The City Recreation Hall will be the center of activity in Stephenville when some 500 stockholders, wives and guests will assemble for the 39th Annual Stockholder meeting September 22 according to W.M. Irwin, President of the Stephenville Production Credit

The principal speaker will be Mr. Erbin Crowell, Vice President of the Federal Intermediate Credit Bank of Houston. Prior to joining the credit bank in Houston, Mr. Crowell was manager of the Production Credit Association at Canadian, Texas.

The business session will be concluded with a catered barbecue dinner for all stockholders, their families and special guests. In an afternoon session, the board will meet for the purpose of electing officers for the coming year.

The Eastland County Senior Citizens Bazaar Committee has planned this year's annual affair for Oct. 18 - 20.

Mrs. Janet Thomas, County Extension Agent, said the bazaar will be held in the old Majestic Cafe Building on the south side of the courthouse square.

The Bazaar is a countywide project and the committee is striving to top last year's

record when 62 senior citizens of the county earned over \$794 from the sale of their handiwork.

Mrs. Thomas said persons 60 years of age, and older, may exhibit and sell their handmade articles.

In addition to the sale of their handiwork, other activities will include an antique car parade and recognition of the oldest man and woman exhibitor.

Committee members include Mmes Winfrey Pippen, Henry Fry, Sue Taylor, and Golda Lancaster of Cisco; D.D. Sandlin, Carbon; R.W. Gordon, Jewell Herweck, Ranger; Glenn Lyles of Eastland; and Janet Thomas and Arleen Hawkins of the Eastland County Extension Service.

It's election time for the Soil and Water Conservation district director. Zone five, which includes land between Gorman, Cisco, Ranger and Desdemona, will elect a director to take Ed Harrison's place. Ed's term on the board expires next month.

The election will be held Thursday night, Oct. 4, in the Farm Bureau meeting room at Eastland. Ed has done a great job and we hate to see him leave this important job.

We are encouraged by the number of entries we have in the hay show. There were 34 bales of hay entered. Samples have been taken from each bale so that protein analysis can be made.

The hay show will be held on Tuesday morning, Sept. 25. A.C. Novosad of Texas A&M will classify the hay and conduct a discussion on characteristics of high quality hay and factors affecting hay quality. The meeting will be over in time for participants to attend the weekly livestock sale in Eastland. The hay show will be at the county livestock show barn north of Eastland.

Texas livestock producers will be faced with new regulations on brucellosis control following a statewide public hearing in Austin on October 1st.

The changes are being proposed by the Texas Animal Health Commission so that Texas will be able to move toward a "certified" brucellosis free status and thereby be able to comply with the standards of other states to which cattle are shipped.

The major changes in the brucellosis testing program are as follows:

1. Testing of all animals two years of age and over at local auction markets rather than just testing those that terminate at slaughter.
2. Maintaining cattle in groups until they are tested and found clean or are quarantined, with testing expense to be paid by the seller.
3. Herds found to have the disease will be tested until they have two negative tests, not to exceed 120 days apart.
4. Retesting must be done within 60 days.
5. Animals may move from ranch to ranch owned by the same individual within a county or similar certified area without testing.
6. Animals moving and changing ownership must be tested. Numerous other conditions and procedures are also

FARM BUREAU

The Eastland County Farm Bureau's Annual Convention will be held Monday night, Oct. 1, 1973, at 7:00 p.m. at the Elementary School Cafeteria, in Eastland.

A chili and stew supper with all the trimmings will be furnished, according to the president, Mr. Jack Cozart.

During the convention, new officers and directors will be elected by the membership. The nominating committee with Winford Fry as chairman, will offer a slate of 10 new directors, one from each community in the county. Everyone should remember that nominations from the floor will be in order. Mr. Cozart said.

This is also the important time of the year when each member has a voice in adopting our county resolutions and, as always, it is our objective to give every member an opportunity to help develop Farm Bureau Policies at the grass root level. This way, each member can help to decide the policies of our county, state, and national organization for the coming year. Mr. Cozart

specified in the proposed changes. To get all the details on the new brucellosis program, I encourage producers to come by the county Extension office to review a copy of the proposed regulations.

We also invite livestock producers to attend the public hearing in Austin on Oct. 1

stated.

All members are urged to attend and visitors are always welcome. Door prizes will be given.

The regular session in each even numbered year would be for a period not to exceed 60 days and would be limited to consideration of fiscal matters and any emergency matters submitted by the Governor. The 60 day session could be extended by the Governor for a period not to exceed 30 days.

Provide an annual salary for members of the Legislature not exceeding \$15,000 per year and a per diem not exceeding \$18 per day for each day of each regular session or special session.

Provide that no appropriation of money shall be made for a longer term than one year and direct the Comptroller to make annual estimates of anticipated revenue rather than biennial estimates.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide for annual regular sessions of the legislature; and to provide an annual salary of \$15,000 and per diem for the members of the legislature, effective in January, 1975."

NUMBER TWO ON THE BALLOT (H.J.R. 7)

Article XVI, Sections 50 and 51 of the Texas Constitution are amended to:

Include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses.

Presently a single adult person is not entitled to claim a homestead exemption and a married man can abandon a family homestead without the consent of his wife.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses."

Provides that no law creating a conservation and reclamation district shall be passed unless a copy of the proposed law is delivered to the commissioner of each county and to the governing body of each incorporated city or town in whose jurisdiction said district or any part thereof is or will be located. Each such commissioner and governing body may file its written consent or opposition to the proposed law with the Governor, Lieutenant Governor and Speaker of the House of Representatives. Each special law creating such a district must comply with general laws then in effect relating to consent by political subdivisions to the creation of such districts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment establishing certain requirements relative to the enactment of laws creating certain conservation and reclamation districts."

NUMBER FIVE ON THE BALLOT (S.J.R. 12)

Provide that all counties and cities bordering on the coast of the Gulf of Mexico are authorized to levy a tax to pay for bonds issued for the construction of sea walls and breakwaters upon a majority vote of the resident property tax-payers. Counties and cities are presently authorized to levy such taxes and this amendment only changes the required vote from a two-thirds majority to a simple majority.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing counties and cities bordering on the Gulf of Mexico to issue bonds

NUMBER SIX ON THE BALLOT (S.J.R. 26)

Article V, Section 8 of the Texas Constitution is amended by adding a new paragraph which:

Provides that the district court, concurrently with the county court, shall have the general jurisdiction of a probate court and in a probate proceeding shall also have the jurisdiction otherwise conferred on it by law. It also provides that the legislature may increase, diminish, or eliminate the jurisdiction of the district court or county court in probate matters, may adopt rules governing the filing, distribution, or transfer of cases and proceedings as between the courts having jurisdiction of probate matters, and may provide that all appeals in probate matters shall be to the courts of civil appeals.

NUMBER SEVEN ON THE BALLOT (H.J.R. 6)

Article III, Section 49-b of the Texas Constitution is amended to:

Provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund. This amendment increases the present \$400 million authorization to \$500 million;

Remove the present provision which permits buying of land only by those veterans who served between September 16, 1940 and the date of formal withdrawal of United States troops from the armed conflict in Viet Nam. This amendment would allow all veterans who serve after September 16, 1940 to buy land from the Veterans' Land Fund, provided they are otherwise qualified;

Provide that, in the event of the death of an eligible

Texas veteran after the veteran has filed with the Board an application and contract of sale to purchase through the Board the tract selected by him or her and before the purchase has been completed, then the surviving spouse may complete the transaction.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund."

NUMBER EIGHT ON THE BALLOT (S.J.R. 29)

Article XI, of the Texas Constitution is amended by adding a new Section 5(a) which:

Authorizes and requires incorporated cities, towns, and villages, regardless of population and notwithstanding the constitutional limitations on total tax rates, to levy such annual ad valorem taxes on the taxable property in the city, town or village as are necessary to pay the principal of and interest on, when due, the general obligations hereinafter issued by the city, town, or village. The legislature is empowered to limit by general or special law the total principal amount of general obligations which may be issued, but unless until the legislature acts to do so, the limitations established by statute with respect to the total principal amount of bonds which may be issued by independent school districts shall apply as the rate limitation on cities, towns, and villages.

The wording of the proposed constitutional amendment as it appears on the ballot is as follows:

"The constitutional amendment to authorize cities, towns, and villages to levy such ad valorem taxes as are sufficient to pay the principal of and interest on the general obligations hereafter issued subject to the restrictions provided by law."

NUMBER NINE ON THE BALLOT (S.J.R. 25)

Article VIII of the Texas Constitution is amended by adding a new Section 2C which:

Allows the Legislature, by general law, to exempt all real and personal property used by non-profit water supply corporations or cooperatives from all property taxes. The exemption would apply only to such property as is reasonably necessary to conduct the business of a non-profit water supply corporation or cooperative.

Vietnamese Visit

Team of five Vietnamese arrived in Temple on Wednesday, Sept. 12, to begin a

twelve day tour of various points in Texas.

The group is under the co-sponsorship of the Agricultural Development Bank in Saigon and the Farmers Home Administration, and were accompanied here by Elmer T. Foster, District Supervisor of Eastland; Charles Henderson, County Supervisor of Eastland; and Heber Stewart, all from the Farmers Home Ad-

ministration.

The purpose of their visit to Texas was to observe and evaluate the banking and agricultural programs in this area.

One of the Vietnamese related to Mr. Henderson that "Since the American advisors have been in our country, our land is more productive and consequently our people are better fed than ever before."

James Rutherford, President of First State Bank, was the

official guide, and incidentally a very gracious host, for the group on the tour of the bank. They spent more than the allotted time in the accounting department, where they were quite interested in the Microfilm equipment, especially the Recordak Machine.

While in Rising Star the men from Vietnam also visited the Pioneer Co-op and the Lakewood Recreation Center. Enroute from Temple they stopped in Comanche and

Young Homemakers Week Is Observed In Eastland

This week has been proclaimed Young Homemakers Week in Texas. Young Homemakers is an educational organization with active membership open to any woman, single or married between the ages of 18 and 35. Women over 35 become associate members with all privileges except voting and holding office. Anyone interested in joining is welcome to attend the next meeting October 9, which will be a tour of some selected Eastland homes. Next month the chapter will meet at 7:30 at the Eastland National Bank. The business meeting and refreshments will follow the house tour at the bank.

The chapter met Tuesday evening at the Homemaking Cottage at the Eastland High School for their first business meeting of the 73-74 year with President Julie Chaney presiding. She welcomed members and guests. This was followed by reciting the creed with the nine purposes of the organization: to develop skills, to gain information on new and improved methods of homemaking; to develop a deeper understanding of the home and its influence in the Community; to plan and carry out activities designed to improve our home and community; to provide wholesome social and recreational activities; to become better acquainted with the products and information of current consumer trends; to plan and carry out a program for recognizing and honoring local members and others for outstanding achievements; to support the Future Homemakers of America and other groups working for the improvement of homemaking; to maintain spiritual values in the home; and to encourage democracy in home and community life.

SOUND ADVICE

By Homer Scott

If you have a hearing problem, and don't wear an aid, at least listen to reason.

With a hearing aid, the only embarrassing moment (possibly) is the first time you meet someone. Without an aid, you (and that someone) are embarrassed every time there's conversation.

Your "problem" surfaces again and again. It's a constant source of embarrassment. By contrast, a hearing aid is really a blessing in disguise. It can take a heavy and uncomfortable burden off your social and family life.

We would like to tell you more about it. And we would because we believe that you'll be a much more attractive person with an aid than without.

If you hear sounds but can't always understand the words - a classic symptom of nerve deafness, you owe it to yourself and those most dear to you to come in for a free hearing test to see if we can help you. I will hold my regular monthly center at: El Morocco Motel, Friday, Sept. 21st, from 9:30 - 10:30 a.m.

Dear friends,

At time of bereavement the family should promptly notify all companies in which insurance is carried to secure the proper claim forms. We can supply copies of the death certificate which must accompany these forms.

'Rapture' To Be Shown Sept. 24 In Stephenville

David Wilkerson Youth Crusades has released a dramatic new film depicting television news coverage of the return of Jesus Christ. The fifty minute full color feature dramatizes the chaos and confusion immediately following the evacuation of Jesus' people at the return of Christ to the earth.

Reverend David Wilkerson, executive producer, states: "The purpose of this film is to awaken the young and old alike to the reality and nearness of the rapture. This believable, low profile film has such an impact every viewer will have to decide what he must do about Christ's imminent return."

The "Rapture" is now being premiered in communities throughout the United States and Canada and is soon to be released in Europe.

The public is cordially invited to this special presentation scheduled to begin at 7:30 p.m. Monday, September 24, in the main auditorium of Tarleton State University located in Stephenville.

Admission is free. David Wilkerson, author of *The Cross and the Switchblade*, is to appear personally at 3:00 p.m. Sunday, October 28, in the main auditorium of Tarleton State University.

Dear Agent:

RE: A New Property Insurance Rate Reduction

We are happy to announce that a substantial property rate deviation has been approved effective October 1, 1973, for both new and renewal business.

The new rate for Standard Dwelling and Farm Fire and Extended Coverage, Homeowners, Farm and Ranchowners, will reflect a 15% deviation from rates established by the Texas Board of Insurance.

The new rate for most all Commercial Fire and Allied lines will reflect a 20% deviation from rates established by the Texas Board of Insurance.

This is a substantial rate reduction, particularly in the Standard Fire, Extended Coverage, and Commercial lines where we had previously been selling at the established standard rates.

1974 Chevrolet A better-than-ever way.

When the wheel belongs to you, the road goes anywhere you say. And it's so much better with a '74 Chevrolet.

Caprice Classic. Introducing an elegant motor car, just asking to be enjoyed. Outside: an imposing new grille, and on the Coupe, a distinctive new roof line. Inside: peace, quiet and convenience. With standard power steering to do most of the turning, standard power front disc brakes to do most of the stopping, and a standard Turbo Hydra-matic transmission to do the shifting. If you want the luxury and comfort of a car that leaves little else for you to do but enjoy the ride, you don't have to look beyond the '74 Caprice Classic. However, the freedom of the open road begins with the freedom of choice:

Vega GT. This year's version of last year's Motor Trend Economy Car of the Year. (And Car and Driver Readers' Choice as Best Economy Sedan for the last three years.) With a reshaped nose, bigger bumpers, nicer carpeting, new stripes and new colors. Plus more good things to make it better. See what it's like to drive a winner.

Malibu Classic. A luxury Chevelle, new this year. With full foam seats. A fold-down front armrest. Wood-grained vinyl accents. Elegant inner door panels. Extremely tasteful upholstery and cut-pile nylon carpeting.

That's just inside. The exterior is just as classic, in character and in detail, as the interior. Yet, it remains mid-size. And, it remains all Chevelle. With Chevelle handling and at a Chevelle price. Now that you've looked, come and see the new Malibu Classic--and all the 1974 Chevelles. The ones shown here, plus Impala, Monte Carlo, Nova, Corvette, pickups, vans and all our new cars and trucks.

Camaro. The way it looks is the way it goes. Quick, sleek and nimble. With a low, wide stance, responsive steering. And comfort that's rare in a car that handles so well. Plus classic new styling, and plushness from the cut-pile carpeting up.
