

BABY MURDER Baffles Police

Continuance of Fritz Trial Asked

VENIREMEN ARE EXCUSED BY JUDGE

By United Press.
ANSON, Texas, Nov. 21.—Veniremen in the case of Bill Fritz, charged with murder in the slaying of D. W. Hamilton and his son at Rochester, were excused until 2 o'clock this afternoon to allow the defense time to prepare a motion for continuance.

Hamilton and his son were shot down one night at their home in Rochester after a man called them out of bed. Evidence furnished by the son to county authorities who were conducting an investigation of bootlegging activities in the county was said to have led to the shooting.

WASHINGTON LETTER

By Rodney Dutcher
Washington.—Hoover may turn out to be a better or worse president than Coolidge, but it is pretty certain that he is going to be different. His forthcoming South American visit encourages those who believe he will make a new type of chief executive and that the change will be all to the good.

Few things could do more to strengthen our interests in this hemisphere than Hoover's trip. It is a master stroke. Latin America is an important prop to our prosperity, and the least resistant field in our war for world trade. Hoover now appears to have meant what he said when he insisted during the campaign that there were some things a president could do about prosperity.

Some time between now and inauguration a brief checkup on the sort of president Hoover is likely to make, based on past performance may be in order. Now that the embers of partisanship are only smoldering, this may be as good a time as any. Let's enumerate, first for better and then for worse, in a thumbnail analysis.

1. Hoover will enter the White House with greater potentialities than any president within memory. His background of achievement goes far outside that of Harding or Coolidge. It transcends that of the cloistered, scholarly Wilson. It affords high hope that Hoover will always put the interests of the nation above that of party.

2. There have been innumerable instances of a personal humanity about Hoover which suggest that he isn't going to forget all about the underdog; that although he may not antagonize Big Business he will at least attempt to see that the "masses" don't get all the bad breaks.

3. Hoover has initiative. His administration promises progress—in what direction one cannot predict, but we are not in for a period of standstill. He ought to be able to guide and guard American prosperity at least as successfully, and perhaps more so, than any other man mentioned for the presidency in 1928 could have done.

4. He is well equipped to put the machinery of government on a more efficient basis than it ever has operated on.

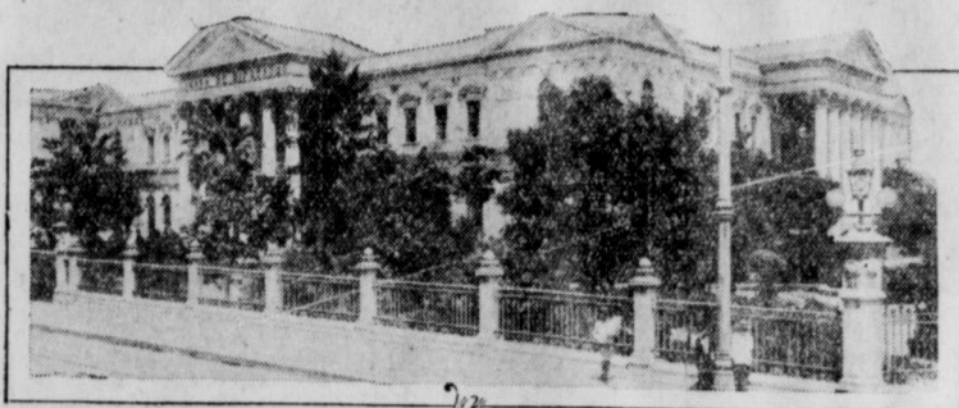

So much for Hoover the engineer. Hoover the administrator, Hoover the organizer and Hoover the humanitarian. On the other side of the picture here are his visible flaws:

1. Politically speaking, he is not entirely scrupulous. That does not mean that his personal character is not spotless or that any other successful politician has such things as scruples. The charge is made that he permitted important members of his political machine to circulate religious propaganda during the recent campaign.

2. Hoover has seldom been bold except when there was everything to gain by boldness and nothing to lose. He has been a burning crusader against such unpopular institutions as bolshevism and in favor of prosperity and the American home. He has seldom engaged in any fight until victory was as good as won. His campaign tactics seemed to be typical of him, although they were also undeniably good politics. He has been even more silent than Coolidge on Republican scandals.

3. He has often been accused of timidity.

Scenes That President-Elect Hoover Will See

When President-elect Herbert Hoover, Mrs. Hoover and party reach Chile on the South American good-will trip, scenes like those shown here will greet them. At the top is the capitol, at Santiago, Chile, where Hoover will be received by the Chilean Congress. In the center are cadets of Chile's "West Point," who will parade for the presidential party during the Santiago visit. Below is pictured a street scene in the beautiful capital of Chile, Santiago, where the party will spend several days.

DRY RANGES ARE CAUSE OF STOCK MARKET SETBACK

Industry Receives Jolt During October, Animals Lost Flesh Rapidly.

AUSTIN, Texas.—During October the live stock industry received a setback, with possibly the most discouraging feature being the dry ranges, according to Bervard Nichols, assistant in charge of index numbers in the Bureau of Business Research at the University of Tex.

"Some of the unfavorable factors which made an appearance in September developed further last month, and even at the present time, the situation is not altogether desirable," Mr. Nichols explained. "As a result of dry ranges, animals lost flesh rapidly just at the time when they should have gained so as to be in good condition for beginning the winter. Moreover, prices for most classes of animals fell to lower levels. However, recent rains have broken the drought and prices have likely reached the low point for the time being. In the meantime, a spell of warm growing weather is most desirable for improving ranges."

"This is the peak season for delivery of calves on contract; practically all steer calves and a large percentage of heifer calves have been delivered. In many cases, calves have been delivered locally on ranges so that car movement may not reflect the activity in contract trading. There has been an unusual amount of buying and selling on the ranges this year. Large numbers of cattle are also being sent to feed lots in the corn belt, but many of them are rather light in weight, due to the dry ranges over the past month or two. Demand for feeders is exceptionally brisk this fall.

"Cattle ranges in Texas on November 1, according to the United States Department of Agriculture, were rated 86 per cent of normal, compared to 89 per cent a month earlier, and 85 per cent on November 1, 1927. Deterioration was rather general on the plains, in the west central and in the coastal areas. It may be necessary for growers to import feed into these sections unless ranges improve materially in the very near future.

"On the other hand, ranges in the western and southern parts of the State are much better than usual."

JOHNSON CITY.—Contract is awarded for construction of 15-mile strip of highway between here and Burnett county line.

JIM REED IS GIVEN TWO-YEAR TERM

Jim Reed of Eastland was found guilty of cattle theft by a jury in Judge Geo. L. Davenport's 91st district court and his punishment assessed at two years in the penitentiary. The case was tried Tuesday, argument by attorneys completed this morning and the jury's verdict was rendered about noon. Red, who is a cattle buyer, is alleged to have stolen four head of cattle from J. E. Sanford, who lives on the Carbon-Eastland highway, about four miles south of Eastland, some weeks ago. Reed testified on the witness stand that he had purchased five head of cattle from Grady Daniels, paying him \$30 each or \$150 for the five. Attorneys for Reed will appeal the case.

HE SAW SNAKES

By United Press.
McALLEN, Nov. 21.—Frank Tagle, who lives near Edinburg, Tagle was busy proving that a sober man occasionally sees a snake in his bedroom. Proof was established by exhibiting the mutilated body of a seven-foot rattlesnake, the victim of a fierce bedroom encounter. Tagle said that when he retired the other night he heard a whirr sound under his bed. Investigation revealed a large snake. Going outside, Tagle obtained a stick and was successful in the ensuing fight. The snake measured more than seven feet in length and was as large around as the upper part of a man's arm. It had 16 rattles, indicating that it had roamed the valleys for a number of years.

BODIES OF TWO MEN FOUND

By United Press.
STAUNTON, Ill., Nov. 21.—The bodies of Rolfe Davis and George Arnold a shotgun beside them, were found under a hedgerow near here today. The two men had gone hunting together Monday. Authorities said both men had been shot but they were unable to determine whether they had been killed in a duel, a suicide act, a double murder, a murder and suicide or in some peculiar accident.

Study Your Sunday School Lesson Thursday

It is with much pleasure that we announce that the Rev. H. W. Wrye, pastor of the Church of Christ, is again writing a weekly Sunday school lesson for this paper. The lesson for each Sunday is reviewed by the Rev. Mr. Wrye in time for those who wish to study their lesson from a clear, concise translation, to do so. The review will appear in the Telegram each Thursday afternoon, allowing ample time for preparation of the lesson the following Sunday. Read this pastor's comments on the Biblical lessons. Study them with your manual. They give an insight into the story, that cannot be obtained from the Sunday school quarterly magazine.

Department Store Robbers Missing

By United Press.
PADUCAH, Nov. 21.—No trace had been found early today of the two men who robbed a department store here and engaged in a gun battle with officers as they fled from the scene of the robbery. G. Y. Potter was wounded in the exchange of shots with the bandits but his condition was not considered serious. Nearly 100 men were searching around Paducah yesterday and last night for some trace of the robbers, one or both of whom are thought wounded. The bandits abandoned their car less than a block from the scene of the robbery. In the car officers found a blood stained hat and pistol. Loot obtained in the robbery also was found in the car.

SHOP MEN ARE LAID OFF

By United Press.
WICHITA, Kans., Nov. 21.—The Santa Fe Railroad laid off 117 shopmen at the Kansas City, Mexico & Orient shops here. The Santa Fe recently purchased the Orient There is a current report that Santa Fe officials plan to close the Orient shops here and do repair work at Topeka.

HOUSTON INFANT HACKED TO DEATH

Mutilated Body Is Found In Rusty Lard Can. Identification Is Unestablished.

By United Press.
HOUSTON, Texas, Nov. 21.—A degenerate murderer with surgical knowledge was believed hiding in Houston while the discovery of his nine-months old baby girl victim was unestablished.

The revolting crime, not equalled in Houston's history, was revealed late Tuesday with the discovery of the baby's body, hacked into six parts, in a rusty lard can lying in a few inches of water in a bayou near the city limits.

The head and both arms and legs had been severed from the torso. The head and body were a mass of bruises and discovery of two buckshot in the can indicated that the murderer had both beaten and shot the baby to insure death. The murderer was committed early last week, police estimated.

Authorities were at a loss to explain the motive for murder and mutilation of the baby. No identification marks were discernible on the clothes. The baby's body showed no distinguishing marks to differentiate her from a thousand other baby girls with two tiny teeth and a wisp of brown hair. Police records show nothing of a missing baby to answer her description.

OMAHA, Neb., Nov. 21.—A city

OMAHA, Neb., Nov. 21.—A city jumpy from the attack of a hatchet slayer, arose this morning with renewed determination to find the maniac who already had taken three lives but who failed to strike again last night.

The city was an armed camp last night with every peace officer, aided by private citizens in many sections, patrolling residential districts with hope of capturing the marauder believed responsible for the murder of three persons as they slept.

OMAHA, Neb., Nov. 21.—A reign of terror caused by three hatchet murders here this week today spread to nearby towns of Nebraska and Iowa.

In all parts of this region, volunteer possemens aided police in hunting for a youthful mulatto who is suspected of killing three persons and probably fatally injuring a fourth. Everywhere there was fear that before the killer is apprehended his blood stained weapon will fall again.

Suspects have been arrested in half dozen places. While white residents were in fear of the killer striking again, those in the negro quarter worried over possible violence because a man of their race was sought as the killer.

Streets in the negro section are deserted. Employers of negro labor refused to leave home today and failing to report for work. Very little talk of lynching is heard however as colored leaders are cooperating with police in searching for the suspect who will be accused of the murders of J. W. Blackman, 75; found dead late Sunday as well as the killing Monday of Mrs. Waldo Rosso, 21, and her sister, Miss Greda Brown, 18, and also the attack Tuesday on G. Harold Stribling and his wife Stribling's skull was fractured and little hope is entertained for his recovery. Mrs. Stribling, who was kidnapped by the assassin, escaped with a broken nose.

BLAST WRECKS CHICAGO FIRM

By United Press.
CHICAGO, Nov. 21.—A branch of the Becker cleaning and dyeing company fostered and protected by the powers of "Scar Face" Capone, Chicago gang lord, was wrecked by a dynamite bomb today. The blast occurred within a block and a half of the home of John A. Swanson, States Attorney-elect, who has promised to put the racketeers out of business when he takes office in December. Swanson's own home was wrecked by a bomb during the April primary.

Ship's Cat Is Saved

Although a score of children were drowned when the S. S. Vestris sank in mid-ocean, by a strange freak of luck the ship's cat was saved. Alfred Dineley, a survivor, with the cat which was on one of the lifeboats picked up by the American Shipper, rescue ship.

MANY EMPLOYED AT PICKING PLANT

Many addition people in Eastland and vicinity are being given work, and farmers of this section are afforded a splendid market for their turkeys since the Bankhead Poultry Producers association put in its turkey picking plant here. More than fifty people, including men, women and some children, were engaged at the plant Thursday. The price paid for picking is said to be from 7 cents to 10 cents per turkey. A large number of turkeys are being purchased daily from producers. These are picked, chilled and packed in barrels for shipment.

Eastland Stations' "Gas" Prices Not Cut

Filling stations in Eastland up to 12 o'clock noon today had received no notice of reductions in the retail prices of gasoline, owners and operators stated. A two-cent cut in price of gasoline at filling stations was announced Tuesday by some of the companies in Fort Worth and it was thought that the reduction would become general. A number of the local dealers expressed the opinion that a reduction in prices affecting Eastland would be made in a day or two.

GIRL KILLED AS BUS OVERTURNS

By United Press.
CHICAGO, Ill., Nov. 21.—A two year old girl was killed and seven persons were injured last night when an Interstate bus over turned outside of Chicago. The driver, Joseph Tudor, 39 of Jonesboro, Ark., was held on a manslaughter charge. Witnesses said he had been drinking. The bus was en route from Ark. to Chicago.

FLOOD CONDITIONS BETTER KANSAS CITY, Mo., Nov. 21.—

Two days of fair weather and rising temperatures have today bettered flood conditions in the southwest, and rivers were receding rapidly. George Harper and Paul Brown of Eastland and party have returned from a deer hunt in Mason county with five deer killed during the short time they were on the hunt. Harper states that deer were plentiful but that they were unable to find any turkeys. CLEBURNE.—Ice plant is under construction here and progressing rapidly.

DOCTOR WARNS AGAINST ILLS

Statement Indicates All Quarantines Must Be Strictly Observed By Subjects.

Dr. E. R. Townsend, city health officer, today issued a statement in which he warned Eastland citizens to strictly obey any quarantines that might be imposed during the winter months.

Dr. Townsend said that so far no quarantines had been established. He stated, however, that the quarantines could be put in force when the existence of contagious disease was brought to the attention of the city health officials.

He specifically stated that the quarantines, when declared, forbid any of the subjects to attend school, church, picture shows, or other public gathering places. "It is that time of the year," Dr. Townsend said, "when contagious diseases get started. Especially this true of diphtheria. When such diseases are found to be existing, a quarantine will be established and the strict enforcement will be demanded."

Two Missing Girls Hunted By Police

By United Press.
ELDORADO, Ark., Nov. 21.—City and county officers today were conducting a search through three states for two local school girls, Jeanette O'Brien, 14, and Marjorie Crowder, 12, who disappeared here Tuesday at noon.

The girls were seen by schoolmates to get into an auto with two young men whose names have not been learned, at the noon recess, but no serious thought was connected with the occurrence until they failed to come home last night. Today a schoolmate of Jeanette's delivered a note to the girl's mother, supposed to have been written by the missing child shortly before her disappearance.

The note told the parents to be worried and added "we are going to Wichita Falls, Texas."

Officers of Texas, Louisiana and other sections of the country have been advised to watch for the runaway quartette.

Altitude Record Seeker Narrowly Escapes Death

By United Press.
VILLA COULBLAY, France, Nov. 21.—The French pilot LeMoigne attempting to break the world's altitude record today lost consciousness when his oxygen inhaler failed at 30,000 feet, and fell nearly five miles before regaining his senses.

Regaining consciousness, approximately 4,000 feet above the ground, he righted his plane and landed safely. He had been in the air one hour and ten minutes when his oxygen failed.

CONTEST

If it is Christmas money you are looking for, then it is advisable for you to watch for the Sunday edition of the Telegram.

Announcement is made today of the Santa Claus' Chimney Contest, which will make its initial appearance Sunday morning.

The contest has been constructed so as to provide entertainment for adults and children. Cash prizes amounting to \$20 will be presented to the one solving the puzzle.

The Contest will appear in a full page display advertisement Sunday morning.

Eastland merchants, who have stocked their houses with holiday goods, will be represented on the page. These merchants have purchased the stock for your approval. Shop early, and shop with those who have the goods.

Complete rules for the contest will be given Sunday, and all solutions must be in the Telegram office not later than Tuesday night of next week.

ONLY 7 DAYS

to pay your City taxes before penalty is added. You may pay all or one-half before December 1, and one-half before June 1. Pay at least one-half NOW and save the penalty and interest.

BRIEFINGS

According to a bit of "copy" that came to our paper-littered a few days ago, Earl Bender, member of the Eastland Rotary Club, had told the Rotarians that he was in the service organization lacking.

Count showed that 22 were present when 41 should have been.

It is the condition of the majority of the organizations in this town now.

He went further. And he hit a nail on the proverbial head when he went. He urged a better program from the standpoint of the club.

As long as something interesting is going on, the attendance is boosted. When only routine is to be had, the membership to come.

The successful service organization is the one which has in it that which keeps the interest of the members. The members go to the meetings from someone. The program committee reports that they will arrange a program. They will depart without having had much of anything.

It is spoiled. Unless he is interested, unless there is something to attract his better nature, he is not.

It is believed in Rotary Clubs and other Clubs, and any other organizations which tend to bind the members of a city close together. We believe further. We believe inasmuch as that is the primary purpose of such organizations, it should be done.

An organization that lags, fails to do something that would make a comment, soon is forgotten.

The writer is not intimately associated with the organizations. At a time he was present when a Rotary Club extended a Christmas party to the town newsboys—entirely as a guest. Another time, a few weeks later—the writer added the same body on the subject "What is the newsboys' impression of each Rotarian?" The writer lost four steady customers.

In the general contention, that entertainment of such organizations should be more original, and not the week-in-week-out piano solos, violin solos, or solo, static solos. The members of the organizations should be entertained.

Attendance is necessary. Something to get it, is more than necessary. It's imperative.

W. Lovell Speaks "Preparedness"

If there is a God, why not prepare to meet him? Rev. A. G. Gell, who is conducting a revival at the Church of God, asked congregation at the service last night.

He took as his subject, "Preparedness."

Everything," he said, "in nature aims the working of the divine power of God. Everything is harmoniously at His command. The handiwork of God is about us. Who can deny that He reigns and rules over all? Let us make ready. We prepare for material things. During World War, on every hand, we were preparing, making ready for and all it includes. This life is not all. And it is only that we use the same good preparation that has prompted us to get ready for the life to come, we shall meet God and give account of the preparation we have made."

Services are held each evening at the church, which is located on corner of Valley and Lamar sts.

JOHNSON CITY.—Contract is awarded for new Airline Highway construction.

ALL IS VANITY. Poking into the relics left by vanished peoples is a fascinating sort of work. To stand in the middle of a waste space and realize that a populous city, filled with eager, hungering men and women and laughing children, once stood there, is to realize deeply the vanity of human endeavor and the changes that time always brings.

Dr. Albert E. Jenks, head of the department of anthropology at the University of Minnesota, recently returned from an archaeological expedition into the remote Mimbres valley in New Mexico, where he found traces of the existence of a prehistoric civilization.

The valley country today is empty. Daily the sun climbs into the cloudless sky that blesses the American southwest; and it shines down on a scene that is supremely peaceful and quiet, as though that section of the world had been finished ages ago and had lain idle, ever since, satisfied with its solitude, enduring serenely its eternity of empty silence.

But this valley, nearly 2,000 years ago, became the center of a nation. A strange tribe of Indians came into it—from where, nobody knows. They tilled the soil, built towns, learned how to make bricks from the desert clay, became experts in the arts of making pottery and woven cloth, formulated their own religion, retold their ancestral legends, established an orderly nation.

For a dozen centuries this life continued. Europe passed from the weakening hands of Rome to the rough ones of the barbarians. Empires waxed and waned. A thousand years of history slipped by. And all the time the valley sheltered its own isolated life, as untouched by all of these things as though it had been on another planet.

Suddenly, some 700 years ago, the nation died. What happened we do not know. Possibly a famine came and forced the people to migrate. Perhaps a hostile tribe came and wiped them out. A pestilence may have stricken them. No one can tell. We only know that the valley became deserted, the houses crumbled into dust, and the desert wind whistled softly over the barren fields where the ancient people had raised corn and cotton.

Today the valley looks as it did 2,000 years ago. It has seen the rise and fall of a nation that endured longer than the empire of ancient Rome. It has the same bright sunlight, the same cloudless skies, the same dreamy peace that it had before its vanished inhabitants came. Nothing is changed.

It is a fascinating, sobering subject for contemplation.

DANGER PASSES.

More United States marines are being withdrawn from China. So far only a small emergency force will be left there. Thus a situation that once looked very ticklish comes to a peaceful conclusion.

When we sent our marines to China a couple of years ago, it looked very much as if the bloody days of the Boxer rebellion were to be repeated. Indeed, it seemed possible that much worse would happen, and that many American lives would have to be sacrificed in a large-scale intervention move.

But the dire prophecies did not come true. China worked out her own salvation, and our fighters had little to do. The war that looked probable did not materialize.

You might add that to the list of things we have to be thankful for.

PERMITS GRANTED—Permission granted by U. S. War Department for construction of international bridge.

OUT OUR WAY

SOCIETY

MRS. W. K. JACKSON EDITOR

THURSDAY

Church of God; Ladies Auxiliary 2:30 p. m., in church. Blue Bonnet Club, 2:30 p. m., Mrs. G. C. Kimbrell, hostess. Thursday Afternoon Club 3 p. m., Community Clubhouse. Phytian Sisters, 3 p. m., K. P. Hall. Methodist Church; Choir practice, 7:30 p. m., lower assembly room.

REV. AND MRS. SINGLETON HAVE SURPRISE VISIT.

Sincere regret is expressed over the coming departure of Rev. and Mrs. Frank Singleton, the pastor of the Methodist Church and his wife, who have been transferred by action of the recent conference, to Cicoo where the Rev. Singleton will be pastor of the First Methodist church.

Their residence of three years in Eastland has endeared them both to large circle of friends, not only in their church congregation, but in a wide acquaintance throughout the city as well.

The splendid work of Mrs. Singleton, as musician and pianist, cannot be over estimated, or the great benefit and advantage it has been to the church and its activities.

Rain or shine, sick or well, Mrs. Singleton was always to be found at her post, for Sunday services, and other church observances. Her gift of organizing among the young people has injected a new life into the Methodist church of Eastland, and those who will carry on will always remember, the inspiration of her service, and the great help her past experience has been in interesting the young folks of the church in church work.

As an expression of appreciation of Dr. and Mrs. Singleton, last night, a large number of the congregation gathered in a body at the church, then visit the Methodist parsonage, a surprise visit in every sense.

One or two friends had preceded them, ostensibly to spend the evening with Dr. and Mrs. Singleton, but in reality to prepare them for an unexpected pleasure.

The crowd announced their presence by singing, "Hail Hail The Gangs All Here," and consequently there was no need to rap on the hospitable door, for the portals were flung wide and every body gathered in.

A most delightful evening was spent in music, and choruses, led by Mrs. Thomas J. Haley at the piano.

Piano numbers were given by Mrs. F. O. Hunter, and a most touching and beautiful tribute, a toast to the Singletons, was proposed by Mrs. H. O. Satterwhite.

Many eyes were dimmed with tears as Mrs. Grady Pipkin's mellow voice rang out in "Auld Lang Syne," with refrain sung by the assembly.

A very handsome gift of a full set of delicate white china, rimmed in gold, was presented, Rev. and Mrs. Singleton, by those present, the gift being made in a delightful presentation speech by Judge Cyrus B. Frost, who, among other lovely tributes, declared Rev. Singleton to be the most popular preacher, the church had ever had in Eastland; and who unlimited praise to the wife of the pastor, for her wonderful co-operation with her husband in all church service.

A personal gift was presented by Mrs. J. U. Johnson, and Miss Minnie Lay, who tendered Rev. and Mrs. Singleton, a handsome hand-embroidered pillow, made in the

form of a big rose.

Dr. and Mrs. Singleton leave Thursday for their new home. They will be followed by a host of good wishes, for their continued health and success.

Those who forgathered in the party last night to wish them a revoir were Judge and Mrs. Cyrus B. Frost; Mr. and Mrs. T. J. Haley; Mr. and Mrs. H. O. Satterwhite; Mr. and Mrs. Grady Pipkin; Mr. and Mrs. June Kimble, Mr. and Mrs. T. L. Fagg, Mr. and Mrs. Neal A. Moore, Mr. and Mrs. E. C. Satterwhite, Mr. and Mrs. J. M. Miller, Mr. and Mrs. B. L. Mackall, Mr. and Mrs. T. M. Johnson, Mr. and Mrs. Fred Davenport, Mr. and Mrs. R. F. Jones, Mmes. Charles G. Norton, J. A. Coton, J. R. Carlisle, E. E. Pettit, Frank Castiberg, Charles C. Robey, F. O. Hunter, J. U. Johnson, W. G. Huhl, T. K. Edwards, W. G. Keith, Earl Woody, Sam Harris, W. A. Cathey, and Miss Minnie Lay; Messrs. T. L. Overby and Bert McGlamery.

PLANS FOR STUNT PROGRAM PROGRESSING.

The Thursday afternoon annual Stunt Program, which will be given Friday night in the High school Auditorium, is rapidly assuming a decidedly theatrical air, with many clever stunts to be presented that will be amusing, and original.

The Music Club is rehearsing a most delectable surprise, under the able direction of Mrs. Virgil T. Seaberry.

The Lions, Rotarians, and Elks, have their stunts outlined, in a general way.

The Better Homes committee, will also do its bit, and many other organizations are lining up for this eventful and original entertainment.

Mrs. Joseph M. Perkins, president of the Thursday Afternoon Club, will advise with any organization that wishes to confer with her, as will her committee and general chairman, Mmes. W. E. Stallter, J. M. Armstrong, Hary Sample and Theodore Ferguson.

The performance is for the benefit of the Public Library of Eastland.

BIDE-A-WEE CLUB.

Mrs. Henry Sone was a delightful hostess to the little "42" club known as the Bide-A-Wee, which she entertained yesterday afternoon, in a setting of white and lavender "mums," with two tables floral tally cards, with lavender program pencils, and pretty score pads.

A close of an interesting game, high score favor a pair of decorated princess candles, was awarded Mrs. M. C. Hayes, and second high score favor, a brand board with handles, went to Mrs. J. W. Peters.

A dainty fruit salad with whipped cream topping, wafers and hot chocolate was served at close of contest.

Those present were all club members: Miss Ruth Kirkland, and Mmes. J. W. Peters, Charles Winston, J. H. Ashley, G. W. Homer, J. C. Whatley, E. L. Robinson, and M. C. Hayes.

The next meeting will be in two weeks with Mrs. J. C. Whatley, at 2:45 p. m.

SCALE RUNNERS CLUB.

The South Ward School Scale Runners Music Club was entertained at the home of Mrs. Johnston, by Elizabeth Ann Harrell, and Jeanne Johnston, co-hostesses, for the club, yesterday afternoon.

The session was opened by L. G. Tucker, the president and minutes were duly read by Elizabeth Perkins.

Mrs. A. F. Taylor, the director of the club, presented test questions from the November Junior Music Bulletin, all of which were answered most interestingly by 120

club.

The study from the Junior Etude followed: Piano solo was given by Faye Tucker, and an article read and discussed by Earline Pitzer, which was culled from the Junior Etude, and entitled, "Musical Jack and Gill." Piano solo, Marzelle Wright; piano solo, Earline Pitzer. The answers to last month's questions were given by Ruth Harris; L. G. Tucker, piano solo, and solos by Dalpa Maye Blair and Frances Caywood.

Elizabeth Ann Harrell, told very prettily, the story of "Kittie and Penelope."

A music memory test in which several numbers were played was given, and the selections were properly identified by the club members.

The young hostesses served a dainty refreshment of two varieties of sandwiches, with potato flakes, pickles, cakes, candies, and hot chocolate with marshmallows topping.

The rooms were very prettily decorated with chrysanthemums for this occasion.

Three interested mothers were present, Mmes. Tom Harrell, S. C. Everingham, and J. Johnston.

In addition to those on the program, in attendance were Pauline Bida, Helen Louise Caywood, and Jeanne Johnston.

The club will meet the first Tuesday in December at four p. m., at the home of Mrs. Joseph M. Perkins, when the hostesses will be Ruth Harris and Elizabeth Perkins.

AN UNUSUALLY INTERESTING SESSION.

The West Ward Parent-Teachers Association enjoyed an unusually interesting session yesterday afternoon.

The meeting opened with Mrs. R. E. Sikes, president in the chair, Prayer was read by Rev. H. W. Wrye.

The West Ward School Girls Glee Club, composed of twenty-two girls and three boys, presented two charming numbers, "Was It a Dream," and "I Get The Blues When It Rains," with their director Mrs. F. O. Hunter, at the piano.

Juanita Hazel presented a delightful piano solo, "On The Ice In Sweet Briar," by Crawford; and a beautifully interpreted piano solo was given, in the "Elf and the Fairy," (Bentley) by Ruth Rosenquest.

The report of the Parent Teacher Association State Convention in Amarillo, was presented by Mrs. R. J. Raines, the High School P. T. A.

The report on finance was presented by Mrs. Jess Seibert, treasurer, showing a balance of \$145.00 in the bank, with all indebtedness paid.

In lieu of the former custom of awarding a picture to the room, which had the most mothers in attendance of P. T. A., the Association now gives a check of \$2.00 to the winning room, which sum is to be spent by the teacher for the little needs of the classroom winning.

The check this week was awarded Mrs. Hampton. Rev. H. W. Wrye, the featured attraction of the session, gave a fascinating talk on "Thanksgiving," which he illustrated with rapid sketches as he lectured, beginning with the word man drawn in colored chalks.

He explained the reasons for the emigration of the original settlers of America from Europe, described the landing of the Pilgrims, and traced the history of America in decisive sentences to the present time.

At the conclusion of his address, the map was reversed, and disclosed a large and well dressed turkey, with all the Thanksgiving trimmings of fruits and nuts, sketched by the speaker's nimble

fingers.

At the close of program the hostesses for the afternoon, Mmes. Walter Hart and E. E. Sikes, conducted the assembly to the cafeteria, where they were served dainty sandwiches, with chicken salad filling; potato flakes, sweet wafers coffee and mints.

Guests of the association were Mmes. C. E. Sanderson, D. C. Frost, W. B. Stone, R. J. Raines, J. T. Wilson, and J. C. Badders.

Seven new members were added to the roll, and were given a hearty welcome. There were fifty-six members of the P. T. A. present.

CHURCH OF CHRIST CLASS IN EVANGELISM.

"Why God Made Woman" continues as the subject for discussion and Bible teaching in the church of Christ class in Evangelism, which studied the history of Satan, from whence he came, and the cause of his fall, at its class meeting yesterday afternoon.

Another interesting subject was, "Where did Satan Get his name?" The lesson was absorbing, and developed by Rev. Wrye, in conformity to the history of Genesis. The members were asked by the pastor to visit the sick, of whom there is several.

It was reported that Mrs. T. L. Harris, was confined to her home by illness.

Mrs. Lee Ballard was greeted as a new member, and Mrs. J. M. Badders was a guest of the Class.

Members present were Mmes. J. A. Gold, Tom Harrell, O. M. Hunt, Ellen Hayes, H. E. Lawrence, Anna Craig, C. D. Knight, T. H. Davis, J. R. Bogness, H. W. Wrye, Mary Bright, E. D. Hurley, W. E. Fussell Willie Hastings, C. F. Fehl, Frank Chambers, Shelby J. Smith, and Miss Alva Hayes.

BUY YOUR GOODIES SATURDAY.

The order of the Eastern Star will have a delicious supply of pies and cakes, breads and many delicacies for the table on sale all day Saturday, at the O. P. Morris Grocery.

NOTES AND PERSONALS.

Mrs. Alex Clarke is suffering from the effects of a severe fall, which she received when crossing her back yard, Monday afternoon. She is confined to her bed from the result of the injury.

The date of the Bake Sale of the Ladies Aid Society of the Christian Church has been set, and will be held Saturday December first.

The Thursday Afternoon club will have an especially charming program for tomorrow afternoon's session, based on Colonial times and influence in modern days. An original and thoroughly interesting feature of the program will be the series of drawings on silhouettes, which Mrs. Virgil Seaberry, will give, as Mrs. Earle Johnson discusses the subject in hand.

Some Activity In Central West Texas District

Two wells in the Central West Texas district were completed as producers and applications for permits to drill four new wells in the district are revealed by reports of drilling activities filed by operators with deputy oil and gas supervisor O. H. Burkett at Cisco for November 20.

Reiter-Foster Oil Corporation's P. G. Hatchett No. 14, Deaf & Dumb asylum survey section No. 24, Callahan county, is making 5 barrels per day. Texas company's No. 7 P. G. Hatchett, Deaf and Dumb asylum survey, section No. 20, Callahan county, producing 25 barrels per day from a depth of 340 feet.

Applications for permits for new wells as follows: C. C. Cady's, R. E. Burns No. 1, L. A. survey, section No. 6, Shackelford county, to drill to depth of 650 feet; Moutary Oil Company's Ace Hickman No. 26, B. B. B. & C. survey, section No. 149, Callahan county; Eugene Schuffner et al's Eugene Debyung No. 1, Callahan county, W. G. Anderson survey, section, to drill to 500; E. C. Mead et al's E. L. Finley No. 1, Callahan county, B. O. H. Survey, section No. 76, intention to drill to 1,000 feet.

LONDON, Eng., Nov. 21

A London newspaper correspondent in Shanghai said today that the Chinese News agency at Tokio reported that 29 labor demonstrators and two soldiers were killed and sixty demonstrators were wounded in Tokio in clashes with the police and Japanese troops on Nov. 11-12 during the enthronement ceremonies.

The report said 200 demonstrators were arrested. The agency said censorship had prevented foreign correspondents from cabling reports of the incident and that likewise the Japanese press had been prevented from mentioning the incident.

WHAT'S DOING IN WEST TEX.

V. I. Pierce, of Ozona, Crockett County breeder of registered Rambouillet lambs has purchased 50 heads of registered lambs from George Williams of Eldorado at \$50.00 a head.

The sixth annual Registered Hereford cattle auction will be held at Hereford, Texas, on January 30, and 31. Members of the committee sponsoring the sale announce that over a hundred head of cattle will be sold. The sale will be widely advertised.

J. S. Neely, of Winters, who was a member of the West Texas Chamber of Commerce Agricultural Motorcade to California in September, produced three peppers which placed together measured twelve inches. He is producing 400 to 500 bushels of peppers per acre.

The new \$16,000.00 school building at Ira is the culmination of a system of schools that started as a dug out, then became a one-room school, later with additions, and finally the fine brick building that is Ira's today. The opening was attended by officials and visitors.

The little town of Eola is fast becoming a little city. The latest major achievement is the securing of an electric light plant, with the current to be turned on right away. Luther Cope is putting in the plant which was formerly at Rankin.

Two companies in Brady have already opened business to handle the turkey market. It is not known how the turkey crop will compare with former years, although it is known that a large number of the birds will be sold.

W. E. Weatherby, of Del Rio recently purchased 82 registered Hereford bulls from W. F. Lewis of Gainsville and took them to his ranch in Mexico. These pure bred bulls will be used for breeding purposes.

Canyon has a Children's Theatre which offers juvenile plays for very young children. One of its objectives is to develop the dramatic and literary sense of the child. The plays range from Red Ridinghood to 'Treasure Island.'

The authorities at Spearman are co-operating with the towns of Perryton, Woodward, Booker Darouzett, Follet and Shattuck in improving the roads in that community, particularly between Shattuck and Woodward. Telephone service will also be improved.

Removal of the sand from the road bed of the Midland to Andrews road has been completed lately, at a cost of only \$264.60 which was taken from the regular chamber of commerce budget at Midland. H. L. Hart, McCarleyville farmer supervised the work.

BETTER THAN ANY DIET

AY less attention to what you eat; not one person in a thousand need diet; or ever really has indigestion. Acidity, flatulence and heartburn are caused by excess stomach acid and food fermentation.

Following a hasty lunch, or too hearty a dinner, a little "Pape's Diapepsin" instantly neutralizes the excess acidity, stops fermentation, and soothes and heals the acid-inflamed stomach lining as if by magic. Your recovery is quick, and complete. Make a special point of getting a 60-cent package of "Pape's Diapepsin" from your druggist today, and so follow the example of millions all over the world who use "Pape's Diapepsin" to end indigestion and allied stomach troubles.

With "Pape's Diapepsin" handy you can eat and enjoy whatever you fancy without fear of pain or discomfort to follow. At any rate, it's worth the trial, for lots of folks have found a new freedom at the table.

Watch Tongue For Signs of Illness

Your tongue is nothing more than the upper end of your stomach and intestines. It is the first thing your doctor looks at. It tells at a glance the condition of your digestive system—and physicians say that 50 per cent of all sicknesses start with stomach and bowel trouble.

A white or yellowish coating on your tongue is a danger signal of those digestive disorders. It tells you why the least exertion tires you out; why you have pains in the bowels, gas, sour stomach, dizzy spells.

And it's a sign you need Tanlac. This good old reliable medicine has helped thousands who were physical wrecks. See how the first bottle helps you.

Tanlac contains no mineral drugs; it is made of barks, herbs and roots—nature's own medicines for the sick. Get a bottle from your druggist today. Your money back if it doesn't help you.

Tanlac

52 MILLION BOTTLES USED

Thirty cents per pound is the price live turkeys are bringing in Childress. Reports from the Childress Produce Co. says the supply will be about the same as last year. The demand from the wholesale companies is good at this time, but local demand is not heavy.

November 1, the largest shipment of cattle ever shipped over the new Fort Worth & Denver Extension from Quitaque was loaded. The cattle coupled sixty five cars, or two train loads.

Material arrives daily at Crowell for construction work on the Lee Highway. A car of steel to be used in re-inforced concrete work on culverts and bridges is the latest to arrive. Work on this stretch of the highway is progressing rapidly.

DRILLING REPORT

Report for Nov. 19, 1928 as follows: Reiter-Foster Oil Corporation, P. G. Hatchett No. 11; Callahan county, Deaf and Dumb Asy. Survey, Sec. No. 24, 60 acres; intention to drill 11-15-28. Depth 1000 feet.

Foester & Pendleton, Inc. W. I. Cook No. A-84, Shackelford county, E. T. R. R. Sur. Sec. No. 60. Intention to drill Nov. 15, 1928. Depth 1350 feet.

W. B. Flynn, L. J. Kelley No. 17, Callahan county, Sec. No. 2281, 360 acres. Intention to drill 11-16-28, depth 430 ft.

"It tastes better"

High Flight. Ruth Dewey Groves. Author of 'When a Girl Loves' and 'Love for Two'.

THIS HAS HAPPENED. Ray decides that love is a... after observing some... love marriages in... circle, calmly tells her... Myrtle, that she in-... marry for money.

go on with the story: CHAPTER II. Harvey's wasn't a common-... face at all. Jerry realized... that she had never seen it... Yet it did not surprise... it was there. It wore... friendly expression she felt... ease with it. Only it... I have looked so unhappy... was there so much pain?... something had happened?... are you now?" an anxious... "Lord, I hope you... my broken bones," it... fervently.

Harvey's wasn't a commonplace face. Jerry realized... truly that she had never seen it before.

thought of Myrtle. "Is any-... ant?" she cried. "Myrtle's all right but you... wretched, though. And I... ed better take you to a... Do you think you can... wasn't sure that she could... assisted her to her feet so... old try. She wavered a lit-... then steadied herself with... "Did you escape?" she ask-... her glance fell upon the... plane. "It isn't as bad... wks. Now you wait until I... thing for you to sit on and... go for a car." He left... hunt round for a stool or...

Myrtle came over with a sal-... vaged blanket which she spread... out at Jerry's feet. Together she... and their uninvited caller assisted... the injured girl to lie down upon... it. "Get a wet towel and wrap it... around her head," he ordered... brusquely. Jerry had expected Myrtle... to resent his tone but appar-... ently she was unaware of it for... she trotted obediently to do as... he told her. "He must be used to bossing... people," Jerry thought and opened... her eyes to take a close look at... him. She saw a young man in his... early twenties, good looking in a... coldly conventional blond way. There was nothing of distinction... in his features. But a tiny gold-... en brown mustache and an assur-... ed manner caused Jerry to over-... look that fact. Others, too, had... failed to weigh Alester Carstairs'... avoird faire against the inanity of... his countenance. Jerry was much impressed with... his ready command of the situa-... tion and when a man whom even... she recognized as a butler arrived... hurriedly in a station wagon she... began to perceive that someone of... importance had crashed their... camp. "The brandy, sir, and a first aid... kit," the butler said, bringing ov-... er a basket and placing it on the... ground beside Jerry. "All right, Marsh, open it. Here... give me the brandy." He poured... a little in a glass the servant... handed up to him and offered it... to Jerry. She shook her head. "I don't drink," she said; "please don't bother." "You must," he said command-... ingly; "it will put you right until... Dr. Belden gets here." "I'd rather not," Jerry protest-... ed and turned to Myrtle. "Please... vet the towel again," she begged; "it felt good." "Perhaps the young lady would... like some smelling salts sir," the... butler interposed as his master... howed signs of pressing the un-

wanted drink upon the girl. "I've... some here." "Let's have them then," his... master snapped. Jerry found the aromatic crys-... tals delightfully pleasant. She... must, she thought, get some to... send to her mother. They would... help her, maybe, when she had one... of those dizzy spells.

Myrtle had retrieved a pillow... from a clump of wild blackberry... bushes and Jerry was resting quite... comfortably when Dan returned... with Dr. Belden. Her head ached... with dull persistency but she... had spent an agreeably half-hour... talking with Alester.

She knew his name now—he... had finally got round to introduc-... ing himself—and she thought... whimsically that the mountain had... come at least half way to Mahomet. For who didn't know that Al-... ester Carstairs was one of the... most eligible young men in the... best four hundred in New York... city?

She couldn't have done better if... she'd had a year at Atlantic City. He was nice looking, too, and ev-... erything that he said and did... showed that he probably didn't... know there were such things in... the world as jaundiced wall paper, oil-cloth tabourets, 10-cent bath... towels and unfulfilled desires.

He seemed to have noticed, too, that she was rather nice even with... her head in a towel and her face... unpowdered, just as she had come... from her swim in the Sound. Jerry... loved perfectly well that she had... a lovely complexion and a perfect... body. She hoped Alester liked... gold green eyes and burnished... hair.

"Nothing serious," the doctor... pronounced after a few minutes; "but I'd like you to come to my... office tomorrow for a more thor-... ough examination. Jerry looked at him helplessly. How could she get to his office? Apparently one of the group at... least must have read her thoughts. Dan looked at his employer. "You won't need me, Alester," he... said, "until the plane is repaired. I'll be glad to drive Miss... Ray isn't it?—to the doctor's of-... fice if she will let me."

Alester nodded, then suddenly... a change came over his face and... he said shortly: "I can do that... much for Miss Ray myself. What... hour, doctor?" Jerry turned her eyes to Dan. She saw a grimace settle about... his lips. It puzzled her. Surely he... could not mind having his sister... rejected when obediently he had... made it in courtesy only.

But it was remarkable, the way... he had understood her unspoken... need. There had never been any-... one like that in her life before, except her mother. Perhaps she... ought to tell Alester that she'd... prefer to go with Dan—the thought... started her. "Prefer to go with Dan! Why... Dan was only a private aviator—... His blue-gray eyes were watch-... ing her intently. She liked his... eyes. Jerry brought her mind... sharply back to the decision that... faced her. She must say something... —make her choice.

"Three o'clock," the doctor said... and both Alester and Dan turned... to Jerry for her answer. (To be continued)

Husband Dies, Dog Is Saved

With her dog in her arms, Mrs. Earle F. DeVore, passenger on the ill-fated S. S. Vestris, leaped from a sinking lifeboat to another lifeboat and landed safely.

day. Kuomintang leaders talk... much about the people, but in the... future, not in the present tense. Certainly they appear to be facing... facts much more directly than the... original revolutionists who estab-... lished the republic in 1911.

Largely illiterate. Dr. Sun Yat-sen and his follow-... ers originally believed that the... Chinese people could take up repre-... sentative government just like that... in the United States or the most... progressive European countries. This... belief made a farce of the govern-... ment of the republic for many years. The Chinese people... knew nothing about self-govern-... ment, except in an extremely local... sense. More than 90 per cent of... them cannot read or write their... own language or any other.

After repeated failures, Dr. Sun... turned to the soviet government... of Russia as a possible solution for... China. He died before discover-... ing his mistake, but his followers... have repudiated communism ever... more emphatically than they did... western representative govern-... ment. Unless there is a complete... change of present plans, China... will become neither a republic nor... a communist state for generations.

The only persons who have any... say in the nationalist government... at Nanking are members of the... Kuomintang and the warlords. Some of the warlords are also... members of the Kuomintang, in-... cluding Marshal Feng Yu-hsiang, Yen Hsi-shan, Li Tsung-jen and Chiang Kai-shek. The Kuomintang... is being very careful how it enlist... members. All candidates must... pass examinations showing ac-... quaintance with all types of gov-... ernment and with the principles... laid down by Sun Yat-sen, the na-... tionalist patron saint.

No Chinese Constitution. The Kuomintang and also the... nationalist government are ruled... by the central executive committee... of 35 members, which is elected... by a party congress held once each... month, representing members of... the Kuomintang both in China and... in foreign countries. This central... executive committee names the... heads of the nine nationalist min-... istries and of the five boards, as... well as the military council which... is supposed to control the armies.

At the present time there is no... constitution in China, as the per-... manent constitution of the repub-... lic, promulgated in 1923, has been... scrapped. The Kuomintang is at... work on a provisional constitution... which is expected to serve during... the present period of "political tu-... telage." Dr. Sun declared that the

Brother Dutton, 85, Begins 43d Year of Work With Lepers

HONOLULU.—A smiling, ener-... getic man of 85, with cheery wrin-... kles about his eyes and a flowing, patriarchal white beard is waiting... for death to take him on the job... as he goes into the 43d consecutive... year of one of the most self-sac-... rificing tasks any man has ever... had.

He is the famous Brother Jo-... seph Dutton, Catholic lay mis-... sionary in the leper settlement on the... island of Molokai. Brother Dutton has been in the... leper colony, without a moment's... intermission since the summer of... 1886. He will stay there until he... dies.

It was in 1843 that Brother... Dutton was born in the village of... Stowe, Vt. His family moved to... Wisconsin while he was a boy, and... after graduating from an academy... at Janesville, Wis., he enlisted in... the northern army and served... throughout the Civil War.

At that time he had no notion... of going to any missionary fields. Commissioned a captain shortly... before the war expired and trans-... ferred to the quartermaster's de-... partment, he remained in that post... for more than a decade after the... close of hostilities, working princi-... pally on the adjustment of war... claims.

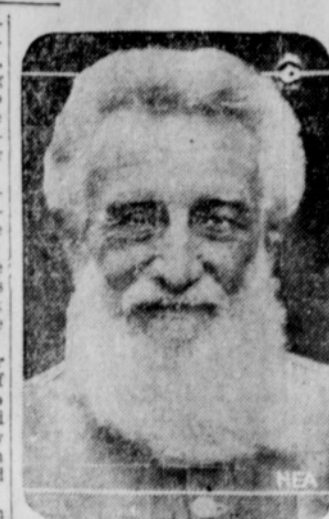

Then, in 1886, he heard of the... great work being done for the... lepers at Molokai by the famous... Father Damien, immortalized by... Robert Louis Stevenson. He be-... came fired by the ambition to help... so he went to San Francisco and... sailed for Honolulu, going from... herby boat to Molokai, where he... went to Father Damien and offer-... ed his services.

From that moment he has not... left the island. Father Damien died a few years... later, and since that time Brother... Dutton has been perhaps the best... known and most widely-loved man... on Molokai. He has never spared... himself; often his day's work has... extended for a full 24 hours.

Shortly after Father Damien's... death Brother Dutton devoted him-... self to the construction of a home... for orphaned boys and for the... helpless cases among adult lepers. For years he seldom left this build-... ing—surrounded, constantly by... Chinese revolution must be di-... vided into three periods, those of... revolution, education, and repre-... sentative government. Many Ku-... omintang leaders believe that the... revolutionary period is nearing an... end, and that the educational pe-... riod will occupy the attention of... the party for many years to come.

The hope of China today obvi-... ously lies in the Kuomintang. This... party continues, even if the nation-... alist government should be... overthrown. The party has split... before and may split again. There... may be rebellions by various war-... lords unsympathetic with the Ku-... omintang ideals, which will result in... civil wars. But the nucleus of the... Kuomintang, which is the essence... of Chinese nationalism, will be... very hard to destroy. This ap-... pears to be a permanent force, which may mean the eventual sal-... vation of China.

Police Finding Radio Used As Efficient Ally. City and State Authorities Employ Waves To Catch Criminals. By CECIL OWEN. United Press Staff Correspondent. WASHINGTON—Police departments throughout the United States are finding in radio a new ally in detecting crime and swift-

ly apprehending criminals, rec-... ords of the Federal Radio Commis-... sion reveal. Three of the largest police de-... partments in the country now op-... erate their own short-wave sta-... tions and quickly transmit to out-... lying sections and patrol wagons... reports of robberies and descrip-... tions of the criminals.

Within a few minutes after a... hold-up has occurred in Detroit's... downtown section, all details... available are dispatched by that... city's radio to various suburban... stations. New York and Dallas... police are also using radio in this... way and Boston's fire department... has a short wave set. Pennsylvania System. But the Pennsylvania state po-... lice, with far-flung outposts... throughout that state, have devel-... oped radio as a crime detector to... its greatest extent. Five stations, at... Harrisburg, West Reading, Green-... sburg, Wyoming and Butler, are... maintained by the Pennsylvania... constabulary.

Police short-wave stations trans-... mit their reports entirely in code... so they may not be understood by... anyone with a receiving set, but... many regular broadcasting sta-... tions are co-operating also in this... movement. Station KGO, Oakland, Calif.,... broadcasts descriptions of cri-... minals supplied by the San Fran-... cisco and Oakland police depar-... tments. A receiving set has been... installed on the Carquinez bridge, north of Oakland, to listen in on... these reports as lawbreakers some-... times speed for the bridge after... a crime. Short Wave Network Due. Amateur operators are also... proving useful in relaying mes-... sages to various points telling of...

What Will you do. When your Children Cry for It. There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night you find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emer-... gencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

Pumpkin Pie

Because Fall and Winter bring us pumpkin pies we can almost forgive them for their bluster and chill. The flavor of pumpkin is so delicious that when made into a pie it fully deserves a tender, flaky crust which only a delicate shortening like Crisco can make. Try the recipe below. See if you don't agree that it's the best ever.

Pastry 1 1/2 cups pastry flour 1/2 teaspoon salt 1/2 cup Crisco Cold water Filling 2 eggs beaten light 1 cup sugar 1 1/2 cups steamed pumpkin 1 teaspoon cinnamon (not strained) 1 teaspoon ginger 1 1/2 cups milk 1/2 teaspoon salt

Sift flour and salt. Cut Crisco in with two knives until the size of small peas. Add water (4 to 6 tablespoons) to make a paste which clears the bowl. Cover deep pie plate and pinch with fingers to make fancy edge. Mix together sugar, spices and salt. Mix thoroughly with pumpkin. Add eggs, mix well. Last add milk. Put in filling and bake in very hot oven (450° F.) until pie crust begins to brown, about 15 minutes. Reduce heat to moderate (350° F.) and bake until filling has set, about 30 minutes longer.

Advertisement for Crisco shortening, featuring an image of a Crisco can and the text: 'You taste your milk— NOW— taste your shortening! Crisco's sweet flavor will delight you! Crisco is the registered trade mark of a shortening manufactured by The Crisco & Confectionery Company'

MAKES GIRLS MORE ATTRACTIVE

Wouldn't you, too, like a face powder that will keep shine away—stay on longer—spread smoothly—not clog the pores—and always be so pure and fine? It is made by a new French Process and is called MELLO-GLO. It is surely a wonderful Face Powder. Just try MELLO-GLO.—Texas and Corner Drug Stores.

Howard Payne Has Won Five Games In A Row This Season

BROWNWOOD, Nov. 20.—The Yellow Jackets of Howard Payne College, in addition to leading all other contenders in the annual chase for the football championship of the Texas Conference, have a far better season's record in all games played than any other member of the Big Six. The Jackets are leading the conference in strictly conference clashes with three victories and no defeats. In non-conference games, the Jackets have almost as enviable a record and one that is much better than records made by other Texas Conference representatives. The Jackets have played seven games to date and only one of these has been chalked up on the wrong side of the ledger. The lone defeat of the season was handed the Jackets by Southern Methodist University.

The Jackets opened the current season with a 9 and 0 victory over McMurry, champions of the T. I. A. A. in 1927. The excellent work of Claude Boyd, veteran Jacket halfback, made possible the 9 and 0 triumph over the Indians. Following the victory over McMurry, the Jackets invaded Dallas for the annual clash with Southern Methodist and met their lone defeat of the year when Redman Hume and other stars pastiming for Ray Morrison, trimmed them by a 31 and 0 count. Although the score was more or less too heavy, the game was much more even and the Mustangs paid due tribute to the hard hitting Jackets after the battle was over.

The Jackets then began a string of five consecutive victories that has not been broken to date. The first victory was a decisive 21 and 0 triumph over the plucky Southwest Texas State Teachers College of San Marcos. The work of Boyd, Nig McCarver and Gebbs stood out in this game. The powerful Jacket forward will also played stellar ball and turned the San Marcos ball carriers back consistently.

This victory was followed by the first conference clash of the year, with Austin College in Sherman. The Jackets repeated their performance against Southwest Texas, by handing the Kangaroos a 21 to 0 defeat. Claude Boyd, all-conference half back for the past two years, played his most brilliant game of the year. Boyd scored all three touchdowns and kicked goal after each one for the extra points.

The Jackets then took life easy with the St. Marys University Rattlers. A second team played more than half the game against the Rattlers, and this clash resulted in an easy 21 and 7 victory for the Brownwood team. The Rattlers scored their lone counter on a spirited passing attack late in the fourth quarter.

This non-conference clash was followed by two more conference victories, the first over Trinity University by a 24 to 2 count and the second over St. Edwards University by a 16 and 0 score. These two final games established the Jackets as conference leaders and made them top-heavy favorites to win the 1928 Big Six title.

GIRL SCOUTS IN WEEK DEVOTED TO HELPFULNESS

NEW YORK.—Thousands of girls in their teens will participate in the Girl Scouts' Seven Service Days, to begin tomorrow. The week will be devoted to a demonstration of Girl Scout proficiency in helpfulness. Opening with church Sunday, parades in uniform and huge union services in churches of various faiths, the Service Week program will include Home Monday, Community Tuesday, Talent and Training Wednesday, Appreciation Thursday, School Friday and Treasure Hunt Saturday. Of these, Home Monday and Community Tuesday will demonstrate in a concrete way the girl's ability to be useful in her home and in her city or town. She will purchase and prepare the meals on Home Monday for her own family, using many of the recipes she has learned on the camping trail. Home-making is one of the major interests in the Girl Scout program. Community Tuesday will see hundreds of girls in public dress throughout the country's larger cities, where plans for recreational demonstrations in public parks and playgrounds and for visits in hospital wards and day nurseries have been completed. A unique service of public tribute in some of the more historic sections of the country has been included by the Girl Scouts in their week's schedule. Outstanding pioneers will be remembered in memorial services, and the home shrines of the communities' best known leaders of the past will be visited. It is estimated that 186,634 girls from 10 to 18 years of age are enrolled in Girl Scouting in the United States and Porto Rico.

AVIATION CHIEF REPORTS DROP IN PERSONNEL

WASHINGTON.—America's growing interest in flying was reflected in the recent report of General James E. Fechet, chief of air corps, to the secretary of war. The report indicated that there was no serious lack of anything in the air corps except of money and of vacancies in commissioned personnel to provide for commissioning eligible fliers or for advancement of junior officers to higher grades. General Fechet reported steady decrease in the number of enlisted pilots and said this was primarily due to the better pay available to these men as civil flyers or pilots in other government aviation agencies. The lure of flight for college men was shown by the fact that approximately 70 per cent of cadets entering July 1 classes at primary flying schools were college graduates. "The problem of increasing the commissioned personnel of the air corps," Fechet explained, "is not one of producing flying personnel but of providing sufficient appropriations to allow graduates of the air corps advanced flying school to be immediately commissioned as second lieutenants in the regular army upon graduation or placed upon active duty as reserve officers, subject only, in so far as numbers are concerned, to the limitations fixed by the annual increments set for July 24, 1927."

What Doctors Think of the Laxative Habit

In all history, no Indian was ever known to have constipation. Nor need you chew the bark of a tree called cascara. Today, we have the candy Cascaret. Cascarizing the bowels never forms a laxative habit. If already formed, an occasional Cascaret will usually break the habit. For cascara strengthens the muscular walls of the bowels, and their need of any aid at all grows constantly less. What other earthie has this characteristic? The writer knows of none. An evacuation brought gently about by cascara will, nine times in ten, be followed by full functioning of the bowels on the morning—and for days after. For there is no REACTION as with sickening purgatives that go through one's system like a bullet. Physicians tell us cascara is the ideal laxative—and the tongue tells us candy Cascarets are its ideal form. At least a million people know this; what a pity there are any who don't! Especially parents; because children love to take a Cascaret. After which, for days on end, the bowels will be seen to work of their own accord. The only habit from cascara is

U. S. BUSINESS AIDED BY COMMERCE DEPARTMENT

WASHINGTON, Nov. 19.—The comprehensive character of the trade promotional activities of the Department of Commerce, both in foreign and domestic fields, is revealed in the annual report of Dr. Julius Klein, director of the bureau of foreign and domestic commerce.

The operation of the Hoch Act which established the foreign commerce service of the department on a permanent legislative basis, has served to promote enthusiasm, diligence, and initiative among the foreign staff of the organization.

Florida's Homeless From Hurricane Receive Prompt Red Cross Relief

W HEN the West Indies hurricane swept over Palm Beach County and the Lake Okechobee district of Florida in September, leaving more than 1,200 persons dead in its path of destruction and thousands homeless, the American Red Cross was called into one of the most extensive disaster relief operations in its history.

Texan Sells Goods. Many specific instances of business obtained by American exporters through the cooperation of the Bureau's foreign offices are outlined by Dr. Klein.

Together with this direct trade-promotive work the foreign offices were instrumental in straightening out numerous business disputes, protecting American trademarks and adjusting difficulties arising out of misunderstanding

of the Bureau's service. According to Dr. Klein this country has become a buyer's rather than a seller's market, and the manufacturer or distributor who fails to take into account buying trends, commodity preferences, and consumer habits is failing to adjust himself to modern conditions.

ROCKEFELLER, Jr. PRAISES FATHER AS 'INTERESTING'

Says Elder Financier Is Open-minded and Has Unlimited Patience

NEW YORK, Nov. 20.—Looking back over half a century of the remarkable paternal and filial relationship, John D. Rockefeller, Jr., interviewed in December issue of the American magazine, discusses his 89-year-old father and calls him "the most interesting man I have ever known."

"My father is the most interesting man I have ever known," says the younger Rockefeller. "For me one of the outstanding lessons of his life is his open-mindedness. I do not mean that he is easy to convince. On the contrary, once he has reached a conclusion, he is most tenacious of his judgment."

Florida's Homeless From Hurricane Receive Prompt Red Cross Relief

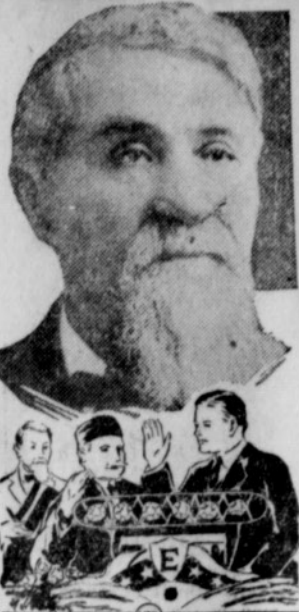

Refugees from the devastated section of Florida brought into Kelsey City by truck to be fed and sheltered by the Red Cross.

Thirty days after the storm, the Red Cross in Florida had returned a great many refugees to their homes, which had been made habitable, the feeding problem was not so great and those still homeless were gathered in two tent colonies near West Palm Beach.

Thirty days after the storm, the Red Cross in Florida had returned a great many refugees to their homes, which had been made habitable, the feeding problem was not so great and those still homeless were gathered in two tent colonies near West Palm Beach.

He'll Hold Hat For Hoover

March 4 will be a big day for John W. Reeder, 92, of Tipton, Ia. Mr. Reeder, above, says he has an engagement on that day to hold President-elect Hoover's hat during the inauguration ceremony in Washington.

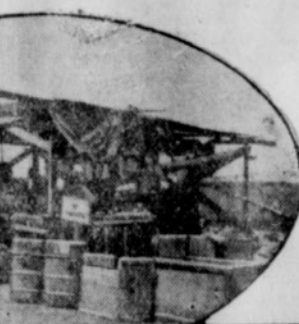

"I have sometimes regretted that I did not have this sort of a chance," he said, "and covet it for my boys."

uminous coal will be made public. At least a hundred of the visitors will come from Europe to take part in the exchange of information. Besides Europeans there will be delegates from Japan, Russia and South America.

Owner Active in Europe. It is in Europe, President Baker and his associates point out, that the coal mine owner is already taking an active, and an altogether natural, interest in the possibilities of fabricating or working up his raw material into products that will bring a higher price in the market than if it is sold for fuel.

Of the scientists who have accepted invitations to address the second coal conference, it is pointed out, some will demonstrate what they have accomplished in liquefying coal by transmuting it into substitutes for wood alcohol, gasoline, benzene, paraffin, etc.

Women's Athletic Conference Will Be Held Next Month

FORT WORTH.—The fifth annual Texas Athletic Conference of College women will be held at Texas Christian university on Dec. 6, 7, 8 this year, according to Miss Lois Houtchens, president of the Woman's Athletic association of T. C. U.

Mrs. Helen Walker Murphy, director of physical education for women and sponsor of the W. A. A. at T. C. U. represented the local association at the conference held at the University of Texas last year and was instrumental in bringing the meeting here.

The purpose of the conference is to further athletic activities for women in Texas colleges and to recognize, for conference membership, any college having an active W. A. A. with student officers

When Pupil Bested Master.

An old, old story was repeated recently when Boston College defeated Fordham. It was the familiar yarn—Pupil conquers Master! Joe McKenny, Boston's coach, who is the youngest in the country, once played for Major Frank Cavanaugh at Boston. Cavanaugh is the man with the iron hat, a weapon which its owner thinks is effective against jinxes, but it didn't work against McKenny's team.

Mail Planes Will Have Telephonic Connection Soon

CHICAGO.—"U. S. Government and N. A. T. radio engineering are co-operating in perfecting plane-to-ground and ground-to-plane radio telephony," Lester D. Seymour, assistant general manager of the National Air Transport Inc., announced today.

"These engineers have practically completed their research work and we are already installing the ground and plane equipment necessary," stated Mr. Seymour.

"This installation is being made on our Chicago to New York route and ships, and as soon as we have completed that division, we will continue from Chicago to Dallas."

"Radio telephone communication from planes in the air to fields along the route, is another step in the adaptation of the principle of radio. We already have in use radio beacons and wireless telegraphy, and with this new invention, it will be possible for the pilot to talk to the various field officials while flying along the route."

Among the many advantages of this latest device pointed out by Mr. Seymour, perhaps the most important one is that which increases the element of safety, for now the pilot will never be in doubt as to the weather conditions he will encounter in the vicinity toward which he is flying.

Reports gathered by the weather bureau observers situated along the entire route, will be transmitted to a central point where broadcasting stations are being located. From here, the division superintendent will communicate with the pilot advising him whether he may land at the regular fields on his route or if weather conditions are such as to require him to land at some other field.

Radio telephony will also serve to provide means of communication between passengers in flight and their friends and business associates in distant cities.

Star at Tackle

Here's Jake Williams, captain of the Texas Christian University eleven, one of the best in the southwest this year. Williams was an All-Southwestern tackle last year and is expected to repeat again this season.

College Bell Heard By College Belles

FORT WORTH, Nov. 20.—The bell that rings to awaken the girls is as old as the school itself. The bell was used back in the '70s and '80s at Thorp Springs, was taken to Waco when the school was moved there in 1895, and was brought to Fort Worth in 1910, when the school was moved again.

One Halloween afternoon a few years ago the bell disappeared. Search as she might, Mrs. Sadie Beckham, supervisor of girls at T. C. U., could not find the bell. About 30 of the girls had been invited to a Halloween party in Fort Worth, and Mrs. Beckham calmly announced that no one would go to the party until the bell was returned. "By the time every one

was ready to go to the party the bell was standing in its place on my desk," Mrs. Beckham relates.

"One of the reasons why the bell is disliked by some of the girls," explains Mrs. Beckham, "is because it brings them in from their dates to study hour each evening."

Girls who have finished at T. C. U. and return for a visit invariably ask about the bell. One girl, recently back at T. C. U. for a visit, told Mrs. Beckham, "I didn't think I would ever live to see the day that I would be glad to hear that bell ringing, but I am now!"

KEENE.—Peanut mill being constructed here by Southwestern Junior College progressing rapidly.

and a written constitution. In accordance with a ruling of the conference that the president of the Woman's Athletic association in the college where the conference meets is president of the conference for the year, Miss Houtchens will preside over the assembly. The secretary for the conference will be one of the members of the T. C. U. association.

The program for the conference will begin with registration of delegates on Dec. 6. The entire day will be given to registration and assignment of rooms to the visitors, who will stay in Jarvis Hall while here. The "Spirit of W. A. A." pageant, will be staged the first night in the chapel auditorium by members of the T. C. U. association. Mrs. Murphy will direct the production.

On the first night also Prof. E. W. McDiarmid will give the welcoming address from the athletic council and Miss Houtchens will welcome the visitors in behalf of

the members of the W. A. A. Texas University will be called upon for the response.

The conference will be formally opened for discussion and business at the meeting at 8:30 o'clock on the second morning. At 10 o'clock the conference will be in charge of the W. A. A. The program for the remainder of the day includes luncheon for the student delegates at a down town tea room and luncheon for the physical directors to be held separately, a tea for all delegates given by the T. C. U. faculty in Jarvis hall from 5 to 6:30 o'clock and a banquet in the school cafeteria at 7:30 o'clock.

A lecture on good posture will open the session on the morning of Dec. 8 from 8 to 9 o'clock. Another business and discussion meeting will be held from 9 until 12 o'clock. Luncheon, picnic style, will be served on the campus at noon and the entire afternoon will be turned into a play day.

Events of the play session include volley ball, base ball, swimming and track events. Awarding of prizes for places won in the afternoon play session will be made at a party held in the basketball gymnasium that night. The conference will end with the party.

Forty-eight Texas colleges will be invited to send delegates to the conference. Each college will be allowed to send two official and as many unofficial delegates as they choose.

Invitations have been sent to the following colleges: Abilene Christian college, Simmons college, McMurray college at Abilene; State Teachers College, Alpine; North Texas Agricultural college, Arlington; St. Edwards college, Texas Wesleyan college and the University of Texas at Austin; Harris county school for girls, Ballard; Baylor college, Baton; Blinn Memorial college, Brenham; Daniel Baker, Howard Payne college, Brownwood; State Teachers' college, Canyon; Clarendon college, Clarendon; Clifton college, Clifton.

minute by 1720. By 1775 it was nearly 80 second ahead, and then started to lose again, and was back to the time of the rotating earth by 1865. From 1876 to 1897 the moon lost 15 seconds, but regained 11 seconds between 1897 and 1918.

"We should like half a dozen clocks in the best observatories," Sir Frank said, "which could be trusted to keep time to one second a year."

MIAMI PLANS AN AIR RACE

MIAMI, Fla., Nov. 19.—An air derby will be held here January 7 and 8 to dedicate Miami's municipal airport, it was announced by the City Commission when they appropriated \$12,500 for race prizes and other expenses.

It is planned to have an air race from New York to Miami, and possibly one from Detroit to Miami, with an All-Florida cities race planned to Miami from Florida cities. Elaborate prizes will be awarded the winners.

Such notables of the air as Lindbergh, Chamberlin, Ruth Elder and Ruth Nichols and other celebrated fliers will be invited to be guests during the ceremonies. Squadrons of army and navy planes and marine corp airplanes are expected to come here and take part in the air carnival.

RIVERS REcede FROM FLOODED AREA

By United Press. KANSAS CITY, Mo., Nov. 22.—A flood weaned people turned today to the task of cleaning the slime and mud from their homes as rivers in Missouri and Kansas went back into their channels, slowly giving up the land and property they had seized.

Relief agencies were at work and the task of rehabilitation was getting under way.

Twelve were known dead while it was feared the waters had claimed two and A. C. Smith, Missouri Pacific freman.

Although train schedules were yet in disorder in both States, the schedules would be back to normal by tomorrow night, it was expected. The tie-up was described as the worst in history with schedules meaning practically nothing as train after train was cancelled.

Rabbit Fur

No, his isn't a style show. It's merely an example of the extent to which farmers who breed rabbits may expect their animals' furs to be used. Here, for instance, is a pair of silk pajamas—disregarding what's in them for the moment—with white rabbit fur as trimming. And the government is encouraging the rabbit industry for this!

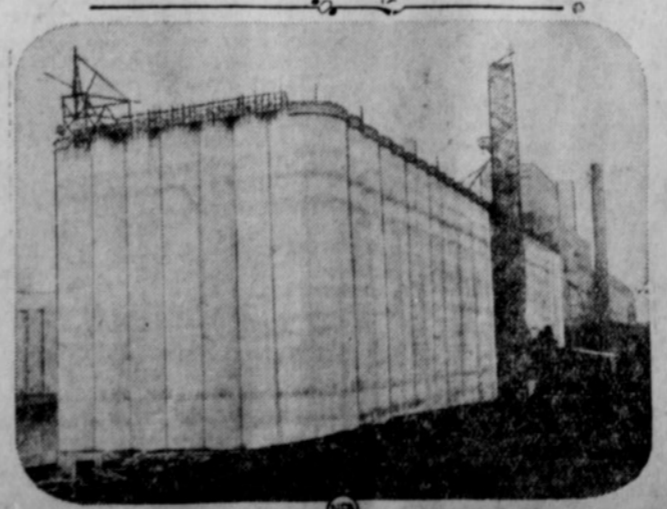

MOON OFTEN LATE. LONDON.—Astronomers need the help of horologists to check the gains and losses in time made by the moon. Luna is not always up to the second on her course, Sir Frank Dyson stated before the British Horological institute.

The moon was 30 seconds slow on astronomical time in 1630, Sir Frank said, but made up the half
