YOU WILL not believe the beautiful changes being made over at Eastland Centennial Memorial Library - unless you take the time to drop in to see the fantastic things that are being done. THERE WON'T be a town in Texas that wouldn't be PROUD to boost such a facility, once it's complete. NEVER LET it be said that women can't get things done. President Nancy Childress and the women of the Thursday Afternoon Club are literally moving mountains. (We hasten to add, though, that they've had some tremendous help from the likes of Carl Garrett, Dan Childress and other able bodies.)

It's a shame the library can't work the name WILLIAMS in some way - coincidence of coincidence is that skilled craftsmen of that name are contributing so much. First it was U.V. Williams and son James engaged to do the carpentry work. (And you'll especially want to see the beautiful central library desk they've installed.) Then it was Bob Williams in charge of plumbing. And low and behold if the painter didn't turn out to be Si Williams.

(By the by, the Library could still use your donation. They've come a long way, but there's still a piece to go, money-wise, in paying for all the transformation of the old building into a city showplace. Your help is needed.)

TEN YEARS ago today the hotline between Washington and Moscow was opened.

DOUG UNDERWOOD, manager of JRB here, divulged his catfish - catching secrets and we're going to try 'em. Not a lot, and especially us, are catching too much right now - so advice is welcome. "Chicken liver", says Doug, and brought in four nice ones to prove his point.

MOST COLLEGE students were bound for campuses early this week and their faces will be missed after a good summer of having them home.

WORD RECEIVED Wednesday morning is that Mrs. J.R. Beadel, Sr., died at her home in Brownwood Tuesday night. Arrangements were pending at press time and will be announced.

HAPPY BIRTHDAY to County Clerk Johnson Smith who was honored with a party this week by his family. Age? "39 and holding", says Johnson.

'NOTHER BEST fish story comes from Goodyear Store Manager Frank Murphy who with his family vacationed in New Mexico and learned to their surprise that certain baits are prohibited in the stream waters on the national forest reserve north of Ruidoso. Would you believe that permissibles are miniature marshmallows and canned whole kernel corn - period. And the weekly - stocked fish just aren't necessarily hungry for either.

HAPPY, HAPPY were the Don Bairds who recently (Aug. 18) were Admiral TV guests for the Cowboy - Saints game at Texas Stadium in Irving. Seats on the 42 - yard line, no less. It was a fitting reward for good Admiral representation here.

## Lone Star Gas Co. Centralizes

By Karen Green  
Lone Star Gas Co.

Lone Star Gas Company's Transmission Division has recently taken steps to centralize parts of its Eastland area operations. This has resulted in more of Lone Star's employees being based at the Company's Southwest Regional Headquarter's Office on North College Street in Eastland.

Employees involved in the centralization move were previously based at Morton Valley, Ranger and Moran, and are in the area Pipeline, Technical Services, and Special Services groups.

Mr. H.B. Dempsey, Lone Star's Regional Manager, stated that the purpose of the move is to increase operating efficiency by centralizing the base of operations and management of the various groups whose work is interrelated.

Additional office facilities were constructed at the Company's Eastland location to accommodate these relocations.

Employees relocated to the Eastland Office were:

F.D. Scott, District Manager of Technical Services District, T.D. Crowder, District Manager of Ranger Pipeline District.

P.B. Howard, Chief Field Clerk, Ranger Pipeline District.

C.J. Park, Field Clerk, Ranger Pipeline District.

W.L. Gann, Sectional Supervisor, Special Services Unit.

H.L. Parsons, Senior Special Services Technician, Special Services Unit.

G.C. Simmons, Senior Special Services Technician, Special Services Unit.

A.T. Grace, Senior Special Services Technician, Special Services Unit.

M.G. Key, Special Services Technician, Special Services

Unit.  
D.E. Mangum, Special Services Technician, Special Services Unit.

D.W. Massingill, Special Services Technician, Special Services Unit.

P.H. Sanders, Special Services Trainee, Special Services

Unit.  
With these recent additions, there are now 24 employees based at this location representing Pipeline, Technical Services, Special Services, Plants, Right - Of - Way, Claims, and Gas Production Operations groups.

Mrs. Truman Nix, Mrs. Warren Chapman, and Frankie Owens, hostesses at the fashion show held Tuesday evening at 7:00 p.m. at Hickman Nursing Home in Eastland.

Eighteen local merchants contributed generously to Frankie Owens request for gifts for the Loot Wagon which furnished each resident with a lovely gift and three door prizes for the visitors.

Thirty local models paraded the halls showing more than 50 garments to the residents in the privacy of their rooms and the living rooms. Quetta's and Mode - O 'Day furnished the new fall fashions ranging from shorty pajama's to fur coats.

# EASTLAND TELEGRAM

EASTLAND, TEXAS 76448: Today's CENTER for tomorrow's FUTURE!

Volume 104 Number 69

Thursday, August 30, 1973

Lillie Dendy, right, and Florence Yancey, left, were honored with a retirement party at the Hollywood Vassarette plant Monday afternoon. Mrs. Yancey of Ranger had worked more than 11 years, and Mrs. Dendy of DeLeon had worked more than 19 years. They were presented with a number of gifts, and with a leather folder which contained a picture of the retiree with the Plant Manager Gene Johnson, center, and a letter from the president of Munsingwear, Mr. A. Bryon Reed. Refreshments were served to all of the plant employees. Guests attending were retired employees Lorene Koonce and Stella Goforth.

## Football To Be Very Interesting This Season

Football is the perfect exercise in coping with competition, and since life is competition, we believe that the game is very important in molding characters.

Such is the philosophy of Head Coach Doug Dallas who expects the upcoming season to be "very interesting" but

shades some doubtful thoughts on high school football in general in years to come.

Speaking to members of the Eastland Lions Club at their luncheon meeting Tuesday at the Ramada Inn, Coach Dallas complimented the team and the spirit behind the team in Eastland.

The 102 youngsters we have out for football, from the seventh to the 12th grade, are at a most exciting time in their life. Every day they wake up to a brand new world, he said. He was especially complimentary of the showing made in Rotan in the scrimmage last week.

We have a young group (two seniors played in Rotan). We found out that we have good talent in some places. The Mavericks gained 306 yards rushing with Tony Thomas averaging ten yards per carry. Rotan gained 239 yards on the ground.

"Ours is the kind of club you'll enjoy watching," he said. "It's the kind of club that means what football is all about. You'll see the give and take and the desire to compete."

Of the 102 youngsters, 27 are seventh graders; 34 are eighth graders; 11 juniors; and seven seniors for a total variety of some 41. (Cisco has 65 to 70; DeLeon, 65 - 70; Cross Plains 48; Ranger 40; and Clyde 100). Coach Dallas was highly complimentary of some individual players.

SCRIMMAGE WINTERS  
The Mavericks Varsity and Jr. Varsity go to Winters Friday night for another scrimmage session. (The Mavericks go to Haskell here Friday, Sept. 7, to officially open the season.)

Coach Dallas explained that he and his coaching staff are switching defense this season and this has hampered some of the inexperienced players.

Commenting on his freshman crop, he pointed out that half (12) of the 24 players who had such a good year last year as eighth graders (losing two close ones) didn't even come out for football this year.

"In ten to twenty years, if the present trend continues, there may not even be any high school football," he said.

"Our kids are being pulled away by so many conflicting interests," he said, "I guess it's

the society we live in."

He stressed the importance of encouraging the young men now and in the off seasons so that they will be motivated to play the game.

"Our seven seniors are doing a really good job," and we need to compliment them and encourage them. They need it. They've got a tough ten - game season ahead."

Bragging on his staff, he listed Steve Wilson, Kent Backle, Don Adair and W.J. Stone (statistician).

On his injuries, he said that David Baze was due back into action workouts Tuesday after a minor concussion. Mark Parsons who suffered a broken small bone in his lower leg at Rotan will probably be out about four weeks. Raymond Hamrick is due back in about a month. The flu bug has ravaged the teams and coaching staff too, not helping during the workout sessions.

President Darwin Miller presided and Eugene Frost was in charge of the program. Carl Garrett will have the program next week.

## Mrs. Jessop Funeral Services Held Tuesday

Mrs. Florence E. Jessop, 66, private teacher and nurse of Breckenridge, died at 5:30 p.m. Saturday in Hendrick Memorial Hospital after a five - week illness. Graveside services were at 2 p.m. Tuesday in the Eastland Cemetery.

The Rev. Haston Brewer, pastor of the First Baptist Church of Eastland, officiated. Services were under the direction of Bakker Funeral Home.

Survivors include one son, James Jessop of Big Spring, Texas; two brothers, Jack Burkhead of Abilene and Linice Burkhead of Titusville, Florida; and one sister, Mrs. A.W. Williamson of Route 2, Eastland.

## Carbon Football Prospects Look Bright

The Carbon Wolverine Six - Man season prospects are bright, bright, bright, following a scrimmage Friday with Mozelle.

Under the guidance of new Head Coach Bobby Stuteville, the Wolverines looked real good in their first test and crossed the opponent's goal line many times.

First game for Carbon will be against Mullin at 8 p.m. on Thursday, Sept. 6 at Carbon. The 1973 Carbon roster looks like this:

Ricky Johnson, senior, halfback.  
Jimmy Cook, senior, end.  
Wesley Adams, junior, halfback.

Randy Wood, junior, halfback.  
Bo Stanley, junior, quarterback.

Robin Griffin, junior, center.  
Gary Tucker, junior, defensive end.  
Calvin Millican, freshman, end.

Donald Rice, freshman, defensive end.  
Art Smith, freshman, defensive halfback.

Timmy Smith, freshman, end.

## Band Boosters Meet Monday

The officers and members of the executive board of the Eastland Band Booster Club met Monday night at the band hall. Several items of business were brought up and discussed concerning the present school year. Band Boosters will meet the first Monday of each month and everyone that is interested in the band is urged to attend. Due to Labor Day falling on the first Monday of September, the meeting will be Monday, September 10.

Present at the Monday meeting was Gene Frost, Everett Plowman, Myrna Dabney, Grover and Ruth Hallmark, Jean Ann Price, Bobby Bingham, Rita Jordan, John Frost, and Patti Robinson.

## Civic League Plans 'Book Of Trees'

"BOOK OF TREES"  
Eastland Civic League's 1973 - 74 beautification project will get underway Thursday, Aug. 30, when club president, Mrs. Austin McCloud entertains with a luncheon - workshop in her home for committee members and club officers.

## COMMUNITY CALENDAR

Most Eastland businesses and offices will be closed Monday, Sept. 3, in observance of Labor Day, it has been announced here.

Labor Day is one of six legal holidays approved and adopted by the Eastland Chamber of Commerce, Manager James Wright has announced.

Federal, state, county and city offices will be closed as will the public schools for this last holiday of the summer.

Other holidays observed by the chamber include New Years Day, Memorial Day, Independence Day, Thanksgiving and Christmas.

DIRECTORS TO MEET  
The directors of the Eastland Chamber of Commerce will hold their regular monthly meeting Thursday, Aug. 30, at 12 noon at the Ramada Inn, President J.T. Carter has announced.

A Scotch Foursome will be held at Lone Cedar Country Club Sunday, Sept. 2, at 1:30 p.m. instead of Monday, Sept. 3, as was previously scheduled.

Eastland Masonic Lodge 467 AF & AM will have a called meeting at 7:30 p.m. Saturday, Sept. 1, for work in the Masters Degree.

Project Chairman, Mrs. E.A. Connell and her assistant, Mrs. Emory Walton announced beginning with the noon meeting, orders will be taken for the package deal on trees and shrubs.

This no. 1 nursery stock furnished by Scherz Nursery of San Angelo will be available to the general public in this area.

After September 8th a display of the plants will be placed in different areas of the city to acquaint buyers with the selection available (a complete list is given in the accompanying order blank.)

This large stock of choice landscape material is acclimated to central and west Texas according to Joe Brosig, landscape architect with Scherz Nursery. This firm has been in San Angelo for the past 46 years and is responsible for the luxurious plantings of live oaks in that city.

Anyone wishing to place orders with Civic League officers may call the project chairmen or: Mmes. McCloud, Lynn Nicholson, Eula Arrington Cauble, Richard Wilhelm, Bob Bingham, Dale Bakker, Fehrman Lund, Durel Reid and Miss Bess Thurman.

A spin - off of this beautification project will be "Book of Trees", a complete register of buyers which will become a permanent record in Eastland Memorial Library.

This record book will list not only buyers, but all honorarium plantings, memorials, gifts, both private and public.

This will give future generations the opportunity to identify trees which hold special meaning for them.

# Gordon's Spot

by DeMarquis Gordon

Dr. Thomas A. Lee, Area Plant Pathologist in Stephenville, reports to us that the Web Blotch disease of peanuts caused by a fungus was identified in this peanut growing area on August 20th. This was the first time that the

disease has been identified in the area this year.

The disease was found on the Bob Trauek farm, between DeLeon and Dublin and on the J.W. Sadberry farm, north of DeLeon. Infection levels were very low in both cases and did not appear to be causing severe loss.

The disease is characterized by irregular circular blotches on the leaves. The color varies from light brown to dark gray and appears as a fine web, especially in the early stage of infection. In South Texas, where the disease is wide spread, it has caused yellowing of the leaves and has defoliated large areas of fields. This disease should not be confused with the scorched appearance on the lower leaves of much of this year's crop. The scorch problem is thought to be a physiological or environmental burn of some type and not a disease.

The new Florunner variety of peanuts appears to be much more resistant or tolerant of the Web Blotch than to the common varieties such as Starr.

Chemical control of the disease this season - South Texas was unpredictable at best. No fungicide did a good job of controlling the disease. The best results were achieved by growers who maintained a regular spray schedule regardless of what material they used.

Adequate coverage requires more water than most growers normally use. Nevertheless, adequate coverage is just as important as a regular schedule for good foliage disease control on peanuts.

Peanuts in Eastland County still look good, but the dry land peanuts sure need rain now.

Texas wheat producers' allotments for 1974 will be about three times the size of their 1973 allotments, according to Coda McDaniel, Chairman of the Eastland County Agricultural Stabilization and Conservation Committee.

## I REMEMBER

Dick O'Brien

Today, August 24, I received a long - distance telephone call, as I have on this same date for many years.

It reminded me that sixty years ago, 1913, I was in my third revival following my ordination in January. I had held a revival at Reich and one at Mitchell earlier that year. Then we were at Hobart.

We had fastened together some framework and covered it with cotton bagging for an arbor. Crowds gathered every evening for prayer and worship. There were a large number of professions of faith and among them Luther Steward.

Today's call was from Luther who now lives in Stanton alone and calls every year to remind me of his spiritual "birthday".

This is the best pay the preacher receives: to be reminded his labors have not been in vain. And that people who have been spiritually blessed under his ministry are grateful to him for his help.

Wonder if there is an old preacher somewhere who blessed your life in the past and who would be cheered if you got in touch with him and told him so.

Incidentally, at the close of the Mitchell revival just before the one at Hobart, I baptized my wife. She was the first person I ever baptized. When we married she was a Methodist, and would be yet, if she so chose, but I am grateful we can be together in the same congregation.

Thanks to all and each of you who have written to mention these "I Remember" columns. And God bless Luther for his encouragement.

## CARD OF THANKS

We take this opportunity to express our appreciation to Dr. W.P. Watkins and our relatives and friends for the many deeds of kindness and expressions of sympathy and concern at the loss of our loved one. When you experience like sorrow, may you know the comfort you have provided for us.

## The Consumer Alert

by John L. Hill  
Attorney General

While some 250,000 Texans are in the process of registering for college and university courses this fall, and thousands more entering vocational and technical training in public junior colleges, there are others who will be looking to private trade and vocational schools.

These private schools, which offer courses in a wide range of subjects - from stenographic or welding, to accounting or TV repair, can provide career training for the new high school graduate, as well as the person looking for a new field for his or her particular talents.

Prior to 1971, the prospective private vocational student was at a disadvantage when he began shopping for a school. Advertising claims frequently went way beyond what a school actually could guarantee. Misrepresentations of course offerings, job - placement capabilities, and payment plans were complained of.

Witnesses told a legislative fact - finding committee of experiences involving educational disappointments such as signing up for training which was not in fact available, as well as economic frustrations, such as being required to pay out allegedly worthless contracts.

Legitimate trade and vocational school operators became concerned, and urged that all the private schools be regulated.

As a result, the Texas Legislature passed a Texas Proprietary School Act, which took effect in 1972. The act, administered by the Texas Education Agency, requires T.E.A. certification of the private career schools; requires state approval of the courses they offer, and prohibits misrepresentations in course sales and advertising.

As of now, some 240 proprietary schools have been certified by the state, and applications from about 30 newly - organized schools are pending approval.

This has been an obvious benefit to the Texans seeking to further their educational opportunities, and increase their earning capacities, in institutions apart from the college and university systems.

The Texas Proprietary School Division of the Texas Education Agency maintains a list of all certificated schools, and their approved courses, as

well as all institutions qualified for veterans' training.

And the T.E.A. also works with my Consumer Protection Division in the investigation of charges of unauthorized "career schools", as well as any complaints of misrepresentations by authorized operations.

I am told that an average of one complaint a week is received, and that most of these have been found to relate to misunderstandings, rather than violations of the act.

But my office has had occasion to file suit as legal representative of the T.E.A., primarily when we have uncovered violations by pyramid sales schemes which offered as part of their marketing plans "schools" which were not schools at all, but merely part of the sales pitch.

If you or your child encounter any problem which you consider to be a violation of the Texas Proprietary School Act, do not hesitate to contact the Attorney General's Consumer Protection Division, or the T.E.A.

But since it's always better to be safe than sorry, keep these precautionary measures in mind when you start talking about private trade or vocational education:

- Beware of high pressure sales methods.

- Look out for exaggerated promises, such as "easy" courses, or "guaranteed" job placement.

- Read every word of the contract offered, and determine the refund policies of the school in the event of illness or

some other event which could prevent you from completing a course.

- Visit the school. Talk to the faculty, and talk to persons who have graduated from the school.

- Be certain that the operation is certified by the Texas Education Agency, and if you still want reassurance, check with your local Better Business Bureau, and with major employers in your community.

Once you have found the right school, the rest is up to you. Good luck to you.

### Mr. and Mrs. Frank Ziehr To Be Honored On 50th

Mr. and Mrs. Frank Ziehr of Cisco will be honored Sunday, September 2, with open house from 2:30 to 5 p.m. in observance of their 50th wedding anniversary at the Lutheran Parish Hall, East 18th Street and Avenue D., Cisco.

Hosts for the occasion will be their children, Mr. and Mrs. Alvin Krause, Mr. and Mrs. Joe D. Ziehr, Mr. and Mrs. Norman Weiser, Mr. and Mrs. Roland Ziehr.

Mr. Ziehr was born on the Ziehr property south of Cisco. Mrs. Ziehr, the former Willie Mae Holt, was born at Winchester, Tennessee, and came to Cisco as a child. She lived south of Cisco with her parents. They met after Mr. Ziehr served two years in World War I. They were married in Cisco on September 1, 1923, by Rev. W.F. Cashion.

Mr. Ziehr built their house and barn south of Cisco and they have lived there all their lives. They are retired farmers and members of the Lutheran

Church. They have six grandchildren.

All friends and relatives of the couple are invited to attend the open house.

### Thoughts

**From The Living Bible**  
If you believe that Jesus is the Christ—that he is God's Son and your Savior—then you are a child of God. And all who love the Father love his children too. So you can find out how much you love God's children—your brothers and sisters in the Lord—by how much you love and obey God. Loving God means doing what he tells us to do, and really, that isn't hard at all; for every child of God can obey him, defeating sin by trusting Christ to help him. But who could possibly fight and win this battle except by believing that Jesus is truly the Son of God?

### County Hay Show Set September 25 At County Barn

An Eastland County Hay Show will be held at the County Livestock Show barn September 25.

The announcement was made today by the Eastland County Rural Development Committee. The committee includes De Gordon, County Agent; Lynn Gibson, Soil Conservation Service; David Martin, ASC office; and Charlie Henderson, FHA.

quality which the producer can partially control.

Committee members say this hay show will give hay producers and livestock men a chance to know the protein content of their hay and see how their hay stacks up with other producers hay in quality.

Hay is an important crop in the county. The committee says the purpose of a hay show is to provide an opportunity to emphasize important factors associated with production, value and use of high-quality hay.

Anyone owning hay in the county may enter a bale in each class. September 10 will be the deadline for entry so there will be time to get protein analysis of each bale. On September 25 A.C. Novosad, Pasture Specialist with the Texas A&M Extension Service, will classify each bale and award ribbons based on the quality of the hay. He will also discuss with producers factors affecting hay

WE CARE FOR YOU... WE CARE ABOUT YOU

# Now kids can look it up in their own Funk & Wagnalls.

After 60 years of making encyclopedias for adults, Funk & Wagnalls has learned enough to make one for children.

It's called the Young Students Encyclopedia. And it's designed to do something more than just get them through the next homework assignment—to make them want to learn on their own.

Instead of burdening your children with tons of forgettable detail, it appeals to their native curiosity. The article on *Airplanes*, for example, illustrates an experiment children can perform at home showing how things fly. There are hundreds of other drawings, games and puzzles that not only teach but provoke, involve and entertain in the process.

In other words, it's an encyclopedia children will actually use. They'll also use it a long time.

It's designed to be simple enough for children just learning to read and comprehensive enough to serve until they're ready for an adult encyclopedia. They can't outgrow it the way they do shoes.

Which brings up another nice point about the Young Students Encyclopedia: it's intended exclusively to help children, but it helps grown-ups too.

First, it doesn't put much of a dent in your budget. Since it's sold direct to you through us, you can buy the complete 20-volume set a volume or two a week for only \$1.69 each. And the first volume for the introductory price of a quarter.

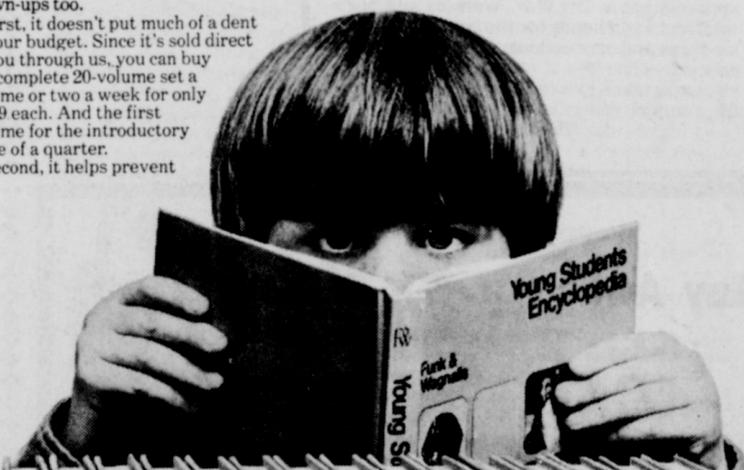

Second, it helps prevent

you from doing what you shouldn't be doing anyway—your children's homework. It provides the answers; you just provide the encouragement.

So instead of just shopping for things to nourish growing bodies, come in and pick up a Young Students Encyclopedia. And nourish their minds as well.

**MRS. DANNY LYLE COX**  
... nee Bryna Jane Bigby

### Bryna Bigby Becomes Bride Of Danny Lyle Cox August 11

Bryna Jane Bigby became the bride of Danny Lyle Cox in vows recited at four o'clock in the afternoon on Saturday, August the eleventh, at the altar of Edge Park United Methodist Church of Fort Worth with the Reverend Gordon Dennis, Superintendent of the Brownwood Methodist District, reading the double-ring ceremony.

The bride is the daughter of Mrs. James L. Bigby of 3309 Westfield, Fort Worth and the late Mr. Bigby and granddaughter of Mrs. C.L. Bigby of Eastland. Parents of the bridegroom are Mr. and Mrs. O.H. Cox of 4196 Mendenhall,

Dallas.

Attending the bride were her sisters, Misses Susan Kay Bigby and Sandra Jean Bigby, both of Fort Worth. Kristin Collins of Eastland, cousin of the bride, was flower girl; Patrick Collins of Ranger, also a cousin of the bride, was ringbearer.

O.H. Cox was his son's best man; groomsman was Jeff Baker of Austin, ushers were Bert Bond of Dallas and Rusty Kelly and Gerald Daugherty, both of Austin.

Presented in marriage by her uncle, Mike Collins of Eastland, the bride wore a formal gown of candlelight chiffon, fashioned with fitted bodice, wedding band neckline and long sheer Bishop sleeves. The deep yoke of Irish lace appliques was repeated in appliques bordering the softly gathered skirt and full chapel train.

A caplet of lace flowers sprinkled with seed pearls held her triple-tiered veil of silk illusion with individual tiers accented with tiny Venise lace flowers.

Reception followed in Fellowship Hall of the church.

The bride holds a degree in Elementary Education from the University of Texas in Austin where she was a member of Delta Delta Delta sorority and served as president during her senior year. She is a member of the Education National Honor Society, Kappa Delta Pi. She will teach fifth grade in the Spring Branch District in Houston.

The bridegroom, also a graduate of the University of Texas, holds the BS degree in Mechanical Engineering and a Masters degree in Business Administration. In UT, he was a member of Sigma Phi Epsilon.

The couple will reside at 2404 Yorktown, Houston, where he is employed with Arthur Anderson and Company.

Parents of the bridegroom hosted the rehearsal dinner at Green Oaks Inn, Fort Worth.

### Labor Day Traffic Warning Issued

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today warned that 42 persons may lose their lives in Texas traffic during the long Labor Day weekend.

The holiday officially begins at 6 p.m. Friday, August 31 and runs through midnight Monday, September 3.

Speir said the DPS is making preparations to cope with increased holiday travel. "Every available Department of Public Safety patrolman will be on duty during this three day weekend, utilizing all resources we can put our hands on to prevent accidents," he added.

The DPS director noted that special attention will be paid to hazardous traffic violations normally associated with a

high holiday death toll. Patrolmen will be especially watchful for such offenses as speeding, driving while drinking, improper passing and driving on the wrong side of the road.

In addition to stepped-up enforcement activities, the DPS will also work with local law enforcement agencies and the news media of Texas to conduct an accident prevention program called "Operation Motorcade".

During "Operation Motorcade", tabulations and pertinent facts about all fatal holiday traffic crashes will be compiled three times daily and released to the news media.

**Mrs. Aaron Retired After 20 Years**

Mrs. Johnny Aaron retired after completing 20 years service with the United States Department of Agriculture, better known to the farmers as the A.S.C.S. Office.

She has made many friends with the farmers of Eastland County while serving as Program Assistant Compliance Clerk. She said she would miss seeing them but she wished for each and every one a continued prosperity in their farm programs and best wishes to all of them.

She was given a farewell party by the office staff and presented a 20 year pin and certificate in recognition of the completion of 20 years service for the A.S.C.S. by the State Office. The office staff gave her a Date to Remember Gold charm engraved with the years of service 1952 - 1973.

Mrs. Aaron, says she plans to do nothing for awhile - but her definition of a "nothing"

sounds like a lot of work, as there is so much to do on a ranch. She plans to try her luck doing some fishing and resting - things there has not been time for.

She says "Retirement is kind of like graduation - a new beginning, new challenges in life to do things you have always wanted to do."

She has raised two sons, Edwin and Buddy both of Eastland. She has six grandchildren and looks forward to spending some time with them. She lives with her husband, Johnny, three miles south of Eastland on their ranch.
