## Saturday Is Alakazam Day In Eastland

Saturday is Alakazam Day in Eastland. A Magic Day. A Fund Day. A time to bring the family to town and enjoy all the many benefits of visiting Eastland. For you young, and for those who think young, there's a free movie entertainment at the Majestic Theatre, beginning at 9 a.m. Sponsored by the participating Eastland Merchants and the Eastland Telegram the

FREE MOVIE TREAT will offer a holiday special for one and all. Admission is free with tickets available only at these merchants: Altman's Style Shop Baird TV Sales and Service.

Kendrick Music Center. Harelik's Dept. Store. Prescription Pharmacy. A drawing will also be held with ticket stubs for additional FREE PRIZES to be given following the show. Eastland will indeed be in the midst of the holiday season: with decorations up all around, and the shops and stores brimming with pretty values in every department. Eastland has am magic for

many, and over the years, more and more are finding that it's just a magic town -- and especially at Christmas time. One and all will want to be sure and pick up the FREE TICKETS at one or more of the participating stores, and be in Eastland Saturday. What's Alakazam all about?

"Alakazam The Great" in Color and MagiScope, shows Saturday at the Majestic Theater with an all star galaxy of voices for its principal characters including Avalon, Dodie Stevens, Jonathan Winters, Sterling Holloway and Arnold Stang.

### Goodfellows To Treat 102

Final screening has been made for Eastland Goodfellows, but additional names may be added, Treasurer James Reid reports. A total of 34 families representing 102 people will be Goodfellow remembered this year in Eastland and surrounding area as the result of the kindness and generosity of local people in contributing to the fund which now totals \$1,452.25, Goodfellow President Ed Sargent reports.

The Goodfellow baskets of cheer will be delivered about the middle of next week. The baskets will contain food items as well as toys for youngsters. Most of the toys will be the result of Jaycee effort in their repair of used toys.

At last report Jaycees could still use some bicycle parts to fix up a few bicycles which they hope to give to youngsters through the Goodfellows.

The last screening was held Tuesday evening, but last minute additions and - or contributions may be made to Mr. Reid or to Mr. Sargent.

The near \$1,500 total is a record total for the Eastland Goodfellows and represents an almost unbelievable per capita giving.

Goodfellows in Eastland is the outgrowth of Eastland United Charities which was initiated by the Men's Fellowship Bible Class many years ago under the direction of the late Morris Keasler.

**WEATHER REPORT**  
INCREASING Cloudiness with a chance of rain. High Thursday Mid - 40's.

THE ICY MACHINE -- Just about every exposed vehicle in Eastland had a not - so - thin glaze of ice Monday and Tuesday morning as the most - severe wintere storm of the season swept the state, closing schools, shutting down plants, and generally disrupting society and commerce. The front hit about 7 a.m. Monday and stayed through a bright sun Tuesday morning. Most vestiges were cleared by Tuesday afternoon, but weather forecasters were guessing that more might be in sight. Except for unplanned slipping and sliding, mostly into curbs, there were no major accidents reported and except for embarrassing and often painful falls and spills there were no major injuries reported.

### Deadline For Lighting Contest Extended

Deadline has been extended until noon Friday in the Annual Christmas Lighting Contest sponsored by the Civic League and Garden Club, Chairman Mrs. Don Barron has announced.

There have been a number of entries, she said, but the club wants to be sure that everyone who wants to enter the contest has ample time.

Entry forms may be secured at the Eastland Telegram Office where they may also be filed for entry.

Judging will be done Friday evening, so Eastland should be aglow with holiday decorations. Out - of - town judges will do the honors.

Persons interested in entering the contest should be sure to get forms in by noon Friday, she said.

Valuable prizes are to be given in four different categories.

Wondrous and Wonderful...fabulous entertainment for the young-in-heart from six to sixty!

DOESN'T THE calendar say that winter begins officially sometime next week? Ha! We've had it. ...But sure enough, that old Texas sun came out, and the world turned on again. Many, many activities cancelled and postponed, but most back on schedule now.

HERE'S A FEW settings: 7:30 p.m. Thursday at Eastland National Bank, the Executive Committee of the Eastland Centennial Celebration will huddle for important planning. At 1:30 p.m. Friday County Judge Scott Bailey will meet with mayors from all the county towns in his office for planning on the same Centennial.

CUB SCOUT Master Joe Housson reports that all the Cubs in town will be caroling for the nursing homes Tuesday evening.

SERVICE CLUBS, Lions and Rotary, iced out this week, cancelled Monday and Tuesday meetings, giving the good women of the Church of God a rest from providing good eating at Camp Inspiration. Hopefully all back on schedule

## LETTERS to EDITOR

Dear Editor:

With the holiday season approaching us, I would like to suggest a few ways to save space in your kitchen garbage pail as well as your outside garbage cans.

First when I open cans, I put all the lids in the bottom of the largest can, then I put other cans into the first can and fill it with old grease that is ready to be disposed of and set it aside until it gets cold (so it won't spill). Put your cans and whatever you have into old cereal boxes or detergent boxes.

When I make a cake using a box mix - put your egg shells, plastic bags etc. into this box and drop it into a larger box. It's surprising how much space you can save. Either flatten

An exciting new version of the world's greatest book, simply written and beautifully illustrated in full color. Contains all the majesty, inspiration and adventure of the OLD and NEW TESTAMENT. \$4.95.

**HOW OUR ALPHABET GREW:** Author and illustrator William Dugan traces the growth of our alphabet from primitive man's cave art up through modern times. Included are accounts of inventions throughout the ages. \$3.95.

**HAMILTON DUCK:** Arthur Getz, all ready well-known as an artist for his many superb "New Yorker" covers, has created this charming book for children 3 to 5 years old using fabulous watercolor paintings and simple words. A must for the young of all ages. \$1.95.

**MISS JASTER'S GARDEN:** A gently humorous story, rhythmically told by author-illustrator N.M. Bodecker. With delicately colored pictures that are both beautiful and whimsical, the tender story of Miss Jaster and Hedgie the hedgehog unravels. \$1.95.

**WILD ANIMALS AND THEIR BABIES:** Jan Pfloog's memorable illustrations and text about baby animals in situations the very young can relate to; for older children, a reference book accurate in every detail. \$3.95.

**"FLIGHTS OF FANCY"** Alice and Martin Provensen's sensitive and beautiful full-color illustrations have captured the wonder and imagination of children (and parents, too) for years and years. Only this award-winning husband and wife team could have "pictured" the "FUN AND NONSENSE" of Louis Untermeyer's anthology of nonsensical verse - or captured the drama of stage sets and costumes in **TALES FROM THE BALLET**. Or...so poetically captured the wonder and excitement children feel as they explore life through - **WHO'S IN THE EGG?**

milk cartons or fill with potato, onion and carrot peelings. I keep a grocery sack in bottom of my basket. When it comes time to empty it into the outside garbage can, I just take the sack and drop it in.

Now if you have a lot of newspapers, roll them up in rolls the size of your wrist, put rubber bands around them and stand them up around the inside of your garbage can. Fasten all lids down good so dogs cannot get into them. I have seen garbage strown for a half of a block where dogs turn cans over.

Also why not outlaw fifty gallon barrels in our town, where dogs turn them over and trash blows everywhere. I have seen funeral possessions have to pull out around barrels turned over into the street.

These open top barrels are just breeding places for flies in the summer.

Eastland is the "County Seat" of Eastland County so let's respect it enough to keep it clean and rid it of stray dogs.

Signed  
Mrs. Dick Yielding

Editor:  
Thanks for all of the good publicity on our Centennial.

Our Memorial Book is coming on good. Looks like we can have something to be proud of if we continue to get the good stories.

At some point real soon would like to let the public know about our book so we can get every story (church, education, towns, civic clubs, medical, news media, transportation, etc.) in before it's too late.

The script for "Eastland County 100" is well on its way and I have read some of it. There will be wagons with families (one white family will have a 3 year old black girl with a bonnet on). There will be churches built, railroads coming, and autos, cyclones, oil boom stories, Johnny leaves and comes home, depressions, problems, wars again, agriculture development, industrial boom, projection of future all local cast. It looks good.

This is just some thoughts.  
Mike Collins

**Final Program  
Payments  
To Be Mailed**

WASHINGTON - Dec. 1 Checks totaling \$32 million in final payments under the 1972 wheat program will be mailed beginning today to approximately 976,000 participating farms, the U.S. Department of Agriculture (USDA) announced today.

This year, USDA officials point out, market influences have been strong, capped by the historic and unprecedented sales to the Soviet Union. As a result, wheat producers have obtained more farm income from the marketplace and relied less on federal payments. Prices received for wheat in mid-November averaged \$1.97 per bushel - 66 cents per bushel above the mid-November prices of a year ago. The net value of this year's wheat crop, including payments made to farmers under the set-aside program, is expected to reach \$3.3 billion, about a quarter of a billion dollars more than the 1971 crop.

The December payment is in addition to \$691 million mailed to wheat producers in July. Together the two payments assure that all program participants will get 100 percent of parity on that portion of their 1972 wheat which is used for domestic food.

The December payment - 6 cents per bushel - is the difference between the face value of the certificate determined to be \$1.34 per bushel - and the preliminary
