## Eastland Echoes

**By Casey**

Thought for Today: "If our Air Forces are never used, they have achieved their finest goal."—AF Chief of Staff Nathan F. Twining.

The lot which goes into a livestock show. Only those who have been connected definitely with such affairs realize it, perhaps, but it takes planning, work, money and co-operation to put a creditable show over. To the casual observer—there it is, and it's interesting. But to those behind the scenes, it's much more than that. It is the result of a variety of constructive effort spearheaded by the County Livestock Raisers Association, as well as money-support from the businessfolk—and such teamwork as that of the parade-sponsoring County Sheriff's posse, the county agents' department and various other interested units and individuals. So, to the association, the posse and all connected with the weekend stock show—and to the exhibitors and backers—go our thanks and congratulations for a worth-while county enterprise.

Eastland is believed to have a good chance of being selected as location of the district office of the YMCA, local Y authorities declare.

Two Y representatives—S. J. Schreiner of Dallas, Southwest area secretary, and Dist. Supervisor John Kennedy, who comes to the position from Atlanta, Ga.—were here this week in connection with a location survey.

The district office has been at Plainview, with Col. Dan C. Pitt Jr. in charge, but since Plainview has a full-time secretary, and Col. Pitt has been promoted to a Dallas position, district headquarters will be in a well-located town without such a service. Thus Eastland comes in for consideration.

Col. Pitt has had much complimentary to say about co-operation with the Y movement.

A luncheon conference in the home of Mr. and Mrs. Horace Horton was held by Mrs. Schreiner and Kennedy and Tom Wilson, Hubert Westfall, Y President, Steve Potts, immediate past President, Mrs. Arthur Murrell and Mr. and Mrs. Horton. Chamber of Commerce Secretary H. J. Tanner was invited but was busy with another commitment.

The visitors were taken over town on a sight-seeing tour and met and talked with School Supt. Wendell Siebert.

A plan of having a Y committee in each of the Tri-Cities—Eastland, Cisco and Ranger—so that they could hold combined meetings for a conference with Kennedy was discussed and is being considered. This would be a great time-saver, it was explained.

Mr. Kennedy will return to Eastland April 9 for a meeting regarding the local Y summer program.

## Pres. And Supt. Of Show Pleased With Quantity And Quality

### Magnolia's Improvements Are Announced

Improvements in Magnolia Petroleum Company's regular grade gasoline, now being introduced, make it possible for millions of cars that have required premium fuels to use this new regular grade gasoline. This announcement was made yesterday by G. L. Tate, Dallas, vice president in charge of marketing.

Mr. Tate stated that Magnolia's regular grade gasoline has been improved in two ways: 1. Its octane has been raised to that of premium grade fuels of only a few years ago. 2. An effective combination of chemical additives, known as MC-4, has been put into both grades of gasoline to boost engine power and efficiency, improve performance and deliver more miles per gallon. The 1956 Eastland County Livestock Show held Friday and Saturday, was characterized by Boyd Hilley, County Livestock Raisers Association president, and Show Supt. C. M. McCain, as "one of our biggest."

Supt. McCain approximated the entries as follows: 163 fat lambs, 100 fat barrows, 28 fat steers, 20 breeding cattle, 30 breeding hogs, 40 breeding sheep and 30 breeding goats.

"In the 4-H and FFA divisions," said Mr. McCain, "every school in the county is represented and there was one entry from Strawn," in Palo Pinto County.

Association President Hilley, summing up the show, said:

"Besides being one of the biggest, its quality is better, in some divisions, such as hogs and sheep, particularly. Business folk have supported the show fine, providing about \$1,500 in prizes."

The animals, nearly 450 in number, were in their lots at the association barn in Eastland by late Friday morning. Throughout the day and well into the evening, with the exception of mid-afternoon Sheriff's Posse-sponsored parade, showgoers from over this and adjacent counties filed through the show area inspecting the variety of entries.

Giving life and color to the affair, there was fiddle-band music by the Country Playboys from Gorman and DeLeon—V. O. Huff and Alvin Frasier, both of Gorman, and Gale Broughton and Herman Horton, both of DeLeon.

Saturday was given over to the judging schedule, 8:30 a.m. to 3 p.m. The list of awards will be available for announcement in the Telegram's next issue.

Supt. McCain and Assistant Supt. Bob Pressley stated that they had had fine co-operation all along the line.

At 6 p.m. Tuesday will be the concluding chapter in the affair—the annual sale, which is to be held at Sig Faircloth's Auction Barn in Eastland.

### Country Echoes Mrs. Bill Tucker

Smiling pansy faces in a neighbor's window box, or perhaps we should say, porch box—a bed of scarlet tulips proclaiming to the world the approach of spring—and yellow daffodils against a background of blue painted picket fence, and you would guess immediately: Mr. Henry Capers' place. We enjoy his yard very much as we pass by on our way each time.

The guineas marching across the road who chatter at each passerby and the geese resting on one foot on the bank of a pond would instantly identify the home of Mrs. Eula Caldwell, with whom we have waving acquaintance. Haven't gotten around to a visit with her yet.

These are some of the things that one notices and are of interest from the rural point of view.

Mrs. Finley of Carbon visited Thursday in the Elbert Lassiter home.

We did not find Mrs. Steele at home — so we visited with the Lassiters, instead.

We made the usual Sunday trip back to Cheney, this time to see the aged uncle, John Tucker, who has been poorly a week, and a doctor was called in for a check-up. His condition was not thought to be serious.

Mrs. J. P. Strickler is making a several-day visit at Carbon with her daughter, Mrs. Hollis Snell and Mr. Snell.

Oscar Melton from Sweetwater visited over the week-end with his brother, Lonzo Melton, who is recuperating from six weeks' hospital illness.

D. W. (Slim) Blackwell of

Odessa was a Sunday morning church visitor recently. He was on his way to Strawn to a birthday celebration of a relative which is an annual affair. He was accompanied to Strawn by Mrs. Maggie Lemley and her daughter, mother and sister of Mrs. Blackwell who could not attend.

Mr. and Mrs. Kenneth Brown and child visited his grandmother, Mrs. Ewing, in Dublin, following church services recently.

The Alton Perrins returned to Odessa after visiting his parents, Mr. and Mrs. Henry Perrin.

Mrs. Lee Yancey was able to be out to church following an absence due to illness. Betty Jean Yancey was present, also.

The Ernest Broomes, Mrs. Bud Lay and her mother, Mrs. Huddleston, attended the singing in Gorman and reported a fine program and good attendance.

The Henry Deys were not home when we paid them a call.

—Mr. and Mrs. Harry E. Wood have as their Easter visitors their daughter and son-in-law, Mr. and Mrs. Wallace M. Parker, and daughters, Trice Ann and Penny Lynn, of Denton.

these chemical additives clean carburetors.

Only major difference in Magnolia's two grades of gasoline is octane ratings which Mr. Tate defines as "the ability of a gasoline to perform without knocks or pings in an engine." He emphasized that those who drive a late model car with a high compression engine will find that their needs need the higher octane gaso-

line to prevent harmful engine knock.

"If your car is one of the seven out of ten which will get top performance with this new gasoline, save the difference," he said. To help car owners select the correct grade of gasoline for their cars, Magnolia engineers, for the second year, have prepared a gasoline guide based on engineers' specifications.

More than 6,000 dealers and wholesale bulk plant operators in five Southwestern states, covered by Magnolia's marketing area, recently attended meetings to learn

about product improvements in the new gasoline.

AROUND the TOWN

By Fay

All the college students are home for the Easter holidays—and what have you—We ran the list when they left for college in the fall and when they came home for Christmas and we know all of them are going and that they are all home for this glorious Easter season! Orchids to First Methodist Church for entertaining for its college youth at the parsonage following services Sunday night. . . Orchids to Eastland Memorial Hospital Auxiliary for the tentative projects for the coming year—they sound truly worthwhile—muslin sacks for hot water bottles to be made by a sewing committee, a committee to visit hospital patients without local families, a junior girls training course program for teen-agers, keeping a record in snapshots of the progress of the grounds program for the next year, planting pampas grass on the east side of the hospital and also irises to help hold the slope. Also, the executive committee will host an open house membership drive tea at the home of the president, Mrs. Samuel Butler, in a month or so; in recognition of "Hospital Week," the week of May 9, a hospitality tea for families of patients will be held, and an open house reception is to be held at the hospital observing the hospital's anniversary which is June 12. . . All these events were planned at an executive board meeting Friday morning at the home of the president, Mrs. Butler, attended by Mrs. Ben Hamner, immediate past president; Mrs. Dudley L. Houle, first vice president; Mrs. H. T. Weaver, second vice president; Mrs. Jack Frost, secretary; Mrs. H. B. MacMoy, treasurer; Mrs. T. M. Fullen, hospital grounds, and this writer, publicity. Mrs. L. E. McGraw, historian, and Mrs. Grace Reed, superintendent of the hospital, were the only members of the board absent. So that all women of the community might belong to the Auxiliary, the board voted to make the dues 50 cents instead of a \$1.

Mrs. Perkins is an outstanding civic and cultural leader in the state. She has a wide acquaintance in Texas and is consequently in demand as a speaker, not only in this state but over the nation.

Miss Mollie Orer was brought home here Thursday from the hospital in Ranger where she has been a patient for several months. Mrs. Ethel Tidwell is staying with her.

Mr. and Mrs. Harold Maddux and children, Richard and Nancy Mae, and her boyfriend, Marvin Owens of DeLeon, visited Mrs. Ethel Keith Sunday.

Mrs. Lora Abel and Mrs. Stella Joiner were in Fort Worth Saturday, along with Mrs. Roberts Mears of DeLeon.

Mrs. Ethel Keith brought her mother, Mrs. N. S. Partain, to her home here this week, after she had spent a week in the Gorman hospital.

Mr. and Mrs. Eben Ray of Burns, Oregon, spent several days with the Howard Williams family. Mr. and Mrs. Ray are the in-laws of Calvin Williams. Mr. and Mrs. Howard Williams went to South Texas with the Rays. Their first stop was at San Antonio. They took the Rays through the Alamo; also drove to Alice, where they spent the night with L. L. Williams and family. Next day they went to New Mexico, joined by the L. L. Williamses. This was the Rays' first visit to Texas and Mexico. They really like the Valley. Mrs. Ray said she would like to make her home at McAllen. They drove over Falcon Dam which was built by Mexico and Texas. They went to Brownsville from there. They also went to the beach at Corpus Christi and over to Padre Island.

Several school children have been confined to their homes with mumps.

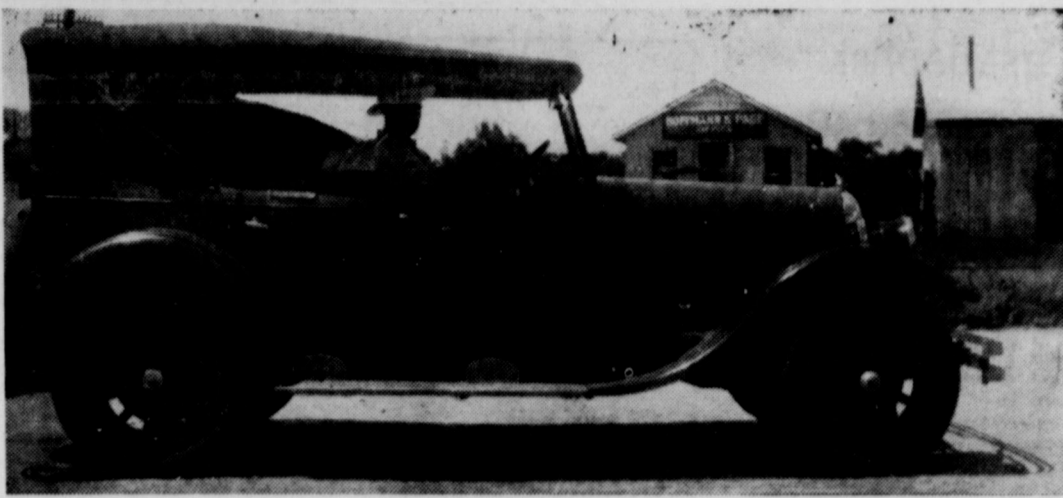

Mrs. Ethel Keith made a trip to Dublin and moved her mother, Mrs. N. S. Partain, to the Gorman Hospital.

Mrs. Ethel May was called to Gainesville lately to be at the bedside of her granddaughter, the oldest daughter of Mr. and Mrs. Erney Key, who has been quite ill with pneumonia.

Mr. and Mrs. Bennie Tate of Lingleville spent a recent Sunday in the Gordon Tate home.

Mr. and Mrs. L. V. Luckner and son, Jimmy, of Graham were visitors with her parents, Mr. and Mrs. Roy Northcutt.

Mr. and Mrs. R. H. Abel spent a day recently in Turnersville visiting old friends.

The young man in this picture is about to take off on a hunting trip to the Davis Mountains. Notice his bed roll in the back seat.

And to make sure that he will have no tire trouble he has just bought two rear Seiberling All Tread tires from the Jim Horton Tire Service. Even in this dim picture you can notice how much more husky those two back tires look over the front "equipment" tires. This has always been the case with Seiberling Tires. Six for size you will find them heavier built and more husky in appearance

(and also in service) than most other brands of tires that you have to pay even more money for.

This picture was taken about 30 years ago and shows what was then the last word in "touring car" construction. A Chrysler 70. A pretty good looking job even by today's standards. Today this type of car is called a "convertible".

The young man in this picture still lives in Eastland and is still using Seiberling tires on his present car. Jim Horton will give five gallons of that good Premier gasoline for free to the first person to correctly identify him.

Paul Arnold of Midland visited his parents on his way to Dallas for a short course pertaining to his work at Midland. From Dallas, the group of men will be flown to Opelousas, La.

Lt. Bobbie Burselson of Oklahoma was a visitor with local relatives.

Mrs. Odessa Abernathy went to Fort Worth with her daughter, Mrs. Billy Shipman, of Fort Worth, and spent a few days there.

Mr. and Mrs. Junior Moore of Fort Worth visited Mr. and Mrs. Hyson Echols and Mr. and Mrs. Floyd Moore, their parents.

Mr. and Mrs. Albert Clark and children of Odessa visited friends and relatives here.

### Color in Plant Leaves Adds to Garden Beauty

Texture and color of foliage are important factors in ornamental gardening. Many annual flowers with brightly colored leaves can be used with pleasing effects in flower beds and borders. Tall plants are useful to screen out undesirable views, and bushy plants serve well to fill up shady corners.

Largest of the foliage plants that grow quickly from seed is the castor bean. Varieties of this grow from 6 to 12 feet tall. Their large leaves of bronzy green with red or purple veins will fill the same space as a large shrub or small tree. They will serve well to test the effect of such a plant in the landscape you are planning.

In the leaves of amaranthus tricolor (Joseph's coat) scarlet, gold, bronze and green are attractively combined. It makes a bush 2 1/2 feet tall, which contributes its bright colors to the garden picture all summer.

Coleus, a favorite of our grandmothers, can be grown from seed in a variety of brilliant colors. It does well in the sun or light shade and is excellent for planting boxes which do not get the southern sun.

Flowering kale, a member of the cabbage family, becomes a colorful subject in the fall. Its dark green leaves develop colorful patterns in white, cream, pink, rose, and purple, which become more brilliant as the season advances.

Kochia burning-bush makes a 2 1/2 foot conical plant of fine light green foliage, which can be trimmed like a hedge, and used to enclose a bed or provide an attractive background. In the early fall, the whole bush becomes bright carmine.

Celosias (cockscomb), bear plumes of a texture resembling plush or chenille, colored in tones of red, pink, yellow and orange. There are many varieties of different heights and forms. Some are used by florists in making corsages and the plumes are easily dried for winter use.

Euphorbia (snow on the mountain) is related to the poinsettia. It grows 2 feet tall, and bears leaves of dark green edged with white, which are attractive foils for brighter colored plants.

The spider plant, cleome pungeus, with its divided leaves and dark stems, is a desirable foliage plant even before its attractive flowers develop.

Leaves of flowering plants differ in tones of green and for gardeners interested in color composition, there are blue green, gray greens, and yellow greens to consider. Stocks and California poppies have gray-green foliage which is a restful foil for their brilliant flowers. Nasturtiums have yellow green leaves, which add to the interest of their section of the garden.
