowed the tooth in
December when her mother pulled
it with a string.

CHILD, MAN WOUNDED BY GUN SHOTS

Constable Alleged to Have
Had Fist Fight With Nep-
hew — Later, Man Who
Got Iodine for Nephew is
Wounded, Child Struck

HOUSTON, Tex., Feb. 5 — A 9-
year old child and a 43-year old
man were near death from bullet
wounds today following a shooting
about 8:30 p. m. Monday on the
streets of Stafford, a small town
on the Richmond road about 12
miles from Houston.

The child, Peter Cangelosi, son
of C. G. Cangelosi, gin operator
of Stafford, was in a hospital here
shot through the neck.

The man, Ed Chandler, was in
Sugarland hospital. He was shot
through the left arm and the right
side of the chest. The latter
wound was made by a bullet that
crashed through his chest from
back to front.

Deputy Sheriff's Frank Bell and
Tom Davis of Richmond arrested
John Cawthon, night watchman for
Stafford, and placed him in the
Port Bend county jail at Richmond
Filing of charges awaits the out-
come of Chandler's injuries, Bell
said.

About an hour earlier, Cawthon
and his nephew, Jeff Cawthon, had
a fist fight in a pool hall operated
quited down. Chandler went to the
drug store to get some iodine to
put on the skinned knuckles of Jeff
Cawthon.

As he reached Scanlan's garage
on his way back to the pool room,
four shots were fired. Two bul-
lets struck Chandler, two went
wild. One of the latter hit the Can-
gelois child who was playing near
the garage.

STOLE CHURCH FUNDS

Pleads Guilty to Embezzling
\$529,000 — Ex - Baptist
Treasurer's Plea Comes as
a General Surprise but
Seems Pre-arranged.

ATLANTA, Ga., Feb. 5 —
Clinton S. Carnes, former
treasurer of the Southern
Baptist Home Mission board,
unexpectedly appeared in
Superior court here today and
pleaded guilty to embezzele-
ment of more than \$529,000 of
the church's funds. He was
sentenced to from five to seven
years in prison.

The surprise move appar-
ently had been pre-arranged
by both defense and prosecu-
tion.

Solicitor General John Boy-
kin said the former treasurer
had made a blanket convey-
ance of all his property to the
home mission board and that
the sentence was agreed to by
him on recommendation of of-
ficers of the church board.

Dioxide Gas is Cause of Death of Two

Gas Given Off by Gas Stove
Believed Reason for Man
and Wife Dying — Coroner
Conducts Inquest and
Renders Verdict.

DALLAS, Tex., Feb. 5 — The
young married couple found dead
in their little brick cottage here
Monday were victims of dioxide
gas, given off by gas stoves, jus-
tice Ben H. Fly, decided after con-
ducting a coroner's inquest.

The victims, Mr. and Mrs. Tom
Freeland, were found disrobed in
their home by relatives. They had
been dead since Saturday. Mrs.
Freeland was lying on the bed and
her husband was lying on the floor
beside a burning gas stove.

Investigation first centered on
the theory that the couple were
victims of a suicide pact. Stains
on the pillow first believed be-
lieved of mercury led officers to the
theory of suicide. Investigation,
however, revealed this theory to be
erroneous.

Freeland was an ice delivery man.
The couple had been married about
18 months.

Old Settler Tells of Early Days in the County

Pleasant Valley is Dealt With by Isham Lamb Who Came to County in '78 — None of Settlers Wealthy, Each Helped the Others.

By Isham Lamb
Having been a resident of Eastland county from Dec. 24, 1878, and realizing that by the course of nature I am nearing the end of the road, I will attempt to give the readers some incidents of the early days in this part of Texas.

By invitation of the Rev. C. G. Stephens I came to Eastland county in the summer of 1878 to assist him in conducting a series of religious services at Pleasant Valley, where Mangum is now situated. We held a meeting of ten days when most of the preaching was done by the writer. At the close of the meeting we organized a Baptist church with eight members by letter and eight others by baptism. I returned to my home in Corvell county, and in December moved with my wife and mother's family to Pleasant Valley to make a home, arriving on Christmas eve. The ground was covered with sleet and snow which melted off that night only to be followed by another now Christmas day that blanketed the earth to a depth of four inches.

My mother purchased an improved farm, and as soon as the snow melted I began building my little home of one room, 12 by 14 feet, of logs cut from the timber on her farm. The shingles, or rather boards, as we termed them were made of post oak, the native growth, as there was no lumber to be had nearer than Fort Worth, and that had to be freighted through the country on wagons. We used mother earth as flooring and built the chimney of stones, using clay for mortar. The cracks between logs were filled with clay and straw. The building had but one door, the shutter of which was made of dry goods boxes. We had no glass windows but were snug and warm.

On the 12th day of January 1879, the heaviest snow I ever saw in this country covered the ground for over a week. The range was a fine in this section then, and stock of all kinds did well the year round. Pleasant Valley neighborhood was composed of the following settlers and their families: L. P. Liles, Sam Shunon, Josh Ballard, J. A. Lamb, R. V. Fenn, Tom Drake, J. G. Drake, Charles and Dick Mason, A. Waffren, James Parkinson, W. P. Spillers, Mike Broderick, Wm. Armstrong, John Houston, Mrs. Duckworth, Frank Ketchens and S. T. Fetter.

The first school was taught by Wade Morrison, whose home was near Sipe Spring, in Comanche county. The next school was taught by a man named Billups, an Englishman.

Later there were some changes in the population. Frank Ketchens sold his farm to Mr. Lizenbee, the father of Tom Lizenbee, of Cisco. J. A. Lamb sold to Sam Kunkle, a new comer from Arkansas. I want to say right here that Arkansas never made a greater gift to Eastland county than when that state sent Sam Kunkle to live among us. He and his noble wife soon ingratiated themselves into the good graces of the people of Pleasant Valley where they proved to be a blessing to the community. He with his untiring zeal and energy was foremost in every good work.

Mrs. Kunkle was well educated and refined, the daughter of a lawyer of Malvern, Ark. She was an experienced teacher, and became the third teacher of the Pleasant Valley school and left an impress for good that is felt today. She lived but a short time, but was greatly beloved by all who knew her. Mr. Kunkle later married Miss Gordie Curtis, and after living here for several years, he moved to the Panhandle where he died at a ripe old age. He was one of nature's noblemen. No man served his day and generation better than Sam Kunkle. His son, Henry Kunkle, who still lives here, is well known and is a worthy son of a noble sire.

The entire country was open then with little brush, and when a fire got started in the tall grass, with a strong wind, everyone was pressed into service to save our homes.

Up the Leon, west of us, was another settlement, consisting of Colonel Boles, Jack Wheeler, J. P. Montgomery, John Herring, Dick Drake, Tip Saunders, Josh and John Morrison. None of these people took any part in the affairs of Pleasant Valley, either the school or church work.

The Methodist organized a church at Pleasant Valley in 1879. Rev. G. W. Fair was their first pastor, whose home was in Eastland. He and Rev. J. M. Lane were so far as I know, the only Methodist ministers in this part of the country.

We were all poor, like all pioneers, had but little, needed but little. Worked hard, helped to bear each other's burdens, visited each other and ministered unto the sick. If we could not agree we did not discuss the things of which there was a difference of opinion, but

YOUR NEWS IS GOOD

Every item in the North West Ledger is somebody's news. Your next door neighbor, the woman in the house on the corner, or your pastor contribute something about their activities to make up this issue. Because you are interested in what they are doing you are reading the North West Ledger now. They are just as interested in you as you are in them, and you, too, have made news this week, even if it is no more than a "personal" paragraph. Haven't you been a guest at a dinner, at a bridal shower or at some other social affair during the week? Of course you have. Didn't you go out of the city over the week-end? Sure you did. Well that's news — and we want it. Don't be so modest. Even if you are one of the few who claim to have no interest in seeing their names in print — and we doubt that — the others at that party would like to see the news in this paper. Maybe we're off on the wrong track. Maybe you are one of those men who claims his wife wants to take him out at night too much, and what wife doesn't? Well, you're guilty of making news, too. Didn't Joe call you up yesterday and tell you that your neighborhood improvement association was going to meet next Thursday? Didn't your business men's association start that drive for new street lights last week? Why didn't we hear about it? Yes, we know it's the secretary's job, but he is busy and not much good anyway. There's lots of news you would like to see in print, if you'll stop and think a minute. Call us up and give us a "tip," or see that we get a written report of the news. — Chicago, Illinois, Northwest Ledger.

BRUSHING UP SPORTS . . . By Laufer

Don Miller could well rest on his honors as one of the immortal Four Horsemen of Notre Dame, but he is going on, it seems, to even more fame in the football world. He recently gave up his place as backfield coach at Georgia Tech to accept a position in the same capacity at Ohio State. And he didn't accept the offer there until he had considered flattering propositions from Washington and a number of other major institutions. You hear it said frequently that Knute Rockne gets his men at Notre Dame ready-made for him, but Don Miller was a personal product of the great coach. He didn't make his high school team and he failed to make the freshman team at Notre Dame. His brother Jerry hurt in an early game Don might never have had a place with the Four Horsemen. Don was sent in as a substitute in his brother's place and he was a regular from that moment on.

BUILDING RAILROAD

By United Press.
HAMLIN, Tex., Feb. 5 — Actual construction of the roadbed of the 10-mile long railroad that will connect this town with the rich sand and gravel deposits on the Swenson Ranch, north of here, probably will commence Tuesday. The survey has been completed and the right of way has been secured for the road and now workers are awaiting the arrival of grading machinery. Sand and gravel deposits on the Swenson Ranch are said to be the largest in the State. They have an area of more than three sections and the sand and gravel ranges from five to fourteen feet in thickness. It is estimated that if 100 cars of gravel are taken out of the deposit every 300 days, it will take 75 or 100 years to clean out the pit.

Beware of COLDS NOW

whether you've had the FLU . . . or not

This is the time of year when serious colds such as deep chest colds, bronchitis, and pneumonia are always at their worst.

Just now, with so many people in the weakened condition that follows a flu attack, it is more important ever to heed every cold as a danger signal and to promptly before complications can set in.

Quick Direct Treatment
At the first sign of a cold, melt some Vicks in hot water and inhale its healing vapors. Also, some up each nostril and snuff well back. This opens the air passages.

At bedtime, rub Vicks vigorously over throat and cover with a warm flannel. Most colds yield to Vicks two-fold action:

Acts 2 Ways at Once
(1) Its medicated vapors, released by the warm body, are inhaled direct to the inflamed air passages, loosening the phlegm and easing the difficult breathing.
(2) At the same time, Vicks acts through the skin, a poultice, "drawing out" tightness and soreness thus helping the vapors to break up the congestion.

Mothers especially appreciate this simple external treatment because it cannot upset children's delicate stomachs, as so much "dosing" is so apt to do.

ROBINS FLUTTERING

Prospects Not Bright for Wilbert Robinson's Nine

much trouble with his shortstop that he was glad to trade him to the Robins for Jess Petty.

Wright is the most important added strength on the Robin roster, and Petty the most serious loss, unless Dazzy Vance continues in his holdout role. But there are some youngsters in whom the Brooklyn manager has considerable confidence.

Billy Rhiel, former Oglethorpe football and baseball star, is Uncle Robbie's favorite new nephew. He has played the infield and the outfield and has a reputation as a heavy hitter. He may be tried at third base, or used in the outfield if there is a place among such performers as Bressler, Cullop, Herman and Hendrick (none of whom is any too reliable). Max Rosenfeld may win a regular berth as Robbie thinks this rookie is a star.

Gilbert, another youngster, has first call at third base, on the strength of some creditable performances toward the close of the 1928 season, while Bissonette at the initial sack proved himself one of the most useful of all the first year men of 1928, a heavy hitter who may make a name for himself on the attack.

Behind the bat, the Robins will be unusually weak, having only Dobberty, Henline, Gooch and a youngster known as Alonzo Lope, who already looks quite as capable as any one of the fading veterans.

The pitching staff has not been improved and has lost Petty. Altogether, 1929 does not hold out much hope for the Robins. Their probable squad will include:

Pitchers — Vance, Elliott, Ehrhardt, Moss, Clark, McWeeny, Balbon and Keupal.

Catchers — Deberry, Lopez and Henline.

Infielders — Bissonette, Flowers, Rhiel, Wright, Bader and Gilbert.

Outfielders — Bressler, Cullop, Frederick, Hendrick, Herman, Lee and Rosenfeld.

BRUSHING UP SPORTS By Laufer

TOMMY LOUGHRAN

The prospect of witnessing Jack Sharkey and Young Stribling fight for what the Madison Square Garden Corporation deems the boxing fan with a very sour taste in the mouth.

Especially so, when on the sidelines sits Tommy Loughran, light-heavyweight champion, whom many believe could easily whip the job and the cautious southern aviator in the same ring.

Just why Tommy has been left completely out of the mixup to establish a new champion is a mystery, when one considers the ring achievements of the entries.

Sharkey has successfully demonstrated in his fights with Risko, Heeney, De Kuh and Christner he is the world's worst in-and-outter and his one-round knockout of Jack Delaney didn't fool anybody. Surely he would not be a champion you would tell your grandchildren about.

Two years ago it was generally accepted Young Stribling was a burned-out fighter. His recent string of sensational knockouts at the expense of small-town piano movers doesn't change the minds of the boys that know their leather goods.

SNOWSLIDES SLOW TRAFFIC

By United Press.

SAN FRANCISCO, Feb. 4 — Week end storms, which seriously delayed railroad traffic, were blamed for three deaths in California.

Three Southern Pacific trains were delayed approximately six hours by the storm. A landslide south of here necessitated transfer of railroad passengers to motor busses. Airplane schedules were disrupted.

The Shasta limited, Southbound, and the West Coast limited, were held up while supports of a bridge over Red Bank creek were strengthened. A slide 15 feet deep covered 60 feet of track between Santa Cruz and Glenwood.

Ed Hoffman, 38, was burned to death and 11 passengers were injured when a bus overturned and burned near Redding. William Beel and Pat Lyon, were killed at Santa Cruz during a blinding rain storm.

IT'S A QUEER OLD WORLD

Greenville Banner

It's a queer old world when one pauses to consider the comedy, tragedy and pathos of life.

Take just for an example, there are nine persons out of ten, who will emphatically declare that you could not induce them for love or money to take a little airplane ride yet these same nine persons will approach a blind or even open railroad crossing without even stopping to ascertain whether a train is approaching.

Nine of the ten will tell you that "you'll never see my name in a headline as being a victim of an airplane crash," but those same persons will take their families for a ride and not only endanger their own lives, but those of their family as well, by driving their car onto a grade crossing in the path of a fast approaching train.

While of course there are more grade crossings and more persons crossing them than there are planes in operation, yet the death list for crossing crashes is far out of proportion to the number killed in plane accidents.

Keep Your Stomach Young and Sweet

Every bite of food you eat MUST be digested, and the waste matter eliminated. That's sure. If your stomach is sluggish and old, from the excessive acids which keep eating away the gastric juices, you must dissolve them, or you never will be free from indigestion, sour risings, bloating and drowsiness after you eat.

Get a package of Pape's dipepsin from your nearest drug store and chew one of the tablets after meals. Instantly the distress is relieved, it dissolves the acids, sweetens the stomach and you will have an appetite again like you had when a child.

All drug stores have Pape's dipepsin. More than 5 million packages are used a year.

Cantonwine Loses to the Champion

By United Press.

NEW YORK, Feb. 5 — Gus Sonnenberg, heavyweight wrestling champion of the world, last night defended his title successfully against Howard Cantonwine Iowa, pinning the Westerner's shoulders to the mat in 37 minutes and 53 seconds before a small crowd at Madison Square Garden.

The same "flying tackle" that resulted in the downfall of Ed Lewis and gave Sonnenberg the title enabled the former Dartmouth football player to retain his crown. He caught Cantonwine with the tackle shortly before the end of the bout and won with a cleanly executed scissors and headlock.

ST. ED'S COACH GOES TO RICE

By United Press.

HOUSTON, Tex., Feb. 5 — John F. (Jack) Meagher, head football coach at St. Edwards University, Austin, has been engaged as head coach at Rice institute and will report to the institute campus about Feb. 20. This announcement was made today by J. T. McCants, chairman of the Rice institute athletic council.

Meagher was mentioned as a possible member of the Rice staff at time of Claude Rothgeb's retirement a few days ago. Meagher, former student of Knute Rockne, will bring to Rice many of Notre Dame's tricks. He will be in charge of football, and, along with other coaches, will make up the staff which is expected to put the Owls on the athletic map.

Chief officer Harry Manning says: "Reach for a Lucky instead of a sweet."

"WHEN I climbed aboard the 'America' after those cold, strenuous hours getting the men off the freighter 'Florida,' there was nothing I wanted so much as a Lucky—'By George,' it tasted wonderful! A Lucky is always refreshing. My tense nerves relaxed, my aching throat was soothed and the whole thrilling adventure just seemed a part of the day's work. As time goes by, and as I look back to that memorable night, I'll always remember the wonderful taste of that welcome Lucky. As I went around to visit the men we'd rescued, I found many of them enjoying Luckies, too. We really couldn't wait to get back to our ship and 'Luckies.' As an actual fact in returning to the 'America' I noticed one of our men* rowing with one hand and lighting a 'Lucky' with the other. There's no flavor to equal toasted tobaccos, and I always prefer Lucky Strikes. There's wisdom in the saying: 'Reach for a Lucky instead of a sweet.' It helps a man to keep physically fit and we who follow the sea must always be prepared for any emergency."

*The man mentioned by Chief Officer Manning was Boatswain's Mate Aloys A. Wilson.

Authorities attribute the enormous increase in Cigarette consumption to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during the year 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This surely confirms the confidence in the quality of Lucky Strike.

Took Cookies, Tells of Torture

Betty Hinkle, 6, was her own best witness when she testified against Mr. and Mrs. Allen E. Robertson, her foster parents, of Camden, N. J. Ten of the jurors were women, and to them Betty showed scars and burns alleged to have been inflicted by the Robertsons. She had been beaten with a belt buckle, burned and hung by her wrists

The nominating committee made their report, and named Mrs. M. C. Hayes, for president; Mrs. G. W. Homer, vice president; Mrs. Frank W. Courts, second vice president and program secretary; Mrs. J. I. Ashley, recording secretary; and Mrs. C. M. Hardin, treasurer, report was adopted by vote.

The retiring officers of the Auxiliary have left a record that will be hard to eclipse, in their year of service in the Auxiliary, and have left neglected no duty, however small or unimportant that came within the scope of their office.

Under the regime of Mrs. G. E. Cross, the present all day meetings in the church have been established with the contributing luncheon at noon.

This small and close association has effected a harmony in the church personnel that is easily recognized.

CHRISTIAN MISSIONARY SOCIETY:

The Missionary Society of the Christian church presented a very complete and delightful program yesterday afternoon, which opened with the hymn, "In The Cross Of Christ I Glory."

Mrs. James A. Beard was leader and the addresses on Latin America, Mexico, and the Missions were well prepared and informative.

The unmeted woman as a subject, was thoroughly discussed. Mrs. Fred Davenport the president, requested each member to read the book of Mark, through the month of February. This is a part of the church program required by the Mission Board.

METHODIST MISSIONARY SOCIETY:

The Women's Missionary Society of the Methodist church, held their usual monthly business ses-

sion yesterday afternoon, with a very good attendance considering the misty, slippery weather.

The session was conducted by Mrs. Luther Bean, the president, who led the devotional, the One Hundred and Third Psalm. The hymn, in unison, "Close To Thee," followed.

Mrs. B. E. McGlamery was at the piano for the service. Mrs. W. P. Leslie closed this period with prayer.

The reports of the officers were submitted, showing an increase of work, and growth along all lines. Bible study is now held twice a month, instead of once. The teacher is Mrs. S. P. Rumph, well qualified for this work.

The Society is now studying Spiritual Adventuring. These present were Mmes. L. A. Constable, W. H. Mullins, Finner W. G. Keith, Fred L. Drago, B. E. McGlamery, Iola Mitchell, Frank Castleberry, Mary Hughes, June Kimble, W. P. Leslie, Sam Day, J. A. Caton, and Luther Bean.

W. M. S. BAPTIST CHURCH:

The Women's Missionary Society of the Baptist church held their usual meeting in their temporary quarters, yesterday afternoon, with Mrs. Clyde Garrett, president, in the chair.

The session opened with the hymn, "Blessed Assurance," and the reading of the Ninety First Psalm as devotional closing with prayer by Mrs. W. T. Turner.

The Society voted to devote February 21, from 9 a. m., to 4 p. m., to the missionary, "Tale of Two People," with Mrs. Turner as teacher and Mrs. Carl Springer as assistant.

The organization voted also to defray the expense of the materials to the used in making one hundred cup towels for the new church and napkins for the home, by the Sunbeam Band.

The Eastland Society won the banner at the Workers Conference on January 28 for having the greatest number in attendance.

Some reports were submitted by officers, including that of Mrs. A. J. Campbell, for the Sunbeams and Mrs. P. L. Parker, who presented an interesting account as chairman of benevolences, of two fully packed boxes sent to Buckner Orphan Home and many other gifts to charity.

The Society will hold Bible study in the church next Monday afternoon.

Those present were, Mmes. Colvin, Olin Norton, Nora Andrews, S. C. Walker, A. J. Campbell, John Mays, Frank Lovett, P. L. Parker, J. S. Grisham, Earl Dick, John Norton, Clyde L. Garrett, J. A. Crouch, W. T. Turner, Norton, Jess Seibert, Clyde L. Garrett, Conley and John Matthews.

MRS. TOWNSEND ENTER-TAINS MEDICAL AUXILIARY:

The Eastland Women's Auxiliary to the Eastland County Medical Association was entertained by Mrs. E. Roy Townsend, at her attractive home yesterday afternoon, a date not announced but hurriedly arranged in honor of Mrs. J. L. Johnson, now of Lubbock, who was

Their Wedding Is Event of Season

Society leaders from several cities were present and nearby traffic was tied up for hours by the curious crowds when Henry Huddleston Rogers, Jr., of New York and Miss Virginia Lincoln of Cleveland were married at the First Unitarian Church in Cleveland. Among the guests was Millicent Rogers, the former Countess Salm, sister of the bridegroom. The bride is the daughter of a Cleveland physician.

spending from Friday to Wednesday in Eastland with her husband, Dr. J. L. Johnson.

Mrs. Johnson has located in Lubbock, on account of her four daughters who are in the Texas Tech. and she will probably be there until their college course is completed.

"Forty two" was the diversion of the afternoon, and two tables were prettily appointed in patriotic colors for the game. Tallies and score book covers were in the flag designs, and tiny silk flags topped the salad plate which were served at the tea hour.

The Society will meet the first Wednesday in March with Mrs. E. D. Townsend at 2:30 p. m.

Those present were Mmes. J. L. Johnson, L. C. Brown, E. D. Townsend, W. S. Poe, J. H. Caton, H. B. Tanner, E. Roy Townsend, and Mrs. C. D. Knight, a guest of the Auxiliary.

"SWEETHEART" DINNER:

Who is going to be your "Sweetheart" for the February Twelfth Dinner? Will it be mother, or father, or will it be some pretty girl or some very dear man?

No matter the choice, remember, "Sweethearts" are expected at the dinner to be given by the High School Parent Teacher Association under their patronage on Tuesday, February 12 just one week from today.

There will be music and more music, flowers, pretty talks, and a beautiful program, that will neither be long nor tiresome, all arranged under the direction of Mrs. B. E. McGlamery, assisted by Mrs. R. J. Raines.

MOTHERS now learn value of MAGNESIA

Because it is so helpful in keeping babies and children healthy and happy, every mother should know about Phillips Milk of Magnesia. This harmless, almost tasteless preparation is most effective in relieving those symptoms of babies and children generally caused by souring food in the little digestive tract, such as sour-belching, frequent vomiting, feverishness, colic. As a mild laxative, it acts gently, but certainly, to open the little bowels in constipation, colds, children's diseases.

A teaspoonful of Phillips Milk of Magnesia does the work of half a pint of lime water in neutralizing cow's milk for infant feeding, and preventing hard curds. Its many uses for mother and child are fully explained in the interesting book, "Useful Information." It will be sent to you, FREE, Write the Phillips Company, 117 Hudson St., New York, N. Y.

In buying, be sure to get genuine Phillips Milk of Magnesia. Doctors have prescribed it for over 50 years. "Milk of Magnesia" has been the U. S. Registered trade mark of the Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1875.
