Trade at Home—

... is a challenge to shoppers that has plagued business men for years. It looks like a good idea and is. "Can't get it here" is a reasonable answer if wholly true, but too many of us do not try. If we all tried hard enough "to get it here" what a town this would be! Money spent at home usually stays and helps build up our community. If it's insurance your local agents have it—all kinds—and the best that money can buy. Try us and see.

Nell Urban Elected President EHS Future Homemakers Club

Eastland High School Future Homemakers of America elected officers for the year at a meeting Tuesday at the school.

Patricia Fuller and Rebecca Graham gave characteristics of a good leader and of a poor leader; Linnett Capers and Jean Burrow gave the characteristics of a good and a poor member, and Nell Urban and Miss Loretta Morris, home economics teacher, gave questions and answers concerning FHA.

The group voted to hold its

meetings the first Tuesday of each month.

Officers elected follow: Nell Urban, president; Ellan Joy Walker, vice president; Dot Gibbs, secretary-treasurer; Nancy Owen, reporter, and Sandy Taylor, historian.

Others present were Bobby Love, Garland, Laura Harris, Jackie Fargrett, Olivia Holman, Laverne Akers, Galia Walters, Mainelle Cole, Glenda Cowart, Sandra Potts, Patsy Rosser and Evelyn Jordan.

Hospital Auxiliary Rummage Sale Nets \$152; President Pleased

The weekend rummage sale sponsored by the Eastland Memorial Hospital Auxiliary netted \$152, announced Mrs. Jack Frost, general chairman of the project.

Mrs. Ben Hamner, president of the auxiliary, said she was gratified at the support for the rummage sale and expressed deep appreciation for the help of all citizens who brought their rummage, all committee chairmen, committee members, others who graciously volunteered their help and to Art Johnson and H. P. Pentecost, realtors, who arranged for the use of the building.

The rummage sale is the annual fund raising project of the hospital auxiliary; and funds thus made formerly were used toward buying new equipment for the hospital. However, more recently the money has been spent, insofar as it will go, for improvements to the hospital grounds. Most of it will be used for this purpose, auxiliary officials said, until the beautification of the grounds is completed.

EHS Band —

(Continued From Page One)

Charlotte Vaughn, Wayne Dodson and Richard Connell.

In bringing back their horns and reed instruments, the sheriff is going to make a bunch of EHS Band youngsters mighty happy. During the interim, Bandmaster Gill has made such temporary arrangements as to switch about the instrumentation slightly and, also, borrow instruments from generous citizens.

The band had set up a candy sale benefit prior to the finding of the stolen instruments and will go forward with it, the merchandise having arrived, and proceeds going to either the instrument fund or the uniform fund.

In any event, the band's appearance at the Friday night game will be a pepped-up performance.

HERE'S HOW — Dress uniforms for ceremonials such as the Changing of the Guard at Buckingham Palace, feature these 20-inch-tall shakos, not worn as part of a British service uniform since 1880. Nearly as old as the traditional headgear is the question: "How can the guards see while wearing those things?" Maj. Alistair Ritchie of the Queen's Own Scots Guards, now making a United States - Canadian tour, reveals the secret. There's plenty of vision between combed-out hairs which fall across the eyes.

AROUND the TOWN

By Fay

By the Telegram office looking at the various local pictures in the windows Wednesday afternoon were 4-year-old VICKI MARENE KING, 4, and their mother, MRS. BOB KING; SHEILA KAY SNEED, 8, and MARTHA SUZANNE SNEED, 4, and their mother; MRS. R. M. SNEED ... and darling children they were.

Did you ever see anything so cunning as Vicki Marene, Maverick Cheer Leaders' mascot, dressed just like the cheer leaders and going through their routine at the football games — doing her best to imitate the big girls? She is MARENE JOHNSON'S namesake.

Which reminds us — TONIGHT IS THE NIGHT OF THE STYLO-RAMA — at the Majestic Theatre at 7:30 ... when the Maverick Cheer Leaders will appear, models for Altman's and Anderson's will promenade in the latest fashions, the hostesses will be gowne in oriental costumes, the stage setting will be characteristic of the Orient, and a CinemaScope movie, printed by Technicolor will be presented.

The movie was filmed in Spain — an example of how the world has shrunk so that crews and off to exotic corners of the globe to film today's productions.

The Ranger Beta Sigma Phi is planning to attend in a body. Let's all go to the STYLO-RAMA!

An orchid to MRS. H. C. CROOM, whose picture appears in today's issue, for her long and faithful volunteer service to the Red Cross, receiving her 35-year pin recently ... and next year she will receive her 50-year pin in the Eastern Star!

Who was the young man of 25 years ago in last Sunday's Telegram in the "old-car picture series" being run in The Telegram every Sunday by JIM (Seiberling Tire) HORTON? Everyone has been asking us and we don't know and if we did we wouldn't say because I wouldn't be fair.

Couple we ate with last night at a cafe said they thought the man was a MR. JESSOP who used to work with JIM about that time and they had heard others say they thought so, too.

Until we read the cutlines, we had a hard enough time identifying the car of 25 years ago, a Chrysler 75 coupe, without figuring out the man changing the tire. Please, Jim, make them a little easier and give us a little more time to talk about the situation.

Monday morning is too soon. Let's make it about Friday ... by that time we may have it figured out (after a dozen or so tips) and get that five gallons of gasoline free. ... Forgot, we would be disqualified, though. ... Fun, anyway, to hear folk who have been here a long time discuss various persons as possibilities.

See you at the Eastland Maverick-Merkel Badgers football tussle at MAVERICK STADIUM FRIDAY NIGHT!

Camp —

(Continued from Page One)

here, selling teams will leave from this point at 5:30 Monday, and people wishing to buy globes can also get them there.

Every penny taken in from profits of the sale will be used to send crippled children to the camp, which has been designed so they can enjoy it.

Other members of the sales committee besides Wright are W. K. Cooper, John Goode and Harold Reese. Every Lion in town is a salesman.

More Scrap Today - More Steel Tomorrow

— DEFINITION OF SCRAP —

"Dormant" scrap is defined as obsolete machinery and equipment—tools, jigs, dies and fixtures, including items that are broken, worn beyond repair, dismantled, abandoned, or in need of parts that are no longer obtainable. It is processed by scrap dealers and shipped by them to steel mills and foundries.

Scrap is commonly purchased by mills and foundries according to the specifications. These specifications include 8 different classes of scrap for blast furnaces, 26 classes for use in basic open-hearth furnaces, 17 classes for open-hearth use, 5 classes suitable for electric furnace melting, 13 classes for foundries, 3 classes for converter converters, and 2 classes for miscellaneous purposes.

We are equipped to prepare and ship all scrap to the specifications of the consuming mills and foundries.

(NOTE: The price the dealer receives for his scrap is FOB the consuming point. The dealer purchases unprepared scrap, and prepares it in the grades mentioned, and ships it. Therefore, the local price paid by the dealer for scrap must necessarily be somewhat lower than the price posted by the mills and foundries. It is his only margin of profit.)

NEVERTHELESS, THE PRICE WE PAY FOR YOUR SCRAP TODAY IS HIGHER THAN AT ANY TIME SINCE THE WAR, AND THE TIME TO SELL IS NOW WHILE THESE PRICES HOLD UP.

BRING US YOUR SCRAP TODAY!

Record Newspaper Ad Campaign Set For 1956 Dodge

DETROIT, Sept. 29—Selection of a record number of newspapers to be used in launching the 1956 Dodge advertising program was announced today by Jack W. Minor, Dodge sales manager in charge of advertising and merchandising.

"Every important daily newspaper across the nation will carry the 1956 Dodge model announcement advertisements beginning Oct. 6," Minor said.

"The response of our dealers and members of the press at our preview meetings has been tremendously enthusiastic, and we expect to support our field organization and sales force with every advertising, promotional and merchandising tool at our command."

South Ward P-TA Opens Season; Mrs. Jameson Explains Course

The South Ward Parent-Teacher Association held its first meeting of the year Tuesday afternoon at the school with the president, Mrs. J. C. Whittington, presiding.

The medical doctors of the city have been scheduled for volunteer lectures by Mrs. Jameson and these lectures will be given by a different doctor at each meeting.

The Study Club meetings will take place from 9:30 a.m. to 10:30 a.m. the first Thursday of each month at the Texas Electric Conference Room.

After the business meeting each mother went to her child's room where the teacher explained what was expected of the child in that particular grade and outlined the year's work.

See Old Friends While In Valley For Dist. Meet

While Mr. and Mrs. Ben Hammers were in McAllen for the South Texas District meeting of the Texas Funeral Directors Association, Thursday through Saturday, they visited briefly at Alamo, near there, with Mr. and Mrs. Sam Gamble, formerly of Eastland.

The Hammers were at the Casa de Palmas Hotel at McAllen during the convention, which they reported as extremely enjoyable and the Valley as hospitable.

One of the entertainments was a supper in Reynosa, Mexico, near McAllen, for those attending the regional meeting.

An important point about stock car racing that may not have occurred to you:

The safer car wins... and Chevrolet is the big winner

Auto races aren't won by brute horsepower. Roadability, acceleration, precision steering and stamina—the very qualities that make a car safer for you—are the keys to victory on the track!

Faster acceleration means safer passing Chevrolet's cannonball acceleration has punched past many a bigger car to victory.

Easier, super accurate steering Nimble is the word for Chevrolet. But you don't have to see them in action on a tight quarter-mile track

to judge how they make other cars seem clumsy. You can feel that yourself in the press of traffic, and sense the feather-light precision of Ball-Race steering in every curve.

More stability on curves Chevrolet's famous stability means money in the bank to the race driver—it lets him roadside through turns faster and smoother.

The ability to slow down and stop quickly and smoothly Those big 11-inch brakes have averted many a disaster in the close-packed battle of racing.

- A growing list of Chevrolet victories in stock car competition: FAYETTEVILLE, N. C., BELMAR, N. J., COLUMBIA, S. C., CEDAR RAPIDS, IOWA, YOUNGSTOWN, O., BALTIMORE, MD., ATLANTA, GA., FLOYD, VA., JERSEY CITY, N. J., WINSTON-SALEM, N.C., CHICAGO, ILL., MINOT, N. D., PITTSBURGH, PA., GRAND FORKS, N. New -

(Continued From Page One) ber of models to 13, Mercury for 1956 has extended to the Monterey and Custom series its low-silhouette styling pioneered last year in the Montclair. The new Monterey and Custom coupes are almost two inches lower than last year. In addition, the regular Monterey four-door sedan and the Custom four-door and two-door sedans are lower than previous models. A newcomer to the Custom series is the lower-priced "Medalist," a two-door sedan with less elaborate ornamentation than the regular Custom two-door.

Hudson invites everyone to visit his showrooms at their earliest opportunity and take a look at the new Mercuries and to see all the outstanding new features for themselves.

Movie To Follow Is Historical Romance of The Spanish Inquisition

The CinemaScope 20th Century Fox movie to follow the Stylorama program is "That Lady" starring Olivia de Havilland and Gilbert Roland. Produced in Spain—an exotic corner of the globe—the drama recounts the reckless romance at the court of the religious fanatic Philip II of Spain in the 16th century—one of the most puzzling episodes in the history of Spain.
