ABOUT
Eastland
By Virgil E. Moore

There's a story on page one of today's paper which will startle many of our citizens. It's the story concerning tax rates throughout the state, and it makes Eastland, and our neighboring cities of Cisco, Ranger and Breckenridge, look mighty bad. Why print it then, you ask. Our answer to that, of course, is that we don't make the news, we just print it. And truthfully, it won't matter that The Telegram runs the story, especially when you notice that all of the state's larger newspapers will spread it anyway.

The story — if you haven't read it why not do so before you finish this — states that Eastland is one of only eight cities in the state that levy city taxes at the maximum legal rate of \$2.50 a year. That looks pretty bad in print, but it's not so bad as it looks.

It seems to us that Eastland is to get on the ball and re-evaluate local property. As it now stands, a \$5000 home is valued at only about \$800. If the valuation of local property could be placed as its actual value, then we could drop the tax rate way on down without actually losing any tax money for the City, and without increasing taxes.

Why do it then if it isn't going to lower taxes? For this reason: When you read the story concerning the tax rate you were startled. You wondered why we have such high taxes here. Actually we haven't. But, just as you wondered, so will every industry that is checking the city as a possible site. It looks bad when it actually isn't.

Today's birthdays: G. E. Dendy, Wayne Dodson and J. D. Schoonover. Friday Mrs. Gordon Cooper and Eddie Don Sargent celebrate and Saturday belongs to Janis Little.

What a crowd! Speaking of the hundreds of baseball fans who witnessed the opening Little League games Thursday night. There may have been a larger crowd at a game here before, but we didn't know about it if there was. The crowd was so large and so thirsty that they drank all the soft drinks available in record time. And they were generous, too. The Little League Association is still in the red by about \$1000, but if contributions remain as high as they were Thursday, the deficit will be rubbed out soon.

Tickets to the Majestic Theatre are at The Telegram office for A. H. Brown, Paul Coleman, Alfonso Gaeta, H. O. Hearn and the guy whose name is listed 32nd in the telephone directory.

David Fry, John Goode and Norman Guess called on old Moore About as a committee of three the other day to register a complaint about a statement they allege we made about their tennis playing in our column the other day. Seems we said the young college boys "made us crowding 30 boys look pretty slick." David, John and Norman say we can speak for ourselves. They think they could handle the college set. They can have 'em. We know when we are beat.

And what got insulted at Lion's Club Jack Germany was the speaker and he told all about how the Victor Cornelius firm operates. After his talk he was answering questions from the floor and we asked him if they were having as much trouble getting paper as we were newspaper. (There's quite a shortage these days.) Jack replied that they hadn't had that trouble yet, and about the time he got it out of his mouth James Wright had to sound off: "No, they pay their bills."

And after all the nice things we said about James.

W. Lee (Pappy) O'Daniel is some fellow. He's the only politician we ever saw who had something figured out so that everyone will benefit and no one will be hurt — except, of course, those graft ridden professional politicians.

O'Daniel said here yesterday that he is going to give the veterans a bonus, increase the pension of the old and cut everyone's income tax 25 percent. The only thing he didn't say is how in blazes he's going to do it.

We enjoyed O'Daniel's speech, for it was something to be remembered. (Continued on Page 3)

Italian Elected Head of Rotary International

Dr. Price Ashton, president of the Ranger Rotary Club, today said that Gian Paolo Lang, an exporter from Livorno, Italy, has been elected president of Rotary International at the 47th annual convention of that world-wide service organization, which has completed its five-day session in Philadelphia, Pa.

Lang is a director of the Livorno Branch of the Bank of Italy and has served as vice-chairman of the Chamber of Commerce in Livorno. He became a member of the Rotary Club of Livorno in 1946, is a past president of that club, and has served Rotary International as vice-president, district governor and as a committee chairman and member.

Rotary Internationals 1957 convention will be held May 19-23 in Lucerne and Central Switzerland.

Local Mayor Named Duke Of Albuquerque

Ivo N. Novakovich, a former Ranger resident, recently named Mayor Lee Dockery of Ranger and Mayor George L. Davenport of Eastland, honorary dukes of Albuquerque for the New Mexico city's 250th anniversary celebration July 4-14.

Novakovich came wearing a mustache and goatee, a requirement of every "Duke of Albuquerque" as an official representative of the anniversary celebration.

The "Duke," making a circuit which included Oklahoma City, Lubbock, Dallas, Fort Worth, Mineral Wells, Odessa, Midland, Ranger, Eastland and Cisco, delivered an official invitation to the celebration from Maurice Sanchez, chairman of the Albuquerque city commission.

The paracent which will last nine days will have 2,000 persons acting in it. Vice-President Richard Nixon and several movie stars will participate in the affair.

Seaberry Named State Bar Veep

Virgil Seaberry of Eastland has been elected vice-president of the State Bar of Texas.

Seaberry's election was announced this week by Maurice Bullock, retiring president. Elected as president of the State Bar was Newton Fresham of Houston.

Election of officers for one-year terms was conducted by mail ballot among the bar's 12,000 members. Fresham moved up from vice president and Seaberry is former chairman of the bar's board of directors.

New officers will take office at the close of the bar's annual convention to be held in Houston July 4-7.

Bullock announced election of new directors from seven congressional districts. They are: Bush-

ter Cole of Bonham, Paul Carrington of Dallas, F. P. Granberry of Crockett, John Daniel Jr. of Temple, W. S. Barron of Bryan, Richard Stovall of Floydada, and Ralph Logan of San Angelo. They will serve three-year terms.

Growth of Local Company Outline For Local Lions

Eastland Lions Tuesday were told how Victor Cornelius started his theatrical advertising business with a \$150 press and worked until it grew into one of the largest such businesses in the nation.

Telling the story of the remarkable growth of the company was Jack Germany. He outlined the firm's operations, and said the company now has an annual payroll of \$200,000. The company has 19 fully automatic presses and three other modern presses.

The firm originally had only three workers, but today 45 are on the payroll.

Directors To Be Chosen By Cattlemen Tonite

Directors are to be elected at the regular annual meeting of the West Texas Ranchers Association tonight at 8 p.m. at the high school auditorium in Eastland.

Member stockholders have received proxy votes through the mail and if they are unable to attend the meeting, they have been asked to sign and return the proxy so that a quorum may be secured for the meeting.

All stockholders and members have been urged to attend, however. Discussion leaders which have been scheduled to speak are R. E. Lindsey of Palo Pinto County; Glen W. Green of Callahan County; J. M. Cooper of Eastland County; W. C. Vines of Shackelford County; and Jack D. Gressett of Stephens County.

Beginners through intermediates will be registered and classes will get underway Monday morning at 9. Classes will be held daily from 9 until 11:45. Mrs. Milton Day is dean of the school.

Others who will assist are Mrs. Herman Hassell, Mrs. Ed Williams, Mrs. J. W. Turner, Mrs. Russell Hill, Mrs. Rudolph Little, Mrs. E. S. Perdue, Mrs. W. J. Proussard, Mrs. J. M. Cooper, Mrs. Emmett Powell, Mrs. E. W. Howell, Mrs. Evans, Miss Ellen Whitley and Miss Sue Day.

Friday at 7:30 p.m. there will be a share program, which will be put on by the school, and the public has been invited.

New Producer, Five New Tries Highlight Oil News In County

Oil activity in Eastland County reached a high peak this week as five new locations were spotted and a 20 barrel an hour well was brought in in the southwest part of the county.

The new producer is the No. 1 R. H. Dunning, drilled by KLB Oil Corp. In potential tests the well flowed at a rate of 20 barrels per hour.

Bottomed at 2870 feet in the Caddo Lime, the well was placed on production as a flowing well. The 20 barrel potential test flowed through a 26-64-inch choke with 240 pounds of pressure. Oil-gas ratio was 450-1. The oil tested 42.3 gravity. A spokesman for the company said the well was one of the best prospective producers he had ever drilled.

New well locations in the county include a regular field try by Joe Felts of Denver, Colo. It is the No. 1 A. E. Stapp and spots 330 feet from the south line and 1200 feet from the east line of the Andrey Kent Survey, five miles south of Carbon on a 205 acre lease. Proposed depth is 2990 feet.

A wildcat try has been started by J. D. Barefield of Ranger in the A. Tartar Survey, 12 miles

southeast of Ranger on a 52-acre lease. It is located one mile north of a lone 3000 foot producer. Proposed depth is 2999 feet with casing tools to the Caddo sand. The well is the No. 1 W. O. Dawson.

The Blue Danube Oil Co. of Fort Worth has staked the No. 1 C. E. Allen as a wildcat in Subdivision 7 of the Thomas A. Howell Survey. The well is located eight miles southeast of Ranger on a 96 acre lease. Proposed depth is 3300 feet with casing tools.

C. A. McCown, et al, of Eastland has spotted the No. 1 L. R. Pearson in Section 9, Block 4, H & T C Survey, 4 1/2 miles north of Eastland. Proposed depth is 1900 feet. Elevation is 1600 foot.

The No. 1 D. S. Rogers is a wildcat try being put down by Jarbo Oil Co. of Houston. Location for the try is in the Sonza A-413 Section, 3 1/2 miles northeast of Desdemona on an 80.5 acre lease. Proposed depth is 19-95 feet with rotary to the Strawn sand.

Oil activity in surrounding counties is also on the increase. Here is a county by county rundown of new locations:

Stephens County
F. J. Christie of Breckenridge has spotted the No. 3 J. M. Williams in the northeast four of Section 43, Block 6, T&P Survey, 12 miles south of Caddo on a 160 acre lease. Proposed depth: 2200 feet.

The No. 1-A Millie Gholon is a wildcat being drilled by Ambassador Oil Corp. of Fort Worth. The well is located in the Lewis G. Dennison Survey A-150, six miles southeast of Frankell. Proposed depth is 4100 feet with rotary.

L. A. Hedrick of Wichita Falls has been granted permission to

drill a 2200 feet wildcat test in Section 10, ETR Survey, six miles northeast of Clyde. It is the No. 1 James T. Windham.

W. J. Gourley of Graham has spotted the No. 3-B Joe Winston in Section 30, Block 4, T&P Survey, 1/2 mile northeast of Caddo. Proposed depth is 5000 feet.

Jack Chamberlain of Eastland will drill a 2800 feet wildcat in Section 64, Block 6, T&P Survey. It is the No. 1 W. Brazda.

The No. 6 R. M. Rogers is a regular field try being drilled by W. J. Gourley of Graham. The well is located in Section 29, Block 5, T&P Survey, 1 1/2 miles northeast of Caddo. Proposed depth: 5000 feet.

Olsen Brothers, Inc. of Dallas will drill the No. 1-B Black Brothers P as a wildcat in Section 1144, T&L Survey. Proposed depth is 2750 feet with rotary to the Strawn sand.

The same company will drill the No. 5 R. M. Rogers in Section 29, Block 5, T&P Survey A-2643. Proposed depth is 5000 feet.

Heading To Austin 'To Put Out Fire'

A crowd of some 150 to 200 people — almost half of them over 60 years of age — heard W. Lee (Pappy) O'Daniel, candidate for governor of Texas, blast graft, corruption, bribes and scandals in state government, and promise better conditions for everyone, when he spoke on the east side of the courthouse square in Eastland Wednesday afternoon.

Speaking from a brand new truck, painted bright red, and displaying a battered Texas flag, the 66-year-old candidate, told the audience he didn't want to run again because he left public office thinking "I had everything cleaned up," but was forced to by public demand.

An hour behind his high noon schedule, the weather beaten former governor and senator wasted little time in outlining his proposed reforms in the Texas government, soon after his Hillbilly Band opened with "Pass the Biscuits Pappy."

"The burning issue in Texas is this graft and corruption and we're heading to Austin to put out the fire," O'Daniel said from the platform of his fire truck.

He based his platform on the veteran's land scandals, insurance commission failure, intergration, higher old age pension, water conservation, and an equalized income tax assessment.

O'Daniel promised action on all counts when "I'm elected July 28 — and L know that I will be elect-

ed because I don't have anyone running against me." "It's that way everywhere I've been," he joked. "I've read about a few of them in the papers, but I'm not going to tell you who they are, let's keep it a secret," he suggested.

Daniels said that his supporters in East Texas had promised about 85 to 90 percent of the votes but that he thought it would be better in West Texas—which he called his home.

Referring to the Supreme Court and the intergration problem, O'Daniel said that those "nine old men" (of the Supreme Court) would be ignored when he goes into office.

Game Preserve Barbecue Tickets Are Now On Sale

Tickets for the Sabanna Valley Game Preserve Association's barbecue June 12 are now on sale here.

Tickets can be secured from W. L. Usery of Carbon or C. M. McCain of Eastland.

The barbecue will be held at 7 p.m. in the Center Point community house, five miles south of Carbon. Tickets are \$1 each and barbecue will be prepared by a Brownwood catering service.

City Tax Rate Does Not Compare Favorable With Others In State

AUSTIN (Sp.) — Municipal tax rates in Texas in 1955 ranged from 15 cents to the constitutional maximum of \$2.50 per \$100 of assessed valuation, a survey by Lynn F. Anderson, University of Texas Institute of Public Affairs assistant director, reveals.

The biennial report on municipal tax rates, assessed valuations and debts of Texas cities and towns appears in the latest issue of Texas Municipalities, monthly journal of the League of Texas Municipalities.

Nine small cities levied no property tax whatsoever: Olmos Park and Terrell Hills (both in Bexar County), Richland Hills (Tarrant County), Fairfield (Freestone County), Roma (Starr County), Iraan (Pecos County), Newton (Newton County), Camp Wood (Real County) and Roanoke (Denton County).

Round Top (Fayette County) had the lowest tax rate, 15 cents, while seven towns had 25-cent rates: Avery (Red River County), Beverly Hills McLennan County), Flum (Hill County), Byers (Clay County), Point Comfort (Calhoun County), Rio Vista (Johnson County) and Woodsboro (Refugio County).

The eight cities that levied the maximum legal rate of \$2.50 are Breckenridge, Cisco, Eastland,

Edinburg, Lockhart, Mercedes, Ranger and Weslaco. The average tax rates, by population groups, were \$2.01 for cities of 200,000 or more; \$1.50, \$5,000 - 199,999; \$1.58, 15,000-44,999; \$1.49, 7,500 - 14,999; \$1.63, 5,000 - 7,499; \$1.43, 2,500-4,999; \$1.31, 1,500 - 2,499; \$1.38, 1,000 - 1,499, and \$1.27, under 1,000. The average rate for all 189 cities included in the survey was \$1.45.

"The property tax is frequently criticized as being inadequate to the increased revenue demands of Texas cities," Anderson says. "In many instances there is much supportable truth in this assertion. However, this survey leaves considerable doubt that this particular tax has reached the point of extinction in even a majority of Texas cities, much less the entire lot."

He finds evidence that the property tax can still, "with adequate administration, produce more revenue for many cities without resort to some of the newer forms of taxation which have blossomed throughout the U.S. in recent years."

"Whether it should do so is, of course, a matter to be determined in a particular municipality only on the basis of local conditions and requirements," he adds.

Pecan Crop Brightest Circle In Local Agriculture Picture

High, hard winds during the past month have begun to take a definite toll on Eastland County crops as the howling gust have all but stripped the remaining moisture from the earth.

Freshets were bright for good crops during the year as heavy rains pounded the area in April. Only light, snotty moisture has fallen since then and some early crops have taken on a dull yellow, burning appearance.

Some areas are prospering better than others as crops in some vicinities have been sprinkled with heavy rains during the past month.

Put in the Ranger - Eastland area, probably the area suffering most from lack of moisture now, the farming outlook can be bettered only by rain in the next two or three weeks which farmers feel is necessary if the high winds are

not to completely strangle out the tender plants.

The entire county does not face an immediate peril as does this immediate area, however. It has been reported that the Rising Star area and the southern part of the county are in excellent condition and if they receive summer rains, they should produce excellent peanut and feed crops.

County Agent J. M. Cooper said that in the "tight" land areas where grass cover has been lost through years of drought and overgrazing, pastures were in poor condition. In the sandy land districts and in sections where wood soil management practices have been followed, the range is

fair.

However, the bright spot in the county agriculture picture is the pecan crop. "I have never seen a bigger crop of pecans on the trees at this time of the year," Cooper said.

Over the entire county, peach growers are expected to harvest about a one-third peach crop. Fruit crops were hurt earlier in the year by late freezes and severe hail damage. The fruit crops appeared to be completely lost immediately following the late freezes.

Most of the major pecan growers in the county have sprayed their orchards against the pecan nut case bearer insuring a better quality pecan.

Police Character Returned From Nevada Jails

John Boyd, Eastland County deputy sheriff, and Jim Riddling, Texas Ranger from Breckenridge, returned from Nevada early Tuesday morning with Jim Riddling, a well-known Eastland County police character, who was held there for the local authorities on a felony warrant.

Riddling, along with Neil Langford, who is awaiting trial in the Breckenridge jail, were placed on wanted lists several weeks ago. Langford was picked up in Arizona previously. Both have been close companions for several years and in and out of various jails throughout the state and county.

Langford is to be tried in Breckenridge on a second felony warrant, then returned to Eastland County for a second trial. Both warrants, for Riddling and Langford, were issued for forgery counts.

Riddling was picked up in California, Nev. and transferred to the county jail at Pioche where local officers took him into custody for the return trip.

Mr. and Mrs. Gene Haines of Henderson are visiting this week in Eastland with friends.

O'Daniel -

(Continued from page one) and tell us Texans that we have to integrate with the Negroes. They have a cowardly way of doing it. They say we will start with the children," the former governor or child.

They will start with the children who don't know any better and bring them up to eat, study and swim with the Negroes and then when they grow up to marry them. That's mongrelization of the races.

He reminded that in his campaign tours the Negroes were just as ardent supporters of his as were the whites, but "its because we get along with the Negroes here."

"You are the political power in Texas—each of you individually. You are the kings and queens with even more power than those who carry the title in England," the presiding gubernatorial candidate told the group. "You just have to know how to use it," he declared.

He said the trouble with politicians today was that they didn't know if they were Democrats or Republicans. "They don't know if the money in their pocket is theirs or belongs to the state. They caught one, he's in Huntsville," O'Daniel declared.

"The capitol building in Austin is beginning to lean," the former governor said, "It's leaning toward Huntsville."

On the veteran's problem, the fireball candidate promised a bonus for all former members of the armed forces. He said, "They went over and won the war—with a little help from the other states—and when they came back, the people wanted to do something for them. So they set up a land board," he recalled. "But the governor, the attorney general and the chairman of the program thought that it was to benefit them rather than the veterans," he laughed.

"Now when I go into office in January, I'm going to see who else stole money and how much. I'm going to find how many of the other 58 departments are corrupt," he added.

Several of the crowd, especially the older set, some who were undoubtedly pensioners themselves, pushed green bills into collection barrels that were passed through the group hearing the address.

O'Daniel explained, "This is the way we get our campaign money. We don't take money from the millionaires because that way we don't have to make any promises."

Mrs. C. F. Gilbreath and Mrs. Douglas Reeves of McCamey were recent visitors in the home of Mr. and Mrs. J. R. Gilbreath.

bered. And before you laugh yourself to death, you had better realize that it was a vote-getting speech. Pappy has a far better chance of becoming governor now than he did the first time he ran.

It's like he said, "I can't find anybody running against me." O'Daniel is driving around in a fire truck, and he says he's gonna put out that fire in Austin. We say that someone better put out his fire if they don't want him back in the Governor's seat. He has definitely started a fire, and there's an old saying that you

have to use fire to put out a fire. Someone better fire in a hurry. Yarborough and the Junior Senator from Texas — as O'Daniel called Price Daniels, can't sit in an air conditioned office and yell into a radio mike and expect to win. It's going to take a vigorous campaign to beat Pappy.

Pappy has one trick that will win him many a vote. He passes his barrel asking for donations from the "little man" to help pay his expenses. Many laugh at his tactics. We can't. For we know this. Before a man pitches a dime or a quarter into that barrel, he hasn't made up his mind who he is going to vote for. After he drops a coin in the pot he has selected his man. You don't give a man money to pay for his campaign and then vote against him. You're for him from then on.

Abolish The Evil Income Tax Law The Poor Man Pays More Than The Rich Man

The income tax law was outright fraud committed on the poor man and sneaked over on the people of America. The politicians told you that it would soak the rich, and the poor men would not be paying taxes.

In 1925, persons with less than \$5,000 per year income paid only \$12 million. Today, you people with less than \$5,000 pay approximately \$8 billion. Today the tax payers with \$6,000 and under pay more income taxes than all of the brackets put together. You low income people paid over \$22 billion dollars while the people making over \$6,000 paid only \$7 billion dollars.

The government has no right to withhold taxes from your paycheck and hand it over to the politicians who give it away to our foreign friends. The greatest enemy of the American taxpayer is big government. These sharp and silver-tongued politicians will squeeze you dry with fancy talk and grab your money through the evil income tax law and then do with it as they please. They trick you into thinking you are making plenty of money while in reality you are only making half of what you think you are and then giving most of that to these politicians who have no respect for you.

The government has violated the Constitution in passing and enforcing this vicious tax law which is making you an economic slave.

The Supreme Court once ruled that the income tax was illegal, and was in violation of the Constitution. Why did that August body change its mind?

The income tax is a war of the politicians against all income earners with the working men getting the worst of the bargain.

The present tax law sets a top limit on what any man or woman can earn by working, by risk, by inspiration. So, I propose to substitute a flat rate tax on incomes of from 10 to 15 or even 22 1/2 percent. I suggest that the present system of exemptions be retained and increased to \$1,500 for each person. Thus a family of four with \$6,000 income would pay no income tax.

Please refer to my past articles on this subject in your local newspaper.

God willing, we are going to bring the government back home to us, and have our say in how we spend our own money.

Large Crowd Attends Taylor Recital Here Tuesday Night

Students of Mrs. A. F. Taylor were presented in recital Tuesday at 8 p.m. in the Eastland High School Auditorium.

Patricia Ann Fullen and Mainelle Cole distributed programs at the door.

The stage was decorated with tall baskets of pink gladiolus and candytufts. A long arrangement of pink carnations, greenery and stock lined the front of the stage.

Special numbers played were "Morning Mood" — Grieg, played by Jan Robertson and Linda Huckabay, "Peek A Boo" — Scanlan, played by Jeannie Wright, Marilyn Huckabay, Jeannie Morren, Carolyn Key, Karen Green and Marsha Treadwell.

"Clementine" — Montrose, and "Ten Little Indians" — Schaum, were played on four pianos by Sarah Earnest, Lila Lane Middleton, Janis Dendy, Donna Kay Ford, Terry Treadwell, Johnny Staurd, Mary Ann Manning and Marsha Treadwell. Patricia Ann Liles and Joyce Robertson on Piano I and Mary Ann Manning and Sheila Sneed on Piano II played "Peerless Waltz" — Durand, "Children March" — Schubert — Parlow was presented by Joyce Robertson, Jo Ann Morren, Patricia Ann Liles and Georgia Bess Faircloth and Patricia Ann Fullen and Phyllis Phillips played "Country Gardens" — Grainger.

"Hungarian Rhapsody No. 2" was played on four pianos by

Phyllis Phillips, Julia Lynn Inzer, Linda Huckabay and Jan Robertson on Piano I and Mainelle Cole, Jo Ann Hollis, Carolyn Miller and Ruth Miller on Piano II.

The large crowd attending included people from Fort Worth, Breckenridge, Ranger, Abilene, Goldthwaite and other surrounding towns.

Mrs. Hardwick Named Baptist Circle Chairman

The annual picnic of the Business Women's Circle of the First Baptist Church was held in the back yard of Mrs. Myrtle Anderson, 907 S. Seaman, Monday evening at 7 o'clock.

The attractive yard was the setting of one large table and two smaller ones, gaily covered with luncheon cloths and decorated with daisy flowers, and piled high with fried chicken, salad, vegetables, cake, and ice cream. The invocation was given by Mrs. Winnie Young.

Following the meal, Mrs. Ita Parish, chairman of the nominating committee, gave the report that the following members had been elected to serve as officers for the coming year: Mrs. Margaret Hardwick, chairman; Mrs. Mary Hancock, secretary and treasurer; Mrs. Hazel Green, stewardship; Miss Christine Garrard, community missions; Miss Verne Allison, program chairman; Mrs. Myrtle Anderson, benevolence; Mrs. Winnie Young, Bible study, and Mrs. Mary Hood, assistant Bible study.

The following members enjoyed the picnic: Meses. Frances Zernial, Ita Parrish, Mary Hancock, Alean Gibson, Mary Hood, Winnie Young, Edna Hatcher; Misses Lola Laney, Florence Barber, Verne Allison, Christine Garrard and the hostess, Mrs. Anderson.

John Is The Apostle Of Love

JOHN is the great apostle of Christian love. It forms the theme of his epistles.

In John's conception, not to love is to be virtually dead, but to love is to abide in God and to have God abiding in one's soul. Hatred is akin to murder, whereas love is so strong and great it would incline one even to give his life for others.

John says that we have knowledge of love because Christ laid down His life for us. John makes a test of love and in this he compares it with the practical Christian philosophy of the Epistle of James.

He asks whether the love of God can abide in any man who has plenty of this world's goods but who withholds his compassion and his aid from his needy brethren.

He makes a very definite admonition, addressing the Christian disciples as his "little children." John says, "Let us not love in word, neither with the tongue; but in deed and truth."

As if this were not enough, he proceeds to deal with the foundation of this love and its divine sources and meaning. "Beloved," he says, "let us love one another for love is of God; and every one that loveth is begotten of God, and knoweth God. He that loveth not knoweth not God; for God is love."

What a rich and wonderful definition in those three words, "God is love!"

Dear Sirs:

Your recent article on the naming of the new Little League field starting my old head buzzing. I am sure that all will agree that the only possible name for the field would be Wright Field. Jim has provided many long and arduous hours in working for the youth of our community. He is truly one of our "Unsung Heroes."

Jim is only one of a host of others that spend themselves freely for the betterment of Eastland. I would like to propose an idea that would provide recognition for these persons. Most of them would not want attention drawn to the work that they are doing but I believe that it is only fair to the community to let Eastland know who are really working for civic betterment and not just talking about it.

The following is a rough draft of how this recognition might come about. I would suggest that each of the following organizations—Lions, Rotary, Chamber of Commerce, Ministerial Association, American Legion and VFW—appoint one of their members to a town-wide committee with the purpose of Selecting the Man of the Month. The basis of selection must be worked out by the group but it could include such items as: the development of new business opportunities, the successful conducting of some special drive i. e. Red Cross, United Fund, etc., outstanding activity in the church of their choice, special assistance to the program for youth, etc.

I would further suggest that a letter of commendation be drawn up by the committee to be presented to the Man of the Month at a regular meeting of one of the above organizations. At the close of the year, I would suggest that a Man of the Year be selected from the 12 men of the month and a special plaque suitably inscribed be presented to him at some town-wide banquet such as the Annual Chamber of Commerce dinner.

I would further suggest that the Eastland Telegram print in full the letter of commendation along with a short biography and picture and also that KERC would tape an interview with this personality.

I can think of at least 10 men that I think would qualify for this recognition. As we become aware of the efforts to make our community a better place to live, I believe that we will strive harder. We must not "hide our lamps under a bushel."

Yours for a Better Eastland—Roy M. Turner, pastor First Christian Church Eastland, Texas—A seventeen month resident.

Woman's Auxiliary of Eastland Hospital Meets With Mrs. Butler

The Woman's Auxiliary of the Eastland Memorial Hospital met Wednesday at 9:30 a.m. in the home of the president, Mrs. Samuel Butler, 603 South Connellee. Mrs. Butler presided and heard reports from various officers. Ways and means to raise funds was discussed.

A membership drive will be made and a goal of 100 members by July 6 was set. Due are one dollar a year. After the drive is completed a silver tea honoring new members will be held at the home of Mrs. James Horton.

The purpose of the organization is to maintain the hospital grounds. In case of need, to be ready to serve in any capacity directed by Mrs. Grace R. Reed, superintendent, Eastland Memorial Hospital.

Mrs. Milton Fullen gave a report on work done on the hospital grounds. The south and east side grounds were terraced and three inches of new soil was hauled in and grass planted. Cecil Cox contracted the work for \$250.

Mrs. James Horton reported on the need to do something to the front grounds and also the need of a new lawn mower.

Mrs. Grace Reed expressed her appreciation for the backing and support of the auxiliary. In giving the accomplishments of the hospital in its four years of operation, she said 3500 patients had been admitted and a new store

room built. All accounts are paid in full. The operating expense of the hospital is \$5000 per month. She said the cost of operation has increased. As an example, she said, surgical dressings have increased 45 cents a roll.

The executive board was hostess to a coffee following the business meeting. The refreshment table was centered with an arrangement of Shasta daisies, a gift from Mrs. T. E. Richardson. Mrs. James Horton poured coffee and Mrs. Walter Chaney served the fruit juice and Cokes. Fruit, cinnamon toast and cake sticks were also served.

Future meetings of the auxiliary will be held in the Texas Electric Conference Room.

Those present were Mesdames Jack Frost, O. H. Dick, Herbert Weaver, Milton Fullen, Walter Chaney, O. M. White, Jack Carothers, W. P. Leslie, Cyrus B. Frost, Frank Sayre, Frank Castleberry, T. E. Richardson, W. F. Davenport, James Horton, H. L. King, Grace Reed, Sidney E. Seale, H. R. Garrett, Tom Stamey, R. C. Ferguson, Larry McGraw and Samuel Butler.

View from church park of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., where the Annual Meeting was held on Monday, June 4. The domed edifice is the Extension, dedicated in 1906. Its organ, which has 13,389 pipes, is one of the largest church organs in the United States. The adjoining building is the Original Edifice, dedicated in 1895, with its own organ and chime tower. Portions of administrative offices (extreme left) and The Christian Science Publishing House (extreme right) are also visible.

Christian Science Needed More Than Ever, Directors Exclaim

Nothing but Christ's Christianity can supply the answer to the tremendously challenging problems facing humanity, The Christian Science Board of Directors said today.

"The world needs the Science of Christianity as it has never needed it before," the Directors declared in a special statement.

Thousands of Christian Scientists from many parts of the world heard the Directors' message at the Annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

Taking note of the significant changes taking place in the world, the Directors said: "With the breaking of the barriers of time and space the mental outlook of men stands out in increasingly sharp relief, revealing an unprecedented clash of ideologies.

"Materia medica is more and

more tracing physical effects to mental causes. The churches are reaching out for spiritual healing."

Application of the healing power of the Christ, Truth, demands individual consecration, the Directors emphasized.

"We need to retain the spirit of the sturdy pioneer, to guard against a apathy, superficiality, and the intoxication of ease in matter," they stated.

Their message, read by Theodore Wallach, retiring First Reader of The Mother Church, highlighted a session at which progress was reported on the far-flung activities of the denomination which now has branches in some 48 countries.

In his keynote address Clifford A. Woodard of Cambridge, Mass., Christian Science practitioner and incoming President of The Mother Church, underscored the vital role of practical Christianity today. "Humanity," he said, "sorely needs our prayers and all the help that Christian Science can give to solve the world's troubles and problems.

"What," he added, "can melt away the evils of a 'cold war' but the warmth of affections enriched by the Word of God? What can still the ambition to rule the whole world but the realization that, as the Psalmist assures us (Ps. 62:11), 'Power - belongeth unto God,' and (Ps. 103:19), 'His kingdom ruleth over all'?"

The audience filled three auditoriums in The Mother Church edifices as well as a nearby theater. Adherents traveled from every state in the union and from Europe, Asia, Australia and many other distant points to attend.

Growing interest in spiritual healing as a result of the television and radio series "How Christian Science Heals" was reported by a number of key officials, including Roy Garrett Watson, treasurer, and Gordon V. Comer, clerk.

Will B. Davis, manager of Committees on Publication said: "The response has been most gratifying. We are receiving reports of increased church and lecture attendance and increased use of our free Reading Rooms."

Nearly 200 television stations in the United States and Canada have carried the filmed Christian Science TV programs, Davis reported. Radio programs in the series, he added, will continue to be broadcast by more than 800

stations throughout the world.

Healings in Christian Science of sin, disease, and other everyday problems were reported by The Christian Science Board of Lectureship in a report read by James Harry McReynolds of Dallas.

Reporting for the Trustees of The Christian Science Publishing Society, John H. Hoagland, manager, said that testimonies submitted during the year for publication in the denomination's weekly, monthly, and quarterly religious periodicals including well-documented healings of cancer, tuberculosis, paralysis, blindness, deafness, carious bones and physical deformity.

Over \$250,000 a year has been expended to provide for the physical, mental, moral, and spiritual welfare of the armed forces, it was disclosed by Richard H. Chase, Manager of Christian Science Activities for the Armed Services.

A marked increase in sales of the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, discoverer and founder of Christian Science, was announced by the Trustees under her will.

During the year many new branches of The Mother Church were established, it was reported, including those in Miranda, Australia; Barnstable and Sidmouth, Devonshire, England; Dortmund and Trier, Germany; Helsinki, Finland; Asan Point, Guam; and Vlaardingen, Netherlands.

Henry is in Florida on his vacation and while he is gone he's paying for this space so that Eastland citizens can have their say.)

Would it not be wonderful if the people in this area were allowed at least 16,000 gallons of water at the rate we are now paying for the three or four thousand gallons, and everyone could have pretty green yards and flowers, and help advertise our lake and beautify our towns. It is pretty hard to see two lakes full and water backed all over the country and not be financially able to use it. What do you think?

MARRIAGE DOES NOT CHANGE PROPERTY OWNERSHIP

June is traditionally the month for weddings, and many couples will be taking marriage vows within the next few weeks. But, while a certain symbolic transfer of "worldly goods" is often associated with the wedding ceremony, under Texas law, the act of marrying another does not give you the authorization to take control of his property.

Generally speaking, each spouse has the right to control and dispose of his or her own separate property. The separate property of a husband or wife includes property owned by either before marriage, and that which is acquired by either after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clearly proved.

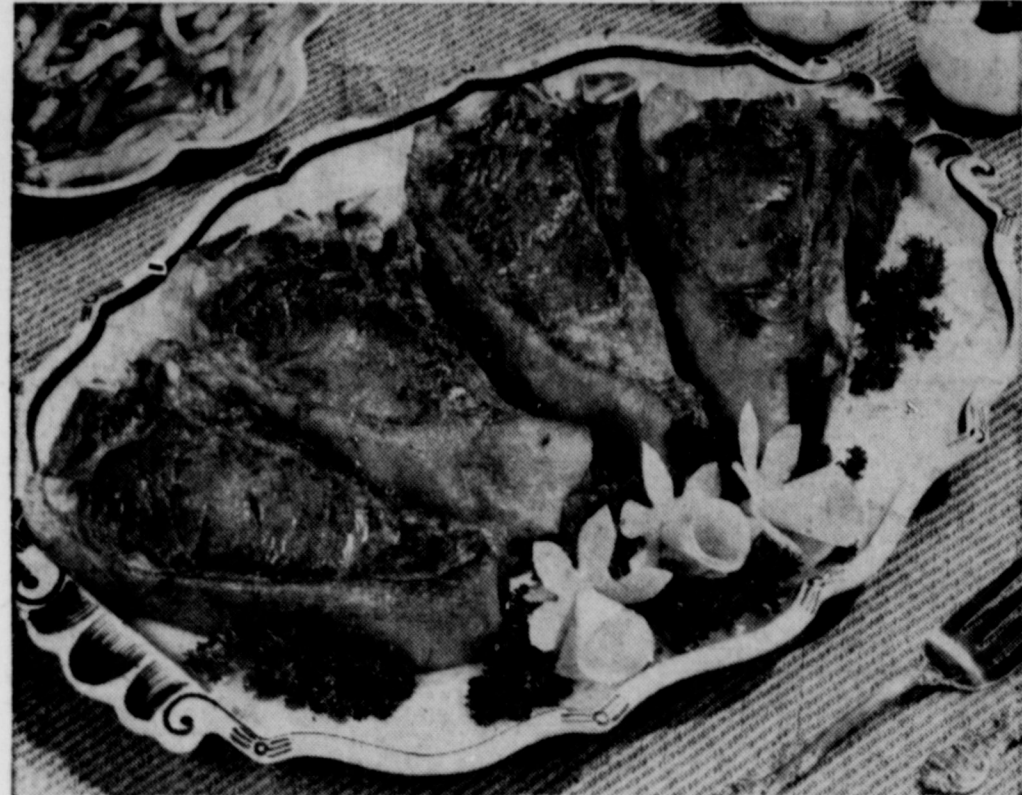

Aside from the ordinary community estate, there is a class of property known as the wife's "special community," which includes all the income from her separate real property, and probably the interest on bonds or notes, and dividends on stocks owned in her separate right. While the husband may have similar assets, the law accords them no particular distinction from ordinary community property.

Although the history of the matter is somewhat confusing, it appears that under present day law the husband has control of ordinary community property; but control of the wife's special community property is reserved to her.

Certain restrictions are imposed upon both husband and wife in exercising such control. For instance, the husband cannot legally dispose of community property in such a way as to defraud the wife, nor can he sell the homestead without her signature and acknowledgement. And the wife's sale or mortgage of her separate real estate, stocks or bonds is not valid unless her husband joins with her in the transaction — he must sign and execute the necessary legal papers along with her.

There are laws exempting the wife's separate and special community property from liability for debts incurred by the husband. Such liability is restricted to his separate property and the ordinary community property.

On the other hand, debts incurred by the wife in obtaining necessities for herself or the children bind all property belonging to either party, including the husband's separate property. For other debts which she has power to incur, only her separate and

THERE IS NOTHING LIKE A STEAK — especially a club steak cut from the most tender section of the loin. It's universally popular because the club steak is conveniently purchased one to a person, eliminating the necessity of sharing. special community property are liable.

All of these distinctions emphasize the advisability of keeping proper records. By doing so the various classes of community and separate property owned by a married couple will always be easily distinguishable. Each category will then receive the special protection afforded to it by our laws.

Bible Comment:
Home Is True School Of Christianity

THE home is even more important than the church or school in the expropriation and teaching of Christianity. Nearly all recognize this fact, yet the home situation in the land constitutes one of the greatest perils and problems of our time. It is appalling to think of the number of children who grow to adulthood with no real home life at all. It is tragic to contemplate broken homes caused by divorce or separation. It is a cause for heartache to consider the barrenness of an environment in which love is missing. Perhaps most appalling of all is the realization that there are numerous homes in which parents are neither divorced nor separated, but where they might as well be so far as healthy and happy home life is concerned. What a heritage for a child who grows up in the midst of such home antagonism and strife! In contrast, let us consider the blessedness of the truly Christian home. Daily prayer, Godly living, example and a spirit of kindness and fairness toward all makes up the soil in which true happiness thrives. Truly, our salvation and the salvation of all that is good in life must spring from a basic, Christian home. Let us pray that all society may some day enjoy the manifold blessings of such a way of life.

Imagine all this in a space just 39 inches wide—a full 15-cubic-foot Frigidaire Imperial Refrigerator with a giant capacity separate freezer and two full-length Storage Doors that surround you with rows and rows of departmentalized foods—just like a supermarket.

Everything from eggs to frozen juices keep at just-right temperatures! Everything is finger-tip handy, and there's no defrosting ever in the refrigerator compartment. No center post, either, to get in your way.

Yes, this is living at its luxurious best—with freedom from food shopping for weeks on end—with storage for countless kinds of fresh and frozen foods.

Got a growing family? A big family? Then seeing this new Frigidaire development is a "must." With our low weekly payments, it's cheaper than shoe leather, carfare and parking bills.

Got a "too small" refrigerator? We will take it in trade and give you a wonderful allowance.

ALL-AMERICA HONORS TWO ROSES FOR 1957

Two spectacular roses, WHITE BOUQUET and GOLDEN SHOWERS, have won the coveted All-America Rose Selections Award for 1957. This Award is the highest in the flower world and brings the total number of rose varieties so honored to 45. Every entry in the All-America trials is tested for two years in 25 trial gardens located in various sections of the United States. Exhaustive tests are carried on under actual growing conditions and only the very finest of the new rose introductions can achieve a high enough score to receive the A.A.R.S. Award. The two new winners are the final result of more than six years of hybridizing research and science in which thousands of seedlings were used.

GOLDEN SHOWERS is the first Pillar and Climbing rose in many years to win the coveted All-America Award. Its large 4 to 5 inch vivid deep yellow roses occur in great profusion in the early spring, and new canes continue to produce many flowers. The final display of exquisitely formed daffodil yellow flowers in the Spring, through the Summer and the Fall is truly impressive. Golden Showers easily grows to a height of 6 to 8 feet in one season. The foliage is large, leathery, glossy and highly resistant to mildew, covering the plant clear to the base.

WHITE BOUQUET is an enchanting white Floribunda with sparkling flowers up to 5 inches and contrasting lustrous dark green foliage. The flowers are gardenia-like and open fully with petals spreading to form opulent white blooms with a sweet spicy fragrance. The buds are light cream and open into pure white flowers. The blooms are constantly produced both in clusters and individual flowers on plants which grow to a height of 18 to 24 inches. As White Bouquet grows in a bushy form, it is excellent for bedding, foundation plantings and property borders.

Searching Rules For Contraband Game Noted

Peace officers may search a person for contraband wild game only when there is "probable cause" for law violations, according to an interpretation by the Executive Secretary of the Game and Fish Commission based on an Attorney General's opinion.

Primary authority for this law enforcement function, the opinion stated, is vested within the Commission's warden force.

The opinion cited that the "probable cause" provision is frequently defined as "a reasonable ground of suspicion, supported by circumstances sufficiently strong in themselves to warrant a cautious man in the belief that the person accused is guilty of the offense with which he is charged."
