### FREYSLAG INSURANCE WEATHER REPORT

Partly cloudy and warmer Sunday with the high expected between 65 and 75.

WAY TO GO....

THE ONLY WAY TO TRAVEL - - So comes the reply from Myrtle Wesson pictured on her three wheel bicycle with all safety measures taken care of. Also from the looks of things Mrs. Wesson may just be in the process of starting a trip on her bicycle, by the way she has camping gear strung on back. The only way to travel is also very cheap to operate.

## Opening Night For Family Portrait Almost Here

Opening night is almost here; the cast, stage crew, director and other ECT members invite you to see their production of the three-act play "Family Portrait" by Lenore Coffey and William Joyce Cowen.

Thursday, March 14, at 8 p.m. is the time to remember; that is the opening moment. If you want to be among the gala crowd for opening night or for

any other performance call 629-1141 for reservations.

Reservations will be accepted after 2 p.m. March 10, and will continue to be accepted through the week until the last performance - the Sunday, March 12, 2 p.m. matinee - is sold out.

Your choices of performances are as follows: Thursday, March 14; Friday, March 15; Saturday, March 16 - all at 8 p.m.; Sunday, March 17 - 2 p.m. Matinee.

This marvelously timeless, relevant play is not to be missed so pick the performance - or better yet, performances - you want to attend and call for reservations.

All tickets are \$1.50. Performances will be in Bell Hurst Playhouse.

ECT production of "Family Portrait" will open Thursday, March 14, at the ECT Theater.

The stage crew for this production is quite a talented group. Mrs. Jack Germany, Mrs. Don Pierson, and Mrs. Tom Wilson, as the costume committee, have the difficult task of creating costumes which are not Biblical, not

symbolic, and not representative of the present or any specific period. During the past week they have looked through the costume trunks at the theater and have begun planning how to adapt available costumes as well as how new costumes can be made. Mrs. Pierson also plays

### Hammers To Mark 50th

Mr. and Mrs. Ben Hamner will observe their 50th wedding anniversary on March 10, with an open house for their friends and relatives at the Women's Club House from 3 to 5 p.m.

The Hammers have spent their entire married life in Eastland except for a short period of time spent in Stamford in 1929. Mr. Hamner was owner of funeral homes in Eastland, Cisco and Carbon, selling the last one in 1965 and since has been interested in real estate and other investments.

Both Mr. and Mrs. Hamner are active in civic and religious organizations.

Reba, sister-in-law of Jesus. Mrs. Virgil T. Seaberry, Jr. is properties manager and is borrowing, buying and supervising the building of properties. ECT is fortunate to own a variety of properties, but each production requires the addition of more and different props to the collection.

Mrs. Ralph Stevens is the right arm of the director in her duties as stage manager. She is responsible for, among other things, sound effects, cues, a constant eye on the script, walking through parts, and notifying actors of rehearsal times.

Dan Childress and Bill Dreinhofer are stage carpenters. These gentlemen build the sets and properties and make adjustments and repairs when necessary.

### FULLEN MOTOR CO. Laugh A Day

From the Blade (Eureka, S.D.): "Nothing prompts the payment of an old dentist bill like a new toothache."

## TIDBITS By HVO

FIRST DAY of Spring just 10 days away... will there be a freeze? THAT'S A BIG QUESTION RIGHT NOW. Some say yes, others wonder. Scouts report that the mesquite trees aren't budded out yet... There's one thing for sure - there are a lot of nice garden plots all nicely laid out all over town. You'll see carefully manicured plots just about on every street.

CURTAIN TIME at Eastland Community Theatre Thursday. We'll all need to make our reservations quick. Is't it amazing how these folks (a cast of 29) can find time to put on such a production. Mrs. Russell and all her helpers and the cast are to be congratulated for the pleasure they bring to Eastland. And too, how many towns do you know of with this kind of bonus attraction. We don't tell these folks we appreciate their work, often enough. Best way to do so, is to make a reservation, buy a ticket and help fill the house everytime the play runs. That's what actors like - a full house. You'll find they work their hearts out when there's no empty seats. This play especially is timely, we'd guess, judging from we've read about it. See you there.

MORE, MORE big days ahead - at a meeting of the Chamber of Commerce Retail Committee Friday it was agreed by local merchants that the recent two-day DOLLAR DAY event was a very successful event. So more of the same are planned.

CLEAN UP will be the theme for the April Dollar Day event - paint and the like will be among the offering. Three big days are planned, count 'em April 4, 5 and 6. Three days are set for May - May 2, 3 and 4, and in June the days will be June 3 and 4. And in July there's a double bonus - Dollar Days on the 5th and 6th, and then a gigantic Sidewalk Sale set for July 18, 19 and 20th. There's always something going on in Eastland. You're welcome any day - you'll like it here.

THE FOLKS over at Centennial Memorial Library tell us that they could use any foreign language dictionaries. They're getting many requests, and surely many have old college texts that could be put to good use at the library.

HEARD THE one about the middle-aged man told by his barber that he'd acquired a few grey hairs, hurriedly assured the barber that'd they hadn't come from streaking... Looks as though streaking stories may soon outdistance Aggie jokes.

"FAMILY PORTRAIT" - - Top row left to right: James Wortman, Don Nicholas, Jace Staggs, John Russell, Myrna Dabney, Richard Rossander, Ralph Underwood, Johnny Paul Grimes. Second Row left to right: Cindy Millican, Bernice Stephen, Marilyn Pierson, Bess Thurman, Annette Pierson. Bottom Row left to right: Angela Griffin, Mark Mitchell.

First Row: John Nevill, James Reid, Marjorie Courtney, Phil Sanders, Emory Walton. Second row: Roy Don Grisham, Sue Grimes, Tanie Sanders, Sue Bakker, Frances Dreinhofer, Steve Johnson. Bottom: Jody Bakker. (Entire cast with exception of Dan Childress).

THE MAN'S STORE Bob Elliott CISCO

# Gordon Spot

Congratulations 4 - Hers - especially to Theresa and Neil Scott of Rising Star. Winning Grand Champion Steer honors at Houston is an accomplishment that few ever experience. But selling that champion for \$40,000.00 is something that no one has ever accomplished in Texas. As you already know Theresa's Maine - Anjou cross bred calf was champion at the Houston Livestock Show and sold for the record prize.

Neil is due some attention too. Winning breed champion, as he did with his Simmental calf, is no small accomplishment. Some sideline judges thought his calf was just as good as Theresa's calf.

Others that did well at Houston were Danny Burgess, Revise and Randy Laminack of Gorman; and Clint Tucker of Carbon.

Congratulations also should go to Revise and Ken Hounsel of Rising Star for catching calves at the stock show calf scramble. They will get \$225.00 each to go toward the purchase of a registered beef heifer.

Milton Kellner, Assistant Extension Agent, deserves a big thanks for his work with the 4 - H youth and their livestock projects. He supervises 4 - H members who have agriculture and related projects.

The 4 - H members over the county would like to thank area citizens for their support in the chocolate candy sale. They report that people have been very receptive to efforts to raise money for a state 4 - H center.

Livestock men are very concerned over the increase of predator animals in the county. Some have asked why Eastland County is not receiving supplies and training in the use of predator control devices.

A research project is now underway which is being sponsored by the Predator Animal Control Service, the Texas Department of Agriculture, the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service. Forty - four counties were selected in Texas for this research project. Eastland County was not one of those 44 counties. The Extension Service was asked to conduct

training sessions, but had nothing to do with the selection of the 44 counties. Efforts are being made in this county as well as surrounding counties to solve this growing problem. We hope this research will lead to a method of proper control throughout the state.

A good set of peaches or plums from the trees is not a certainty. For, insects can damage the fruit or even wipe out the crop if not controlled.

Insect control on fruit trees is largely a preventive program. Once the insects begin to cause damage, little can be done to rid the fruit of the pests and prevent further damage. Most of the common fruit damaging insects begin their activity and reproduction during the first 30

- 45 days after the trees begin to bloom. Therefore, insecticides applied during this early period will control the insects which damage the fruit later in the season.

Homeowners with a few trees are advised to follow a preventive spray program. Malathion or Methoxychlor, either in the wettable powder or emulsible concentrate forms, are effective. They are not hazardous when used as directed and will not leave a residue.

We recommend four spray applications, timed to coincide with bloom and fruit formation. The first or petal fall spray should be applied when about three fourths of the blossom petals have fallen. The second or shuck split spray should be made in about 10 days. The third or cover spray should follow the third application in 14 to 21 days.

Should later infestations become damaging, a spray containing carbaryl (Sevin)

## Comments From Austin

Rep. Joe C. Hanna As the energy situation gets worse, it might be helpful to repeat the agricultural position as to fuel.

Agricultural production has been assigned highest priority at 100 percent of current requirements for propane, butane, motor gasoline, middle distillates and aviation fuel.

Agricultural production includes commercial farming, dairy, poultry, livestock, horticulture, forestry, and fishing activities and services directly related to the planting, cultivation, harvesting, processing, and distribution of fiber, timber, tobacco, and food intended for human consumption. While agricultural producers are entitled to all the fuel they need, they must certify to their supplier that they do have an energy conservation program in effect. In addition, most oil companies will require that the individual farmer's or rancher's fuel needs be certified.

The most effective way to certify your needs would be to present to your supplier a completed FEO (Federal Energy Office) Form 17. This form can be obtained from the

ASCS office. If anyone in agriculture is having problems obtaining fuel, he should contact Regional Federal Energy Office, Dallas, Texas, phone 214 - 749 - 7632 or Texas Railroad Commission, phone 512 - 475 - 3354.

## Methodist Women Met Tuesday

The United Methodist Women met Tuesday morning at 9:30 in the Marthas Dorcas Room with the president Mrs. Richard Britt presiding. Fifteen members and the pastor attended.

Rev. Ben Marney started the Bible study of Paul's pastoral letters which include First and Second Timothy, Titus and Philemon. He explained that pastoral letters were those written to different individuals as a pastor would, for instruction and exhortation. The early church was plagued by sects that claimed to be the true Church. The leaders of emanations, heresies, and gnostics rationalized that their interpretations sprang from the true church. Paul's letter to Timothy instructed him how to deal with these problems.

Next Tuesday Rev. Marney will continue the study of First and second Timothy. Those present will be invited to read and comment on a paragraph or portion of the letters that especially appeal to them. Visitors are welcomed to come and participate.
