

U. S. BOMBER COMPLETES FIRST NON-STOP TRIP AROUND WORLD

FORT WORTH, March 2 (AP)—An American bomber and air crew ended history's first non-stop flight around the world here today.

The Lucky Lady II, a B-50 medium bomber, set down its wheels at Carswell Airforce base at 10:30:55 a. m., EST, 94 hours and one minute after it left there last Saturday.

Re-fueling on the fly, it circled the globe at nearly its greatest girth, covering 23,108 miles at an average of 239 miles per hour.

Tired and happy, its crew of 14 climbed down slowly from the silver-nosed ship, convinced that with the aerial refueling technique, American bombers "can go anywhere in the world at any time."

The top command of the Air Force came down from Washington to welcome the 14 men. Air Secretary Symington shook their hands, told them "you've done a wonderful job, this is the finest team work."

Actually, this was the second try at the non-stop world flight. A B-50 took off last Friday, flew several thousand miles, then had to land because of an engine fire. A second B-50 was ready and left the Fort Worth base the following day.

From then on there was no trouble. Capt. James Gallagher, pilot and spokesman for the crew, in a news conference said: "Everything was quite normal about the whole flight. Everything worked out well."

There was "not a bit of trouble" in the tricky business of contacting the refueling tankers and then bringing aboard a gas replenishment load.

Yes, said the captain, they were all pretty tired, "but we did very well on sleep "during the long flight."

The 14 men gave two men for each position, so they relieved each other at the controls.

The crewmen had support in high places for their belief that this flight showed the combat capabilities of the aerial refueling technique.

Gen. Curtis E. LeMay, chief of the Strategic Air Command, was asked at the news conference if this "means you can use refueling to deliver an A Bomb anywhere in Russia."

The general replied, "Let's say any place that would require an atom bomb."

Then he explained that now "we can put bombers and tankers any place any time where necessary."

Aside from the demonstration of the in-flight refueling method, the Air Force also found it could keep tactical control over a plane anywhere in the world. If necessary, the B-50 could have been diverted from its course, ordered back or given any other change in order by headquarters of the Eighth Air Force at any time during its trip.

ports to the base throughout the mission.

It was unofficially estimated that the Lucky Lady II flew 23,452 statute miles from its takeoff in Fort Worth around the world non-stop and returning to Carswell Airforce Base. The world-girdling bomber took off from Carswell Base at 11:21 o'clock the morning of Feb. 26.

It headed eastward, its first refueling point at the Azores Islands about 3,800 miles away.

The next flying gas station was Dhahran, Saudi Arabia, 5,200 miles from the Azores.

The third refueling point was above the Philippines, a 4,900-mile flight.

Powered with four Pratt and Whitney 3,500 horsepower engines, the B-50 has a top speed of about 400 miles an hour, a cruising speed

around 300 and can climb to 40,000 feet. Its bomb capacity is stated at 10 tons, its maximum range (without in-flight refueling) at 6,000 miles. Its wing span is 141 feet, its fuselage length 99 feet. The weight of the plane for normal takeoff is about 120,000 pounds.

Air Secretary Symington disclosed plans a year ago for equipping the strategic air command with "tanker" planes. He said then some units would be outfitted by early 1949.

Symington, in revealing the in-flight refueling project to the Senate Armed Services Committee, said that by utilizing the "most modern development" of the old airborne refueling method, bombers could strike at any part of Russia from bases in Labrador or Alaska. This would be a two-way mission, not a "suicide" flight with the bombers returning to bases in the United States or in territory controlled by the United States.

At each of the refueling bases, four or five converted B-29 tankers were assembled. However, the plane used only two at each refueling, with one plane pouring its supply into the bomber, then another following up to finish leveling off the gas load.

Preliminary plans called for a circumnavigation of the globe almost equal to its greatest girth. The flight plan was originally estimated at 23,000 miles, but deviations from the planned course were expected to add to the length.

General and colonels served hot coffee to the tired, happy fliers.

Gallagher summed up the flight in answer to questions by newsmen.

Asked if he would want to take another world trip immediately, Gallagher laughed and the crew joined in.

"Just give us a little rest and we'll be all right," the flight commander said.

Gallagher said the crew, which worked in shifts slept well in its off hours.

"Anywhere, Any Time"

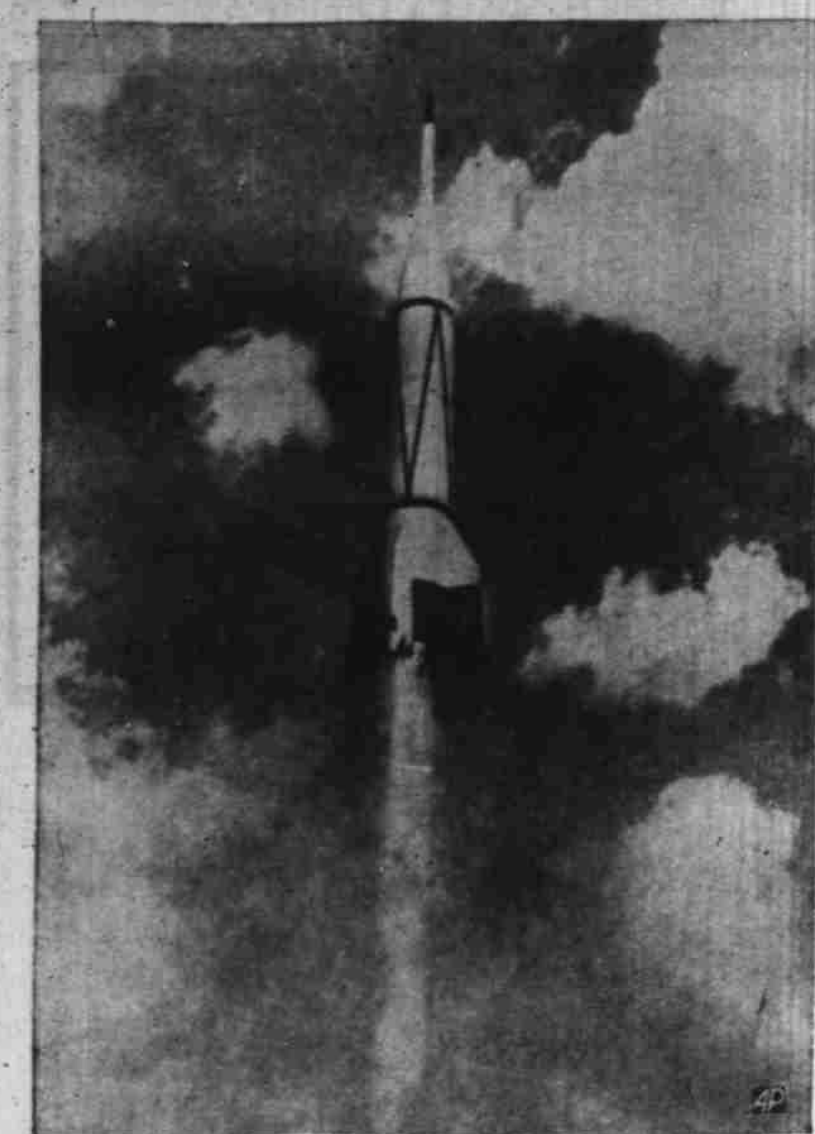

FORT WORTH, March 2 (AP)—Said the chief pilot of the first plane to circle the earth without stopping: "It just means you can fly anywhere any time."

Capt. James Gallagher of Meirose, Minn., commander and pilot of the Lucky Lady II, gathered with his men in the Carswell Air Base briefing room today a few minutes after they ended their historic flight.

Generals and colonels served hot coffee to the tired, happy fliers.

MAJOR PROBLEM SOLVED?

Colorado Signs Water Contract

COLORADO CITY, March 2—This community which is known as "The Mother City of West Texas" was in a mood to celebrate Tuesday night as its citizens looked forward to a solution to a major problem.

The occasion was the annual chamber of commerce banquet, which came only a few hours after the city commission signed a contract for purchase of water from Lake Colorado City which is now under construction by the Texas Electric Service Co.

Under terms of the contract, Colorado City will be authorized to purchase up to two million gallons of water a day for five cents per thousand gallons for a 30-year period, with options to renew for five year periods.

The contract is due to be presented to the citizens in referendum within the next few weeks. City commissioners will meet March 14 to set a date for the election. The ballot will include a half-million dollar bond issue to finance construction of pipelines, pumping stations and a filter plant.

As he took over the duties of 1949 chamber of commerce president at the banquet, Dr. Harry A. Logsdon declared that "Colorado City stands on the threshold of its greatest period of development."

Dr. Logsdon succeeded Jasper Wood as chamber of commerce president. Other officers are Jay Craddock and J. Ralph Lee, vice-presidents; Frank Kelley, WTCO director; G. B. Slaton, treasurer. The professional staff is composed of L. A. Chapman, manager, and Ernestine Stubbsfield, office secretary.

New directors are J. C. Bradley, Dave Bridgford, Roy Davis Coles, Earl Hammond, Leonard Henderson, George Leonard and Walter Rogers, while holdover board members are Harold Bennett, Jay Craddock, Bruce Hart, R. F. Fee, Dr. Hardegree, Henry Bilberry, Pat Bullock, W. C. Hooks, J. Ralph Lee, Dr. Oscar Rhode, Roy Warren and John M. Woodrill. Directors who retired from the board at the banquet are W. H. Shelley, Ross Daniels, Joe Mills, J. W. Randle, M. N. Caddell, G. D. Foster and Jasper Wood.

Dr. P. D. O'Brien, pastor of the First Baptist Church of Big Spring, was master of ceremonies. Others See COLORADO, Pg. 11, Col. 8

U. S. Pressing Strongly For Recovery In Japan

WASHINGTON, March 2 (AP)—The United States is pressing hard to speed recovery and stability in Japan.

Fresh evidence of this was seen today in the disclosure of two official orders to Gen. Douglas MacArthur to (A) relax the purge of wartime military and government leaders, and (B) study ways to strengthen the Japanese police.

The orders to the occupation commander, issued in recent weeks by the joint chiefs of staff, came to light after being submitted to the 11-nation Far Eastern Commission.

Diplomatic authorities indicated that these, along with a series of earlier measures, represent a shift in American policy from reform toward recovery which has taken shape since George F. Kennan, top government policy planner, returned from a survey trip to Japan a year ago.

The shift presumably is based on recommendations made by Kennan and MacArthur as chances for agreement with Russia on terms of a Japanese peace treaty came to be virtually written off.

Some policy changes apparently have been ordered over MacArthur's objections. He has been consulted all along but informants said he has been overruled by Washington "more often in recent months than in the earlier stages of the occupation."

One of the new directives, aimed at curbing Communism, calls for a restudy of existing policy, to give Japanese police more power to cope with disorders.

GOP's Chart Program For Tax Slashes

Proposed Excise Cuts An Answer To Truman

WASHINGTON, March 2 (AP)—House Republicans lined up today behind their own plan to cut taxes as a counter-proposal to President Truman's request for \$4 billion in additional revenue.

Without taking a definite stand on general taxes such as those on incomes, the GOP leadership came out strongly for cuts in excise taxes. These are imposed on train fares, telephone tolls, movie tickets, etc.

The GOP decision was announced yesterday by Republican Leader Martin of Massachusetts following the first meeting of the new Republican Policy Committee. This committee of 26 members was set up last month to speak for GOP House members on issues coming before Congress.

The new tax schedule backed by the Republicans is embodied in a bill already introduced by Martin, who said after the meeting he believes the ways and means committee will approve it or a substitute.

There are 15 Democrats and 10 Republicans on the ways and means group, and Martin predicted that five Democrats would vote with the Republicans on the excise tax issue.

Disputing estimates that a cut-back in excise taxes would knock from \$800 million to \$1.2 billion from revenues, the Republicans said they believe the cut would encourage business. They said it would provide enough jobs to offset any revenue loss and in effect would increase total federal revenues.

Presumably, such an increase would come from more payments of existing business and personal income taxes.

The Senate House Economic Committee has gone on record in favor of cutting or removing taxes on such things as planes and train fares and oleomargarine.

Charles Hubert Tidwell, 60, Texas & Pacific conductor here since 1928, died in a local hospital at 4:35 a. m. Wednesday.

He died from a second heart attack, sustained Monday morning. Mr. Tidwell had a stroke originally Oct. 13, 1948, but in recent weeks had been up and around and felt that he was much improved. When he had the second attack he was rushed to the hospital.

Services will be held at the Ebenezer chapel at 10 a. m. Thursday with the Rev. Alsie Carleton, First Methodist pastor, officiating. The Knights Templar will furnish an honor guard and active pallbearers will come from the Masonic ranks. Railroad men will be honorary pallbearers.

The body will be taken overland to Iredell, Texas, where it will lie in state Thursday night at the home of a sister, Mrs. J. W. Parks. Final rites will be held at 10 a. m. Friday with burial in the family plot at Iredell.

Mr. Tidwell was a 32nd degree Mason, being a member of all the Masonic bodies. He also was a member of the brotherhood of railroad trainmen and a member of the Knights of Pythias.

Surviving are his wife, Mrs. O. Tidwell, 504 Gollad, one daughter, Mrs. Walden Johnston, Houston; one son, James Tidwell, College Station; two brothers, C. M. Tidwell, Iredell; a sister, Mrs. J. W. Parks, Iredell; a niece, Mrs. W. R. Newsom, Big Spring; and two grandchildren, Charles and Walter Johnston, Houston.

Big Water Main Broken In Moving

Water service was interrupted for several hours in the west part of town when a 12-inch main was broken between 5th and 7th streets on Lancaster.

City Manager H. W. Whitney said water lines were being lowered in preparation for paving when a mechanical shovel pulled out a service line which was connected to the 12-inch main. A 36-inch break appeared in the main. Water service was restored in the affected area at about 10:30 p. m.

Flare Gas Appeal Set For March 16

AUSTIN, March 2 (AP)—The Third Court of Civil Appeals today advanced an appeals hearing in one of the original flare gas shut-down suits to March 16.

Hearing of the appeal by the Railroad Commission against a permanent injunction granted the Flour Bluff Oil Corp. had been originally set for May 4.

Judge Charles O. Betts of 98th District Court in Austin granted the injunction Dec. 9 against the shut-down order to the operators of Flour Bluff Field in Nueces County.

Coahoma Starts Park Development

COAHOMA, March 2—Plans for development of the community park center here have been outlined by the Coahoma Service club.

Construction of a fence around the property was begun today, and trees will be planted. The club plans to develop the property, east of the Methodist church, systematically during the year.

CLAY SAYS ITS WORK FINISHED

Americans Blockade Russian Mission Which Won't Move

FRANKFURT, Germany, March 2 (AP)—Armed military police today blocked a Russian mission which refused American orders to leave the U. S. zone of Germany.

Supplies of water, gas and electricity were cut off and telephones disconnected in the bloodless mission here. Food was shut off by orders to MP's to arrest anyone trying to enter the building or leave it.

Four officers and four soldiers and their families are in the mission. No one knew how much food they had.

A Russian officer, apparently from the Soviet military mission, tried to enter the house, but was turned away by an MP.

The mission handled the return of displaced persons to Russia. Gen. Lucius D. Clay, American military governor, on Feb. 16 asked the mission to leave by March 1 because the number of DP's now

agreeing to return to Russia is negligible. He said the regular Russian military mission could handle the work, and lifted the credentials of the repatriation mission.

The Russians protested vehemently and denounced the order as a violation of the Yalta and Potsdam agreements.

The U. S. Army set a deadline of last midnight for the Russians to leave. But forceful measures were not planned.

Face Charges In 3 Deaths

GRAND RAPIDS, Mich., March 2 (AP)—A mail order Romeo and his woman confederate who confessed killing two widows and a child in a cross-country "lonely hearts" racket waived municipal court examination today on murder charges.

The two-swarthy, balding Raymond Martinez Fernandez, 34, and husky, thrice-married Mrs. Martha Beck, 29, were held without bond for circuit court arraignment later.

They were accused jointly in two separate Michigan warrants of the drug-and-shooting death of Mrs. Dolphine Downing, 28, and the drowning of her 21-month-old daughter, Rainelle.

Bodies of the two were dug yesterday from their cement-filled basement graves in their home.

HOW'S THAT AGAIN, DOC?

SOUTHEND, Eng., March 2 (AP)—Dr. John Marney testifying in court described a case: "He had bilateral periorbital hematoma and left subconjunctival hemorrhage."

Lawyer Maxwell Lewis, urged, "translate that for us ordinary mortals."

Dr. Marney translated, "two lovely black eyes."

Reds Mapping Own Alliance?

PRAGUE, Czechoslovakia, March 2 (AP)—The Cominform may be getting ready to hatch a military alliance to match the North Atlantic Pact.

Reports from Poland said a Cominform military conference has been called for about March 15 in Hungary, possibly at Debrecen. Reliable sources in Warsaw were quoted as saying the defense chiefs of the eastern European countries were expected to review their military preparations.

The announced purpose of the Cominform (Communist International Information Bureau) is limited to propaganda. It is an organization of the Communist parties of Russia, Poland, Czechoslovakia, Romania, Bulgaria, Hungary, France and Italy, and was organized Oct. 5, 1947 to fight the Marshall Plan and "U. S. imperialism."

A little over a month ago, however, a parallel economic organization, the Economic Council for Mutual Aid (ECMA), was formed by Russia, Bulgaria, Hungary, Poland, Romania and Czechoslovakia—all of the Cominform countries except France and Italy, where non-Communist governments are in power, and Yugoslavia, which has been expelled.

At that time it was predicted by some observers that a parallel military organization also would be formed.

Bomber With Nine Aboard Is Missing

MANILA, March 2 (AP)—An American Air Force B-29 with nine men aboard was believed down in the lofty, unexplored Caraballo Mountain range of northern Luzon today.

All available planes from Clark Field scanned the area northeast of the base today but a heavy cloud formation hampered the search.

Names of the men aboard the plane were withheld.

Roll Call Makes Some Progress

The Red Cross roll call edged forward today, but officials were hopeful that contact work would be speeded up, especially in the business employees division which was submitting initial reports this morning.

The total had reached \$2,442 by noon. Gifts so far have averaged \$13 each. That would mean that approximately 700 contributors could put the campaign near its goal, if the established average is maintained.

Rapid contact work is needed, however, Jack Y. Smith, drive chairman, explained. Several volunteer workers in the employees division said that some businesses were not ready with reports on schedule this morning, and some workers in the advance gifts division have not reported, the drive chairman said.

Group captains in the advanced gifts division were contacting their respective teams this morning and urging that reports be submitted without delay.

PICTURES TO BE MADE THURSDAY

Films On Traffic Safety To Have Local Casting

Two short motion pictures designed to promote traffic safety will be filmed in Big Spring Thursday with an all local cast, except one professional actor who will play the part of an intoxicated driver, Police Chief Pete Green announced this morning.

One area of the park road adjacent to the Country club will be barricaded during most of the day tomorrow while the film is being made.

One reel will be devoted to speeding. In that film, Miriam Franklin, 1700 West Third street, will play the role of a girl who is killed in a traffic accident caused from speeding. Elliott Yell will play the part of the driver. Local ambulances, personnel of law enforcement agencies and other Big Spring citizens will participate. The

Vote Own Way On Filibuster, GOP's Are Told

WASHINGTON, March 2 (AP)—Sen. Vandenberg (R-Mich) said today he doesn't want any personal loyalty to him to sway Republicans on what may be a vital point in the effort to break a southern filibuster against changing Senate rules.

The point would develop if they are faced with upholding or rejecting a ruling by Vice President Barkley that could end the present Senate talkshow.

He added that he has no personal "pride of opinion" in a ruling he made as the Senate's presiding officer last year that a cloture—or debate limiting—petition can't stop senatorial talk about a motion.

He obviously still believes that ruling is sound, however, and may support it in a talk in the Senate later.

Sen. Lucas of Illinois, the Democratic leader, has moved to bring up a resolution by Sens. Wherry of Nebraska, the Republican floor leader, and Hayden (D-Ariz). It would change the Senate rules so that two-thirds of those voting can get debate at any time.

Southern Democrats branded this as a move to choke off filibusters and put over President Truman's civil rights program. They have tied the Senate up with talk for most of two days.

Lucas said he will move tomorrow to file a cloture petition to limit debate. Then it will be up to Vice President Barkley to decide whether to follow Vandenberg's precedent and throw the petition out or whether to hold that a debate gag can be applied now.

Government Attacks Axis Sally's Loyalty Story

WASHINGTON, March 2 (AP)—John M. Kelley, Jr., a tall, raw-boned man who insists on answers to his questions, took over the examination of the treason defendant yesterday after her own attorney, James J. Laughlin, had finished with her. Kelley said he probably would

not take long to wind up his questioning. Then the gray-haired, Maine-born Miss Gillars was to return to the more friendly hands of Laughlin for re-direct testimony. This is the sixth day of her testimony. Kelley often had trouble getting direct answers to his questions. Frequently he was asking a question while Laughlin was making an objection. "I don't want any more volunteer statements," Judge Edward M. Curran told Miss Gillars at one point. "The answers must be responsive to the question." As Kelley went over various phases of her testimony, Miss Gillars shifted from tears to indignation. Once Kelley mentioned her "love affair" with the late Dr. Max Otto Koischwitz. She didn't like it. "Love affair" has connotations which are not applicable in this case," she said. Kelley asked her about another German identified only as "Paul."

Kansas Gets Ready To Legalize Liquor

TOPEKA, Kan., March 2 (AP)—Kansas, who consumes \$60 million worth of liquor annually by official estimates, are about to make the stuff legal. Almost any day now the state is due to abandon its 69-year-old prohibition law. In its place will be a control act legalizing the manufacture and sale of intoxicants.

Saloons will be obtainable only in packages from privately-owned, state-licensed stores selling intoxicants only. That much already has been approved by both branches of the state legislature. But both the senate and house are at loggerheads over local option provisions, division of revenue and where the liquor can be consumed. Kansas voted 422,294 to 338,210 last November to repeal prohibition. Sixty of the state's 105 counties remained in the dry column as major cities turned out the bulk of repeal votes. That left representatives from dry counties holding 64 of 125 seats in the house. Militant dry forces, carrying the

Russian Paper In Berlin Loses Circulation

BERLIN, March 2 (AP)—The official Soviet newspaper here was reported today to have reached a new level in unpopularity.

Western sources said the circulation of the Tagliche Rundschau, official organ of the Soviet army, had sunk to 45,000 daily. The Russians are said to be so dissatisfied they ordered strict economies. The newspaper has been the outlet for all official pronouncements of the Soviet military government since 1945. Berliners see it as much more of a propaganda sheet than other papers here. The official American newspaper, Die Neue Zeitung, sells more than 90,000 copies daily. Die Welt, official British organ, has a Berlin circulation of 150,000. Western officials view the circulation figures as an indication of the Berliners' preference for things western, especially since the Russians clamped on their blockade. The new low figure for the Rundschau's circulation was published by the western-licensed Der Abend. Officials said their information indicated it is correct. The editor of the Rundschau said merely he had "no comment."

China Cheered By Reports Of Aid From U. S.

NANKING, March 2 (AP)—Official Chinese circles today welcomed reports of a proposed \$240 million aid program from the United States. One official suggested that disclosure alone of the contemplated program might strengthen Nanking's bargaining position with the Communists.

Russian Pilot Flees Country

TOKYO, March 2 (AP)—Needled by his conscience, a young Russian army airman has fled to Japan and seeks refuge in the United States. The U. S. Army disclosed that the flier, Sgt. Vladimir Barashkov, 23, landed a two-engine transport on Rishiri Island in northern Japan last Nov. 10. The flier then was permitted to see newsmen. He told them Communism "was a principle I could not follow with my conscience and mind. I found that Communism as taught to me was not actually what it represented." Barashkov made these other observations: That Russian fliers "have the impression the Soviets have the atomic bomb"; that President Truman's election and the defeat of Henry Wallace made a profound impression on the Russians; that, after listening to "intelligent" circles in Siberia, he had concluded "Communism is tottering." The Army said Barashkov would be "re-settled." In Washington, however, Army officials said he would not be brought to the United States. His future home is being kept secret for his protection.

If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food. In a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As age advances the "old stomach" needs more help. The reason is this: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a "stomach" or "stomach" disturbance. This is due to the SSS Tonic formula which contains very special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional ailments—do with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. MIAMI BEACH, Fla., Mar. 2—Give or take \$10 to \$15. Mostly there is a saying along Collins Avenue that the 1949 winter tourist is tigher with a buck than at any time since before the war. But it hasn't put a crimp in a luxury hotel building boom, or the cost of an ocean front room.

Nineteen new luxury hotels have opened this winter and all are enjoying capacity business. They range from one super plus establishment which cost upwards of \$5 million to several 50-room hotels set back from the ocean.

But they all have this in common: modern design, genuine comfort, high rates and capacity business.

Where is it all going to end? Optimistic hotel managers say it isn't. One ultramodern oceanfront hotel is a good example. Manager Charles M. Rousseau says his hotel cost about \$3,500,000 furnished—or about \$14,000 for each of the 250 rooms.

Beginning Jan. 20, the hotel has been filled to capacity with an average of 150 to 200 turnaways every day. Reservations guarantee capacity business until early April. The story is the same along the entire stretch of Collins Avenue with its 150-odd ocean front hotels.

About 25 per cent of Rousseau's hotel rooms rent for \$35 a day, double. Sixty per cent go for \$30 a day and, except for eight \$40 a day rooms, the rest can be picked up for a paltry \$25. This is about the average for ocean front hotels

Army Has Openings For Women In The Medical Corps

Opportunities for qualified women to become officers in the Women's Medical Specialist Corps are now available, according to information reaching 1st Lt. Fred N. Massey, in charge of the local US Army and Air Force recruiting station.

"The Department of the Army has established three procurement programs to provide professional graduate training to selected graduates of colleges and universities, acceptable to the Surgeon General, who desire a career in the Regular Army, Women's Medical Specialist Corps," said Lt. Massey. "These training programs are of 12 months duration preceded by a 2-month basic Medical Department female officers course at Brooke Army Medical Center, Fort Sam Houston, Texas. Upon completion of the basic course, training will be continued under one of these programs. They are Dietetic Internship Program, Physical Therapy Training Program and Occupational Therapy Clinical Affiliation Program."

Persons applying for selection to participate in these training programs must be 21 years of age but not have passed their 26th birthday; be a female citizen of the United States in an unmarried status and have no dependents under 18 years of age. Documentary evidence of divorce is required if applicable.

Applicants must also be a graduate or a prospective graduate of an acceptable college of university with their major study relative to one of the three programs, with a degree of Bachelor of Science or the equivalent," continued Lt. Massey. "They must also possess high moral character and have high personal qualifications and agree to apply for and accept a commission as a second Lieutenant in the Organized Reserve Corps."

Initial applications will be for provisional selection to participate in a training program and will be forwarded to The Surgeon General who must receive them prior to April 1, 1949 for consideration for selection.

Air Traffic Grows In London Areas

LONDON, (AP)—One hundred thousand more persons used London airport in 1948 than in 1947. The Ministry of Civil Aviation said 385,673 passengers on scheduled air services used the airport last year against 281,638 in 1947. Northolt airport handled 320,520 in 1947 and 445,616 in 1948.

Some theories hold that the core of the earth is made up of an alloy of nickel and iron, starting at a depth of about 2,000 miles.

BE CAREFUL, HE MAY HAVE HIVES

LOS ANGELES, March 2.—Slapping a man's face may cause him to break out with a case of hives, a neurologist discloses.

Dr. Cyril B. Courville, professor of nervous diseases at the Seventh Day Adventists' College of Medical Evangelists here, declared yesterday at a postgraduate assembly:

Calling the chamber of commerce the "nerve center, or hub of the wheel in all material progress," he said America must not lose the spirit of the forefathers and become cynical toward cooperative efforts leading to civic progress.

He estimated that communism could be ousted from America if fathers would devote 15 minutes a week to telling their children stories about the development of the United States.

"There are 214,000 avowed communists in our country today," Culberson asserted. "That is more than Russia had when the communists took over the government of that country."

Amsterdam Delegate Speaks At Session

SAN ANGELO, March 2 (Sp)—The three great foes in the world today are the United Nations, Communism and the Christian Church, Mrs. C. S. Harrington, delegate to the conference of the United Council of Churches in Amsterdam, told the Texas Council of Church Women Tuesday evening.

"The United Nations will be what either Communism or the Christian church make it," she told the group gathered at the First Christian Church.

Mrs. Harrington, who attended the Amsterdam conference as one of the three delegates from the Presbyterian Church in the United States, cited the United States as the last stronghold of dynamic Christianity.

Some 351 delegates from 151 denominations and 44 countries were assembled at Amsterdam for the organizational meeting of the council, she reported. The organization was officially completed at 10:30 a. m. on August 23, 1948.

"A Complete cross section of Christianity was present at the conference in Holland, a deeply religious, tolerant and democratic country," she told the group.

"I would like to correct a misconception held by people here at home that there was no prayer at Amsterdam," Mrs. Harrington stated. "Each session of the conference which lasted from August 22 to September 6 was opened with prayer."

The qualifications for membership in the World Council of Churches, as cited by Mrs. Harrington as "belief in Christ, the Son of God, Redeemer, and Saviour." Each church becomes a member of the World Council through its own denomination.

"The World Council of Churches has no authority over the member churches," she emphasized.

Mrs. Harrington was a member of the Section One meeting on "The Universal Church in God's Plan" which reported to the whole Council that "we have discussed the relevant questions. We cannot agree but we will stick together."

who quoted the Swiss theologian Dr. Carl Barth as saying, "Our differences and our disagreements all lie within and under our agreements."

Mrs. Harrington was also a member of the "Concern On The Significance and Importance of the Laity," and reports that the lay activity in the United States is far different from that in European and Asiatic countries which leave the work of the church to the clergy.

One of two women elected to the central committee of the World Council of Churches, Mrs. Harrington will attend the committee meeting in Chichester, England in July.

"There will be at least one more world council meeting," she predicted, with the meeting to follow being held on a regional basis. The next meeting will probably be held somewhere in North America in five years, she said.

Mrs. Harrington quoted Archbishop Fisher of Canterbury who said, "because there have been men of ecumenical vision here in Amsterdam we have forged an instrument. We are testing its temper."

Mrs. Bernard Lamun, Mrs. W. A. Laswell and Mrs. D. T. Evans are representing the Big Spring Council of Church Women at the conference. Other members are attending some of the sessions.

Mrs. E. D. Green entertained the members of the Palette club in her home, 1806 Main, Tuesday evening.

Crochet work comprised the entertainment.

Mrs. L. P. Trammell will entertain the next club meeting at her home in the Silver Hills addition.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing. How quickly one may lose pounds of bulky, unattractive fat from their own bodies. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just use 10 your favorite and add 400 cc. of liquid Barco-trinole. Pour this into a pint bottle and add enough groundroast juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it.

Follow the easy way endorsed by many who have tried this plan and help bring relief to your own and your loved ones. Note how quickly blood circulation — how much better you feel. Know also, possible rejuvenating and active.

10 pounds lost in 10 days

Mrs. M. C. Britton, 206 W. Whitwood, San Antonio, Texas, writes as follows: "I am a faithful user of Barco-trinole. I started using it several months ago and needed so badly to lose 10 pounds, so I started using Barco-trinole and my weight has come down 10 pounds in 10 days. I now weigh 135 pounds. I eat most anything I want and hold my own weight."

AMARILLO LOSES

Upsets Mark First Round Of Play In SJC Tourney

COLLEGE STATION, March 2.—The Howard County Junior college Jayhawks were eliminated in the first round of the second annual Texas Junior college basketball tournament here Tuesday morning when Henderson of Athens rallied to beat them, 60-53.

The Hawks, who led at half time by five points, were very much in the ball game until three of their starters—Don Clark, Delmar Turner and Frank Dunn—fouled out.

Coach Harold Davis' team proved the more deadly on free tosses but simply didn't get enough of them. The Jays made 11 of 17 gratis pitches. Henderson was afforded 34 shots from the penalty lines and connected 14 times.

The Athens team stopped the Big Springers but they couldn't do anything about Bill Fletcher, HCJC's talented forward. Fletcher rang up 20 points, giving far and away the best exhibition of shooting of any player in the game.

Bill Duncan led Henderson's attack with 14 points. The Hawks were to return to action in first round consolation at 1 p. m. today, tangling with Wharton; Wharton lost a first round game to Lamar, 70-32.

Several upsets marked the first round of activity. Clifton, most lightly regarded team in the meet, trounced Paris, 66-60. Schreiner upset the second seeded team, Amarillo, 60-32.

In other games, Lon Morris edged Laredo, 59-48. Tyler walloped Frank Phillips of Borger, 93-52. San Angelo thumped Blinn of Brenham, 56-43; and Allen Academy won over John Tarleton of Stephenville, 73-56.

The heavily favored Tyler team was to face Clifton at 6 p. m. today. Lon Morris opposes San Angelo at 2:30 p. m. Schreiner tangles with Allen Academy at 7:30 p. m. while Henderson squares away with Lamar.

In the consolation bracket, Frank Phillips test Paris at 10:30 a. m.; Laredo opposes Blinn at 9 a. m.; and Amarillo clashes with John Tarleton at 4 p. m., along with the HCJC-Wharton game.

If they win today, the Hawks return to action at 1 p. m. Thursday, squaring off with the Amarillo-John Tarleton winner.

Looking 'Em Over
by Tommy Hart

One of the baseball stars taking part in the Caribbean series involving teams from Puerto Rico, Cuba and Venezuela, being unreeled at Havana, is Orlando Moreno, the one-time Big Spring Bronco great.

Orlie, destined to locate somewhere in Texas again this season, is playing second for the Spur Cola club of Panama, a team which has had to take a back seat to the pace setting Almendaras team of Cuba.

Carl Cox, who played third for the Big Spring professionals before the war, and who has been kicking around in AAA company for the past several years, has been sold by Buffalo of the International league to Sacramento of the Pacific Coast league.

At Sacto, Carl will be playing under Del Baker, the one-time skipper of the Detroit Tigers and later as major league coach.

LEFTY CRAIG'S SCHOOL GRADUATED 25 MEN
Twenty-six men, including Our Town's Eddie Hammond, graduated from Lefty Craig's umpiring school at Corpus Christi and all have signed contracts to work in professional leagues the coming season.

Frank E. Raketramp, Fort Worth; Darrell M. Strass, Denton; Leland M. Mitchell, Temple; Al Burdick, Houston; and Herschel Hamrick, Corpus, were the only Texans other than Hammond enrolled in the school.

Craig says he'll stage a similar school in the coast city again next year.

BERT BAEZ PRAISES BIG SPRING CATCHER
Bert Baez, the diminutive Big Spring hurler, sends word from Cuba that the Bronco is most fortunate in obtaining Manuel Mantaras, the catcher who has some big shoes to fill.

Mantaras must make the local fans forget all about Tony Traspuesto who, despite his temperament, was one of the great backstops in minor league baseball.

Baez insists Manny will do all that and more. Bert says he owns a great arm and plenty of moxie when working a pitcher—witness the three shutouts he caught in last year's Shaughnessy play-off games with Sherman-Denison. What's more, adds Baez, Mantaras will be able to hit it off with the fans, something Tony was never able to do very well for very long at a time.

Athletic receipts at the University of Michigan amounted to \$877,097 during the 1947-48 season, according to wire reports from that state. Most of that income, of course, came from football.

Future Clouded As Louis Gives Up Fight Crown

MIAMI, Fla., March 2.—Two world heavyweight boxing "champions" and a bitter brawl for financial control of the ear-scrambling trade are the likely results of Joe Louis' decision to re-retire and become a promoter.

The two "champs" probably will emerge from this scramble:
1. Winner of a 15-round Ezzard Charles-Jersey Joe Walcott bout, to be promoted by Louis and his associates in June, will be recognized by the National Boxing Association.

2. Jack Solomons, British promoter, will claim the title for the survivor of a series involving Lee Savold, Bruce Woodcock and Freddie Mills.

Attitude of the New York State Athletic Commission, the only major ring group not associated with the NBA, is not definite. Chairman Eddie Egan probably will receive a copy of Louis' retirement today. He has indicated that he prefers an elimination tournament to select a champ but expects no immediate action.

Louis touched off this wild scramble yesterday in surprising fashion when Abe Greene, NBA commissioner, made public a letter in which the Brown Bomber formally resigned as champion.

In his letter to Greene, Louis wrote that he had entered a partnership with Arthur M. Wirtz and James D. Norris to form the International Boxing Club. He asked for and was given permission by Greene to run the Walcott-Charles fight for the championship in June.

"I am certain you know how sorry I must be to let the championship go in this way," wrote Louis to Greene. "I have held out for a long time and I won it in the ring. I expected to lose it the same way I won it. This is the way champions should be made."

Louis told reporters here as he boarded a plane for a Nassau exhibition, "I'm glad to retire. It takes a great load off my mind. I could see that I couldn't fight any more and rather than lose the title in the ring, I decided to quit."

Under the provisions of the Walcott-Charles bout, and as announced by Louis, the winner must defend his title within 90 days after their June fight. Either Savold or Gus Lesnevich, who lost his world light heavyweight crown to Mills last July, would be the opponent. Each contestant agreed to defend at least twice a year.

Louis, youngest ever to win the heavyweight title when he stopped Braddock in 1937 at the age of 23, earned \$3,857,323.72 in his career according to Ring Magazine.

Coaches Meet Here Sunday

Executive committee of District AAA will meet with baseball coaches at 2 p. m., at the Settles hotel here Sunday to arrange a baseball schedule.

W. C. Blankenship of Big Spring, chairman of the committee, will preside.

The teams will probably take part in a double round-robin, meeting every other club on a home-and-home basis. First games are due to take place either the last part of this month or the first part of next.

San Angelo is the defending champion, having beaten Odessa out by one game last spring.

Most of the teams have already plunged into spring drills. Big Spring started about ten days ago.

Utah, San Francisco, CCNY May Get In NIBT Field

Wildcats, Bills Will Compete

NEW YORK, March 2.—Utah, San Francisco and City College of New York looked like the best bets today to join Kentucky and St. Louis in the National Invitation Basketball Tournament field.

Needing three more teams to complete the eight-club lineup, the probably wouldn't go far wrong in guessing Bradley, Western Kentucky and Loyola of Chicago.

Kentucky, which has announced it will gun for both the invitation and NCAA crowns, and St. Louis defending titlist, are the only definite nominees for the eliminations March 12-14-17-19 at Madison Square Garden.

Asa Bushnell, NIT chairman, said he may have some more announcements today.

Utah, with a 23-6 overall record and currently pacing the Big Six Conference, and San Francisco, eighth in the national rankings with a 21-5 mark, should be outstanding representatives of the distant West.

City College (17-5) right now is the choice for furnishing the necessary "home" flavor to the Garden Tournament. But the Beavers must take care of Manhattan tomorrow night. Otherwise Manhattan (17-7) may get the nod.

Bradley (25-5) leaped into high favor with its 35-31 victory Monday night over Oklahoma A & M, the second ranked team in the Associated Press poll.

Western Kentucky (25-3), Bowling Green (20-6), Loyola of Chicago (21-5), also have shown tournament class.

If this is the approximate lineup in the invitation, you can expect something like this in the NCAA now that the field is narrowing:
First—district—Yale.
Second—Villanova, Columbia, or Duquesne, probably Villanova.
Third—Kentucky, already invited and accepted.
Fourth—Illinois or Minnesota, whichever survives the torrid Western Conference race.
Fifth—Oklahoma A & M.
Sixth—The winner of the Southwest Conference scramble among Arkansas, Baylor and Rice. Arizona.
Seventh—Wyoming or Denver. Utah may prefer this one if it wins the Big Six.
Eighth—The Pacific Coast Conference winner, either Oregon State in the North or Southern California and UCLA, scrapping in the South. A playoff will decide.

Robinson Gets Trip Abroad

WACO, March 2.—Jackie Robinson, Baylor basketball star Olympic team last summer, will get a trip abroad. It comes because he got a Scotchman and his family into the Olympic Games.

Jackie visited the University of Edinburgh, Scotland, while playing on the Olympic team. There he heard the famous Scotch Presbyterian James S. Stewart. They became friends and Robinson arranged to get Stewart and his family into the Olympics.

Now Stewart is returning the favor by arranging for Robinson and five other Baylor students to attend the University of Edinburgh summer term from April 19 to May 20.

Others who will attend the session are W. J. Wimpee, director of religious activities at Baylor; Charles Wellborn, Baylor graduate now studying at the Baptist seminary at Fort Worth; Richard Brannon and Bill Crook, Baylor senior ministerial students; and Dick Gwyn, Baylor and seminary graduate now pastor at Riesel.

ACC Wildcats Bid For Berth

ABILENE, March 2.—First round of play to determine a Texas representative in the National Association of Intercollegiate Basketball Tournament will be held in Lubbock tomorrow night.

Local Lassies Win 2 Games

Big Spring girls' volleyball teams scored twin triumphs over the Lamesa Tornados here Tuesday night, the regulars romping to a 36-9 triumph after the reserves had won, 60-24.

Thelma Brumley paced the A string to the win, spiking ten shots. Robinson was tops for Lamesa with eight.

Barbara Dehlinger was outstanding in the B game with 16 points while June Cook drove home 13 points. Patterson was Lamesa's outstanding player in that one with five points.

The Steerettes are in training for the Big Spring invitational tournament, which will be held Friday and Saturday, March 11 and 12.

Stephen F. Austin Lone Star Champ

By The Associated Press
Stephen F. Austin can win undisputed possession of the Lone Star Conference basketball crown by beating Southwest Texas State Friday night.

If the Austin eagles lose the Friday night game they will share the title with East Texas State. Austin clinched a tie for the championship by beating East Texas State last night 61 to 51. It was the last game of the season for East Texas.

In other games last night Southwest Texas defeated Sam Houston 77 to 76 and Trinity University defeated the University of Houston 57 to 52.

Ray Morrison Is Coach Who's On Spot; Fans Talk About New Look At Austin

SHERMAN, March 2.—Ray Morrison is on a spot. Looking out the window of his cheering office in Austin College's great barn of a gymnasium, he said he knew it.

This is the man who took football in the Southwest, dressed it in party clothes and turned it loose "razzle dazzle."

He's been at Austin College less than a week. He hasn't even seen what his 1949 team will look like in uniform. He doesn't know how many boys he'll have out. Or what they can do.

But his name is Morrison. And that's enough for students, ex-students and the fan on the street. They're talking already of a new look in Austin College's football fortunes.

Morrison gave football a new twist in the Twenties. He took a Southern Methodist University team to West Point. He lost this Army game. But he left an imprint in the East as firm as he did in his own backyard—the Southwest and Texas. He did it with a team that passed.

He coached Southern Methodist University to three Southwest Conference championships. He turned out some fine Vanderbilt teams and at Temple University (Philadelphia) he produced some others. He had no sensational teams during his eight-year reign at Temple. There was the draft and the war. Both hit the U. S. shortly after he went to Temple from Vanderbilt in 1940.

He left Southern Methodist in 1934 to go to Vanderbilt, his alma mater. He spent 18 years at SMU, 1915 until 1921, when he went to Vanderbilt for a year. But he was back at SMU in 1922 and stayed until 1934.

"I wanted to come back to Texas," he said. So he quit Temple, turned down a five-year contract to coach Yale and came to Austin College.

Texas PGA Meet Begins May 2

DALLAS, March 2.—The on-again off-again Texas PGA Tournament is now definitely scheduled for Dallas, May 2-8.

The announcement was made last night by Graham Ross, tournament chairman of PGA, and a group of Dallas sportsmen.

The \$6,000 golf affair will be held at the Dallas Athletic Club Country Club.

Byron Nelson has assured Ross he will be on hand to defend the title he won at El Paso last summer. Ross said women pros who will be here include Mrs. Mildred (Babe) Zaharias, Louise Suggs and Patty Berg.

Time Marches On; First 'Round-World Flight By Planes Took Full 175 Days

FORT WORTH, March 2 (AP)—Nelly Bly should see the way they go around the world now. She was the traveler who started back in 1899. It took her 72 days, six hours and 11 minutes by steamship and train.

planes finished the flight. It took 175 days, of which 14 days and 15 hours was actual flying time. The idea of refueling in flight came soon after World War I. And Army fliers were among the first to try it. On August 27-28, a war-time De Havilland bomber kept aloft for 37 1/2 hours, refueling from another plane of the same type.

In 1929, the German dirigible Graf Zeppelin made the globe-circling trip. Her time was 20 days and four hours for a distance of 21,700 miles. The late Wiley Post made two trips. In 1931, with Harold Gatty as navigator, he flew a northern route of 15,474 miles in eight days, 15 hours, 51 minutes. In 1933, flying alone, he covered roughly the same route and distance in seven days, 15 hours, 49 1/2 minutes.

It's Full Dress Rehearsal For Lions Tonight

Dress rehearsal for the second annual Lions club minstrel will be held today on the eve of the opening of a two-night stand at 8 p. m. Thursday in the city auditorium. An even better show at substantially reduced prices was the word about the minstrel coming from the club meeting Wednesday noon at the Settles as club members put final touches on plans for the production.

Lenten Observance Underway In City

Observance of the Lenten season was getting underway here today with regular observances scheduled throughout the Holy season. St. Mary's Episcopal Church began the local observance with special Ash Wednesday services held in the church this morning at 10 o'clock. Every Wednesday during Lent, Holy Communion will be observed.

This Friday evening and every Friday until Easter, there will be a brief devotional evening prayer service held in the church at 7:30 o'clock. St. Paul's Lutheran congregation will begin the Lenten observance this evening at 7:30 o'clock and will have special services every Wednesday during the season. Themed for the services will be "What Then Shall I Do With Jesus?" Tonight's topic is "Shall I Deny Him?"

Farm-Market Road Program Advancing

AUSTIN, March 2 (AP)—A farm-to-market roads program which appears to have strong legislative support as did the teachers' pay raise bill of two years ago, is moving at a fast pace. The Legislature will take care of this major piece of business within a week.

Highways and Roads Committee set hearings for 2:30 o'clock tomorrow afternoon on a similar House bill. House leaders of farm-to-market legislation predicted the Colson bill would be substituted for consideration at the hearing and recommended for House passage.

Bureau Studies Allotments For Cotton Acreage

Directors of the Howard County chapter of the Texas Farm Bureau Federation studied proposals concerning cotton acreage allotments at a special meeting here Monday evening.

The House and Senate worked at high speed yesterday to give thousands of state workers emergency pay raises of 15 per cent on the first \$3,000 of their salaries effective this month. Gov. Beauford H. Jester left the hospital temporarily to sign the bill into effect, he is ill with a bad cold.

Drug Traffic On Increase, Official Warns

WASHINGTON, March 2. — The U. S. commissioner of narcotics says that illegal traffic in the drug marijuana has increased, "particularly among the young people."

The commissioner, H. J. Anslinger, made this report in testimony on the Treasury Department's new appropriation bill. It was made public today by the House Appropriations Committee.

"We have been running into a lot of traffic among these jazz musicians, and I am not speaking about the good musicians, but the jazz type," Anslinger said.

In North Carolina, he said, an entire orchestra was arrested, and in Chicago and New York "some rather prominent jazz musicians" were arrested.

Narcotic and Customs Bureau officials told the House Appropriations Committee of large seizures of marijuana on the Mexican border and of seizures of miscellaneous drugs at American seaports. They said:

One of the largest seizures last year was eight pounds of pure heroin from a member of the crew of the British Steamer Hong Kong, docked at San Francisco. Five customs agents posed as electricians and steamfitters for five days before making the arrest.

MORE INTELLIGENT PEOPLE MAKE A POOR RECORD IN BEARING CHILDREN

SAN FRANCISCO, Mar. 2. — Exceptionally intelligent people, says a Stanford professor, do better than their less brainy contemporaries in virtually all things except one—they have fewer children.

It is doubtful if they have large enough families "to maintain their stock," said Dr. Lewis M. Terman in reporting to the International Council for Exceptional Children last night on the careers of 1,450 gifted persons he selected as youngsters and traced to the age of 35.

The professor emeritus of psychology said the group had only 1,500 offspring by 1945, little more than one child per family.

Some of the families are not yet complete but even so Dr. Terman doubted there would be many more offspring.

But he has tested 400 of the children and has found about 30 per cent are as smart as their parents; they have "I.Q.'s of 140 or higher—10 to 12 times the proportion in the general population."

Farm-Ranch Outlook Favorable, Offsets Other Business Decline

DALLAS, March 2. — A favorable farming and ranching outlook is balanced against declines in recent business, said the Dallas Reserve Bank in its monthly review.

The outlook for livestock ranges and crop production in the bank's district improved because of drought-breaking rains and snows in January.

The only blot, the report said, on the agricultural outlook is freeze losses of commercial vegetables and fruit in the Rio Grande Valley.

Department store sales, bank deposits and construction contracts declined, the bank said.

January department store sales were seven per cent smaller this January than last, according to the report. There was also a greater drop than usual from the December to January index.

The report said there is a generally favorable consumer response to mark-downs in prices of numerous merchandise items.
