DALLAS, June 28 (AP) — A big American airliner and a small two-passenger private plane collided today as both were coming in to land at Dallas' Love Field.

Farmers Lose Due To Over-Estimates

WASHINGTON, June 28 (AP) — A House subcommittee said today an over-estimate of the 1951 cotton crop by the Agriculture Department caused a serious break in cotton prices and a resulting loss of millions of dollars to cotton farmers.

Reviewing The Big Spring Week

You can't say the weather didn't try. After blowing us out of a house and home for six days, the wind eased off and for three days there were actually clouds in sight.

Folks down Garden City way accounted the recovery of Little Johnny Wade as the best news of the week. Johnny was kidnapped from the home of his parents, Rev. and Mrs. Anthem Wade, in Aztec, N.M. in May. He was found at Levelland. The four-year-old youngster had been born when his parents served the Baptist Church at Garden City.

Except for the "catch up" day, water consumption was clicking

Engineers Reminisce

Two new public officials discuss West Texas engineering experiences with a retiring officer Saturday, shortly after the newcomers met for the first time. New city engineer is Clifton N. Bellamy, left, and Howard County's new engineer is George E. Bean, right. E. L. Killingsworth, retiring city engineer, gives the pair some background on local situations. Bean already has assumed duties. Bellamy will become city engineer July 15, although he currently is working with Killingsworth on projects he will take over.

## City, County Engineers Meet First Time Here

New engineers for Howard County and the City of Big Spring met for the first time Saturday, although both have worked for firms in another West Texas city for the past four years.

They are Clifton N. Bellamy, new city engineer, and George E. Bean, county engineer.

Both resigned positions with private engineering firms in Lubbock to accept jobs here. And it was almost like they had known each other for years when they met Saturday in the office of E. L. Killingsworth, retiring city engineer.

Common acquaintances were discovered, along with a multitude of similar engineering experiences as Bean, Bellamy and Killingsworth discussed their respective backgrounds. The new county and city engineers found their heritage different in one respect, though. Bellamy received his engineering degree from Texas Tech, while Bean

is a Texas A&M man.

Bellamy was (and is) employed by the consulting engineering firm of Parkhill, Smith & Cooper of Lubbock. He will assume local duties as city engineer on July 15, although he already is on the local field finishing his last assignment with the Lubbock firm and familiarizing himself with the city engineering setup.

Bean resigned a job with H. N. Roberts Company of Lubbock to become Howard County engineer June 23. Prior to the position with Roberts, he was on the engineering staff for the City of Lubbock.

A 1926 graduate of Texas A&M, Bean worked as a land surveyor and engineer for the Gulf Oil Corporation in Louisiana and South Texas prior to returning to his hometown of Lubbock four years ago. He also worked for a time for the City of Houston.

Bean has two children, a son, Richard, 19, an engineering student in A&M, and a daughter, Sandra, 14. Mrs. Bean and Sandra still reside in Lubbock but will move to Big Spring as soon as living quarters are secured, the county engineer said.

Bean, employed by the county commissioners court June 16, fills

a position that had been vacant since Aug. 1, 1951, when W. R. Couch resigned.

Mr. and Mrs. Bellamy and two children, Bruce, five, and Kay, five months, have made their home in Big Spring for the past few months. Bellamy came here a resident engineer for Parkhill, Smith & Cooper to supervise construction of an enlarged sewage disposal plant for the city.

He was appointed city engineer shortly after E. L. Killingsworth announced his resignation June 3. Killingsworth's resignation is effective July 15, allowing Bellamy to finish his local job for the Lubbock firm as well as acquaint himself with work the retiring engineer has in progress for the city.

The new city engineer has been associated with the Lubbock engineering firm since 1946. A native of Hooker, Okla., he graduated from Merkel High School in 1936 and from Texas Tech in 1940. During World War II he served with the combat engineers, 36th Infantry Division, in Africa and Europe, attaining the rank of major.

Both Bellamy and Bean came to local positions with strong recommendations from previous employ-

### RODEO BOXES NOW ON SALE

Box seats for the annual Big Spring Cowboy Reunion Rodeo, August 6-9, are now on sale in the office of the Chamber of Commerce at the Settles Hotel.

The show will be produced in four performances, all in the evening, by Beaulier Brothers of Elk City, Oklahoma, and featured at each performance will be the Cowboy Band of Hardin-Simmons University and the famous Hendricks Family of California.

The box seats will be assigned in the order in which applications are received.

### War Is Declared On Pigeons By AF

MONTGOMERY, Ala., June 28 (AP)—The Air Force has declared war on pigeons at Maxwell Air Force Base.

The reason: pigeons are hazards to planes taking off or landing. Lt. Col. Claude E. Trotter Jr., base operations officer, has detailed members of the base skeet team to hunt the birds in a radio-equipped jeep.

The birds are spotted by observers in the control tower. They radio the direction of approaching pigeons to the extermination squads. An estimated 273 birds have been killed so far, 23 in a single day's shooting.

### Stevenson Refuses To Make Comment

SPRINGFIELD, Ill., June 28 (AP)—Gov. Adlai E. Stevenson again declined comment today on the possibility of a Democratic draft for President.

He was asked at a news conference if he would accept a draft for the presidential nomination. "I have no comment on that subject—which is getting mighty tiresome," Stevenson replied.

Pressed as to whether there would be any further statement of his position before the Democratic convention meets next month, he said: "I doubt if there will be any statement at all. I don't see what more I have to say. I still want to be governor of Illinois as much as ever." He is a candidate for re-election.

### Lawyers To Meet

HOUSTON, June 28 (AP)—More than 2,500 lawyers are expected to attend the annual meeting of the state bar of Texas opening here next Wednesday.

## Being A Delegate Is Costly Matter

By CHARLES MOLONY  
WASHINGTON, June 28 (AP)—Being a delegate to one of the big political conventions in Chicago next month could be a costly matter.

None of the more than 2,400 delegates will get any expense money from the Republican or the Democratic National Committees, officials at the two headquarters told a reporter today.

And Internal Revenue officials said a delegate can't deduct his expenses on his income tax return, and neither can anyone else who pays them for him—without taking risks of being caught for tax law violation.

The laws dealing with deductions from taxes are stacked against outlays on political activities, the tax experts said.

could be nicked for gift taxes if their contributions carried their total donations above the general exemptions for gift taxes.

The law gives no break, either to corporations for political outlays; they can't legitimately be figured in tax returns as "ordinary and necessary" expenses of doing business.

Lenders to political organizations however, can reduce their taxes if they lend in reasonable expectation of repayment and later find they can't collect.

Revenue officials said that's so, not because the law provides special advantages on loans to political outfits but because it doesn't specifically exempt them from receiving the same treatment as other loans.

Sen. Williams (R-Del.) has succeeded in attaching to an appropriation bill, now nearing enactment, a ban against such tax deductions of uncollected political debts.

### Building Remains In The Doldrums

AUSTIN, June 28 (AP)—Texas construction work remained in the doldrums this week. New contracts totalled only \$9,243,606, down more than one million dollars from last

week. The Texas Contractor, a trade journal, listed totals of \$5,248,594 for non-residential work, \$2,379,699 for residential, and \$1,615,113 for engineering this week. The year's total for Texas lettings climbed to \$482,819,220.

# Beckworth Cites His Record In Senate Bid

Congressman Lindley Beckworth, Gladewater, candidate for the U. S. Senate, Saturday asked for the support of area voters on the basis of his record and experience as a member of Congress for 14 years. Speaking from the Howard County Courthouse lawn, Beckworth said he is "using the work method, not the \$50,000 method," in his campaign for the Senate seat being vacated by Sen. Tom Connally.

BECKWORTH

Saturday's visit was the candidate's second to Big Spring in the past six weeks. He said he has campaigned in 236 counties since entering the race about seven weeks ago. Illustrating the "grass roots" nature of his race, Beckworth said he had spoken in every town from El Paso to Big Spring since noon Friday "and I'm going to make several more today."

The candidate called for an examination of his record as Congressman from an East Texas district, adding that "I don't believe you'll find a person who'll say that anyone has told Lindley Beckworth how to vote."

"If you think I'm the best qualified candidate for U. S. Senate, I want your support," he stated. He then outlined experience gained through two years as a state legislator and 14 years as congressman. Beckworth's "work method, not the money method" remark was his only reference to either of his opponents. He stated his campaign expenditures report showed contributions amounting to \$1,400 while "another candidate" listed \$56,000.

The Uphur County candidate sketched a personal background that included tenant farmer parentage, youth on a rented farm, self-paid-for education, election to the State Legislature at 23, and to the U. S. Congress at 25.

"This is probably the first time Texans have had the opportunity to vote for a Senate candidate 38 years of age with 16 years of legislative experience," he declared.

Beckworth told of membership and chairmanships on several important Congressional committees, including Civil Service, Mines and Mining, Insular Affairs, Expendi-

tures of Executive Departments, and Immigration and Naturalization.

He said that at present he is the second ranking Democrat on the House Interstate and Foreign Commerce Committee which has jurisdiction over railroads, trucks, buses, airplanes, oil and gas pipe lines, inland water ways, four forms of communications and several government departments.

Referring to his youth, the candidate said, "I certainly know how poor, poor people are. We farmed rented land until 1928."

He recalled picking cotton, shoveling gravel on a highway project and working at odd jobs to pay his way through courses of study at Southern Methodist University and Texas University and Baylor Law Schools.

Travelling with Beckworth was his wife. The candidate said he is "making this campaign myself" with the help of his father, a twin sister and Mrs. Beckworth. His campaign caravan—two sound-equipped cars—proceeded to Colorado City for a speech following the Big Spring address.

# Republicans In Cross Country Name Calling

By The Associated Press

Texas Republicans swapped names Saturday in a cross-country word duel.

From New York, Taft backer Henry Zweifel, Fort Worth, hurled a "paid henchman" charge at Joe Ingraham, Houston. He said the Harris County GOP chairman is "one of Porter's paid henchmen."

Jack Porter, Houston oil man who heads Texas Republicans backing Gen. Eisenhower, wasn't available for comment.

Ingraham had this answer: "I wasn't a bolter, but Henry Zweifel was. Furthermore, I'm not a paid henchman. All the money I make comes from my law practice and not from politics."

Zweifel did his name calling in a telegram to Gen. Albert C. Wedemeyer, chairman of the National Citizens for Taft Committee. It was prompted by a letter Ingraham wrote William H. Worrilow, Lebanon, Pa., a Republican national convention delegate, saying Zweifel forces backing Taft stole the Eisenhower nomination.

Zweifel, Texas GOP national committeeman, as well as Taft campaign manager for Texas, said that at Porter's instigation, Ingraham became a member of a "rump delegates" group representing a district in which he did not reside and this violated Texas law.

At Houston, Ingraham declared: "The statements of Mr. Zweifel are entirely false and I deny them categorically."

On the Democratic side in Texas, the biggest noise was in the three-way race for nomination for U. S. Senator.

E. W. Napier, Wichita Falls judge and stockman, made public a letter he had written to Atty. Gen. Price Daniel questioning his opponent's stand on peace in Korea.

Napier called attention to his repeated stand that the UN should agree to return all Chinese Communist soldiers, regardless of whether they want to be returned. "I have often said that the Chinese are within their legal rights in making their demand," Napier wrote, then added:

"Since many people believe the settlement of the Korean War is a major issue in the senatorial race, it would seem to be in order for you to say directly whether or not you would be willing to return all Chinese and Korean prisoners in exchange for all United Nations prisoners."

Daniel was in East Texas campaigning and had not received the letter.

Bob's mother, Mrs. Earl Shaw, said one of his most treasured gifts is an autographed baseball sent by the New York Giants.

A woman in Alabama sent Bobby a piece of her best cake, wishing him luck in his fight.

Bobby doesn't know doctors have given up hope. Mrs. Shaw says he's turned to prayer to relieve him of the terrible pain that is with him almost constantly.

"We're firm believers in medical care," said Mrs. Shaw. "If we knew of a doctor who might be able to help, we would take Bobby to him, but we think he has seen some of the finest doctors already. Now, we turn to God for help."

Friday, the Oklahoma State Game and Fish Commission arranged a trip for Bobby and the family to Grand Lake, one of the most scenic areas in the state.

# Traffic Fines Mount In City Court During Week

Speeding and driving without license were the dominant traffic violations during the past week, according to fines assessed in Corporation Court.

Eight persons were fined a total of \$97.50 on conviction of speed violations. Seven were fined \$130 for driving without license.

Biggest fine was \$100, assessed for display of a firearm. Total of fines levied during the week was \$857.

Drunkenness was the most prevalent offense during the week. Court records show. Twenty-five persons were fined a total of \$342 after pleading guilty to intoxication charges. In addition, two forfeited bonds amounting to \$40 on failure to appear in court. One \$25 bond also was forfeited on failure of a defendant to appear in answer to disturbance charges.

Three persons were fined a total of \$9 for prohibited zone parking. Two were fined \$40 for reckless driving. One received a \$3 assessment for making a prohibited left turn. A \$25 fine, suspended, was levied for operation of a vehicle without brakes and two were fined \$4.50 for improper parking.

A \$10 fine resulted from operation of an unregistered vehicle.

Other fines for traffic violations were \$5, disregard of a red light; \$5, U-turn; \$1, riding double on a scooter; \$10, failure to grant right-of-way; and \$15, for passing on a viaduct.

Two persons received fines amounting to \$40 for disturbance, and a \$15 fine was assessed for indecent exposure. Four charged were transferred to County Court, and five persons arrested during the week were released to Webb AFB Air Police.

**Pajama-Clad Cop Runs Down Burglar**

NEW YORK, June 28 (AP) — A policeman, clad only in his pajama bottoms but with his service revolver in hand, chased a burglar from his 96th Street apartment early today and captured him on busy Second Avenue.

In felony court, where the prisoner, Crosby Littlejohn, 33, was held without bail, the policeman, John P. Kenney shyly told the judge:

"I was embarrassed. I had no place to pin my shield."

# Man Asks For Post On Local Health Unit

Application of another sanitary inspector for employment here Saturday raised the hopes of City-County Sanitarian Lige Fox for an assistant sanitarian for the local health unit staff.

The applicant for the position was expected in Midland over the week end for an interview with Dr. Charles A. Pigford, director of the Midland-Ector-Howard Health Unit. Fox said the State Health Department reported the man is "ready and available for employment."

Another applicant who asked for the job two weeks ago notified local officials it will be "a month or more" before he could get an insect control program he has underway.

Fox said the city-county health unit is badly in need of an assistant sanitarian. The sanitarian reported he is spending 80 per cent of his time attempting to eliminate insanitary conditions that encourage breeding of flies.

He said he is "getting good re-

sponse" where contacts are made in regard to sanitary sewer connections, although he estimated 80 per cent of the northwest section of town is still without adequate sewage disposal facilities. The health official said he also is receiving several calls for micro poison, which is available at the health unit, 209 E. 2nd.

# Increase Proposed In School's Budget

Budget for the Big Spring Independent School District will be up about seven per cent, if it is approved following public hearing on July 10.

The bulk of the increase is proposed in a \$200 hike to the teacher base across the board (\$38,200) and adjustments to administrative and supervisory personnel. Total proposed salary increases, including the teachers, is just over \$43,000.

Revenues are expected to come up substantially. The total estimate is pegged at \$963,437 against \$827,474 estimated for this year (exclusive of bond revenues). Next year's revenues will be enhanced by \$12,000 through maturity of a 10-year government bond.

Total budget for the 1952-53 year is set at \$1,024,331 against \$1,299,666 for last year. However, last year included some heavy capital outlay expenditures which were financed out of bond proceeds.

Anticipated revenues are fixed at \$963,437, up substantially over the \$827,474 estimated for the current year. Principal sources are set at \$30,300 from federal agencies (including an estimated \$25,000 for schooling children of federally connected families); \$553,647 in state funds; \$378,985 in local funds; \$12,000 from the sale of the bond mentioned above. The ending balance is projected at \$48,804 to give an overall resource of \$1,024,331.

Local fund estimates are predicted on a \$25,750,000 roll. Administrative totals are set at \$43,530 (\$21,168 for business, clerical, taxes, etc.); \$9,300 for instructional; \$9,812 clerical; \$3,150 supplies and expense.

Total instructional is set at \$680,160 (including \$627,570 for teachers, which is up from the \$522,000 of last year due to the raise and to addition of a substantial number of teachers). The balance of the item is in books, teaching supplies, instructional equipment.

Operation of plant is estimated at \$70,450 as against \$67,704 estimated for this year. If this seems a little light in view of the greater physical facilities, it may be offset somewhat in the next item. Maintenance of plant is set for \$30,000, whereas it was \$16,500 this year.

Auxiliary services, which include the health nurse, lunch program, transportation, etc. is put in the budget for \$44,765 against \$37,906 in the current budget. Insurance charges, because of some heavier pre-payments, is in the budget only for \$2,500. This year's budget has it at \$22,100. Capital outlay is \$22,062, representing a normal increase. Last year with new buildings and equipment on the way, the item was \$41,051.

Debt service is set for \$89,419, up slightly from the \$88,598 this year. Instead of \$53,355 in interest as in the case this year, the next budget sets up \$48,169 for that obligation. It also proposes retirement of \$41,100 in bonds as against \$35,000 retired this year.

Ending balance is projected for \$33,634.

# Girl, 11, Back After Marriage

DURANT, Okla., June 28 P — The marriage of an 11-year-old girl and her 21-year-old soldier husband hung in the balance today while the girl's mother debated whether to seek an annulment.

The girl, Mary Kendrick, is back at her home here. The soldier, airman Sergio Maldonado Tristan, 21, of San Antonio, has been returned to his base at Sherman, Tex., where he was immediately given kitchen police duty.

Mrs. Cleo Kendrick, the girl's mother, has said if the girl were older she wouldn't hesitate to leave them together.

Mary, who completed the fifth grade this spring, is a big girl. She is 5 feet 2 1/2 and weighs 115. She is one of nine children.

Officials who issued the marriage license and performed the ceremony say she looked the 17 years she claimed.

Mrs. Kendrick says she told Tristan the girl was only 11 years old. The daughter, however, says she told him not to believe her mother or anyone else.

"I told him I was going on 17 but I do love him. I'd rather be with him than anyone," she told a reporter.

# Womens Service Club Ends Meet

HOUSTON, June 28 (AP)—Zonta International, a women's service club, closed its convention today with a style show, election of officers and creation of a new district.

Edwina B. Hogadone, Rochester, N. Y., was elected president, Dr. Dorothy E. Radusch, Minneapolis, first vice president, and Mildred Crandell, Oak Park, Ill., treasurer.

A new district—No. 2—was created to embrace the Rocky Mountain region.

The style show was presented by the Corpus Christi, Harlingen and Hidalgo County Clubs. Costumes made from citrus seeds, onion and garlic skins, orange wood and ground corn were presented—one depicting a religious habit, a French gown, Spanish gown and a dress worn by women at the time Texas was a republic. The style show was well received by the more than 500 delegates.

# Cancer Victim Receives Gifts

By Lloyd Wolfe

CHELSEA, Okla., June 28 (AP)—Letters and gifts from every corner of the United States have been arriving this week at the home of Bobby Shaw, 13-year-old cancer victim who is expected to lapse into a coma in about a week and never recover.

Bobby's mother, Mrs. Earl Shaw, said one of his most treasured gifts is an autographed baseball sent by the New York Giants.

A woman in Alabama sent Bobby a piece of her best cake, wishing him luck in his fight.

Bobby doesn't know doctors have given up hope. Mrs. Shaw says he's turned to prayer to relieve him of the terrible pain that is with him almost constantly.

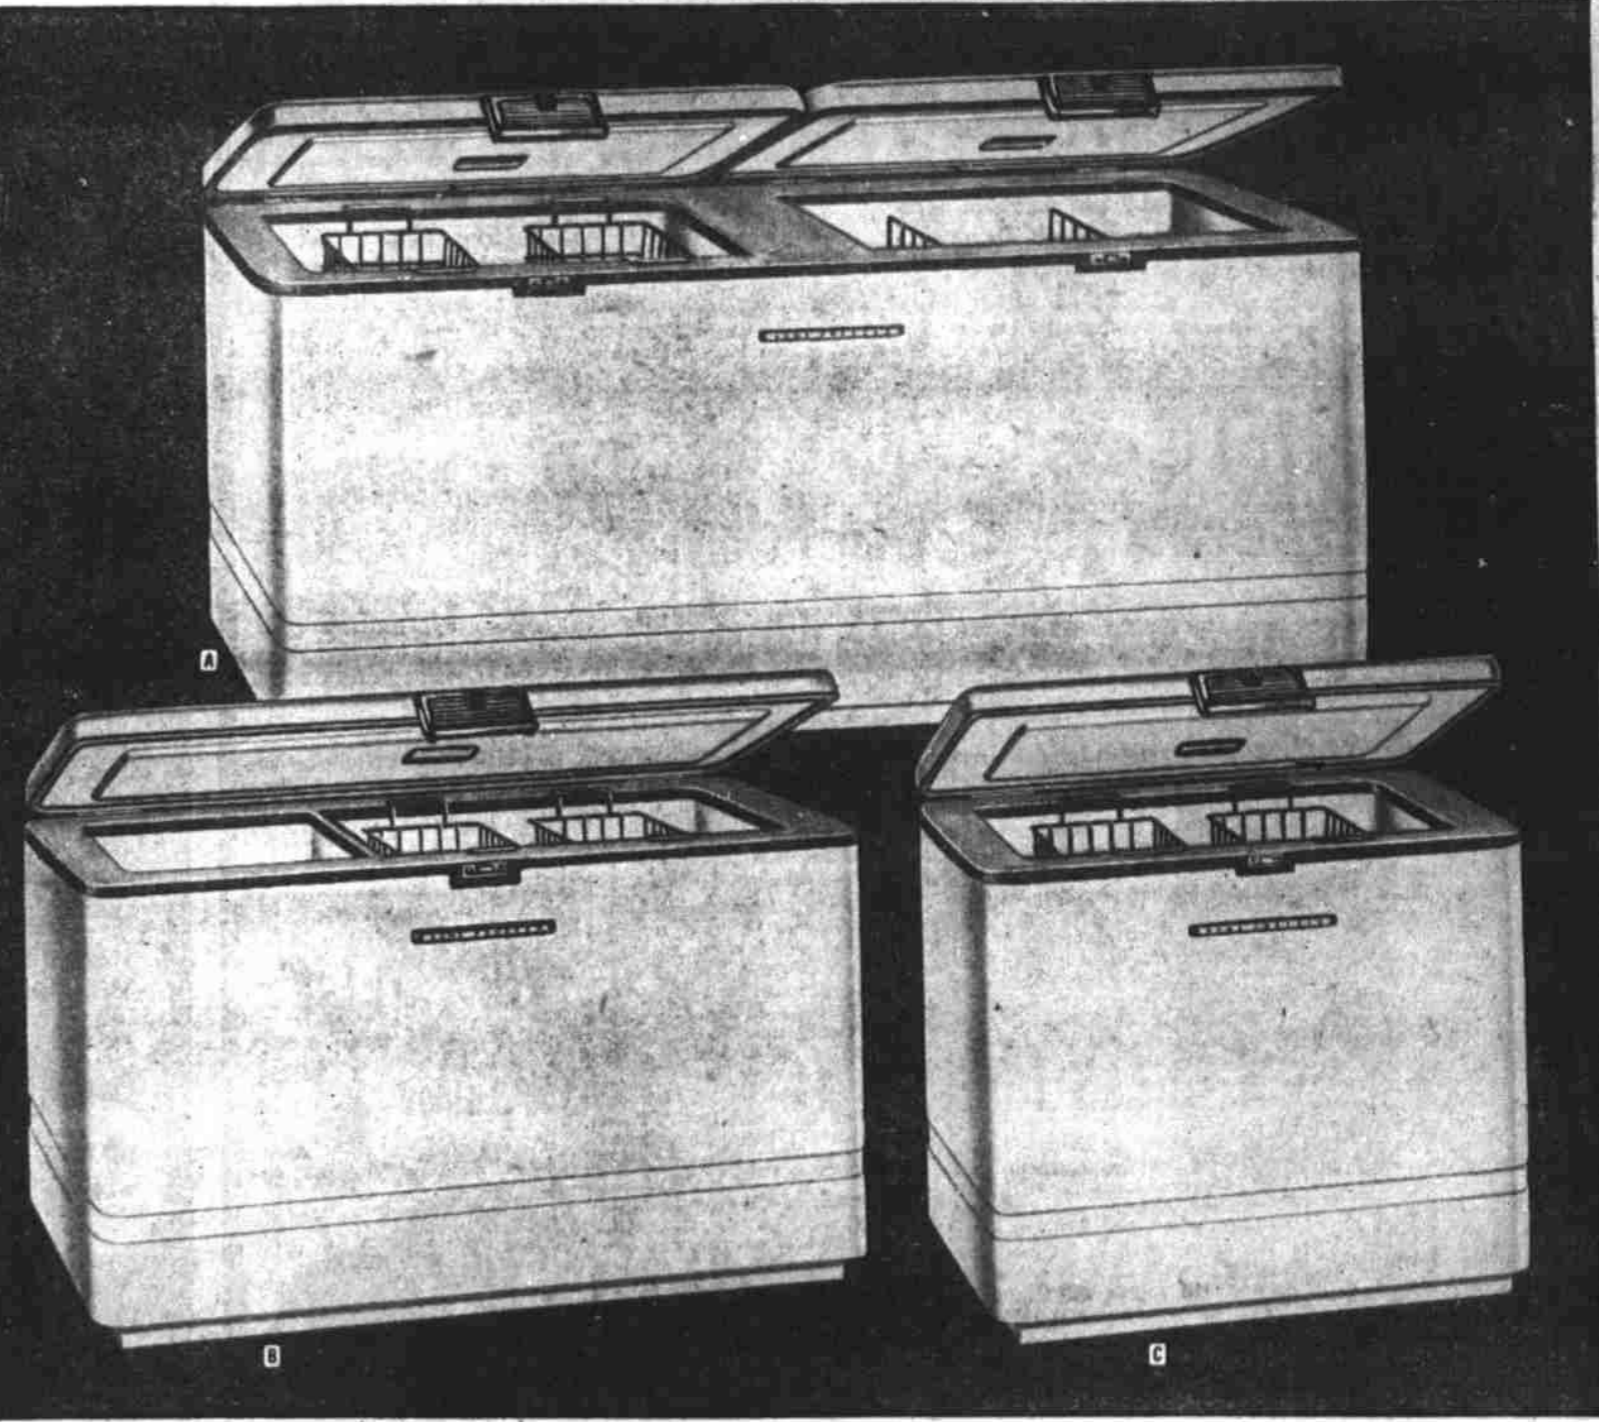

"We're firm believers in medical care," said Mrs. Shaw. "If we knew of a doctor who might be able to help, we would take Bobby to him, but we think he has seen some of the finest doctors already. Now, we turn to God for help."

Friday, the Oklahoma State Game and Fish Commission arranged a trip for Bobby and the family to Grand Lake, one of the most scenic areas in the state.

"We had a wonderful time," said Mrs. Shaw. "There's only one thing he still wants to do that he hasn't — take an airplane ride. Maybe if he feels better during the week we'll take him up."

**Austrian Composer Dies During Concert**

# Enlarged Disposal Plant Will Accommodate City Of 29,000

Plant Nearing Completion

A sewage treatment plant designed to care for requirements of a city of 29,000 people may be in operation here within a month. New settling basins (top) are being added, and a new 440,000-gallon "digester" (below) is a major item on the expansion and improvement program which has been underway for several weeks.

Completion of the enlarged sewage treatment plant for the City of Big Spring may be only a month away.

Practically all of the concrete work is in place and much of the machinery and equipment. Workers are making installation on a maze of pipes and baffle plates used in the Hayes process which the plant employs.

When in operation—and the date aimed at is Aug. 1—capacity of the plant will be virtually doubled. It will completely treat 1,800,000 gallons of raw sewage and partially treat another 400,000 gallons. The current plant handles 1,200,000 million gallons daily.

This is designed to handle the sewage requirements of a city of 29,000 people, said City Manager H. W. Whitney. If the industrial demand for the effluent should warrant, the addition has been roughed in with its steel so that increasing facilities for complete treatment will be simplified and made less costly.

In the operation of its plant, the City of Big Spring has won several awards including those for best operation, best utilization of effluent, most attractive plant and grounds.

The improvement is being effected at a cost of \$183,500. About \$10,000 more may be needed to repair and renovate the existing digester, which is built over the old Enhoff tank of the original sewer system.

The Hayes process, licensed by

Clyde Hayes of Waco (he plans to come here and spend a week with operators when the enlarged plant is in action) is a contact aeration process.

Raw sewage is fed to two settling basins which have traveling beams that skim light solids to scum gutters and heavy ones along the bottom to pumps. The liquid sewage then moves between a maze of transite baffles, billowing freely under the force of compressed air diffused through porous carbonium pipe in the bottom of the tank.

These plates connect bacteria which thrive in the presence of abundant oxygen. The bacteria, in turn, attack and destroy harmful bacteria. The aeration continues so that when the water passes through the last settling basin it emerges as practically pure and clear fluid. It is chlorinated to insure absolute bacterial purity and goes to one of two earthen reservoirs where Cosden Petroleum Corporation traps it for pumping to the refining plant. There it is used principally for cooling purposes. General Atlas Carbon Black also makes use of the effluent in its operation.

Among the improvements made, in addition to the treatment area, is the installation of a new digester, which recently collapsed in one point when subjected to internal pressure, will be overhauled and

given a new top. Then the two will work together, one being used in the primary treatment of sludge, (solids) the other in the secondary stage.

This means that the sludge pumped to the 12 beds—and there are four new ones to take care of the volume—will be completely treated and inert, thus will dry faster and without any odor. A tank has been installed to catch the super-natant (the fluid left when sludge settles in the digesters). This treats and breaks the pungent solution and returns it to the plant for treatment.

Another new unit is a trap which catches foreign solid particles, bits of plastic, rubber, fruit peels, etc. before it enters the plant. These are ground to a pulp and put through. The new intake is designed so that influent—the raw sewage—may be evenly divided to the old and new units or may be switched wholly or in part to either.

Four new air compressors have been added, three for the new unit and one additional for the existing one.

With the exception of electric panels and some other minor items, all materials are on hand. S. C. Cooper, Lubbock, former city engineer here, and who designed the plant, said that deliveries had been pledged by July 15. This being the case, the larger plant will be in operation by Aug. 1.

## Iron Ore Found In State Forest

COLLEGE STATION, June 28 (AP)—That's iron ore in them thar hills, pardner.

Just to be sure, the board of directors of the Texas A&M College system, today authorized the Texas Forest Service to conduct a preliminary survey of iron ore deposits on the Fairchild State Forest in Cherokee County.

The Texas Forest Service has been asked if it would sell the ore on a ridge covering approximately 120 acres of what may be high quality iron ore. Located on the New Hope tract of the Fairchild State Forest, the ridge is five miles from Sheffield Steel Co. processing plant near Rusk.

The survey will determine the quality of the ore and the Board of Directors will then be in position to determine whether an iron ore sale is justified.

## Smallest Star May Have Been Found

TUCSON, Ariz., June 28 (AP)—Discovery of what apparently is the smallest known star was announced today.

W. J. Luyten, director of the University of Minnesota observatory, and E. F. Carpenter, director of the University of Arizona observatory, made the announcement.

The diminutive star is only about 2,500 miles in diameter and about one-third as large as the earth. It is located in the Winter Evening Milky Way, about midway between the Big and Little Dog stars. It is far too faint to see without a large telescope.

## Mexican Labor Con Enter If Wage Rate Met, Fisher Reports

SAN ANGELO, (SC)—The Mexican government has permitted ranch labor to enter Texas this year if a minimum of \$75 a month wages are paid, Rep. O. C. Fisher of San Angelo says he has been informed by the Labor Department.

Fisher said the final terms on ranch labor were not incorporated in the amendments to the Mexican labor contract which were announced recently, but it was agreed they would be included in the supplementary letters.

Those letters have not been received, he said. Conditions applicable to ranch labor are virtually the same as for farm labor with the added provision of the minimum monthly wage.

## Border Patrol Cuts Back Its Operation

WASHINGTON, June 28 (AP)—The Immigration Service disclosed today it already is cutting back the Mexican border patrol activities it expanded only a couple weeks ago.

Willard F. Kelly, head of the enforcement division, said the change of pace was made necessary by Senate refusal Thursday to appropriate enough money for the stepped-up activities in the fiscal year starting July 1.

He listed these immediate effects of the economy move on the department's drive against Mexicans coming into this country illegally to work:

1. Contracts awarded earlier this month for construction of an alien detention camp at Brownsville have been ordered canceled.

2. The Flying Tiger Airline of California has been given the required 7-day cancellation notice on a contract to fly deported aliens from Brownsville to interior Mexico.

3. The airlift operations from

Southern California to interior Mexico by the Flying Tigers will be continued, but on a reduced scale. Construction of an alien detention camp near San Ysidro, Calif., will continue as planned.

4. Some 250 Border Patrolmen who have been added to the force in the past three weeks face the likelihood of being released.

Although Kelly did not discuss it, there was a report current on Capitol Hill that immigration officials may try again to get funds for the increased enforcement operations in the next fiscal year under a supplemental appropriation bill.

The service's Mexican border activities were speeded up after the House on June 5 agreed to a Senate provision for more funds in a pending supplemental appropriations bill.

The measure, promptly signed into law by President Truman, provided for use of \$1,300,000 for use during the remainder of the fiscal year which ends June 30.

The money was to be used for building two alien detention camps, one in Texas and one in California, at a cost of approximately \$200,000 each; for hiring up to 350 additional Border Patrolmen, and for maintaining an airlift to transport illegal Mexicans to Guadalajara and San Luis Potosi in South Central Mexico.

The money in the June 5 appropriation measure had to be spent for under obligation of contracts before June 30, and the service expanded.

But in voting funds for next year, the House cut to \$40,300,000 the \$44,900,400 asked by the President's budget bureau. Among items cut were funds intended for maintaining the two detention camps and the airlift, and for salaries of the additional Border Patrolmen over and above the then existing force.

The Senate agreed to the cut.

## State Is Studying Weed Killer Mystery

AUSTIN, June 28 (AP)—The state is investigating how a herbicide happened to damage thousands of acres of cropland between Hillsboro and Troy.

Unexplained dosages of 2,4-D, a hormone type herbicide used in weed control, "damaged an estimated 4,000 acres along the 58-mile strip adjoining U. S. Highway 81.

Agriculture Commissioner John C. White said an accurate picture of the situation would not be available until reports come in from five inspectors.

He said investigators theorized the dosage may have resulted from a leak in herbicide containers being transported by truck about June 5. A leak might have allowed the liquid to vaporize and spread over the fields, most of them planted to cotton.

## Zweifel One Who Bolted, Says Ingraham

HOUSTON, June 28 (AP)—"I wasn't a bolter, but Henry Zweifel was," declared Joe Ingraham, Harris County Republican committee chairman here today.

"Furthermore, I'm not a paid henchman. All the money I make comes from my law practice and not from politics."

Ingraham's statements were in reply to charges leveled against him and Jack Porter by Republican State Chairman Zweifel in a wire to Gen. Albert C. Wedemeyer, chairman of the National Citizens for Taft Committee.

Contents of the wire were made public at New York.

"The statements of Mr. Zweifel are entirely false and I deny them categorically. I don't know what he means by the Porter group. I am a friend of Jack Porter but I know nothing of the so-called Porter group."

"I did not bolt my precinct convention, as Zweifel did. I did not bolt the county convention, as Zweifel did. I did not bolt the state convention."

"I was not admitted to the state convention. Armed guards met me at the door and refused to allow me to enter. I did not attend the Eisenhower convention at Mineral Wells either."

"Afterwards, I read in the papers that I had been selected as a Taft delegate to the national convention—one of the five Taft delegates named at the Porter convention. I did not—with Porter or with anyone else—participate in the organization of Eisenhower clubs and I am not a member of an Eisenhower club."

## One Killed, Three Injured In Mishap

DALLAS, June 28 (AP)—A Dallas woman was killed and three persons injured early today when an automobile in which they were riding struck a concrete bridge on Forney Road and plunged into White Rock Creek.

Mrs. Dixie Mozell Knight, 29, driver of the car, was fatally injured. A doctor said she died of head injuries or drowning.

Injured were Shirley Lou Starnes, 16, of Kilgore, laceration of the elbow; Otto D. Henderson, 21, a Perrin AFB service man, neck injury; and Carol W. Hawkins, 20, also of Perrin AFB, laceration of the left foot. They were taken to Parkland Hospital for treatment. None was seriously hurt.

### CARD OF THANKS

We wish to express our appreciation for every kindness shown during the illness and passing away of our loved one, Wesley E. Ford. Mrs. W. E. Ford Ford Relatives Mrs. I. B. Cauble and children.

## Del Rio Wool Firm Gets PMA Approval

DALLAS, June 28 (AP)—The production and marketing administration said today Del Rio (Texas) Wool and Mohair Co. is the seventh Texas wool handler to be approved under the 1952 wool support price program.

Handlers represent producers in getting Commodity Credit Corp. loans. Already approved are Herring and Stallings, Ballinger, James L. Daniel Wool and Mohair Warehouse, Eden; S & S Wool Co., Dallas; Junction Warehouse Co., Junction; Uvalde Wool and Mohair Co., Uvalde, and Central Texas Trading Co., Lampasas.

## Taft Foes Begin Wooing Hoosiers

INDIANAPOLIS, June 28 (AP)—Indiana supporters of Sen. Robert A. Taft of Ohio complained today about attempts to woo away the Hoosier delegates pledged to vote for Taft for President.

Lisle L. Wallace, Indiana campaign manager for Taft, called the efforts "the same old stuff . . . used to put over weak Republican candidates for the last 16 years."

In a telegram to all Indiana delegates to the Republican National Convention, Wallace called Taft a real candidate completely opposed to the New Deal.

## Scouts To Hold Aquatic School

The Boy Scouts' summer aquatic school will be held this year in conjunction with the YMCA swimming program, Jimmy Hale, scout field executive, and Tolly Baker, YMCA program secretary, have announced.

The program will begin July 1 or whenever the pool opens, Baker stated, and will last until August 1. Daily sessions will be held from 9 until 11 a. m. each day. Admission will be 10 cents per session. In addition, all are required to pay the YMCA activity fee of 25 cents per member under 13 and 50 cents for 13-or above swimmers per month.

In addition to the swimming class, Baker will help the advanced scout swimmers on work toward their swimming and lifesaving merit badges each day from 11-12 a. m.

## Dr. Morgan Is New Dean At Texas A&M

COLLEGE STATION, June 28 (AP)—Dr. David H. Morgan, dean of college and dean of graduate school at Colorado A&M College has been named new dean of college at A&M College of Texas.

Nominated by Pres. M. T. Harrington, Dr. Morgan was approved for Texas college's top academic post by the college Board of Directors meeting here today.

He will fill the position vacated by Dr. C. C. French, who resigned several months ago to become president of Washington State College.

### Chicago Bound

With him and the cabinet of "evidence" are Frank Blankenbecker, Austin, Tex., state Republican organization chairman; Dan Davis, Dallas, Tex., young Republican, and Neil Beaton, San Antonio, counsel for the regular GOP group in Texas (left to right). (AP Wirephoto).

## C-City Signs Lease For A Public Park

COLORADO CITY, June 28—Mayor Leonard Henderson of Colorado City, announced Friday that the city had signed a lease for 15 acres of land on the east side of Lake Colorado City, to use as a public park.

The land under discussion fronts on the lake and is owned by the Texas Electric Company. It replaces acreage leased last year on Cherry Creek, and abandoned by the city council this summer. Henderson said that the park area would cover about 15 acres with more than 1,700 feet of waterfront. It will lie near the city's intake for city water in Lake Colorado City.

Councilmen met with Beeman Fisher and Texas Electric officials Thursday afternoon to sign the lease, which will go to Fort Worth for consideration by J. B. Thomas, president of Texas Electric.

Henderson added that city officials had been attempting to secure suitable space on the lake for a park since the building of the lake. In the most recent attempt, M. N. New, councilman, and Roy Dozier, city manager, had conferred with Texas Electric heads in Fort Worth three months ago. The present contract at the rate of \$1.00 per year, came as an outgrowth of that conference. Henderson said "I appreciate the cooperation of Texas Electric in supplying the recreational needs of Colorado City, and I think the townspeople will, too."

## Nunn Service Is Set For Today

COLORADO CITY — Funeral services will be conducted at 3 p.m. today at the Kiker & Son Funeral Home for James William Nunn, one-year-old son of Mr. and Mrs. Thomas Nunn of Midland.

The Nunn family are former residents of Colorado City. James William having been born here March 18, 1951.

The youngster died of septicemia Saturday morning in Midland. S. A. Sifford, pastor of the Hermitage Methodist Church, will officiate at final rites. Burial will be in Colorado City Cemetery.

Survivors include the parents, one brother, Sandy Nunn; paternal grandparents, Mr. and Mrs. Nunn of Colorado City; and maternal grandparents, Mr. and Mrs. W. H. Gean of Loraine.

**Failures Increase**  
NEW YORK, June 28 (AP)—Business failures in May totaled 638 compared with 780 in April and 725 in May, 1951, Dun & Bradstreet reported today.

## Family Would Like To Be Citizens Here

Four members of a Greensboro, N. C., family want to become citizens of Big Spring, despite the fact that there's little likelihood that they'll ever get to visit this section of the country in the very near future.

They just might get their wish, though. A letter they penned to Shine Phillips, local author, philosopher and unofficial good will ambassador, has been referred to Mayor G. W. Dabney. The mayor says he may suggest that the city commission approve a resolution granting the North Carolinians "honorary citizenship."

The letter is from the Frank W. Williamson family, of 106 Mulra Chapel Road, Greensboro. They are former residents of Big Spring having made their home here when Frank was stationed at the local air field during World War II. That is, all of them except the youngest, a son who was born after the Williamsons moved from Big Spring in 1944.

Apparently, Mr. and Mrs. Williamson and their daughter were "sold" on Big Spring and Texas while he was stationed here. They write that "in our opinion, there is no state, including our own North Carolina, that can ever come close (to Texas) in wonder and magnificence."

They wrote Phillips that "we were never in any place that we enjoyed nearly as much as Big Spring."

Williamson is a postman in Greensboro. While in Big Spring he purchased a copy of Phillips' book, "Big Spring," which "we are proud to have in our possession," and which apparently inspires almost-constant conversation about Big Spring and Texas.

"No week passes that Texas is not mentioned in our home—and our daughter who is nine years old, is determined to buy her cow pony on our trip there," the Williamsons wrote.

"This trip we speak of is also a dream, for we can see no possible way anytime in the next few years to make it, but we enjoy discussing and planning it anyway."

## Well Completions Decline Sharply

AUSTIN, June 28 (AP)—A sharp drop in Texas oil well completions this week was reported by the Railroad Commission today.

The total was 177 compared with last week's 264. The year's total of 5,733 remained well ahead of last year's comparable 5,366.

Regular drilling applications are lagging behind last year's 10,025 to 10,487. Wildcatting had a poor week, hitting oil in only 11 wells while reporting 92 dry holes.

## Grayburg Producer Finals At Germania

James H. Snowden and Associates of Fort Worth have completed the first Grayburg producer in Midland County.

It is No. 2-12 Hale in the Germania (Spraberry) area in the northeast portion of the county.

Operator reported a daily pumping potential of 37.40 barrels of 34 gravity oil through perforations at 3,940-3,960 feet after the pay had been acidized with 500 gallons and fractured with 1,500 gallons.

Previously, the well was completed from the Spraberry at 7,182-7,252 feet.

Location is at the center of the northwest quarter of the northeast quarter of section 12, block 37, T-2-S, W. Glendening survey.

## Test Spotted 20 Miles Into Gulf

HOUSTON, June 28 (AP)—Texas Eastern Production Corp. announced today it will drill a new offshore well about 20 miles southwest of Galveston in the Gulf.

H. A. Hemphill, Texas Eastern president, said drilling will start within a few days. He said the well, projected to a vertical depth of about 6,000 feet, will be drilled as a directional hole to the southeast.

Purpose is to "define more definite the location and extent of the natural gas reserves underlying the company's 11,070-acre offshore block," the announcement said.

Site is about seven and one-half miles off the coast from Galveston Island.

## Borden Wildcat

Steady progress was being made in the Ashman & Hilliard No. 1-G Long, a prospector four miles southwest of Gal, at the end of the week. Operators had reached 4,271 in lime and shale. Location is C NE NE 7-30-4n, T&P.

Babe Ruth was the home run champion of the American League 12 times.

## Taft In Blast At 'Can't Win' Idea

By JACK BELL

WASHINGTON, June 28 (AP)—Sen. Robert A. Taft of Ohio blasted today at the "can't win" bugaboo he said is his chief remaining hurdle in the race for the Republican presidential nomination.

Taft told a news conference there isn't any other effective argument being used against him except what he called the mistaken belief on the part of some delegates that he would have difficulty beating the Democratic nominee in November.

"The only thing anybody has got against me is the claim that I can't carry the election and there is no basis for that," he said. "It's the only effective argument left. There is no other argument."

"Whether you win depends on the kind of campaign you make and I think I have convinced most people I can make a winning campaign."

Nobody had yet said, he added, that he couldn't carry Ohio. This was a reference to his sweeping re-election victory in 1950. The Ohioan, who claims that about half of the 1,206 delegates to

the convention opening July 7 intend to vote for him, said he will leave for Chicago tomorrow night.

After conferences with early-arriving delegates, he plans to return to Washington July 3. He said he expects Congress to work Independence Day and Saturday, July 5, in efforts to clean up its legislative docket for a pre-convention adjournment.

Thus Taft will be back in Washington at the time Gen. Dwight D. Eisenhower, his chief rival for the GOP nomination, expects to arrive in Chicago to talk to delegates.

Taft told reporters he believes Gov. John S. Fine of Pennsylvania still is remaining neutral in the contest between the Ohio senator and the general. Fine is credited with being able to influence a sizeable bloc of Pennsylvania's 70 delegates, but hasn't announced his choice between the two candidates.

Taft said he thought that claims of Sen. Henry Cabot Lodge of Massachusetts, Eisenhower's national manager, that a "break" was in sight for the general had proved groundless.

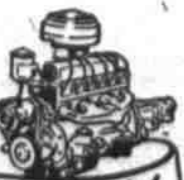

# Now...a New De Luxe Model of the Willys Station Wagon

Smart New Styling - New Performance - New Handling Ease

# Owens Was The Greatest Of Them All In Olympics, Records Show

LOS ANGELES (AP)—Jesse Owens, in the view of some pretty high powered experts, is far and away the greatest of Olympic champions. American college track coaches and Southern California track writers voted him four places on an Associated Press all-time Olympic team—100 and 200 meters, broad jump, and the 400-meter relay team that he anchored.

The recognition of the Ohio State Negro was for his performances at the gaudy 1936 games in Berlin. There wasn't a dissenting vote against him in the broad jump, and only a couple of ballots for Eddie Tolan in the 100 and Mel Patton in the 200.

The team was selected on the basis of past Olympic performances, and some old-timers were included, even though their marks have since been exceeded. The assumption was they could have done much better against modern competition.

In 10 other events in addition to those dominated by Owens the se-

PAAVO NURMI

lection to the all-time team was unanimous or almost so, as follows: 400 meters—Billy Carr, the smooth Pennsylvanian who won in the 1932 games.

1,500 meters—John Lovelock of New Zealand, another winner from the 1936 games.

5,000 meters—Paavo Nurmi of Finland, 1924 winner. There was support, however, for Gaston Reiff,

the Belgian who won the 1948. 10,000 meters—Emil Zatopek, the unorthodox Czechoslovakian, winner in 1948.

400-meter hurdles—Roy Cochran, the American who set the Olympic record in 1948.

3,000-meter steeplechase—Volmari Iso-Hollo of Finland, winner in 1928 and 1932, and a unanimous choice.

Shot Put—Moose Thompson, the American who surprised by setting a record of 56-2 in 1948.

Javelin—Matti Jarvinen, Finland, 1932.

High jump—Cornelius Johnson, USA, 1936.

Pole vault—Earle Meadows, USA, 1936.

There was an argument in the 800 in which Mal Whitfield, American winner in 1948, was accorded first place over John Woodruff, the long striding American who won in 1936.

Juan Zabaleta of Argentina was voted the best in the marathon, but Hans Kolehmainen of Finland

has strong support.

The 110-meter hurdles ended in a dead heat between Spec Towns, 1936 winner, and Bill Porter, 1948 winner, both Americans.

In the discus Adolfo Consolini of Italy narrowly won out over Bud Houser, the American who won back in 1928.

The hammer ended in a tie between Pat O'Callaghan, the Irishman who won in 1928 and 1932, and Imre Nemeth, Hungary, the 1948 winner. Karl Hein, Germany, also had his admirers.

The hop, step and jump went to Naoto Tajima of Japan, 1936 winner, but some of the experts liked his countryman, Chubei Nambu, who won in 1932.

In the decathlon, Bob Mathias was slightly favored over Glenn Morris. Both are Americans. Mathias won in 1948 and Morris in 1936.

For the 1,600-meter relay team, the USA combination of 1932 was favored narrowly over Great Britain's 1936 team.

## Cook's Batters Cabot Carbon

The Cook's Appliance Store maintained its unsullied record in YMCA Industrial Fastball League play by belting Cabot Carbon Company, 11-1, Friday night at the City Park.

Cotton Mize pitched most of the way for Cook's. Ted Gross, who had delivered a triple with the bases loaded, was on the mound when Cabot scored its only run, however.

Jack Lee hit a home run for the winners. The Cook nine scored five runs in the second and five more in the fourth.

The scheduled game between McDonald Motors and C. L. Rowe Humble was not played.

## Coahoma Meets Col-Tex Monday

COAHOMA—The Coahoma Bulldogs are awaiting the ball for the crucial Colorado City Jay-Cee Softball League game with Col-Tex Monday night.

First place in the circuit will be at stake. The two teams have played twice this season and have broken even. Jimmy Ward will probably hurl for the Bulldogs. Gene Farham or Leon Bredemeyer will toe the slab for Col-Tex.

## Lehmann Released By Roswell Club

Following are player transactions completed recently within the Longhorn League, as announced by League Presy Hal Sayles:

ROSSELL—Chauncey Stewart Lehmann, released outright.

Robert Lee Smith, released outright at direction of Yuma Club of Southwestern - International League.

SAN ANGELO—W. E. Arbuckle, contract optionally assigned to Abilene Club of West Texas-New Mexico League.

J. B. May, reinstated from restricted list.

## Baggett Is Signed By Dallas Texans

DALLAS, June 28 —Billy Baggett, the former Louisiana State backfield star, signed a contract with the Dallas Texans of the National Football League today. Baggett was obtained from the Los Angeles Rams in a cash purchase in the deal which sent 11 Ram players to the Texans for all-America guard Les Richter. Baggett hails from Beaumont.

## Bengals Invade San Angelo For Contests With Pirates

With new blood in the lineup, the Big Spring Tigers head for San Angelo today for two tough engagements with the Angelo Pirates.

First of the two seven-inning bouts gets underway at 3 p.m.

Johnny Hooper, catcher; Harold Rosson, outfielder; Howard Washburn, shortstop; Howard Jones, pitcher and first baseman; Billy

Tubb, outfielder and Johnny Johnson, outfielder; are among the new players signed by Manager Ynez Yanez.

Ella Gamboa and Tom Arista, both of whom have been playing with the Tigers for two decades, will be there as will Charley Fierro, Lefty John Dianda, Gus Fierro, Jimmy Fierro and Ambrolo Sanchez are among the hold-overs who will see action today.

Gus Fierro boasts a dozen years of service with the Bengals.

No longer with the team are Guy Lara, Sonny Dutchover, Joe Puga and Ignacio Albarado, all of whom are playing with the Big Spring Indians; and George Martinez, who has gone to California.

## Lepard Is 7th In Big Race

Leon Lepard, Big Spring's lone representative in the US Olympic trials in Los Angeles, failed to place in the 800-meter race Friday.

Winning berths on the team in that event were Mal Whitfield of the US Air Force, John Barnes, Occidental; and Reggie Pearman, NY Pioneer Club, who finished in that order.

Lepard wound up seventh in the ten-man field.

Whitfield's winning time was 1:48.6, which tied the American record.

## Jorge Lopez Going Like House Afire

Jorge Lopez, former Big Spring second baseman, has been on a hitting spree for Laredo of the Gulf Coast League.

Through Friday night, Lopez had hit five home runs in five games.

The round tripper Friday went for nil, though, as Laredo bowed to Brownsville, 12-5.

Yes Sir . . . This Is The SALE You've Been Waiting For!

ED ROBINSON NAMED

Stan Musial Again Tops All-Star Game Voting

CHICAGO, June 28 (AP)—Nine different teams are honored on the American and National League starting units for the all-star game, selected in a poll of nearly 4 million fans.

The poll conducted by the Chicago Tribune was headed for the second straight year by Stan (The Man) Musial, brilliant St. Louis Cardinal outfielder, who bagged 1,291,532 votes.

The first-place New York Yankees and Cleveland Indians dominated the American League with three starters each, the Chicago White Sox and Boston Red Sox landing one apiece.

The National League's eight starters included two each from the Cardinal, first-place Brooklyn Dodgers and runner-up New York Giants, and one apiece from the Chicago Cubs and Philadelphia Phils.

Here's the way the 3,901,284 voting fans ordered Managers Casey Stengel of the Americans and Leo Durocher of the Nationals to start the all-star teams:

First base—Eddie Robinson, Chicago. Second base—Bobby Avila, Cleveland. Third base—Al Rosen, Cleveland. Shortstop—Phil Rizzuto, New York. Left field—Dale Mitchell, Cleveland. Center field—Dom Dimaggio, Boston.

Right field—Hank Bauer, New York. Catcher—Larry Berra, New York. National League: First base—Whitey Lockman, New York. Second base—Jackie Robinson, Brooklyn. Third base—Bobby Thomson, New York. Shortstop—Gran Hamner, Philadelphia. Left field—Hank Sauer, Chicago. Center field—Stan Musial, St. Louis. Catcher—Roy Campanella, Brooklyn.

Stanolind, White Lead At Stanton

STANTON—Eight softball games are being played here weekly in the recently organized Stanton Softball League. Stanolind Oil Company and White's Auto Store are leading the standings with four wins each. Games start at 8:00 and 9:30 p. m. nightly.

Cincinnati Reds Untrack In Ninth To Beat Bruins

CINCINNATI, June 28 (AP)—The Cincinnati Reds, virtually helpless against the pitching of Bob Rush for eight innings, pushed across two runs in the last of the ninth today for a 3 to 2 victory over the Chicago Cubs.

The victory ended a five-game Cincinnati losing streak. Rush had held the Reds to three widely scattered hits until the ninth.

In the ninth with Cincinnati behind 2-1, Ted Kluszewski scored Grady Hatton with a single and made second when Gene Herman's throw got by Bill Serena. Rush walked Willard Marshall intentionally and Seminick delivered his game winning wallop after 2:06. A-3, 22.

OVER EASTHAM Joe Bauman Again Leads In Hitting

Joe Bauman of Artesia moved slightly ahead of Odessa's Leo Eastham last week in their see-saw battle for the Longhorn League batting lead. Among the season's "regulars," they have been feuding since early in the season. Bauman came up from .397 to .402 to pass Eastham, who fell from .409 to .398.

Among the "newcomers" who are setting a fast pace are Pat O'Keefe of Midland, Bill Haley of Artesia, and Earl Bosenberry of Midland, with Bert Baze of Big Spring crowding them.

Bauman continued to lead in the slugging department, adding six home runs for a total of 25, and a double for a total of 170 bases. Rudy Briner of Artesia, gaining ground every week, came up with six doubles and three home runs over the previous week for 142 total bases and second place. He leads the league in doubles with 21.

Charley Buck hit four triples and three two-baggers; he leads the league in triples with 13, one more than Lefty Loyko of Odessa. Odessa's Evillo Ortega came up with two more pitching victories to maintain his lead with a 11-2 record for the season. Gil Guerra of Big Spring also won a couple, but was charged with a defeat and his standing remained the same.

Veteran Rooster Mills of Artesia broke into the win column, along with Irvin Armin of Artesia, recently acquired from Clovis.

Bobby Shantz Stops Yanks Behind A's

NEW YORK, June 28 (AP)—Bobby Shantz, the mighty mite of the Philadelphia Athletics, breezed to his 13th victory of the season today as the A's humiliated the world champion New York Yankees, 12-0.

Shantz permitted only two safeties and also participated in the 14-hit assault against Johnny Sain and Tom Morgan, driving in two runs on a single, double and squeeze bunt.

Gus Zernial was the big man for the A's, batting in five runs on his 11th and 12th homers of the season. Zernial connected with one aboard in the first inning and climaxed a six-run second inning upturning with a three-run homer.

Table with columns for Player, Team, and statistics (AB, R, H, HR, RBI, Pct). Lists players like Shantz, Zernial, Sain, etc.

Cardinals Nose Out Corsairs

PITTSBURGH, June 28 (AP)—Stan Musial blasted a triple to run his consecutive hitting streak to 24 games and Solly Hemus smashed his eighth home run as the St. Louis Cardinals whipped the last-place Pittsburgh Pirates 4-3 today.

Pitcher Johnny Yuhus, who relieved Joe Presko in the seventh inning, won his second victory in as many days.

Table with columns for Player, Team, and statistics (AB, R, H, HR, RBI, Pct). Lists players like Musial, Hemus, Yuhus, etc.

Oilers Oppose Twister Nine

FORSAN—Winners in only one of five Concho Basin League starts the Forsan Oilers will try to make it two when they play Robert Lee here at 3 p.m. today.

The Oilers have their work cut out for them, since the Rabbit Twisters have become recognized as one of the saltiest nines in the circuit.

Lefty Shelton will probably toe the slab for Forsan. His slants will be received by Winnie Cunningham. Bobby Beal may be available for relief duty, in event he is needed.

The game winds up first half play for the Forsan club. The Oilers plunge into last half competition July 20 against Sonora in Forsan, having drawn a first round bye.

Indians And Dukers Send Dusters Help

VERNON—Jerry Madalena, who appeared at third base in the Vernon lineup in the recent Big Spring series, was optioned to the club from Albuquerque of the WT-NM League.

John Andrews, another new player, was obtained from Oklahoma City of the Texas League.

Advertisement for Jones-Warren Humble Station, listing services like tires, cleaning, and lubrication, with contact information.

Receiver

One of the better catchers in the Longhorn League is Joe Neidson (above) of Vernon. Neidson, acquired from Wichita Falls, is hitting .283 for the Dusters.

SIX TEXANS WIN SPOTS ON US OLYMPIC TEAM

LOS ANGELES, Calif. June 28 (AP)—Six Texans will go to the Olympic games in track and field. Heading the Lone Star State's delegation will be Darrow Hooper and Walt Davis, A&M's great field men.

Hooper topped the shot putters yesterday with a throw of 57 feet 1 1/2. Davis led the high jumpers today with 6 feet 9, then barely missed in a try for the world's record of 6 feet 11.

Skeet Shooters In Big Tourney

DALLAS, June 28 (AP)—Outstanding skeet shooters of the Southwest will vie for a rich collection of trophies and cash awards in the annual Pan-American Open tournament Thursday through Sunday.

With the exception of the national championships, which will be held here July 20-28, this is the Southwest's biggest skeet show and will draw approximately 150 competitors.

An added attraction is the \$7,500 guns handicap, a 100-target event scheduled Saturday afternoon when competitors will be graded by gun gauges and assigned weapons on the basis of the 1951 and 1952 registered averages.

The first half of the Pan-American 200 target all gauge championship will be fired Saturday morning and the last half Sunday. One of the most keenly contested races will be the junior championship for lads under 17 years old.

Among the expected entries are Jimmy Clark of Bartlesville, Okla., who won the national small gauge championship last summer; Lee Henslee of Galveston, newly crowned Texas champion and open high-over-all runner-up in the recent Far West Nationals at Elko, Nevada; Eddie Harris of Galveston, who set a world's record winning the national sub-junior title here last year; Jack Rogers of Palestine, 1950 national sub-junior title; and Jimmy Bradshaw of Waco.

Dibrell's Leads By Three Games

Dibrell's Sporting Goods built its won-loss record to 14-1 by sweeping a three-game set from Team 1 in Women's Summer Bowling League play here last week.

The Dibrell team still lead Cecil's Package Store by three games. Cecil's bowled over First National Bank, 3-0, in the other match.

Team 1 has won 4 and lost 11, good for third place, while First National Bank is last with 1-14. Vera Dozier of Cecil's boasted high game with 159 and Dot Cauble high series with 437.

Advertisement for U.S. ROYALS tires, featuring a cartoon character and promotional text about special allowances and credit terms.

LOCAL MAN WINNER

Elton Dozier To Play 1951 Champ In Midland Finals

MIDLAND—E. B. (Elton) Dozier Jr., Big Spring, reached the finals of the annual Midland Invitational Golf Tournament by defeating former Big Spring, Bill (Red) Roden, Odessa, 3 and 1, here Saturday.

Dozier meets Bob French, Odessa, the defending champion in the 36-hole finals today. French disposed of Hezzie Carson, San Angelo, in the semi-finals, 1 up.

Dozier, who operates a bowling alley in Big Spring, was a pro for several years but recovered his amateur status some three years ago. He had Roden two up at the turn and played exacting golf on in to up his margin. French and Carson were all even after nine holes.

Yankees And Oilers Tied For Top Spot In League

The Yankees and the Oilers have wound up in a tie for first place in the first half of the Little League. The Yanks felled the Gold Sox Friday afternoon, 8-4, to pull into a deadlock for the top playoff.

A playoff will take place in the near future. Second half play opens Monday in a game between the Gold Sox and the Yankees. The Indians and the Gold Sox wound up in a deadlock for third place, each with a mark of eight wins and eight losses. The Eagles were a game back with a 7-9 mark.

Carpenter New Breck Mentor

Breckenridge High School, which sends its football team against Big Spring in Breckenridge next Sept. 12, has hired T. W. Carpenter, 40, as its new head coach. Carpenter succeeds Cooper Robins, who recently took a job as assistant mentor at Texas A & M. He will assume his duties on Tuesday.

Carpenter is a graduate of Waco High and TCU. He has served as principal at Mineral Wells since 1947 but has kept his hand in the game, officiating games. He coached at Waco from 1935 to 1944. In 1945, his Mineral Wells team defeated Breckenridge for the district title.

Rivera And Mizell Bid For Laurels

NEW YORK, June 28 (AP)—With the campaign approaching the halfway mark, the battle for major league baseball's rookie of the year honors is a wide open affair. Outfielder Jim Rivera of the St. Louis Browns and Pitcher Wilmer (Vinegar Bend) Mizell of the St. Louis Cardinals were pre-season favorites to cop the freshman awards but both are finding the going a bit rough.

Rivera, after a slow start, is beginning to click while Mizell, always a slow starter, has flashed now and then the form that made him a standout in every minor league in which he performed. Outfielder Bob Nieman of the Browns and Pitcher Willard Schmidt of the Cards also are numbered among the candidates for the recruit laurels.

The Boston Braves are touting Lou Burdette who has sparked in relief roles.

Dozier declared the tournament medalist, Roy Lockett of Midland, in quarterfinal play Friday, 2 and 1. Roden eliminated Don Calloway, Abilene, 1 up. Arlyn Scott, Odessa, was Carson's quarterfinal victim, losing, 1 up. Vann Ligon, Midland, was ousted by French, 4 and 3. Ray Andres, Big Spring, defeated Don O'Shaughnessy, Midland, 1 up, in seventh flight play. Don Hoover, Big Spring, lost to W. O. Stallings, Midland, 4 and 3, in fourth flight activity. John Pipes, Big Spring, won over Jim Brown, Midland, in the sixth flight. Tommye Elliott, Big Spring, lost to J. W. Baldwin, Midland, in the seventh flight, 4 and 3.

Yankees And Oilers Tied For Top Spot In League

The Yankees and the Oilers have wound up in a tie for first place in the first half of the Little League. The Yanks felled the Gold Sox Friday afternoon, 8-4, to pull into a deadlock for the top playoff.

A playoff will take place in the near future. Second half play opens Monday in a game between the Gold Sox and the Yankees. The Indians and the Gold Sox wound up in a deadlock for third place, each with a mark of eight wins and eight losses. The Eagles were a game back with a 7-9 mark.

Carpenter New Breck Mentor

Breckenridge High School, which sends its football team against Big Spring in Breckenridge next Sept. 12, has hired T. W. Carpenter, 40, as its new head coach.

Carpenter succeeds Cooper Robins, who recently took a job as assistant mentor at Texas A & M. He will assume his duties on Tuesday. Carpenter is a graduate of Waco High and TCU. He has served as principal at Mineral Wells since 1947 but has kept his hand in the game, officiating games.

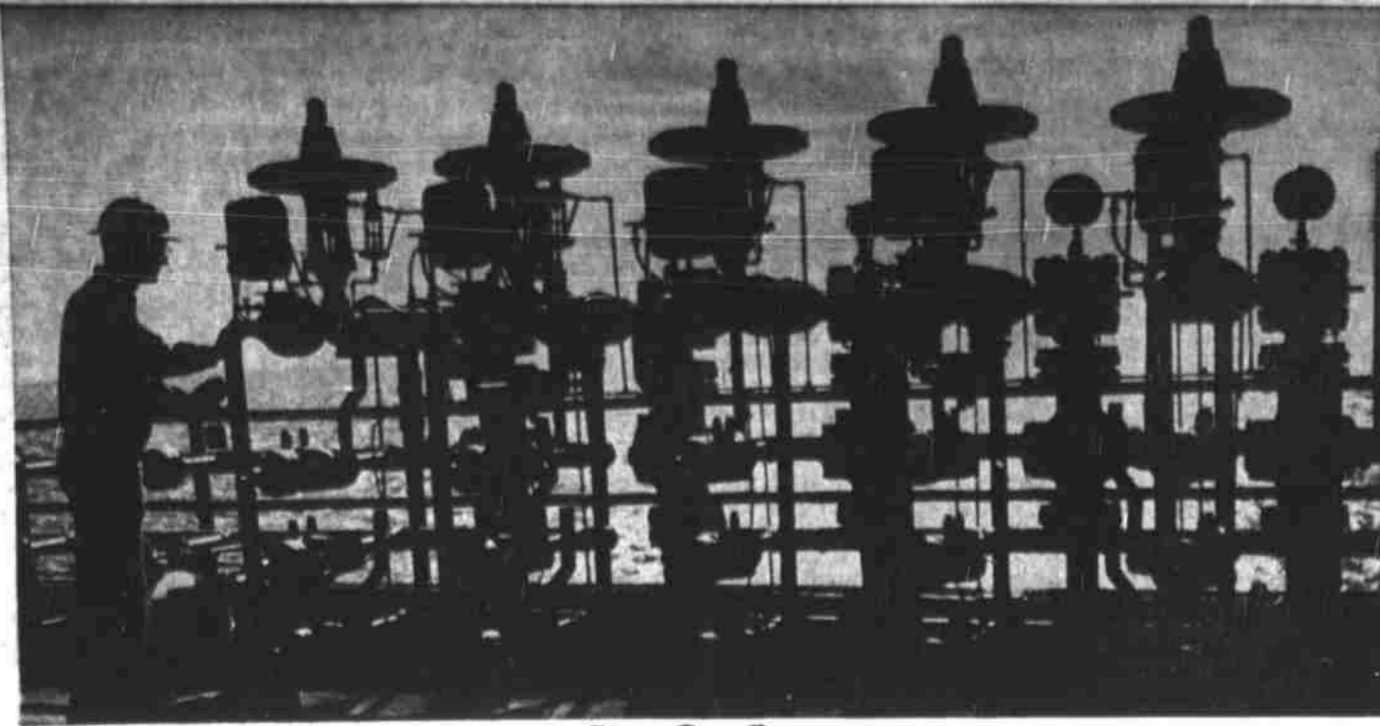

He coached at Waco from 1935 to 1944. In 1945, his Mineral Wells team defeated Breckenridge for the district title.

Five On One

Five wellheads on a Shell Oil Company offshore production platform form abstract shadows and silhouettes against the setting sun off the southern coast of Louisiana. Production of five wells is controlled from the platform installation, which rises some 27 feet above the waters of the Gulf.

## \$50 Bonus Paid For Big Spread

MIDLAND, June 28—Robert S. Brennan, Jr., Midland independent oil operator has paid in excess of \$50.00 per acre cash for an oil and gas lease on a checkerboard spread of 2,522 acres in Central-West Midland County.

In addition he has agreed to start drilling on a 10,600-foot wildcat to test the Pennsylvanian lime at some point on the spread by or before August 20.

The lease was taken from H. S. (Sherwood) Foster, Midland County ranchman. Foster retained the leases on the parcels of land in his ranch on which Brennan did not get the oil and gas rights. He retained a 1-1/2 over-ride on the lease.

Brennan says the wildcat called for in the trade will be located in the southwest quarter of section 11, block 41, T-2-S, T&P survey. He plans to have digging underway at that project by July 15. It is to be carried as Brennan No. 1 Foster.

The drillsite will be two miles west of Warfield and two and one-half miles northwest of the nearest completed oil wells in the Parks, (Pennsylvanian), field.

It is approximately one and one-half miles east of the west line of Midland County.

Brennan secured the leases on the following tracts in the deal with Foster. All of them are in block 41, T-2-S, T&P survey. Included was the east half and the southwest quarter of section 3; all of section 10 except the north half of the northwest quarter; all of section 11, except the north half of the northeast quarter; the north 154.8 acres of section 14; an undivided two-thirds interest in the west half and the southeast quarters of section 1 and 2 and north 175 acres of the east half of section 12.

## Martin Prospector In Mississippian

Stanford No. 1 Cowden, Western Martin explorer, drilled Saturday to 11,716 in lime and shale of the Mississippian.

There have been no shows in this test since in the Dean where slight shows were reported. There also had been light shows in the Spraberry, but informed observers do not think any of these have commercial value.

Operator drilled through the entire Pennsylvanian section and did not find anything to warrant a drillstem test. It is located 660 from the south and 2,032 from the west lines of the southwest quarter of section 30-40-In, T&P, six miles southwest of the Glass multi-pay field.

## Howard Explorers Are Drilling Ahead

Stanford No. 1 Snyder, deep wildcat four miles southeast of Coahoma, had drilled Saturday to 7,758 feet in shale.

## NUMBER OF ACTIVE ROTARY RIGS IN WEST TEXAS AREA DECLINES

The number of active rotary rigs in operation in the Permian Basin area of West Texas and Southeastern New Mexico dropped slightly as of June 25.

The total on that date stood at 653. On June 10, there had been 676 active rotary rigs. The June 25 total was up, however, over the comparable date a year ago when there were 613 active.

The latest report showed 143 of the rigs active in the Spraberry trend in Midland, Glasscock, Upton, Reagan, Sterling and Tom Green Counties.

The totals do not reflect the actual number of rotaries on location, but rather those active drilling at the time of the survey. The June 25 total by counties showed the following active rigs: Andrews 41, Borden 9, Cochran 9, Coke 14, Crane 10, Crockett 11, Dawson 8, Ector 32, Gaines 15, Glasscock 16, Howard 9, Kent 9, Martin 3, Midland 70, Pecos 14, Schleicher 12, Scurry 25, Terry 7, Tom Green 9, Upton 87, Ward 14, Yoakum 19, and Lea County, N. M., once more the leader, 128.

## WEEK'S REVIEW

### Developments Well Spread Over Area

By JOHN B. BREWER  
SAN ANGELO, June 28—West Texas enjoyed one of its busiest periods of oil activity this week with major honors shared by a large number of counties.

Probably the outstanding development was in Crockett County where Lion No. 1 J. M. Shannon estate of San Angelo, Ellenburger strike in the north-central part of the county, was preparing to take potential and complete.

Following retreatment of Ellenburger perforations from 7,380-413 feet, No. 1 Shannon kicked off and cleaned to pits. It then started gauging. The first hour it flowed 14 barrels of oil through a 20-64 inch choke. The next 1 1/2 hours flowed 17.97 barrels of oil through a 16-64 inch choke and the next 2 1/2 hours it flowed 21.68 barrels through a 14-64 inch choke. Gravity of oil is 38.4 degrees.

Prior to the reacidization, the test made 131.6 barrels of oil in 24 hours. The wildcat is 1,980 from north, 660 feet from east lines of section 46-UV-GC&SF, 14 miles northwest of Ozona. It is 2 1/2 miles east of the Todd (Strawn and Ellenburger) field but separated from it by two dry holes, 2 1/2 miles southwest of the Elkhorn (Ellenburger) field and three miles west of the Vaughn (San Andres) pool.

The first Spraberry oil well in Tom Green County was completed when Atlantic No. 1-29 Calvin H. Sugg flowed 171.5 barrels of oil and 3.5 barrels of water in 24 hours. Production was from casing perforations at 5,022-940 feet following fracturing with 5,000 gallons. The well extends the Sterling County sector of the Weddell Spraberry field three-quarters of a mile south into the Northwestern Tom Green County panhandle between Sterling and Iron Counties that extends west to the Reagan County line.

Location is 660 from north 2,077.08 feet from west line of section 29-A-TCHR the sixth completed producer in the area.

Humble No. 1-B Mrs. Mary B. Hall and others, 4 1/2 miles north-east of the most northeasterly corner of the extended San Angelo corporate limits, recovered five feet of 36.6 gravity oil and 245 feet of very heavy oil and gas-cut mud estimated to be half oil. There was no water. Recovery was on a 90-minute drillstem test from 4,335-55 feet in the Palo Pinto lime.

Location is 530 from south, 1,300 feet from west line of the south half of the north half of section 23, Top of the Pennsylvanian is six feet high to the nearest Pennsylvanian producer, Texas No. 2-A Scharbauer, a mile away. It is about 28 feet high on the reef to Texas No. 1-A Scharbauer, the discovery well of the Warfield-Ellenburger field and which is still a small producer after two years of operation. Location is 660 from the south and east lines of the north-west quarter of section 18-40-28, T&P.

## Deep Pay Looms For Callahan

Southern California Petroleum Corporation has an Ellenburger discovery in prospect at its No. 1 Andrew Johnson, wildcat in South-west Callahan County approximately 28 miles southwest of Balford. Operator took a two-hour drillstem test in the top of the Ellenburger from 4,182 to 4,196 feet. Gas surfaced in two minutes. The surface choke plugged after five minutes. Oil tried to flow through the plugged choke in one hour and 24 minutes. Only about 15 gallons of oil squeezed through the plugged choke during the remaining time the tool was open.

When operator started out with tool, drillpipe unloaded 300 feet of clean 41-gravity oil. No water was present.

Open flowing bottomhole pressure was 1,060 pounds and 15 minute shutin pressure was 1,625 pounds.

Operator has cemented five and one-half-inch casing at 4,182 feet. The Ellenburger was topped at 4-184 feet, elevation 1,934 feet from Kelly bushing.

## Strike In Dallas Plant Affects BTX Unit At Cosden

Strike in Dallas plant has slowed installation at Cosden's BTX unit.

A number of iron workers had to be laid off the job here Saturday due to failure of material to be received. Three of the last vessels to be placed by Procon, installers for the BTX unit, are on order from Gltisch in Dallas. It is this plant which has been closed by a strike. Walter Schweitzer, who is bossing construction of the chemical plant just north of Cosden's refinery, estimated that as many as 25 workers might be affected here by the Gltisch difficulty. This came just at the time that the work week had been stepped up to 53 hours from 45 in order to expedite completion of the project.

## STERLING TEST REPERFORATES IN SAN ANDRES

Humble No. 1 Foster, 660 from the north and west lines of section 4-31-44, T&P, Northwest Sterling wildcat which failed in the Ellenburger and plugged back, squeezed off perforations from 2,490-2,502. These had been swabbed and treated unsuccessfully.

New perforations were put at 2,458-2,468, still in the San Andres. Operator swabbed naturally then treated with 500 gallons of mud acid and was swabbing again Saturday.

Humble No. 1 Dayvault, C NE NE 13-15, H&TC, in South-eastern Sterling County, drilled at 7,200 in shale. So far it has had no shows.

## Cochran County Wildcat Logs Some Free Oil

Stanford Oil and Gas No. 1-C Reed, in Central Southern Cochran County, picked up 800 feet of free oil in a test in the Devonian. It is due to deepen.

Operator filed application with Railroad Commission to continue to 12,500, which should take it into the Ellenburger. Current depth is 11,895.

A drillstem test was taken in the Devonian from 11,875-885 with the tool open two hours. Recovery was 2,000 feet water blanket, 800 feet of free oil, 400 feet of oil and gas-cut mud, and 180 feet of black water of undetermined origin.

Open flowing bottomhole pressure ranged from 950-1,275; the 15-minute shutin bottom-hole pressure was 3,575. Operator is coring below 11,895 in Devonian lime. This is the first test of the wildcat which has shown any appreciable signs of oil.

Location is 660 from the north and east lines of section 19, Harrison-Brown Survey, 18 miles south of Whiteface.

## Yoakum Test Will Deepen

Application to deepen has been filed by Stanford Oil & Gas Company on its No. 1 Argo Oil Corp. Fee in Central Yoakum County.

Location of the test is 2,020 from the north and 1,979 from the east lines of section 98-B, John H. Gibson survey. It is 12 miles northwest of Plains.

Currently the venture is at 12,789 in unidentified chert. The amended application filed with the Railroad Commission is to continue to a possible 13,500. This should find and test the Ellenburger. So far the prospector has not found any possible shows of production.

## Tex Harvey Area Adds A Producer

Seaboard Oil Co. No. 4 TXL has been completed as a Tex Harvey (Floyd Sand) producer.

It flowed 24 hours through 24-64 choke, made no water, 337.28 barrels of 29 gravity oil. Gas-oil ratio was 377-1, top pay 7,069, total depth 7,234, the 5 1/2-in. at 3,352. Location is 660 from the west and 1,982.8 from the north lines section 45-T&P.

# Operators Begin To Feel Steel Shortage

By The Associated Press

The steel strike is cutting into the number of new oil wells being drilled. The situation will inevitably worsen, even if the steel strike were to end now.

From 60 to 200 tons of steel, mostly in the form of pipe, is needed for an oil well. The flow of oil pipe has been falling off progressively since the steel strike began June 2.

Even if the strike were to end now, oil industry sources estimate it would take up to a month to get newly-manufactured pipe "on location"—at the drilling site.

A. W. Thompson of Houston, president of the American Association of Oil Well Drilling Contractors, said Saturday in a statement to the Associated Press:

"The steel strike already has caused a serious slowdown in drilling operations and if continued for another 30 days it is estimated that from 600 to 800 rigs will be shut down. It will be impossible to complete the 1952-53 drilling program under this handicap."

Here's the way a spokesman for Magnolia Petroleum Co. of Dallas puts it:

"On June 6 we had 213 drilling operations underway on June 13 only 204 and on June 20 only 169. It doesn't look good. It will be 30 days after any strike settlement before we can get normal shipments of pipe."

"Our minimum operating inventory of pipe is reduced to half. We're conserving where we can, drilling only where we have to because of commitments and lease agreements. It's a mighty gloomy picture."

Texas Co., one of the world's biggest drilling operators, said the steel strike has cut Texaco drilling "one third in less than a month." Texaco farms out much of its drilling to drilling contractors but they're hurting, too. "The situation will get worse before it gets better," emphasized a Texaco spokesman at Houston.

"It certainly has messed us up," said John Ritter, superintendent of drilling for Sun Oil's Dallas division, which includes most of Texas, all of New Mexico and Louisiana and some of Mississippi.

"It's been creeping up on us for several months," Ritter explained. "We usually have an average of

40 rigs going. I figure it will be down to about ten in July, and maybe nine in August, if they don't get this thing settled."

"We have a group of leases expiring in November, and we've got to drill them. They're deep; they take a lot of pipe. They're all on the Gulf Coast. So what we've got to do is concentrate on them and shut down some others."

Ritter said some firms are buying foreign-made pipe despite the fact it costs about 75 per cent more than the domestic product.

Another "out" is what is called "reconversion pipe." Sometimes pipe mills do not have enough steel to use all their capacity. By trading and finagling, oil drillers are sometimes able to get junked steel, ship it to such pipe mills for processing, and thus replenish their supplies.

"During the last war we got a lot of steel from old, junked battleships," Ritter recalled. "We were able to scarp some steel that way, ship it to the pipe mills which had idle capacity, and thus do ourselves some good. But you usually pay two to three times the cost of regular pipe."

Atlantic Oil and Refining Co. of Dallas said it has been buying both second-hand and foreign-made pipe. A spokesman said Atlantic so far has not had to postpone any scheduled drilling operations but the strike "will probably slow us down if it continues." A spokesman for Gulf Oil of Houston said "up to now it has not seriously affected our operations but if it lasts much longer it certainly will."

Humble Oil and Refining Co. of Houston, one of the world's biggest drillers, has cut from 157 rigs in operation in May to 91 as of this week. "We anticipate we will have to cut to 45 unless the strike is settled immediately," Humble added. "Unless the strike is settled we'll be about at the end of our string by September."

## IN PENNSYLVANIAN

### Floyd Wildcat Has Series Of Shows

Several shows of oil have been recovered in a series of tests on the Standard of Texas No. 1 Minnie Adams in South Central Floyd County.

This test has been drilled "light," but operator has released information on the tests in the Pennsylvanian.

One test for 2 1/2 hours from 7-680-7,705 returned 60 feet of mud and gas-cut mud, 110 feet of free oil. The shutin pressure after half an hour was 2,300 pounds.

Another test from 7,705-28 for two hours returned 60 feet of dark green oil and 120 feet of drilling mud. The 30-minute shutin pressure was 1,000.

A test from 7,728-48 for two hours resulted in recovery of 110 feet of drilling mud with a trace of oil. The shutin pressure after 30 minutes was 775. None of the tests showed any water.

Previously, a test from 7,630-80 resulted in about 12 1/2 barrels oil per hour. The 7-in. string was set at 7,602 and tests have been in open hole. Currently the venture is drilling at 7,777 in dark gray, cherty lime.

Location is C NE NW P. D. Adams Survey, eight miles southeast of Floydada.

Poff & Brensmere No. 1 Krause, another Floyd prospector, took a drillstem test from 6,494-6,579 in an unidentified lime. The tool was open 1 1/2 hours but no fluid surfaced.

## Application Is Filed For Four Spraberry Ventures

The Hanley Company of Midland filed applications with the Railroad Commission of Texas requesting permission to drill four Spraberry tests outside of production in the southwest side of the Driver Field of Southwest Glasscock County.

The projects will be drilled on TXL land in section 13, block 37, T-5-S, T&P survey.

No. 14 TXL is 660 feet from south and east lines of the section and three-quarters miles east of production.

No. 2-B TXL is 660 feet from north and east lines of the southeast quarter of the section and the same distance east of production.

No. 3-B TXL is 660 feet from north and west lines of the southeast quarter of the section and one-half mile east of production.

No. 4-B TXL is 660 feet from south and west lines of the southeast quarter of the section and the same distance east of production. They are slated for 7,600-foot bottoms.

# MEET THE 'SENIORS' Of The COSDEN FAMILY

This is the 60th in a series of special Cosden presentations, recognizing the long and valued service of those employees who have been associated with Cosden for 15 years and longer. Cosden is proud of the scores of its workers who have contributed to its success through so many years.

## JAMES DALLAS CAUBLE

The association of J. D. Cauble with Cosden Petroleum Corporation goes back to September 27, 1936. He began as a maintenance laborer and is now electrician instrument man.

Cauble was born, reared and schooled in Big Spring. His employment began at the Big Spring refinery. He worked here until 1945 and was then transferred to Graham. There he was superintendent of the refinery. In 1947, Cauble returned to Big Spring. He worked as a pumper helper and electrician helper before assuming his present position.

On October 2, 1939, he was married to Dorothy O. Hill of Giltown, Texas. They have two daughters, Judith Ann, age 10, and Terry Jane, age 5. They live at 604 East 4th St.

Cauble is the present recording secretary for Local 826 (AFL). He is interested in all sports and his favorite hobbies are hunting, fishing and golfing.

He is a member of the Wesley Methodist Church.

**Juke Box Given Negro Recreation Hall**

Pete Zuniga (left), who Saturday gave a juke box for use in the Negro Recreation Hall, located in the Negro City Park here, is shown shaking hands with Mrs. Bessie Lankford, president of the Ada Belle Dement Civic and Art Club, who received it on behalf of the Negro population. Standing beside Mrs. Lankford is Mrs. Clemmie Johnson, president of the Everready Civic and Art Club. Curtis Roy Flewellen and Billy Ray Banks are the children in the background, while in the background are Anita Miller, who helps plan Negro social functions, and Miller (Sandman) Guider.

**Dedication Plans Made**

DALLAS, June 28 (AP)—Railroad Commission Chairman Olin Culbertson will be a principal speaker at dedication ceremonies July 19 for a 1 1/2 million dollar gasoline plant 11 miles northeast of Crane in West Texas. Plans for the celebration were announced today by Lone Star Producing Co., Dallas, which shares ownership of the plant with Wilshire Oil Co., Los Angeles. The 30-acre plant site in Upton County is in the heart of the Eilenburg-Wilshire field, which brought in its discovery well April 15, 1951. Railroad Commissioners Ernest O. Thompson and William J. Murray Jr. also will take part, the announcement by Elmer F. Schmidt, senior vice president of Lone Star, said. Schmidt said more than 2,000 persons in Texas, Oklahoma, New Mexico and California have been invited. He said the plant will process and save about 10 billion cubic feet of raw casinghead gas in two years which otherwise would be flared.

**Any GOP Will Be Old Guard Prisoner, Harriman Says**

GOLDEN, Colo., June 28 (AP)—Averell Harriman charged today that any Republican nominated for the presidency will be a prisoner of the Old Guard of the GOP with its motto of "We can't do it." The New York Democrat, in an off-the-cuff speech to the Colorado Democratic State Convention, made a scathing attack on both the Republican party and on Democrats who would desert the New Deal philosophy. Harriman said he is the only professed candidate for the Democratic nomination who follows the principles laid down by the late Franklin D. Roosevelt. He said these have brought a measure of security to the world and new freedoms for the American people. He centered his attack against Republicans on Sen. Robert A. Taft of Ohio. "The bipartisan foreign policy died when that fine Republican Sen. Arthur Vandenberg died," Harriman declared. "It died when Mr. Republican—Sen. Taft—took over. "We cannot and will not compromise with a man like Taft who for political reasons would

jeopardize the security of the nation." Then Harriman said that if Taft is the GOP nominee, "we can show Taft's policies are what Stalin would have us do; that Taft is Stalin's candidate."

**Conventions Due Discussion At Annual Governors' Meet**

By WILBUR MARTIN  
HOUSTON, June 28 (AP)—The 44th Governors Conference opens tomorrow and there's an undercurrent of tingling expectation that has nothing to do with the official agenda. The battle for the presidential nomination of both parties overshadows the round table discussions on taxes, fiscal policy, Indian affairs, highway construction and safety the governors will hold. The Republican convention is

just a week away and most observers think the conference here would be an ideal place for: Gov. Adlai Stevenson (D-Ill) to clarify his recent "that remains to be seen" statement concerning his availability to a "draft" for the Democratic nomination. Gov. John S. Fine (R-Penn) to expand his statement that he would back Gen. Eisenhower if he was sure the GOP couldn't win with another candidate. Does it mean he's jumped on the general's bandwagon—with the estimated 30 delegates he controls? Gov. Hugh White (D-Miss) to corral the state support he said he expected—when he threatened to name another nominee if Democrats put a compulsory federal civil rights program in their platform? Gov. Alfred E. Driscoll to answer again the charge of Sen. Taft of a "doublecross" in the New Jersey preferential primary? Early arrivals showed no hesitation in speaking out on presidential possibilities. Gov. Dan Thornton (R-Colo.),

sporting an "Ike" pin, bluntly implied Republicans can't win with Taft and predicted Eisenhower will be nominated on the "third or fourth ballot. I'll say the third." Thornton said Taft could never carry the South because he hasn't the "popular support of the people." And he said it was for this reason that Taft couldn't make a two-party system work in the South. Gov. Len Jordan (R-Idaho) and Gov. Norman Brundage (R-ND) disagreed, said they believed Taft could win and they thought he would get the nomination. Gov. Allan Shivers (D-Tex) denied he would go along if there is a bolt of Southern states. Shivers, who controls 52 uninstructed delegates, has said if the Democrats don't do right by the South, he will come back to Texas and find out the people's wishes and then take action. A buffet reception and supper tomorrow night opens the affair, with business sessions Monday, Tuesday and Wednesday.

**GI Loans May Go In Without Any Airport Reference**

The Veterans Administration has rescinded its directive limiting home construction within four miles of airports. City and Chamber of Commerce officials here had protested the directive in resolutions approved last week. The circular banned approval on the regional level of GI loans for building homes. Such a policy would seriously hamper the home-building program in Big Spring since practically all of the city is within four miles of Webb Air Force Base, officials said in their protests. J. H. Greene, Chamber of Commerce manager, said he has been advised that applications for loans may now be submitted to Lubbock without any "airport information."

Virginia Military Institute and West Virginia U. will meet in football for the first time next season.

**No Loss From Water Reserve During Week**

Water production equipment kept up with demand this week until Friday without any loss from stored reserves, officials reported Saturday. Consumption mounted to more than 3,000,000 gallons on four days,

reaching 3,523,000 Friday when 129,000 gallons were lost from storage. Usage Friday was the highest for any day of the week, although Thursday's total was only 2,000 gallons less than the peak. Heavy demand on reserves Thursday pushed city officials as that day had been designated for "catching up" after two consecutive days of shrubbery irrigation Tuesday and Wednesday. Production facilities were expected to regain over the week end the 129,000 gallons lost from storage Friday. The city's limited shrubbery irrigation will be resumed Tuesday on the same basis as last week.

**POLITICAL BOMBSHELL ABOUT TO GO OFF**

*Who threw it? How? Where?*

*What'll it mean to you?*

Down on the convention floor, a key delegation goes into a huddle. A whispered message...a quick vote...here's the switch that decides the nomination! But even though you see it happening...hear the excited voices...you won't be satisfied. What really happened?...not only in plain sight, but in that Chicago hotel room...or on the long distance phone? Who released what delegates? Who promised what? What are the "big men" saying? What will it mean next fall for the country, for you? In short, you want your newspaper.

Nothing else can give you enough reports, and sidelights, opinions...fast enough...when you choose, in the order that interests you most. That's why everybody reads the newspaper...on days of supreme excitement...and every day. ● If you're selling something that's advertised remember; All your customers read the newspaper—for the advertising as well as for news. In newspapers, the selling story has a chance to reach everybody...not just comedy fans, or mystery fans, or sports fans...but everybody. That's why advertisers today invest more money in newspapers than in any other form of advertising. Newspapers are first with the most news...the most people...the most advertisers!

*The newspaper is always "first with the most"*

**Demands Down  
 For Farm Labor**

Only two farm workers were placed in employment by the Big Spring office of the Texas Employment Commission during the fiscal month ending June 26, according to Leon M. Kinney, manager. Kinney said that a total of 6,000 Braceros have been asked by area farmers through the Tarzan Marketing Association and the Howard County Farm Bureau but that he doesn't anticipate many will actually be employed unless moisture conditions are tremendously improved.

He reported that 2,176 office visits were made during the month; 149 new applications were filed; 366 persons were referred to non-agricultural employment and that 225 of these were placed in employment. A total of 71 claims for unemployment compensation were filed during the month, but this does not represent that many persons. Kinney points out explaining that each claimant must file a new claim every week.

**Community Chest  
 Board To Meet**

Organizational plans for the 1952-53 year will be discussed by the board of directors of the Howard County Community Chest, at a luncheon meeting called for Monday at the Settles Hotel.

All members of the board were urged to be present. The Chest's campaign—to raise funds for several welfare agencies functioning in the county—ordinarily is staged in October. Considerable organizational work must precede the actual solicitation effort.

**Legion Suspending  
 Its Meet Schedule**

The local American Legion Post is suspending regular meetings during July and August. It has been announced to the membership by Commander Harold P. Steck. He wrote that the hot weather and vacation schedules forestall any definite program of activity during the summer, but that the Post will shape up an active program beginning in the fall. Meetings are to be resumed on September 4.

**Ordinary Voter Gets No Choice  
 Until Conventions Are Finished**

By ROBERT GOLDENSTEIN  
 CHICAGO, June 28 (AP)—Have you made up your mind who you want for President of the United States?

As an ordinary citizen and voter you can't get into the big act until after the political parties have nominated their candidates. The Republican National Convention in Chicago is expected to make its choice about July 9. The Democrats will pick their candidate at their convention in Chicago two weeks later.

Then it will be up to the voters to make the final decision in November. The GOP convention opens July 7 and the Democratic convention July 21. Barring prolonged battles that would delay selection, the schedule calls for both conventions to make their presidential nominations the third day.

The parties already have selected their convention delegates and alternates in primaries and in conventions. The Republicans will

send 1,206 delegates and the Democrats will have 1,230 votes. Thus 604 votes are needed to nominate the successful Republican candidate and 616 for the Democrat.

The Democrats will have around 1,500 delegates because their rules permit vote splitting. The Democratic delegates at-large from some states will cast only a half vote.

Although the GOP convention is more than a week away, a subcommittee on contests of the Re-

publican National Committee will take up disputes Tuesday that could decide a close presidential nominating race.

Backers of Sen. Robert Taft of Ohio and Gen. Dwight D. Eisenhower, top contenders for the nomination, have staked rival claims involving 72 convention votes. These involve 38 delegates in Texas, 18 in Florida, six in Louisiana, four each in Georgia and Mississippi and one each in Missouri and Kansas.

In each case there are two sets of delegates seeking recognition, one set backing Taft and the other Eisenhower.

Under a GOP party rule adopted at the 1944 convention and upheld at the convention four years later, the national committee can rule only on disputed delegates chosen from a state at-large. Contests among delegates elected by districts are settled by state conventions or committees.

After the hearings, the committee will rule on the disputed 72 at-large delegates. The decision is almost certain to be appealed.

Any appeal would go to the convention credentials committee, made up of one delegate from each state. Even this committee's recommendation can be appealed to the convention delegates.

The balloting begins after a state-by-state roll call for nominations. Balloting also takes place in alphabetical order, with the chairman of the delegation announcing how his state votes.

If no candidate receives a majority on the first roll call of states, the convention keeps voting until someone is nominated. Some delegations vote for a favorite son candidate on the first ballot and then switch to the major candidate of their choice in later balloting.

**Cochran To Join  
 Weather District**

MORTON, (SC)—Cochran County farmers and ranchers assembled in a county-wide meeting at the Courthouse here have voted unanimously to affiliate this county in the cloud seeding program of the West Texas Weather Improvement District with headquarters at Lamesa.

An organization has been formed and committees are now engaged in seeking the enrollment of farm and ranch lands in the project. Early reports indicate that they are making better than expected progress.

This brings the district's membership to a total of 18 area counties, according to Sam Allen of Lamesa, manager of the district's office, who spoke at the meeting here.

**Child Is Injured  
 Seriously In Fall  
 From Automobile**

Two-year-old Benito Valverde Jr., son of Mr. and Mrs. Benito Valverde of Ackerly, was in serious condition at Malone & Hogan Hospital Saturday.

Young Benito suffered a skull fracture, severe lacerations on the head and other cuts and bruises Friday night when he fell out of his father's automobile at the family's home in Ackerly. Hospital authorities said a wheel of the car apparently struck the boy's head. Mrs. Valverde and another infant also fell out of the car while it was making a turn. They were not injured.

The boy remained on the critical list throughout Friday night, but the hospital reported his condition improved Saturday. The accident occurred about 8 p.m. Friday.

**41-2 Million Cars  
 May Come Off  
 Despite Strike**

DETROIT, June 28 (AP)—Despite steel strikes, lay-offs, model change-overs and controlled materials programs the auto industry still may build 4 1/2 million passenger cars this year.

That's the view of some industry experts as the car makers approach the start of the year's second half. They agreed many uncertainties lie ahead, but they also note that uncertainties have become almost routine in the motor industry.

Overcoming materials difficulties, numerous changes in its military production assignments and other handicaps the industry's January-through-June output will fall only a few days output short of 2 1/2 million passenger cars.

Of course the car makers had to "borrow" from their future materials allowance to exceed stipulated quotas for the year's first half. But the fact such "borrowing" is possible furnishes the basis for much of the hope that 1952 will prove another good year in car and truck output.

To the expected 4 1/2 million passenger cars will be added at least 1 1/2 million trucks. That would make 1952 one of a half dozen years in auto industry history in which production has exceeded five million cars and trucks.

**New ABC Head  
 Takes Office**

Dr. Howard Schwarzenbach assumed duties as president of the American Business Club at the organization's luncheon meeting Friday. He succeeds Dr. Floyd R. Mays.

Other new officers installed Friday were C. M. Deal, first vice president; Jimmy Jones, second vice president; R. H. Weaver, third vice president; Darrell Webb, secretary; W. B. Hardy Jr., tall twister; and Al Dillon, Justin Holmes, J. D. Jones and L. D. (Blondy) Chrans, members of the board of governors.

The Charlie Staggs trophy for the person most helpful to the president during the past six months was awarded to J. B. Apple by the retiring president.

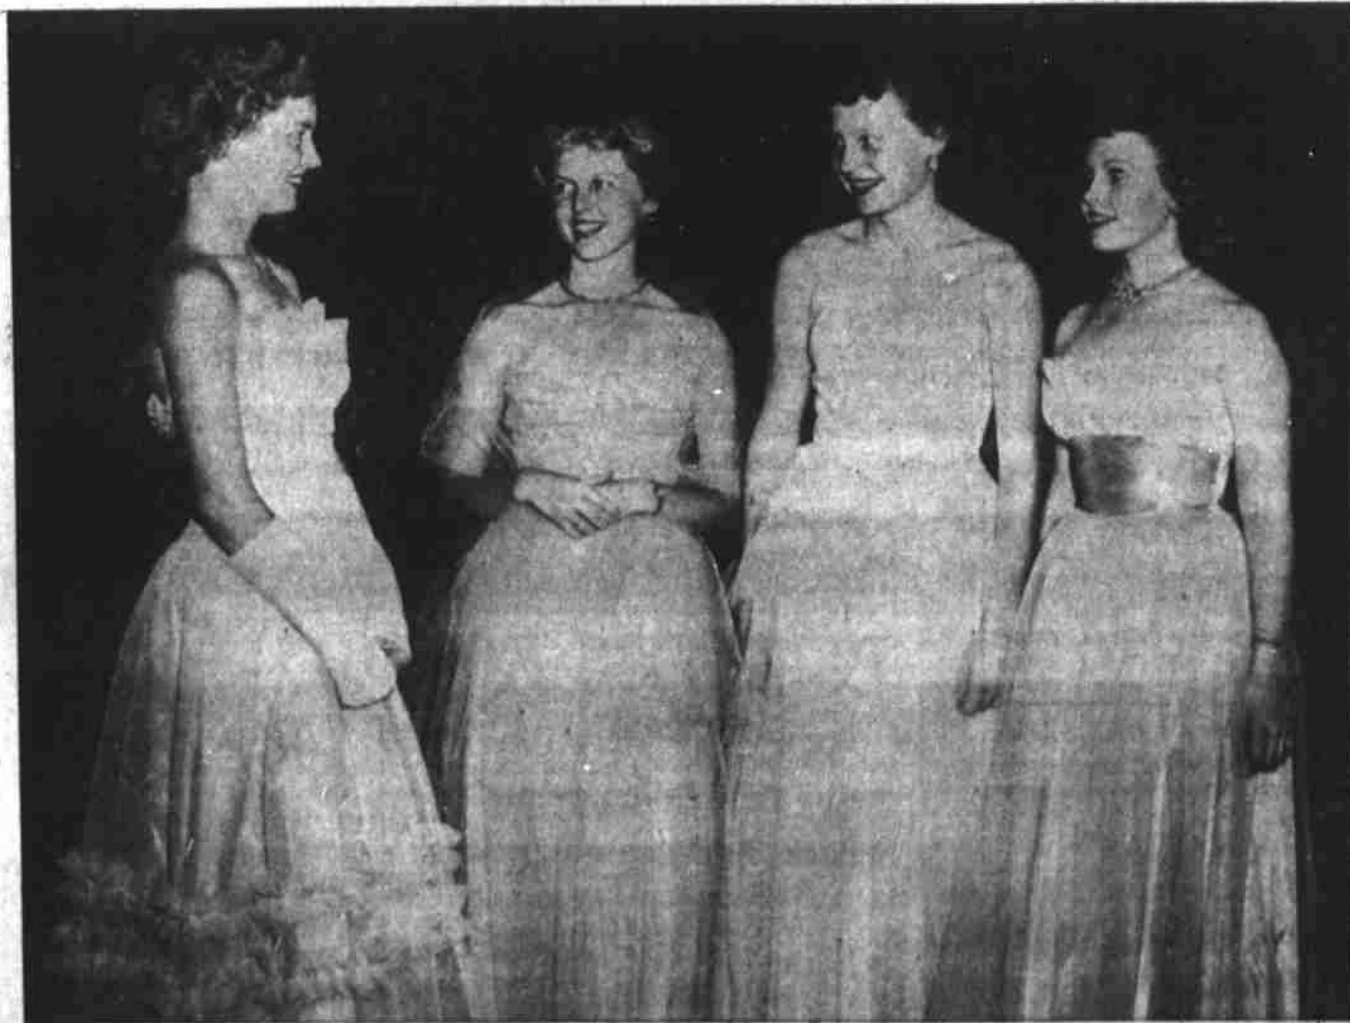

The club will not meet next Friday, July 4, but will resume its weekly luncheon schedule July 11.

**FOUR TALL CONTENDERS** — Competing for the 1952 Miss Big Spring or Miss Howard County titles July 4 will be, left to right, Nancy Whitney, Dorothy Thomas, Jo Ann Gay and Claudette Harper.

**LULL IN REHEARSAL** — And found in this line-up are, left to right, Rosemary Lawson, Frances McClain, Sandy Swartz and Lila Turner.

**BEVY OF BLONDES** — Left to right are Sue Zollinger, Libby Jones, Diane Laughman and Ann Spaulding.

(See Story On Page 2)

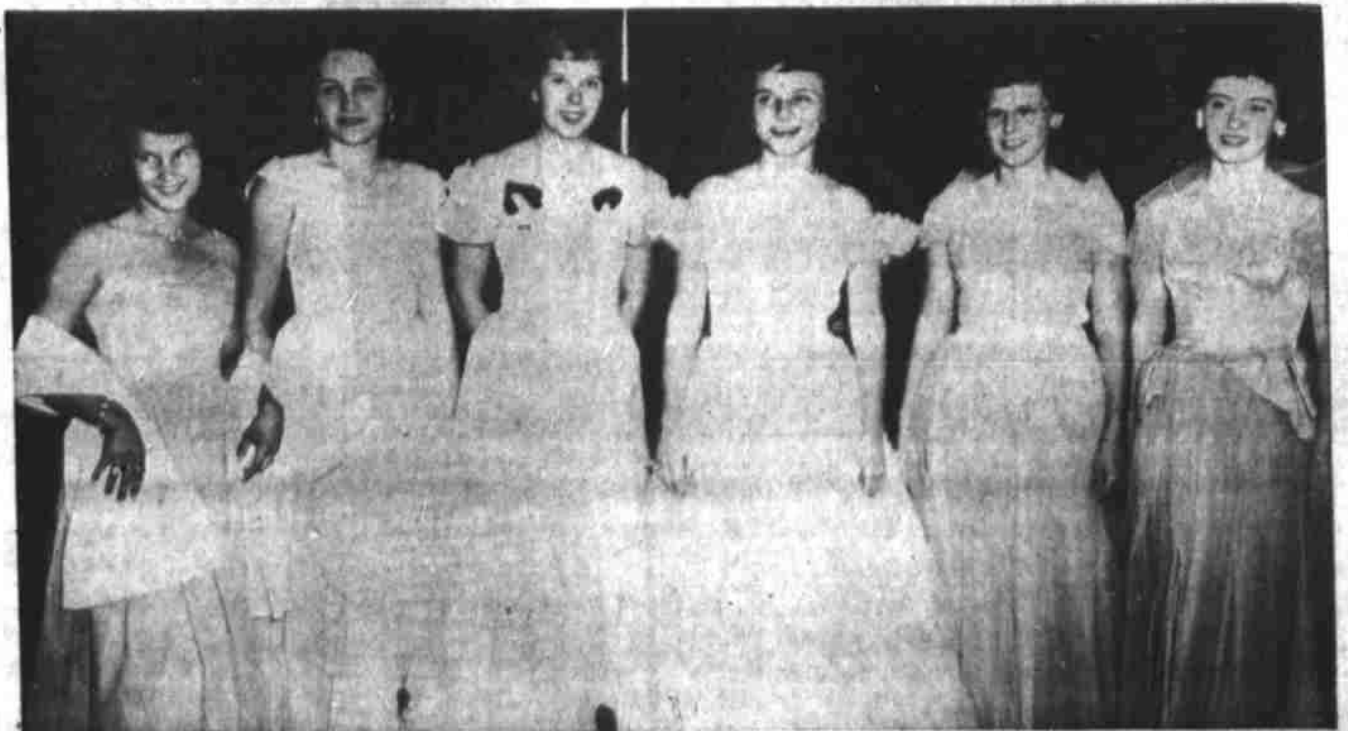

**CENTER OF ATTENTION** — Little Jane Kay Tamplin, mascot, laughs with left to right, Jo Nell West, Kay Richbourg, Lynn Mitchell and Sonya Washington.

**UP THE STAIRS** — Left to right are Barbara Smith, Doris Daniel, Mary Frances Norman, Pat Graham, Mary Archer and Marilyn Constant.

**RESTING** — Here taking a breather are, left to right, Margaret Ann Nichols, Myrna Talley, Fern Crabtree and Charlotte Williams.

**BRUNETTE BEAUTY** — Left to right, Ann Richbourg, Barbara Wilson, Juanita Newsom, Margy Keaton, Mary Ann Fairchild and Shirley Wheat.

# Big Spring Daily Herald

# 42 Girls To Vie For Miss Howard County And Miss Big Spring Titles

Miss Big Spring and Miss Howard County of 1952 will be selected Friday evening from a field of 42 lovely girls who have been entered in the contest annually staged by the Business & Professional Women's Club.

The setting will be the amphitheatre in City Park at 8 p.m., preceding the fireworks display sponsored by the Chamber of Commerce.

The contest will be staged in the form of a pageant with the contestants attired in formal or ballgown frocks, according to the Edith Gay, chairman in charge.

Of the total, 33 girls are competing for the city title and 7 for the county honor.

Proceeds of the third annual event are to be used by the B&P.W. Club to finance various civic and welfare activities.

"Each year we try to make the annual July 4th fireworks display better," J. H. Greene, Chamber of Commerce manager, said, "and this year's show will be no exception."

The organization has purchased some 116 combustible pieces which will release a galaxy of color, shape and size. One type, the Wisteria Shells, break and release green stars, then break again into a dazzling brilliant fire which resembles the purple wisteria in full bloom. The Betelgeuse Shells, when they burst, show the globe of the world with the principal planets. The Star in Centauri Shells seem to release 50,000 suns burst-

ing in a compact globular cluster, forming a vivid ray of sparkling fire.

In addition, the grand finale consists of 48 individual presentations, including a 40-foot Niagara Falls and the American flag.

Zale's Jewelry store will give place settings of sterling silver to the first prize winner in each division. The B&P.W. Club will give the two second prizes of \$15, and the third prize in one division will be given by the Big Spring Herald. The other third prize has not yet been announced.

Each contestant and her sponsor will be announced with fanfare by W. R. Dawes, who will act as master of ceremonies.

Nathan's Jewelry will present a gift to each of the six runners-up in the final judging, and every contestant will receive a favor. Flowers will be presented to the first place winners by Estab's Flowers; second place winners by The Cottage of Flowers; and third by Caroline's Flowers.

Little Jane Kay Tamplin, sponsored by The Kid's Shop will depict Miss 1952. Big Spring contestants and their sponsors are Dorothy Thomas, Earl Piew's Service Station & Grocery; Dot Caudle, T&T Welding Supply; Barbara Smith, Cosden Petroleum; Janelle Beene, Coca Cola Bottling Co. June Cook, Bradshaw Studio; Shirley Wheat, First National Bank; Lila Jean Turner, Agee's Grocery; Sonya

Washington, George O'Brien Real Estate; Kay Richbourg, Western Auto Associate Store; Sandra Swartz, Swartz's; Barbara Wilson, Settles Drug.

Sue Love, Crawford Cleaners; Diane Laughman, USO; Sue Ann Zollinger, Yellow Cab Co.; Libby Jones, Jay Coes; Mary Frances Norman, Reeder Insurance; Doris Ann Daniel, Altrusa Club; Patricia Graham, National Life & Accident Co.; Fern Crabtree, Zale's; Marilyn Constant, Nathan's; Juanita Newsum, The Corral; Charlotte Williams, Thomas Typewriter & Supply; Mary Gerald Robbins, Milady's Accessories; Claudette Harper, E&R Jewelry.

Jo Nell West, Stanley Hardware; Betty Lou Hewett, Zack's of Margo's; Myrna Talley, McEwen Motor Co.; Lynn Mitchell, Walgreen and Collins Bros. drug stores; Joan Smith, Cunningham & Phillips; Nancy Whitney, Texas Electric Service; Rosemary Lawson, Town & Country; Ann Richbourg, The Eagles; Nannette Farquhar, Rhoads & Rowland; Margy Beth Keaton, Newsom Grocery, and Mary Archer, Shroyer Motor Co.

The following are competing for the honor of Miss Howard County: Janie Echols, Coahoma, Earl Reid, Cosden dealer; Sue Buchanan, Coahoma, Nixon Cleaners & Barber Shop; Mary Ann Spaulding, Knott, Walker Drug; Elouise Carroll, Center Point, Big Spring Hardware; Frances McClain, Knott, Fisherman Dry Goods; Mary Ann Fairchild, Forsan, C. R. Anthony Co.; Jo Ann Gay, Knott Dibreil's Sporting Goods Store. Conley's Flower Shop and Faye's Flowers are supplying floral arrangements for the background setting.

Recent Bride

Mr. and Mrs. Kinney Reese of Ackerly have announced the marriage of their daughter, Nancy, to Delwin Shortes, son of Mr. and Mrs. L. O. Shortes also of Ackerly. The couple was married in Carlsbad, N. M. May 31 and are making their home in Artesia, N. M. Both are graduates of Ackerly High School.

## Prathers Announce Birth Of Daughter

Dr. and Mrs. Charles Prather of Temple, Okla. have announced the birth of a daughter, Kathy Nell, June 25 in Temple.

The baby weighed seven and one-half pounds and is the granddaughter of Mr. and Mrs. C. E. Prather, Gall Rt.

Maternal grandparents are Mr. and Mrs. Arthur Castleberry of Elk City, Okla.

The younger Prathers have another daughter, Judy, 18 months.

## Mrs. Wiss Entertains Club; Forsan Folks Vacationing

FORSAN, (Sp1)—Mrs. William Foster of Sterling City won high score when Mrs. B. J. Wiss entertained the Casual Bridge Club in her home Tuesday evening.

## Mary Beth Schafer Weds Clay Ingram

**FORSAN, (Spl)**—Mary Beth Schafer became the bride of Clay M. Ingram in a double ring ceremony Friday in Colorado City. The bride is the daughter of Mr. and Mrs. J. W. Schafer of Otis Chalk. Mr. and Mrs. G. S. Ingram of Ackerly are the parents of the bridegroom.

The ceremony was performed at 5 p.m. in the home of the Rev. V. F. Love, pastor of the Assembly of God Church. The couple repeated their vows as they stood before an improvised altar flanked with baskets of white gladioli and greenery.

Given in marriage by her father, the bride wore a white embroidered nylon dress. It was designed with a fitted bodice, off-the-shoulder neckline and full gathered street-length skirt. The matching jacket featured three-quarter length sleeves and she wore white nylon mitts.

Her shoulder-length veil was caught to a Juliet cap. She wore white pumps and a single strand of pearls.

She carried a white Bible topped with a white gardenia arrangement.

For something old, the bride wore a brooch that had belonged to her great-great grandmother. Something borrowed was the penny in her shoe, coined in 1830 and belonging to Mrs. Claud Ballard. Her dress was new and she wore a blue garter.

Mrs. Ingram is a 1952 graduate of Forsan High School, where she served as class president for three years. She has served as an off-

## Rehearsals On Play Started By Sunday Evening Club

**COAHOMA, (Spl)**—Rehearsals have begun on the drama, "Possessive," to be given by the Sunday Evening Club. Mrs. C. H. DeVaney will direct the play.

Hostesses at the recent meeting of the club were Joyce Hicks and Sue Hill.

Taking part were Henry Hicks, Arlon DeVaney, Johnny Bob Turner, Tommy Birkhead, Lynwood Watts, Elvon DeVaney, Bill R. Read, Rosalie DeVaney, Jane Graham, Charlene Williams, Mary Francis Wagner, Mary Jo Turner, Sue Garrett, Sandra Reid, Jayette Graham, Joyce Hicks, the Rev. Robert Hawkins, Mr. and Mrs. C. H. DeVaney, Sue Hill and Mr. and Mrs. Womack, the latter two visitors.

Mrs. Melvin Tindol is in Dallas this week where she will be in a clinic for medical examination.

Mrs. Mattie Ingram and Mr. and Mrs. Paul Fredrickson visited Mr.

## Lloyds Tour Holy Land

Dr. and Mrs. R. Gage Lloyd, now on a tour of Europe and the Holy Land, have written friends that they recently toured the Pyramids and the Sphinx on "Camel 10."

The couple landed June 15 at Naples and made an excursion to the ruins of Pompeii, to Capri and other points of interest. They spent June 19-21 in Cairo, June 23-24 in Beirut, and a tour of six days was to take them through Beirut, Lebanon, Syria and the Holy Land.

Dr. Lloyd, who is pastor of First Presbyterian Church, is taking many colored slides and movies of points of interest on the trip.

a gold hat and black accessories. Her corsage was a white orchid.

Both Mr. and Mrs. Price are graduates of Colorado City High School and Mrs. Price is a sophomore at Texas Tech. Her husband is a senior. She is a member of the Ko Shari Club and he is a member of the Centaur Club.

Out-of-town guests for the wedding included Mr. and Mrs. Robert Whipkey, uncle and aunt of the bridegroom, and Mr. and Mrs. J. H. Greene of Big Spring, Mrs. F. J. Hamman and Doug Record of Lubbock, Marion Blankenship of San Antonio, Mr. and Mrs. Charles Lusk and Jane of Lamesa, cousins of the bride; Mrs. Charles Womack, aunt of the bride, of Albuquerque, N. M.; Geraldine Barton and Hayes Tucker of Fort Worth.

Mrs. George Christian, cousin of the bride, of Austin; Mrs. J. A. Callaway and daughter of Ralls, the Rev. and Mrs. H. W. Hanks of Muleshoe, Mrs. Dan Royall, DeRose Wittenburg, Rosemary Blackshear, all of Lubbock and Mr. and Mrs. Reynolds Brown, cousins of the bride, of Fort Worth.

cer in the FFA, yell leader and a member of the school paper staff. She was a Halloween princess in 1949, football queen in 1951 and this year was named the best all-around girl in high school. She has been a member of the girls' basket-

ball team, volleyball team and girls' chorus.

The bridegroom is a 1948 graduate of Ackerly High School and is associated with his father in farming.

When the couple left on a wedding trip, the bride wore a navy and white pique suit with matching accessories.

The couple will make their home in Ackerly.

Guests for the wedding included the parents of the couple and a few intimate friends.

MRS. ROBERT BYRON PRICE

## Rebecca Cole Weds Robert Byron Price

**COLORADO CITY, (Spl)**—In a formal ceremony Saturday at 6:30 p.m. Rebecca Coles became the bride of Robert Byron Price.

Parents of the couples are Mr. and Mrs. Roy Davis Coles Sr. and Mr. and Mrs. Oscar B. Price, all of Colorado City.

The Rev. Harold W. Tillman, pastor, performed the double ring ceremony at the First Presbyterian Church. The couple repeated their vows as they stood before an altar decorated with baskets of white calla lilies and banked with greenery. Loops of fern caught with calla lilies outlined the choir loft and the pews were marked with tiny baskets of lilies and fern tied with white satin ribbon.

Mary Nell Hanks, cousin of the bride, of Muleshoe, was organist. She played the traditional wedding marches and accompanied Mrs. Owen B. Trulock who sang, "At Dawning" and "Because," as the pre-nuptial music. Following the benediction, she sang "Bless This Home." During the ceremony, Miss Hanks played "Indian Love Call" and "Silver Moon," club songs of the couple.

Given in marriage by her father, the bride wore a gown of white French lace and nylon tulle over duchess satin. The moulded bodice was outlined with scallops embroidered with seed pearls. A yoke of nylon illusion, embroidered with pearls, was attached to the low sweetheart decolletage. The bouffant skirt was finished with matching scallops and ended in a tulle dust ruffle.

Her fingertip veil of illusion was caught to a lace and seed pearl cap.

She carried a bouquet of bouvardia centered with a white orchid and showered with white satin ribbon.

For something old, she wore an antique sunburst brooch belonging to her aunt, Mrs. John Brown.

Carolyn Callaway, college classmate of the bride, was maid of honor. She was attired in a pink organza dress fashioned with a strapless bodice and ankle-length skirt trimmed with panels of embroidered organza. With it she wore a matching organza jacket, organza mitts and the nose veil circled with a band of tiny flowers.

She carried a bouquet of pink asters.

Bridesmaids were Sara Norman, Ann Randle, Marilyn McEntire and Norma Parkhurst, all of Colorado City. They were identically attired in orchid organza dresses made like that of the maid of honor. Each wore matching nose veils, opera pumps and carried arm bouquets of orchid asters.

Cpl. C. A. Wilkins of Tyndall Air Force Base, Fla., served as best man.

Groomsmen were Roy Davis Coles Jr., brother of the bride; Gene Williams, Danny Royall of Lubbock and Bob Lovelace of Wichita Falls.

Ushers included Earl Neal of Houston and T. W. (Jack) Womack of Odessa.

Immediately following the ceremony, a reception was held in the church parlor.

In the receiving line with the couple were their parents.

The bride's table was covered with an imported linen outwork cloth and centered with a low crystal container filled with white carnations, white daisies and gypsophila. At one end of the table was three-tiered wedding cake.

Mrs. Earl Neal of Houston, sister of the bridegroom, cut and served the cake. She was assisted by Mrs. E. M. Owen and Mrs. Harold Tillman.

Mrs. John Brown and Mrs. H. W. Hanks of Muleshoe, aunts of the bride, and Nell Riordan assisted in serving the guests.

Wedding attendants were also in the house party.

Mrs. T. W. Womack of Odessa, another sister of the bridegroom, played piano selections during the entertaining hours.

Mrs. Jerald Riordan greeted the guests.

For her daughter's wedding, Mrs. Coles wore a navy dress with white accessories. Mrs. Price, mother of the bridegroom, chose a beige lace dress with brown accessories.

After a wedding trip to New Mexico, the couple will live in Lubbock.

For travelling, the bride wore a gold silk shantung dress with matching Spencer jacket. She wore

MRS. C. D. CARR AND CHILDREN

## Writing And Painting Newcomers' Hobbies

Mr. and Mrs. C. D. Carr, Laura Jean, 4, and Dickie, 3, are a typical sort of family.

Typical in all respects but one, Carr's former occupation.

Before moving to Big Spring he taught physically and mentally handicapped children and he loved it.

Moving here a short time ago from Wasco, Calif. the Carrs are now living at 118 Birdwell Lane and he has become a roustabout in the oil field.

Receiving both his Bachelor's and Master's degrees from the University of Oklahoma, Carr served as counselor at Poteau Junior College in Poteau, Okla. prior to his teaching in California.

The couple has been married 7 1/2 years and met in Philadelphia, Penn., Mrs. Carr's home.

He is a native Texan and they have returned to the Lone Star State in order to be nearer his parents who live in Newcastle.

The blue-eyed mother of two, dabbles in oil painting and her husband likes to write.

"He's had three poems published," his wife commented proudly.

"But what he really wants to do is write short stories. Maybe it won't be long until he can devote more time to it," she added.

The children, blonde Laura and red-headed Dickie, were quick to acclimate themselves to Big Spring and Texas.

Their mother, however, still frowns on the "gusty surface winds and blowing dust" that the forecasters discuss.

## Larry Jones Visits Relatives In Dallas, Sulphur Springs

Larry Jones, son of Mr. and Mrs. Omar Jones, and S. P. Jones, his grandfather, flew to Dallas over the week end to be with Larry's great-grandmother on her 91st birthday.

Larry will also visit in Sulphur Springs with his grandmother, Mrs. W. M. Taylor, before returning home.

Mrs. Tom Newton, a teacher in the Park Hill School, underwent surgery at Big Spring Hospital Friday morning. Her condition is good but she is to remain in the hospital a week.

## Charles Andrewses Make Home In Ft. Riley, Kan.

WESTBROOK, (Spl)—Cpl. and Mrs. Charles Andrewses are making their home in Ft. Riley, Kan. following their marriage.

The bride is the former Betty Lou Smith, daughter of Mr. and Mrs. Paul Smith of Canon City, Colo. Parents of the bridegroom are Mr. and Mrs. Edgar Andrewses of Westbrook.

The Rev. A. B. Armstrong of Dunn, formerly of Westbrook, performed the single, informal ceremony June 18 at the Methodist Church in Dunn.

The bride wore a yellow frosted organza street length dress and a corsage of blue carnations.

Mrs. Bill May of Houston, aunt of the bridegroom, was the bride's only attendant.

Cpl. Elbert Spann served as best man.

The bride attended the Canon City High School. Her husband is a graduate of Westbrook High School.

Out-of-town guests included Mr. and Mrs. Howard Golden and daughter of Colorado City and Ruth Ann Smith, sister of the bride, of Canon City.

A nominating committee was appointed when the Willing Workers

Sunday School Class met recently at the church.

Mrs. Otho Conoway, vice president, appointed the group. They include Mrs. David Crow, Mrs. Charley Parrish and Mrs. Charley Iglehart.

Mrs. David Crow gave the devotional and members voted to donate \$3 toward sponsorship of a member of the Girls' Auxiliary to the encampment in Big Spring.

Mrs. Crow served refreshments to 7. The next meeting will be in the home of Mrs. Iglehart.

Mrs. Altis Clemmer and sons are visiting her parents and other relatives in Abilene, Putnam and Scranton.

Sue Holman of Neosho, Mo. is spending the week with Metha and Treva Mahan.

Mr. and Mrs. James Dorn and his parents, Mr. and Mrs. M. P. Dorn have been vacationing in Colorado.

James Bobo is visiting friends and relatives in Birmingham, Ala. Barbara Ann Parrish spent last week with the Marvin Casbeers near Lubbock.

Mrs. Vernon Hendricks of Abilene and Linda Johnson of Scranton spent the week end with their aunt, Mrs. Altis Clemmer and family.

### VISCONTI DRESS

## Designed For The Woman With A Thousand Moods

Internationally designed for a cosmopolitan woman, Visconti's dress of many facets, is created for the woman with a thousand moods. This we like, and we think you

### Mrs. White Is Honoree At Shower

Mrs. J. L. White was honored with a bridal shower Friday evening in the home of Mrs. Bill Sandridge. The refreshment table was laid with a white organdy cloth over pink with pink streamers. The centerpiece featured an arrangement of garden flowers. Gifts were displayed by Doretha Sandridge and Iva Pearl Walker presided at the guest book. Attending were Mrs. Herman J. Walker, mother of the bride; Mrs. Bill Montgomery, Mrs. Alva Thomas, Mrs. Luther L. White, Dorothy Dawes, Wynona White, Mrs. Hugh L. White, Mrs. T. L. White, Mrs. Audon Brookshear, Estella Harper, Mrs. R. N. Watkins, Mrs. John Crow and Dorothy and Theresa Sandridge.

will too. In the first place, it is strictly high couture, coming from the designing hands of Italy's great Visconti. In the second place, it is high style at its most glamorous, and we predict that it will look as good in Middletown, U.S.A. as it did "neath Roman skies—or should we say Roman candles. The dress is beautiful, with its bouffant skirt and its petticoat (a part of the dress) of pleats. The bodice is molded to the body, emphasizing the bosom and giving it neckline appeal. The stole has many uses, as you can see from the illustration. It can either be crisscrossed over the bust, or buttoned in the back. The ensemble can be worn with the stole as a day dress, without the stole for star time. Originally designed in silk taffeta, it would lend itself to several fabrics, not the least of which is faille. Size 12 requires 8 1/2 yds. of 39-inch material, while 6 1/2 yds. of 50-inch fabric will suffice. Pattern 1104 is available in sizes 12, 14, 16, 18, 20. To order Pattern 1104, send \$1 to Spades Syndicate, Inc., Dept. 164, Box 258, Madison Square Station, New York 10, N.Y. For air mail handling, enclose 25 cent. To order pattern booklet VI, send 15 cents.

### Bride-Elect

Mr. and Mrs. W. E. Pigg of Midland have announced the engagement and approaching marriage of their daughter, Billie, to Bill Clanton, son of Mr. and Mrs. J. C. Clanton of Big Spring. The wedding will be held Aug. 16 at the Church of Christ in Midland.

# Engagement Of Caroline Smith Revealed At Garden Party Friday

Mr. and Mrs. Tracy T. Smith have announced the engagement and approaching marriage of their daughter, Barbara Caroline, to George Edward Ragsdale, son of Mr. and Mrs. W. E. Ragsdale of Bennington, Okla.

The betrothal was revealed at a garden tea Friday evening at the home of the bride-elect's parents, 1803 Settles.

In the receiving line were Mr. and Mrs. Smith, the engaged couple, and Elizabeth Smith, aunt of the bride-to-be.

Miss Smith was attired in a floor length ice blue formal designed with an ice blue satin basque and a bouffant tulle skirt over satin and crinoline. She wore a heavy pure gold necklace in a rose design and matching earrings, the first gift of her fiancé.

Her mother was gowned in a floor length white crepe dress with gold braid insets, and her aunt wore a peach lace gown with flowing skirt of matching chiffon.

The refreshment table was laid with a handmade white lace cloth over pink satin. Between tall silver candelabra fitted with crystal hurricane shades over pink candles, stood a large ring centered with silver wedding bells behind a silver bowl of pink daisies. Pink steamers, extending from the bells to the candelabra, bore the silver-lettered names of the couple and revealed the wedding date, July 26. Silver appointments were used.

The pink and white napkins were decorated with the names "Caroline and George" in silver letters. Members of the house party were Mr. and Mrs. Hugh Boren, Mr. and Mrs. Fritz R. Smith Jr., Mrs. Fritz R. Smith Sr., and Mr. and Mrs. Novice Rogers, all of Snyder.

Mr. and Mrs. Ben F. Cole of Dallas, Mrs. David Barlow of New York, Mr. and Mrs. Paul H. Reagan of Hye, Mrs. Granville Dawson of El Paso, Mrs. S. W. Hughes of Brady, Patrick Hardy Reagan of Austin, Mr. and Mrs. H. B. Reagan, Mr. and Mrs. K. H. McGibbon, Mr. and Mrs. Iorin S. McDowell, Mrs. Nell Frazier.

Dr. and Mrs. P. W. Malone, Mrs. Delia K. Agrell, Mr. and Mrs. Clyde Angel, Dr. and Mrs. P. D. O'Brien, Dr. and Mrs. J. E. Hogan, Mr. and Mrs. H. W. Smith, Mr. and Mrs. J. A. Coffey, Mr. and Mrs. Shine Phillips.

Mr. and Mrs. C. W. Norman, Dr. and Mrs. H. M. Jarratt, Mrs. Norman Read, Mr. and Mrs. Albert Smith, Mr. and Mrs. Ruler Jones, Nell Brown, Mr. and Mrs. Jay Johnson, Mrs. S. Marie Haynes, Mr. and Mrs. James Little.

BARBARA CAROLINE SMITH

Mr. and Mrs. Neil Hilliard, Mr. and Mrs. M. T. Kuykendall, Mr. and Mrs. H. J. Johnson, Mr. and Mrs. Willard Hendrick, Mr. and Mrs. Ray Clark Sr., Mr. and Mrs. Nat Shick, Mr. and Mrs. John A. Coffey, Mr. and Mrs. C. O. Nalley, Fritz Smith, Richard and Robert O'Brien.

Mr. Norman, Mrs. Jarratt and Mrs. Rogers of Snyder, played piano selections during the receiving hours, Mrs. Barlow accompanied by her mother, Mrs. Frazier.

About 400 guests called.

## Mrs. Alma Gollnick Wed To Hugh A. Guantt June 21

The marriage of Mrs. Alma Gollnick and Hugh A. Guantt on June 21 was announced here Saturday.

The ceremony was performed in the little chapel of the Alamo Heights Methodist Church in San Antonio. Rites were solemnized by the Rev. Harold D. Burkhardt, associate pastor of the church.

Mrs. Guantt wore a dress of dusty rose with white accessories. Mr. and Mrs. Guantt spent the week end in San Antonio and are

leaving this week on a wedding trip to Georgia. They will visit with her parents, Mr. and Mrs. Pittman Cleveland, in LaGrange, and spend some time in Atlanta also.

Mrs. Guantt ranks as the senior employe of Cosden Petroleum Corporation. She began her service as secretary to the late Josh Cosden and with one comparatively brief interruption, has been associated with Cosden since. Last year, in recognition of her outstanding service, she was presented by the company with an European cruise.

Mr. Guantt is the son of Mrs. Martha E. Guantt of Rochester, near Abilene. He is associated with the Texas Construction Company. After about two and a half months in Bay City, Mr. and Mrs. Guantt will return to Big Spring to make their home.

## HI-TALK

By Margie McDougle

Tennis seems to be a very popular game this summer. Some of the dates seen enjoying it Thursday night were Mary Sue White, Doyle Mason; Frances McClain; Glen Hancock; Diane Laughman; Gerald Scott; Lila Turner; Ronnie Sanders; Ann White; Punkin McGeehee; Narrell Dene Choate; Jackie Milam.

Rev. Bishop, 1853 graduate of BSHS, has moved to Fort Worth with his parents.

Marvita Wise, a former student of BSHS and HCJC, left Wednesday for Lackland Air Force Base where he will get his basic training.

Some of the kids home from college are Jimmy White, Hardin Simmons; Veva Gene Apple, McMurry; Fritz Smith, Texas University; Buddy McDaniel, Texas University; Martha Johnson, Texas Tech; Ann Crocker, North Texas; Marilyn Miller, Baylor; Jody Smith, Texas Tech; Sue Craig, Wayland; Billy Wheeler, North Texas; Kelly Lawrence, Texas University; Lowie Rice, A&M; Tom Montgomery, A&M; Bobby Jack Gross, A&M; Jack Little, Texas University; Nancy Lovelace, North Texas; Nancy Whitney, North Texas; Wade Choate, Southern Methodist.

Since the swimming pool hasn't been open Ben Ficklin and Christoval have been pretty popular places. Some of the kids seen having fun at Christoval Sunday were Donnie Barnes, Slim Norris, Judy Lawson, Gerhart Schultz, Rosemary Lawson, Margie McDougle, Jerry Patterson. Also accompanying this group were Mr. and Mrs. Lawson.

The business men of Big Spring are reorganizing a USO to entertain the boys from Webb Air Force Base. A meeting was held in the home of Mrs. J. Y. Robb Friday night. Approximately 35 girls attended and Captain Kessener gave a talk on "The Importance of a USO." Mr. Gilliland also discussed hopes for a USO building. In the meantime entertainment will be held in various places. Afterward cokes were served to everyone. Senior sponsors in Girls Service Organization are Mrs. Ann Houser, Mrs. J. Y. Robb, Mrs. Roy D. Worley, Mrs. T. A. Harris, Mrs. Koonce. Girls planning to go into this work are Martha Johnson, Marilyn Miller, Marie Petty, Doris Jean Brown, Patsy Morton, Sandy Swartz, Frances McClain, Sue Love, Mary Lou Lepard, Margie McDougle, Narrell Dene Choate, Mary

## Sue Jones Is Honored; Forsan Service Club Meets

FORSAN, (Sp1)—Sue Jones was honored with a surprise party on her birthday recently in the home of Mary Ann Green.

Co-hostesses were Nan Holladay and Mary Fairchild.

During the party, Larry Shortes was presented a going away gift. Games were played and refreshments were served to Madge Anderson, Oleta Swindell, Betsy Wise, Barbara Green, Mary Fletcher, Jesse Overton, Albert Oglesby, Johnny Baum, Dan Hayhurst, Terry and Jerry Fullen, James Cagle, Johnny Park, Harold Hicks, Hood Jones, Mr. and Mrs. M. M. Fairchild, Mr. and Mrs. A. O. Jones and Mr. and Mrs. G. G. Green.

The Forsan Service Club entertained a group of Boy Scout leaders from Big Spring troops and local troops at the meeting at the school Thursday.

John Sweeney, vice president of the club, was in charge of the affair and introduced the speakers.

G. L. Jones, district chairman, spoke on the Boy Scout program and the sponsors' responsibility to the troop. Talks were also made by Jimmy Hale, district scout executive, and Bill Sheppard.

The club voted to buy two tents to replace two that have been lost. The tents, with those already on hand, will be used when the troop goes to the Davis Mountains July 20.

This was the last meeting until September for the group. Scouts attending were Gert Don Starr, James Jones, Ronnie Howard, Stanley Willis, Muri Bailey, Loy Dean Pike, Frank Tate Jr., George Alvin White, William King, Pat Brunton, Douglas Wayne Allee, Mike Sweeney and Charles Camp. Seventeen members and one other guest, Clarke Brunton, also attended.

## Forsan Calendar

MONDAY  
Methodist WSCS at the church at 4 p.m.  
Boy Scouts at the hut at 7:30 p.m.

TUESDAY  
Pioneer Sewing Club with Mrs. J. P. Kubecka at 2:30 p.m.

WEDNESDAY  
Ladies Bible Class at the Church of Christ at 2 p.m.  
Bible Study at the Church of Christ at 8 p.m.  
Baptist Prayer Meeting and choir practice at the church at 8 p.m.  
Methodist Prayer Meeting at the church at 8 p.m.

THURSDAY  
Board of Equalization meeting of the Forsan County Line Independent School District at the school at 5 p.m.

Gerald Robbins, June Ann Day, Norma Jones, Betty Smith, Beverly Stulting, Rose Nell Parks, Rebecca Rogers, Doris Clay, Rosemary Lawson, Mary Sue White, Shirley Wheat, Pat Dillon, Barbara Bowen, Luan Lamb, Diana Farquhar, Ann Crocker, Sue Craig, Susan Houser, Jody Smith, Pat Lloyd.

Hard at work planning new routines for next year are the cheer-

leaders Mary Lou Lepard, Eileen Abreo, Anna Mae Thorpe and Bea Vaughn. Although Barbara Bowen is away on a trip, practice is going on. The cheer leaders are working out new yell and many new interesting activities for next year. YMCA swimming instructing will

start July 1. The instructors, Nancy Lovelace, Mary Lou Lepard, Diane Laughman, Carolyn Miller, Nancy Smith, Nannette Farquhar, Sharon Choate, Nancy Clark, Narrell Dene Choate and Tolly Baker, met Friday afternoon at the swimming pool to plan instructions.

## DESIGNING WOMAN Mirror Styles Will Begin To Catch Up This Fall

By ELIZABETH HILLYER  
Mirror styles, lagging these past few years a pace or two behind, will begin to catch up this fall with rapidly changing furniture styles. Free from mirrors are newly designed for advance modern interiors. Patina glass framed mirrors introduce a new idea for either contemporary or traditional rooms. Rattan framed mirrors add final elegance to the indoor setting that now enjoys high style rattan furniture all the year 'round. These

are three first design steps by the Creative Mirror Council who mean to see that your home has the kind of fashion-wise mirrors it needs, and designer Paul Frank's wide experience in furniture brings special rightness to each of the three types. Sketched are three of his rattan framed mirrors, one with open cane panels; another with a wide outline of woven bamboo strips and a third that has a see-through frame of unsplit lengths of rattan. As the wall shows through the latter frame, the mirror seems to be framed in the wall color.

Couple Is Entertained With Tea

Undine DeBruler and Alan Kernodie were honored before their recent marriage with an introductory tea in the home of Mr. and Mrs. T. A. Harris Jr. Co-hosts were Mr. and Mrs. J. O. Hagood.

In the receiving line with the hosts were the honored couple. The refreshment table was laid with a white satin lace cloth and centered with an arrangement of white spider daisies and California paper flowers. Mrs. Annie Lee Sanders and Mrs. H. M. Ward poured.

Dolores Hagood presided at the register table, which was laid with a white organdy cloth. The guest book was decorated with an arrangement of white gladioli. About 120 guests called.

## Now! At Your Beauty Salon! A Moisture-Resistant Permanent!

Sensational, New ZOTOS Career Girl WAVE

This permanent stays in in spite of constant wetting, shampooing, swimming and dampness. Career girls, models, and working girls who must look your best day in and day out... who need an all-weather wave that lasts and lasts... we have this wonderful new wave for you!

- The only Permanent that combines the exclusive Zotos combination of MOISTURE-RESISTANT neutralizer and CREAM BATH Waving lotion.
- Conditions, beautifies hair.
- Famous ZOTOS Quality!
- Gives a deep, long-lasting, lovely wave!
- This Permanent uses all liquid neutralizing. No powders of any kind used!
- Says "set" better after your shampoo.

Available only at Better Beauty Salons

Make your appointment now for this new, sensational permanent—Zotos Career Girl Wave!

NO REFUNDS — NO EXCHANGES — ALL SALES FINAL

Our real enemies sometimes take innocent forms. Be not deceived by insincere flattery. "Stand against the wiles of the devil." — Ephesians 6:11.

Moving Of Voting Boxes Should Improve Our Voting Machinery

The Democratic party is making some improvements in the mechanics of its primary election. One is the decision by precinct chairmen and the executive committee to move most of the voting boxes out of the Courthouse. When the shifting is complete, probably only Box No. 1 will be left in the Courthouse.

will welcome the change. Those who wanted sporting chance at secrecy will find it better, too, although not perfect, for more space will be available. Parking will not be a problem either, for school plants which will be used are in the outlying residential areas. Another improvement is that of the ballot. This year there will be squares beside the names of the candidates. In most states an X is put beside the name of the candidate for whom one wishes to vote. This will facilitate balloting for the new voters. Those who are accustomed to voting against all but one may continue our scratching ways.

Business Outlook—J. A. Livingston

Greater Number Of Economists Are Pessimistic About Future

Skepticism is on the increase among economists. They are "feeling for the top" of the defense boom. The economist for a major manufacturer said in reply to my inquiry that the business outlook for 1953 is "uncertain."

buying wave will recur and carry business upward. Most economists don't regard inflation as a major problem any longer—even as the House of Representatives which has just voted to end price control. Wholesale commodity prices are expected to go down about 3 per cent from current levels and the cost of living about 1 per cent during the next year and a half. Farm prices are expected to decline about 5 per cent. No, doubt bountiful crops are an influence here.

Optimism among the economists has been in a decline for a year and a half. In December, 1950—six months after Korea—9 out of 10 expected production to go up. Today, only 9 out of 47 of the participating economists—one out of five—are that hopeful.

Total output of goods and services is expected to go up about 2 per cent from now to the end of the year and then gradually slide off by December, 1953 to about where it is now. The same is true of industrial production only more so. It's stated to advance from the current level of 214 to 222, by December, 1952 and then drop to 219, by June, '53 and 214 by December, '53. The bare figures over-emphasize the rise over the next six months. Some rebound from the shutdown in steel is automatic.

The forecasts fit into four patterns of expectation: (1) a rise in industrial production; (2) continuation of the high-level plateau; (3) a rise then a decline; (4) a decline.

Auto production is expected to decline about 15 per cent from current levels. Unemployment will rise from 1,600,000 to about 2,350,000 according to the consensus. The most pessimistic forecast is for 3,500,000 unemployed which isn't highly pessimistic. In February 1950 4,700,000 were unemployed.

The percentage of outright pessimists has increased from 3 per cent in December, 1950, to 32 per cent today. Not only that, but an increased proportion of economists—34 per cent feels that the defense boom has just about run its course. Half of these feel the turnaround in production will come after December, the other half, not till after June, 1953. All told, two out of every three respondents can be classified as bearish.

Wages will go up contrary to the trend in production and prices—from \$66.32 a week to \$68.30. No doubt the feeling is that hourly rates will get a lift from the ultimate steel settlement. One economist expects that weekly wages will get up to \$78 by December, 1953. That's not a union economist either! The most deflation-minded economist expects a pay scale of \$60 weekly.

This majority is, in itself, a cause for skepticism. One economist wrote: "I look for progressive weakening in the durable goods sector of the economy. My greatest misgiving is that my viewpoint seems to be fairly common and therefore suspect."

Residential building is expected to be down slightly. No great change in the bond market is looked for. The same goes for department store sales. The latest index number of department store volume is 106. The forecast is for 108 in December, 1952, 106 in June, 1953, and 104 in December, 1953.

There were buying sprees in July and August, followed by buying sprees in January and February. Inventories were overbuilt. Consequence: Neither the boom nor the scarcities came up to expectations.

As for the stock market the Standard & Poor's average for 420 industrials, now around 205, is expected to sag to 199 by the year-end, 193 by June, 1953, and 188 by December, 1953. The Wall Street optimists are not too optimistic, either. The high forecast is for 220, less than 10 per cent above current level but the low forecast is down more than 20 per cent to 155.

Similarly, the expectation of the coming business decline has induced caution in purchasing. Business men have been reducing inventories. Recessions have dogged the shoe, leather, women's dress, men's clothing, appliance, and other industries. The possibility is that business men may have overdiscounted the decline that a

If any conclusion is to be drawn it's this: Even the bullish economists are not very inflation-minded—at the moment.

Uncle Ray's Corner

Answering A Batch Of Questions

A letter filled with questions has come to me from a Toronto reader. Here are a few of the questions: "What is the philosopher's stone? Where is the soul of the universe? What power has the loadstone? Does the world helicopter mean sun-ray machine?"

When someone speaks of "the soul of the universe," he simply is using an expression. Some persons use this expression in an effort to describe a universal deity. Others think of the soul of the universe as the center.

Nothing in the nature of a philosopher's stone exists. People of the Middle Ages used to talk about such a stone, and said that it would turn base metals, such as iron, into gold. In modern times, scientists have done things as amazing as that, perhaps more so. Their work on atoms during the present century seems to me to be more amazing. Real diamonds have been manufactured, but at too high a cost for the process to come into general use.

Despite their best efforts, astronomers have failed to locate a definite center to the universe. Many of them believe that we are in an expanding universe with millions of sun-like objects flying out into space after a mighty explosion vast ages ago. If those scientists are right, we can figure the center of the universe to be the place where the explosion took place.

A loadstone (also spelled lodestone) is a piece of iron ore which has the power of drawing bits of iron to itself. Loadstones exist naturally in the earth in some places. Inventors and scientists have provided us with electromagnets which are far more powerful than loadstones.

The word "helicopter" came from the Greek language, and its original meaning was "spiral-wing." The first part of the word came from "helix," not from "helio." A helicopter has a propeller fastened to an upright axis.

Use This Coupon to Join the New Scrapbook Club!

To Uncle Ray, Care of The Big Spring Herald, Big Spring, Texas. Dear Uncle Ray: I want to join the 1952 Uncle Ray Scrapbook Club, and I enclose a stamped envelope carefully addressed to myself. Please send me a Membership Certificate, a leaflet telling me how to make a Corner Scrapbook of my own, and a printed design to paste on the cover of my scrapbook.

"Anybody Seen My Suitcase?"

Today And Tomorrow—Walter Lippman

German Unification Needed To Bring An End To Soviet 'Border Incidents'

Hardly a day passes without an incident in Berlin, or in the corridors to Berlin, or in the vicinity of the Soviet military frontiers inside Germany and in the Baltic Sea. These incidents seem to fall into two main categories. One consists of incidents started by East German and Soviet authorities in order to harass the West Berliners and to keep them reminded that Bonn and the Allies cannot give them full protection. They are a bit like a man away out in the jungle who has a big gun to protect him from the lions but no mosquito netting to keep off the insects.

Then there are the incidents in the air. They appear to have a pattern. In all of them, I think, the Soviet government has argued that her airmen attacked the plane because it was off-course and over the Soviet borders. It is obvious that they wish it to be known to all governments and to all pilots that to fly over Soviet territory or near it is very dangerous. The Soviet commanders are highly alerted to aerial reconnaissance, and obviously they are trying both to repel it and to frighten it off.

Yet in most, if not all, of these cases the plane they shot at or down seems not to have been off-course. But often it has turned out there has been a plane, like the one that was shot at, which was admittedly off-course some short time before the incident. This suggests that the Soviet force has orders not only to shoot planes which come across the line or within reconnaissance range of special military works—but also to commit reprisals, to attack an innocent plane if they have recently missed a violating plane.

The other category consists of incidents which are provoked, imagined, fabricated, or have just happened by accident, in a border region which is in a condition of high tension and extreme alert. In such a border region one can never know readily whether the incident was an act of policy or whether it was due to the mistake of an excited or an inefficient subordinate, a mistake which for reasons of prestige and policy has to be backed up.

This increasing military tension in the border region is intended to affect European opinion. It is doing just that. The signature of the Bonn agreements was followed by the threat that with Soviet help the East German government would form an East German army which is to be raised with our help. This is a threat that is bound to be taken seriously, which in Europe is taken seriously, especially in the light of the mounting violence along the partition line and around Berlin. As long as the troops facing one another in Germany are Soviet and Allied, the risk of fighting in Germany is controlled by the high policies of the great powers. But if armed Ger-

mans are facing armed Germans in this inflammable border region, then the great powers may not be able to control their respective Germans, or perhaps willing to do so. Throughout Western Europe there has developed during the past month a kind of movement, which is not concerted and does not now have a specific program, to put off the evil day when two German armies would face one another inside Germany. The usual formula for putting it off is to call for one more conference with the Soviet Union. But there are very important elements in all the Western countries who, while they support the pacts, while they are firm adherents of the Atlantic Alliance, while they realize the danger of another four power conference at this time, are nevertheless also determined to find ways of putting off the day when there are two German armies in the two halves of Germany.

Until recently the extraordinary thing about Berlin has not been how many but how few have been the incidents, considering the crazy way in which the unfriendly forces are scrambled. The discipline of all troops has been better than anyone had reason to count upon, and the way commanders on both sides have maintained the discipline has been one of the reasons for hoping the Soviet government was not intending to make the breach irreparable. Now, however, we have to take note of a change, which suggests at least that it is now Soviet policy to make Berlin a focal point

This disposition to go slowly is not a solution of the German question. It is not a policy. But it is the evidence of a vacuum where a policy is badly needed. It is a very certain indication that the policy we now have, assuming the best that can be said for it, is going to have to be supported with large measures proposing the unification and pacification of Germany. It is in to have the effective and popular support of Western Europe, and not merely the nominal and formal support of the existing governments.

Answer A Few Simple Questions, Make Your Own Adjustments

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

A visitor from East Texas told me the other day that everybody around here seemed to be wearing long faces. The conclusion jumped to was that the natives are worried about the drought. This could be but I do not want to be a conclusion-jumper-er. I want to delve more deeply into the situation. We have got to assume first of all that people really are wearing long faces. I do not think this is generally true but to do some deep delving let us say that there are a disproportionate number of dim-pans.

bridges were there in Whompas County, South Dakota in the year 1931? How many of these now feel that they could have gotten a better man? How many of these do you think were right? SECTIONAL LOYALTY—Do you say Damyanok as one word or two? If two, don't you think you are wasting breath? If Allan Shivers were to take his sword and draw a line across the state and ask all defenders of the tidelands to cross it, even if it meant war with the United States, would you go by jet or helicopter? MONEY—Do you regard money as the medium of exchange, and if so would you like to be a medium? Do you still have the first dollar you ever earned, or have you ever managed to earn a dollar? Are rich in-laws a source of annoyance to you? If you can charge something rather than pay cash, don't it seem to cost less?

One reason for this might be that we have not lately given ourselves a psychological adjustment. You cannot make such an adjustment without first taking a test. So the period today will be spent on taking the test. When we have finished grading and evaluating these results we will know whether or not we are maladjusted and then we will know the reason for having long faces. If you get 75 per cent of these questions right you probably should wear a long face. If you get them all right you should go hide your face. Get your pencil: BOW TIES—Can you tie one that is as trim and shipshape as the ready-tied ones or is yours the droopy kind? Can you tie a bow tie at all? Why? INDIANS—Do you know why Indians march single file? Is it to avoid oncoming traffic? Is it to make the line longer? If the latter how long should an Indian line be? WORDS—If a word like splutterfickl does not mean anything to you why use it? Why not use a simpler word of the same meaning such as dolasmatchiwak? Wouldn't you be better off if you hadn't said anything at all? MARITAL BLISS—How many June

DOGS—If a dog bit you would you appeal to the owner for redress, run like the wind, or would you bite the dog back? FOOD—Do you pour milk over your crumbled cornbread, or do you crumble your cornbread into the glass of milk? If you upset the gravy bowl into your lap when you're a guest at a formal dinner, would you say, "Oops, sorry," or would you say "good riddance of bad rubbish." Should gravy be served at a formal dinner? READING HABITS—Is reading this any worse than chapter 19 of Tolstoy's "War and Peace?" Would you like to have your subscription money back? BOB WHIPKEY

WORDS—If a word like splutterfickl does not mean anything to you why use it? Why not use a simpler word of the same meaning such as dolasmatchiwak? Wouldn't you be better off if you hadn't said anything at all? MARITAL BLISS—How many June

Editors Roundtable—James Galloway

Generals' Political Activity Should Be Studied For Revision

A plurality of editors disapproves the Army's ruling that General MacArthur may engage in political activity as in his coming GOP keynote speech without retiring or resigning as a five-star general. But a rather large minority of editors argues that the ruling is within the letter and the spirit of the law creating the rank of five-star generals and admirals. While a somewhat larger minority considers the law on the subject an equivocal one which should be clarified by Congress more objectively than the Army is able to do in the case of General MacArthur.

"In view of the unique status the law gives to five-star officers no other ruling would have made sense. Ordinary officers in retirement are free to engage in normal political activities but technically the five-star generals and admirals are not retired. The purpose was to honor these few for their war services by continuing their full pay and perquisites—and their nominal active status—for life. To take the very law that was passed as a special national honor and turn it into a legal strait jacket would have been to mock the spirit of the law."

ATLANTA (Ga.) JOURNAL (Dem.): "The official decision declaring General MacArthur's political activity to be no violation of Army regulations is wise and proper. Cracking down on MacArthur for partisan politics while still theoretically on active duty would have made a martyr of him and reacted against the administration taking such action. Furthermore the decision is right. The Department of the Army's explanation makes sense in pointing out that a five-star general unassigned to any specific duty is considered to have status similar to that of retired officers in other grades."

PITTSBURGH (Pa.) POST-GAZETTE (Ind.): "Generals and admirals of five stars may remain on the active list for the rest of their lives and be assigned at any time to specific duties. But they may also voluntarily retire as did General Eisenhower and they may also resign their commission as General Eisenhower has said he will do if nominated for the presidency. . . . The Pentagon, apparently afraid to require General MacArthur to abide by the rules of the game has interpreted those rules in a way that compromises our traditional concept of civilian superiority to the military."

ST. LOUIS (Mo.) POST-DISPATCH (Ind.-Dem.): "Gen. MacArthur is on active duty whether or not he has a specific assignment. Undoubtedly Mr. Truman in this is more politician than President. Gen. MacArthur may well help snarl up the G.O.P. in Chicago and make the present split only the deeper. That would help the Democrats in 1952. But what about the precedent for permitting Army officers to appeal adverse decisions into the political arena? What about the invitation to other officers to follow the MacArthur footsteps onto the partisan platform?" BUFFALO (N. Y.) NEWS (Ind.-Rep.):

NORFOLK (Va.) VIRGINIAN-PILOT (Ind.-Dem.): "Five-star generals may of course retire voluntarily. . . . But they retire voluntarily only with the penalty of loss of pay. In practical experience the difference is illustrated by the unnumbered officers who having been retired for age do engage in political activity. . . . The interpretation that emerges therefore is this: A five-star general who has no specific duty is equivalent to an ordinary officer who has retired for age. This we say looks like commonsense. Investigation ought to be made however as to all possible effects of this new interpretation . . ."

Broadway—Mark Barron

McDonald Carey Keeps Self Plenty Busy In Show Biz

NEW YORK—Nomination for the business man in the entertainment business should go to Macdonald Carey who has been on Broadway recently while performing on NBC radio shows and while awaiting the premiere of his new film, "My Wife's Best Friend," in which he co-stars with Anne Baxter. "While I am on Broadway," Carey said, "I am also reading plays because I want to come back this Fall and do a stage play. However, I am also reading a couple of musicals, and it may be a musical instead of a serious play."

enlisted in the Marines. He had color blindness and was rejected, at first. But he had this faulty vision corrected and went back and enlisted again. After training, he fought in the Pacific at Espiritu Santo, Bougainville, Mindoro, Mindanao and in the Philippine campaign. He was discharged as captain. Curious about the fact that he spells his first name with a small "d," I asked Carey for an explanation. "My mother's maiden name was Elizabeth Macdonald," he said, "and she insisted that it be spelled with a small 'd.' So small 'd' it is."

Carey has an affection for Broadway because it was on the legitimate stage that he got his starring entrance to Hollywood films. He was playing in straw hat stock in Maplewood, N. J., and in radio soap operas when stage producer Cheryl Crawford saw him. She told him to come to Broadway although she didn't have a role at the moment for him. "But I took her advice," Carey said, "and came to Broadway and luckily found a musical role immediately. That was playing opposite Gertrude Lawrence in the musical, "Lady In The Dark." Other than his movie, radio and television tasks, Carey has also been a busy father. He and Mrs. Carey are parents of three children: Lynn, age 5½, Lisa, age 3½ and Steve, age 2½. "And we are expecting another baby in June or July," Carey said. It was because of his movie career that Carey got into a brilliant battle career. In 1942 he played the role of a U.S. pilot who destroyed a Jap cruiser in the Marine movie of "Wake Island." Finished with the role he walked down to headquarters and

This Day In Texas

By CURTIS BISHOP. Death came on this day in 1941 to Ignace Jan Paderewski, one of the greatest pianists of all time and Poland's outstanding statesman of this century. His identification with the Texas story came as the result of a carelessly worded joint resolution passed unanimously by the Texas Legislature when Paderewski visited the state soliciting funds to aid his people. His brilliant playing, according to the Encyclopaedia Britannica, "created a furor which went to extravagant lengths... he was a great virtuoso player, and as such commanded popular applause, but he was much more than that; he brought to bear on the music he played a highly trained and original mind." He collected enormous sums of money in the United States between 1914-1917 and guided the political and military destinies of four million Polish people who had sought haven in the United States. At the outbreak of World War I he secured from the government a military camp, Niagara on the Lake, and there 22,000 Polish volunteers were trained for service by Canadian officers. He became prime minister of Poland following the war, and in 1940 was elected president of the Polish parliament in exile. The Texas Legislature's resolution of 1940 following the war, and in 1940 was elected president of the Polish parliament in exile. The resolution was altered but not until after it had been passed unanimously.

Bible Words to Live by. I think my favorite verse in the Bible is: ST. JOHN 7:17 - "If any man will love to do his will, he shall know of the doctrine, whether it be of God, or whether it speak of men." It is my favorite because it opens the way to those who have difficulties with belief. I am always most interested in people without the great privilege of faith. So many of them are starved for it. This verse shows them the door. Most of us think, "If I only knew, I would be willing to do what religion says." This will do, "Do what religion says, get open to that, and you will understand with your mind." It is an invitation to spiritual experiment. It is the doorway to understanding the Christian faith itself. Do the will of God so far as you know it, get open to God and surrendered to Him, whatever or whoever He is - and then you will begin to know Him, and hence to understand Him. It is the doorway to the discovery of his will. Open yours if to whatever His will is, whether it coincide with your own or not - and you will find out what His will is. This verse is an invitation to try believing in a scientific, experimental way. It has led unnumbered people into faith. Maybe it will lead you into it. The Rev. S. H. Shonaker, D.D., S.T.D., Calvary Episcopal Church, Pittsburgh, Pa.

MRS. ALAN DAVIS KERNODLE

### Kernodles On Wedding Trip; To Live Here

Mr. and Mrs. Alan Davis Kernodle are on a wedding trip following their marriage here Wednesday.

The bride is the former Alina Undine DeBruler of Big Spring, daughter of Mr. and Mrs. E. J. DeBruler of Burlington, N.C. Mrs. W. G. Kernodle of Burlington is mother of the bridegroom.

Dr. P. D. O'Brien, pastor, performed the semi-formal ceremony at the First Baptist Church as the couple stood before an altar decorated with jade trees, bouquets of white maroon daisies and interspersed with baby's breath. Branches of candelabra flanked the scene and white satin ribbon outlined the altar and the pews.

Mrs. C. W. Norman, organist, played the traditional wedding marches and a medley of pre-nuptial selections including "The Rosary," "To A Wild Rose," "I Love You Truly" and "Entreat Me Not to Leave Thee." During the ceremony she played "O Perfect Love."

She also accompanied Wayne Nance, who sang, "Because" and the "Wedding Prayer," as the benediction.

The bride, given in marriage by her brother-in-law, J. O. Hagood, wore a white lace over tulle demitasse length gown. It was designed with a fitted bodice, shirred in front, a bolero and a gored skirt. She wore matching mitts and white sandals. Her waist length veil of French illusion formed a shirred crown.

She carried a white Bible topped with pale pink orchids and a showered with white satin ribbon.

Honor attendants were Mrs. Garrison N. Walker of Burlington and Dolores Ann Hagood, nieces of the bride.

They were identically attired in pale green lace over Nile green satin. They were fashioned with low rounded necklines, cap sleeves, fitted bodices and gathered, demitasse length skirts. The dresses tied in back with velvet bows. They were matching hats and linen pumps. The attendants carried fan-shaped arrangements of pink carnations showered with pink ribbon. In their hair they wore matching pink carnation headbands.

Garrison N. Walker, nephew of the bride, served as best man.

Ushers were J. Oakie Hagood Jr., nephew of the bride, and Sgt. Angelo Gailli of Webb Air Force Base. They also lighted the candles.

When the couple left on their wedding trip, the bride wore a tan embroidered cotton dress with rhinestone trim, a white lace off-the-face hat and white gloves. Her shoes and bag were navy and she wore a pink orchid corsage.

The couple will make their home here.

Mrs. Kernodle is a graduate of Burlington High School, attended Burlington Business College and prior to coming to Big Spring, was employed at the Alamance County Hospital there.

Her husband is a graduate of Pleasant Grove High School in Burlington and is employed by Coeden.

Registration will begin Monday at 9 a. m. at the Baptist camp grounds for members of the intermediate Girls Auxiliaries and Young Women's Auxiliaries of District 8.

Registration will be held Wednesday at 9 a. m. for Junior G. S. Approximately 600 juniors and 200 intermediates are expected during the week's encampment.

In recognition of outstanding work accomplished in mission work and other denominational fields, coronations will be held and the queens' courts selected. The intermediates will have their coronation Tuesday evening, the juniors on Thursday night.

Special speaker at the encampment, which will close a two-weeks session Friday, is the Rev. A. K. Bonham of Richmond, Calif.

### Baptist Girls To Register At Camp

Registration will begin Monday at 9 a. m. at the Baptist camp grounds for members of the intermediate Girls Auxiliaries and Young Women's Auxiliaries of District 8.

Registration will be held Wednesday at 9 a. m. for Junior G. S. Approximately 600 juniors and 200 intermediates are expected during the week's encampment.

In recognition of outstanding work accomplished in mission work and other denominational fields, coronations will be held and the queens' courts selected. The intermediates will have their coronation Tuesday evening, the juniors on Thursday night.

Special speaker at the encampment, which will close a two-weeks session Friday, is the Rev. A. K. Bonham of Richmond, Calif.

### Homemakers Class Meets in Home of Mrs. Mollie Harlan

The Homemakers Sunday School Class of the First Baptist Church heard a devotional by Mrs. Mollie Harlan during a social program Friday afternoon.

The social was held in Mrs. Harlan's home, 1112 Main. It was opened with a prayer by Mrs. Eitel Bartlett and included a recreational program directed by Mrs. Bess Hull. Mrs. Harlan's devotional subject was "Prayer."

Refreshments were served to 10 members of the class.

### Baptist Seniors Have Party At Park

Members of the senior department of the Westside Baptist Church met Friday evening at the City Park for a watermelon party.

Prior to the party the group had a visitation period.

Hostesses were Jerry Hill, Darlene Moore and Altie Smith.

Attending were 14.

### Rev. Fisher Returns, Announces Topics

The Rev. and Mrs. Marvin Fisher have returned after a vacation trip to California.

Sunday morning, the Rev. Fisher, pastor of the Wesley Memorial Methodist Church, will preach on "How a Great Man Thought of God." His evening topic will be "Life's Contrast."

### Fall Fashions Reveal No Silhouette Change

By DOROTHY ROE  
Associated Press Women's Editor

NEW YORK (AP)—This is the week when the nation's fashion editors decide just how Mrs. America and her daughters will spend their 11-billion-dollar clothes budget next fall.

In the steaming canyons of the garment district, wiling representatives of the country's leading newspapers dash from showroom to showroom, inspecting with practiced eyes the new silhouettes, the new fabrics, the new hemlines which are expected to rouse in customers an uncontrollable urge to buy.

Manufacturers and designers vie for the attention of the visiting press, plying them with showings at breakfast, lunch, cocktail time, dinner and on to the midnight nightcap, while the harried editors travel at full gallop, trying to keep up with the jet-propelled schedule.

This is the phenomenon known to the garment industry as National Press Week. It occurs twice a year, under sponsorship of the New York Dress Institute, for the purpose of establishing the big town firmly as fashion capital of the world.

Taking pity on the weary editors, manufacturers concentrated the first day of showings at the Waldorf Astoria, so the girls wouldn't have to waste time trotting between buildings in the garment district. The week of fashion concentration started with a breakfast and forum, followed by nine showings occurring every hour on the hour and sometimes on the half-hour. During this initial burst of styles, editors saw:

Claire McCardell's carefully careless styles for the young in heart and figure, adored by college girls the world over.

Paul Parnes' suave costumes for well-dressed clubwomen.

Delman's shoes, designed for the well-heeled.

International Silk Association's lush selection of all-silk fashions.

Bender and Haburger's medium-budget dresses for all occasions.

Ben Zuckerman's streamlined coats and suits.

Herbert Sondheim's carefully edited group of career-girl fashions, featuring imaginative use of tucks and pleats.

Harvey Berin's top-notch collection of dresses and suits, in lush fabrics and wearable lines.

Maurice Rentner's fabulous garments for the upper income brackets.

At the end of the long day and night, editors who still were able to keep their eyes open had deduced the following about next fall's fashion:

The silhouette is largely unchanged, with more slim skirts for daywear, the same hemline, full skirts for after five and the most beautiful array of fabrics in U.S. fashion history.

### Mrs. Hendricks Is Feted At Shower In J. B. Long Home

Mrs. Tom Hendricks was honored Friday evening with a pink and blue shower in the home of Mrs. J. B. Long, 1600 Eleventh Place.

Mrs. Joe Percy was co-hostess.

The refreshment table was laid with a lace cloth and centered with an arrangement of white daisies. Flamingos flanked the flowers. Plate favors were miniature corsages of pink and blue daisies.

The table on which the gifts were displayed was covered with a pink cloth and held a china lamb with daisies in the center.

### Week End Guests

Letha Amerson has as her week-end guests, her sister and brother-in-law, Mr. and Mrs. Alvin Bristol, of San Angelo, her sister and niece, Mrs. A. H. Russell and Judith Ann, of Laredo, and her mother, Mrs. Kate Amerson, of Abilene.

concentration started with a breakfast and forum, followed by nine showings occurring every hour on the hour and sometimes on the half-hour. During this initial burst of styles, editors saw:

Claire McCardell's carefully careless styles for the young in heart and figure, adored by college girls the world over.

Paul Parnes' suave costumes for well-dressed clubwomen.

Delman's shoes, designed for the well-heeled.

## HELENE'S HINTS

---Where to shop for what---

**THE SALE GOES ON . . .** so step up to MARGO'S and add two pair of beautiful summer shoes to your wardrobe for the regular price of one and only one penny for the second pair. It's time to take note of this style-conscious collection before the shelves are empty and you miss the biggest bargain of the season. You'll find everything from frankly feminine fashions with a touch of coquette to blithe and lighthearted casuals . . . choose from dramatic colors or immaculate white, as well as white accented with color. They'll add youth to your steps and grace to your movements with all the comfort and smart styling that's deliberately flattering in line and looks to pay your foot and costume pretty compliments.

**SLEEP LIKE A LAMB . . .** and feel like a million . . . that's the difference that a good mattress makes, and the mattresses at the **GREGG STREET FURNITURE** will mean sleep insurance that will last you and your family for years. You'll find the famous Dell-Peoples that carries a guarantee on all their mattresses as well as a ten year written guarantee on their higher priced groups. For adults or children . . . light-weights or heavy-weights . . . the fine construction combines comfort with support for splendid savings and healthful, restful sleep. You'll find an assortment of colors in twin or full sizes, either tufted or non-tufted. Modestly priced from \$49.50 to \$69.50, these fine mattresses will give you many years of sleep-coaxing relaxation.

**THE PROOF OF THE PIE . . .** is in the eating, and once you've eaten a piece of the delicious fresh pie at the **DOUGLASS COFFEE SHOP**, you'll need no other proof of pastry at its best. Every afternoon between 3:00 and 4:00 o'clock the Douglass chefs turn out dozens of savory fresh pies that are a real credit to culinary art. For you gals working in town, a mid-afternoon snack of pie and coffee is a treat that's hard to top, and shoppers, too, will welcome such a refreshing pause in their busy tour. Tomorrow afternoon if you're down town shopping, or when you go out for coffee, why not try this tasty treat for yourself.

**TO COMPLEMENT YOUR COMPLEXION . . .** Max Factor of Hollywood brings you an utterly new and different cream-type make-up . . . "Pan-Stik". Found at **HARD-ESTY DRUG**, it's as easy to use as your lipstick. Created to enhance your natural complexion, it's so sheer your skin shows through . . . yet it hides each tiny blemish while it smooths, softens and adds glorious color. Pan-Stik is quicker, easier to apply, and actually makes your skin feel refreshed, which is so important on these hot summer days, when the matter of make-up presents a problem. For a lovelier you, it's the answer to stay fresh and youthful looking from daylight 'til dawn.

**MIXING MAGIC . . .** you can save time and arm work, and enjoy more delicious food with real kitchen geni . . . an electric Hamilton Beach **HESTER'S SUPPLY**. The perfect accessory for the small kitchen, it mixes, mashes, whips . . . 3 speeds with only one hand operation. Small, light and easy to handle, you can use it on a wall hanger or store it easily in a drawer. The simplicity of operation of this double rotary beater mixer makes it possible to do your mixing at work table or stove with equal facility. For only \$18.75, you have the luxury of a standard mixer at a much smaller price. See them soon . . . don't be a slave to cooking any longer.

**HELL FOLLOW THE PARTY LINE . . .** and air his political feelings in grand style with one of the novelty "Fit-It" caps from **ELMO WASSON'S**. Patterned with either the donkey or elephant motif in a variety of colors, he'll enjoy it for every outdoor sport. Cool, colorful, and comfortable, it's weatherized . . . so it is no longer a matter of out-guessing the weather . . . but out-dressing it. Here's a cap that will serve him nobly, whether he's caught out in showers or sunshine—whether he's a Democrat or Republican. For only \$1.95, it is so modestly priced that he can afford it for every sport and every relaxation . . . he'll want a "Fit-It" cap.

**OUT WHERE THE WEST BEGINS . . .** (meanin' West Texas o'course) it's time for you gals to don your duds for some high-spirited and handsome riding in a pair of Lee Riders . . . the latest in ladies' levis from **ZACK'S** of Margo's. Hot-iron branded with the famous "Lee" trademark, they'll be the best fitting and longest wearing levis you ever wore. Sanforized and styled in proportioned sizes, they'll take you horseback riding, on picnics, to rodeos or for everyday casual wear in true western style. For only \$3.95, you can lasso yourself a pair for your own corral.

**LITTLE BLACK SAMBO . . .** never saw the day when he had anything on the Zulus . . . the little novelty planters at **FAYE'S FLOWERS**. South Sea Island natives were the inspiration for these wonderful and whimsical planters . . . Fashioned of ceramic with pineapple plants and palm trees included in the design, they would make an unusual gift that would appeal to the heart and humor of most anyone. They would be particularly appropriate for a hospital gift to strike a note and cheer up a patient. They're priced at \$1.25, and once you've seen them, you'll want the Zulu to take his place in your home too.

**THE MAGIC OF MUSIC . . .** There's nothing so inspiring, so completely satisfying as beautiful music, and the new shipment of the latest releases in all types of music at **THE RECORD SHOP** is a collector's dream. On LP's and 45's, you'll find such albums as excerpts from "Carmen", Shubert's "Unfinished Symphony", Tchaikovsky's "Swan Song", Rimsky-Korsakoff's "Scheherazade", single records such as "Ave Maria", "Jalousie", "Warsaw Concerto", "Ritual Fire Dance" and many, many others. If you're a patron of popular music, you'll welcome Al Goodman's arrangement of "The Student Prince", "The Nutcracker Suite" played in dance tempo by Freddy Martin and a number of Glenn Miller's original recordings. In all it's a richly rewarding collection of treasure-store recordings by the world's greatest artists.

**WONDERS FROM THE ORIENT . . .** the eight piece Bamboo luncheon sets at the **BIG SPRING HARDWARE**. These are the place mats that provide the perfect setting for summer meals. Made in Hong Kong by the Quon-Quon Company, they're a right combination of utility and beauty. Their oriental charm adds an atmosphere of intrigue to informal dining. Easy to keep . . . they're always on hand and ready to use when you need them. In natural with hand painted floral designs, or in solid chartreuse, Chinese red, aqua, and chocolate brown . . . \$1.25, the set.

# Sherlock Holmes Has A Bigger Name Here Than In Own Home

By CHARLES HONCE  
NEW YORK (AP)—Jimmy Durante was a hit at London's Paladium, Noel Coward was doing right well around the corner, but that didn't bother me: I was the sensation of Baker Street on a recent Saturday afternoon.

## Dies Campaign Opens Tuesday

Martin Dies, candidate for Congressman At-Large from Texas opens his campaign with a statewide radio broadcast over the Texas State Network Tuesday at 7:30 to 8 p.m.

In a prepared text of his address, Dies, who headed the Un-American Activities Committee from 1938 to 1945 says that it is a historic fact that "95 per cent of our warnings have come true and that our findings have been substantiated by the events and disclosures of the past five years." Dies said that Communism remains our major problem at home and abroad. The Congressman-At-Large candidate further said that he was not an isolationist, but felt that "we must do our part in the family of free nations. This does not mean that we should become an international meddler and busy body, nor that we should bankrupt our country."

## Food For All

Without a little fun and a lot of food, a camp would not be a camp. These Royal Ambassadors had both at the District encampment which closed for the boys Friday. In the upper picture, the two handicraft instructors, Aud Jones, Fullerton (extreme left) and Mark Reeves, Coahoma, (extreme right), inspect the belts made by, left to right, Benny Bond, 1602 Donley, David Lunsford, Snyder, and James Lawlis, Snyder. In the picture on the left, everyone seems to be enjoying the final meal — even down to licking it off your thumb—extreme left.

## Three Groups Plan Visits To Hospital

Lubbock, Midland and Big Spring organizations will present entertainment for VA Hospital patients this week. The Lubbock chapter of Disabled American Veterans will present a variety show at 2 p.m. today. The local VFW Auxiliary will stage a similar program at 7 p.m. Tuesday and the Midland American Legion Auxiliary will sponsor a bingo party at 7 p.m. Thursday. On the calendar for Monday, Wednesday and Friday are movies. Pictures will be projected at 7 p.m. Monday, 2 and 7 p.m. Wednesday and 7 p.m. Friday.

est parts of London, is where Sherlock Holmes used to live. I had gone there while vacationing to check up on the sleuth.

Instead Baker Street began checking up on me.

The situation came about this way: Just as I was sailing for Europe a rather large package was delivered to my stateroom.

Although big, the package was light. Inside I discovered a deerstalker. That's one of those forward-aft hats Sherlock Holmes used to wear when he was trailing Professor Moriarty and other crooks around London.

The hat, it turned out, was a farewell gift from my Associated Press associates. It was accompanied by a caricature of me wearing the hat and bearing the legend "Baker Street or bust."

On visiting the old Sherlock Holmes menage shortly after arriving in London, I put on my deerstalker and stood in front of the

building and then marched up and down for several minutes.

Some people stopped and stared. Others went by with smiles, outright laughter, or with looks of awe or amazement on their faces.

Apparently no one knew what the deuce I was driving at, convincing me of a point I already had suspected that Sherlock Holmes is a much bigger name in the United States than at his own doorstep.

Then my wife and I gave the whole area a once over. Around a corner from Baker Street we found a short, narrow passageway called Sherlock Mews, but whether the name had anything to do with the detective I could only surmise.

Then I stowed my deerstalker at home. I came home content that I had done my duty by the retired sleuth.

A reproduction of Sherlock's flat, exhibited last year in London, goes on display in New York on July 2. That will help to keep the No. 1 flatfoot's memory green if no one ever rebuilds his lodgings. These suffered from German bombs, and seven years after the war there is no indication that a restoration is planned.

Someone told me that deerstalker hats have become quite popular among youngsters, but I didn't see any anywhere. I can testify though that there is a cute green ribbon that holds the flaps up in the summer, and will attract attention anywhere.

## Radio Program To Salute Hospital

The Big Spring VA Hospital will be saluted on the R. J. Reynolds Tobacco Company's radio and television shows Monday, July 21.

The tobacco firm also will send 4,000 cigarettes to patients in the local hospital, Carlton L. Carr, special services director, has announced.

## MEN IN AMERICA CALLED FAT, LAZY

The New York Custom Tailors Designers Club says American men are the fattest and laziest in U. S. history. The reasons: Too much sleep and food, not enough exercise. It probably is true that they are the fattest, but we doubt the laziness. Everyone is working and a great deal is being accomplished and it certainly is not being done by lazy men.

If you have decided to reduce, here is a way to do it sensibly, easily and safely. Just go to your drugist and get a four-ounce bottle of Barcetrone. Pour into a pint bottle or jar; add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle does not show you the way to take off ugly fat, return the empty bottle for your money back. Barcetrone not only helps you to take off weight, but it also helps you in other ways. As Mrs. E. Phillips, 27 West Seventeenth Street, San Angelo, Texas, wrote us: "I am 39 years of age and lost 18 pounds taking Barcetrone and it not only took off weight, but it has improved my health wonderfully."

For many of this country's 25,000,000 overweight adults, reducing diets have become a dominating influence. But the frightening fact is that many of the most popular diets are extremely dangerous. In an article titled, "Which Diets Are Dangerous," a recent issue of a national magazine lists some of the most prevalent "plans" and tells why "they can cause serious trouble." Recently there has appeared on the market a number of reducing "plans" which require a rigid diet. A deficient diet can be dangerous and should never be undertaken except upon a physician's advice and supervision.

## GIRLS ARRIVE TODAY

# Weary Boys Leave Church Youth Camp

Four hundred fifty two happy but tired intermediate-age boys slowly left the Baptist Encampment grounds south of Big Spring Friday afternoon as the second phase of the camp came to a close. The boys, Royal Ambassadors from all parts of the 14-county Baptist district eight, began camp Wednesday afternoon and the program officially ended Friday with the noon meal. The R.A. organization is a Baptist club for boys of intermediate and junior department age. The juniors—12 years through 15—held their camp Monday through Wednesday noon and the intermediates—eight through 11—moved in. Camp pastor was the Rev. Richard Philpot, pastor of the Second Baptist Church, Odessa, and the camp missionary was the Rev. A. K. Bonham. Rev. Bonham is a

missionary to the Japanese people in California. Camp director was Bill Davison, Odessa, district R.A. leader.

After the final preaching service of the camp Friday, 64 boys were given awards as honor campers.

A recognition service was held Thursday night for the boys not having been recognized in their home churches for advancement in rank. Willis Griffin, state R.A. leader, was present for the service.

During the encampment, the boys played games, worked in handicraft periods, studied for higher ranks in the R.A.s, attended preaching services, went to campfires, held get-acquainted sessions, and generally lived as campers.

Monday, the Girls Auxiliary—sister organization of Royal Ambassadors—takes over the camp. The juniors will camp Monday through Wednesday and the intermediates come Wednesday and leave Friday.

KIRKPATRICK

## Kirkpatrick Is New Manager At Firestone Store

Ray N. Kirkpatrick was recently named manager of the Big Spring Firestone Store. He was transferred here by the Firestone Company from Abilene.

Kirkpatrick, his wife, and 2-year-old daughter, Linda Joy, were in Abilene six months before Kirkpatrick's transfer.

A native of Ohio, (Martin's Ferry) Kirkpatrick settled in Fort Worth after the war. There he met and married—a Texan.

He served four years in the Army with the mechanical cavalry. He spent 16 months in Europe with the 11th Army.

After settling in Fort Worth, Kirkpatrick went to work with the Firestone Company and worked there three and one half years before his transfer to Abilene.

Kirkpatrick relates that he and his wife find Big Spring the friendliest town they have been in Fort Worth included—Mrs. Kirkpatrick's home town.

He replaced Ted Darby as manager of the Firestone store at 507 East 2nd.

# Patrolmen Rely On Horse Sense, Plenty Hard Work

A doggedness on the trail that would make even a Canadian Mountie envious, a constant alertness and attentiveness to detail—these are the qualities and "tools" of U. S. Border Patrolmen.

They're the same characteristics that Roger D. Bushner modestly calls "a little horse sense and a lot of hard work." At the same time, they've paid dividends for Bushner and his three-man force who spend their time rounding up aliens in the Big Spring area.

The local Border Patrol unit has corralled some 40 illegal immigrants since patrolmen started operating here little more than a month ago. In addition, the four inspectors have unearthed information and "leads" that may eventually result in the apprehension of scores of aliens.

Bushner, veteran of 10 years' service with the Border Patrol branch of the U. S. Immigration Service, is inspector-in-charge for the Big Spring unit. His staff in-

cludes Inspectors Walter V. Edwards, Marvin L. Butler and Percy L. Schuck.

The small force set up headquarters in Big Spring May 20. Since then, inspectors have "made subject to deportation" approximately 40 persons who crossed American borders illegally.

The entire group of aliens has been of Latin-American origin, as a West Texan would expect, but work of the patrolmen hasn't been confined to tracing the movements of Mexican Nationals who "swam the river." European and Asiatic aliens often show up in this section and occasionally illegal immigrants of this category exceed the number of Latin Americans apprehended.

Inspector Bushner recounts experiences in checking rail, bus and other highway transport in West Texas where fully half of the aliens apprehended were of European origin. This is explained by movement of "ship jumpers" and persons smuggled into the country from coastal sections.

Actually, the practice of entering the United States without passport visa may be more widespread and loaded with more serious implications than is commonly known, although local inspectors don't say so.

Bushner did point out that 25 or 30 aliens with "records" are apprehended in coastal sections each month. Backgrounds involve narcotics, previous attempts at illegal entry, etc.

Inspectors here find that most aliens infiltrate from the lower Rio Grande Valley area, although some Mexican Nationals cross the border all the way from El Paso to the Gulf Coast. Most are seeking employment and are agreeable to an arrangement for "voluntary departure."

Big Spring is considered a focal point for the migration of aliens into the rich agricultural area roughly north and east of here. The local Patrol unit is concerned primarily with aliens in Howard, Midland, Martin, Mitchell, Nolan, Fisher, Scurry, Borden and Gaines Counties, although information inspectors turn up is made available to the entire Immigration service and sometimes results in transcontinental trails.

The Immigration officers profit from tips received from other Border Patrol districts, as well as from the investigations they initiate. They find that investigation of one person suspected of having entered the country illegally often results in the identification of several other aliens.

One case, Bushner recalls, involved a Latin American woman who was smuggled into the country by a citizen, after the couple had been married in Mexico. The patrolman received a tip on the case, but when he went to investigate that the woman had left her new husband, ostensibly on a trip to Mexico to return with a child by a former marriage.

Continuing his investigation, Bushner found that the woman had gone to Chicago. He informed a Border Patrol unit there of the woman's presence; Chicago officers picked up the trail and apprehended not only the woman, but her first husband and a group of alien women he had imported to staff a "bawdy house."

Though inspectors usually "get their alien," it seldom is without a devious investigation and skillful use of the information available.

"An illegal immigrant doesn't mind lying, falsifying documents or taking other steps to avoid apprehension," Bushner says. "He figures he has nothing to lose, since deportation is the only penalty unless he's been apprehended previously."

A short jail term—60 to 90 days—may be given the deportee if he has a record of previous illegal entry. Apparently, the alien thinks the risk is well worth the reward if he eludes detection.

Bushner explains that the average construction wage in this country is about 80 pesos—approximately equal to a month's pay on some jobs in Mexico—so the river swimmer has quite an incentive.

Border Patrol inspectors have no interest in Bracero labor brought to the country from Mexico on a contract basis. However, if a worker breaks contract, it's up to the patrolmen to pick him up. Disputes between Braceros and their employer is a problem to be settled among themselves or with the assistance of the Mexican consular service.

Just tracking illegal immigrants is more than a full-time job for the Border Patrol unit here. Inspectors usually put in from 50 to 60 hours per week on the job. They don't have any regular on-at-eight-of-at-five schedule, either. The Border Patrol inspector may find that his work is just starting about the time everyone else is knocking off for the day.

## Riding THE GRUB LINE With Franklin Reynolds

A reader writes in that he is in favor of having the cloud-seeding generators moved out of this area. He seems to think they're keeping rain away.

These generators, according to our information, haven't generally been operated for some time now. There hasn't been a cloud-seeding opportunity, we haven't had heavy enough clouds. This reader argues, logically enough, that the country all around us, 100 miles in any direction, except to the west, has had good rains, and he says it isn't supposed to rain west of us anyway.

But in all directions, even to the west, for more than 100 miles there are also cloud-seeding generators. Not long ago we printed a list of the locations of a great many of them.

So apparently there must be some other explanation for the reason Howard and Martin Counties remain the hub of the west drought in the history of the country.

The best explanation seems to be that we just haven't had any rain. If you have a better idea let us hear from you.

says that the 44 Hereford steers on feed as Howard County 4-H Club projects have made an average gain of three pounds a day for the last weighing period. They were weighed May 27 and again on June 24.

Only one of the calves failed to gain two pounds a day and this calf has been sick.

Among the top-gaining steers is one bred by W. D. Collier of Ralls and being fed by Sonny Choate. This calf weighed 515 pounds on May 27 and 620 pounds on June 24.

Another of the top ones is from the herd of Perry Walker of Howard County. In the feed lot of Ronnie and Delbert Davidson, this steer has come from 520 pounds on May 27 to 630 pounds on June 24.

Lewter says lice are still a problem for the cowmen to contend with, and he reported that he found ear ticks on 43 of the 44 club calves. Lewter and the club boys are going after the ticks with a mixture of 90 per cent sweet oil and 10 per cent chloroform.

Commercially, he says, the ticks can be eradicated with government formula 1029 used according to directions.

G. M. (Red) Morris of Fort Worth, chief of the Soil Conservation Service's Regional Plans Project Division in the states of Texas, Oklahoma, Arkansas and Louisiana, has been a recent visitor in Howard and adjoining counties making a study of the drought situation.

Morris says he has been coming to this section since 1938 and he appeared to be somewhat surprised at the intensity of the drought.

The purpose of his visit was to make a survey in an effort to determine just what can be done, that isn't already being done by the SCS to make the best of this bad situation. He, of course, is hoping that as many farmers as possible will arrange to get some sort of cover crop on their land.

Bert Badger, inspector in charge of the Big Spring office of the USDA's Division of Plant Bollworm Control, says that last January and February, even in March, he went into the fields and examined old bolls to be found there. In 50 per cent of them he found live pink bollworms that normally would have been killed by cold weather at that time of the year.

The live ones were found in dry, mature bolls. In green, immature bolls containing some moisture, he also found them, but they were dead, frozen to death.

Badger says this means there is danger of an earlier infestation this year and that he is going to maintain a mighty careful check. He doesn't remember such a carry-over of live worms through the winter, but last winter was a very mild one. Even though it allowed pink bollworms to live, many cattle would have been lost in this area if it had been severe enough to kill the worms.

His inspections to date, Badger says, reveal a few flat hoppers but also lots of beneficial insects. He says it is very important for farmers, particularly those with irrigated cotton, to be on the alert for all harmful insect infestations.

The inspector is a brother of my old friend, Marion Badger, county agent at San Angelo, and Bob Badger of Littlefield. Their father, who now lives in Austin, is the man who was entrusted with cutting up the old Yellowhouse Ranch property on the South Plains and parceling it out into what are some of the richest irrigated farms in Texas today. The old Yellowhouse Ranch was a part of the property of the fabulous Major George Littlefield of the LFD brand, who has been immortalized as a friend of the University of Texas.

The Badgers have always been pioneers in agricultural research and progressive development.

This reader is looking for a terrapin and once the animal is found it will be watched carefully to see if it is hunting shelter.

Wildlife knows when it's going to rain. A more reliable weather forecasting plan might be devised by observing the wild things than with the gadgets and maps and manipulated cycles now being used, that are often disappointing. I believe a coyote, a spider, a terrapin knows more about what kind of weather is coming than any weatherman.

Non-farmers and non-ranchers actually can't have much idea of how rough this drought and these winds have been with agricultural land, and what a dangerous situation has been created.

Many of those with non-agricultural backgrounds can go out and look the situation over and still not understand how terribly serious it is.

But clubs and other interested groups can have the full force of it brought visibly home to them if they will call Jake Hodges at the Big Spring office of the Soil Conservation Service and ask him to appear at their meetings with the color slides he and other conservationists have made in Howard and Midland Counties this year.

The Grub Liner has had a talk with Jake and he says he will be glad to have such appointments. The telephone number of the SCS office is 304. If you want some really interesting, informational and valuable insights into agricultural conditions around you, give him a call and invitation.

Martin Vavra, work unit conservationist with the Stanton office of the SCS lists six more Martin County farmers who are going to make experimental plantings of Guar if they get enough rain. Two of them, however, are going to irrigate. Bonnie White is planting three acres of irrigated Guar, and W. A. Green plans 10 acres, part of it irrigated and part dryland.

Other dryland plantings planned are Lloyd Wiggins, two acres; Orvis F. Davis, five acres; C. W. Langley, 10 acres; and George Prichard, one acre.

Offered both as a cover crop and cash crop, Guar seed is available to any farmer, regardless of whether or not he is a co-operator, from the supervisors of the Martin-Howard Soil Conservation District through the Soil Conservation Service offices at Midland, Stanton and Big Spring.

**Cross Examination**

Barry Sullivan, as the relentless D.A., questions a witness during the murder trial in "The Unknown Man." Walter Pidgeon stars in the production which plays at the State Theatre today and Monday. Ann Harding and Keefe Brasselle also play leading roles.

**Scaramouche**

Janet Leigh, Stewart, and Eleanor Parker lead the cast of Rafael Sabatini's "Scaramouche" which is headlined today and Monday at the Ritz Theatre. The Technicolor production portrays life in the 18th Century and the famous storming of the Bastille.

**The Bookie Moved**

Living in a house formerly occupied by a bookie brings many calls for the ex-tenant. Glenn Ford and Ruth Roman are in answering position in "Young Man with Ideas" showing at the Ritz beginning Tuesday. In fact, one of the calls lands Ford in jail.

**HIGHLIGHTS ON KBST**

**New Programs For The Summer Season**

A new afternoon and evening program schedule will greet KBST-ABC listeners Monday as summer program changes from the ABC network got into effect.

Recognizing the increasing popularity of western and folk music, ABC is the first major network to institute this type of programming in the afternoon.

A new quarter hour show featuring Bill Ring, nationally known western and folk music artist will be heard at 1:45 p.m. each afternoon on a Monday through Friday basis. Continuing the western theme, a new hour-long Hollywood originated show featuring Tennessee Ernie, will be aired from 2-3 p.m. Mondays through Fridays. At 3 o'clock, still in the western theme, another new feature with Cal Tinney as emcee will be initiated, followed at 3:30 by the recognized First Lady of Radio, Mary Margaret McBride, with nationally known artists of the entertainment world as guests. Rhythm Express will continue to be heard at 4 o'clock, followed by another new feature, by Ronnie Kemper piano stylings, at 4:30 p.m. Big John & Sparkie will be lengthened for the summer and will fill the 5-5:30 p.m. slot in the KBST program schedule.

Several new night-time programs will be initiated next week as well. "This Is Music," a New York originated show, will make its appearance Monday night at 7:30. The Tuesday night time-listening schedule will be brightened with a new musical program featuring the well known orchestra leader, Vincent Lopez as the "Mayor of Times Square." Another new musical program, "Postmarked U.S.A." will

be premiered at 7:00 p.m. Wednesday, featuring Jimmie Blaine. "Mr. President," a longtime favorite of KBST listeners, will be heard at the new time of 8 p.m. Wednesday, Friday night, long one of the most popular on KBST, will feature longtime favorite, "Top Guy" at 7 p.m., and will present two new features, "Newstand Theatre" at 8 p.m. and "Summer Cruise," a popular network musical, at 8:30 p.m.

"When A Girl Marries," for soap opera fans, will replace "Against The Storm" at 9:45 a.m. Mondays through Fridays. A new audience-interview type show direct from the observation tower of the Empire State Building, will make its initial appearance Monday at 10:15 a.m. and will be heard on a Monday through Friday basis.

**CONVENTIONS**  
During the Republican national convention, which begins in Chicago July 7, KBST-ABC's well-known news commentators and reporters Elmer Davis, George Sokolsky, Martin Agronsky, Pauline Frederick and Taylor Grant, will originate their regularly-scheduled news programs from Chicago. Headline Edition, KBST's roundup of on-the-spot news, assembled from ABC's news bureaus at home and abroad, also will originate during this period from Chicago.

These well-known KBST-ABC news commentators and reporters will be part of the nationally famous staff of over 40 ABC political commentators, heading a staff of well over 250 skilled personnel, who will bring KBST's comprehensive radio and television news "Gavel-to-gavel" coverage of the Republican and Democratic national conventions.

**Three Women Cause Trouble For Glenn Ford**

Glenn Ford learns about women from his wife—Ruth Roman; from a showgirl—Denise Darcel; and from a career girl—Nina Foch—in studying for a law degree in "Young Man with Ideas." The comedy opens at the Ritz Tuesday.

It is the story of a young attorney who decides to pack up and take his family to California to start life anew. Arriving in Los Angeles he rents a home just vacated by a bookie and is plagued by phone-call bets and gangsters.

While cramming for the bar exams he becomes involved with Nina Foch, a law student, and Denise Darcel, a night club singer.

In addition he gets thrown in jail and pleads and wins his own case.

"Young Man with Ideas" was directed by Mitchell Leisen and produced by William H. Wright and Gottfried Reinhardt.

**Walter Pidgeon, Ann Harding In Mystery Story**  
A cast headed by Walter Pidgeon, Ann Harding, and Barry Sullivan brings M-G-M's "The Unknown Man" to the State screen today.

As Bradley Masen, a distinguished lawyer, Walter Pidgeon twice defends a youth, Rudi Wallace in murder trials.

The first time, Masen succeeds in having Wallace, played by Keefe Brasselle, acquitted and the second time Masen loses the case. But in both instances, the jury reaches the wrong decision.

**Musical Comedy Stars Grayson, Keel, Skelton**

"Lovely to Look At," carrying a cast that includes Kathryn Grayson, Howard Keel, and Red Skelton, and featuring the songs of Jerome Kern, comes to the Ritz

theatre for three days beginning Thursday.

The Technicolor picture is based on the musical comedy "Roberta" and features 11 songs from the stage production.

Howard Keel and Kathryn Grayson, and the dancing Champions, Marge and Gower, perform together again following their performance in "Show Boat." The four sing parts of nine of the musical's songs.

Skelton, Keel, and Gower Champion lose financial backing for their Broadway show before finding that Skelton's Aunt Roberta has died

and left him half of her dress salon in Paris.

They find that Miss Grayson and Marge Champion, adopted daughters of Skelton's aunt, hold the other half of the famous salon. From their meeting, two love affairs are born and the heart of the picture comes.

Mervyn LeRoy is the director with Jack Cummings the producer.

White sauce may be made in double quantity and stored in a covered jar in the refrigerator. It

**FEATURED AT RITZ TODAY**  
**Scaramouche Has High Adventures**

Heading the week's billing at the Ritz Theatre is "Scaramouche," the man of a thousand adventures, and hero of a story of nobility during the French Revolution.

The Technicolor production stars Stewart Granger, Eleanor Parker and Janet Leigh.

Born of an unknown French nobleman, Granger lives the life of a happy-go-lucky playboy until his friend, Richard Anderson, is sought by the King's men for sedition.

He falls in love with Janet Leigh while aiding Anderson's escape in Paris.

During the escape he finds that he is the son of Count de Gavrilac and that Miss Leigh is his sister.

Granger goes into hiding after the death of Anderson and takes the name of Scaramouche in a company of actors. While with the actors, he takes fencing lessons with the idea of sometime meeting and dueling Noel, Marquis de Maynes who killed Anderson.

When finally they meet in a duel, Granger gains the upper hand but at the last moment, he cannot bring himself to kill his opponent.

The 18th Century sets range from the Versailles palace to the interior of the French National Assembly and the theaters of a traveling troupe.

The screen play as written by Ronald Millar and George Froeschel. The picture was produced by Carey Wilson.

## Bibles Collect Dust In City Church Offices

You might better check and see if the dust is gathering on the family Bible in the living room. Is it even there?

Chances are that the dust is collecting on the Bible—not in the living room—in the office of your church. If your's is there, don't feel individual, though, for the stack with your Bible it is huge.

Sunday after Sunday, janitors find Bibles and Testaments lying in the church auditorium and classrooms and take them to the church office. But, church officials report, very few of the books are ever called for.

An announcement was made in one of the churches last Sunday that 83 Bibles—68 with names—were in the office. Some had been there as long as five years. Since then 23 have been picked up but the size of the stack appears to be as large as before.

Nineteen of the books are New Testaments of which five were given by the Gideons.

Probably the most expensive Bible of the stack has a name in it and has been there over five years.

In another church, over 50 Bibles and Testaments were located scattered about the building. This total was exclusive of Bibles belonging to the church left there for teaching purposes.

Included in the 50 are two Bibles left before 1941.

They belonged to men killed in the war.

Among the Testaments in the same Protestant church was a government-issue Jewish Testament. Six of the books were given by the Gideon Band.

While in another church, two Bibles and 16 Testaments were in the church office and 10 were left in the various classrooms.

The Gideons had given seven of the Testaments found.

Only nine were found in the church office of a fourth church but the secretary noted that many were left in the classrooms.

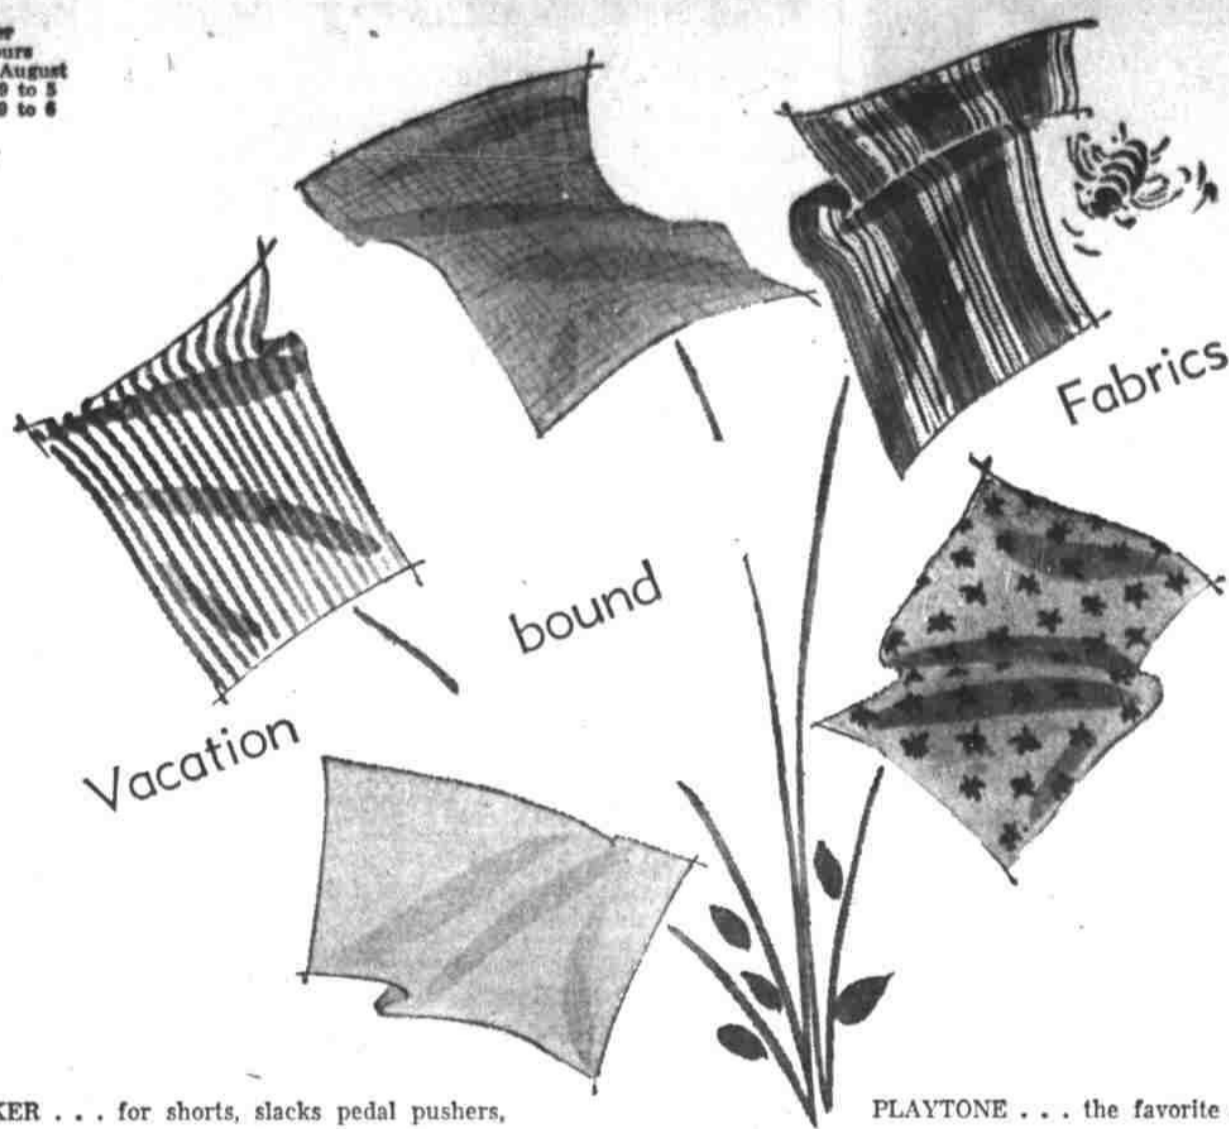

Church officials attributed part of the numbers of left Bibles and Testaments to the Vacation Bible Schools held recently.

Although the totals seem high, the stacks might be even bigger but some of the churches periodically distribute them to persons needing Bibles.

And as one church official put it, "It's comical and yet it's pathetic."

If you like a milky film over the yolks of fried eggs, spoon hot fat over them while frying, or cover the skillet with a tight-fitting cover while they are cooking.

## Plenty Of Bibles

Doris Morehead surveys the stack of Bibles left at the First Baptist Church over a period of years. Should the small stack at the left be placed atop the tall one, the height would be above six feet, six inches. Miss Morehead is a worker in the First Baptist Church. The two stacks contain 66 Bibles and Testaments.

## Plants Being Produced To Save Manpower Of Nation

By OVID A. MARTIN  
Associated Press Farm Writer  
WASHINGTON (AP)—One of the Agriculture Department's big jobs is to teach nature how to help save manpower.

Power machinery and the heavy loss of farm workers to city jobs and the armed forces is putting a special premium on breeding plants which will make harvesting tasks easier.

Breeders have developed, for example, a variety of sugar cane that sheds its leaves naturally. That does away with stripping off leaves by hand before the cane can be harvested.

Researchers are working on the problem of developing plants and

trees that will hold their fruit and seeds more firmly so they will be more suitable for mechanical harvesting.

Others are working on new methods of controlling plant diseases. Officials say the use of chemicals for this purpose is an increasing possibility. They say there is growing evidence that certain antibiotics or chemical substances can be absorbed by plant tissues.

Perhaps the biggest research job in agriculture is to keep ahead of new diseases. The best way to do this, scientists say, is to develop disease-resistant types. New diseases keep bobbing up. As a consequence, the plant breeder must be a jump ahead.

## WTCC Sets Dates For Convention

ABILENE, June 28—The 35th annual convention of the West Texas Chamber of Commerce will be held in Wichita Falls October 19, 20, and 21, President Frank H. Kelley of Colorado City announced today.

The WTCC convention program committee will be appointed shortly to plan for the largest and most constructive convention since pre-war days.

## Books Presented

Seventy-five volumes of fiction—in the "pocketbook" editions—were presented to VA Hospital patients last week by Mrs. Willie B. Carpenter, Big Spring, Carlton L. Carr, hospital special services chief, reported Friday. The books were presented to the library for distribution to patients.

## Some Stores Cash In On Free And Easy Installment Buying

By WALTER BREEDE JR.  
NEW YORK, June 28 (AP)—Some chain stores are cashing in on the free and easy installment buying made possible by the recent easing of government curbs on credit.

Dealers in major appliances, furniture, and late-model used cars report mildly gratifying results.

Easy credit, however, has not been a great spur to the nation's big department stores.

And home builders and real estate brokers are far from happy about the new and less stringent federal brakes on mortgage lending. They don't think the modification was broad enough.

That's the picture shown by an

Associated Press survey of business reaction in 15 major cities to the lifting of Regulation W and the relaxation of Regulation X.

Regulation W, which controls installment credit, was suspended May 7. Regulation X, which determines how big a down payment you must make on a new house, was liberalized June 11. The two moves were widely interpreted as an economic shot-in-the-arm for lagging sales.

How has it worked out? Opinion varies.

Manfred I. Behrens Jr., executive vice president of Ludwig Baumann & Company, big New York department store, says the effect

of the "W" suspension has been "practically zero." His store, which specializes in furniture and household goods, normally does 75 per cent of its business on an easy credit basis.

In Columbus, O., a spokesman for the Lazarus & Company department store asserts, "People are loaded with purchases from last year. Buying was not hurt when the regulation was in effect, so how can it affect us now?"

On the other hand, Milton Deutsch, vice president of the Chicago Credit Bureau, says the lifting of Regulation W has boosted the volume of credit sales in the Greater Chicago area by 20 to 25 per cent.

## Hospital Manager Plans Vacation

Dr. and Mrs. L. B. Andrew and son, Roy, will leave Wednesday on a 17-day vacation to be spent in Canada and along the U. S. West Coast.

The Andrews plan to visit Lake Louise and Banff Park in Canada and return to Big Spring by way of California. Dr. Andrew is manager of the Big Spring Veterans Administration Hospital.

Another VA Hospital staffer, Dr. Arthur L. Price, will leave Friday on vacation.

**Synopsis:** IN THE LURID, WAVERING LIGHT OF THE TORCHES PRINCE VALIANT'S DISGUISE IS SAFE, WHILE AROUND HIM SIGURD HOLEMS' CRONIES GLUT THEIR APPETITES AND DRINK DEEP WITHOUT REFRAIN! A BRUTISH SCENE! THEN THE MENSERVANTS CLEAR AWAY THE MESS AND SIGURD GIVES AN ORDER.....

..... AND A GROUP OF PRETTY YOUNG MAIDS SERVE THE MEAD AND WINE. SIGURD KEEPS HIS GUESTS IN ORDER, BUT THE FRIGHTENED WHITE-FACED GIRLS MUST LISTEN TO THEIR JIBES AND COARSE HUMOR.

PRETENDING TO BE VERY DRUNK, VAL ACCOSTS ONE OF THEM. HE SWAYS, LEERING, BUT HIS VOICE IS LOW AND CLEAR: "I AM PRINCE VALIANT. ARE YOU HERE OF YOUR OWN FREE WILL?" HE ASKS. "NO, SIRE, OH, FREE US FROM THIS HORRID PLACE!"

THIS IS THE PROOF HE NEEDS, NOW HE MUST ESCAPE. NO ONE PAYS ANY ATTENTION AS HE STAGGERS OUT INTO THE DARK. ON THREE SIDES ARE HIGH, WELL-GUARDED WALLS; ON THE FOURTH A STOUT PLATFORM JUTS OUT OVER A BLACK ABYSS. FROM ITS DEPTH COMES THE SOUND OF TUMBLING WATERS.

DAWN IS NOT FAR OFF, HE MUST FIND CONCEALMENT. CLUTCHING SOMEONE'S ARM, HE MUTTERS, SWAYING: "WHERE'S MY BED? TAKE ME TO MY BED."

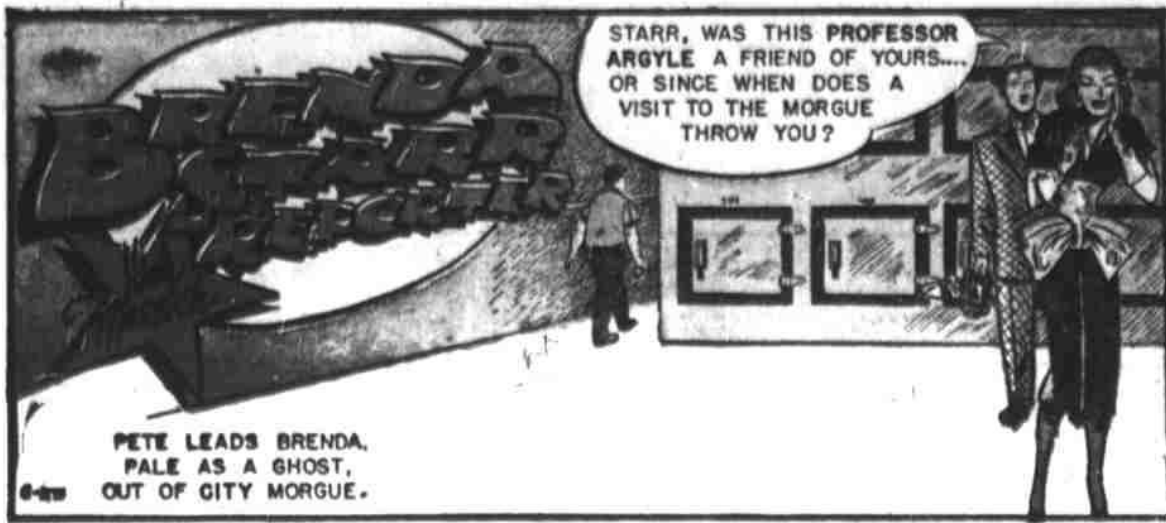

AMID LOUD LAUGHTER HE IS LED TO JARL ODER'S SLEEPING STALL. HE DRAWS THE CURTAIN.

HE HAS THE PROOF. SIGURD, DRUNK WITH POWER, HAS MADE SLAVES OF FREE PEOPLE! BUT NOW VAL IS TRAPPED! BIT BY BIT HIS DISGUISE IS FALLING OFF! AND DISCOVERY MEANS DEATH!

NEXT WEEK—Escape!

STARR, WAS THIS PROFESSOR ARGYLE A FRIEND OF YOURS... OR SINCE WHEN DOES A VISIT TO THE MORGUE THROW YOU?

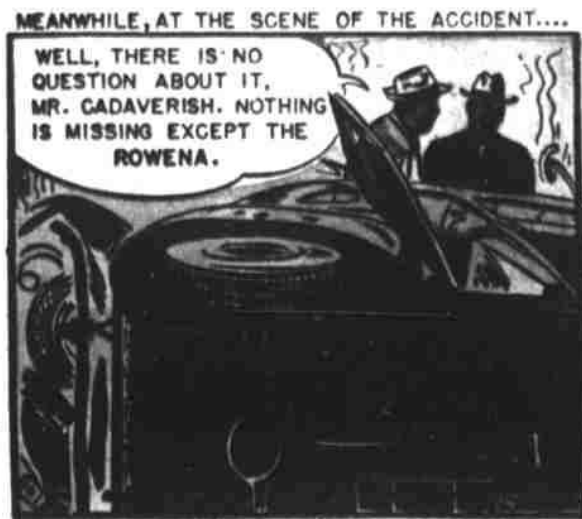

NOT GOING SOFT ON US, ARE YOU?

NO, PETE. IT'S JUST THAT... I'VE GOT TO GET BACK TO THE FLASH AND OPEN THAT PACKAGE

YOU SEE, THAT MAN, DEAD IN THERE, IS THE SAME MAN, I BELIEVE, WHO KNOCKED ME DOWN WITH HIS JALOPY, CALLED HIMSELF "RETREAD" AND SENT ME THAT MYSTERIOUS PACKAGE.

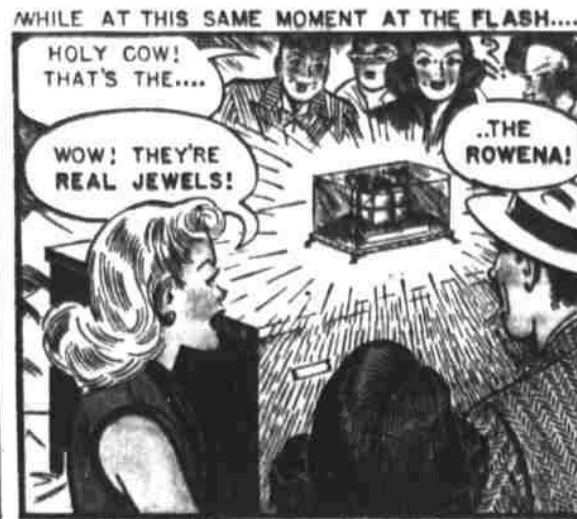

MEANWHILE, AT THE SCENE OF THE ACCIDENT...

WELL, THERE IS NO QUESTION ABOUT IT, MR. CADAVERISH. NOTHING IS MISSING EXCEPT THE ROWENA.

AND I DON'T ENVY THE THIEF WHO OPENS IT!

THIEVES, I'M AFRAID. MY DEAR CORNWALL, DO NOT BELIEVE IN THE LEGEND OF THE ROWENA.

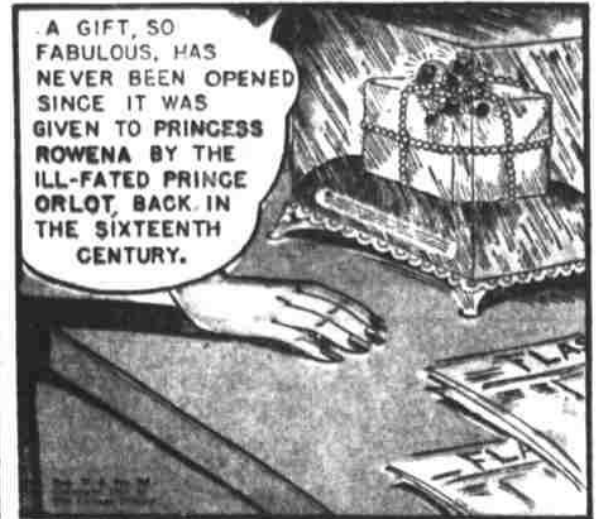

WHILE AT THIS SAME MOMENT AT THE FLASH...

HOLY COW! THAT'S THE....

WOW! THEY'RE REAL JEWELS!

...THE ROWENA!

A GIFT, SO FABULOUS, HAS NEVER BEEN OPENED SINCE IT WAS GIVEN TO PRINCESS ROWENA BY THE ILL-FATED PRINCE ORLOT, BACK IN THE SIXTEENTH CENTURY.

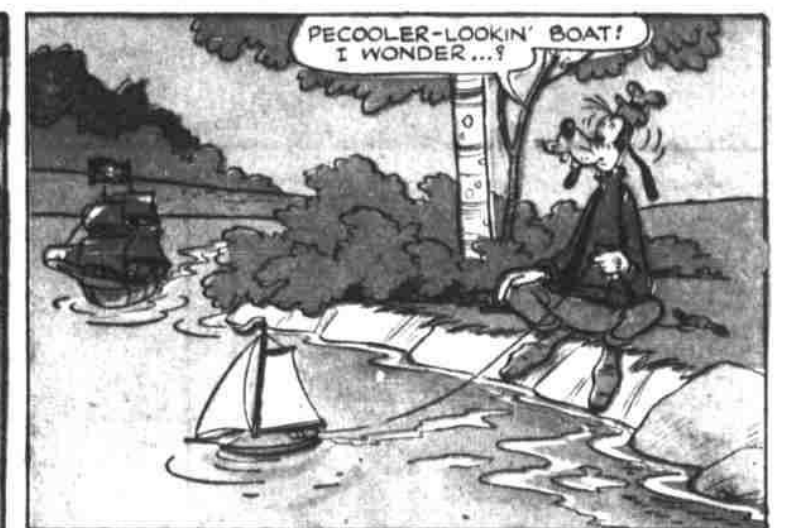

GAWDISH... WHAT A SWELL DAY FER YACHTIN'!

SO QUIET... SO PEACEFUL!

FUNNY! WHERE'D EVERYONE GO?

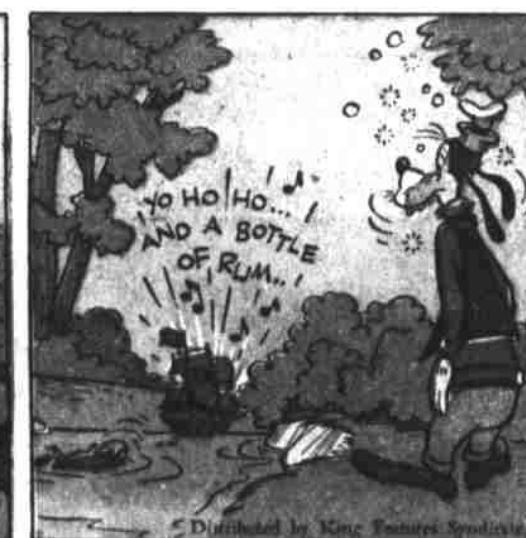

PECOLER-LOOKIN' BOAT? I WONDER...?

BROADSIDE FIRE!

AGAIN... BROADSIDE?

YO HO HO... AND A BOTTLE OF RUM!

ANYTHING YOU'D CARE TO CONFIDE IN ME, MAC?

**OZARK IKE** by RAY GOTTO

SHAKE THE SAND OUT OF YOUR SHOES AND PILE IN, GIRLS... WE'RE HEADIN' INLAND FOR OUR NEXT GAME!

AND IT AIN'T GONNA BE NO BREATHUH FER YOU 'GLAMAZONS' NEITHUH...

... 'CAUSE THEM MIGHTY 'MIDLAND MUDCATS' HAVE A FLINGUH WHO AIN'T BEEN BEATEN BY NO SEMI-PRO CLUB IN YEARS!

STRIKE THREE!

TH' MUDCATS' WIN AGAIN!

A ONE-HIT SHUTOUT FOR 'HAPPY HOWL'!

IN THE 'MUDCATS' LOCKER ROOM...

GREAT GAME 'HAP' YA OUGHTA BE HURLIN' IN TH' MAJORS!

THANKS, PAL... I USED TO THINK SO, TOO... BUT I'VE HAD MY CHANCES, AND FAILED!

... IN FACT, FOUR DIFFERENT BIG LEAGUE CLUBS HAVE LOOKED ME OVER, AND EACH ONE OF 'EM WAS EAGER TO SIGN ME... UNTIL THEY DISCOVERED MY ONE BIG WEAKNESS!

A WEAKNESS? YOU'RE KIDDIN', HAP!

I WISH I WAS, PAL...

... BUT I CAN KEEP ON SMILING AN' KEEP ON WINNING AGAINST THESE SEMI-PROS ONLY UNTIL SOME SMART BALL CLUB GETS WISE TO ME!

STAY HERE AND BE READY TO SHOOT IF THE MASKED MAN COMES OUT. I'LL GO GET THE OTHER BOYS!

GOOD THING WE GOT EXTRA GUNS!

MOOSE, YOU GET THE GUNS WE PROPPED WHILE I'M FREEIN' JOE -- THEN WE'LL TAKE CARE O' THE MASKED MAN!

IN THE JUDGE'S WIFE!

WE TOLD THE JUDGE SHE'D DIE IF WE WERE FOLLOWED!

I DON'T KNOW WHO YOU ARE, BUT I'M GRATEFUL FOR YOUR HELP.

IT'S ON YOUR SIDE, MRS. HAGER. THOSE CROOKS ARE PALS O' RED RYAN!

YOUR HUSBAND PRESIDES AT RYAN'S TRIAL IN THE MORNING. HE'S BEEN TOLD THAT YOU WILL DIE UNLESS THAT MURDERER GOES FREE.

SO THAT'S WHY I WAS ABDUCTED!

FROM HERE WE CAN WATCH THE ENTRANCE AND KEEP THE CROOKS AT A DISTANCE.

BUT WE'RE TRAPPED HERE! WE CAN'T GET OUT WHILE RYAN'S FRIENDS ARE IN THE CANYON! THEY'LL MURDER US ON SIGHT!

FIND ANOTHER BRANCH THIS SIZE. THEN WE'LL BE READY TO DEAL WITH THE MASKED MAN AN' THE JUDGE'S WIFE!

WAIT TILL THE BRUSH IS BURNING GOOD. THEN WE'LL SHOVE IT INTO THE CAVE!

THERE'S SLUGGO WITH HIS PET DUCK AGAIN

SINCE HE GOT THAT DUCK, HE JUST IGNORES ME

HI, BABY

GIVE PAPA A LI'L KISS

I'VE HAD ENOUGH-- YOU THINK MORE OF THAT BIRD THAN YOU DO OF ME

AW-- DON'T BE SILLY, NANCY

THAT DUCK IS ON YOUR MIND ALL THE TIME

OKAY---FROM NOW ON I'LL THINK ABOUT YOU INSTEAD OF THE DUCK

WHY DON'T YOU CLIP MY HEDGE--- THAT'LL HELP YOU FORGET THE DUCK FOR AWHILE

O.K.

# CAPTAIN EASY

AS THE SUN RISES THE NEXT DAY, CAPTAIN EASY AND VUENA FELICIDAD ARE IN A PLANE OVER THE ANDES

IT IS SO PEACEFUL, CAPTAIN EASY. I CANNOT BELIEVE THAT A REVOLUTION IS BREWING!

ROBERTO GONZALEZ! COULD NOT MY FATHER COME TO MEET US?

IT IS NOT SAFE, VUENA! SENOR GIMPO HAS BEEN TELLING LIES ABOUT HIM AND TWICE THE PRESIDENT HAS BEEN SHOT AT!

SENORITA FELICIDAD HAS JUST ARRIVED, AMIGO... PERHAPS SEIZING HER WOULD FORCE THE RESIGNATION OF HER FATHER, THE PRESIDENT!

PERMIT ME TO TAKE YOU TO THE PALACE IN MY CAR, SENORITA!

I WOULD NOT BE SEEN WITH YOU AFTER THE LIES YOU HAVE TOLD, SENOR GIMPO!

ROBERTO HAS TOLD ME WHAT YOU'VE DONE!

ROBERTO! HAH! I WILL PUSH HIS FACE AGAIN!

I DON'T THINK YOU WILL, MR. GIMPO!

I WILL ALSO PUSH THE FACE OF A YANKEE PIG!

HELP! POLICE!

WHEN I ADVERTISED FOR A NEW GRAND WIZER, I CERTAINLY DIDN'T EXPECT TO GET YOU!

SHUCKS, GUZ, NO REASON WHY YOU SHOULDN'T HAVE TH' BEST!

...HOW COME YOU FIRED TH' OLD GRAND WIZER?

HE JUST COULDN'T COME UP WITH A SOLUTION TO MY CURRENT PROBLEM.

OKAY, GIMME A CRACK AT IT!

OKAY...WHAT AM I GONNA DO WITH A BIG, OBNOXIOUS LUG WHO'S ALL TH' TIME DISTURBIN' MY PEACE!

CINCH! HAVE YOUR STRONG-ARM BOYS THROW 'M OUTA MOO AN' TELL 'M TO STAY OUT!

SOUNDS LIKE A GOOD IDEA...CALL TH' GUARD...WE'LL ACT ON IT AT ONCE!

ROGER!

CAPTAIN...YOUR TROOP IS AT FULL STRENGTH AN' EFFICIENCY?

RIGHT, SIR! WE'RE READY FOR ANYTHING!

GOOD! I WANT YOU TO EJECT A VERY OBJECTIONABLE CHARACTER FROM MOO!

AN' DON'T LET TH' WORD 'EJECT' FOOL YUH! HE WANTS TH' LUG THROWN OUT!

YEZZIR...WHO IS TH' PERSON AN' WHERE'LL WE FIND 'M?

YOU'LL FIND 'M RIGHT HERE... THIS'S HIM!

EH? WHUZZAT? ME?

# Last call Surfs' \$100,000 Li'l Abner Contest

"Jest tell me whut mah Daisy Mae sez 'bout Surf"

1,661 sweet prizes - good clean fun!  
**First prize \$10,000 cash**

MAIL THIS ENTRY BLANK TODAY  
 CONTEST ENDS JULY 12<sup>TH</sup>

"Yo kin think o' lots o' sweet things tsay 'bout Surf"

"LI'L ABNER" CONTEST  
 P.O. Box 322  
 NEW YORK 46, N. Y.  
 My Surf box top is enclosed.  
 Daisy Mae says: \_\_\_\_\_ (PLEASE PRINT)  
 \_\_\_\_\_  
 \_\_\_\_\_  
 NAME \_\_\_\_\_  
 ADDRESS \_\_\_\_\_  
 CITY \_\_\_\_\_ ZONE \_\_\_\_\_ STATE \_\_\_\_\_

10 SECOND PRIZES, EACH \$500 CASH  
 50 THIRD PRIZES, EACH \$100 CASH  
 PLUS 1600 DE LUXE CANNON LINEN CLOSET SETS

Each set worth \$50, each in assorted colors of pastel shades including:  
 9 Cannon Fine Quality Bath Towels  
 9 Cannon Fine Quality Face Towels  
 9 Cannon Fine Quality Wash Cloths  
 9 Cannon Guest Towels  
 4 Cannon Percale Sheets, Double Bed Size  
 4 Cannon Percale Pillow Cases

**FOLLOW THESE EASY RULES**  
 1. Read what "Li'l Abner" is saying in the 4th picture above. Then print or write plainly, in not more than 20 words, a suitable reply for Daisy Mae. Use coupon.  
 2. Mail entries to: "Li'l Abner" Contest, P.O. Box 322, New York 46, N. Y. Entries must be postmarked not later than July 12, 1952. Send as many entries as you wish. Include with each entry a box top from any size package of Surf. Each entry must be the original work of contestant submitted in own name.  
 3. Entries judged by The Reuben H. Donnelly Corporation on the basis of originality, interest and aptness. Judges' decisions final.  
 4. Contest is confined to the continental United States, Hawaii and Alaska.  
 5. Prize winners' lists available about August 15 to those enclosing self-addressed envelope.  
 NOTE: This is all you need to know to compete. Detailed rules included on blanks available through grocers.

**YOU MIGHT SAY SOMETHING LIKE THIS:** "It is wonderful--there is just nothing like it! Surf gets clothes really sweet clean... makes every washing job easier." Or, "Surf is amazing! It gets out the hidden dirt, soap scum and odor that other products leave in!"

**GOOD WAY TO GET IDEAS.** Make the Linen Closet Test. Do a wash with Surf--and compare the sweet-clean smell of your Surf wash with anything in your linen closet washed with any other product.

# GRIN <sup>and</sup> BEAR IT

"I strongly resent jokes not listed in our catalogue!"

"Is on spot, comrade manager... comrade barflies keep demanding house set up drinks for toasting glorious leader..."

"It could be worse, Fignewton... remember, somebody's daughter is eagerly lapping up all that nonsense..."

"Testing... in the glorious tradition of the founding fathers We stand on the threshold of destiny... as pure as the honor of American womanhood... testing..."

MISTER RUGGLES, IF YOU WANT TO APPEAL THE VERDICT OF THE BOARD, YOU'LL--

YOU'RE BLAMED RIGHT I WANT TO APPEAL IT! YOU CAN'T PASS SENTENCE WITHOUT HEARING THE DEFENSE!

WHAT DEFENSE, SIR! ON THE BOY'S BEHALF YOU ADMITTED TO THE CHARGE OF WILFUL AND INTENTIONAL MURDER. THERE CAN BE NO DEFENSE!!

MAJOR, IT HAPPENS THE KID HAD A COUPLE OF REASONS! WE'LL CHANGE OUR PLEA TO NOT GUILTY BY WAY OF REASON!

MARSHAL RUGGLES, WE'VE BEEN VERY PATIENT WITH YOU! THE VERDICT MUST STAND!

CORPORAL, TAKE THE PRISONER AWAY!

HOLD IT NOW, CASE!!

CARSON... WHERE- IN-BLAZES-IS-ED-GILBERT...

WHAT HAPPENED TO ED GILBERT?!

STAGE BROKE DOWN... I WAS DUE IN MONTEREY AT TEN THIS MORNING!

YOU'RE WAY LATE, MISTER, BUT HOP ABOARD...!

## TARZAN

By Edgar Rice Burroughs

LATER, AT DUSK, THE APE-MAN WAS SURPRISED BY THE FAINT SPOOR OF MAN. PEERING THROUGH THE BUSH, HE SAW A CRUDE NATIVE VILLAGE.

HE APPROACHED CAUTIOUSLY, TO INVESTIGATE, AND FOUND THE STREET DESERTED-- BUT THEN, A SHADOWY FIGURE DARTED TOWARD A DISTANT BUILDING!

WITH CAT-LIKE STEALTH, TARZAN JUMPED THE MAN FROM BEHIND. "WHAT IS GOING ON?" HE GROWLED. "WHY DOES EVERYONE HIDE?"

TREMBLING, THE NATIVE LED THE JUNGLE LORD TO THE LARGEST HUT. "IN THERE," HE WHISPERED. "PERHAPS WAMBA CAN HELP YOU"

TARZAN ENTERED A SMOKY, STENCH-FILLED ROOM. A SHRIVELED OLD WITCH DOCTOR REGARDED HIM THROUGH STARING EYES. "WHAT ARE YOU DOING HERE, WHITE MAN-- IN THE LAND OF THE LIVING DEAD?"

BY CHAS. KUHN

H-M!! SUGAR, FLAVORING EXTRACTS, FLOUR -- BETCHA YOU'RE GONNA BAKE A CAKE, GRANDMA!!

GROCERY

YEAH, IT'S FOR TH' ANNUAL CAKE CONTEST!! I'VE WON FIRST PRIZE FOR TH' LAST FIVE YEARS!

GEE, DO YOU CARE IF I WATCH YA WHIP UP A PRIZE WINNER, GRANDMA?

FIRST, SET OUT ALL O' YOUR INGREDIENTS --

CREAM YOUR BUTTER AN' SUGAR WELL --

YA SEE, I LET TH' OVEN HEAT WHILE TH' CAKE IS BEIN' MIXED --

THEN, AFTER IT STARTS T' BAKE JUST CROSS YOUR FINGERS AN' HOPE FOR TH' BEST!!

SHUCKS, GRANDMA, THAT LOOKS EASY! BELIEVE I'LL GO HOME, BAKE A CAKE AN' ENTER TH' CONTEST, MYSELF!!

SEE YA OVER BY TH' JUDGES' STAND, GRANDMA!!

FIRST, LAY OUT EVERYTHING THEN MIX WELL AN' --

# ANNIE ROONEY

GEE, DORIS -- AIN'T VISITIN' MRS. WEBBLYS HOUSE GRAND-AN' AIN'T MRS. WEBBLY SWELL?

SHE'S WONDERFUL AND HER HOME IS WONDERFUL -- A HOME MADE GARDEN OF PARADISE --

AN' IT'S GOT A WISHIN' WELL -- BUT I FEEL SO HAPPY I CAN'T THINK OF ANYTHING I WANNA WISH FOR --

MRS. WEBBLY SEZ IT DEPENDS ON WHAT YOU WISH FOR -- IF YOU WISH FOR ANYTHING YOU DON'T NEED, YOU WON'T GET YOUR WISH -- BUT IF YOU WISH FOR A NICE CUP OF COLD, SPARKLING WATER, YOU'LL GET A WHOLE BUCKETFUL!

I NEVER GET SPRING FEVER, BUT WHEN JUNE COMES I ALWAYS GET JUNE FEVER --

"JUNE FEVER" WHAT'S THAT???

WELL, WHEN JUNE COMES I GET A LOVELY, LOAFIN', LAZY JUNE-E-E FEELIN' -- AN' I'M SO BUSY BEIN' HAPPY I STOP THINKIN' --

BUT ISN'T THAT WASTING TIME?

I DON'T KNOW MUCH ABOUT TIME. SOME FOLKS SAY TIME FLIES -- SOME SAY TIME MARCHES ON -- I ONLY KNOW TIME PASSES BY AN' I'M TOO LAZY TO WORRY 'BOUT TIME OR ANYTHING --

'CAUSE WHEN I GET THAT JUNE-E-E FEELIN', I DON'T COUNT THE DAYS OR THE HOURS 'CAUSE THAT'S FATHER TIME'S JOB -- AN' HE'S AN AWFUL GOOD BOOKKEEPER!

JARRELL McCLURE

# RUSTY RILEY

GET UP TOPSIDE LIVELY, FOLKS, TO YOUR BOAT STATIONS... THE SKIPPER'S ORDERED ALL HANDS TO PREPARE TO ABANDON SHIP!

GO ON, BOYS! GET ON THEM LIFE PRESERVERS. OUR BOAT IS NUMBER FOUR ON THE PORT SIDE. I'LL JOIN YOU IN A MINUTE!

JEEPERS! WE MUST BE GOIN' TO HIT THOSE ROCKS!

CAPTAIN!...WHAT ABOUT THEM HORSES? COOPED UP IN THE HOLD, THEY AIN'T GOT A CHANCE! CAN'T WE...

I GIVE THE ORDERS ON THIS SHIP! GET TO YOUR BOAT! I'VE GOT NO TIME TO ARGUE!

ONLY US FOUR SPOSED TO BE IN THIS BOAT, CLEM?

CAP'N'S ORDERS! LAY TO YOUR OARS AN' SAVE YOUR BREATH...WE GOT TO BE CLEAR O' THAT TUB IF SHE FOUNDER!

WELL, WE DID IT! WHERE DO YOU S'POSE THE REST OF 'EM ARE?

I SAW THE CAPTAIN AND BLACKIE KIRK IN THE SHIP'S LAUNCH, WITH MOST OF THE CREW... THEY PROBABLY HEADED FOR THE MAINLAND!

JEEPERS! THE SHIP'S RIGHT ABOUT WHERE WE LEFT HER! SHE'S LISTING BADLY, BUT SHE DIDN'T HIT THE ROCKS!

NOPE...SHE'S RUN AGROUND ON A SANDBAR...MUST'VE BEEN HIGH TIDE WHEN WE ABANDONED SHIP... NOW IT'S EBBIN'!

HEY, RUSTY, I THINK THE TIDE'S STILL GOING OUT!

LOOK! THE BREAKERS ARE A LONG WAY OUT...THAT MEANS SHALLOW WATER!

MR. PURDY, THERE'S SOMETHING FISHY ABOUT THIS HERE BUSINESS... ANY MASTER WORTHY OF HIS PAPERS SHOULD'VE STEERED A COURSE FOR OPEN WATER IN THAT KIND O' DIRTY WEATHER!

THAT AIN'T ALL, CLEM... I HAVE REASON TO BELIEVE THAT KIRK FOULED UP THE RADIO SO NO S.O.S. COULD BE SENT OUT!
