nee Judy Carol Taylor

## Judy Taylor, Rickey Harrell Exchange Vows In Candlelight Ceremony

Miss Judy Carol Taylor and James Rickey Harrell, both of Abilene, were united in marriage during a candlelight ceremony at the First United Methodist Church in Eastland on Saturday evening, November 9, 1974, at 7:00 o'clock.

The Reverend James E. Merrell, Minister of Grace United Methodist Church of Abilene, assisted by the Reverend Ben Marney, Minister of the First United Methodist Church of Eastland, officiated during the double ring ceremony.

Vows were exchanged before an archway formed of white columns supporting the white wrought iron arch which was blanketed with leather leaf and sprinkled with yellow carnations. On either side stood large white columns holding Grecian urns filled with arrangements of yellow carnations. Flanking the archway were white wrought iron cathedral candelabras bearing alternating yellow and white tapers. Spiral candelabras holding yellow and white tapers, framed the background.

Wedding guests entered through a lacy white wrought iron archway entwined with leather leaf and yellow carnations. Each pew was marked with a yellow satin bow and centered with yellow and white carnations. The wall containers also were graced with the yellow satin ribbons and carnations.

Durel Reid, organist, and

Mrs. O.O. Odom III, pianist, accompanied Don Nicholas, who sang "Twelfth of Never". Other musical selections included the theme from "Love Story", which was played just prior to the traditional processional "Bridal Chorus" from Lohengrin, and was repeated following the ceremony after the majestic recession from the Mendelssohn's "Midsummer Night's Dream".

Miss Glenda Hoertsch was her sister's maid of honor and Miss Kathy Ledbetter of Pampa served as her cousin's bridesmaid. They wore identical gowns of maize organza with single ruffles marking the high rise necklines. Graceful long sleeves complimented the empire bodices and the demi-bell skirts. Maize organza bows holding streamers accented with lillies of the valley formed their hairpieces. The attendants carried nosegay type bouquets centered with one yellow carnation and surrounded with white carnations. The satin streamers were yellow and white.

James Travis Harrell served as his son's best man, James Eidson was groomsman, and the ushers were Rickey Honea and C. Wayne Hoertsch, stepfather of the bride.

The bride, who was escorted and given in marriage by her Godfather, James K. Golden, chose an original gown of exquisite chantilly lace designed with a single ruffle

marking the high rise neckline and edging the traditional long fitted sleeves. Emphasis was on the bouffant skirt which was formed of cascades of lace tiers and featured a chapel train. A pearl crown held the chapel length veil of net bordered with lace and accented with a blusher veil. She carried a round bouquet centered with white carnations and surrounded by yellow carnations. Lace and yellow satin streamers were featured.

For her "something old", the bride wore a diamond pendant, which had been a gift from her aunt, the late Mrs. U.V. Seales. Her handmade blue garter was a gift from Mrs. W.S. Poe and the sixpence, which she wore in her shoe, was a gift from Miss Verna Johnson.

As the couple left the altar following the ceremony, the groom presented a yellow carnation to the bride's mother, Mrs. C.W. Hoertsch, and the bride presented one to the groom's mother, Mrs. James Travis Harrell. The mothers' corsages were fashioned of white carnations and pale yellow ribbons. The Reverends Merrell and Marney escorted the mothers during the recession.

The reception was held in the fellowship hall of the church immediately following the wedding. The L-shaped bride's table was laid with a white lace cloth with double tiered ruffles of white miramist reaching the

floor. Yellow satin ribbons draped the tiers and were caught up at intervals by yellow satin bows. The centerpiece was a lovely arrangement of yellow carnations, baby's breath and yellow candles in an elegant silver and crystal candlestick epergne. On either side of the centerpiece stood silver three-branch candelabras bearing yellow tapers. The wedding cake was a four-tiered confection of white lavishly decorated with yellow bows and flowers. It was topped by a cluster of yellow satin wedding bells. Mrs. Virginia Weaver Russell and Mrs. Fred Brown alternated in serving the cake. Mrs. Bobby D. Mueller and Mrs. David Foster of Abilene alternated in serving the lemon punch from the silver punch bowl. Mints and nuts were served from silver compotes.

The groom's table was laid with a solid yellow knit tailored cloth edged in white cord, and centered with an arrangement of fall flowers in a silver and crystal epergne. Silver candelabras, holding yellow tapers, glowed on either side of the centerpiece. Mrs. Marcus O'Dell and Mrs. Marene Johnson-Johnson alternated in presiding over the silver coffee service. Nuts and mints were served from a small silver wagon. The groom's cake was German sweet chocolate and was topped by a reluctant miniature groom pursued by a miniature bride. Mrs. Charles A. Simmons and Mrs. Bill Walters Jr., aunt of the groom, alternated in serving the cake.

Miss Theresa Dudley of Llano, cousin of the groom, presided over the bride's book, where guests registered with a white quill pen. The table decorations repeated those of the bride's table only in miniature.

The walls of the reception rooms were dotted with white satin cupid and hearts, and the screens were draped with white net sprinkled with white satin hearts. On the piano stood an arrangement of yellow roses in a white cupid vase flanked by cupid candelabras. A large white net bow personalized with the couple's names graced one wall. Small service tables placed at strategic points in the room were laid with yellow lace over satin and were decorated identically with white vases of lillies of the valley flanked on either side by matching candelabras. The small vases and

candle holders were adorned with white satin hearts. Personalized satin hearts at focal points completed the decor.

Other members of the reception house party, who assisted with serving were Mrs. William L. Bourdeau, Mrs. W.D. Brown, Mrs. Homer Sanders, Mrs. Gene C. Boney, and Mrs. Marshall Cooper of Whiteface. Billy Harrell Bourdeau and his sister, little Miss Suzette Aliceanne Bourdeau distributed yellow net bags tied with white satin ribbons to the reception guests.

When the couple left for their honeymoon trip to Hawaii, Mrs. Harrell was wearing a pastel blue and gray suit with black accessories. Her corsage was fashioned of yellow and white fringed carnations. The bride is a graduate of Eastland High School and Draughton's Business College. She is employed by the West Texas Utilities Company in Abilene.

The groom is also a graduate of Eastland High School and is a graduate of Hendrick Memorial Hospital Licensed Vocational Nursing School. He is employed at Hendrick Memorial Hospital.

The couple will make their home at 3110 South 11st Street in Abilene.

Among out-of-town guests who registered at the reception, were the following: Mr. and Mrs. Bill Golden of Wildcat, Oklahoma; Mr. and Mrs. G.W. Garrett of Denver City, Mr. and Mrs. Henry W. Hill of Breckenridge, Miss Cindy Bugg and Miss Kathy Ledbetter of Amarillo, Mrs. Vernon Honea and Kim Honea of Cisco, Gary Mathis of Oden, Reverend and Mrs. James E. Merrell, Tina Crowder, Nona Crowder, David Harrison, Mr. and Mrs. Amos C.H. Ray, Mr. and Mrs. Dick Brooks, Grey and Stephanie, Mr. and Mrs. J.B. Jordan, Mrs. David Foster, and Miss Rebecca Goodman, all of Abilene; Mr. and Mrs. Neal Martin of Rotan, Mr. and Mrs. J.R. Bettles, Jennifer E. Bettles and Melissa Bettles of Fort Worth, Mr. and Mrs. William L. Bourdeau, Billy Harrell Bourdeau, Aliceanne Bourdeau, Mrs. Beverly S. Daffern of Marble Falls, Mrs. Shelley Siebert Montgomery of Henrietta, Mr. and Mrs. Herman Foust of Valley Mills and Mr. and Mrs. O.R. Harrell of Fort Worth.

# GORDON SPOT

BY DE GORDON

Clear skies and dry winds were welcomed last week in Eastland County as peanut growers got back into the fields to resume harvest. Harvesting activities began Tuesday although many fields were still too muddy to support the equipment. Some buying stations reported that all their drying trailers were full by Wednesday night.

Rains during the past few weeks had stopped all harvesting activity and had caused some yield and quality losses. County Agent De Gordon estimates that about 25,000 acres of peanuts were still in the fields when harvesting resumed last week. Some peanuts had been dug and were on top of the ground. Some were still in the ground, but had no leaves. Still others were in the ground and had some green foliage. Gordon believes those in the ground with no leaves would have the greatest damage and yield losses. Many of these pegs will break leaving the peanuts in the soil.

The final value of this year's crop will depend on the weather for the next two or three weeks. Gordon believes harvest could

be completed by that time if wet weather does not further delay harvesting.

In 1973 Eastland County farmers harvested 35,600 acres of peanuts and the yield average was about 1462 pounds per acre. This year's planted acres totaled a little less than 34,000 acres. Agricultural officials in the county estimate that the yield this year will be about 20 percent less than last year's yield if there is no further damage by the weather.

The first killing frost occurred Friday morning just about on schedule. The average date of the first killing frost in this area is Nov. 14. The frost should cause no real problem to the peanuts since most leaves are falling already and peanuts will be dug as soon as growers can get the peanuts out.

Growers who produce seed peanuts must field dry the peanuts in burlap bags. Gordon said it was very difficult for these growers to leave the sacked peanuts in the field during all the wet weather. They had to turn the sacks over every few days. Peanut buyers were afraid that many seed growers would lose patience and bring the sacked peanuts in for artificial drying which could result in a serious seed shortage next year.

## 10 New Telephone Design Line Models Offered Customers By Bell

Design Line telephones - new decorative sets manufactured in a variety of styles and colors - will be available to local residents beginning Nov. 23, 1974.

According to Mrs. Burnice Gorr, Manager for Southwestern Bell, customers will be able to choose from 10 Design Line models. She said purchasers of the sets will own the housing, or shell, outright. The telephone company will own and maintain all the working parts - dial, cord and electrical components.

"Under this arrangement, we'll be able to maintain the quality of service by making sure the inner parts work correctly with the telephone network," Mrs. Gorr said.

She stated that the shell of each Design Line phone is under warranty for six months after initial purchase, then the customer becomes responsible for repairs. Any necessary repairs of the working parts will be performed, without charge, by the telephone company throughout the life of the instrument, Mrs. Gorr said. Cost of the 10 phones ranges from \$50 for the "Exeter," a contemporary phone with several appliques available, to \$135 for the "Stowaway," a

phone concealed in a wooden chest. The "Candlestick," a reproduction of an old-fashioned phone with a hanging receiver, sells for \$60.

Mrs. Gorr said customers have the option of being billed for the full purchase price of a Design Line phone or spreading

payments over two, three, four or five months without interest or carrying charges.

In addition to the initial purchase price and installation charges, Mrs. Gorr said, Design Line customers will be billed the monthly extension rate if the set is used as an extension, or the basic monthly service charge if the set is installed as a main telephone.

**Does a 60-watt bulb use 40% less electricity than a 100-watt bulb?**

It does indeed. It also lasts longer. But it produces less light.

If you aren't concerned about lighting an area brightly, like in a hallway or entrance, you'll use less electricity by using a 60-watt bulb.

For hard-to-reach places, a smaller wattage bulb will be a help to you. Since it lasts a lot longer, you won't have to bother with changing it as often.

When it comes to reading, studying, sewing or working, you'll undoubtedly want and need more light. A 100-watt bulb will give you twice as much light as a 60-watt bulb, but it uses two-thirds more energy and has one-fourth less life.

The rule of thumb in lighting is that you give up one advantage to gain another. The less light a bulb gives, the longer its life. The more light a bulb gives, the shorter its life. Energy use goes up as the wattage goes up.

You'll find lighting and other tips for using electricity wisely around your house in a free booklet we're offering.

To get a copy, call or come by Texas Electric Service. Electric; or request one on the comment portion of your electric service bill.
